Hello commissioners of Hall County,

I am writing this email in regards to show my support for The Ark. Jeff Hylton and the amazing "compound" he has built is very special to me, my family, the whole community of Gainesville, and even families living out of the state. My sister was married there, our family gatherings have been there, our fourth of July's have been celebrated there, and many more life long memories have been built there. This is my plea to please continue to support The Ark and to NEVER get rid of it. There is no harm coming from it and only great memories being made and bringing families and communities together. Please allow Jeff Hylton to continue with this beautiful property!!!!

Sincerely,  
Isabella Ligas Marston
