| STREET<br><b>2875 Browns Bridge Road</b>                        | JOB NAME<br><b>Roof Restoration Project</b> |                             |
| CITY, STATE, AND ZIP CODE<br><b>Gainesville Georgia 30504</b>   | JOB LOCATION<br><b>Main Roof Area</b>       |                             |
| Attention:<br><b>Mr. Brett Jockell</b>                          | DATE OF PLANS<br><b>N/A</b>                 | FAX NUMBER                  |

We hereby propose to furnish labor, equipment, and materials necessary to perform roof restoration per WTI's scope of work.

**Prep:**

- Replace wet insulation using 2 plies of Tremco Power Ply Endure 100 smooth set in Power Ply Endure Bio Adhesive.
- Match existing insulation thickness like kind and quality.
- Remove loose gravel.
- Power vac.
- Prime the existing gravel surface built-up roof with Royal Adhesive Millennium Universal Primer.

**Insulation:**

- Install barrier board minimum 1/2" thick in Tremco LR Adhesive applied as a nominal 3/4-in. diameter bead with a maximum on-center spacing of 12-in.
- Run the insulation board to the perimeter and use longer screws for the perimeter edge flashing so it engages into the existing nailer.

**Membrane:**

- Install Tremco's 80 mil TPO FB in low rise Tremco LR Adhesive, applied as a nominal 3/4-in. diameter bead with a maximum on-center spacing of 12-in., applied parallel to the slope of the roof.
- Install TPO coated metal at perimeter and flash all penetrations per Tremco standard flashing details.
- Provide a Twenty (20) Year Tremco QA Warranty

Price.....\$840,000.00

Add Alternate.....Fall Protection.....\$ 78,500.00

Notes: Owner will provide reasonable access to facilitate building.

We hereby propose to furnish material and labor - complete in accordance with above specifications, for the sum of:

## TERMS AND CONDITIONS

---

**1. Nature of Work.** National Building Contractors, Inc. ("Contractor") shall furnish the labor and material necessary to perform the work described herein or in the referenced contract documents. Contractor does not provide engineering, consulting, or architectural services. It is the Owner's responsibility to retain a licensed architect or engineer to determine proper design and code compliance. Contractor assumes no responsibility for structural integrity, compliance with building codes, or design. If plans, specifications or other design documents have been furnished to Contractor, Customer warrants that they are sufficient and conform to all applicable laws and building codes. Contractor is not responsible for any loss, damage or expense due to defects in plans or specifications or building code violations unless damage results from a deviation by Contractor from the contract documents. Customer warrants all structures to be in sound condition capable of withstanding normal activities of construction equipment and operations.

**2. Asbestos and Toxic Material.** This proposal and contract is based upon the work to be performed by Contractor not involving asbestos-containing or toxic materials and that such materials will not be encountered or disturbed during the course of performing the roofing work. Contractor is not responsible for expenses, claims or damages arising out of the presence, disturbance or removal of asbestos-containing or toxic material. In the event that such materials are encountered, Contractor shall be entitled to reasonable compensation for all additional expenses incurred as a result of the presence of asbestos-containing or toxic materials at the work site.

**3. Payment.** To be made per contract conditions.

**4. Non-Payment.** All sums not paid in full when due shall earn interest at the rate of 1 1/2% per month until paid. If Customer does not make payment, Contractor shall be entitled to recover from Customer all costs of collection incurred by Contractor, including attorney's fees and litigation expenses. Collection matters may be processed through litigation or arbitration at the discretion of the Contractor.

**5. Insurance.** Contractor shall carry worker's compensation, automobile liability, commercial general liability and such other insurance as required by law. Contractor will furnish a Certificate of Insurance evidencing the types and amounts of its coverage, upon request. Customer shall purchase and maintain builder's risk and property insurance upon the full value of the entire Project, including the labor, material, vandalism and theft on the premises to protect against loss or damage to material and equipment and partially completed work until the job is completed and accepted and Contractor's equipment is removed from the premises.

**6. Additional Insured.** If Customer requires and Contractors agrees to name Customer or others as an additional insured on Contractor's liability insurance policy Customer and Contractor agree that the naming of Customer or other parties as an additional insured is intended to apply to claims made against the additional insured to the extent the claim is due to the negligence of Contractor and is not intended to make the Contractor's insurer liable for claims that are due to the fault of the additional insured.

**7. Changes in the Work and Extra Work.** Customer shall be entitled to order changes in the work and the total contact price adjusted accordingly. Contractor shall not be required to perform any changed or additional work without a written request.

**8. Availability of Site.** Contractor shall be provided with direct access to the work site for the passage of trucks, equipment and materials for staging operations.

**9. Site Conditions.** Contractor shall not be responsible for additional costs required due to the existence of subsurface or latent conditions that are not disclosed in writing to the contractor.

**10. Right to Stop Work.** The failure of Customer to make proper payment to Contractor when due shall in addition to all other rights, constitute a material breach of contract and shall entitle Contractor, at its discretion, to suspend all work and shipments, including furnishing warranty, until full payment is made or terminate this contract. The contract sum to be paid Contractor shall be increased by the amount of Contractor's reasonable costs of shutdown, delay and start up.

**11. Working Hours.** This proposal is based upon the performance of all work during Contractor's regular working hours. Extra charges will be made for overtime and all work performed other than during Contractor's regular working hours, if required by Customer.

**12. Warranty.** Contractor will warrant contractor's work in accordance with its standard warranty, which is incorporated by reference. A copy of Contractor's standard warranty is attached or, if not, will be furnished upon request. Contractor SHALL NOT BE LIABLE FOR SPECIAL PUNITIVE, INCIDENTAL, CONSEQUENTIAL DAMAGES, OR LOST PROFITS, The acceptance of this proposal by the Customer signifies his agreement that this warranty shall be and is the exclusive remedy against Contractor pertaining to the work.

**13. Damages or Delays.** Contractor shall not be liable for damages based upon delay or liquidated damages or penalties resulting from any delay in completion of the Project caused by circumstances beyond its reasonable control.

**14. Fumes and Emissions.** Customer acknowledges that odors and emissions from some construction products may be released and noise will be generated as part of the operations to be performed by Contractor. Customer shall be responsible for interior air quality, including controlling mechanical equipment. HVAC units, intake vents, wall vents, windows, doors and other openings to prevent fumes and odors from entering the building. Some people are more sensitive to these emissions than others. Customer shall hold Contractor harmless from claims from third parties relating to fumes and odors that are emitted during the normal course of the work.

**15. Arbitration.** If a dispute shall arise between Contractor and Customer with respect to any matters or questions arising out of or relating to this Agreement or the breach thereof such dispute, other than collection matters, shall be decided by arbitration administered by in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration law. The award rendered by the arbitrators shall be final, and judgment may be entered upon it in any court having jurisdiction thereof. Any legal claim against Contractor, including a claim alleging any breach of this contract or negligence by Contractor must be initiated no later than two (2) years after Contractor has completed the work.

**16. Mold.** Contractor and Owner are committed to acting promptly so that water leaks are not a source of potential interior mold growth. Owner will make periodic inspections for signs of water intrusion and act promptly; including notice to Contractor if Owner believes there are water leaks, to correct the condition. Upon receiving notice, Contractor will make repairs promptly. Contractor is not responsible for indoor air quality. Owner shall hold harmless and indemnify Contractor from any claims involving mold or indoor air quality. Contractor will be paid for all non-warranty items repaired; owner will be notified before any non-warranty repairs are performed.

HALL COUNTY GOVERNMENT OFFICE  
FALL PROTECTION LAYOUT PLAN  
2875 Browns Bridge Road  
Gainesville, GA 30504  
**OVERVIEW**

We are pleased to submit the following estimate for the (Guardrail) fall protection system as a result of our combined efforts on (6-13-22). This system does not penetrate the roofing membrane and provides fall protection with counterbalances to meet OSHA standards 1926.501 (b)(1); 1936.502(b); 1910.28(b)(1); 1910.29(b). CAL/ OSHA: 3210; 3212; 162; 3209

The list of components utilized for this safety system are provided in this quote. See Roof Recommendations listed below.

Safety Rec 1 - FG Dynaround RG Guardrail 105LF

Safety Rec 2 - FG Dynarail Ladders (2) + wall mount kits, splice kits, 24" walk-thru kits and 24" safety gates. This proposal includes material, labor, freight estimate and lift rental to safely load material on the roof.

Engineering is required for the proper attachment of the ladders listed and is included in this quote.
