(B) Approval, with conditions as the proposed use meets all minimum standards of the Residential Single-Family Detached (R-SF) zoning district.

1. The property shall be developed in accordance with the site plan received October 20, 2026, and as described in the project narrative dated September 16, 2026, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.
2. The development shall be limited to a total of 146 single family detached lots.
3. Access to the development shall be subject to approval by the Hall County Public Works Department. Following review and acceptance of the Traffic Impact Study (TIS) by Public Works, all required improvements shall be incorporated into the development plans for review and approval. Any costs associated with these improvements shall be the responsibility of the developer.
4. The following statement regarding the potential impacts of agricultural operations in the area shall be made a part of any plat recorded on the property:"Owners, occupants, and users of property shown on this plat are hereby informed of the impacts associated with normal farming practices which may take place on adjacent and nearby property including, but not limited to, noise, odors, dust, the operation of machinery of any kind, the storage and disposal of manure, and the application of fertilizers, herbicides, and pesticides.
