- A. It is the policy of Hall County to seek the best overall value when procuring goods and services. To this end, the County finds and declares that its objectives will best be achieved through an open, competitive process with a broad range of responsive and responsible vendors wishing to provide products and services to the County. The County will establish and conduct a procurement program that maximizes service benefit to the community and awards contracts to vendors who offer the best quality and value.
- B. The County declares that County employees and officials, along with those wishing to do business with the County, have the shared responsibility for avoiding biased, anticompetitive, or unethical practices.
- C. County employees, officials, and their family members are prohibited from seeking, requesting, or receiving any material payment, gift, job offer, security, promise of future benefit, or any other tangible or intangible thing of value when such receipt has the potential to influence a procurement decision or to gain undue advantage in a procurement competition.
- D. Prospective vendors must compete for County business within the parameters of the solicitation process and are prohibited from seeking to obtain inside information, attempting to skew the writing of specifications or influencing a procurement decision through any means outside the process established for the respective solicitation. This principle applies to any contractor, subcontractor, representative, employee, or agent that may be associated with a procurement transaction.
- E. Bidders and proposers shall disclose on competitive bid responses any individual(s), firm(s), family member(s), and/or County official(s) who do business with the County if there is an appearance of a conflict of interest.
- F. Ethical business practices are important both during a solicitation and after the decision to grant an award. The County seeks to establish relationships with business partners whose ongoing ethical standards of business conduct are congruent with those outlined here.
- G. Contract compliance history with the County and other contractual parties is a valid element in the decision to award a contract.
- H. The County stipulates that the furtherance of its strategic goals for job creation, stability, and growth in the tax base, business retention, and other fiscal and economic development objectives may be considered during the procurement process. The Purchasing Manager, subject to the approval of the Director of Financial Services, is authorized to establish procurement initiatives consistent with the County's strategic economic development objectives. These procurement practices shall be applied consistently and equitably and shall have a direct relationship to the County's goals.

- I. County employees, officials, and their family members are generally prohibited from participation in any procurement decision or any gain of undue advantage in a procurement competition because of contemporaneous employment with a potential or actual business partner.
- J. It is unethical for any County employee to purchase commodities or services from a County contract for personal use.
- K. Except for solicitations for the sale of real property, individuals, firms, and businesses seeking an award of a County contract may not initiate or continue any verbal or written communications regarding a solicitation with any County officer, elected official, employee, or other County representative other than the Issuing Officer named in the solicitation or the County's financial advisor, between the date of the issuance of the solicitation and the date of the final contract award by the Board of Commissioners. The Purchasing Manager will review violations. If determined that such communication has compromised the competitive process, the offer submitted by the individual, firm, or business may be disqualified from consideration for award. Solicitations for the sale of real property may allow for verbal or written communications with the appropriate County representative.
- L. All County commissioners, officials, and employees shall adhere to the standards outlined in the Hall County Code of Ethics.
- M. The Purchasing Division of the Financial Services Department shall determine and implement methods of educating all prospective contractors, bidders, proposers, and vendors on the requirements and provisions of Code Section 3.10.070 including, but not limited to, requiring each prospective contractor, bidder, proposer, and vendor that expresses an intent to do business with the County to sign an affidavit attesting that they have read this Chapter and have more specifically also read Code Section 3.10.070.

#### **ARTICLE #105 – CONTRACT TERM**

The term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
  6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such

material breach after written notice thereof has been delivered in accordance with ARTICLE #108.C below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

- C. **Notice of Default.** If either Party causes any of the default events set out in ARTICLE #108 – TERMINATION PROVISIONS, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.
- G. **Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:
1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.

2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

**ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. ### ETHICS AFFIDAVIT

Contractors, consultants, and vendors of any service or commodity to Hall County, Georgia ("County") must read and affirm to adhere to the following ethics requirements for compliance with the Official Code 3.10.070 of Hall County – Ethics.

- A. It is the policy of Hall County to seek the best overall value when procuring goods and services. To this end, the County finds and declares that its objectives will best be achieved through an open, competitive process with a broad range of responsive and responsible vendors wishing to provide products and services to the County. The County will establish and conduct a procurement program that maximizes service benefit to the community and awards contracts to vendors who offer the best quality and value.
- B. The County declares that County employees and officials, along with those wishing to do business with the County, have the shared responsibility for avoiding biased, anticompetitive, or unethical practices.
- C. County employees, officials, and their family members are prohibited from seeking, requesting, or receiving any material payment, gift, job offer, security, promise of future benefit, or any other tangible or intangible thing of value when such receipt has the potential to influence a procurement decision or to gain undue advantage in a procurement competition.
- D. Prospective vendors must compete for County business within the parameters of the solicitation process and are prohibited from seeking to obtain inside information, attempting to skew the writing of specifications or influencing a procurement decision through any means outside the process established for the respective solicitation. This principle applies to any contractor, subcontractor, representative, employee, or agent that may be associated with a procurement transaction.
- E. Bidders and proposers shall disclose on competitive bid responses any individual(s), firm(s), family member(s), and/or County official(s) who do business with the County if there is an appearance of a conflict of interest.
- F. Ethical business practices are important both during a solicitation and after the decision to grant an award. The County seeks to establish relationships with business partners whose ongoing ethical standards of business conduct are congruent with those outlined here.
- G. Contract compliance history with the County and other contractual parties is a valid element in the decision to award a contract.
- H. The County stipulates that the furtherance of its strategic goals for job creation, stability, and growth in the tax base, business retention, and other fiscal and economic development objectives may be considered during the procurement process. The Purchasing Manager, subject to the approval of the Director of Financial Services, is authorized to establish procurement initiatives consistent with the County's strategic economic development objectives. These procurement practices shall be applied consistently and equitably and shall have a direct relationship to the County's goals.

- I. County employees, officials, and their family members are generally prohibited from participation in any procurement decision or any gain of undue advantage in a procurement competition because of contemporaneous employment with a potential or actual business partner.
- J. It is unethical for any County employee to purchase commodities or services from a County contract for personal use.
- K. Except for solicitations for the sale of real property, individuals, firms, and businesses seeking an award of a County contract may not initiate or continue any verbal or written communications regarding a solicitation with any County officer, elected official, employee, or other County representative other than the Issuing Officer named in the solicitation or the County's financial advisor, between the date of the issuance of the solicitation and the date of the final contract award by the Board of Commissioners. The Purchasing Manager will review violations. If determined that such communication has compromised the competitive process, the offer submitted by the individual, firm, or business may be disqualified from consideration for award. Solicitations for the sale of real property may allow for verbal or written communications with the appropriate County representative.
- L. All County commissioners, officials, and employees shall adhere to the standards outlined in the Hall County Code of Ethics.
- M. The Purchasing Division of the Financial Services Department shall determine and implement methods of educating all prospective contractors, bidders, proposers, and vendors on the requirements and provisions of Code Section 3.10.070 including, but not limited to, requiring each prospective contractor, bidder, proposer, and vendor that expresses an intent to do business with the County to sign an affidavit attesting that they have read this Chapter and have more specifically also read Code Section 3.10.070.

#### **ARTICLE #105 – CONTRACT TERM**

The term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
  6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such

material breach after written notice thereof has been delivered in accordance with ARTICLE #108.C below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

- C. **Notice of Default.** If either Party causes any of the default events set out in ARTICLE #108 – *TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.
- G. **Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:
1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.

2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

#### **ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

#### **ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

#### **ARTICLE #111 – USE OF THIRD PARTIES**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

#### **ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

#### **ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.

- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

The County shall not be bound by any terms and conditions included in any Contractor's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. 2. The Contract itself, including all exhibits thereto.
3. Attachments appended to the Contract.
4. All other Contract attachments appended to the Contract.

#### **ARTICLE #130 – SALES TAX EXEMPTION STATUS**

#### **ARTICLE #131 – HOLD HARMLESS AGREEMENT**

The successful respondent hereby agrees to indemnify, hold free and harmless Hall County Government, County Commissioners, its agents, servants, employees, officers, directors, elected officials, or any other person(s) against any loss or expense. This includes attorney fees because of any liability imposed by law upon the County, except in cases of the County's sole negligence, sustained by any person(s) on account of bodily injury or property damage arising out of or in the consequence of this Contract.

### **ARTICLE #132 – NOT A JOINT VENTURE**

The County shall not be bound by any terms and conditions included in any Contractor packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in the addition to the terms and conditions contained herein.

### **ARTICLE #133 – CONTRACT TERMS AND CONDITIONS**

1. All purchases must comply with the Official Code of Hall County Sections 3.10.010 – 3.10.190.
2. If any conflict or ambiguity arises between the terms and conditions herein and the Official Code of Hall County, the latter will govern.
3. The terms and conditions set forth herein shall supersede and govern over all Contractor's terms and conditions or service level agreements.
4. The County retains the right to "red line" sections of the Contractor's terms and conditions if such are in conflict with the best interest of the County.
5. Acceptance of a Purchase Order ("PO") and delivery of goods or services serves as the Supplier's full and complete acceptance of the County's terms and conditions.
6. The terms "supplier", "vendor", "bidder", "offeror", "Contractor", "designer", "distributor", "dealer" or "manufacturer" or otherwise purveyor or source of supply or performance of service shall mean one and the same, herein denoted as "supplier" for goods and "Contractor" for services.
7. The terms "goods", "materials", "commodities", "components", "drawings", "drafts", "renderings", "plans" (physical or digital), software, SaaS, capital asset equipment, vehicles, heavy earth-moving or other equipment (purchased or leased), or other such deliverables are herein denoted as "goods" and shall mean one and the same.

10. The Supplier shall only deliver goods and services as described on the respective PO and within the Scope of Work and the Supplier's bid response.
11. The County holds no obligation to pay for goods delivered or services rendered unless specified on a written PO or a Change Order of such.
12. The Supplier shall not construe any verbal consent to purchase goods or services as valid.

27. All media production, recordings, videos, photography, artwork, plates, engravings, and other printed or digital media materials paid for in full by the County are considered County property and shall be delivered to the County upon request.
28. If a PO has an attached Contract or Agreement, the terms and conditions of the latter shall govern in the event of any conflict with these terms and conditions.
29. The Supplier may be suspended, terminated, or debarred if it is determined that the Supplier has made false certification(s) or has violated such certification(s) by failure to carry out the requirements herein. Thus, the Supplier certifies that it and its sub-Contractors have not been debarred, suspended, or declared ineligible by any agency of the County, State of Georgia, or as defined in the Federal Acquisition Regulation (FAR) 48 C.F.R. Ch. 1 Subpart 9.4.
30. The Supplier certifies that it is not currently engaged in an active or pending lawsuit or other grievance, injunction, or levy against the County.
31. Goods are Free-On-Board (F.O.B.) destination and freight. Shipping and delivery shall be pre-paid and added to the invoice as a separate line item. The Supplier shall charge the County the exact amount of freight, delivery, handling, and insurance charges the Supplier incurs.
32. The County does not pay late fees nor interest charges.

33. The County is not bound to any minimum or maximum quantity or dollar amount set by the Supplier.
34. In the event there is a discrepancy between the unit price and extended price, the unit price shall govern.

All of the above items are as requested and bid into- at minimum- a mid-grade quality. In the absence of specific item numbers there may likely be "apples and oranges" with other companies offering a bid. It is our desire to provide the best possible product within your budget with the best possible service. All of the above options have LESS expensive options if necessary but turn time and quality are key factors for consideration. We welcome all questions.

It is our desire, if awarded this agreement, to deliver all orders separated by team to locations directed by the HCLS staff. We service multiple very large recreation organizations in the metro area and across the state and take great pride in our ability to be flexible on late registrations, deadlines for opening day and abiding by the spirit of this desire to agree on an all-encompassing plan to outfit athletics in Hall County while still giving you the flexibility to make adjustments where necessary.

We are the preferred partner of the Georgia Recreation and Park Association and have been waiting patiently for the opportunity to present our bid for this partnership. Please let me know if questions exist.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

## Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

**Note:** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

## What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

**Note:** You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

## Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

## Line 6

Enter your city, state, and ZIP code.

## Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note:** See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.SSA.gov](http://www.SSA.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/Businesses](http://www.irs.gov/Businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. Go to [www.irs.gov/Forms](http://www.irs.gov/Forms) to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to [www.irs.gov/OrderForms](http://www.irs.gov/OrderForms) to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

## Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

### Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at [spam@uce.gov](mailto:spam@uce.gov) or report them at [www.ftc.gov/complaint](http://www.ftc.gov/complaint). You can contact the FTC at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see [www.IdentityTheft.gov](http://www.IdentityTheft.gov) and Pub. 5027.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. - A. It is the policy of Hall County to seek the best overall value when procuring goods and services. To this end, the County finds and declares that its objectives will best be achieved through an open, competitive process with a broad range of responsive and responsible vendors wishing to provide products and services to the County. The County will establish and conduct a procurement program that maximizes service benefit to the community and awards contracts to vendors who offer the best quality and value.
- B. The County declares that County employees and officials, along with those wishing to do business with the County, have the shared responsibility for avoiding biased, anticompetitive, or unethical practices.
- C. County employees, officials, and their family members are prohibited from seeking, requesting, or receiving any material payment, gift, job offer, security, promise of future benefit, or any other tangible or intangible thing of value when such receipt has the potential to influence a procurement decision or to gain undue advantage in a procurement competition.
- D. Prospective vendors must compete for County business within the parameters of the solicitation process and are prohibited from seeking to obtain inside information, attempting to skew the writing of specifications or influencing a procurement decision through any means outside the process established for the respective solicitation. This principle applies to any contractor, subcontractor, representative, employee, or agent that may be associated with a procurement transaction.
- E. Bidders and proposers shall disclose on competitive bid responses any individual(s), firm(s), family member(s), and/or County official(s) who do business with the County if there is an appearance of a conflict of interest.
- F. Ethical business practices are important both during a solicitation and after the decision to grant an award. The County seeks to establish relationships with business partners whose ongoing ethical standards of business conduct are congruent with those outlined here.
- G. Contract compliance history with the County and other contractual parties is a valid element in the decision to award a contract.
- H. The County stipulates that the furtherance of its strategic goals for job creation, stability, and growth in the tax base, business retention, and other fiscal and economic development objectives may be considered during the procurement process. The Purchasing Manager, subject to the approval of the Director of Financial Services, is authorized to establish procurement initiatives consistent with the County's strategic economic development objectives. These procurement practices shall be applied consistently and equitably and shall have a direct relationship to the County's goals.

- I. County employees, officials, and their family members are generally prohibited from participation in any procurement decision or any gain of undue advantage in a procurement competition because of contemporaneous employment with a potential or actual business partner.
- J. It is unethical for any County employee to purchase commodities or services from a County contract for personal use.
- K. Except for solicitations for the sale of real property, individuals, firms, and businesses seeking an award of a County contract may not initiate or continue any verbal or written communications regarding a solicitation with any County officer, elected official, employee, or other County representative other than the Issuing Officer named in the solicitation or the County's financial advisor, between the date of the issuance of the solicitation and the date of the final contract award by the Board of Commissioners. The Purchasing Manager will review violations. If determined that such communication has compromised the competitive process, the offer submitted by the individual, firm, or business may be disqualified from consideration for award. Solicitations for the sale of real property may allow for verbal or written communications with the appropriate County representative.
- L. All County commissioners, officials, and employees shall adhere to the standards outlined in the Hall County Code of Ethics.
- M. The Purchasing Division of the Financial Services Department shall determine and implement methods of educating all prospective contractors, bidders, proposers, and vendors on the requirements and provisions of Code Section 3.10.070 including, but not limited to, requiring each prospective contractor, bidder, proposer, and vendor that expresses an intent to do business with the County to sign an affidavit attesting that they have read this Chapter and have more specifically also read Code Section 3.10.070.

\_\_\_\_\_  
\_\_\_\_\_  
The Contract shall be exclusive throughout its term with respect to the Services being provided; however, County reserves the right to select other Contractors to provide the Services similar to those described in this Contract if the Contractor fails to perform after notice thereof in accordance with Article #107.

**ARTICLE #105 – CONTRACT TERM**

For multi-year contracts, the term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

**ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

**ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to ARTICLE #108 – TERMINATION PROVISIONS.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).
- D. If at any point during the life of this Agreement the Federal Communications Commission ("FCC") takes any action, or there is action taken by another legislative body, that materially alters what is required of Hall County Sheriff's Office's to comply with the Martha Wright-Reed Act, Hall County Sheriff's Office shall be entitled to immediately renegotiate the terms and pricing of the Agreement with the Vendor. If what is required to be in compliance with the Martha Wright-Reed Act does materially change during the life of this Agreement and Hall County's Sheriff's Office wishes to enforce their right to renegotiate any terms or pricing of the Agreement Hall County Sheriff's Office shall provide Vendor with written notice of the material change and notify Vendor of what terms and/or pricing they wish to renegotiate. If thereafter the parties cannot agree to new terms and/or pricing Hall County Sheriff's Office shall be entitled to terminate the Agreement, without penalty, by providing the Vendor written notice at least five (5) days in advance of the date upon they wish the Agreement to terminate. A termination of the Agreement by Hall County Sheriff's Office under this provision shall not in any way be considered a breach or cause Hall County Sheriff's Office to be liable for damages of any kind.

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
  - 1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.

2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
  6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.

2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS.

**F. Payment Limitation in Event of Termination.** In the event of termination of the Contract for \_\_\_\_\_

cause by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract. Contractor's financial offer to County is based on the expectation of a term of at least three years, inclusive of optional renewal terms (collectively, the "Cost Recovery Period"). In the event County terminates the Contract for convenience (without cause) pursuant to Article #108.A, or otherwise elects not to renew the Term pursuant to Article #105, prior to completion of the Cost Recovery Period, then County shall reimburse Contractor for its cost to deliver and implement inmate communication services at the rate of \$1,327.00 per month for each month that would have otherwise remained in such Cost Recovery Period."

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

**ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

**ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

**ARTICLE #111 – USE OF THIRD PARTIES**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit

any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

#### **ARTICLE #112 – ENTIRE CONTRACT**

#### **ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.
- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

#### **ARTICLE #115 – ADDITIONAL TERMS AND CONDITIONS**

The County shall not be bound by any terms and conditions included in any Contractor's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or

5. Contractor must submit Applications for Payment (Pay Apps) in accordance with the Conditions of the Contract.
6. If monthly progress payments are agreed upon, then County will make such payments upon inspection of services completed by the County's Project Manager. Additionally, the County may employ Engineers of Record.
7. Prior to Substantial Completion, progress payments in an amount equal to 95% of the value of the work completed and 95% percent of the value of materials and equipment not incorporated in the Work but delivered and suitably stored, in each case, the aggregate of payments previously made.
8. Retainage payments shall be paid by County after final acceptance of work.

**C. Unsatisfactory Performance/Delay of Payment**

1. If the County determines that the quality of the Services provided are deficient, unacceptable, or unsatisfactory the County's Project Manager identified in ARTICLE #103 – NOTICES shall issue a written Notice to Cure to Contractor. Contractor agrees that upon receipt of the written Notice to Cure it shall make every effort to correct the deficiency(ies) within the timeframe prescribed therein. If the Contractor fails to timely correct the deficiency(ies), the County reserves the right to delay or deny payment pursuant to this ARTICLE or terminate the Contract pursuant to ARTICLE # 108 – TERMINATION PROVISIONS.
2. **Delay of Payment Due to Contractor's Failure.** If the County determines that the Contractor has failed to perform or deliver any Services as required by the Contract, the Contractor shall not be entitled to any compensation under the Contract until such Services are delivered and accepted. In this event, the County may withhold that portion of the Contractor's compensation, which represents payment for Services that were not delivered. To the extent that the Contractor's failure to perform or deliver in a timely manner causes the County to incur costs, the County may deduct the amount of such incurred costs as liquidated damages from any amounts payable to Contractor. The County's authority to deduct such incurred costs shall not in any way affect the County's authority to terminate the Contract.

- D. **Set-Off Against Sums Owed by the Contractor.** If the Contractor owes the County any sum under the terms of this Contract, pursuant to any judgment or pursuant to any law, the County may set off the sum owed by the Contractor against any sum owed to the Contractor, in the County's sole discretion.

- E. **Final Payment.** Contractor shall issue an invoice for final payment to the County no later than thirty (30) days following the expiration or termination date of the Contract.
- F. The Contractor must not factor or assign payments to another entity or a financial institution. The County will only pay the Party with whom it is contracted. The County will not under any circumstances pay a third party.

**ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS** (If required)

The Contractor must furnish to the County both a performance and payment bond, both equal to one-hundred percent (100%) of the Contract's total award dollar amount. The County will only issue a Notice to Proceed after the bonds are received. Only surety companies licensed to do business in the State of Georgia are acceptable. The Contractor is required to provide new bonds at the issuance of each renewal option term(s) or extension(s) that follow.

The Contractor must provide all required bonding instruments to the County prior to the commencement of any work. The County will consider any work done prior to the receipt of bonding instruments as null and void and thus not eligible for compensation.

**ARTICLE #124 – RETAINAGE** (If required)

The County will retain and withhold funds from compensation in compliance with Georgia law. The County may hold up to five-percent (5%) retainage throughout the entire project and will release said retainage at the point of completion and final acceptance by the County.

**ARTICLE #125 – VENUE AND GOVERNING LAW**

The Parties agree that this Contract shall be interpreted, construed, and enforced in accordance with the laws of the State of Georgia. Should either party bring a legal suit to enforce the terms of this Contract, including suit in equity, the Parties agree and consent to file any such suit in the Superior Court of Hall County, Georgia.

**ARTICLE #126 – NOTICE OF INTENT TO LITIGATE**

Contractor hereby agrees not to file any civil action of disputes or claims relating to the Contract except after first giving thirty (30) days written notice to the County of the claim and the intent to initiate a civil action.

**ARTICLE #127 – GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT (E-Verify)**

- A. By signing this Contract, the Contractor certifies that prior to and throughout the performance of all applicable work under this Contract it will remain in full compliance with all federal and state immigration laws including, but not limited to, 8 U.S.C. § 1324a and the Georgia Security and Immigration Compliance Act (O.C.G.A. §13-10-90 et seq.), as amended by the Illegal Immigration Reform and Enforcement Act of 2011 regarding the verification of employment eligibility of employees under the Immigration Reform and Control Act of 1986. **ARTICLE #128 – ORDER OF PRECEDENCE**

In the event of any inconsistency, ambiguity, or conflict among the specific provisions of the Contract and the Contractor's response, the order of precedence shall be as follows:

1. Any amendments to the Contract, including all exhibits thereto.
2. The Contract itself, including all exhibits thereto.

## INMATE TELEPHONE SYSTEM & SERVICES – C.I.

Hall County, Georgia, (herein "County" or "Owner") a municipal entity of the State of Georgia, Public Works and Utilities Department, located at 2875 Browns Bridge Road, Gainesville, GA 30504, hereby gives this Addendum #1 on the project known as Inmate Telephone System & Services for the Hall County Correctional Institution (herein "Services") located at 1694 Barber Road, Gainesville, GA 30507.

The following questions were submitted by various vendors. The answers are provided in **bold lettering**.

Please provide the average daily population for the last three months, broken down by month, if possible. **Jan – 125, Feb – 123, March – 125**

Please provide a breakdown of the inmate population, in percentages or actual numbers, by local, DOC, or other agency. **Aside from the state inmate population above, we currently have 14 inmates that are Jail inmates and are housed here.**

Please provide a copy of each agreement/contract and all amendments (if applicable) the County has executed with its incumbent inmate Telephone System (ITS), Video Visitation System (VVS) and Tablet provider(s). **We do not have a copy.**

How many inmate telephone stations are currently installed? **(13) total, (3 per each dorm and 1 for jail).**

How many inmate telephone visitation handsets are currently installed? **None.**

How many inmate multi-function/video visitation kiosks are currently installed? **(4) total (1 per dorm)**

How many public user video visitation kiosks are currently installed? **None.**

Who is the County's current Jail Management System (JMS) provider? **Eagle.**

Who is the County's current commissary service provider? **Keefe.**

Who is the County's current inmate banking/trust fund services provider? **Truist.**

Is the inmate banking/trust account managed through the commissary system or the Jail Management System (JMS) or other system? If other, please specify.  
**Commissary System.**

Please provide the current service and commission rates associated with each of the following inmate services: a). ITS, b). VVS, c). Electronic Messaging (aka Email) and d). **Phone commission 75%, Tablet 25% and Commissary 25%.**

If County is not relevant to the RFP, please mark the appropriate service item response as "not applicable."

To allow a vendor to present their best possible offer, it is very important to have historical information regarding revenue data for current inmate services. Will the County please provide copies of Service Usage/Revenue/Commission reports for the past three months for the following County services:

- a). ITS – **Not Applicable**
- b). VVS – **Not Applicable**
- c). Electronic Messaging (aka Email) – **Not Applicable**
- d). Entertainment/Media – **Not Applicable**

What limits does the County place, if any, on use of the services in this RFP such as maximum number of ITS calls, onsite visits allowed per week (or other interval), remote visits per week, calls per week, minutes per call/visit, etc.? **Business hours restricted – 15 min phone calls.**

Do you currently have an inmate tablets program? If so: a.) Who is the current tablet manufacturer/provider?, b.) How many tablets does the County have today? C.) Do inmates share the tablets? d.) How do they check them out? e.) What services are currently available on the tablets (i.e., education, electronic messaging, entertainment, video visitation, etc.) and f.) How many tablet charging stations are currently installed? **We have Education, Electronic Messaging and Entertainment. 4 ( 1 per dorm) we need 15 slot charging stations.**

The "Tablet Charging Station" section of the RFP states that vendors are to provide 15 charging stations per dorm, for a total of 60 charging stations. Is it acceptable for vendors to offer wall-mounted tablet charging stations that are capable of simultaneously charging up to 10 tablet devices simultaneously; if we provided 2 charging stations/dorm? **Yes.**

"Exhibit C - Mandatory Cost Proposal Worksheet" of the RFP features a column in which vendors are to provide the "% of Gross Revenue Offered" for inmate phone services. However, the recently passed Federal Communications Commission (FCC) Order 24-75, prohibits Incarcerated Peoples' Communication Service (IPCS) providers from entering into contracts allowing or requiring for the payment of site commissions for inmate telephone and video visitation services. Will the County please consider removing this column to allow vendors to submit a proposal that abides by current IPCS rules and regulations? **Yes.**

"Exhibit C - Mandatory Cost Proposal Worksheet" of the RFP does not feature any rows or columns for vendors to provide and commission data for other required services such as Electronic Messaging and Entertainment. Will the County please advise as to how vendors should go about providing this information? **However is fine.**

The RFP makes no reference to the provisioning of inmate Video Visitation System (VVS) services. Will the County please advise of the following:

- a). Should vendors propose VVS services? **No.**
- b). Should the VVS services proposed include both on-site and remote video visitation options? **No.**

After the first round of questions is answered, will the County accept additional questions if clarification is needed for any of the County's responses? **No.**

Will the County allow for a proposal to present multiple pricing options for the County's consideration? **Yes.**

The Inmate Tablet System Requirements on page 6 requires a "Tablet Subscription program with optional premium content." Would the County consider alternate tablet models to meet the County's tablet needs? For example, with a per-minute pricing structure, inmates only pay a low rate for the minutes they use, resulting in better value to inmates. **Yes.**

On page 8, #B.1 requires a "complete, signed copy of the Request for Proposals." In lieu of returning a signed copy of the entire RFP, will it be acceptable to return signed copies of just the forms and addenda that require signature, along with direct responses to the RFP sections that require information? **Yes.**

On page 3 under the scoring figures (poor through excellent), the instructions state: "Bidders may expand their answers to the questions onto separate pages if needed, with the question repeated at the top of each page."

a) Is Exhibit G, Mandatory Scored Questions (in Excel), exempted from this requirement? **Yes.**

b) Would the County consider deleting this requirement in general? **Yes.**

On pages 5 – 12, we are provided with an outline. We assumed that was the outline of the response. But on page 10, we are told that the proposal should be organized as follows:

Section 1 – Cover Letter and Executive Summary

Section 2 – Answer all Mandatory Scored Questions (Excel, Exhibit G)

Section 3 – Cost Proposals submitted in a separate sealed envelope.

Would the County please clarify if we are to respond to:

- the entire RFP? **No.**
- to pages 5-12 of the RFP following that outline? **No.**
- only respond with these three sections described on page 10 (and including all the mandatory Exhibits)? **Yes.**

Evaluations says financial stability will be part of the evaluation, but the County does not stipulate what they will accept as demonstration. Will Audited Financial Statements be acceptable? **Yes.**

The instructions say the response should be Unbound. Does the County only want rubber bands or binder clips? **No.**

Three ring binders are not bound in the sense of being glued or stapled. Are they acceptable? **Yes.**

Is the County requiring FCC-compliant responses? **Yes.**

The RFP requires: "Summarize key points at the beginning of each answer." Does this apply to short answers? **No.** We assume this does not apply to simple compliance statements? **Correct.**

Pages 1-5 on the RFP, and ending before the Table of Contents listing on page 5; do we include those pages in the response? If so, where do we place that information? **No.**

On the final page of the RFP, it shows the list of Exhibits and Attachments (Section 10.0) which includes Exhibit C – Mandatory Cost Proposal. On page 3 of the RFP, under Bidder Response/Cost Proposal, the cost proposal is to be submitted separately from the Technical Proposal. We assume we are NOT to include Exhibit C – Mandatory Cost Proposal in the Technical Qualifications response. Is that correct? **Yes.**

When the County says to sign the contract and return it, is there an execution date we apply? **No.**

Does the County intend vendors to sign the contract before it is negotiated? **Yes.**

On page 6, first bullet under "Inmate Tablet System Requirements, the requirement states: "Must provide 15 tablets per dorm with that being a total of 60 tablets". Can the County confirm a total count of 60 tablets or is the County looking for a 1:1 ratio between inmate and tablet? **We need 15 per dorm which is a total of 60. We are not looking for a 1:1 ratio.**

The non-collusion requirement provides limits for contact with the County during the RFP process. In order to support ongoing services and operations, are vendors allowed to continue communications as normal throughout the RFP process? Do we correctly assume this restriction only applies to communications regarding the RFP, itself? **Yes.**

Can the County provide an estimate of the date when the bonding instruments would be needed? **N/A, no bonds are required for this project.**

**ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS** (if required).

# COST PROPOSAL SUMMARY

## Attachment to Cost Proposal Spreadsheet

ICSolutions has attached this Summary to our Cost Proposal to disclose rates not requested on the spreadsheet for tablet services and optional video visitation.

We are pleased to offer two rate plans from which the Hall County C.I. may choose – empowering you to select the balance between commissions and consumer costs that will best meet your needs.

### Rate Option A

Service	Usage Rate	Commission Rate
Inmate Calling (U.S.)	\$0.06 per minute	--
Inmate Calling (International)	Cost*+ \$0.06 per minute	--
KEEP FAMILIES CONNECTED Program	Two (2) free calls + one (1) free remote visit + two (2) free messages per inmate each week	--
Remote Video Visitation (optional)	\$0.16 per minute	--
Streaming Tablet Content	\$0.05 per minute	50%
Email / Text / Photo Sharing	\$0.25 per message / photo	50%

### Rate Option B

Service	Usage Rate	Commission Rate
Inmate Calling (U.S.)	\$0.03 per minute	--
Inmate Calling (International)	Cost*+ \$0.03 per minute	--
KEEP FAMILIES CONNECTED Program	Two (2) free calls + one (1) free remote visit + two (2) free messages per inmate each week	--
Remote Video Visitation (optional)	\$0.16 per minute	--
Streaming Tablet Content	\$0.03 per minute	--
Email / Text / Photo Sharing	\$0.20 per message / photo	--

*NOTE: Call Rates shown do not include local, county, state and federal taxes, regulatory fees and billing fees.*

*\*For international calls, "cost" means ICSolutions' underlying carrier cost based on an average rate per minute per destination calculated quarterly pursuant to FCC 47 CFR § 64.6010 (e).*

With Rate Option A, ICSolutions will pay the Hall County C.I. monthly commissions on the gross revenue generated by tablet services, at the rates described above. No deductions are made for network costs or any other expenses incurred in the provision of the required services.

To ensure recouperation of its capital investment for this project, this offer is made in anticipation of contracting for the proposed services for at least 36 consecutive months inclusive of optional renewal terms (the "Cost Recovery Period"). Should services be terminated prior to the completion of 36 months of service, the County will reimburse ICSolutions at the rate of \$1,327.00 per month for each month that would have otherwise remained in the Cost Recovery Period.

### **Keep Families Connected™ Program** *Only from ICSolutions!*

Keeping inmates connected to their families during incarceration is a key factor in reducing recidivism and maintaining security in a correctional facility. Consistent with the goal of offering affordable communication services, our proposal includes the provision of **two (2) free calls, two (2) free email/text messages, and one (1) free remote visit (if video visitation is deployed) per week for every inmate**, for the duration of the contract term including all exercised renewal periods.

In its evaluation of our proposed rates, we urge the County to consider the significant value of this free communication program. This program, coupled with the complimentary call we offer to each new call recipient, will reduce the financial burden on inmates and their friends and family.

### **No Per-Minute Cost for Messaging**

ICSolutions would like to point out that – unlike other tablet vendors – ICSolutions **does not charge** a per-minute tablet usage rate when inmates access the messaging apps to read or write messages or to retrieve photos. The only charge related to our messaging applications is the per-message rate that is charged to the inmate or public user when they send a message.

### **Compliance with the Martha Wright-Reed Act**

#### **Rates & Commissions**

The FCC's rules concerning the Martha Wright-Reed Act place caps on the rates that may be charged for inmate phone calls and video calls (remote video visitation). These rules also forbid the payment of commissions based upon revenue generated by inmate calling and video visitation; and they prohibit any additional fees, including funding fees. ICSolutions' proposal complies with all aspects of the FCC rules pertaining to inmate phone calls and video visitation, and our proposed rates are at or below the caps for all services.

Rates and commissions for tablet services – streaming entertainment content, email/text messaging, and photo sharing – are not regulated by the FCC under the newly adopted rules.

#### **Agency's Recovery of Used and Useful Costs**

The new FCC rate caps include *up to* \$0.02 per calling minute associated with the Agency's "used and useful" costs for operating the inmate phone system, such as labor costs associated with enabling inmate calls and visitations (e.g., staff transport and supervision of inmates and visitors, costs to issue the RFP and administer the contract, etc.) and facility costs (e.g., electricity, space restrictions, etc.). The FCC rules permit providers and the Agency to negotiate how to make the Agency whole for these used and useful costs. The FCC rules also prohibit providers from giving the Agency features the FCC does not deem used and useful, such as storage of non-CALEA call recordings and certain investigative tools. Providing these features at no cost would be considered an in-kind commission payment, which is prohibited by the new FCC rules.

As such, ICSolutions' offer includes an offset of the used and useful costs the Agency incurs for having inmate phone services and video visitation to cover the costs of the features not deemed used and useful by the FCC. This will allow ICSolutions to provide the proposed services and features, while eliminating the need for ICSolutions to invoice the Agency for any proposed features, as well eliminating the administrative costs of the Agency invoicing their used and useful costs to ICSolutions.

To the extent that a difference is determined to consistently exist between the Agency's used and useful costs and ICSolutions' cost of providing the services and features that are not deemed to be used and useful in the provision of inmate communication services, then the parties shall work in good faith to adopt an operational remedy that is mutually acceptable, including using revenue from any unregulated services to cover costs of features not deemed used and useful.

#### **ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

The Contract is not exclusive. The County reserves the right to select other Contractors to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Contractor fail to perform.

#### **ARTICLE #105 – CONTRACT TERM**

From Notice-to-Proceed until substantial and final completion of Services according to agreed time-schedule of and after all subcontractor(s) and material suppliers' liens are satisfied.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a subcontractor's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

**B. Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.

**C. Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing thirty (30) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

**A. Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.

**B. Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:

1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
4. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

**C. Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:

1. Immediately terminate the Contract for default without additional written notice; and/or,
2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

**D. Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.

**E. Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:

1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, or subcontractors have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS*.

**F. Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

**ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

**ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

**ARTICLE #111 – USE OF THIRD PARTIES (SUBCONTRACTORS)**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties such as subcontractors, if allowed in writing by the County. Any Contract with a subcontractor must also preserve the rights of the County.

**ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

**ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.
- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

#### **ARTICLE #115 – ADDITIONAL TERMS**

The County shall not be bound by any terms and conditions included in any Contractor's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. The Contractor will utilize acceptable substitutes approved by the County as quickly as possible. In the event of such replacement, Contractor shall (i) notify County of any resulting replacement, (ii) introduce the individual serving as the replacement to County, and/or (iii) provide County with a résumé and any other information regarding the individual that may be reasonably requested by County.
- B. The County has the right to require the Contractor to reassign or remove any employee or subcontractor's employee from the premises temporarily or permanently when, in the County's sole opinion, the employee is not suitable. The County's decision shall be final, and Contractor will remove the employee immediately and replace with a person of at least equivalent training, experience, and requisite qualifications as quickly as possible, subject to the County's approval.
- C. Contractor agrees to obtain prior written approval from the County for the use of subcontractors to provide the Services described in Scope of Work prior to subcontractor's performance of work.

#### **ARTICLE #118 – INSURANCE REQUIREMENTS**

The Contractor shall not deliver any Services, equipment, devices, or components thereof until authorized in writing by the County through issuance of a PO, which shall provide a commencement date. Any work including, but not limited to, travel, preliminary meetings, planning, etc. performed outside of the terms and conditions of and before the issuance of a PO will not be considered for payment. #### **ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

#### **ARTICLE #105 – CONTRACT TERM**

From Notice-to-Proceed until substantial and final completion of Services according to agreed time-schedule of and after all subcontractor(s) and material suppliers' liens are satisfied.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a subcontractor's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. **Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

**B. Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.

**C. Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing thirty (30) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

**A. Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.

**B. Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:

1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
4. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with ARTICLE #108.C below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

C. **Notice of Default.** If either Party causes any of the default events set out in ARTICLE #108 – *TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:

1. Immediately terminate the Contract for default without additional written notice; and/or,
2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.

E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:

1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, or subcontractors have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in ARTICLE #123 – *PERFORMANCE AND PAYMENT BONDS*.

F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

**ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

**ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

**ARTICLE #111 – USE OF THIRD PARTIES (SUBCONTRACTORS)**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties such as subcontractors, if allowed in writing by the County. Any Contract with a subcontractor must also preserve the rights of the County.

**ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

**ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

#### **ARTICLE #115 – ADDITIONAL TERMS**

The County shall not be bound by any terms and conditions included in any Contractor's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. The Contractor will utilize acceptable substitutes approved by the County as quickly as possible. The terms of this Contract shall be incorporated by reference into any PO(s) issued prior to the expiration or termination of this Contract. The County will issue the NTP and PO(s) by electronic mail (e-mail) to the Contractor's representative in *ARTICLE #103 – NOTICES*. A PO is considered "issued" when the e-mail containing the PO is sent by the County to the Contractor.

The Contractor shall not deliver any Services, equipment, devices, or components thereof until authorized in writing by the County through issuance of a PO, which shall provide a commencement date. Any work including, but not limited to, travel, preliminary meetings, planning, etc. performed outside of the terms and conditions of and before the issuance of a PO will not be considered for payment. Contractors are not to begin work or ship any product on any verbal communication from the County. The County will not be liable for payment for any work or product with the issuance of a verbal communication.

The Scope of Work shall remain in effect from the NTP date to completion of the project. The Parties agree that the County will not pay or otherwise compensate the Contractor for any Services, materials, equipment, devices, or components thereof outside of the Scope of Work and/or beyond the term of this Contract, unless specifically authorized in writing as evidenced by an amendment pursuant to *ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION*, a time extension letter, or as otherwise authorized by the County.

**B. Invoice/Payment**

1. Contractor shall invoice the County via email each month solely to [accountspayable@hallcounty.org](mailto:accountspayable@hallcounty.org) and only after the County inspects and accepts the Services provided. Receipt of the Services does not constitute

acceptance. Invoice amounts shall not exceed the Contractor's pricing set forth in ARTICLE #102.

2. Each invoice shall include the Contractor's current "Remit to" address; a description of the Services provided; the invoice amount; the Contract number; and the associated PO number issued. Each properly prepared invoice must be sent in accordance with the instructions listed on the PO. Standard payment terms are net 30 days (N30) in arrears from the date the invoice is accepted, following delivery of the Services.

3. The County does not pay for services not yet received but only in arrears.

4. The Contractor shall be solely responsible for paying all costs, expenses, and charges it incurs in connection with its performance under the Contract.

**C. Unsatisfactory Performance/Delay of Payment**

1. If the County determines that the quality of the Services provided are deficient, unacceptable, or unsatisfactory the County's Project Manager identified in ARTICLE #103 – NOTICES shall issue a written Notice to Cure to Contractor. Contractor agrees that upon receipt of the written Notice to Cure it shall make every effort to correct the deficiency(ies) within the timeframe prescribed therein. If the Contractor fails to timely correct the deficiency(ies), the County reserves the right to delay or deny payment pursuant to this ARTICLE or terminate the Contract pursuant to ARTICLE #108 – TERMINATION PROVISIONS.

2. **Delay of Payment Due to Contractor's Failure.** If the County determines that the Contractor has failed to perform or deliver any Services as required by the Contract, the Contractor shall not be entitled to any compensation under the Contract until such Services are delivered and accepted. In this event, the County may withhold that portion of the Contractor's compensation, which represents payment for Services that were not delivered. To the extent that the Contractor's failure to perform or deliver in a timely manner causes the County to incur costs, the County may deduct the amount of such incurred costs as liquidated damages from any amounts payable to Contractor. The County's authority to deduct such incurred costs shall not in any way affect the County's authority to terminate the Contract.

D. **Set-Off Against Sums Owed by the Contractor.** If the Contractor owes the County any sum under the terms of this Contract, pursuant to any judgment or pursuant to any law, the County may set off the sum owed by the Contractor against any sum owed to the Contractor, in the County's sole discretion.

E. **Final Payment.** Contractor shall issue an invoice for final payment to the County no later than thirty (30) days following the expiration or termination date of the Contract.

County will only issue a Notice to Proceed after the bonds are received. Only surety companies licensed to do business in the State of Georgia are acceptable. The Contractor is required to provide new bonds at the issuance of each renewal option term(s) or extension(s) that follow.

The Contractor must provide all required bonding instruments to the County prior to the commencement of any work. The County will consider any work done prior to the receipt of bonding instruments as null and void and thus not eligible for compensation.

**ARTICLE #124 – RETAINAGE - Not applicable for this contact**

(Required for construction, renovation, and repair projects)

The County will retain and withhold funds from compensation in compliance with Georgia law. The County may hold up to five percent (5%) retainage throughout the entire project and will release said retainage at the point of completion and final acceptance by the County.

**ARTICLE #125 – VENUE AND GOVERNING LAW**

The Parties agree that this Contract shall be interpreted, construed, and enforced in accordance with the laws of the State of Georgia. Should either party bring a legal suit to enforce the terms of this Contract, including suit in equity, the Parties agree and consent to file any such suit in the Superior Court of Hall County, Georgia.

Once Red Oak receives the Notice to Proceed we will initiate our deployment plan and ensure the appropriate number of containers are delivered to their designated locations within 30 calendar days.

We will finalize container quantities, sizes, specifications, and target delivery locations. Our operations will develop a detailed delivery schedule and ensure all requirements are met for each location. We are going to stage our containers at locations closest to the deployment sites. Those containers will be checked for quality assurance and readiness for delivery. In our deployment phase, we will begin staggered deliveries according to the approved schedule. We will try to work with Waste Pro if possible to allow for a smooth transition of their removals and our deliveries. If possible we would like to deliver our containers up to a week ahead of time and place them next to the existing Waste Pro containers. We would notify and submit a completed report once all the containers have been delivered.

Our team is committed to transparent communication, adherence to timelines, and we hope to exceed expectations in our execution. Our goal is to make trash a non issue from the start, where you don't have to think about it, it is just happening as it should be.

We look forward to being the Hall County service provider.  
Thanks!

**ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

The Contract is not exclusive. The County reserves the right to select other Contractors to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Contractor fail to perform.

#### **ARTICLE #105 – CONTRACT TERM**

For multi-year contracts, the term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable,

especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
  4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS*.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and

accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

G. **Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. **Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable,

especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
  - 1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  - 2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  - 3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  - 4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  - 5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with ARTICLE #108.C below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in ARTICLE #108 – *TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
  4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in ARTICLE #123 – *PERFORMANCE AND PAYMENT BONDS*.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and

accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

G. **Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.

All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

#### **ARTICLE #112 – ENTIRE CONTRACT**

#### **ARTICLE #105 – CONTRACT TERM**

For multi-year contracts, the term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable,

especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
  - 1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  - 2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  - 3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  - 4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  - 5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
  4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS*.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and

accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.

**ARTICLE #111 – USE OF THIRD PARTIES**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

**ARTICLE #112 – ENTIRE CONTRACT**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be

construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. **ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

The Contract is not exclusive. The County reserves the right to select other Contractors to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Contractor fail to perform.

#### **ARTICLE #105 – CONTRACT TERM**

For multi-year contracts, the term will be for five (5) years, with one (1) initial year followed by four (4) one-year renewal options. Renewals are not automatic nor guaranteed.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable,

especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to **ARTICLE #108 – TERMINATION PROVISIONS**.
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
  2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
  2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
  3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
  4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS*.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and

accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

**ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

**ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

**ARTICLE #111 – USE OF THIRD PARTIES**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

**ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

**ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be

construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.
- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. #### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. The Contractor will utilize acceptable substitutes approved by the County as quickly as possible. In the event of such replacement, Contractor shall (i) notify County of any resulting replacement, (ii) introduce the individual serving as the replacement to County, and/or (iii) provide County with a résumé and any other information regarding the individual that may be reasonably requested by County.
- B. The County has the right to require the Contractor to reassign or remove any employee from the premises temporarily or permanently when, in the County's sole opinion, the employee is not suitable. The County's decision shall be final, and Contractor will remove the employee immediately and replace with a person of at least equivalent training, experience, and requisite qualifications as quickly as possible, subject to the County's approval.
- C. Contractor agrees to obtain prior written approval from the County for the use of sub-contractor(s) to provide the Services described in Scope of Work prior to sub-

1

**ARTICLE #133 – CONTRACT TERMS AND CONDITIONS**

1. All purchases must comply with the Official Code of Hall County Sections 3.10.010 – 3.10.190.
2. If any conflict or ambiguity arises between the terms and conditions herein and the Official Code of Hall County, the latter will govern.
3. The terms and conditions set forth herein shall supersede and govern over all Contractor's terms and conditions or service level agreements.
4. The County retains the right to "red line" sections of the Contractor's terms and conditions if such are in conflict with the best interest of the County.
5. Acceptance of a Purchase Order ("PO") and delivery of goods or services serves as the Supplier's full and complete acceptance of the County's terms and conditions.
6. The terms "supplier", "vendor", "bidder", "offeror", "Contractor", "designer", "distributor", "dealer" or "manufacturer" or otherwise purveyor or source of supply or performance of service shall mean one and the same, herein denoted as "supplier" for goods and "Contractor" for services.
7. The terms "goods", "materials", "commodities", "components", "drawings", "drafts", "renderings", "plans" (physical or digital), software, SaaS, capital asset equipment, vehicles, heavy earth-moving or other equipment (purchased or leased), or other such deliverables are herein denoted as "goods" and shall mean one and the same.
8. 12. The Supplier shall not construe any verbal consent to purchase goods or services as valid.
13. The County does not accept substitutions of services or goods that do not comply with the Scope of Work or specifications set forth in the PO, Contract, or Agreement, unless mutually agreed in writing by both Parties.
14. The County does not accept automatic contract renewals except for monthly subscription services.

17. The County participates in cooperative purchasing agreements, State of Georgia Statewide Contracts, and other state and local intergovernmental agreements, memoranda of understanding and other such agreements.

18. In all cases, the jurisdiction shall be the State of Georgia, County of Hall, for arbitration or other legalities.

22. The Supplier warrants that goods are merchantable, and the Supplier has a legal right to deliver the goods and services and as described herein.
23. Contractor agrees not to assign, in full or in part, this Contract to another party without the County's expressed written consent. Any attempted assignment or delegation shall void and make ineffectual this Contract for all intents and purposes.

25. This issuance of a PO shall not violate the Code of Ethics and Conflicts of Interest for Public Officers and Employees for Government Service set forth in the 2020 Section 45-1020 et seq. of the Official Code of Georgia Annotated and the Official Code of Hall County Section 3.10.070 governing Ethics.
26. All goods and services supplied pursuant to a PO shall, unless otherwise stated, conform exactly to all the descriptions, specifications, exhibits, and attachments contained in the bid solicitation upon which a PO is based, and all the terms, conditions, and specifications of the bid solicitation are incorporated herein by reference and made a part hereof.
27. All media production, recordings, videos, photography, artwork, plates, engravings, and other printed or digital media materials paid for in full by the County are considered County property and shall be delivered to the County upon request.
28. If a PO has an attached Contract or Agreement, the terms and conditions of the latter shall govern in the event of any conflict with these terms and conditions.
29. The Supplier may be suspended, terminated, or debarred if it is determined that the Supplier has made false certification(s) or has violated such certification(s) by failure to carry out the requirements herein. Thus, the Supplier certifies that it and its sub-Contractors have not been debarred, suspended, or declared ineligible by any agency of the County, State of Georgia, or as defined in the Federal Acquisition Regulation (FAR) 48 C.F.R. Ch. 1 Subpart 9.4.
30. The Supplier certifies that it is not currently engaged in an active or pending lawsuit or other grievance, injunction, or levy against the County.
31. Goods are Free-On-Board (F.O.B.) destination and freight. Shipping and delivery shall be pre-paid and added to the invoice as a separate line item. The Supplier shall charge the County the exact amount of freight, delivery, handling, and insurance charges the Supplier incurs.
32. The County does not pay late fees nor interest charges.
33. The County is not bound to any minimum or maximum quantity or dollar amount set by the Supplier.
34. In the event there is a discrepancy between the unit price and extended price, the unit price shall govern.

#### **ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

The Contract is not exclusive. The County reserves the right to select other Consultants to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Consultant fail to perform.

#### **ARTICLE #105 – CONTRACT TERM**

From Notice-to-Proceed until substantial and final completion of Services according to agreed time-schedule of and after all sub-Consultant(s) and material suppliers' liens are satisfied.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

**A. Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Consultant. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Consultant under this Contract. If delay results from a sub-Consultant's negligent conduct or failure to perform, the Consultant shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance

hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

**B. Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.

**C. Transition Cooperation with the County and Cooperation with Other Consultants.** Consultant agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Consultant. Further, if the County has entered into or enters into contracts with other Consultants related to the Services, Consultant agrees to cooperate fully with other such Consultants. Consultant shall not engage in any act that will interfere with the performance of work by any other Consultant(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing thirty (30) days written notice to the Consultant at any time. Should the County terminate this Contract prior to the date of automatic termination, Consultant shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Consultant for all work properly performed in compliance with the terms of this Contract up to the date of termination.

**A. Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Consultant.

**B. Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Consultant in default of its obligations under the Contract and cause for immediate termination of the contract without notice:

1. The Consultant fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Consultant.
2. The County determines that Consultant's unsatisfactory performance substantially endangers completion or that default is likely to occur.
3. The Consultant fails to make substantial and timely progress toward performance of the Contract.
4. The Consultant becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Consultant terminates or suspends its business; or the County reasonably believes that the Consultant has become insolvent or

unable to pay its obligations as they accrue consistent with applicable federal or state law.

5. The Consultant has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
6. The Consultant has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Consultant to declare that the County is in default of its obligations under the Contract.

**C. Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:

1. Immediately terminate the Contract for default without additional written notice; and/or,
2. In the event of a breach by the Consultant, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Consultant; and/or,
3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

**D. Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Consultant in the event of any de-appropriation.

**E. Termination due to Failure of Consultant to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:

1. If the Consultant must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
2. The County determines that the actions, or failure to act, of the Consultant, its agents, employees, or sub-Consultants have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Consultant furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Consultant to obtain, provide, maintain, and deliver the performance and payment bonds when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS* (not required for professional services).

**F. Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Consultant for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Consultant's Termination Duties.** Upon receipt of a Notice of Termination, the Consultant shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Consultant.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Consultant under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Consultants during the transition period between the Notification of Termination and the substitution of any replacement Consultant.
5. Consultant is to immediately return any payments made by the County for goods and services that were not delivered by the Consultant.

**H. Liquidated Damages.** In the event that the Consultant unreasonably delays completion of the project as per the term in *ARTICLE #105 – CONTRACT TERM* or abandons the project before completion, the Consultant shall pay the County liquidated damages in the amount of \$250.00 per day.

#### **ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Consultant from any claim brought by any third party against the Consultant.

#### **ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONSULTANT**

The Consultant shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

#### **ARTICLE #111 – USE OF THIRD PARTIES (SUBCONSULTANTS)**

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. Any Contract with a sub-Consultant must also preserve the rights of the County.

#### **ARTICLE #112 – ENTIRE CONTRACT**

This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements,

agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

#### **ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- B. **Record Retention and Access.** The Consultant shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

#### **ARTICLE #115 – ADDITIONAL TERMS**

The County shall not be bound by any terms and conditions included in any Consultant's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

#### **ARTICLE #117 – CONSULTANT AND COUNTY RIGHTS AND OBLIGATIONS**

- A. The County has the right at any time to require the Consultant to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. The Consultant will utilize acceptable substitutes approved by the County as quickly as possible. The County will issue the NTP and PO(s) by electronic mail (e-mail) to the Consultant's representative in *ARTICLE #103 – NOTICES*. A PO is considered "issued" when the e-mail containing the PO is sent by the County to the Consultant.

The Consultant shall not deliver any Services, equipment, devices, or components thereof until authorized in writing by the County through issuance of a PO, which shall provide a commencement date. THIS LEASE AGREEMENT, is entered into by and between **Hall County, Georgia** (hereinafter, "**Landlord**" or "**HCFR**") and **Ten-8 Fire & Safety LLC**, a Florida limited liability company (hereinafter, "**Tenant**"), whose address is 2904 59<sup>th</sup> Avenue Drive East, Bradenton, FL 34203

WHEREAS, Ten-8 is willing to lease the above-referenced space in the said workshop (900 sq. ft.) from HCFR to utilize for the maintenance and repair of other municipalities' fire and emergency vehicles and apparatus.

EXHIBIT B

2. TERM. The Term of this Agreement shall be for the current duration of the current maintenance contract unless sooner terminated or extended in accordance with the terms of this Agreement.

The parties agree that the Date of Occupancy shall be the date on which this document is signed and fully executed, unless extended or sooner terminated as hereinafter provided.

This contract may be terminated by either the Landlord or Tenant with 60 days written notice by either party.

3. TENANT'S USE. Tenant shall use the Premises only as a fire apparatus maintenance shop and related ancillary uses, and for no other use without Landlord's written consent. If the landlord has trucks that are out of service (for requirements listed in the NFPA guidelines) that cannot be remedied in other spaces within the workshop, the tenant shall forgo the use of the leased space until such a time that the repairs are complete. The Tenant further agrees that Tenant will not use said Premises, or permit the same to be used, for any unlawful or obnoxious business or practice.
4. LANDLORD'S OBLIGATIONS. Upon commencement and throughout the Term and any extensions the Landlord shall provide to Tenant:
- a. Exclusive access to, use, and occupancy of the Premises on a 24/7 basis.
  - b. Payment of water and water services, sewer services, electrical, air services and all other utilities as applicable, at Landlord's sole expense; and
  - c. Permission for the placement and maintenance, at Tenant's expense, of signs of a preapproved design, size and number, identifying and providing direction to the Premises.

Subject to the availability and appropriation of funding, Landlord shall make all reasonable repairs and replacements, whether foreseen or unforeseen, and do such other things as may be required to maintain the building and exterior areas in a good and workman-like manner.

EXHIBIT B

5. TENANT'S OBLIGATIONS. Upon commencement and throughout the Term and any extensions the Tenant shall:
  - a. Rent will be calculated at the rate of \$19.04 per square foot per annum, for a total of \$12,000 per annum. (Rent will be offset via credits provided against the current maintenance contract.)
  - b. Keep the interior of the Premises and appurtenances in a clean, safe, and healthy condition (excepting however, all repairs made necessary by reason of the happening of fire or other casualty), and not permit undue accumulations of garbage, trash, rubbish or other refuse within the Premises, all at Tenant's cost.
6. CREDIT & PAYMENT SCHEDULE. Tenant will issue a credit to HCFR in the amount of One Thousand Dollars (\$1,000) with the monthly scheduled maintenance labor invoice; this amount represents one month of the lease agreement rate, for the month preceding payment and will be pro rata accordingly for part months at the beginning and end of lease.
7. SURRENDER. The Tenant shall deliver up and surrender to the Landlord possession of the Premises upon the expiration of this Lease or its termination in any way, in as good condition and repair as the same shall be on the Effective Date (loss by fire, casualty, act of God, ordinary wear and decay, and condemnation excepted) and deliver any keys to the Landlord or Landlord's agent.
8. TRADE FIXTURES. All trade fixtures and equipment owned by the Tenant, and installed or placed by it upon the Premises, shall remain the property of Tenant at all times and may be removed by the Tenant at the expiration of this Lease. EXHIBIT B

damage. Notwithstanding the foregoing, if restoration is estimated to, or actually does, take more than one hundred twenty (120) days from the date of the damage, Tenant may terminate this Lease via written notice to Landlord at any time prior to restoration of the Premises.

10. ASSIGNMENT. This Lease may not be assigned, sublet or otherwise transferred by the Tenant, directly or indirectly without Landlord's consent, not to be unreasonably withheld, conditioned or delayed. Specifically, but without limitation, the transfer of controlling stock or other controlling beneficial interest in the Tenant without the Landlord's consent shall void this Lease.

11. MECHANIC'S LIEN.

a. If any mechanic's, or other liens, or order for the payment of money, shall be filed against the Premises, or any building or improvements thereon, by reason of change and alteration or addition made or alleged to have been made, by or for, the Tenant, or the cost or expenses thereof, or any contracts relating thereto, the Tenant shall cause the same to be cancelled and discharged of record, by bond or otherwise, at the election and expense of the Tenant, and shall also defend on behalf of the Landlord, at the Tenant's sole cost and expense, any action, suit or proceeding which may be brought thereon for the enforcement of such lien, liens or orders, and the Tenant will pay any damage and satisfactorily discharge any judgment entered therein, and save harmless the Landlord from any claim, attorneys' fees, or other losses therefrom.

b. If any mechanic's or other lien, or order for payment of money, shall be filed against the Premises, or on any building or improvements thereof, for any of the reasons provided in this section, and shall not be removed by the Tenant within thirty (30) days after notice given by the Landlord, the Landlord shall have the right to remove same by payment or otherwise, and all sums expended by the Landlord for such removal, including reasonable attorneys' fees, shall be paid by the Tenant unto the Landlord upon demand, and shall be deemed to be additional rent due under this Lease.

12. GOVERNMENT REGULATIONS. Tenant agrees at its own cost and expense, during the term of this Lease, to comply with all orders, rules, regulations and requirements of every kind of nature relating to the Premises, now or hereafter in force and effect, of the federal, state, county, municipal, and other governmental authorities, applicable to the manner of Tenant's use and occupancy thereof, or alterations made by the Tenant, and the Tenant will pay all costs and expenses incidental to such compliance and will indemnify and save

EXHIBIT B

harmless the Landlord free of expense or damage by reason of any notice, violations or penalties filed against or imposed upon the Premises, or against the Landlord as owner thereof, because of the failure of the Tenant to comply with the provisions of this section. Should the Tenant fail to comply with any of the provisions contained in this section, the Landlord may, after ten (10) days' notice to the Tenant, comply therewith, and the reasonable cost and expense of so doing may be paid by the Landlord, or may be charged against the Tenant becoming due upon demand. Tenant agrees to indemnify and save harmless the Landlord from and against any and all judgements, decrees, penalties, cost and expenses, by reason of such non-compliance.

13. INSURANCE AND HOLD HARMLESS.

The Tenant will, during the term of this Lease, indemnify the Landlord and hold it harmless against all claims, demands, and judgments for loss, damage or injury to property or person to the extent resulting or occurring by reason of Tenant's use and occupancy of the Premises. Tenant agrees that, at its own cost and expense, it shall procure and continue in force, in the names of the Landlord (as additional insured) and Tenant, commercial general liability insurance in an insurance company having a Triple-A-Best rating or better against any and all claims for injuries to persons or property occurring in, upon or about the Premises, including all damage from signs, glass, awnings, fixtures or other appurtenances, now or hereafter upon the Premises, during the term of this Lease, such insurance at all times to be in an amount not less than \$2,000,000.00 combined single limit for injury or death, and not less than \$100,000 as to property damage or loss. Such insurance shall be written in the company or companies authorized to engage in the business of general liability insurance in the State of Florida, and there shall be delivered to the Landlord customary certificates evidencing such paid-up insurance, which certificates are to be issued by the insurance companies. Tenant shall cause Landlord to be named as an additional insured on such liability policy.

In addition, the Tenant will, at its own cost and expense, procure and continue in force worker's compensation insurance for all their own persons working at the premises. Lastly, Tenant shall, at its own cost and expense, procure and continue in force a policy of garageman's liability insurance.

In the event Tenant contaminates the groundwater in connection with its use of the Premises, Tenant agrees to hold harmless and indemnify Landlord, and Landlord's successors and assigns from any and all claims, suits, actions, debts, damages, costs, charges and expenses, including attorney's fees, paralegal, legal assistant and similar fees and costs, and against all liability, losses and damages of any nature whatsoever, that Landlord may at any time sustain by reason of any such groundwater contamination.

EXHIBIT B

Throughout the Term, Landlord, at its sole cost and expense, shall provide and keep in force broad form fire and extended coverage casualty insurance on the Premises, insuring against loss by fire, windstorm, sprinkler leakage, flood, earthquake, water damage and all of the risks and perils usually covered by an "all risk" physical loss endorsement, including, but not limited to, vandalism, malicious mischief and boiler, pressure vessel and machinery coverage, in an amount equal to not less than 100% of the full replacement value, without co-insurance. Such insurance shall name Tenant as an additional insured as Tenant's interests may appear.

14. DEFAULT AND LANDLORD REMEDY. Should the Tenant allow any payment herein above to become delinquent, or fail to perform any of the covenants herein made, and any such payment or performance failure continues for fifteen (15) days after Tenant's receipt of Landlord's notice (or such longer time as may be reasonably necessary so long as Tenant diligently pursues such cure to completion), then this Lease shall be in default and the Landlord shall the right to re-enter and take possession of the Premises, and/or this Lease may be terminated at the Landlord's option. Bankruptcy of Tenant or any assignment for the benefit of creditors shall likewise operate as a termination of the Tenant's right of possession of the Premises and shall not waive Landlord's right or estop Landlord from repossessing the Premises for subsequent defaults, and in any such event, the Tenant agrees to peacefully surrender possession of the Premises to the Landlord. It is further agreed that in the event the Tenant agrees to peacefully surrender possession of the Premises or should it default in any of its other covenants with Landlord set forth herein so that it becomes necessary for Landlord to employ an attorney to collect rents or to recover possession of the Premises or to enforce any covenant made by the Tenant hereunder, the Tenant shall pay all costs of collection and expenses of recovery of possession or costs and expenses of any action so required, including reasonable attorneys' fees through appeal. The remedies provided herein are cumulative to those provided by law, and the right of the Landlord to declare the term at an end and to re-enter the Premises shall not in any manner affect the right of the Landlord to terminate and declare this Lease void and ended.
15. COMPLIANCE. Should the Tenant fail to comply with any of the terms, covenants and conditions contained in the within Lease on the part of the Tenant to be kept and performed, the Landlord may, after fifteen (15) days' notice to the Tenant (or such longer time as may be reasonably necessary so long as Tenant diligently pursues such cure to completion), comply therewith for the other (but Landlord shall not be obligated so to do), and the reasonable cost of such compliance shall be payable upon five (5) days demand to the Tenant.

EXHIBIT B

16. BINDING ON SUCCESSORS. The respective rights and obligations hereunder shall inure to, and be binding upon, the respective heirs, distributees, devisees, legal and personal representatives, assigns, grantees, and successors in interest of the Landlord, and shall inure to, and be binding upon, the permitted assigns and successors in interest of the Tenant.
17. ENTIRE AGREEMENT. This Lease embodies the entire contract of the parties hereto, and shall not be altered, changed or modified in any respect, except by an instrument executed by all parties to this Lease.
18. SUBORDINATION. Tenant agrees that this Lease shall be subordinate to any mortgage or mortgages or the lien resulting from any method of financing or refinancing, now or hereafter in force against the land, building, or Premises or against the Landlord's interest under any ground lease covering the land and buildings, of which the Premises are a part, and to all advances made or hereafter to be made upon the security hereof, provided that in no event shall Tenant's rights under this Lease be disturbed so long as Tenant is not in default beyond all applicable notice and cure periods. Tenant agrees to execute, upon Landlord's request, such subordination or estoppel certificates requested by Landlord or its lender evidencing such subordination and non-disturbance rights.
19. ALTERATIONS. No structural alterations shall be made to the Premises without the express written consent of the Landlord, including the installation of any signage.

23. STORAGE. Tenant shall be allowed to store customer owned apparatus, demo units, and personal vehicles inside the secured grounds in an area designated by the Landlord. It is expected that normal business hours will not be outside of the period from 7:00 a.m. to 6:00 p.m. However, access to the building and secured parking areas shall be permitted 24 hours a day 7 days a week as needed for emergent situations.

**Summary Analysis**

The applicant is requesting to rezone a 1.20± acre tract from Residential-1 (R-1) to Agricultural Residential (AR-1) to allow for uses permitted in the AR-1 zoning district.

In 2001, the Board of Commissioners approved a 295-lot single-family subdivision and daycare center for a tract of land that includes the subject parcel. In 2004, the final subdivision plat for Stoney Creek at the Reservoir was recorded, designating the parcel at 0 Reservoir Drive (tax parcel 15018 000123) as common area (DEV2004-00073). In 2005, the zoning conditions were amended, reducing the subdivision to 137 lots (ZON2005-00046). The following are the current conditions which are applicable to Stoney Creek at the Reservoir subdivision:

1. The development shall be limited to stick-built homes with a minimum of 1,400 square feet of heated floor space, with an overall average of 1,600 square feet minimum of heated floor space, and all lots bordering the reservoir shall have 1,800 square feet of heated floor space.
2. All septic tanks shall have dual inspection tubes at the inlet and outlet.
3. There shall also be a substitute site selected at preliminary platting to serve as an alternative to the thirty-acre site, not requiring Planning Commission review.
4. The developer's project shall have access to the property being dedicated to the county and the reservoir site.
5. The county will pay for a construction easement across the developer's undeveloped property for construction access road to the reservoir site.
  - a) The county will pay fourteen hundred dollars (\$1,400.00) per acre for the access easement.
  - b) The easement will start at end of Phase I of the development and be fifty feet (50') wide.

- c) The developer will design the road and the county will construct (reservoir contractor) the road to county standards. The county will clear and grade the road, provide all stream crossings, install water line as designed by county, not paving the road but providing a year round surface that will not erode.
  - d) County will provide all soil erosion control measures required.
  - e) County will provide gate valves and pipe reducers as required by the developer for future phases.
- 6. Developer will design the waterline in the subdivision and the county will design and construct the waterline to access the subdivision and through the subdivision to the reservoir site.
  - 7. Developer will pay \$20.00 per foot for the waterline and \$1.00 per foot for design, for all line installed by the county to and through his property.
  - 8. The county will assist the developer in acquiring right-of-way as needed by the development.
  - 9. Water meter fees are to be \$1,100.00 per lot for five years.
  - 10. Turn lane will have to be constructed during the initial phase of the project.
  - 11. The required design and construction activities by the county will be incorporated into the Reservoir Construction Contract.
  - 12. The center turn lane at the entrance shall be completed along with the 100<sup>th</sup> lot of this subdivision, based on the future additional development accessed through this project and the level of traffic on Old Cornelia Highway and said turn lane improvements shall be added to the existing road bond for the project.
  - 13. The 30 acre site that was to be deeded to the Hall County School Board / Hall County Government shall be incorporated into the overall acreage of the development.
  - 14. Development shall be limited to a maximum of 145 lots, with each lot being a minimum of 1.25 acres in size.
  - 15. A statement shall be placed on plans and any plat created for development that indicates future development of the adjoining property will be accessed through this subdivision.
  - 16. All other conditions of zoning not in conflict with the above shall remain in effect.

Currently, the subject property remains undeveloped and wooded.

The surrounding properties are zoned and developed as outlined below:

- North: Agricultural Residential 1 (AR-1): Developed with single-family residences.
- South: Residential 1 (R-1): Stoney Creek at the Reservoir subdivision, developed with single-family residences.
- East: Agricultural Residential 1 (AR-1): Developed with single-family residences.
- West: Agricultural Residential 1 (AR-1): Developed with single-family residences.

According to the submitted narrative, the applicant purchased the property located at 3774 Old Cornelia Highway (tax parcel 15018 000045), which borders the subject property identified as 0 Reservoir Drive to the north. After acquiring 3774 Old Cornelia Highway, the applicant discovered an additional tract—0 Reservoir Drive—situated between her property and the Stoney Creek at the Reservoir subdivision. She subsequently purchased both tracts to maintain continuity between them. The applicant is now

requesting to rezone the subject parcel to align the zoning of both properties and to preserve the option of installing driveways from Reservoir Drive. She notes that the deed for 0 Reservoir Drive includes provisions permitting the installation of two driveways. In a letter sent to neighboring property owners, the applicant stated her intention to maintain a buffer of existing trees, shrubs, and grass between Reservoir Drive and the properties.

Water is provided by the City of Gainesville and sanitary sewer services will be provided by on-site septic systems.

#### **Comprehensive Plan Land Use Designation**

**Based on the future land use plan, staff finds the requested zoning designation is consistent with the Hall County Comprehensive Plan future land use designation of “Rural Neighborhood” within the East Hall Character Area.** These areas should consist of active farms and agricultural enterprises and low-density, large-lot single-family residential uses. These areas also consist of undeveloped lands likely to face development pressures for new residential or commercial development. Similar to Rural Agriculture, they should have deep setbacks and incorporate a high percentage of open space. Where it occurs, new development should preserve natural features, including tree canopy, waterways, and waterbodies. The Rural Neighborhood designation envisions a density of up to 0.75 dwelling units per acre, or one dwelling unit per one and a half acres. This development has an overall proposed density of 0.34 units per acre.

#### **Zoning Analysis**

When considering a zoning amendment to the zoning maps, the Planning Commission must study the need and justification for the change based on a determination of the facts applicable to the particular case, and the following general lines of inquiry must be considered:

- a. Whether the zoning proposal will permit a use that is suitable in view of the use, development and zoning of adjacent and nearby property; **The proposed rezoning is suitable in view of the use, development, and zoning of adjacent and nearby properties.**
- b. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **No, it is not anticipated that the proposed rezoning will adversely affect nearby properties.**
- c. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The property has reasonable economic use as currently zoned, however, the applicant cannot construct additional driveways as listed as permissions within the subject properties’ deed provisions without rezoning to Agricultural Residential (AR-1).**
- d. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public health facilities or emergency medical service; **If approved, the use is not anticipated to cause an excessive or burdensome use of the existing streets, transportation facilities, utilities, schools, police protection, fire protection, public facilities, or emergency medical service.**

- e. Whether the zoning proposal is in conformity with the policy and intent of the future land use plan for the physical development of the area; **The proposed use is consistent with the Comprehensive Plan and the “Rural Neighborhood” land use designation.**
- f. The extent to which property values are diminished by the existing zoning restrictions; **Staff is unable to determine the extent to which property values are diminished by the existing zoning restrictions.**
- g. The extent to which the destruction of the subject property's value under the existing zoning promotes the health, safety, morals or general welfare of the public; **Staff is unable to comment on the impact of property values without a full market analysis. Multiple factors impact property value including construction types, proposed uses, and maintenance. Often it is difficult to determine the effect of a development on adjacent properties until the development is completed.**
- h. The relative gain to the public as compared to the hardship imposed upon the individual property owner; **Staff has not identified a hardship imposed on the property owner as the property is currently zoned.**
- i. The length of time the property has been vacant as zoned considered in the context of land development in the area in the vicinity of the property; **The property is currently undeveloped.**
- j. Whether there are other existing or changing conditions affecting the use or development of the property which give supporting grounds for either approval or disapproval of the zoning proposal; **Staff is not aware of any changing conditions affecting the use or development of the property.**
- k. Whether the change would create an isolated district unrelated to the surrounding districts; **The change in zoning would align the subject property with the current zoning of adjacent parcels adjacent to the subdivision.**
- l. Whether the present zoning district boundaries are illogically drawn in relation to existing conditions in the area; **There is no evidence that the present zoning district boundaries are illogically drawn.**
- m. Whether the change requested is out of scale with the needs of the county as a whole or the immediate neighborhood; **No, the request is not out of scale with the needs of the county as a whole.**
- n. Whether it is impossible to find adequate sites for the proposed use in districts permitting such use and already appropriately zoned; **There are other properties within the County that support agricultural uses based on the Future Land Use Map.**
- o. Whether the need for rezoning could be handled instead by a variance request to the Planning Commission; **The request could not be handled alternatively as a variance.**

- p. Whether there would be an ecological or pollution impact resulting from major modifications to the land if the request is granted; **Any land disturbance activities on the property shall be required to go through the land development permitting process, and as a result are subject to local, state, and federal regulations. As a result, there are no anticipated ecological or pollution impacts resulting from any modification to the land if the request is granted.**
- q. Whether there is reasonable evidence based upon existing and anticipated land use that would indicate a mistake was made in the original zoning of the property; **There is no indication that a mistake was made in the original zoning.**

#### **11.2.6.E - Submission requirements**

1. Any person or persons requesting a change in the official zoning map or use subject to approval of the County Commission must file an application with a plat or map of the property attached thereto, together with payment of such fees set forth in this Sec 11.2. to cover administrative and advertising costs, in the Planning and Zoning Department office. Such person or persons or their authorized agent must appear in person at the public hearing held to consider the district change. **The proposal meets the requirement. The applicant has paid the appropriate fees and understands that someone must be present at both the Hall County Planning Commission meeting and the voting meeting of the Hall County Board of Commissioners.**
2. All applications for a change of zoning classification or use subject to approval of the County Commission must include:
  - a. A narrative statement identifying the existing and proposed use of the property and addressing each of the criteria set forth in this Sec. 11.2. **The proposal provides a narrative outlining the intent of the development; however, the applicant has not prepared a response to each of the criteria listed in 11.2.6.E.2.**
  - b. A site plan drawn to scale designating the area covered by the application and identifying existing and proposed buildings and uses, adjacent existing land uses, zoning on contiguous parcels, including those across an abutting public right-of-way, and any other significant site improvements proposed to accommodate the proposed use or buffer adjacent uses, etc., or a plat of the subject property where no specific land use is proposed. In cases where only a plat or map is provided and no land use is proposed, the Planning Commission and County Commission may evaluate the application based on the most intense possible land use permitted in the proposed district. **The proposal meets the requirement.**
  - c. For any application for a slow rate land treatment system as defined in 7.6.9.D.1, additional requirements apply. **This standard is not applicable to the applicant's request**
  - d. For any application proposing the development of 100 or more residential dwelling units, a traffic impact study must be submitted prior to consideration of the application by the County

Commission. At the applicant's expense, the traffic impact study must be prepared by a professional engineer in accordance with requirements established by the Hall County Engineering Department. The Engineering Department must review the traffic impact study and forward any comments to the County Commission. **This standard is not applicable to the applicant's request.**

**Application for Rezoning of 1.13 acre tract known as Common Area at entrance of Stone Creek at the Reservoir Subdivision**

Applicant: Denise R. Jackson

I reside at 3774 Old Cornelia Highway on a 7.33 acre tract of land. After purchasing that property, I became aware that there was a 1.13 acre tract of land between my acreage and the Stone Creek at the Reservoir Subdivision. At that time, the 1.13 acre tract was owned by the daughter of a previous owner of my 7.33 tract. I purchased the 1.13 acre tract in order to keep the two tracts together.

The deed for the 1.13 acre tract contains a provision allowing for the installation of two driveways onto Reservoir Drive. I understand from the Hall County Planning and Zoning Department that before any driveways could be installed, the zoning of the 1.13 acre tract (R-1) would have to match the zoning of the 7.33 acre tract (AR-1).

The purpose of this application for rezoning is to make the 1.13 acre tract match the zoning designation of my 7.33 acre tract, both for consistency and to retain the option of installing other driveways in the future. I currently have no plans to divide the property or install a driveway.

Mr. Edwin T. Elliott  
899 Still Road  
Lawrenceville, Georgia 30045

Dear Mr. Elliott:

Please be advised that in its meeting of October 11, 2001, the Hall County Board of Commissioners voted to approve your request to amend conditions of zoning for the previously approved rezoning from AR-IV to R-I-C on a 292.71 acre tract of land, which occurred on April 26, 2001. The original rezoning was approved with five conditions, which will still apply. I have attached a copy of the letter listing all original conditions.

The action taken by the Commission at its October 11, 2001 Meeting was the approval of ten additional conditions; they are as follows:

1. The property identified to be dedicated to the Board of Education will be relocated to the rear of the property adjacent the reservoir site and streams flowing to the reservoir. This will provide additional protection for some of the streams feeding the reservoir and be deeded to Hall County, not the School System.
2. The developers project shall have access to the property being dedicated to the county and the reservoir site.
3. The county will pay for a construction easement across the developer's undeveloped property for construction access road to the reservoir site.
  - a) The county will pay fourteen hundred dollars (\$1,400.00) per acre for the access easement.
  - b) The easement will start at end of Phase I of the development and be fifty feet (50') wide.
  - c) The developer will design the road and the county will construct (reservoir contractor) the road to county standards. The county will clear and grade the road, provide all streams crossings, install water line as designed by county, not paving the road but providing a year round surface that will not erode.

- d) County will provide all soil erosion control measures required.
- e) County will provide gate valves and pipe reducers as required by the developer for future phases.
- 4. Developer will design the waterline in the subdivision and the county will design and construct the waterline to access the subdivision and through the subdivision to the reservoir site.
- 5. Developer will pay \$20.00 per foot for the waterline and \$1.00 per foot for design, for all line installed by the county to and through his property.
- 6. A center turn lane must be constructed prior to site permitting for phases of the development totaling in excess of one hundred (100) lots.
- 7. The county will assist the developer in acquiring right-of-way as needed by the development.
- 8. Water meter fees are to be \$1,100.00 per lot for five years.
- 9. Turn lane will have to be constructed during the initial phase of the project.
- 10. The required design and construction activities by the county will be incorporated into the Reservoir Construction Contract.

Please contact me if any additional information is necessary.

Sincerely,

Neighbor  
Stone Creek at the Reservoir

Re: Proposed Rezoning of 1.13 acre tract known as Common Area at entrance of  
Stone Creek at the Reservoir Subdivision

Dear Neighbor:

Please allow me to introduce myself. My name is Denise Jackson and, if you are heading north on Old Cornelia Highway (taking a right turn out of the Stone Creek at the Reservoir Subdivision), I live in the first house on the right. I moved here in October of 2022.

After moving in, I realized that one of the previous owners of my 7.33 acre tract had also owned a 1.13 acre tract located between my property and the Stone Creek at the Reservoir Subdivision. On August 25, 2023, I purchased the 1.13 acre tract of land. It just made sense to me to keep the two tracts together and maintain the buffer between my property and the subdivision. My deed (and those of the previous owners) to the 1.13 acre tract contains an option to install driveways.

The purpose of this letter is to let you know that I have filed an application with the Hall County Planning and Development Department seeking to change the zoning designation of the 1.13 acre tract from R-1 to AR-1. The reason for this proposed rezoning is to make this tract match the zoning designation of my 7.33 acre tract and to be able to retain the option of installing driveways. I emphasize that I currently have no plans to file an application to install a driveway.

My plan is to always keep the trees and shrubs as a buffer between my property and Reservoir Drive and to maintain the grass on that strip of property. As you may or may not know, Tommy and Amy England (your neighbors in the subdivision) have consistently and selflessly cared for and maintained that strip of property for years to keep the entrance to your subdivision looking good. (I understand that neighbors Phillip and Marie Steckbauer maintained the property before the Englands and continue to maintain other parts of the subdivision.) I have communicated with the Englands about its future care.

I wanted to give you notice and an explanation before the sign went up about a proposed rezoning. If you have any questions, you can send me an email at

██████████ Thank you for your time.

Sincerely,

*Denise Jackson*

**Tyler Smith, 340 Jesse Jewel Parkway, Suite 300, Gainesville,** presented the request. The applicant is requesting to amend the conditions of zoning on an 11.10± acre tract zoned Planned Commercial Development (PCD) and within the Gateway Corridor Overlay District (GCOD) to allow for outdoor storage and the expansion of services at a self-storage facility. The site is currently under development with three self-storage buildings and an office space (HDEV23-0012, HCNEW23-0196, HCNEW23-0336, HCNEW23-0337, and HCNEW23-0340). The subject property was rezoned on January 26, 2023, from Agricultural Residential III (AR-III) to Planned Commercial Development (PCD) for a self-storage facility (HZON23-0044). The rezoning approval was subject to eight conditions.

**Public Forum:**

*There were no comments in support or opposition.*

**Planning Commission Comments:**

Mr. Hunt asked the applicant which version of the site plan was approved by the Board of Commissioners. The applicant stated it is the site plan dated October 20, 2022. Mr. Braswell stated the original confusion was due to multiple site plans and that Mr. Smith provided the needed clarity.

**Excerpts from the minutes of the April 7, 2025 meeting**

#### **Applicant's Presentation:**

**Katie Greenway, Planning and Zoning Administrator**, presented a summary of the request.

**Thomas Elliott III, 1880 Sugarloaf Club Drive, Duluth**, presented the request. The applicant is requesting to amend the conditions of zoning on an 11.10± acre tract zoned Planned Commercial Development (PCD) and within the Gateway Corridor Overlay District (GCOD), to allow for outdoor storage and the expansion of services at a self-storage facility. The site is currently under development with three self-storage buildings and an office space (HDEV23-0012, HCNEW23-0196, HCNEW23-0336, HCNEW23-0337, and HCNEW23-0340). The subject property was rezoned on January 26, 2023, from Agricultural Residential III

(AR-III) to Planned Commercial Development (PCD) for a self-storage facility (HZON23-0044). This rezoning approval was subject to eight conditions.

**Charlie Hipple, 3625 McEver Road, Oakwood**, presented the request.

**Public Forum:**

**William Oberholtzer, 3709 Whiting Road, Gainesville**, spoke in favor. As the adjacent property owner, he is comfortable with both indoor and outdoor storage being allowed at the facility. Mr. Oberholtzer did question how many parking spaces are allowed and how the stormwater runoff is being managed.

**Mary Anna Jackson, 3637 Pleasant Hill Road, Gainesville**, spoke in opposition. Ms. Jackson sought clarification as to whether the 200 foot buffer at the rear of the property would be changed and if an entrance for the property would be constructed off Pleasant Hill Road. Mr. Braswell answered that the buffer would remain and there would be no access allowed from Pleasant Hill Road.

**Planning Commission Comments:**

Mr. Braswell expressed concern that the site plan approved by the Board of Commissioners in 2023, the current site plan, and the land disturbance permit site plan are different. Mr. Hunt questioned why the conceptual site plan was used for the application instead of the as-built survey. The applicant confirmed that the buffer and ingress/egress would not be changed. Mr. Sosebee suggested tabling the application to allow the applicants to provide further clarity regarding the three different sites plans in Hall County files and to provide additional details for the outdoor storage request. Mr. Braswell asked Ms. Garmon if the applicant can obtain a certificate of occupancy at this time. Ms. Garmon explained that is dependent on the Planning Commission's decision, but a temporary occupancy has been issued. Mr. Hunt asked the applicant to demonstrate compliance with the previous Board of Commissioners' decision and to provide a clearer site plan.

***Motion: A motion to table to Monday, May 19, 2025 was made by Frank Sosebee and seconded by Stan Hunt. Vote: 5-0***

---

**Staff recommends APPROVAL of the applicant's request, with the following conditions:**

1. Development is approved as generally shown on the submitted site plan dated February 10, 2025 and described in the project narrative dated March 4, 2025, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.
2. The buffers shall be protected in perpetuity by a deed that follows the property. The removal or modification of this condition shall require action by the Board of Commissioners (BOC).
3. A 200 foot undisturbed buffer shall be maintained along the right-of-way adjacent to Pleasant Hill Road.
4. Office hours of operation shall be from 9:00 am – 6:00 pm, Monday - Saturday and there shall be no tenant access onto the property from 12:00 am – 5:00 am, Monday - Sunday.

5. The developer shall provide supplemental plantings to provide screening along the portion of the tract abutting McEver Road that is proposed for outdoor storage of vehicles, boats, and RVs, excluding U-Haul parking. Supplemental plantings shall be subject to the approval of the Director of Planning and Zoning or their designee. There shall be no ingress and egress along Pleasant Hill Road.
6. No variances or development exceptions are granted as part of this request that are not explicitly granted herein. The development shall comply with the Official Code of Hall County, as well as any other agencies or reviewing departments, including, but not limited to the Fire Marshal and Hall County Engineering.
7. All conditions of zoning shall be made a part of any plats or construction plans created for the property.

### **Summary Analysis**

The applicant is requesting to amend the conditions of zoning on an 11.10± acre tract zoned Planned Commercial Development (PCD) and within the Gateway Corridor Overlay District (GCOD), to allow for outdoor storage and the expansion of services at a self-storage facility. The site is currently under development with three self-storage buildings and an office space (HDEV23-0012, HCNEW23-0196, HCNEW23-0336, HCNEW23-0337, and HCNEW23-0340).

The subject property was rezoned on January 26, 2023, from Agricultural Residential III (AR-III) to Planned Commercial Development (PCD) for self-storage facility (HZON23-0044). The rezoning approval was subject to the following eight conditions:

1. The development shall occur as depicted on the site plan presented. Minor changes can be approved by the Planning Director provided there is no increase in the square footage of storage area or number of buildings, there are no reductions in buffers, no changes in the structural design and materials, and the changes do not create the need for a variance in Hall County development standards unless approved.
2. The applicant shall be required to meet all applicable local, state, and/or federal regulations required as part of the land development process, including all GCOD standards (17.420.050). No variances from the Hall County standards are granted as part of this request, unless specifically approved and added as conditions to follow.
3. The applicant shall receive approval from the Georgia Department of Transportation (GDOT) for a commercial driveway.
4. A Landscape Plan shall be approved by the Planning Director prior to issuance of the Land Disturbance Permit (LOP).
5. Applicant shall submit architectural elevations of all four (4) sides of all structures for approval by the Planning Director with the following variances:
  - a. The north, west, and south walls of office building shall meet Gateway Corridor Standards.

- b. The north and west portions of the three (3) two-story buildings shall meet Gateway Corridor Standards, the east and south of the three (3) two-story buildings shall have metal sidings with the color to be approved by the Planning Director.
  - c. There shall be standing seam metal roof panels with the color to be approved by the Planning Director.
6. Signage shall require a separate permit and must meet the Gateway Corridors Overlay District (GCOD) standards found in Section 17.420.060; No variances from the Hall County standards are granted as part of this request, unless specifically approved and added as conditions.
7. The buffers shall be protected in perpetuity by a deed that follows the property. The removal or modification of this condition shall require action by the Board of Commissioners (BOC).
8. All conditions of zoning shall be made part of any plats or construction plans created for the property.
9. A 200 foot undisturbed buffer shall be parallel to Pleasant Hill Road.
10. Office hours of operation shall be from 9 am - 6 pm, Monday - Saturday and there shall be no tenant access onto the property from 12 am - 5 am, Monday - Sunday.
11. All fencing requirements by Gateway Corridor shall be met.
12. There shall be no ingress and egress along Pleasant Hill Road.
13. Applicant shall work with Planning Director, if feasible, to install a 4 foot high berm, the length of the proposed buildings with evergreen tree vegetation along the side of property.

The surrounding properties are zoned and developed as outlined below:

- |        |   |
|--------|---|
| North: | Planned Office Development (POD) – Family Promise of Hall County Institution – Approved for an institutional campus on October 10, 2019 (ZON2019-00081) & Agricultural Residential 1 (AR-1) – Developed with a church |
| East:  | Agricultural Residential 1 (AR-1) – Developed with a single-family residence & Residential 1 (R-1) – Developed with a single-family residence   |
| South: | Agricultural Residential 1 (AR-1) – Developed with single-family residences.  |
| West:  | City of Oakwood – Community Commercial (C-2)<br>Agricultural Residential 1 (AR-1) – Developed with single-family residences.  |

Per the narrative, the applicant is requesting to amend the approved site plan to include U-Haul truck and trailer rental services, as well as the outdoor storage of vehicles, boats, and recreational vehicles (RV's). The applicant is also requesting to include office operations for Cardinal Construction Inc. (CCI) as an additional business activities at this site.

Per the submitted site plan and narrative, the applicant has proposed two spaces at the entrance of the development to be used for U-Haul rental parking, which would facilitate the pickup or drop off of rentals outside of normal office hours. Any additional U-Haul inventory would be located in the secured parking area within the facility, accessible only during normal office hours.

Additionally, the applicant seeks to amend the conditions to allow outdoor storage for vehicles, boats, and RV parking. The applicant states that the property has 103 secured outdoor parking spaces along its perimeter that are proposed for U-Haul inventory and vehicle storage. These spaces would only be accessible between the previously approved business hours of 5:00 am and 12:00 pm.

Per the applicants' narrative, they are also requesting to amend the conditions to allow Cardinal Construction Inc. (CCI) to utilize the existing office as a base of operations for business management functions. Per the narrative, the same individual performs general office management operations for both CCI and Hometown Storage. The applicant further states no CCI customers will be visiting the site and CCI's presence at Hometown Storage will not be advertised, be publicly visible, or used to conduct any other business at this location.

### **Zoning Analysis**

When considering a zoning amendment to the zoning maps, the Planning Commission must study the need and justification for the change based on a determination of the facts applicable to the particular case, and the following general lines of inquiry must be considered:

- a) Whether the zoning proposal will permit a use that is suitable in view of the use, development and zoning of adjacent and nearby property; **The proposed amendments to the site plan and conditions are suitable in view of the use and development of adjacent and nearby properties as well as the previous approval for the Planned Commercial Development on January 26, 2023.**
- b) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **The proposed rezoning does not adversely affect the existing use or usability of adjacent properties.**
- c) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The property has reasonable economic use as currently zoned.**
- d) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public health facilities or emergency medical service; **The proposed amendment of conditions is not anticipated to cause an excessive or burdensome use of the existing streets, transportation facilities, utilities, schools, police protection, fire protection, public facilities, or emergency medical service.**
- e) Whether the zoning proposal is in conformity with the policy and intent of the future land use plan for the physical development of the area; **The zoning designation has been established by previous board action with the original approval of the development. The requested modification does not significantly impact the designated future land use of the area.**
- f) The extent to which property values are diminished by the existing zoning restrictions; **Staff is unable to determine the extent to which property values are diminished by the existing zoning restrictions.**
- g) The extent to which the destruction of the subject property's value under the existing zoning promotes the health, safety, morals or general welfare of the public; **Staff is unable to comment on the impact of property values without a full market analysis. Multiple factors impact property values including construction types, proposed uses, and maintenance. Often it is**

**difficult to determine the effect of a development on adjacent properties until the development is completed.**

- h) The relative gain to the public as compared to the hardship imposed upon the individual property owner; **Staff has not identified a hardship imposed on the property owner as the property is currently zoned.**
- i) The length of time the property has been vacant as zoned considered in the context of land development in the area in the vicinity of the property; **The property is currently under development as a storage facility with three self-storage buildings and an office (HDEV23-0012).**
- j) Whether there are other existing or changing conditions affecting the use or development of the property which give supporting grounds for either approval or disapproval of the zoning proposal; **There are no known changing conditions affecting the use or development of the property.**
- k) Whether the change would create an isolated district unrelated to the surrounding districts; **As the property is already zoned Planned Commercial Development (PCD), this would not create an isolated district unrelated to the surrounding districts. Additionally, per the Official Code of Hall County, Planned Development Districts are to be utilized as a "floating zone" which shall mean that areas will not be pre-designated as planned development districts but rather each such designation shall result from a specific and separate application for amendment.**
- l) Whether the present zoning district boundaries are illogically drawn in relation to existing conditions in the area; **There is no evidence that the present zoning district boundaries are illogically drawn.**
- m) Whether the change requested is out of scale with the needs of the county as a whole or the immediate neighborhood; **The property is currently zoned Planned Commercial Development (PCD) and the proposed amendments are not out of scale with the needs of the County as a whole or the immediate neighborhood.**
- n) Whether it is impossible to find adequate sites for the proposed use in districts permitting such use and already appropriately zoned; **There are other sites within the county that would allow this use without board action, however, the proposal to amend the conditions requires approval by the Board of Commissioners.**
- o) Whether the need for rezoning could be handled instead by a variance request to the Planning Commission; **The request to amend conditions could not be handled alternatively as a variance.**
- p) Whether there would be an ecological or pollution impact resulting from major modifications to the land if the request is granted; **Any land disturbance activities on the property shall be required to go through the land development permitting process, and as a result are subject to local, state, and federal regulations. As a result, there are no anticipated ecological or pollution impacts resulting from any modification to the land if the request is granted.**

- q) Whether there is reasonable evidence based upon existing and anticipated land use that would indicate a mistake was made in the original zoning of the property; **There is no indication that a mistake was made in the original zoning.**

#### **11.2.6.E - Submission requirements**

1. Any person or persons requesting a change in the official zoning map or use subject to approval of the County Commission must file an application with a plat or map of the property attached thereto, together with payment of such fees set forth in this Sec 11.2. to cover administrative and advertising costs, in the Planning and Zoning Department office. Such person or persons or their authorized agent must appear in person at the public hearing held to consider the district change. **The proposal meets the requirement. The applicant has paid the appropriate fees and understands that someone must be present at both the Hall County Planning Commission meeting and the voting meeting of the Hall County Board of Commissioners.**
2. All applications for a change of zoning classification or use subject to approval of the County Commission must include:
  - a. A narrative statement identifying the existing and proposed use of the property and addressing each of the criteria set forth in this Sec. 11.2. **The proposal provides a narrative outlining the intent of the development; however, the applicant has not prepared a response to each of the criteria listed in 11.2.6.E.2.**
  - b. A site plan drawn to scale designating the area covered by the application and identifying existing and proposed buildings and uses, adjacent existing land uses, zoning on contiguous parcels, including those across an abutting public right-of-way, and any other significant site improvements proposed to accommodate the proposed use or buffer adjacent uses, etc., or a plat of the subject property where no specific land use is proposed. In cases where only a plat or map is provided and no land use is proposed, the Planning Commission and County Commission may evaluate the application based on the most intense possible land use permitted in the proposed district. **The proposal meets the requirement.**
  - c. For any application for a slow rate land treatment system as defined in 7.6.9.D.1, additional requirements apply. **This standard is not applicable to the applicant's request**
  - d. For any application proposing the development of 100 or more residential dwelling units, a traffic impact study must be submitted prior to consideration of the application by the County Commission. At the applicant's expense, the traffic impact study must be prepared by a professional engineer in accordance with requirements established by the Hall County Engineering Department. The Engineering Department must review the traffic impact study and forward any comments to the County Commission. **This standard is not applicable to the applicant's request.**

**Hometown Storage**  
**3625 McEver Road LLC**  
**Record # HZCU25-0010**  
**Supplemental Application Narrative**  
**May 2, 2025**

On April 7, 2025, the Applicant appeared before the Hall County Planning Commission related to a Conditional Zoning Request to amend the conditions of the original zoning to a Planned Commercial Development on January 26, 2023. The changes being requested were:

1. Allow UHaul truck and trailer rental services,
2. Allow the outdoor storage of vehicles, boats, and recreational vehicles, and
3. Allow the office operations of Cardinal Construction Inc. to operate at this site.

The Planning Commission tabled consideration of this application at the April 7, 2025 pending receipt of additional information primarily pertaining to the time line of the planning, development, and approval process as it relates to outdoor storage, and the screening landscaping in place at the facility.

**Planning and Development Approval Timeline**

The following recaps the timeline of the planning and development process:

<b>Date</b>	<b>Description</b>
10/20/2022	Conceptual Site Plan prepared for Zoning Application, no outdoor storage
12/19/2022	Hall Co Planning Commission Approval of Rezoning to PCD
1/26/2023	Hall Co BOC Approval of Rezoning to PCD
2/14/2023	Initial Civil Plan (v3) submitted, no outdoor storage reflected
6/5/2023	Revised Civil Plans (v7) submitted, included 91 outdoor parking spaces (paved & gravel) and landscaping plan
7/24/2023	Revised Civil Plans (v9) submitted, included 91 outdoor parking spaces (paved & gravel), including landscaping plan
8/25/2023	Approval Permit for Site Development issued, including 91 outdoor parking spaces (paved & gravel) and landscaping plan
3/31/2025	As Built Plan submitted, includes 103 paved outdoor parking spaces

Outdoor Storage was not included in the Conceptual Plan or the first Civil Plan v3 submitted on Feb 14, 2023. Outdoor Storage was included on Civil Plan v7 submitted on June 5, 2023. No comments regarding Outdoor Storage were received as part of the review of Civil Plan v7 nor as part of Civil Plan v9 submitted on July 24, 2023.

Civil Plan v9 was the last version of the site plan submitted for review and approval. It included the Hall County BOC Rezoning Approval and Conditions, the original Conceptual Plan, the detailed Civil Plan v9, and it was approved for site development on August 25, 2023.

#### **Changes to Civil Plan v9 – Paved Parking**

The only change to the physical infrastructure between Civil Plan v9 and the As Built survey was to pave the outdoor parking/storage spaces vs. gravel. The cost of paving was not significantly greater than gravel, and paving is a much superior solution from a quality, esthetics, and appearance standpoint. The Hydrology and Stormwater plans were modified to accommodate the paved surfaces vs. gravel.

#### **Landscape Plan – Outdoor Storage Screening**

Both Civil Plans v7 and v9 that reflect outdoor storage include a Landscaping Plan for the facility that is compliant with the Gateway Corridor Standards and providing necessary buffering for the outdoor storage.

To provide buffering, the Landscape Plan included Red Maple (12) and Water Oak (3) trees for the front of the facility, and Leyland Cyprus (9) for the right side of the facility. Actually, 14 Red Maples and 4 Water Oaks were planted to provide appropriate screening.

In addition to the plan, 149 Boxwood hedge plants were planted along the front of the property to provide additional screening.

A recap of the Landscape Screening Plan and Actual is as follows:

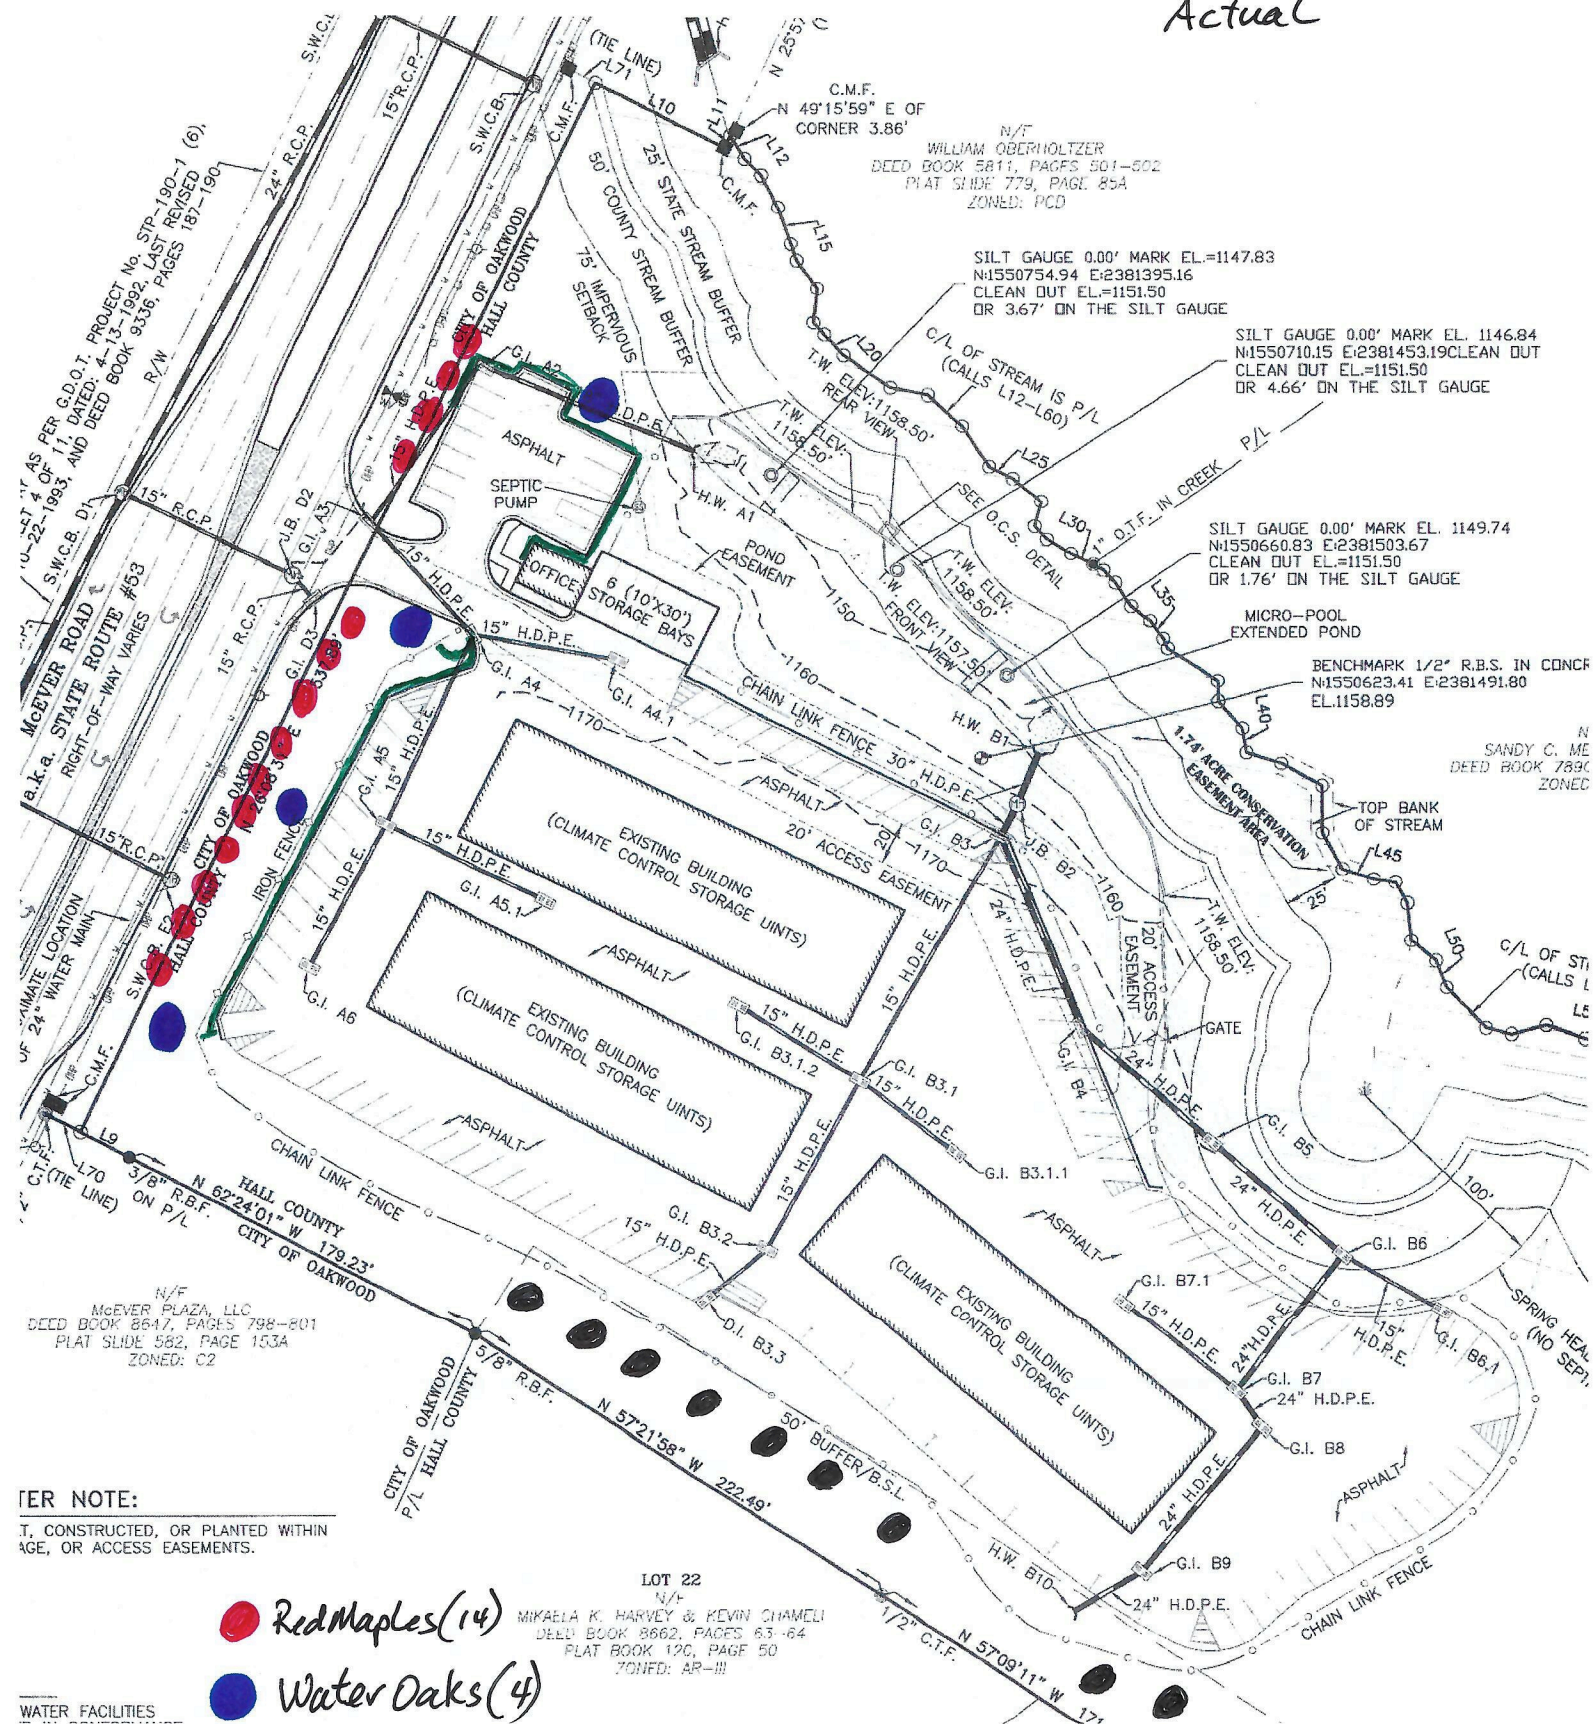

<b>Description</b>	<b>Plan</b>	<b>Actual</b>
Red Maple Trees (front)	12	14
Water Oak Trees (front)	3	4
Leyland Cyprus/Arbor Vitae (right side buffer)	9	9
Box Woods along Fence/Front Perimeter	0	149

Boxwoods along the front fence were installed to provide additional hedge screening along McEver Road.

The marked-up Landscape Plan of the screening trees and plants actually installed is separately provided.

**Application Narrative**

**March 4, 2025**

Hometown Storage is a self storage facility located at 3625 McEver Road in Oakwood. Hometown Storage was granted a PCD on December 19, 2022 to build and operate a self storage facility with both climate and non-climate controlled units.

We are requesting approval to add Outdoor Storage to the facility as well as a small office space within our existing office building to house Cardinal Construction Inc.'s management function. Adding Outdoor Storage and Cardinal Construction's management function requires no change to the structures (square footage, number, design or materials) and buffers approved and currently in place.

Cardinal Construction Inc. ("CCI") is a related and integral party of the Hometown Storage business. CCI's President (Charles W. Hipple, Jr.) is a 34.6% owner in 3625 McEver Road LLC, the legal entity that owns and operates Hometown Storage. CCI operates and manages its construction business out of the Hometown Storage facility (primarily accounting services). The same person that performs these functions for CCI also maintains the accounting records and provides other management services for Hometown Storage. Customers of CCI do not and will not come to the Hometown Storage facility to conduct any business. CCI's presence at Hometown Storage will not be publicly visible or advertised.

Our Outdoor Storage will include UHaul rental trucks and trailers as well as car, boat, and RV ("Vehicle") storage. Offering UHaul truck rental and Vehicle storage a very common feature of a self storage facility. UHaul Rentals is a necessary business function for Hometown Storage since it is expected by many of our current and potential self storage customers in order to transport their goods to and from their self storage unit.

Refer to Attachment A for our final recorded plat and Attachment B for a magnified version that shows where the UHaul trucks and Vehicle storage will be located on our facility.

We have an open (unsecured) parking lot in the front of the facility where we would locate 2 UHaul trucks for rental. It is important to offer 2 trucks for rental in the unsecured lot so customers can pickup and drop off trucks outside of normal office hours when the security gate is closed. UHaul manages the virtual rental, pick up, and drop off function. A key lock box will be located at this lot so customers can pick up or drop off the truck keys with no human interaction.

We also have 103 secured outdoor parking spaces inside our gate. These parking spaces run around the perimeter of the facility. These secured spaces would be used for the Vehicle storage and additional UHaul trucks over the 2 trucks parked in the unsecured lot.

The 103 secured outdoor parking spaces can only be accessed between 5am and 12 midnight per Hall County requirements already agreed for the indoor storage units.

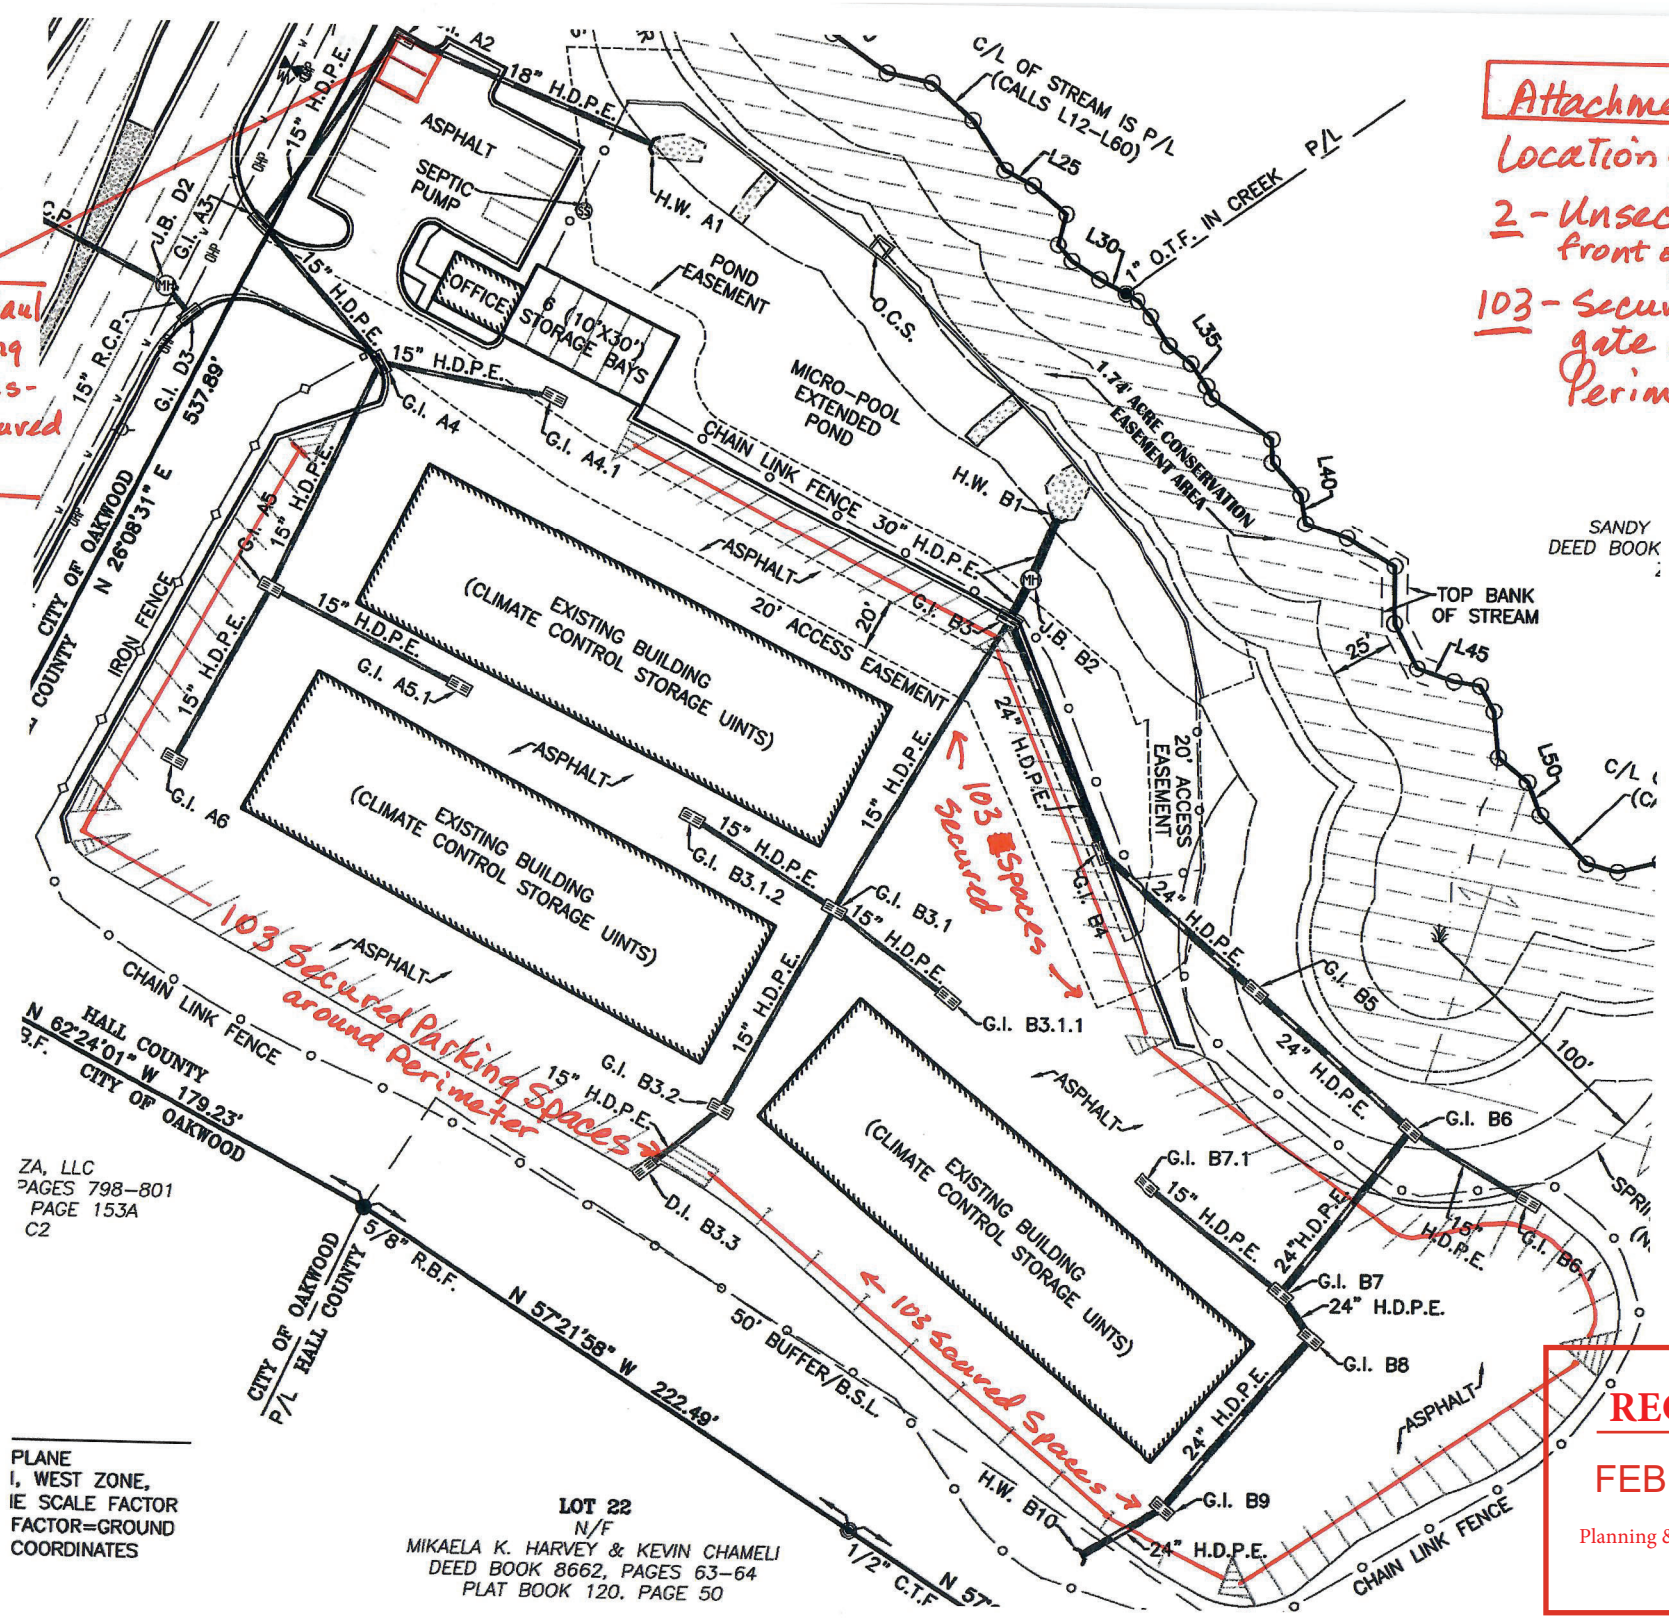

All buffers agreed in the property rezoning to PCD remain fully in place. Landscape screening vegetation is in place along the fence in front of McEver Road to shield the stored Vehicles from view from McEver Road. No additional road signage is proposed or required by this application.

In further support of granting this application, the property at 3709 Whiting Road, Gainesville, GA 30504 (adjacent to the Hometown Storage property) is also zoned PCD, operates a miniature golf course (The Oaks) and operates a UHaul truck rental dealership. The UHaul Truck rental/outdoor storage capability is significantly more essential to Hometown Storage's self storage business than to a miniature golf course.

The applicant respectfully requests that the application to operate a UHaul truck rental/outdoor storage and house CCI's management function in the Hometown Storage self storage facility be approved.

RE: IFB #026-45 Hall County – Spout Springs Water Reclamation Facility Expansion to 1.6 MGD  
Proposed Change Order – Construction Services

Dear Bill:

The RFP included specific hours to be provided by the consultant for site inspection, professional inspection (special inspections) and Contract Administration during the entire construction project. For a project this size, the number of hours to perform construction services is insufficient. During the design phase, changes were made to increase the complexity of the project that require additional construction administration time. CEC requests additional compensation for time necessary to perform construction administrative services as summarized below.

	Task	Hours Budgeted	Fee
A.	Submittal Review	432	\$60,480.00
B.	Process RFIs and Change Orders	80	\$11,340.00
C.	Project Meetings (On-site)	80	\$11,200.00
D.	Construction Inspections (PE)	520	\$72,800.00
E.	Pay Application Processing	48	\$6,720.00
F.	Prepare O&M Manual for EPD	240	\$33,600.00
	Total	1,400	\$196,000.00

The narrative below describes the rational for the fees described above.

- A. Submittal Review – CEC will process shop drawings submitted by contractor.
- B. Process RFIs and Change Orders – CEC will address and resolve RFIs and Change Orders related to technical issues and contract financial considerations.
- C. Project Meetings (On-Site) – As needed, meet on site to resolve issues related during construction, including punch list inspection.
- D. Construction Inspections – On-Site inspections during construction for items such as rebar, equipment, or site considerations. CEC assumes one visit per month for 13 months at 5 hours per visit to allow for travel time, inspection, and reports.
- E. Pay Application Processing – Process pay requests once Hall County has reviewed and met with contractor on-site agreeing to quantities to be billed. This line item does not include on-site review and work completed.

Mr. William King  
June 3, 2025  
Page 2 of 2

- F. Prepare O&M Manual for EPD – Prepare document required by EPD for their review and approval before facility can be placed into operation.

CEC requests a change order of \$196,000 to provide the necessary construction services through the end of April 2026 and Lakeshore's scheduled contract completion date.

Please call with any questions.

Very truly yours,

#### **ARTICLE #104 – NON-EXCLUSIVE RIGHTS**

The Contract is not exclusive. The County reserves the right to select other Contractors to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Contractor fail to perform.

#### **ARTICLE #105 – CONTRACT TERM**

From Notice-to-Proceed until substantial and final completion of Services according to agreed time-schedule of and after all subcontractor(s) and material suppliers' liens are satisfied.

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

**A. Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a subcontractor's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

**B. Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.

**C. Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing thirty (30) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

**A. Termination for Convenience.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.

**B. Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:

1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
4. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.

6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

**C. Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:

1. Immediately terminate the Contract for default without additional written notice; and/or,
2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

**D. Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.

**E. Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:

1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, or subcontractors have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS*.

**F. Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.

This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. Any Contract with a subcontractor must also preserve the rights of the County.

#### **ARTICLE #116 – WAIVER**

#### **ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS**

#### Purpose of Request:

Approve Change order #1 of RFQ/P#43-021 Construction Manager at Risk for Hall County Health Department Campus Renovations for Public Works & Utilities to Hogan Construction Group, LLC of Peachtree Corners, GA, in the amount of \$620,614.00.

#### History:

The Board previously approved the award of the RFP/Q #43-021 on May 25, 2023 to Hogan Construction Group based on the contractor's fee. It was determined upon completion of the Civil and Architectural contract documents for the Health Dept Campus improvements, the awarded contractor would provide a GMP for the Board's consideration.

The Board approved GMP#1 for the site work and medical office building (8,065 s.f.) phase of the project for \$4,527,604.00 on September 14, 2023.

The Board approved GMP#2 for the interior renovations phase (33K s.f.) of the project for \$6,359,283.00 on August 08, 2024.

#### Facts and Issues:

#### Options:

The Change order requested for approval is for design-build services for sidewalk and lighting installation at Butler Park which is immediately adjacent to the Health Dept project that Hogan is currently performing construction services for.

Included in the change order proposal is ~13,000 square feet of 6' wide, 6" thick concrete sidewalks with reinforcement. The layout is planned to match the Trail & Lighting Exhibit for Hall Co. Parks and Leisure provided by Rochester & Associates. The existing mulch trail will be removed and graded to allow for the installation of the concrete.

This proposal also includes the cost to provide twenty-four 15' pole lights around the proposed walking trail and park. The power for these lights will be provided from an existing panel in the Health Department building. The proposed light poles, heads, and a photometric layout are attached to this proposal. The attached photometric is based on seventeen light poles, but as stated we have included the cost for twenty-four light poles. Motion sensors are included at each light pole.

CHANGE ORDER REQUEST

CHANGE PROPOSAL DATE: 03-Jun-25  
PROJECT: Hall County Health Department Campus Renovation  
HOGAN CONST. GROUP PROJ # 12409  
CHANGE REQUEST # 14  
TIME EXTENSION: 0 DAY(S)

DESCRIPTION OF CHANGE:

The below pricing reflects Hogan's cost proposal to provide the Design-Build Services for Butler Park Improvements. Included in the proposal is 12,944 square feet of 6' wide, 6" thick concrete sidewalks with reinforcement. The layout is planned to match the Trail & Lighting Exhibit for Hall Co. Parks and Leisure provided by Rochester & Associates. The existing mulch trail will be removed and graded to allow for the installation of the concrete.

This proposal also includes the cost to provide twenty-four 15' pole lights around the proposed walking trail and park. The power for these lights will be provided from an existing panel in the Health Department building. The proposed light poles, heads, and a photometric layout are attached to this proposal. The attached photometric is based on seventeen light poles, but as stated we have included the cost for twenty-four light poles. Motion sensors are included at each light pole.

Rochester will provide site drawings for the permit and Hogan will provide the electrical drawings.

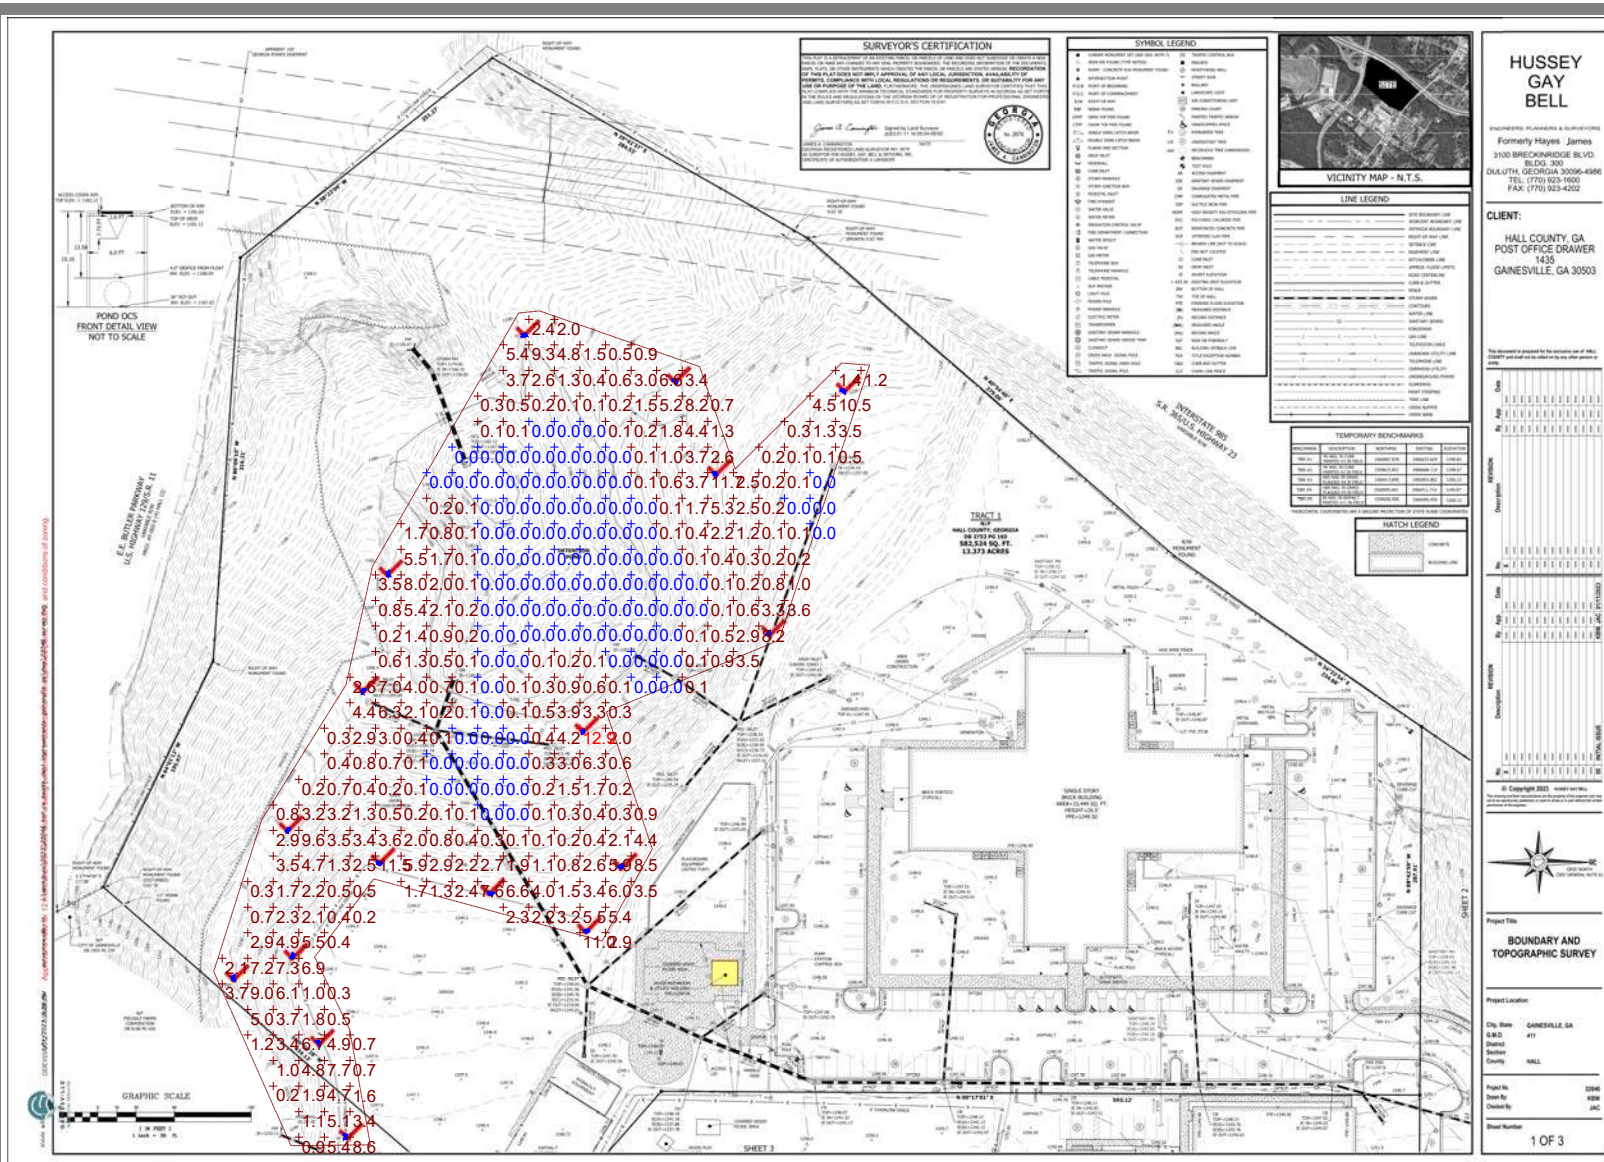

This project is planned to take 12 weeks and is priced to be completed before October 2025. If the work occurs after October 2025, at no fault of Hogan's, additional supervision costs will be needed.

The following items are not included in this proposal; bridges, new or rework of existing storm sewer systems, sod, the cost of a permit, or materials testing.

Add Alternate - Increase the width of the sidewalks to 8' wide, 6" thick concrete sidewalks - \$43,775.00

Length:	21.8" (55.4 cm) (SPA mount)
Width:	13.3" (33.8 cm)
Height:	3.0" (7.6 cm) Main Body 7.2" (18.4 cm) Arm
Weight: (SPA mount):	22.0 lbs (10.0 kg)

## Introduction

The new RSX1 LED Area family delivers maximum value by providing significant energy savings, long life and outstanding photometric performance at an affordable price. The RSX1 delivers 7,000 to 17,000 lumens allowing it to replace 70W to 400W HID luminaires.

The RSX features an integral universal mounting mechanism that allows the luminaire to be mounted on most existing drill hole patterns. This "no-drill" solution provides significant labor savings. An easy-access door on the bottom of mounting arm allows for wiring without opening the electrical compartment. A mast arm adaptor, adjustable integral slipfitter and other mounting configurations are available.

## FEATURES & SPECIFICATIONS

### INTENDED USE

The RSX LED area luminaire is designed to provide a long-lasting, energy-efficient solution for the one-for-one replacement of existing metal halide or high pressure sodium lighting. The RSX1 delivers 7,000 to 17,000 lumens and is ideal for replacing 70W to 400W HID pole-mounted luminaires in parking lots and other area lighting applications.

### CONSTRUCTION

The RSX LED area luminaire features a rugged die-cast aluminum main body that uses heat-dissipating fins and flow-through venting to provide optimal thermal management that both enhances LED performance and extends component life. Integral "no drill" mounting arm allows the luminaire to be mounted on existing pole drillings, greatly reducing installation labor. The light engines and housing are sealed against moisture and environmental contaminants to IP66. The low-profile design results in a low EPA, allowing pole optimization. All mountings are rated for minimum 1.5 G vibration load per ANSI C136.31. 3G Mountings: Include SPA, RPA, MA, IS, AASP, and AARP rated for 3G vibration. 1.5G Mountings: Include WBA, WBASC, AAWB and AAWSC rated for 1.5G vibration.

### FINISH

Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures superior adhesion as well as a minimum finish thickness of 3 mils. The result is a high-quality finish that is warrantied not to crack or peel.

### COASTAL CONSTRUCTION (CCE)

Optional corrosion-resistant construction is engineered with added corrosion protection in materials and/or pre-treatment of base material under super durable paint. Provides additional corrosion protection for applications near coastal areas. Finish is salt spray tested to over 5,000 hours per ASTM B117 with scribe rating of 10. Additional lead times apply.

### OPTICS

Precision acrylic refractive lenses are engineered for superior application efficiency, distributing the light to where it is needed most. Available in short and wide pattern distributions including Type 2, Type 3, Type 3S, Type 4, Type 4S, Type 5, Type 5S, AFR (Automotive Front Row), and AFR rotated AFR90 and ARFL90.

### ELECTRICAL

Light engine(s) configurations consist of high-efficacy LEDs mounted on metal-core circuit boards and aluminum heat sinks to maximize heat dissipation. Light engines are IP66 rated. LED lumen maintenance is >L92/100,000 hours. CCT's of 3000K, 4000K and 5000K (minimum 70 CRI) are available. Fixtures ship standard with 0-10v dimming driver. Class 1 electronic drivers ensure system power factor >90% and THD <20%. Easily serviceable 10kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

### STANDARD CONTROLS

The RSX LED area luminaire has a wide assortment of control options. Dusk to dawn controls include MVOLT and 347V button-type photocells and NEMA twist-lock photocell receptacles.

### nLIGHT AIR CONTROLS

The RSX LED area luminaire is also available with nLight® AIR for the ultimate in wireless control. This powerful controls platform provides out-of-the-box basic motion sensing with photocontrol functionality and is suitable for mounting heights up to 40 feet. No commissioning is required when using factory default settings that provide basic stand-alone motion occupancy dimming that is switched on and off with a built-in photocell. See chart above for motion sensor default out-of-box settings. For more advanced wireless functionality, such as group dimming, nLight AIR can be commissioned using a smartphone and the easy-to-use CLAIRITY app. nLight AIR equipped luminaires can be grouped, resulting in motion sensor and photocell group response without the need for additional equipment. Scheduled dimming with motion sensor over-ride can be achieved when used with the nLight Eclipse. Additional information about nLight Air can be found [here](#).

### INSTALLATION

Integral "no-drill" mounting arm allows for fast, easy mounting using existing pole drillings. Select the "SPA" option for square poles and the "RPA" option to mount to round poles. Note, the RPA mount can also be used for mounting to square poles by omitting the RPA adapter plate. Select the "MA" option to attach the luminaire to a 2 3/8" horizontal mast arm or the "IS" option for an adjustable slipfitter that mounts on a 2 3/8" OD tenon. The adjustable slipfitter has an integral junction box and offers easy installation. Can be tilted up to 90° above horizontal. Additional mountings are available including a wall bracket, adjustable tilt arm for direct-to-pole and wall and a surface conduit box for wall mount applications.

- Wall thickness will be signified with a "C" (11 Gauge) or a "G" (7-Gauge) in nomenclature. "C" - 0.12" | "G" - 0.18".
- PT open top poles include top cap. When ordering tenon mounting and drill mounting for the same pole, specify as drilling option/tenon option. The combination includes a required extra handhole.  
*Example: DM28/T20.*
- Refer to the luminaire spec sheet for the correct drilling template pattern and orientation compatibility.
- Must add original order number. Not for replacement parts or post sales issues, contact tech support or post sales teams. VM is used to ensure poles match in appearance exactly from order to order, on a single project site. A common use case would be a multi-phase project with multiple orders.

#### **ARTICLE #105 – CONTRACT TERM**

#### **ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION**

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

#### **ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE**

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice-to-Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice-to-Cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice-to-Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon. Additional provisions are:

- A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

**Definition:** The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

- B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to **ARTICLE #108 – TERMINATION PROVISIONS.**
- C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).
- D. If at any point during the life of this Agreement the Federal Communications Commission ("FCC") takes any action, or there is action taken by another legislative body, that materially alters what is required of Hall County Sheriff's Office's to comply with the Martha Wright-Reed Act, Hall County Sheriff's Office shall be entitled to immediately renegotiate the terms and pricing of the Agreement with the Vendor. If what is required to be in compliance with the Martha Wright-Reed Act does materially change during the life of this Agreement and Hall County's Sheriff's Office wishes to enforce their right to renegotiate any terms or pricing of the Agreement Hall County Sheriff's Office shall provide Vendor with written notice of the material change and notify Vendor of what terms and/or pricing they wish to renegotiate. If thereafter the parties cannot agree to new terms and/or pricing Hall County Sheriff's Office shall be entitled to terminate the Agreement, without penalty, by providing the Vendor written notice at least five (5) days in advance of the date upon they wish the Agreement to terminate. A termination of the Agreement by Hall County Sheriff's Office under this provision shall not in any way be considered a breach or cause Hall County Sheriff's Office to be liable for damages of any kind.

#### **ARTICLE #108 – TERMINATION PROVISIONS**

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

- A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.

2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
  3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
  4. The Contractor becomes subject to any Bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including Bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
  5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
  6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with ARTICLE # 108.C below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.
- C. **Notice of Default.** If either Party causes any of the default events set out in ARTICLE # 108 – *TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
1. Immediately terminate the Contract for default without additional written notice; and/or,
  2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
  3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.
- D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.
- E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.

2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance and payment bonds (if required) when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS.

**F. Payment Limitation in Event of Termination.**

In the event of termination of the Contract for cause by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract. Contractor's financial offer to County is based on the expectation of a term of at least three years, inclusive of optional renewal terms (collectively, the "Cost Recovery Period"). In the event County terminates the Contract for convenience (without cause) pursuant to Article #108.A, or otherwise elects not to renew the Term pursuant to Article #105, prior to completion of the Cost Recovery Period, then County shall reimburse Contractor for its cost to deliver and implement inmate communication services at the rate of \$12,000.00 per month for each month that would have otherwise remained in such Cost Recovery Period."

**G. Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:

1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
2. Immediately cease use and return to the County any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.

**ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY**

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

**ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR**

The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

#### **ARTICLE #112 – ENTIRE CONTRACT**

No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

#### **ARTICLE #113 – SEVERABILITY**

If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

#### **ARTICLE #114 – RECORDS**

- A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.
- B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

#### **ARTICLE #115 – ADDITIONAL TERMS AND CONDITIONS**

The County shall not be bound by any terms and conditions included in any Contractor's sales-orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreement, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

#### **ARTICLE #116 – WAIVER**

Set-Off Against Sums Owed by the Contractor.** If the Contractor owes the County any sum under the terms of this Contract, pursuant to any judgment or pursuant to any law, the County may set off the sum owed by the Contractor against any sum owed to the Contractor, in the County's sole discretion.

The Contractor is required to provide new bonds at the issuance of each renewal option term(s) or extension(s) that follow.

The Contractor must provide all required bonding instruments to the County prior to the commencement of any work. The County will consider any work done prior to the receipt of bonding instruments as null and void and thus not eligible for compensation.

Will the County please confirm that this requirement is for inmate telephone calls? **Inmate Telephones**

Section 4. Inmate Mail System, 3 states " To ensure the best level of support, Contractor must be the prime contractor of the DPMS proposed. DPMS provided by a subcontractor, third party or affiliate will not be accepted." We are concerned that that aspect of RFP requirement is specific to a single vendor's solution and, as the requirements are written, cannot be met by any other solution provider without custom development. We are concerned that the requirement as written does not provide a level playing field and gives one vendor an advantage in advance of the evaluation. To establish a level playing field would the County be open to receiving bids that accomplish the required functionality and include the use of a subcontractor? Specifically in this case, a subcontractor could be used to provide a solution where the receipt and scanning of the mail is the part of solution where a third party is utilized, but the storage, tracking, investigative and inmate delivery via the tablet and tablet application is developed and managed by the prime contractor. Some vendors have chosen to partner with a third party to ensure that customers receive the best possible solution in that both the prime contractor and vendor are performing the functions that are within their core expertise and in the best interest of the customer. Would the County consider this a compliant response? **We don't see where this would cause an issue.**

Section J Hardware, as Described Herein, 8, Attorney Visitation phones states, "6 sets of 8 phones (on inmate side, one public side)." Are these phones currently installed? If so, are they currently recorded by the inmate telephone system? **Yes, currently**

**installed by current contractor and are recorded with the exception of 12 designated private phones.**

Will the County provide 6-12 months of call data/minutes of use (MOU)? Commission statements are the best source for this information. This will allow us the ability to place a value on this solicitation, therefore identifying all services that we can provide to the County with our offer. We do not need to see the commission amount returned to the County just the data within each monthly report. **See Hall Co. Commissions 2024**

Can the County provide a complete breakdown on the housing locations for the main facility, and the work release and house arrest and hardware per housing unit at each facility to include bed count, phones, commissary kiosk and visitation kiosks? **See attached "Hardware List by Pod"**

In the Bidder Response Section of the RFP it states, "Technical Qualifications Each bidder must provide three (3) hard paper copies, with one (1) marked "Original" and two (2) marked "Copy" of their Technical Qualifications response. Submit all three (3) hard paper copies in a sealed envelope(s) separate from the Cost Proposal. Cost Proposal Bidders are to also submit three (3) hard paper copies with one (1) marked "Original" and three (3) marked "Copy" of their Exhibit C – Mandatory Cost Proposal. However, in Section 6.0 Submission of Proposals, 6.1 the requirement states "The County requests that Bidders submit proposals addressing all items listed below. Failure to include any of these mandatory documents may result in disqualification. All responses must be in writing. Bidders should submit one (1) copy of marked "Original" and Three (3) marked "Copy" and all documents loaded onto one (1) USB flash drive in MS Word, Excel and PDF formats depending on the document with the technical response and cost proposal separated into two different file folders on the USB flash Drive. Will the

County please confirm that the technical and cost proposal submitted should be an original and 3 copies of each? **Yes, that is correct.**

Section 8.0 Selection Process, 8.5 states

"Respondents are encouraged to submit clear and concise responses and excessive length, or extraneous information is discouraged. In an effort to ensure our ability to evaluate and choose a successful Firm, respondents are encouraged to organize their proposal as follows: Section 1 – Cover Letter and Executive Summary Section 2 – Answer all Mandatory Scored Questions Section 3 – Cost Proposals Submitted in a separate sealed envelope." Does the County want responses to Section 4.0 Scope of Work? If so, where should this information be placed in the response? **In the technical response envelope.**

Will the County accept additional sections to accommodate attachments and signed addenda? For example, would the County accept a proposal that is assembled as follows: **Yes, that will be fine as long as all required questions are answered and required documents are signed.**

Where should these items be included in our response to the County? **In the technical response envelope.**

Can we provide multiple offers by duplicating Exhibit C, Cost Proposal form? **No, only one bid per company is allowed.**

Exhibit G, Mandatory Scored Questions, line item number 5 states "This RFQ/P has a total potential of 1,000 points for a perfect score. The bidder with the closest score to 1,000 will be the apparent contract award winner. Of the 1,000 points, we use an 80/20

Can the County provide the distance between the main facility and work release and the house arrest location? **Work Release and the Main facility are located at the same location. Offenders assigned to House Arrest are not on site but report to the facility.**

We respectfully request that County, extend the bid submission date by two weeks from the date when final Addenda and Questions/Answers to Proposer questions are provided. This would allow vendors to have an adequate opportunity to review answers to questions that are currently only known to the incumbent provider. The current schedule accepts questions until April 24, 2025, which is only (7) seven business day(s) prior to when vendors will need to ship their proposals. **The bid opening will remain on May 8, 2025, at 2:00 pm EST.**

How many TTY/TDD telephones are required? **1 in admission**

Can County, provide a firm date on when all answers will be provided to vendor questions and a firm date on when a final addendum would be released? Where are the IPRO telephones located? **All phones are located in the pods, admissions and a rolling cart for medical.**

Section 5, Inmate Banking Software, letter I, Recoverable Transactions and Inmate Debts, sub bullet #4 states "Collection at Time of Reinstatement – Remaining uncollected recoverable amounts may be collected during reinstatement should the inmate return to the facility at a future date o". Will the County please provide the complete requirement for this bullet point? **If an inmate owes money, (like for**

damage, fees, or other charges) and hasn't paid it all before leaving the facility (for example, if they are released), the unpaid portion is still considered collectible.

If that same person comes back to the facility later (like if they are re-incarcerated), the facility can try to collect the remaining unpaid amount at that time. So basically: just because the inmate leaves doesn't mean the debt is erased—if they come back, the facility can pick up where they left off in collecting what's owed.

Can the County confirm whether there is existing Cat5 or Cat6 fiber for video visitation available to the new provider? **Cat 5**

6.0 SUBMISSION OF PROPOSALS, #6.4, (pg 26) lists the exhibits and other documentation to be included in the Technical Qualifications packet and the Cost Proposal packet. 8.0 SELECTION PROCESS, #8.5, (pg 27) provides the following suggested organization for the proposal: ? Section 1 – Cover Letter and Executive Summary, ? Section 2 – Answer all Mandatory Scored Questions (Exhibit G), ? Section 3 – Cost Proposals Submitted in a separate sealed envelope. Please confirm the following to clarify the preferred proposal organization:

a). • "Section 1 – Cover Letter and Executive Summary" AND "Section 2 – Answer all Mandatory Scored Questions" should both be included in the Technical Qualifications packet.; **Yes**

b). The required exhibits and documentation that are to be included in the Technical Qualifications packet (in addition to Exhibit G) can be included in "Section 2," as outlined in #8.5; **Yes**

c). Please confirm if you require individual responses to the requirements on pages 10-22. These are not included in 6.0 SUBMISSION OF PROPOSALS or 8.0 SELECTION PROCESS. **Yes**

After the first round of questions is answered, will the County accept additional questions if clarification is needed for any of the County's responses? **No**

Regarding the required four (4) hour guaranteed service response time, 24/7/365 for Vending Machines:

- Can you confirm whether the current vendor consistently meets this response time requirement? **Machines have only had any issues that required a technician, the technician arrived next day. The machines are usually maintained by Hall County Maintenance Staff.**
- Does the current vendor employ a dedicated technician or maintain on-site personnel at the jail to fulfill this service commitment? **Vendor Supplied for more technical issues that cannot be locally repaired.**

Regarding the "Hardware" section:

- The section does not specify vending machines as required hardware. Can you confirm the number of vending machines, if any, that are expected to be installed at the facility? **See attached**
- Additionally, would Hall County be open to considering a commissary solution that does not rely on traditional vending machines, but instead utilizes alternative on-site sales methods (snack packs, pre-order, and delivery systems), especially if it offers a higher commission rate than the current vending machine program? **The preferred on-site sales method is vending machines, but the Jail would be open to seeing proposals that could offer alternative on-site sales methods.**

Regarding the stated inventory of "up to 1:1" for inmate tablets:

- Would Hall County consider an alternative ratio, such as 2:1 or 3:1 (inmates per tablet), if supported by data demonstrating improved program efficiency, higher utilization, or a better financial return compared to a 1:1 ratio? **We would like to remain at a 1:1 ratio.**

In order to provide our best possible offer, it is very important to have historical usage data for all revenue streams. This data is necessary to estimate costs as well as potential revenues. The current vendor has access to this information, so distributing the information to other vendors in a timely fashion will ensure a level playing field for all bidders. Please provide as much data as possible from the following table: **Phone rates are regulated by Marth Wright-Reed Act.**

Please provide a copy of all current contracts and amendments pertaining to all services under this RFP. **See attached**

Please provide details about any commission, cost reimbursement, technology grants, signing bonuses, or any other compensation the County receive from the current vendor. **Commissions are no longer permitted, per the Martha Wright-Reed Act.**

Are you being invoiced for any services provided by the current vendor. **Yes**

Will the County allow for a proposal to present multiple pricing options for the County's consideration? **No**

Please provide a breakdown by housing unit of the inmate capacity in each. The inmate capacity for each cell block is necessary for determining network requirements and charging stations needed to support the tablets. **Hardware list by Pod-Attached**

Please provide a breakdown of the inmate population, in percentages or actual numbers, by local, DOC, or other agency. **Total count on 4/25/25 is 664, 566M, 98F**

In order to ensure a level playing field for all bidders, please confirm that the successful vendor must provide new equipment. Also, please verify that this applies to both new potential bidders and the incumbent provider. **Depends upon award. If current phone provider were to be awarded bid, there would be no need to install new equipment, if current commissary provider were to be awarded, the infrastructure could remain.**

Please provide the schedule in which the inmates have access to the inmate phones. **Inmates are allowed to use the phone from 0700-2300, times may vary due to institutional needs.**

What limits does the County place, if any, on use of the services in this RFP –maximum number of onsite visits allowed per week (or other interval), remote visits per week, calls per week, minutes per call/visit, etc.? **15 minutes per call, 30 minutes per visitation.**

The Inmate Tablet System section on page 11 requires a "Tablet Subscription program with optional premium content." Would the County consider alternate tablet models to meet the County's tablet

needs? For example, with a per-minute pricing structure, inmates only pay a low rate for the minutes they use, resulting in better value to inmates. **Yes**

Section J.2 on RFP p. 21 states that there are 46 inmate video visitation kiosks, but there are no public kiosks listed. How many video visitation kiosks do you have for public users to support onsite visitations?

**Onsite visitation is not offered.**

Mail scanning is a required service listed under #4.3 on page 13. What is the average number of inmate mail pieces received daily? Of these, what percentage are legal mail? **Legal mail is still presented physically to the facility and to the inmates.**

Section 7 on RFP p. 19 states that the County would like to have law library access through the tablets and kiosks. Do you have a subscription to a law library service today, or is the vendor expected to provide the law library subscription? **Vendor to provide.**

On page 25, #B.1 requires a "complete, signed copy of the Request for Proposals." In lieu of returning a signed copy of the entire RFP, will it be acceptable to return signed copies of just the forms and addenda that require signature, along with direct responses to the RFP sections that require information? **Yes**

What is the anticipated start date for this contract?  
**July 1, 2025**

Can the County consider an initial contract term longer than one year? The contracted services require a large upfront capital investment and installation effort. Guaranteeing an initial term of three to five years will ensure that vendors can amortize their investment over a longer period, resulting in substantially more attractive financial terms for the County. In the unlikely event of a vendor's poor performance, the County would always have the option to cancel the contract early under its Termination for Default contract section. **This is for an initial one (1) year term, followed by four (4) additional renewal options.**

After the first round of questions is answered, will the County accept additional questions if clarification is needed for any of the County's responses? **No**

<b>Email / Text / Photo Sharing</b>	<b>\$0.25 per message / photo</b>	<b>50%</b>

NOTE: Call Rates shown do not include local, county, state and federal taxes, regulatory fees and billing fees.

\*For international calls, "cost" means ICSolutions' underlying carrier cost based on an average rate per minute per destination calculated quarterly pursuant to FCC 47 CFR § 64.6010 (e).

## County Compensation

ICSolutions will pay Hall County monthly commissions on the gross revenue generated by tablet services, at the rates described above. No deductions are made for network costs or any other expenses incurred in the provision of the required services.

To ensure recouperation of its capital investment for this project, this offer is made in anticipation of contracting for the proposed services for at least 36 consecutive months inclusive of optional renewal terms (the "Cost Recovery Period"). Should services be terminated prior to the completion of 36 months of service, the County will reimburse ICSolutions at the rate of \$12,000.00 per month for each month that would have otherwise remained in the Cost Recovery Period.

## Keep Families Connected™ Program *Only from ICSolutions!*

Keeping inmates connected to their families during incarceration is a key factor in reducing recidivism and maintaining security in a correctional facility. Consistent with the goal of offering affordable communication services, our proposal includes the provision of **two (2) free calls and two (2) free email/text messages per week for every inmate**, for the duration of the contract term including all exercised renewal periods.

In its evaluation of our proposed rates, we urge the County to consider the significant value of this free communication program. This program, coupled with the complimentary call we offer to each new call recipient, will reduce the financial burden on inmates and their friends and family.

## No Per-Minute Cost for Messaging

ICSolutions would like to point out that – unlike other tablet vendors – ICSolutions **does not charge** a per-minute tablet usage rate when inmates access the messaging apps to read or write messages or to retrieve photos. The only charge related to our messaging applications is the per-message rate that is charged to the inmate or public user when they send a message.

## Compliance with the Martha Wright-Reed Act

### Rates & Commissions

The FCC's rules concerning the Martha Wright-Reed Act place caps on the rates that may be charged for inmate phone calls and video calls (remote video visitation). These rules also forbid the payment of commissions based upon revenue generated by inmate calling and video visitation; and they prohibit any additional fees, including funding fees. ICSolutions' proposal complies with all aspects of the FCC rules pertaining to inmate phone calls and video visitation, and our proposed rates are at or below the caps for all services.

Rates and commissions for tablet services – streaming entertainment content, email/text messaging, and photo sharing – are not regulated by the FCC under the newly adopted rules.

ICSolutions will pay Hall County monthly commissions on the gross revenue generated by tablet services, at the rates described above. No deductions are made for network costs or any other expenses incurred in the provision of the required services.

### Agency's Recovery of Used and Useful Costs

The new FCC rate caps include *up to* \$0.02 per calling minute associated with the Agency's "used and useful" costs for operating the inmate phone system, such as labor costs associated with enabling inmate calls and visitations (e.g., staff transport and supervision of inmates and visitors, costs to issue the RFP and administer the contract, etc.) and facility costs (e.g., electricity, space restrictions, etc.). The FCC rules permit providers and the Agency to negotiate how to make the Agency whole for these used and useful costs. The FCC rules also prohibit providers from giving the Agency features the FCC does not deem used and useful, such as storage of non-CALEA call recordings and certain investigative tools. Providing these features at no cost would be considered an in-kind commission payment, which is prohibited by the new FCC rules.

As such, ICSolutions' offer includes an offset of the used and useful costs the Agency incurs for having inmate phone services and video visitation to cover the costs of the features not deemed used and useful by the FCC. This will allow ICSolutions to provide the proposed services and features, while eliminating the need for ICSolutions to invoice the Agency for any proposed features, as well eliminating the administrative costs of the Agency invoicing their used and useful costs to ICSolutions.

To the extent that a difference is determined to consistently exist between the Agency's used and useful costs and ICSolutions' cost of providing the services and features that are not deemed to be used and useful in the provision of inmate communication services, then the parties shall work in good faith to adopt an operational remedy that is mutually acceptable, including using revenue from any unregulated services to cover costs of features not deemed used and useful.

### How Commissions Are Determined

Commissions will be based on the weekly, adjusted gross commissary sales.

Commissary and Securepak monthly sales	-	Postage and other non-commissionable sales	=	Adjusted gross sales	x	Commission Rate	=	Revenue to Hall County Sheriff's Office
--	---	--	---	----------------------	---	-----------------	---	---

Commissary and Securepak monthly sales, **less** postage, and other non-commissionable sales, **equals** the adjusted gross sales. Finally, the commission rates are multiplied by the adjusted gross sales.

**Examples of Non-commissioned Items**

- Stamped Envelopes
- Postage Stamps
- Indigent kits
- Admission kits
- On-site, special commissary items sold by the facility
- Any other items deemed non-commissionable by both parties

Postage, stamped envelopes, and indigent kits are examples of non-commissionable items. Commissions are based on proposed menu prices and specified service levels. Keefe will negotiate all terms of this offer with Hall County Sheriff's Office.

Commissary menu pricing is based on convenience store pricing, neighboring county facilities, and the current commodities market conditions for our item pricing. Keefe will propose pricing changes no less than annually, and no changes will be made without the approval of the County. Keefe's competitive commission rate may be negotiated by amendments to menu pricing or other expenses.

**Work Session Date:** 06/23/25

#### Executive Summary:

**Presenter:** LJM

**Recommendation:**  
Approve.

#### Purpose of Request:

Approve the Intergovernmental Agreement between Hall County and the Georgia Department of Public Safety for the use of certain talk groups on the Hall County Public Safety Radio System, subject to review and approval by the County Attorney.

#### History:

Currently, Hall County law enforcement agencies are only able to communicate with the Georgia State Patrol through relaying information between the county's dispatch center and the GSP dispatch center. Some GSP officers do carry an additional radio in their vehicle that can communicate directly between officers, however that method is inefficient.

#### Facts and Issues:

This IGA will allow Hall County 911 and law enforcement agencies the ability to directly communicate with the Georgia State Patrol officers, and vice versa, through a patch between the Hall County Radio System and the State of Georgia's LTE radio system.

#### Options:

This is a no cost solution for Hall County that provides a safer and reliable means for officers and dispatchers to communicate during emergencies and non-emergency events. This is also a state-wide effort in which other jurisdictions are entering into the same agreement for more efficient communication methods.

**1. PURPOSE**

This Agreement provides the framework for the Parties to share certain Party-designated radio frequencies, channels, talk groups, and mutual aid frequencies (referred to collectively as "Channels") that are granted to them by the Federal Communications Commission (referred to as "FCC"). The Channels are provided by each Party to the other at no cost and for the sole purpose of sharing law enforcement communications to enhance public safety in the State of Georgia.

**2. RESPONSIBILITIES OF THE PARTIES**

For the shared communications, each Party agrees to only utilize designated Channels specifically agreed upon by the Parties.

The Parties agree to use good faith efforts to limit the use of the Channels to matters involving law enforcement purposes, and to assist each other to identify and eliminate inappropriate use. Such purposes include emergency events being worked by the Parties, planned events, and good faith, mutual aid.

The Parties agree to assist each other with any necessary training for access, use, and proper operations of each other's Channels.

The Parties agree to abide by all rules and regulations of the Federal Communications Commission, as well as any other federal, state, or local laws, and the Parties' consistent policies and procedures.

**3. ACCESS TO MUTUAL AID FREQUENCIES**

The Parties agree that DPS will have access to the Channel(s) designated by Paragraph 9.

The Parties agree that, if the Agency has access to the State LTE Network, the Agency's designated sworn members, communications operators, and radio technicians will have access to the local GSP Post LTE talk group that is primary for DPS patrols of the Agency's community.

#### **4. TERM AND TERMINATION / INTERFERENCE**

This Agreement becomes operational upon signatures of authorized representatives of both Parties and may be terminated by either Party at any time and for any reason with (14) fourteen days' notice to the other.

The Parties agree to cease transmission on permitted channels in the event of harmful radio interference on either Party's radio system. The Parties shall use good faith efforts to resolve any such harmful radio interference for any further use.

Use of Channels other than those designated by the Parties shall be considered a violation of this Agreement and may result in an automatic termination at the discretion of the Party whose system has been violated.

#### **5. CHANNEL AUTHORIZATIONS**

The Parties agree that DPS is authorized to program the Channels to DPS communication devices of DPS sworn law enforcement officers and communications operators.

The Parties agree that DPS is authorized to establish a communications patch or bridge ("Patch") for connecting and simulcasting designated Channels to the Statewide LTE radio network. Access to the Patch will be provided to DPS sworn members and Department of Natural Resources Game Wardens and may be provided to DPS radio technicians or its contracted radio technicians for the purpose of radio maintenance only.

#### **6. LIABILITY**

This Agreement does not establish liability against the Parties for death, personal injury, or property damage of a non-Party or by any individual in the course of performing this Agreement.

#### **7. MODIFICATION**

This Agreement may be modified at any time with the mutual consent of the Parties, by a writing setting forth the amendment, and effective only with signature of the DPS Commissioner or his designee and the County Administrator or his/her designee.
