

### STATEMENT OF HARDSHIP

The Hall County Planning Commission has the authority, in specific cases, to grant variances from the terms of the Zoning Regulations when the variance will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the Zoning Regulations will, in specific cases, result in unnecessary hardship and so that the resolution shall be observed, public safety and welfare secured, and substantial justice done. The authority to grant such variances shall be limited to those instances where a hardship is clearly established as required by the Zoning Regulations.

In all cases involving requests for residential variances from the terms of the Zoning Regulations, a plat or survey of the property prepared by a registered surveyor, architect, or engineer shall be required. In all cases involving variances for commercial or industrial uses of land, a site plan of the property prepared by a registered surveyor, architect, or engineer shall be required. Variances may be granted only upon a finding by the board that:

**Describe how each situation listed below relates to your application:**

1. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship).

The size of the road frontage is less<sup>22.6'</sup> than required for  
being able to build a house on proposed lot.

2. The application of the requirements of this resolution to this particular property would create an unusual hardship.

One of properties will Result in having 127.40'  
of Road Frontage

3. Such conditions are peculiar to the particular piece of property involved and not common to other properties in the neighborhood. That is, the application of the regulation would deprive the applicant of the rights commonly enjoyed by others in the neighborhood.

We want to be able to build a house on Lot 1

4. Such conditions are not the result of any actions of the property owner.

We cannot control the size of the  
Road Frontage

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this resolution provided; however, that no variance may be granted for a use of land or building or structure that is prohibited by this resolution. For example, granting the variance would not confer any special privilege that is denied by this regulation to other property in the same zoning district.

We are looking at building a Residential  
home that will enhance the neighborhood

***I hereby certify that the above information and all attached information is true and correct.***

To Whom It May Concern:

We, Vlad Master Built, LLC, have the following proposal for the property located at 5630 Union Church Rd. Braselton, GA 30517. We would like to build single-family residential homes. We would like to subdivide this property into 5 lots. The provision for water and wastewater disposal would be on-site septic systems. Please contact us with any questions or concerns. Thank you.

Sincerely,

Viktor Vlad, Owner
