County Commissioners - I just wanted to reach out and add my voice in SUPPORT of the Ark on Lake Lanier being approved to run as an 'event space' allowing it to support and reach more people. This place has been and continues to be an important 'extension' of our church. We have used it many times over the years for leadership retreats, staff functions, volunteer appreciation socials, etc. In part, our church is growing and expanding because of these opportunities at the Ark. The down side to this is that as our church grows so does our need to accommodate a few more people. We are almost outgrowing the Ark due to its current limitations. It makes me sad to think that we may need to go elsewhere in the future. More importantly, the situation restricts the reach that this wonderful place has on this entire community. Their mission is simple and clear - to provide peace, hope and healing to all who come. That is what EVERYONE needs to experience. Please allow the Ark to accommodate more by providing approval as an event space.

Thanks!
