Good afternoon. I have attended several events over the years at the ARK and I understand that it is up for a zoning approval to use the property across the street. I support the work they do and the people they serve. None of the events I have attended there were loud or would cause any concern for neighbors. I am certain that Mr. Hylton would assure that respect for neighboring properties would continue with the use of the parking area across the road. I am unable to attend tomorrow night's meeting but wanted to voice my support for the ARK. Thankyou.
