Mr. Gentry addressed the Board and stated the following:

- *Encouraged residents to monitor official local weather alerts in preparation for the approaching hurricane. Will continue to provide updates as new information becomes available.*
- *Encouraged residents to participate in the upcoming Comprehensive Plan community survey.*

Commission Time

Commissioner Gregg Poole, District 3, reported that he had spoken with a representative from ACCG, who indicated that seven to nine counties are awaiting the appointment of new board members before proceeding with leadership votes. He requested that the Board postpone any decisions until the new members have been seated, noting that this will ensure the incoming board assumes full responsibility for any leadership selections.
Chairman David Gibbs concurred with Commissioner Poole's remarks, noting that given the lateness of the year, it would be prudent to wait and that proceeding at this time would not be practical.

SCOPE OF WORK
(Avita Facility– 2 Split System HVAC Units)
3509 Mabrey Road
Gainesville, GA 30501

- This is a turnkey job.
- Materials and labor to replace two (2) split system HVAC units that feed the office area (located in the mechanical room).
- Units to be Trane, Carrier, York, Bryant or equal. List energy ratings, and efficiencies.
- Match tonnage and BTU's of existing units. The existing Air ease furnace that is a single furnace set-up, is to be converted to a "twinned" style , similar to the first unit as you enter.
- Make sure the evaporator coil is designed to work in a " twinned furnace "type setup.
- Make sure units are capable of twinning.
- Install new gas shutoff and gas flex connectors between the hard pipe and gas valves.
- Make sure the furnaces have the proper cfm to supply 400 cfm per ton, minimum.
- Offset the ductwork on the existing single unit so that there is a good space between the wall and the new twinned units.
- Install properly sized filter racks in the return ducts for each unit. Filter racks shall be purchased from a company that makes filter racks (for example Famco).
- Install auxiliary drain pan and overflow switch under each furnace.
- Use a flex connector between the supply connection of the evaporator coil and the supply duct.
- Furnish a duct detector for each unit and power it from the unit. Wire so that it will shut the unit down on alarm.
- Supply a new honey well 8000 WIFI thermostat with new wire from the unit to the thermostat
- Supply a new line set, sized for the unit, from the evaporator coil to the new outside unit.
- Supply new thermostat wire from the indoor unit to the outdoor unit.
- Install a new condenser pad
- Install a liquid line sight glass at/ near the outdoor unit.
- Install a new fused disconnect for each condenser, Size the fuses to match the unit's need and supply 3 spare fuses for each. Supply new seal tight flex conduit from the new disconnect to the unit, with new wire.
- Units shall have the new A2L refrigerant.
- Make sure all duct connections are airtight with duct seal and tape.
- Install a new pvc condensate drain with a union on each side of the trap for easy cleaning.
- Trap shall be an EZ trap 83211 or equal. Series this switch with the auxiliary pan switch.
- Pipe to the nearest drain and strap to floor every 5 feet.
- Replace all furnace vent piping, intake and exhaust. Properly seal wall penetrations and install bug screens.

- Supply one case of each size filter for each unit.
- Units shall come with a 5 year parts and labor warranty
- Meet all national state and local codes.
- Install according to MFG. instructions
- Provide start up paperwork showing amps, volts, superheat, subcooling, supply temp, return temp. Check gas pressure and set it if necessary. Also Start up in heat mode to insure it works properly.
- **This work will be awarded now but performed on cool days in October. Only one unit will be down at a time.**

Brand/Manufacturer: Carrier

List energy ratings, and efficiencies: EER 11.2 / IEER 15.5 Furnace 92

Unit #1 Price: $24,258

Unit #2 Price: $24,258

SCOPE OF WORK
(Children with Special Needs Building – 5 HVAC RT Units)
440 Prior Street, SE
Gainesville, GA 30501

- Remove and dispose of existing units one (1), two (2), four (4), twelve (12), and fifteen (15).
- This is a turnkey job, parts, labor, crane etc.
- Replace units with same size units (tonnage, cfm, and btu's, heat and cool).
- We prefer Carrier because they have a unit that will "drop in" on the curb.
- Other brands will be considered, but bidder will be responsible for any modifications/curb adapters, etc.
- Install new pvc trap with a union on each condensate connection.
- Replace existing disconnect with new, like kind, disconnect.
- Replace thermostat with a new Honeywell 8000 WIFI thermostat.
- Turn old thermostats over to building maintenance.
- Job/equipment is to be warranted parts and labor for 5 years.
- No damage is to be done to the roof.
- All work will meet local state and national codes.
- Install to MFG instructions.
- Units to have new refrigerant A2L type.
- Include one case of filters for each unit.
- Label each unit with a weatherproof label of the unit number. And breaker number that feeds that unit. (i.e. RTU 1 Breaker LP 22)

- Write inside the control panel "installed by CAS 5-year warranty and date of install"
- Label new thermostat with RTU number
- **Job is to be completed in one day**

Demand Services for On-Call Plumbing Contractors
Contract #47-003

PROJECT DESCRIPTION
Hall County, Georgia Sheriff's department is issuing this Task Order #2027-021 to Demand Services On-Call Plumbing Contractors to replace two (2) boilers at Hall County Jail located at 1700 Barber Rd Gainesville GA 30507.

SCHEDULE OF EVENTS
Issue Date: Thursday, September 24, 2026
Mandatory Pre-Bid Meeting: Tuesday, September 29, 2026, at 9:00am
Bidder Questions Due Date: Friday, October 2, 2026, by 5:00pm
Response to Bidder Questions Due: Monday, October 5, 2026
Bid Due Date: Thursday, October 8, 2026, by 2:00pm

Bidding Process: Bidders must respond with their Task Order proposals via e-mail to ddimizio@hallcounty.org by 2:00pm EST Thursday, October 8, 2026.

Mandatory Pre-Bid Meeting Address: The pre-bid meeting will start promptly at 9am located at Hall County Jail located at 1700 Barber Rd Gainesville GA 30507. Time is of the essence as the existing boiler has failed. Contractors who do not attend the pre-bid meeting will not be allowed to submit a bid.

Questions: All communications must be directed solely to Dani Dimizio, Issuing Officer, at ddimizio@hallcounty.org for questions or clarifications of the TO requirements.

Bid Response: Complete the information below and return it to the Issuing Officer via email, by the date and time specified above. Electronic signatures are acceptable

Taxes: The County is exempt from State of Georgia Local Sales and Use Tax. The Bidder understands and acknowledges that it is responsible for any sales and use taxes it may incur. The Bidder will not charge or invoice the County any sales and use tax as a separate line item. The Contractor

may request a copy of the County's Georgia Sales and Use Tax Exemption Certificate.

Bonds: The awarded bidder is required to obtain a performance equal to 100% of the awarded sum prior to the issuance of a Notice to Proceed.

SCOPE OF WORK:
This is a turnkey project. The awarded bidder shall supply all necessary labor, tools, and materials to complete the project.

The awarded contractor shall have a boiler certification from the State of Georgia.

The Hall County Jail is a secure facility. All workers may be subject to enhanced security measures at the discretion of Jail Staff, including inspection of tools and materials by a K-9 Unit. Under no circumstances may workers interact with inmates for any reason. Additionally, workers must always have an escort by Jail Staff when moving about the facility. This is to ensure the safety of workers and inmates alike.

Option 1:
The proposed system is designed to provide approximately 1,200 gallons of combined storage capacity through two (2) independent 600-gallon electric boilers. A redundant configuration is intended to provide operational flexibility and allow one (1) boiler to remain in service while the other is isolated for maintenance or service, subject to final system design and manufacturer requirements.

- Remove and dispose of the existing A.O. Smith DHE1250 electric boiler and 1,200-gallon storage tank.
- Furnish and install redundant domestic hot water heating system consisting of (2) new A.O. Smith DVE600 electric boilers, upright vertical round water heaters Each will produce 150 KW/600-gallon capacity.

The scope also includes the replacement of the associated thermal expansion tank, 1,200-gallon storage tank, mixing valve, domestic hot water recirculation pumps, and affected piping components, as well as the necessary piping and electrical modifications required to accommodate the two-boiler configuration.

The new boilers must be spaced appropriately to meet the manufacturer's installation instructions and allow for serviceability. Isolation valves on each inlet and outlet shall be installed to allow for balancing of water flow to ensure proper flow through each boiler. All boilers and equipment shall be installed according to the manufacturer's instructions and shall meet local, state, and national codes. The awarded contractor shall consult with the manufacturer to ensure the twinned units will operate properly.

The awarded contractor shall also:
- Coordinate with Jail Staff to determine the best date and time to complete the boiler replacement and installation.

- The awarded contractor will be required to work around the temporary piping/hookup of an existing portable boiler that had to be installed due to catastrophic failure of the existing boiler.
- Obtain the necessary boiler permits prior to commencement of the project.
- Isolate the domestic water supply and electrical power serving the existing electric boiler system.
- Utilize proper lockout/tagout (LOTO) procedures during water and electrical isolation.
- Drain the existing boiler and associated domestic hot water piping system as required.
- Disconnect, remove, and dispose of the following existing equipment:
  - A.O. Smith DHE1250 electric boiler
  - 1,200-gallon storage tank
  - (1) 77-gallon thermal expansion tank
  - Lawler 805 mixing valve
  - (4) Bell & Gossett PL35B domestic hot water recirculating pumps
  - Associated piping, valves, fittings, pressure gauges, temperature gauges, insulation, and related components.
- Provide (1) onsite dumpster for disposal of removed equipment and construction-related trash and debris.
- Furnish and install (2) new A.O. Smith DVE600 electric boilers configured as a redundant domestic hot water heating system. Include any additional concrete to expand the existing pad or include cost for a new pad.
- Provide and install the necessary boiler piping and valving to allow each boiler to be individually isolated for service and maintenance while maintaining operation of the remaining boiler, where system conditions permit.
- Provide and install one (1) new 1,200-gallon storage tank equal to the existing one or similar in fit, form, and function.
- Provide and install (1) new 77-gallon thermal expansion tank, or appropriately sized replacement based on final system requirements.
- Provide and install (1) new Lawler 805 mixing valve, or appropriately sized equivalent as required by the final system configuration.
- Provide and install (4) new Bell & Gossett domestic hot water recirculating pumps.
- Provide and install new copper piping, valves, fittings, temperature gauges, pressure gauges, check valves, isolation valves, and associated components required to complete the new redundant boiler system.
- Configure the domestic hot water piping to properly distribute flow between the two (2) new electric boilers and the existing building domestic hot water system.
- Provide appropriate isolation and service valves to allow individual boilers and major system components to be removed from service for future maintenance.
- Reconnect the new boiler system to the existing domestic hot water distribution and recirculation system.
- Contract with a licensed electrician to provide and complete all necessary electrical connections, feeders, disconnects, controls, and associated electrical work required for the two (2) new electric boilers, subject to available electrical capacity.
- Contract with a qualified insulation contractor to replace insulation on exposed copper piping affected by the boiler replacement and new installation.
- Restore the domestic water supply to the newly installed boiler system.
- Fill both boilers and purge air and debris from the system.
- Restore electrical power to the newly installed boiler system.
- Coordinate and perform factory startup of the newly installed A.O. Smith DVE600 boilers.

- Test and balance the completed system to verify proper operation, flow, and desired domestic hot water temperatures.
- Test and balance the Lawler 805 mixing valve.
- Test and balance the (4) newly installed domestic hot water recirculation pumps.
- Verify proper operation of each boiler individually and verify the redundant system configuration.
- Inspect all new pipe and equipment connections to verify proper operation and ensure the system is free of leaks.
- Coordinate with the local boiler inspector to schedule and complete required final inspections.
- Clean the work area upon completion.
- Remove all construction-related trash, debris, packaging, and remove equipment from the site.

Lump Sum Bid for Option 1: $ 378,000.00

Lead time on equipment from factory Current lead time is 12 weeks from release.

Estimated Time for Completion from time of tearing out the old boiler to startup of new boilers:

2 weeks

Option 2:

Remove and dispose of existing boiler.
Furnish and install one (1) DHE 1250 boiler (same as existing equipment).

The awarded contractor shall also:

- Coordinate with Jail Staff to determine the best date and time to complete the boiler replacement and installation.
- The awarded contractor will be required to work around the temporary piping/hookup of an existing portable boiler that had to be installed due to catastrophic failure of the existing boiler.
- Obtain the necessary boiler permits prior to commencement of the project.
- Isolate the domestic water supply and electrical power serving the existing electric boiler system.
- Utilize proper lockout/tagout (LOTO) procedures during water and electrical isolation.
- Drain the existing boiler and associated domestic hot water piping system as required.
- Disconnect, remove, and dispose of the following existing equipment:
  - A.O. Smith DHE1250 electric boiler
  - 1,200-gallon storage tank
  - (1) 77-gallon thermal expansion tank
  - Lawler 805 mixing valve
  - (4) Bell & Gossett PL35B domestic hot water recirculating pumps
  - Associated piping, valves, fittings, pressure gauges, temperature gauges, insulation, and related components.
- Provide (1) onsite dumpster for disposal of removed equipment and construction-related trash and debris.

- Furnish and install (1) new A.O. Smith DHE1250 boiler. Include any additional concrete to expand the existing pad or include cost for a new pad.
- Provide and install one (1) new 1,200-gallon storage tank equal to the existing one or similar in fit, form, and function.
- Provide and install (1) new 77-gallon thermal expansion tank, or appropriately sized replacement based on final system requirements.
- Provide and install (1) new Lawler 805 mixing valve, or appropriately sized equivalent as required by the final system configuration.
- Provide and install (4) new Bell & Gossett domestic hot water recirculating pumps.
- Provide and install new copper piping, valves, fittings, temperature gauges, pressure gauges, check valves, isolation valves, and associated components required to complete the new redundant boiler system.
- Reconnect the new boiler system to the existing domestic hot water distribution and recirculation system.
- Contract with a licensed electrician to provide and complete all necessary electrical connections, feeders, disconnects, controls, and associated electrical work required for the one (1) new electric boiler, subject to available electrical capacity.
- Contract with a qualified insulation contractor to replace insulation on exposed copper piping affected by the boiler replacement and new installation.
- Restore the domestic water supply to the newly installed boiler system.
- Fill the boiler and purge air and debris from the system.
- Restore electrical power to the newly installed boiler system.
- Coordinate and perform factory startup of the newly installed A.O. Smith DHE1250.
- Test and balance the completed system to verify proper operation, flow, and desired domestic hot water temperatures.

Comment:

Parks and Leisure requested this IFB to convert a natural turf multipurpose field to a modern artificial turf system. The goal of the project is to enhance the usability, safety, and long-term sustainability of a heavily used public recreation space while integrating the new turf seamlessly with existing sidewalks and site infrastructure.
This project aims to:
• Increase field availability and extend playable hours throughout the year
• Improve safety and surface consistency across a wide range of recreational uses
• Reduce ongoing maintenance needs and long-term operational costs
• Support growing community demand for reliable, high use athletic facilities.

After reviewing the bid proposals, Parks and Leisure has requested that Advanced Sports Surfaces, LLC, be awarded this project as they are the low-cost bidder.
The FY 2027 Estimated Amount has been reviewed against the approved FY 2027 budget by Finance.

Exhibit B – Contract for Services

STATE OF GEORGIA
COUNTY OF HALL

CONTRACT #023-47

For the provision of

Butler Park Multipurpose Artificial Turf

ARTICLE #101 – INTRODUCTION

This Contract for Butler Park Multipurpose Artificial Turf (hereinafter "Services") is made and as entered into as of _____ (execution date) and _____ (effective date) is by and between Hall County, Georgia, (hereinafter "County") located at 2875 Browns Bridge Rd, Gainesville, Georgia 30504, and Advanced Sports Surfaces LLC which is principally located at 1965 Vaughn Road Kennesaw, GA 30144 Suite C (hereinafter "Contractor").

WHEREAS Contractor is an entity that is legally registered and qualified and holding any such licenses and certifications as may be required to render Services to do business in the State of Georgia. County and Contractor are known individually as a "Party" and collectively as the "Parties"; and,

WHEREAS nothing contained in this Contract shall be construed to convert the Contractor or any of its employees or agents into a partner, employee, or agent of the County. Nor shall either Party to this Contract have any authority to bind the other in any respect; and,

WHEREAS Contractor represents that it complies with the State of Georgia requirements for corporations and has signified a willingness to provide Services to the County and the County has relied on such representation; and,

WHEREAS the Parties mutually desire to enter into this Contract to document the provision of Services by the Contractor to the County in exchange for payment as compensation; and,

WHEREAS this contract will become legally binding upon signature and execution by both Parties; and,

WHEREAS any documents, exhibits, attachments, plans, or references are all incorporated herein by reference.

NOW THEREFORE, and in consideration of the mutual promises, terms, conditions, covenants, and agreements made as expressed and contained herein, or attached, incorporated, and made a part hereof, and other good and valuable consideration expressed by a valid offer and acceptance, the receipt and sufficiency of which the Parties hereby acknowledge, the Parties hereto agree as follows:

ARTICLE #102 – CONTRACT

A. Contractor agrees to provide the Services to the County as detailed in the Scope of Work. Unapproved work outside the Scope of Work may not be compensated.
B. County agrees to pay as compensation any fees as listed on the *Exhibit C – Cost Proposal Worksheet*, which shall be fixed and firm for the duration of the contract unless modified by mutual consent via Amendment or Renewal.

ARTICLE #103 – NOTICES

To the extent that either Party to this Contract is required to provide notice(s) to the other Party in compliance herewith, then the Party shall direct notice(s) to the following persons:

REMIT TO ADDRESS (if different): _____

ARTICLE #104 – NON-EXCLUSIVE RIGHTS

This Contract is not exclusive. The County reserves the right to select other Contractors to provide the Services similar to those described in this Contract during the term of the Contract should the need arise, or the Contractor fail to perform.

ARTICLE #105 – CONTRACT TERM

The Contract term will be for 60 days after the issuance of a Notice to Proceed.

ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION

This Contract may only be modified, amended, or changed in writing and fully executed by both Parties hereto. This Contract constitutes the sole and entire Contract and understanding between the Parties as to the subject matter hereof, and no verbal promises have been made by either Party in relation hereto.

ARTICLE #107 – REMEDIES AND CONTRACT PERFORMANCE

In the event that either Party to this Contract breaches this Contract, including failure to meet the timetables set forth herein, the non-breaching Party shall provide a written Notice to Cure to the breaching Party which describes the breach of this Contract. The breaching Party shall have thirty (30) days from the date of receipt of the written Notice to cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the Parties hereto have not resolved the issue described in the Notice to Cure by thirty (30) days after receipt of the letter, the Party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or relief as to any bonds issued hereon.

Additional provisions are:

A. **Delay or Impossibility of Performance.** Any failure or delay must be beyond the reasonable control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a force majeure event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a third-party's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

   Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Contract for failure or delay in fulfilling or performing any obligation under this Contract when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including, but not limited to, fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the Party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure.

   Definition: The term "force majeure" as defined in Black's Law Dictionary is "an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the Parties could not have anticipated or controlled."

B. **Obligations Beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to *ARTICLE #108 – TERMINATION PROVISIONS*.

C. **Transition Cooperation with the County and Cooperation with Other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, if the County has entered into or enters into contracts with other Contractors related to the Services,

Contractor agrees to cooperate fully with other such Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

ARTICLE #108 – TERMINATION PROVISIONS

The County may terminate this Contract by providing sixty (60) days written notice to the Contractor at any time. Should the County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of this Contract up to the date of termination.

A. **Termination for Convenience.** Following sixty (60) days' written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.

B. **Termination for Cause.** The occurrence of any of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
   1. The Contractor fails to deliver, or has delivered, nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract including, but without limitation, the expressed warranties made by the Contractor.
   2. The County determines that Contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
   3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
   4. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.
   5. The Contractor has failed to comply with applicable federal, state, and local laws, rules, County ordinances, regulations, and orders when performing within the scope of the Contract.
   6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with *ARTICLE #108.C* below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

C. **Notice of Default.** If either Party causes any of the default events set out in *ARTICLE #108 – TERMINATION PROVISIONS*, then either Party shall issue a written Notice of Default to the Party that causes one (1) or more of the default events requesting that the breach or noncompliance be remedied within the period of time specified in the Notice of Default. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the non-breaching Party may:
   1. Immediately terminate the Contract for default without additional written notice; and/or,
   2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
   3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

D. **Termination Due to Non-Availability of Funds.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.

E. **Termination due to Failure of Contractor to Act.** The County may terminate the Contract for any of the following reasons effective immediately without advance notice:
   1. If the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation, suspension, or other loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
   2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees, have caused, or reasonably could cause, life, health, or safety to be jeopardized.
   3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal, or maliciously incorrect.
   4. Failure of the Contractor to obtain, provide, maintain, and deliver the performance bonds when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in *ARTICLE #123 – PERFORMANCE BONDS*.

F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.

G. **Contractor's Termination Duties.** Upon receipt of a Notice of Termination, the Contractor shall:
   1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of Notice of Termination describing the status of all work under the Contract including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
   2. Immediately cease use and return to the County any property or materials, whether tangible or intangible, provided by the County to the Contractor.
   3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
   4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the Notification of Termination and the substitution of any replacement Contractor.
   5. Contractor is to immediately return any payments made by the County for goods and services that were **not delivered by the Contractor.**

H. Liquidated Damages. N/A for this project.

ARTICLE #109 – NO DEFENSE OR INDEMNIFICATION BY COUNTY

The Parties agree that the County shall not be responsible for defending or indemnifying any Contractor from any claim brought by any third party against the Contractor.

ARTICLE #110 – ASSIGNMENT AND DELEGATION BY CONTRACTOR
The Contractor shall not assign or delegate this Contract, or any performance required by it, in whole or in part, without the prior expressed written consent of the County.

ARTICLE #111 – USE OF THIRD PARTIES
This Contract is for the benefit of the Parties hereto only and is not intended to benefit any third party or give rise to any duty or causes of action for any third party. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to third parties, if allowed in writing by the County. Any Contract with a third-party must also preserve the rights of the County.

ARTICLE #112 – ENTIRE CONTRACT
This Contract, as executed and approved, shall constitute the entire agreement between the Parties and supersedes all other prior and contemporaneous statements, agreements, and understandings between the Parties. No written or oral statements, agreements, or understandings that are not set out, referenced, or specifically incorporated in this Contract shall in any way be binding or of effect between the Parties.

ARTICLE #113 – SEVERABILITY
If any paragraph, sub-paragraph, sentence, clause, phrase, or portion of this Contract is declared invalid or unconstitutional by any Court of competent jurisdiction or if the provisions of any part of this Contract as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the remaining portions of this Contract not so held to be invalid or the application of this Contract to other circumstances not so held to be invalid.

ARTICLE #114 – RECORDS
A. **Public Records Request.** The Georgia Open Records Act, as provided in O.C.G.A. § 50-18-70 et seq, requires procurement records and all other records received by or prepared or maintained on behalf of the County shall be made open to public inspection unless otherwise provided by law.
B. **Record Retention and Access.** The Contractor shall maintain books, records, and documents in accordance with generally accepted accounting principles and procedures and which sufficiently and properly document and calculate all charges billed to the County throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records.

ARTICLE #115 – CONTRACTOR'S TERMS AND CONDITIONS
The County shall not be bound by any terms and conditions included in any Contractor's sales orders, literature, packaging, invoice, catalog, brochure, technical data sheet, on-line representation, warranties or service level agreements, or other document which attempts to impose any condition in variance with or in addition to the terms and conditions contained herein.

ARTICLE #116 – WAIVER

The failure of any Party hereto to seek a remedy for any alleged breach of this Contract shall not constitute a waiver of any claim, cause of action, or remedy allowed by Georgia law for breach thereof.

ARTICLE #117 – CONTRACTOR AND COUNTY RIGHTS AND OBLIGATIONS

A. The County has the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment, chemical, material, personnel, etc. considered by the County to be hazardous or toxic to persons, buildings, or surfaces. The Contractor shall utilize acceptable substitutes approved by the County as quickly as possible. In the event of such replacement, Contractor shall (i) notify County of any resulting replacement, (ii) introduce an individual serving as a replacement to County, (iii) provide County with a résumé and any other information regarding an individual that may be reasonably requested by County, and/or (iv) provide County with safety data sheets, technical data sheets, and other relevant and pertinent documentation for replacement materials, equipment, or services that may be reasonably requested by County.

B. The County has the right to require the Contractor to reassign or remove any employee from the premises temporarily or permanently when, in the County's sole opinion, the employee is not suitable. The County's decision shall be final, and Contractor will remove the employee immediately and replace him/her with a person of at least equivalent training, experience, and requisite qualifications as quickly as possible, subject to the County's approval.

C. Contractor agrees to obtain prior written approval from the County for the use of subcontractors to provide the Services described in Scope of Work prior to subcontractors' performance of work. Such non-disclosure of subcontractors may result in non-payment for Services.

ARTICLE #118 – INSURANCE REQUIREMENTS

The Contractor must procure and maintain insurance policies at the Contractor's own expense and must furnish the County with a certificate of insurance (COI) providing evidence of proof of coverage at least in the amounts indicated in this subsection. The COI must list "Hall County, Georgia" as the certificate holder and as an additional insured under the commercial general, automobile, and umbrella liability policies as follows: "County of Hall, its Board of Commissioners, officers, employees, servants, and agents, 2875 Browns Bridge Rd, Gainesville, GA, 30504". The policy must protect the Contractor and the County (as an additional insured) from any claims for bodily injury, property damage, or personal injury covered by the indemnification obligations set forth herein throughout the duration of the Contract. The Contractor must maintain the following insurance coverage during the term of the Contract, in at least the minimum amounts set forth below, to cover all loss and liability for damages or destruction of property caused by or arising from any and all services carried on and any and all work performed by the Contractor pursuant to this Contract:

Workers' Compensation Insurance: Required for all contracts.

- $500,000 Bodily Injury by Accident – Each Accident
- $500,000 Bodily Injury by Disease – Each Disease
- $500,000 Bodily Injury by Disease – Each Employee

Additional Provisions:

Waiver of Subrogation. The insurer agrees to waive all rights of subrogation against Hall County Board of Commissioners (BOC), its elected or appointed officers, officials, agents, authorized volunteers, and employees for losses paid under the terms of this policy which arise from work performed by the Named Insured for Hall County BOC. This provision applies regardless of whether or not Hall County BOC has received a waiver of subrogation from the insurer.

General Liability Insurance: Required for all service contracts.

- $2,000,000 General Aggregate
- $2,000,000 Products & Completed Operations Aggregate
- $1,000,000 Each Occurrence
- $1,000,000 Personal & Advertising Injury
- $500,000 Damages to Premises/Fire/Legal
- $5,000 Medical Payments

Commercial Auto Liability Insurance: Required for all service contracts, except for goods and/or services that are remote in nature and/or are delivered by a professional delivery service.

- $1,000,000 Combined Single Limit Or $500,000 per Person/$1,000,000 per Occurrence
- $100,000 Property Damage
- $1,000 for Medical Payments (no fault coverage)

Additional Provisions:

- Uninsured motorists' coverage should be equal to the per occurrence limit except for contracts with other governmental entities.
- Coverage shall be included for any owned, leased, hired, or non-owned autos.
- For any contracts involving the transportation of hazardous materials, limited pollution endorsement ISO form CA9948 or its equivalent shall be on the policy.

Umbrella Liability Insurance: Required for all contracts.
$1,000,000 per Occurrence

Additional Provisions: Required for all contracts.

- Underlying coverage shall be General Liability, Automobile Liability, and Employers Liability (Workers Compensation).
- Minimum limit of $5,000,000 per occurrence for all contracts over $1,000,000 or involving any special risks or high hazard activities.
- Minimum limit of $5,000,000 for automobile coverage for any transportation contracts involving seniors, special education, transit services, students, or youths.
- Concurrent policy dates with primary liability policies except for workers compensation.

Professional Liability Insurance (Errors & Omissions): Required for all professional service contracts. This shall include any consultants, medical, legal, technical, insurance agents, or other professions that require proper licenses.

- $1,000,000 Each Claim/Wrongful Act
- $2,000,000 General Aggregate
- If written on a claim's made policy, the policy must be maintained for at least two (2) years after the completion of the work and/or contract.

ARTICLE #119 – NO WAIVER

A. **Authority to Enter into Contract.** The Contractor represents and warrants that it has full authority to enter and perform its obligations under the Contract and that the Contract constitutes a legal, valid, and binding obligation upon the Contractor in accordance with its terms. The representatives of the Parties hereto also represent and warrant that they are authorized to sign this Contract on behalf of each party hereto.
B. **Solicitation.** The Contractor warrants that no person or selling agency (except bona fide employees or selling agents maintained for the purpose of securing business) has been employed or retained to solicit and secure the Contract upon an agreement or understanding for commission, percentage, brokerage, or contingency.
C. **Vehicles and Equipment.** Except for any specified County-owned equipment and vehicles listed herein, Contractor warrants that no Contractor employees, subcontractors, or others will operate County-owned vehicles or equipment in the performance of this Contract without express written consent from the County. Contractor shall be responsible for providing all transportation and equipment necessary to deliver the Services under the Contract.

ARTICLE #120 – INTELLECTUAL PROPERTY RIGHTS AND OWNERSHIP

The Contractor agrees it will not use the name or any intellectual property, including but not limited to, County trademarks or logos in any manner, including commercial advertising or as a business reference, without the expressed prior written consent of the County.

ARTICLE #121 – COMPENSATION

A. The County will pay the Contractor for the Services provided pursuant to this Contract and in accordance with the prices quoted and conditions set forth in the Contractor's response on *Exhibit C – Cost Proposal Worksheet*, which is attached hereto and incorporated into this Contract as if fully set forth herein. Payments will be made monthly in arrears to the Contractor after acceptance of the Contractor's delivered Services by the County, and after receiving receipt of undisputed invoice to the County.
B. Prices quoted shall be firm and fixed throughout the term of this Contract, unless otherwise amended or modified by mutual written agreement.
C. Cost may be prorated for Services added or removed under this Contract to align cost with the remaining term of Contract.
D. It is understood that this proposal is made without collusion or fraud. Contractor understands and acknowledges that collusive bidding is a violation of state and federal law and may result in the cancellation of the Contract.

ARTICLE #122 – COUNTY PAYMENT TO CONTRACTOR

A. Upon Contract Execution, the County will issue a Notice to Proceed (NTP) and a Purchase Order (PO) to the Contractor. The terms of this Contract shall be incorporated by reference into any PO issued prior to the expiration or termination of this Contract. The County will issue the NTP and PO by electronic mail (e-mail) to the Contractor's representative in *ARTICLE #103 – NOTICES.*

   The Contractor shall not deliver any Services, equipment, devices, or components thereof until authorized in writing by the County. Any work including, but not limited to, travel, preliminary meetings, planning, etc. performed outside of the terms and conditions of and before the issuance of an NTP will not be considered for payment. Contractors are not to begin work or ship any product on any verbal communication from the County. The County

will not be liable for payment for any work or product with the issuance of verbal communication.

The Scope of Work shall remain in effect from the NTP date to substantial completion of the project or the termination of this Contract, whichever occurs first. The Parties agree that the County will not pay or otherwise compensate the Contractor for any services, labor, materials, equipment, devices, or components thereof outside of the Scope of Work and/or beyond the term of this Contract, unless specifically authorized in writing as evidenced by an amendment pursuant to *ARTICLE #106 – CONTRACT AMENDMENTS AND MODIFICATION*, a time extension letter, or as otherwise authorized by the County.

B. **Invoice/Payment**
   1. Contractor shall invoice the County via email each month sent solely to accountspayable@hallcounty.org and only after the County inspects and accepts the Services provided. Receipt of the Services and/or materials does not constitute acceptance. Invoice amounts shall not exceed the Contractor's pricing set forth in *Exhibit C – Cost Proposal Worksheet.*
   2. Each properly prepared invoice must be sent in accordance with the instructions listed on the PO. Each invoice shall include the Contractor's current "Remit to" address, a description of the Services provided, the invoice amount, the Contract number, and the associated PO number issued.
   3. Standard payment terms are net 30 days (N30) in arrears from the date the invoice is accepted. The County does not pay for services not yet received but only in arrears except by written acceptance of pre-payment or deposit.
   4. The Contractor shall be solely responsible for paying all costs, expenses, and charges it incurs in connection with its performance under the Contract, including sales and use taxes.
   5. Contractor must submit Applications for Payment (Pay Apps) in accordance with the conditions of the Contract.
   6. If monthly progress payments are agreed upon, then County will make such payments upon inspection of services completed by the County's Project Manager. Additionally, the County may employ Engineers of Record.

C. **Unsatisfactory Performance/Delay of Payment**
   1. If the County determines that the quality of the Services provided are deficient, unacceptable, or unsatisfactory the County's Project Manager identified in *ARTICLE #103 – NOTICES* shall issue a written Notice to Cure to Contractor. Contractor agrees that upon receipt of the written Notice to Cure it shall make every effort to correct the deficiency or deficiencies within the timeframe prescribed therein. If the Contractor fails to timely correct the deficiency or deficiencies, the County reserves the right to delay or deny payment pursuant to this *ARTICLE* or terminate the Contract pursuant to *ARTICLE #108 – TERMINATION PROVISIONS.*
   2. **Delay of Payment Due to Contractor's Failure.** If the County determines that the Contractor has failed to perform or deliver any good or services as required by the Contract, the Contractor shall not be entitled to any compensation under the Contract until such goods or services are delivered and accepted. In this event, the County may withhold that portion of the Contractor's compensation, which represents payment for goods or services that were not delivered. To the extent that the Contractor's failure to perform or deliver in a timely manner causes the County to incur costs, the County may deduct the amount of such incurred costs as liquidated damages from any amounts payable to Contractor. The County's authority to deduct such incurred costs shall not in any way affect the County's authority to terminate the Contract.

D. **Set Off Against Sums Owed by the Contractor.** If the Contractor owes the County any sum under the terms of this Contract, pursuant to any judgment or pursuant to any law, the County

may set off the sum owed by the Contractor against any sum owed to the Contractor, in the County's sole discretion.

E. **Final Payment.** The Contractor shall issue an invoice for final payment to the County no later than thirty (30) days following the expiration or termination date of the Contract.
F. The Contractor must not factor or assign payments to another entity or a financial institution. The County will only pay the Party with whom it is contracted. The County will not pay a third party under any circumstances.

ARTICLE #123 – PERFORMANCE AND PAYMENT BONDS

The Contractor must furnish to the County a performance bond, equal to one hundred percent (100%) of the Contract's total awarded dollar amount. The County will only issue a Notice to Proceed after the bonds are received. Only surety companies licensed to do business in the State of Georgia are acceptable.

The Contractor must provide all required bonding instruments to the County prior to the commencement of any work. The County will consider any work done prior to the receipt of bonding instruments as null and void and thus not eligible for compensation.

ARTICLE #124 – RETAINAGE – N/A for this project

The County will retain and withhold funds from compensation in compliance with Georgia law. The County may hold up to five percent (5%) retainage throughout the entire project and will release said retainage at the point of completion and final acceptance by the County.

ARTICLE #125 – VENUE AND GOVERNING LAW

The Parties agree that this Contract shall be interpreted, construed, and enforced in accordance with the laws of the State of Georgia. Should either party bring a legal suit to enforce the terms of this Contract, including suit in equity, the Parties agree and consent to file any such suit in the Superior Court of Hall County, Georgia.

ARTICLE #126 – NOTICE OF INTENT TO LITIGATE

Contractor hereby agrees not to file any civil action of disputes or claims relating to the Contract except after first giving thirty (30) days written notice to the County of the claim and the intent to initiate a civil action.

ARTICLE #127 – GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT (E-Verify)

A. By signing this Contract, the Contractor certifies that prior to and throughout the performance of all applicable work under this Contract it will remain in full compliance with all federal and state immigration laws including, but not limited to, 8 U.S.C. § 1324a and the Georgia Security and Immigration Compliance Act (O.C.G.A. §13-10-90 et seq.), as amended by the Illegal Immigration Reform and Enforcement Act of 2011 regarding the verification of employment eligibility of employees under the Immigration Reform and Control Act of 1986. Contractor will ensure that only persons who are citizens or nationals of the United States or non-citizens authorized under federal immigration laws are employed to perform services under this Contract or any subcontract or sub-subcontract hereunder.
B. Contractor further certifies its compliance with the aforementioned federal and state immigration laws set forth by signing a sworn affidavit, the Georgia Security and Immigration Compliance Act Affidavit (herein known as *Exhibit E – E-Verify Affidavit*), notarized by an

Official Notary Public and incorporated herein by reference providing services pursuant to this Contract.

ARTICLE #128 – ORDER OF PRECEDENCE

In the event of any inconsistency, ambiguity, or conflict among the specific provisions of the Contract and the Contractor's response, the order of precedence shall be as follows:

1. Any amendments to the Contract, including all exhibits thereto.
2. The Contract itself, including all exhibits thereto.
3. Attachments appended to the Contract.
4. All other Contract attachments appended to the Contract.

ARTICLE #129 – CONTRACT EXHIBITS AND ATTACHMENTS

The Parties mutually acknowledge that all exhibits and attachments listed below made a part of this Contract, as though expressly written in the solicitation documents and the Contractor's response, are herein incorporated into this Contract by reference.

Exhibit A – Bid Response Form
Exhibit B – Contract for Services
Exhibit C – Cost Proposal Worksheet
Exhibit D – W-9 Form
Exhibit E – E-Verify Affidavit
Exhibit F – Ethics Affidavit
Exhibit G – Scored Questions

ARTICLE #130 – SALES TAX EXEMPTION STATUS

The County is exempt from State of Georgia Local Sales and Use Tax. The Contractor understands and acknowledges that it is responsible for any sales and use tax it may incur. The Contractor will not charge the County any sales and use tax as a separate line item. The Contractor may request a copy of the County's Georgia Sales and Use Tax Exemption Certificate.

ARTICLE #131 – Federal Suspension and Debarment Compliance

In accordance with 2 CFR 200.214 and 2 CFR Part 180.300, if this procurement is funded in whole or in part by federal grant funds, the County is prohibited from awarding contracts to parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs. If applicable, by submitting a proposal in response to this IFB, the Bidder certifies to the best of its knowledge and belief that neither it, its principals, nor its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from entering into covered transactions by any Federal department or agency. Respondents are required to complete, sign, and return the attached *Debarment and Suspension Certification Form* with their proposal. Failure to submit this certification if required may render the proposal non-responsive.

ARTICLE #132 – HOLD HARMLESS AGREEMENT

The Contractor hereby agrees to indemnify, hold free and harmless Hall County Government, County Commissioners, its agents, servants, employees, officers, directors, elected officials, or any other person(s) against any loss or expense. This includes attorney fees because of any

liability imposed by law upon the County, except in cases of the County's sole negligence, sustained by any person(s) on account of bodily injury or property damage arising out of or in the consequence of this Contract.

ARTICLE #133 – NOT A JOINT VENTURE

Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, or other association of any kind of agent and principal relationship between the parties thereto. Each party shall be deemed to be an independent contractor contracting for goods and services and acting toward the mutual benefits expected to be derived herefrom. Neither Contractor nor any of Contractor's agents, servants, employees, subcontractors, or sub-subcontractors shall become or be deemed to become agents, servants, or employees of the County. Contractor shall therefore be responsible for compliance with all laws, rules, and regulations involving its employees and any subcontractors including, but not limited to, employment of labor, hours of labor, health and safety, working conditions, workers' compensation insurance, and payment of wages.

ARTICLE #134 – CONTRACT TERMS AND CONDITIONS

1. All purchases must comply with the Official Code of Hall County Sections 3.10.010 – 3.10.190.
2. If any conflict or ambiguity arises between the terms and conditions herein and the Official Code of Hall County, the latter will govern.
3. The terms and conditions set herein shall supersede and govern over all vendor's terms and conditions or service level agreements.
4. The County retains the right to "red line" sections of the vendor's terms and conditions if such are in conflict with the best interest of the County.
5. Acceptance of a Purchase Order (PO) and delivery of goods or services shall be deemed as the vendor's full and complete acceptance of the County's terms and conditions.
6. The terms supplier, vendor, bidder, offeror, contractor, consultant, designer, distributor, dealer or manufacturer or otherwise purveyor or source of supply or performance of service shall mean one and the same, herein denoted as "supplier" for goods and "contractor" for services.
7. The terms goods, materials, commodities, components, drawings, drafts, renderings, plans (physical or digital), software, SaaS, capital asset equipment, vehicles, heavy earth-moving or other equipment (purchased or leased), or other such deliverables are herein denoted as "goods" and shall mean one and the same.
8. "Services" shall mean all services, either financial, advisory, consultative, labor, staff augmentation, construction, rehabilitation, restoration, repair, support or maintenance, communication, telephony, internet, TV or streaming, pest control, grounds maintenance, custodial and janitorial, street or paved surfaces cleaning, drain cleaning, or otherwise where services are offered for consideration.
9. The County's payment terms are net 30 days (N30) in arrears. The County does not pay for services not yet rendered or goods not received and accepted. The County holds no obligation to goods delivered or services rendered that were not ordered and specified in writing. The vendor shall only deliver goods and services as described on the PO and within the Scope of Work and the vendor's bid response.
10. The vendor shall transfer and deliver all goods or services described on the attached PO for the consideration set forth herein.
11. The vendor shall not construe any verbal consent to purchase goods or services as valid.
12. The County does not accept substitutions of services or goods that do not comply with the Scope of Work or specifications set forth in the PO, contract, or agreement unless mutually agreed in writing by both Parties.

13. The County does not accept automatic contract renewals except for monthly subscription services.
14. The County does not pay deposits towards goods ordered or services not yet rendered. Exceptions exist for custom made items such as window treatments, floor coverings, pre-mixed paints and stains, fabrication, decoration, or otherwise custom designed products specifically for the County.
15. The County will accept back orders only if goods are out of stock and with prior written notice. The vendor shall ship all quantities that it has in stock and hold orders for back orders.
16. The County participates in cooperative purchasing agreements, State of Georgia Statewide Contracts, and other state and local intergovernmental agreements, memorandums of understanding, and other such agreements.
17. For all legalities, the jurisdiction shall be the State of Georgia, County of Hall.
18. Deliveries shall be made to the ship-to address(es) listed on the PO and within the specified time. The vendor must note if multiple ship-to addresses are used and deliver goods to the appropriate ship-to address.
19. Risk of loss of the goods shall pass to the County upon inspection and acceptance only. Receipt of goods or services does not constitute acceptance. Title to goods shall remain with the vendor until acceptance by the County.
20. The vendor warrants that its goods and services are merchantable, and it has a legal right to deliver the goods and services and as described herein.
21. The County shall have the right to inspect all goods or services at the time and place of delivery.
22. No right or interest in the contract shall be assigned by the vendor without written permission of the County, and no delegation of any obligation owed or the performance of any obligation by the vendor shall be made without the written permission of the County. Any attempted assignment or delegation shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.
23. The County is exempt from Federal Excise Tax and Georgia Sales and Use Tax.
24. This issuance of a PO shall not violate the Code of Ethics and Conflicts of Interest for Public Officers and Employees for Government Service set forth in the 2020 Section 45-1020 et seq. of the Official Code of Georgia Annotated and the Official Code of Hall County Section 3.10.070 governing Ethics.
25. All goods and services supplied pursuant to a PO shall, unless otherwise noted, conform exactly to all the descriptions, specifications, exhibits, and attachments contained in the bid solicitation, request for proposals, invitation for bid, or other solicitations upon which the PO is based, and the terms, conditions, and specifications of the solicitation are incorporated herein by reference and made a part hereof.
26. All media production, recordings, videos, photography, artwork, plates, engravings, and other printed or digital media materials owned by the County shall become and remain County property and shall be delivered to the County upon request.
27. Invoices should be submitted to the County as described in the PO. Each PO number and/or contract number must be shown on each invoice submitted.
28. A PO issued with an attached contract or agreement, the terms and conditions of the attached contract or agreement shall govern in the event of any conflict with these terms and conditions.
29. The vendor may be suspended, terminated, or debarred if it is determined that it has made false certification(s) or has violated such certification(s) by failure to carry out the requirements herein. Thus, the vendor certifies that it and any of its subcontractors have not been debarred, suspended, or declared ineligible by any agency of the County or State of Georgia or as defined in the Federal Acquisition Regulation (FAR) 48 C.F.R. Ch. 1 Subpart 9.4.
30. The vendor certifies that it is not currently engaged in an active or pending lawsuit or other grievance, injunction, or levy against the County.

31. Goods are Free-On-Board (F.O.B.) destination unless otherwise denoted. Freight, shipping, and delivery shall be pre-paid and added to the invoice as a separate line item. The vendor shall charge the County the exact amount of freight, delivery, handling, and insurance charges.
32. The County does not pay late fees nor interest charges.
33. The County is not bound to any minimum or maximum quantity or dollar amount set by the vendor.
34. In the event there is a discrepancy between the unit price and extended price, the unit price shall govern.
35. Any changes to a PO in quantity or dollar amount require a written change order issued by the County.

IN WITNESS WHEREOF, said Parties have hereunto affixed their signatures and seals on the day, month, and year below. Bidder must print their company's full legal company name as it appears on their W-9 form below:

Recommendation:
Approve.

Purpose of Request:

Approve the employment agreement for the Probate Court Staff Attorney.

History:
Nia Evereteze is currently employed as Staff Attorney for the Hall County Probate Court. The proposed Employment Agreement will transition her employment from the Hall County Civil Service System to employment pursuant to an individual employment agreement, as permitted by the Hall County Civil Service Act.

Facts and Issues:

Options:

The proposed Employment Agreement provides that Ms. Evereteze will continue to serve as Staff Attorney for the Hall County Probate Court but will do so pursuant to an individual employment agreement in lieu of membership in the Hall County Civil Service System. Under the Agreement, Ms. Evereteze will serve at the pleasure of the Probate Judge, who will retain authority to direct, supervise, discipline, and terminate her employment. The Agreement provides for an annual salary of $85,000, which Ms. Evereteze is already receiving, together with County employee benefits, and will be effective October 8, 2026. No additional funding is required for the position. The purpose of the Agreement is to transition Ms. Evereteze from the Civil Service System to contractual employment and to establish a form of agreement that may be used for future Probate Court Staff Attorneys employed outside the Civil Service System. EMPLOYMENT AGREEMENT FOR
PROBATE COURT STAFF ATTORNEY

THIS AGREEMENT is made and entered into this 22nd day of October, 2026, by and among the Honorable Patty Walters Laine, **PROBATE JUDGE OF HALL COUNTY, GEORGIA**, hereinafter referred to as the "Probate Judge," **NIA EVERETEZE,** herein referred to as the "Employee", and **HALL COUNTY, GEORGIA,** hereinafter referred to as the "County," and all of whom agree as follows:

WITNESSETH

WHEREAS, the Probate Judge possesses the authority to appoint, supervise, and remove the Staff Attorney of the Hall County Probate Court and desires to employ the Employee as Staff Attorney to the Hall County Probate Court; and

WHEREAS, the Employee desires to accept such employment and to perform legal, judicial, administrative, advisory, and related services for the Probate Court; and

WHEREAS, the County desires to approve the employment of the Employee as the Staff Attorney to the Hall County Probate Court upon the terms set forth herein and to provide the compensation and benefits provided under this Agreement; and

WHEREAS, in consideration of the employment, compensation, benefits, and other terms and conditions provided under this Agreement, the Employee desires to accept employment pursuant to the terms of this Agreement in lieu of membership in the Hall County Civil Service System; and

WHEREAS, the parties acknowledge that this Agreement is intended to constitute a contractual employment agreement pursuant to Section II of the Hall County Civil Service Act and to create a contractual employment relationship exempt from the Hall County Civil Service System;

NOW THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

SECTION 1. Employment

The Probate Judge hereby employs the Employee as Staff Attorney to the Hall County Probate Court, and the Employee hereby accepts such employment, upon the terms and conditions set forth herein. The Employee shall be a full-time employee assigned to the Hall County Probate Court and shall perform such legal, judicial, administrative, advisory, and/or related duties, functions, and assignments as may be specified and assigned by the Probate Judge.

NE Initials

In the performance of such duties, functions, and assignments, the Employee shall exercise independent professional judgment consistent with applicable law, ethical obligations, and any policies and procedures applicable to the Hall County Probate Court.

The Probate Judge shall possess the authority to direct, supervise, and control the Employee's work and, subject to applicable law and the terms of this Agreement, to suspend, discipline, or terminate the Employee. Nothing in this Agreement shall be construed to confer upon the County Administrator or the Hall County Board of Commissioners authority to direct the Employee's work or to appoint, supervise, discipline, or remove the Employee.

SECTION 2. **Term of Employment; Exempt Status**

A. This Agreement shall commence on the Effective Date and shall continue until terminated as provided herein.

The parties acknowledge and agree that this Agreement is entered into pursuant to Section II of the Hall County Civil Service Act, Chapter 2.120 of the Official Code of Hall County, as amended from time to time, and is intended to satisfy the requirements thereof for establishing a contractual employment relationship exempt from the Hall County Civil Service System.

The Employee acknowledges and agrees that she accepts employment pursuant to this individual employment agreement in lieu of membership in the Hall County Civil Service System. The Employee further acknowledges and agrees that she is not a civil service employee and does not possess any rights, protections, grievance procedures, hearing rights, appeal rights, or other benefits afforded under the Hall County Civil Service Act. The Employee further acknowledges that she possesses no property interest in continued employment with Hall County or the Hall County Probate Court.

Unless otherwise required by law, the Employee serves at the pleasure of the Probate Judge and may be terminated, removed, suspended, reassigned, demoted, or otherwise separated from employment by the Probate Judge at any time, with or without cause and with or without notice.

NG Initials

Nothing contained herein shall be construed as creating a guarantee of employment for any specific duration.

B. Nothing in this Agreement shall prevent, limit, or otherwise interfere with the right of the Employee to resign from employment at any time.

SECTION 3. Termination

A. The Probate Judge may terminate this Agreement and the Employee's employment at any time, with or without cause and with or without notice, subject only to applicable law.

B. The Employee may resign at any time. In the event the Employee voluntarily resigns her position, the Employee agrees to provide at least thirty (30) days written notice of resignation whenever reasonably practicable unless otherwise agreed by the Probate Judge.

C. Upon termination of employment, the Employee shall be entitled only to compensation and benefits earned and accrued through the effective date of separation as provided by applicable law and County policy. The Employee shall not be entitled to severance pay, separation pay, liquidated damages, future compensation, or any other post-employment compensation unless expressly authorized by separate written action or agreement of the Hall County Board of Commissioners.

SECTION 4. Compensation and Benefits

The County agrees to pay the Employee for her services rendered pursuant to this Agreement an annual base salary of **$ 85,000.00**, payable in installments at the same time as other employees of the County are paid, subject to budgetary appropriations and any lawful cost-reduction measures adopted by the County. The Employee's compensation may be adjusted from time to time pursuant to County budgetary actions, compensation plans, personnel policies, cost-of-living adjustments, merit increases, or other lawful actions of the County. The County further agrees to provide employee benefits to the Employee in accordance with County policies, employee benefit plans, and applicable law, as such policies and plans may be amended from time to time.

NE Initials

Nothing in this Section shall be construed to authorize an arbitrary reduction in the Employee's individual compensation or to limit the Probate Judge's authority to make compensation recommendations for the Employee within the Probate Court's approved budget, subject to any approval or appropriation required by law or County policy.

SECTION 5. Political Activity

A. If the Employee becomes a candidate for elective office and such candidacy creates an actual or potential conflict of interest with the Employee's official duties, materially interferes with the Employee's ability to perform the duties of the position, or is otherwise prohibited by applicable law, ethical obligations, or County policy, the Employee shall promptly notify the Probate Judge. The Probate Judge may require the Employee to resign, take a leave of absence, recuse herself from certain matters, or take such other action as may be necessary to address the conflict or comply with applicable law, ethical obligations, or County policy.

B. During the term of this Agreement, the Employee shall not:

(1) Engage in political activity that creates an actual conflict of interest with the Employee's official duties;

(2) Knowingly solicit, accept, or receive political contributions in violation of law;

(3) Use or attempt to use official authority, County resources, or official influence to affect the outcome of an election or political campaign; or

(4) Engage in any political activity prohibited by applicable law, County policy, the Georgia Rules of Professional Conduct, or other ethical rules applicable to the Employee.

SECTION 6. Professional Dues, Subscriptions and Professional Development

A. Subject to budgetary appropriations and approval by the Probate Judge, the County agrees to pay the Employee's annual bar dues, professional membership dues, subscription costs, continuing legal education expenses, and seminar expenses incurred by the Employee in connection with the Employee's duties.

B. Subject to budgetary appropriations and approval by the Probate Judge, the County may

NE Initials

pay or reimburse reasonable travel, lodging, meals, registration fees, and related expenses incurred in connection with official Probate Court business or professional development activities.

SECTION 7. Professional Licensure and Ethical Obligations

A. As a condition of employment, the Employee shall maintain all licenses, qualifications, certifications, and other credentials required by law or by the Probate Judge for the Staff Attorney position. If the position requires admission to the practice of law in the State of Georgia, the Employee shall remain duly licensed and in good standing with the State Bar of Georgia throughout the term of employment.

B. The Employee shall promptly notify the Probate Judge of any disciplinary complaint, grievance, suspension, disbarment, administrative suspension, criminal charge, criminal conviction, or other matter that may materially affect the Employee's ability to perform the duties of the position or maintain any required professional license, qualification, certification, or credential.

C. The Employee shall comply with all applicable federal, state, and local laws, the Georgia Rules of Professional Conduct, County policies applicable to the Employee, any policies and procedures of the Hall County Probate Court, and all ethical obligations associated with the position.

D. The loss, suspension, expiration, revocation, or failure to maintain any license, qualification, certification, or legal authority required for the performance of the Employee's duties may constitute grounds for disciplinary action by the Probate Judge, including immediate termination of employment.

SECTION 8. Confidentiality

The Employee acknowledges that, during the course of employment, she may have access to confidential, privileged, sensitive, or otherwise non-public information, including but not limited to personnel records, protected personal information, law enforcement information, court records, information maintained in County or Probate Court information systems, and other information

NE Initials

exempt from public disclosure under applicable law.

The Employee shall maintain the confidentiality of such information and shall not disclose, use, copy, remove, or permit the disclosure of such information except as necessary in the performance of official duties or as authorized or required by applicable law, court order, ethical obligation, or applicable official policy.

Nothing in this Agreement shall be construed to authorize the disclosure of information protected by the attorney-client privilege, work-product doctrine, judicial confidentiality requirements, statutory confidentiality provisions, or other legal protections.

Upon separation from employment, the Employee shall return all Probate Court and County records, files, documents, electronically stored information, equipment, and other property in the Employee's possession or control, subject to any applicable record retention requirements.

The obligations contained in this Section shall survive the termination of employment and shall remain enforceable to the fullest extent permitted by law.

SECTION 9. Defense and Indemnification

The County shall defend, indemnify, and hold harmless the Employee to the extent provided by and subject to the terms, conditions, limitations, exclusions, and requirements set forth in the Hall County Defense and Indemnification Ordinance, as amended from time to time.

Nothing contained in this Agreement shall be construed to create any independent right to defense, indemnification, reimbursement, insurance coverage, or payment of attorneys' fees beyond those rights, if any, provided by applicable law or the Hall County Defense and Indemnification Ordinance.

Nothing contained herein shall expand, diminish, waive, or modify any rights, immunities, defenses, limitations, or obligations established by applicable law or County ordinance.

NG Initials

SECTION 10. General Provisions

A. Entire Agreement. This Agreement constitutes the entire agreement between the parties concerning the subject matter hereof and supersedes all prior negotiations, representations, understandings, and agreements. Any amendment hereto must be in writing and executed by the parties.

B. Severability. If any provision of this Agreement, or any portion thereof, is later determined by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect to the fullest extent permitted by law.

C. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Georgia.

D. Effective Date. This Agreement shall become effective on the 22nd day of October, 2026, and shall remain in effect until terminated in accordance with the terms of this Agreement.

E. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date first written above.

Collectively, the "Parties."

1. RECITALS

WHEREAS, the Lessor owns or is authorized to lease certain office space located at 311 Jesse Jewell Parkway, Suite 104, Gainesville, Georgia ("Building"); and

WHEREAS, the Lessee desires to lease office space for governmental and administrative use;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

2. DEFINITIONS

For purposes of this Agreement, the following definitions apply:

"Premises" refers to the two (2) interior offices designated for Lessee's use.

"Common Areas" refers to shared hallways, conference rooms, break rooms, restrooms, and copier/printing areas.

"Access Credentials" refers to keys, access cards, entry codes, or other tools enabling Building access.

"Term" refers to the duration specified in Section 3.

3. TERM

The Term shall commence on November 1, 2026, and continue through April 30, 2027, unless terminated earlier or renewed as provided in Section 4.

4. RENEWAL AND TERMINATION NOTICE

Following expiration of the initial Term, this Agreement may renew on a month-to-month basis.

The Lessee shall provide thirty (30) days' written notice of intent to renew or vacate.

Either Party may terminate the Agreement during the initial term or any renewal period with thirty (30) days' written notice.

5. RENT AND PAYMENT TERMS

Monthly Rent: $800.00. Rent shall be due on the 5th day of each month. Payments shall be made payable to 9th Judicial District Mediation. Accepted payment method(s): check(s) and/or electronic payment.

6. USE OF PREMISES

The Premises shall be used solely for official governmental and administrative purposes of the Northeastern Judicial Circuit.

Lessee shall comply with all applicable federal, state, and local laws, regulations, ordinances, and Building policies.

7. ACCESS TO BUILDING

The Lessee shall have twenty-four (24) hour access to the Building and the Premises.

The Lessor shall provide all Access Credentials necessary for lawful access.

The Lessee shall safeguard all Access Credentials and return them upon termination of the Agreement.

Access may be restricted temporarily due to emergencies, security protocols, or maintenance activities, with reasonable prior notice for non-emergency restrictions.

8. SECURITY REQUIREMENTS

The Lessee shall comply with all Building security protocols, including after-hours access procedures and alarm system requirements.

The Lessee is responsible for ensuring doors are secured following any after-hours entry.

The Lessor retains exclusive control over all Building security systems.

9. EMERGENCY ACCESS AND RESPONSE

The Lessor may enter the Premises without prior notice in the event of an emergency involving life safety, structural integrity, or property protection.

The Lessee shall provide two (2) emergency contacts who can be reached at all times.

The Lessee shall comply with posted emergency procedures, evacuation protocols, and directives.

Nothing in this Agreement restricts the Lessor's lawful inspection rights under Georgia law.

10. MAINTENANCE AND REPAIRS

The Lessor shall maintain the Building and Common Areas except where damage has been caused by the Lessee's negligence or misuse.

The Lessee shall promptly report any maintenance concerns.

11. UTILITIES AND SERVICES

The following utilities/services are included as part of Rent:

[x] Electricity [x] Water [x] Internet [x] Janitorial Services [x] Other: Copier, Phones.

The Lessee's personal property is not covered by any Lessor insurance policy.

12. INSURANCE

The Lessee shall maintain such insurance as it customarily maintains for its governmental operations and as required by law.

13. INDEMNIFICATION

To the extent permitted by law and subject to all applicable immunities and defenses, the Lessee shall indemnify, defend, and hold harmless the Lessor from all claims arising from the Lessee's acts, omissions, use of the Premises, or breach of this Agreement.

To the extent permitted by law and subject to all applicable immunities and defenses, the Lessor shall indemnify, defend, and hold harmless the Lessee from all claims arising from the Lessor's acts, omissions, use of the Premises, or breach of this Agreement.

Neither Party shall be liable for consequential, special, or punitive damages except where caused by gross negligence or intentional misconduct.

Nothing herein shall be construed as a waiver of the Lessee's sovereign immunity or governmental immunity.

14. RIGHT OF INSPECTION

The Lessor may enter the Premises during normal business hours for inspection or maintenance with reasonable advance notice, except in emergencies.

15. ASSIGNMENT AND SUBLETTING

The Lessee shall not assign, sublease, or transfer any portion of the Premises without the Lessor's prior written consent.

16. ALTERATIONS AND IMPROVEMENTS

The Lessee shall not make alterations, additions, or improvements without the Lessor's prior written consent.

Approved improvements shall become the property of the Lessor unless otherwise agreed.

17. HOLDOVER

Should the Lessee remain in possession after expiration of the Term without a written renewal, the tenancy shall convert to a month-to-month tenancy subject to existing terms unless otherwise stated in writing.

18. DAMAGE OR DESTRUCTION

If the Premises become unusable due to fire or other casualty, rent shall abate proportionally.

Either Party may terminate the Agreement if repairs cannot reasonably restore the Premises.

19. ENVIRONMENTAL COMPLIANCE

The Lessee shall not bring or store hazardous materials on the Premises except materials customarily used in office environments handled in compliance with applicable laws.

20. NO WAIVER

Failure of either Party to enforce any provision shall not constitute a waiver of that provision.

21. QUIET ENJOYMENT

The Lessee shall have quiet enjoyment of the Premises provided it complies with this Agreement.

22. NOTICE DELIVERY

All notices required under this Agreement shall be delivered via certified mail, overnight courier, or email with confirmation of receipt.

23. BROKERAGE

No real estate broker or agent represents either Party in this Agreement.

24. GOVERNMENT PROCUREMENT COMPLIANCE

The Parties acknowledge that the Lessee is a governmental entity subject to the procurement, purchasing, ethics, and contracting regulations of the State of Georgia and applicable County requirements. Nothing in this Agreement shall obligate the Lessee to act contrary to any procurement statute, regulation, or policy.

The Lessor warrants that it is not debarred, suspended, or otherwise prohibited from contracting with any governmental entity within the State of Georgia.

In the event of any conflict between this Agreement and mandatory procurement requirements applicable to the Lessee, such procurement requirements shall control.

No provision herein shall obligate the Lessee to expend funds not lawfully appropriated or available.

25. FISCAL FUNDING / APPROPRIATIONS

This Agreement is subject to the availability and lawful appropriation of funds by the Hall County Board of Commissioners. In the event that funds are not appropriated or are otherwise unavailable for the continued performance of this Agreement, the County may terminate the Agreement without penalty upon written notice to the Lessor.

26. NO THIRD-PARTY BENEFICIARIES

This Agreement is for the sole benefit of the Parties. No third-party beneficiaries, intended or implied, are created by this Agreement.

27. GOVERNING LAW

This Agreement shall be governed by the laws of the State of Georgia.

Venue for any dispute shall lie in the county where the Premises are located.

28. COMPLIANCE WITH ALL LAWS

Both Parties shall comply with all applicable federal, state, and local laws, regulations, ordinances, codes, and permitting requirements related to the use and occupation of the Premises.

29. SEVERABILITY

If any provision is deemed invalid or unenforceable, the remaining provisions shall remain in full force and effect.

30. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the Parties and supersedes all prior negotiations.

Any amendments must be in writing and signed by both Parties.

31. SIGNATURES

The individuals executing this Agreement represent and warrant that they are duly authorized to bind their respective entities.

A MEMORANDUM OF UNDERSTANDING

BETWEEN HALL COUNTY, GEORGIA, AND AVITA COMMUNITY PARTNERS

REGARDING ASSISTED OUTPATIENT TREATMENT AND MENTAL HEALTH COURT LIAISON SERVICES

This Memorandum of Understanding ("MOU") is entered into by and between **Hall County, Georgia ("County")**, the **Hall County Probate Court ("Probate Court")**, the **Hall County State Court ("State Court")**, and **Avita Community Partners ("Avita")**, who each may be referred to individually as a "Party" and collectively as the "Parties."

Effective Date: October 22, 2026
Term: 12 months
Funding Amount: $14,000.00

1. PURPOSE

The purpose of this MOU is to establish a cooperative relationship between Hall County and Avita Community Partners for the coordination and implementation of **Assisted Outpatient Treatment ("AOT") and Mental Health Court (MHC) liaison services** for individuals who are subject to court-ordered AOT/MHC services within Hall County.

The Parties recognize that successful AOT/MHC programs require coordination among the Court, behavioral-health providers, and other appropriate community partners. The AOT/MHC liaison position will facilitate communication, coordination, and continuity of services for individuals placed under court-ordered AOT/MHC.

Nothing in this MOU is intended to alter the authority or responsibilities of the Court under applicable Georgia law or to interfere with the independent professional judgment of Avita or its qualified behavioral-health professionals.

2. RESPONSIBILITIES OF AVITA COMMUNITY PARTNERS

Avita agrees to provide an AOT/MHC liaison to support the Hall County AOT/MHC programs.

The AOT/MHC liaison's responsibilities may include:

1. Coordinating communication between the Probate Court, State Court, Avita, and other appropriate service providers involved in an individual's AOT/MHC treatment plan;
2. Receiving and coordinating referrals of individuals who are subject to court-ordered AOT;
3. Assisting with the initiation and coordination of behavioral-health services following entry of an AOT order or acceptance to MHC;
4. Facilitating communication regarding an individual's participation in required services, consistent with applicable law and appropriate authorizations;
5. Assisting with coordination of treatment plans, appointments, community-based services, and other supports identified as part of the individual's AOT/MHC treatment plans;

6. Communicating with Court personnel regarding the status of AOT/MHC cases, including attendance, engagement, significant barriers to participation, and other information that may appropriately be provided to the Court;
7. Assisting with coordination when an individual is experiencing a behavioral-health crisis or other circumstances that may affect the individual's ability to comply with the AOT order or MHC treatment plan;
8. MHC liaison will attend MHC staffings to provide Behavioral Health updates for participants in MHC;
9. AOT/MHC liaison will obtain valid Release of Information (ROI) prior to releasing information to protect health information (PHI) prior to releasing any information;
10. Participating in meetings, case conferences, or other coordination activities related to the AOT program; and
11. Performing other reasonable liaison and coordination functions mutually agreed upon by the Parties that are consistent with the purpose of this MOU.
12. Assist in organizing a monthly Stakeholder/Advisory meeting with Avita and other community partners who are necessary for a successful program and assign staff to attend these and other collaborative meetings.
13. Identify community partners for referrals to AOT and collaborate with them to ensure they receive appropriate education and connection to the AOT program and mission.

The AOT/MHC liaison shall not replace the clinical providers responsible for providing treatment and shall not make judicial determinations on behalf of the Court.

3. RESPONSIBILITIES OF HALL COUNTY

Hall County, through the Probate Court and State Court as applicable, agrees to:

1. Identify and refer individuals who meet legal criteria for AOT services and MHC participants who receive behavioral health services from Avita;
2. Provide Avita with appropriate court orders and other reasonably necessary information for the AOT/MHC liaison to perform the responsibilities described in this MOU, subject to applicable confidentiality and privacy requirements;
3. Designate appropriate Court personnel to communicate with the AOT/MHC liaison;
4. Coordinate, as appropriate, with Avita regarding hearings, case status, compliance concerns, and other matters related to individuals subject to AOT/MHC;

5. Provide supplemental funding to Avita to support the AOT/MHC liaison position, subject to the availability and appropriation of County funds; and
6. Cooperate with Avita and other appropriate community partners to promote continuity of care and effective implementation of AOT orders.
7. Assist in organizing a monthly Stakeholder/Advisory meeting with Avita and other community partners who are necessary for a successful program and assign staff to attend these and other collaborative meetings.

4. SUPPLEMENTAL FUNDING

Hall County agrees to provide Avita with supplemental funding in an amount not to exceed **$14,000.00 during the Term of this MOU** for the purpose of supporting the AOT/MHC liaison position, subject to the availability and appropriation of County funds.

The funding is intended to supplement, and not necessarily replace, other funding available to Avita for behavioral-health services.

Payment shall be made in accordance with the County's applicable financial procedures. Avita shall use the supplemental funding for costs associated with the AOT liaison position and related AOT coordination activities.

The Parties may modify the funding amount by written amendment to this MOU.

5. CONFIDENTIALITY AND INFORMATION SHARING

The Parties acknowledge that individuals receiving AOT/MHC services may have protected health information and confidential behavioral-health records.

Each Party shall comply with all applicable federal and Georgia laws governing the privacy, confidentiality, use, and disclosure of information, including applicable requirements concerning protected health information and behavioral-health records.

Information shared between the Parties shall be limited to information reasonably necessary for the performance of the Parties' respective responsibilities under this MOU and shall be shared only as permitted or required by applicable law, court order, or appropriate authorization.

Nothing in this MOU shall be construed as requiring Avita to disclose information that it is prohibited from being disclosed under applicable law.

6. CLINICAL AND JUDICIAL INDEPENDENCE

The Parties acknowledge that the Court retains its judicial authority and responsibilities, while Avita and its qualified professionals retain independent clinical judgment and responsibility for the provision of behavioral-health services.

Nothing in this MOU shall require Avita or any of its professionals to make a clinical determination that is inconsistent with applicable law, professional standards, or independent clinical judgment.

Nothing in this MOU shall limit the authority of the Court to enter, modify, review, or terminate an AOT/MHC order as authorized by law.

7. NO GUARANTEE OF SERVICES OR OUTCOMES

This MOU establishes a framework for coordination and liaison services. It does not guarantee that a particular individual will participate in treatment, comply with an AOT/MHC order, or achieve a particular clinical outcome.

Avita's obligations under this MOU are subject to available personnel, resources, applicable law, and the terms of an individual's court order and treatment plan.

8. TERM AND TERMINATION

This MOU shall begin on the Effective Date and shall remain in effect for the Term stated above unless terminated earlier in accordance with this section.

Either Party may terminate this MOU upon **thirty (30) days' written notice** to the other Party.

Termination of this MOU shall not automatically terminate or modify any existing court order for AOT/MHC. The Parties shall cooperate, as appropriate, to promote continuity of behavioral health services for individuals currently subject to AOT/MHC orders.

Upon termination, Hall County shall have no obligation for funding attributable to periods after the effective date of termination.

9. MODIFICATION

This MOU may be amended only by a written document signed by authorized representatives of both Parties.

10. INDEPENDENT PARTIES

The Parties are independent entities. Nothing in this MOU creates a partnership, joint venture, employment relationship, or agency relationship between Hall County and Avita.

Avita shall remain responsible for its employees, contractors, professional services, and internal operations.

11. COMPLIANCE WITH LAW

The Parties shall perform their respective responsibilities under this MOU in accordance with applicable federal and Georgia laws, regulations, court rules, professional standards, and governmental requirements.

If any provision of this MOU is determined to be inconsistent with applicable law, the applicable law shall control, and the Parties shall work in good faith to modify the affected provision accordingly.

12. ENTIRE UNDERSTANDING

This MOU represents the understanding between the Parties concerning the AOT liaison services described herein and supersedes prior oral or written understandings concerning the same subject matter, to the extent applicable.

This MOU is not intended to create rights in or confer benefits upon any person who is not a Party to this MOU.

13. SIGNATURES

IN WITNESS WHEREOF, the Parties have executed this Memorandum of Understanding through their duly authorized representatives.

Approve the annual renewal of the agreement with ADP, Inc. for the purpose of providing payroll services for all County departments, and authorization for the Chairman to execute any necessary documents to effectuate the renewal; subject to review and approval by the County Attorney. The estimated annual cost is $358,053.00.

History:

Hall County has used ADP as its payroll provider since September 2015. They are a vendor in good standing.

Facts and Issues:
This would be year two (2) of a new five (year) pricing agreement for services with ADP.

The new pricing agreement was approved last September 2025. This would just be the annual renewal of that new pricing agreement.

The price increase would be 1% for years 2-4, and then a 2% increase in year 5. The actual total payout can flucuate some depending on number of employees, etc.

ADP, Inc. ("ADP") is pleased to provide Hall County ("Client") with a guaranteed price agreement (the "Price Agreement"), which shall govern any increases in fees to the Services (as defined in section 1 below) purchased by Client for the next 5 year(s), subject to the terms and conditions set forth in this Price Agreement. In consideration of the mutual agreements set forth below, ADP and Client agree as follows:

1) Price Increase: For the next 5 year(s) commencing with the Effective Date of this Price Agreement, ADP will increase prices per the schedule below for the processing services (the "Services") listed in section 1a that Client is receiving or shall receive as of the Effective Date.

1a) Included Services:

- Payroll
- HCM
- TLM

1b) Processing Services:

Year #	Guaranteed Price Period	Increase %	Increase Date
1	10/01/2025 to 09/30/2026	0.00%	10/01/2025
2	10/01/2026 to 09/30/2027	1.00%	10/01/2026
3	10/01/2027 to 09/30/2028	1.00%	10/01/2027
4	10/01/2028 to 09/30/2029	1.00%	10/01/2028
5	10/01/2029 to 09/30/2030	2.00%	10/01/2029

Items specifically excluded from this agreement are delivery, reverse wire fees, jurisdiction fees, year-end fees, and maintenance fees. In the month following the Expiration Date, Client's prices will be subject to the same price increases applied to its other clients of similar size and product utilization unless a renewal agreement is signed by both parties.

2) Guaranteed Term: As consideration for the Price Agreement, Client agrees to purchase the Services for a minimum guaranteed term of 5 year(s) commencing with the Effective Date of this Price Agreement and thereafter Client's agreement to purchase the Services shall remain in effect until terminated by Client or ADP in accordance with the terms of the ADP Major Accounts Agreement (or such equivalent ADP terms and conditions or agreement governing the provision and receipt of ADP Services including but not limited to any product specific terms set forth in such agreement) between ADP and Client (the "ADP Services Agreement").

3) Early Termination Fee: If Client terminates all Services without cause as provided in the ADP Services Agreement prior to the Expiration Date of this Price Agreement, Client agrees to pay ADP an early termination fee of 3 month(s) of average monthly processing fees for the Services (based on the average monthly fees during the twelve-month period immediately preceding the date of termination or a shorter period of time if monthly fees have been payable for less than 12 months at the termination date). If Client fails to pay the early termination fee, Client shall reimburse ADP for any expenses incurred, including interest and reasonable attorney fees, in collecting amounts due ADP hereunder. The early termination fee will be waived by ADP in the event there is a material breach by ADP of any material warranty, term, condition or covenant of the ADP Services Agreement and ADP fails to cure such breach within the timeframe provided in such ADP Services Agreement.

THE ADP SERVICES COVERED BY THIS AGREEMENT ARE PROVIDED IN ACCORDANCE WITH THE TERMS AND CONDITIONS SET FORTH IN THE AGREEMENT(S) BETWEEN CLIENT AND ADP COVERING THE SPECIFIC SERVICES. THIS AGREEMENT SUPPLEMENTS AND DOES NOT SUPERSEDE ANY OF THOSE TERMS AND CONDITIONS. THIS AGREEMENT IS NOT VALID UNLESS SIGNED BY BOTH PARTIES. IN THE EVENT CLIENT HAS AN EXISTING PRICE AGREEMENT IN PLACE, THIS AGREEMENT REPLACES ANY PRIOR PRICE AGREEMENT GOVERNING THE SAME SERVICES.

Purpose of Request:
Approve the purchase to remount three (3) Osage ambulances for Fire Rescue to Ten-8 Fire and Safety, LLC of Bradenton, FL, in the amount of $1,073,481.00.

History:

Ten-8 Safety and Fire, LLC has been a vendor with the County for several years and is in good standing with the County.

Facts and Issues:

Options:

Fire Rescue is requesting to remount three (3) ambulances. Ten-8 is the Osage Ambulance dealer, and we were approved in the capital budget to purchase/remount three (3) ambulances on the latest year model of Ford F-550 4x4 diesel chassis. Ten-8 has priced the job using the FSA Contract #FSA25-VEF19.0 Item #258.

The price for all vehicles of $1,073,481.00 includes a discount for purchasing our old chassis. If we choose to keep the chassis Hall County will be responsible for shipping the chassis back to Hall County.

The lead time is 24-28 months.

This includes three (3) new Ford F-550 193" W.B. 4x4 diesel chassis and the remounting of three (3) of our existing module/patient compartments from three (3) existing ambulances.

PURCHASING TERMS AND CONDITIONS

PURCHASING TERMS AND CONDITIONS

These Purchasing Terms and Conditions, together with the Equipment Proposal and all attachments (collectively, the "Agreement") are entered into by and between Ten-8 Fire & Safety, LLC, a Florida company ("Company") and Customer (as defined in Ten-8 Fire & Safety LLC's Equipment Proposal document) and is effective as of the date specified in Section 3 of these Purchasing Terms and Conditions. Both Company and Customer may be referred throughout this document individually as a "party" or collectively as the "parties."

1. Definitions.
   a. **"Acceptance"** has the same meaning set forth in Company's Equipment Proposal.
   b. **"Company's Equipment Proposal"** means the Equipment Proposal provided by Company and prepared in response to Customer's request for proposal for a fire apparatus, associated equipment or an ambulance.
   c. **"Cooperative Purchasing Contract"** means an Agreement between Company and a public authority, including without limitation, a department, division, agency of a municipal, county or state government ("Public Authority"), that adopts or participates in an existing agreement between Company and another non-party customer (including, but not limited to such non-party customer's equipment proposal, its applicable exhibits, attachments and purchasing terms and conditions), often referred to as a "piggyback arrangement," which is expressly agreed to, in writing, by Company. Company has sole discretion to determine whether it will agree to such a Cooperative Purchasing Contract.
   d. **"Delivery"** means when Company delivers physical possession of the Product to Customer.
   e. **"Manufacturer"** means the Manufacturer of any Product.
   f. **"Prepayment Discount"** means the prepayment discounts, if any, specified in Company's Equipment Proposal.
   g. **"Product"** means the fire apparatus and any associated equipment, or ambulance manufactured or furnished for Customer by Company pursuant to the Specifications.
   h. **"Purchase Price"** means the Total price set forth in the Quotation, adjusted for the final net price for the chassis charged by the original equipment manufacturer set forth in the final invoice submitted to the Company by the manufacturer. Additionally, if transportation charges are included in the Purchase Price, any changes in transportation charges shall be borne by Customer. Unless otherwise stated herein, Company shall not be responsible for switching, handling, loading, sorting, storage, demurrage, or any other transportation or peripheral charges. If any tax, public charge, tariff, duty, or increase in such taxes or tariffs, is now, or shall be, assessed, levied, or imposed upon, or with respect to the sale of Product by Company or the Manufacturer to Customer or upon any sale, delivery, or other action taken under any validly accepted order for Product, or upon the export or import of such Product by Company or Manufacturer, or if any change shall be made in the custom house or railway classification of such Product or in existing freight rates applicable thereto, the burden of such charge or change shall be borne by the Customer.
   i. **"Purchasing Terms and Conditions"** means these Purchasing Terms and Conditions; however, if the Company's Equipment Proposal or the Customer's related Purchase Order states that it is governed by a Cooperative Purchasing Agreement, "Purchasing Terms and Conditions" shall mean those terms and conditions set forth in the applicable Cooperative Purchasing Agreement.
   j. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in Company's Equipment Proposal and its Exhibit A (Proposal Option List or for ambulance sales, the Quotation, or Order Form, as applicable), prepared in response to Customer's request for such a proposal.

2. Purpose. This Agreement sets forth the terms and conditions of Company's sale of the Product to Customer.

3. Term of Agreement. This Agreement will become effective on the date of Acceptance as defined in Company's Equipment Proposal ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon Delivery and payment in full of the Purchase Price.

4. Purchase and Payment. Customer agrees to pay Company the Purchase Price for the Product(s), and any fees Company actually shifts to Customer shall not exceed 5% of the purchase price. The Purchase Price is in U.S. dollars. Where Customer opts for a Prepayment Discount that specifies that Customer will tender one or more prepayments to Company, Customer must provide each prepayment within the time frame specified in the Equipment Proposal in order to receive the Prepayment Discount for that prepayment installment. To the

extent permitted by applicable law, Company may in its sole discretion charge a convenience fee if Customer elects to pay the Purchase Price by means of a credit card.

5. Representations and Warranties. Customer hereby represents and warrants to Company that the purchase of the Product(s) has been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances and other governing documents, and funding for the purchase has been duly budgeted and appropriated.

6. Cancellation/Termination.

   a. Fire Equipment and Apparatus Sales. In the event this Agreement is cancelled or terminated by Customer before completion, Company may charge Customer a cancellation fee. The following charge schedule is based on costs incurred by Manufacturer and Company for the Product, which may be applied and charged to Customer: (a) 12% of the Purchase Price after the order for the Product(s) is accepted and entered into Manufacturer's system by Company; (b) 22% of the Purchase Price after completion of approval drawings by Customer, and; (c) 32% of the Purchase Price upon any material requisition made by the Manufacturer for the Product. The cancellation fee will increase in excess of (c) in this Section 6, accordingly, as additional costs are incurred by Manufacturer and Company as the order progresses through engineering and into the manufacturing process.

   b. Ambulance Sales. This Section 6 for Cancellation/Termination does not apply to Ambulance Sales. An order for an ambulance cannot be cancelled or terminated once Company receives and processes Customer's Acceptance of Company's Equipment Proposal.

7. Delivery. The Product is scheduled to be delivered as specified in the Delivery Timing section of the Equipment Proposal ("Delivery Timing"), which will be F.O.B. Company's facility. The Delivery Timing is an estimate, and Company is not bound to such date unless it otherwise agrees in writing. Company is not responsible for Delivery delays caused by or as the result of actions, omissions or conduct of the Manufacturer, its employees, affiliates, suppliers, contractors, and carriers. All right, title and interest in and to the Product, and risk of loss, shall pass to Customer upon Delivery of the Product(s) to Customer.

8. Standard Warranty. The manufacturer warranties applicable to this Agreement, if any, are attached to Company's Equipment Proposal as Exhibit A and are incorporated herein as part of the Agreement.

   a. Disclaimer. TO THE EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT AS OTHERWISE SET FORTH IN THIS AGREEMENT, COMPANY, INCLUDING ITS PARENT COMPANY, AFFILIATES, SUBSIDIARIES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS OR REPRESENTATIVES DO NOT MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS PROVIDED UNDER THIS AGREEMENT, WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING DISCLAIMER, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, IMPLIED WARRANTY AGAINST INFRINGEMENT, AND IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES REPRESENTATIVES OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

9. Limitation of Liability. TO THE EXTENT PERMITTED BY APLICABLE LAW, NEITHER COMPANY WILL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, ECONOMIC, PUNITIVE, SPECIAL OR EXEMPLARY DAMAGES ARISING FROM OR IN ANY WAY CONNECTED WITH THIS AGREEMENT WITHOUT REGARD TO THE NATURE OF THE CLAIM OR THE UNDERLYING THEORY OR CAUSE OF ACTION (WHETHER IN CONTRACT, TORT, STRICT LIABILITY, EQUITY OR ANY OTHER THEORY OF LAW) ON WHICH SUCH DAMAGES ARE BASED. COMPANY'S LIMIT OF LIABILITY UNDER THIS AGREEMENT SHALL BE CAPPED AT THE TOTAL AMOUNT OF THE MONIES PAID BY CUSTOMER TO COMPANY UNDER THIS AGREEMENT.

10. Force Majeure. Company shall not be responsible nor deemed to be in default on account of delays in performance due to causes which are beyond Company's control or which make Company's performance impracticable, including but not limited to wars, insurrections, strikes, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, transportation or delivery delays or losses outside of Company's control, any act of government, inability or delay of Company or manufacture in obtaining necessary labor or adequate or suitable manufacturing components at reasonable prices, allocation regulations or orders affecting materials, equipment, facilities or completed products, failure to obtain any required license or certificates, acts of God or the public enemy, terrorism, epidemics, quarantine restrictions, failure of vendors to perform their contracts or labor troubles of Company or a manufacturer causing cessation, slowdown, or interruption of work.

11. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with Company and Manufacturer during the manufacturing process to create the Product. Reasonable and timely cooperation includes, without limitation, Customer's providing timely information in response to a request from Manufacturer or Company and Customer's participation in traveling to Manufacturer's facility for inspections and approval of the Product.

12. Default. The occurrence of one or more of the following shall constitute a default under this Agreement: (a) Customer's failure to pay any amounts due under this Agreement or Customer's failure to perform any of its obligations under this Agreement; (b) Company's failure to perform any of its obligations under this Agreement; (c) either party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either party to induce the other to enter into this Agreement, which is false in any material respect; (e) an action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity; or (f) a default or breach by Customer under any other contract or agreement with Company.

13. Manufacturer's Statement of Origin. Company shall retain possession of the manufacturer's statement of origin ("MSO") for the Product until the entire Purchase Price has been paid. If more than one Product is covered by this Agreement, Company shall retain the MSO for each individual Product until the Purchase Price for that Product has been paid in full.

14. Dispute Resolution and Venue. Should either party bring a legal suit to enforce the terms of this Agreement, including a suit in equity, the parties agree and consent to file any suit in the court of jurisdiction of Hall County, Georgia.

15. Miscellaneous. The relationship of the parties established under this Agreement is that of independent contractors and neither party is a partner, employee, agent, or joint venture of or with the other. Neither party may assign its rights and obligations under this Agreement without the prior written approval of the other party. This Agreement and all transactions between Ten-8 Fire & Safety, LLC will be governed by and construed in accordance with the laws of the State of Georgia. The delivery of signatures to this Agreement may be via facsimile transmission or other electronic means and shall be binding as original signatures. This Agreement shall constitute the entire agreement and supersede any prior agreement between the parties concerning the subject matter of this Agreement. This Agreement may only be modified by an amendment, in writing, signed by duly authorized representatives of both parties with authority to sign such amendments to this Agreement. In the event of a conflict between the Ten-8 Proposal and these Terms and Conditions, the Ten-8 Proposal shall control except in the case of a Cooperative Purchasing Contract as set forth in Section 1(c) and (h) of these Purchasing Terms and Conditions. If any term of this Agreement is determined to be invalid or unenforceable by a competent legal authority, such term will be either reformed or deleted, as the case may be, but only to the extent necessary to comply with the applicable law, regulation, order or rule, and the remaining provisions of the Agreement will remain in full force and effect.

Emergency Vehicle Limited Warranty

REMOUNT

Subject to limitations, provisions and conditions set forth in this Warranty, Osage Industries, Inc. does hereby warrant to each Purchaser Only that this ambulance remount work shall be free from defects in workmanship and materials used in the remount process for a period as follows:

A. For **THREE 3 years or 36,000 miles**, whichever comes first, from the date of the purchase, Osage Industries, Inc. will repair or replace, at no cost to purchaser, only those components manufactured by Osage Industries, Inc. for use in a remount vehicle and excludes components from other manufacturers used in such conversions; i.e. sirens, inverters, lightbars, oxygen equipment, chassis, etc. Individual warranties are covered by those manufacturers included in the Owner's Manual as supplied with the vehicle and shall apply as set forth by said manufacturer. Osage will not assume liability or responsibility for components, which are reused. Osage will only reimburse labor up to (3) years on those components with more than a (3) year warranty. The Osage aluminum box is lifetime warranted to the original purchaser. This warranty will be transferred onto a new chassis, providing the remount is performed by Osage Industries.

B. For **THREE 3 years or 36,000 miles**, whichever comes first, from the date of the purchase, Osage Industries, Inc. will cover the cost of labor and material, in the repair or replacement of the electrical systems furnished and installed by Osage Industries, Inc. This warranty shall include all wiring, terminals and connections and general design concept used by Osage Industries, Inc. at the time of the remount. This warranty shall not apply to any electrical equipment furnished and warranted by other manufacturers. These warranties shall be limited to component manufacturer's policies. Osage will not assume liability or responsibility for components, which are reused. **Optional Weldon V-MUX warranty** if purchased. For SIX (6) years or 72,000 miles, whichever comes first, from the date of the original purchase, Osage Industries, Inc. will cover the cost of labor and material.

C. Paint—For **THREE 3 years or 36,000 miles**, whichever comes first, from the date of the purchase, Osage Industries, Inc., will cover the cost of labor and materials on repairs ONLY to the module body paint, and cab stripe, if Osage has done a total repaint. Unless installed by Osage, lettering and graphics replacement due to paint failure will not be covered. Warranty is dependent on agreement by both parties (purchaser and seller) that failure is due to a manufacturing defect.

D. ***GRAPHICS WARRANTY 3 YEARS OR 36,000 MILES,*** Osage warrants its graphics and lettering package to be free from defects in material and workmanship for **three (3) years or 36,000 miles.** Warranty covers cost of parts and labor. Osage will not be liable for more than the amount of the purchase price of the graphics package.

The above warranties are conditioned upon normal use and reasonable maintenance and do not apply to any components, which have been subject to abuse, accident, alteration, vandalism, and improper or careless use. Any modification of any description made to any components on the conversion, without written approval by Osage Industries, Inc. shall void the warranty of said system and components parts.

Prompt written notice of all defects or claims against Osage shall be forwarded to Osage Industries, Inc., 194 County Road 302, Linn, Missouri (MO) 65051, or by calling at 800-822-3634. No repairs or additions shall be performed without prior approval from Osage Industries, Inc. Osage Industries, Inc. reserves the right to reject unauthorized claims and its decision in these matters shall be final.

If warranty repairs are necessary, all work must be performed by Osage Industries, Inc. or a repair center authorized by Osage Industries, Inc. It is the responsibility of the purchaser to transport vehicle to and from Osage Industries, Inc., Linn, Missouri (MO), or the repair center authorized by Osage Industries, Inc. for warranty repairs. Osage is not responsible for any loss or damage that may occur during said transportation.

Any expressed warranty not provided herein and any remedy for breach of contract which might arise by implication or operation of law, is hereby excluded and disclaimed. The implied warranties of merchantability and fitness for any particular purpose are expressly limited to the terms stated above. Some states do not allow limitations on how long an implied warranty lasts. Therefore, the above limitations may not apply to you.

Under no circumstances shall Osage Industries, Inc. be liable to purchaser or any other person for any special or consequential damages, whether arising out of breach of warranty, breach of contract, or otherwise. Some states do not allow the exclusion or limitation of incidental or consequential damages. Therefore, the above limitations or exclusions may not apply to you.

This Warranty gives you specific legal rights, and you may have other rights, which vary, from state to state.

EMPLOYMENT AGREEMENT

Chief Appraiser – Board of Tax Assessors

THIS EMPLOYMENT AGREEMENT (this "Agreement") is made and entered into this 19th day of October, 2026, by and among the **HALL COUNTY BOARD OF TAX ASSESSORS** (the "Board of Assessors"), **HALL COUNTY, GEORGIA** (the "County"), and **JOHN SMITH** (the "Employee"), all of whom may be referred to collectively as the "Parties," each of whom agrees as follows:

WITNESSETH

WHEREAS, the Board of Assessors desires to employ John Smith as Chief Appraiser for the Hall County Board of Tax Assessors and to establish certain terms and conditions applicable to such employment; and

WHEREAS, the compensation, benefits, and other financial obligations associated with the Employee's employment are to be provided and funded by the County as set forth herein; and

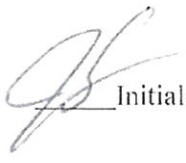
WHEREAS, the County's obligations under this Agreement are subject to approval by the Hall County Board of Commissioners; and

WHEREAS, the Employee desires to accept employment as Chief Appraiser for the Hall County Board of Tax Assessors upon the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties agree as follows:

SECTION 1. **Employment and Duties**

The Board of Assessors hereby employs **John Smith** as **Chief Appraiser** for the Hall County Board of Tax Assessors. The Employee shall perform the duties and responsibilities of Chief Appraiser prescribed by applicable law and such other legally permissible duties and responsibilities as may be assigned by the Board of Assessors. The Employee shall faithfully, diligently, and professionally perform the duties of the Chief Appraiser and shall comply with all applicable federal and state laws, rules, regulations, and lawful policies applicable to the position.



Initials

SECTION 2. Effective Date and Term

A. This Agreement shall become effective on October 23, 2026 (the "Effective Date"), which shall be the Employee's first day of employment as Chief Appraiser.

B. The Employee shall serve at the pleasure of the Board of Assessors. Nothing in this Agreement shall prevent, limit, or otherwise interfere with the authority of the Board of Assessors to terminate the Employee's employment at any time, subject to applicable law and the provisions of this Agreement.

C. Nothing in this Agreement shall prevent, limit, or otherwise interfere with the Employee's right to resign from employment at any time, subject to the notice provisions set forth in SECTION 3(E) of this Agreement.

D. This Agreement does not establish a fixed term of employment or create any contractual or property right to continued employment for any particular period of time.

SECTION 3. Termination and Severance Pay

A. The Employee serves at the pleasure of the Board of Assessors, and the Board of Assessors may terminate the Employee's employment at any time, with or without cause, subject to the provisions of this Section.

B. In the event the Board of Assessors terminates the Employee's employment without cause, and provided that the Employee is willing and able to perform the duties of Chief Appraiser as of the effective date of termination, the County shall, upon the Employee's execution and non-revocation of a Separation Agreement and General Release, pay the Employee a lump-sum cash severance payment equal to three (3) months of the Employee's then-current annual base salary, exclusive of other forms of compensation, less all applicable taxes and standard withholdings. In addition, the County shall continue the Employee's medical, dental, and vision insurance coverage, to the extent permitted by the applicable plans, for a period of three (3) months immediately following the effective date of termination, on substantially the same terms applicable immediately prior to termination.

C. The Employee shall not be entitled to the severance pay or continued benefits provided by Paragraph B of this Section if the Employee is terminated for cause. For purposes of this Agreement, "cause" means conviction of, or a plea of guilty or nolo contendere to, a

felony or a crime involving dishonesty or moral turpitude; fraud, theft, misappropriation, or other unlawful conduct involving public funds or property; material breach of public trust; willful misconduct or gross neglect in the performance of official duties; material violation of applicable law or professional requirements governing the Employee's position; or a material breach of this Agreement that remains uncured after reasonable notice and an opportunity to cure, when the breach is reasonably capable of cure. In the event of a termination for cause, the Employee shall not be entitled to any severance pay or continuation of County-paid medical, dental, or vision insurance under Paragraph B of this Section, except for any continuation coverage rights available to the Employee under COBRA or other applicable law.

D. If the County materially reduces the Employee's annual base salary or other financial benefits provided under this Agreement in a percentage greater than any generally applicable reduction imposed upon similarly situated County employees; materially breaches any financial obligation owed to the Employee under this Agreement and fails to cure such breach within a reasonable period following written notice from the Employee; or if the Board of Assessors formally requests that the Employee resign in lieu of termination, the Employee may elect to resign and have such resignation treated as a termination without cause for purposes of the severance provisions of Paragraph B of this Section.

E. In the event the Employee voluntarily resigns from the position of Chief Appraiser, the Employee shall provide the Board of Assessors at least thirty (30) days' written notice in advance, unless otherwise agreed upon. The severance pay and continued benefits provided by Paragraph B of this Section shall not apply to a voluntary resignation, except as otherwise provided in Paragraph D of this Section.

F. Termination of the Employee's employment shall terminate this Agreement except for any rights or obligations that accrued prior to termination and any provisions that expressly or by their nature survive termination.

SECTION 4. Inability to Perform Duties

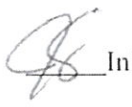
If the Employee becomes unable to perform the essential functions of the position of Chief Appraiser, with or without reasonable accommodation, the Board of Assessors may terminate the Employee's employment, subject to applicable law. Any such termination shall be treated as a termination without cause for purposes of the severance pay and continued benefits under SECTION 3(B) of this Agreement. The Employee shall also be entitled to payment of any accrued leave or other benefits payable upon separation in accordance with applicable County policies.

SECTION 5. Salary

For his services as Chief Appraiser, the Employee shall receive an annual base salary of **One Hundred Fifty-Five Thousand Dollars ($155,000.00)**, payable in installments at the same time as other employees of the County are paid, in accordance with the County's regular payroll practices and subject to all required withholdings and deductions, except that the County may implement generally applicable cost-reduction measures as required by a lack of financial resources, subject to the provisions of SECTION 3(D) of this Agreement. The Employee's compensation may be reviewed periodically by the Board of Assessors, subject to any approvals required by the County, and any increase may be based upon the Employee's performance, a cost-of-living adjustment (COLA), or other considerations deemed appropriate by the Board of Assessors. Nothing in this Agreement guarantees any future salary increase, cost-of-living adjustment, merit increase, or other adjustment to compensation.

SECTION 6. Performance Evaluation

The Board of Assessors, or its designee, shall review and evaluate the performance of the Employee at least annually on or about the anniversary date of the Effective Date, or in accordance with any evaluation schedule generally applicable to County employees. Such review and evaluation shall be conducted in accordance with performance criteria established by the Board of Assessors, which may include performance criteria generally applicable to County employees and may be modified from time to time by the Board of Assessors. The Board of Assessors may consult with the Employee in developing or modifying such performance criteria. Following completion of the evaluation, the Board of Assessors shall provide the Employee with a written summary of the findings of the evaluation.



Initials

SECTION 7. Hours of Work

It is generally recognized that the position of Chief Appraiser for the Hall County Board of Tax Assessors involves the devotion of a great deal of time beyond typically recognized business hours.

SECTION 8. Outside Activities

The Employee shall devote his full time to the position of Chief Appraiser. With the prior written approval of the Board of Assessors, the Employee may engage in teaching, consulting, or other non-employment-related activities, provided that such activities do not interfere with the performance of the duties of his position or create an actual or perceived conflict of interest.

SECTION 9. Political Activity

If the Employee becomes a candidate for any elective public office during the term of this Agreement, the Employee shall immediately resign from employment with Hall County upon becoming a candidate as defined by applicable state law. During the term of this Agreement, the Employee shall not:

A. Engage in any political activity that creates an actual or perceived conflict of interest with the Employee's duties as Chief Appraiser, including participation in any local political campaign on behalf of himself or any other individual seeking elective office within Hall County, including any municipal or county office. This restriction includes, but is not limited to, displaying, distributing, or promoting campaign materials, literature, signs, or other paraphernalia in support of or opposition to any candidate for elective office within Hall County.

B. Knowingly solicit, accept, or receive political contributions from any person for the purpose of supporting or opposing any candidate for elective office within Hall County, including any municipal or county office.

C. Use or promise to use, directly or indirectly, any official authority or influence, whether actual or anticipated, to secure or attempt to secure for any person any employment, appointment, promotion, contract, or other advantage for the purpose of influencing the vote or political action of any person.

D. Use County property, equipment, resources, facilities, email systems, or work time for any

Initials

political campaign activity, except as may be expressly authorized by law.

SECTION 10. **Vehicle and Phone**

The Employee's duties require the substantial use of his personal automobile in the performance of his official duties during the term of employment. Accordingly, the County shall pay the Employee, in addition to his annual base salary, an annual vehicle allowance of **Five Thousand Two Hundred Dollars ($5,200.00)**, payable at the rate of Two Hundred Dollars ($200.00) per pay period, subject to applicable County policies and payroll procedures. The County may provide the Employee with a cellular phone for business use. If a County-issued cellular phone is provided, the County shall be responsible for the cost of the device and regular monthly service. If the Employee elects to use his personal cellular phone for County business, the County shall reimburse the Employee in the amount of **Fifty Dollars ($50.00)** per month, subject to applicable County policies and payroll procedures.

SECTION 11. **Insurance Benefits**

The County agrees to put in force and make premium payments for medical, dental, vision, short-term disability, and life insurance policies on behalf of the Employee and, if so elected, eligible dependents, at a level of coverage available to other County employees. The Employee may choose not to cover his dependents.

SECTION 12. **Retirement Benefits**

Provided that contributions are being made by the County and the Employee elects to participate in the applicable retirement plan, Hall County agrees to contribute eight percent (8%) of the Employee's annual compensation, as defined by the retirement plan, to a defined contribution retirement plan. In addition, the County shall provide any matching contributions available to other County employees in accordance with the terms of the applicable retirement plan. Notwithstanding the foregoing, the County may reduce, suspend, or discontinue its retirement contributions at any time and for any duration as required due to a lack of financial resources. No retirement contributions shall be made on any severance pay provided by the County pursuant to SECTION 3 of this Agreement.

Initials

SECTION 13. Paid Time Off (PTO) or Vacation and Sick Leave

Employee shall accrue PTO or vacation and sick leave, as applicable, in the same manner and at the same accrual rates provided to other similarly situated County employees under applicable County policies. As Employee is already employed by the County any PTO already accrued shall be preserved and the Employee's current rate of PTO accrual shall likewise be preserved and will progress pursuant to County policy. In the event the County modifies or adopts a new leave program applicable to County employees generally, such modifications shall also apply to the Employee. Upon termination of employment, the Employee shall be entitled to payment for any accrued and unused PTO or vacation leave, as applicable, to the extent provided by applicable County policies.

SECTION 14. Dues, Subscriptions and Professional Development

A. The County agrees to pay or reimburse the Employee's annual membership dues, subscriptions, licensing fees, and conference expenses incurred in connection with the Employee's official duties, subject to budgeted funds and prior approval by the Board of Assessors.

B. The County agrees to pay or reimburse the Employee's reasonable travel, lodging, meal, registration, and other related expenses associated with maintaining professional certifications, attending professional conferences, participating in official travel, and engaging in other activities reasonably necessary for the Employee's professional development and the performance of his official duties, subject to budgeted funds and prior approval by the Board of Assessors.

SECTION 15. Indemnification

The County shall defend, indemnify, and hold harmless the Employee against any claim, demand, or legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of the Employee's duties as Chief Appraiser. The County or its insurance carrier shall pay the amount of any settlement agreed to by the County or any judgment rendered against the Employee arising from such claim, demand, or legal

Initials

action. The County may agree to any settlement or payment of judgment with or without the express consent of the Employee. Any defense, indemnification, or payment provided to the Employee by the County pursuant to this Section shall be subject to all terms, conditions, limitations, defenses, immunities, and exclusions contained in the County's Defense and Indemnification Ordinance and any policies adopted thereunder, as the same may be amended from time to time.

SECTION 16. General Provisions

A. This Agreement constitutes the entire agreement between the parties and supersedes all prior negotiations, representations, or agreements relating to the subject matter hereof. Any amendment to this Agreement shall be in writing and executed by all parties hereto.
B. Nothing in this Agreement shall be construed to transfer to the County, the Hall County Board of Commissioners, or the County Administrator any authority vested by applicable law in the Board of Assessors to appoint, direct, supervise, evaluate, discipline, or remove the Chief Appraiser. The County's obligations under this Agreement are limited to the compensation, benefits, and other financial or administrative obligations expressly undertaken by the County herein.
C. If any provision of this Agreement, or any portion thereof, is held to be unconstitutional, invalid, or unenforceable, such provision or portion thereof shall be deemed severable, and the remaining provisions of this Agreement shall remain in full force and effect.
D. This Agreement may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

Guaranty Performance/Maintenance Agreement
Final Plat Information

STATE OF GEORGIA,
COUNTY OF HALL

Bond No.: 1294GA

GUARANTY PERFORMANCE/MAINTENANCE AGREEMENT

KNOW ALL MEN BY THESE PRESENTS, that we, GEORGIA SOUTH DEVELOPMENT, LLC. (owner/principal, hereinafter referred to as "Principal"), and THE SERVICE INSURANCE COMPANY, INC. (surety), a company entitled and licensed to do business as a surety in the State of Georgia and Hall County, (hereinafter referred to as "Surety"), are held and bound unto Hall County, Georgia in the sum of $1,094,825.00* (hereinafter referred to as "bonded amount") for payment of which we bind ourselves, our heirs, executors, administrators and assigns.

WHEREAS, GEORGIA SOUTH DEVELOPMENT, LLC (principal) is owner of the Subdivision known as THE VILLAGE AT CHESTNUT RIDGE Subdivision, which subdivision is shown on a plat prepared by , Georgia Registered Surveyor Number 2846, and WHEREAS, GEORGIA SOUTH DEVELOPMENT, LLC (principal) wishes to induce the Board of Commissioners of Hall County, Georgia to approve the street system shown on the Final Plat of THE VILLAGE AT CHESTNUT RIDGE Subdivision for recording purposes, and WHEREAS, GEORGIA SOUTH DEVELOPMENT, LLC (principal) wishes to induce the Board of Commissioners of Hall County, Georgia to accept the streets shown on the Final Plat of THE VILLAGE AT CHESTNUT RIDGE Subdivision for public maintenance (not applicable to private developments); GEORGIA SOUTH DEVELOPMENT, LLC (principal) and THE SERVICE INSURANCE COMPANY, INC. (surety) agree in consideration of the foregoing,

NOW, THEREFORE BE IT RESOLVED, GEORGIA SOUTH DEVELOPMENT, LLC (principal) agrees that all construction of the street system of THE VILLAGE AT CHESTNUT RIDGE Subdivision will be completed and maintained for fifteen (15) months according to the terms and requirements as shown on the recorded Final Plat and of the Subdivision Regulations in force in Hall County, Georgia.
GEORGIA SOUTH DEVELOPMENT, LLC (principal), and THE SERVICE INSURANCE COMPANY, INC. (surety) agree to the following:

Sidewalks will be completed throughout entire subdivision as shown on recorded final plat within one (1) year of signing of said final plat. One inch of "F" mix asphalt may be placed anytime prior to final platting or up to one (1) year after final plat approval. In addition, Principal and Surety agree that if either the sidewalks, cuts, fills, sub-grades, shoulders, pavement, grassing, storm water management facilities, sewer, or traffic signs in THE VILLAGE AT CHESTNUT RIDGE Subdivision are improperly maintained or are found to be defective from faults in design, materials or workmanship as shown on the recorded Final Plat, or as set out in the Subdivision Regulations in force in Hall County, Georgia, then upon demand from Hall County, THE SERVICE INSURANCE COMPANY, INC. (surety) shall pay the bond amount to Hall County.

Terms of Guaranty:

GEORGIA SOUTH DEVELOPMENT, LLC (principal) and THE SERVICE INSURANCE COMPANY, INC. (surety) shall be bound by the provisions of this agreement until a properly authorized letter is received by THE SERVICE INSURANCE COMPANY, INC. (surety) from Hall County authorizing release of GEORGIA SOUTH DEVELOPMENT, LLC (principal) and THE SERVICE INSURANCE COMPANY, INC. (surety) from this Guaranty Agreement.

NOTWITHSTANDING the above provisions, this Guaranty Performance/Maintenance Agreement is hereby issued on SEPTEMBER 16, 2026 (Date) and expires on SEPTEMBER 16, 2028 (Date, minimum 24 months from date of issuance), and the Issuer will have no more liability after that date. When the indicated expiration date falls on Sunday or a legal holiday, or for any reason the Issuer is not open for business, the expiration date shall be extended to the next succeeding business day. Jurisdiction for any civil litigation necessary for collection of bond claims hereunder shall be in the Superior Court of Hall County, Georgia.

CONDITION> Obligee will not issue final certificate of occupancy until this bond is released or upon the consent of surety. The Obligee may not issue any certificate(s) of occupancy to any person or entity who succeeds to the Principals' rights to the subject project (or any aspect of it) by transfer of the subject property (or any portion thereof) or transfer of the entity(ies) which may own it (or any portion thereof), without first having first received a new bond as Obligee from such new Principal(s), which shall replace this bond for its penal sum in full.

IN WITNESS WHEREOF, the undersigned have hereunto signed their names and affixed their seals, this 16TH day of SEPTEMBER, 2026.

COUNTY OF HALL

RESOLUTION AMENDING TITLE 3 CHAPTER 3.100 DEVELOPMENT IMPACT FEE ORDINANCE OF THE HALL COUNTY CODE OF ORDINANCES

WHEREAS, Hall County has previously adopted a Development Impact Fee Ordinance, which is codified under Title 3, Chapter 3.100 of the Official Code of Hall County (hereinafter the "the Ordinance"); and

WHEREAS, Hall County staff has examined the Ordinance and recommended certain revisions intended to update the Ordinance; and

WHEREAS, the Hall County, Georgia Board of Commissioners has considered certain proposed revisions to the Ordinance; and

NOW, THEREFORE, the Hall County, Georgia Board of Commissioners does hereby amend the Official Code of Hall County, Georgia, specifically Title 3, Chapter 3.100 as follows:

1.

Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia, is hereby amended as follows:

3.100.060. - Definitions.

Section 3.100.060 (A) (26) currently provides as follows:

"26. *Public facilities* mean:
a. Parks, open space, and recreation areas and related facilities;
b. Public safety facilities, including police, fire, emergency medical, and rescue facilities;
c. Libraries and related facilities."

Section 3.100.060 (A)(26) is hereby amended to include the items enumerated under item "d" as public facilities for the purposes of Title 3, Chapter 3.100 and Section 3.100.060 (A)(26) shall now provide as follows:

26. *Public facilities* mean:

a. Parks, open space, and recreation areas and related facilities;

b. Public safety facilities, including police, fire, emergency medical, and rescue facilities;

c. Libraries and related facilities.

d. Highways, roads, streets, avenues, drives, detours or other ways intended for public use.

2.

Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia, is hereby amended as follows:

3.100.110 – Fee schedule

Section 3.100.110(A) currently provides as follows:

> "Payment of a development impact fee pursuant to the fee schedule attached hereto as Attachment A for a property located outside of the City of Gainesville or the fee schedule attached hereto as Attachment B for a property located inside of the City of Gainesville, shall constitute full and complete payment of the project's proportionate share of system improvements and shall be deemed to be in compliance with the requirements of this chapter."

Section 3.100.110(A) is hereby amended to provide as follows:

> Payment of a development impact fee pursuant to the fee schedule attached hereto as Attachment A. Hall County Development Impact Fee Schedule and subject to the provisions of section 3.100.150 Inflation and fee certification. of this chapter shall constitute full and complete payment of the project's proportionate share of system improvements and shall be deemed to be in compliance with the requirements of this chapter.

3.

Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia, is hereby amended as follows:

3.100.090 Grandfathered projects.

"Section 3.100.090 currently provides as follows:

A. Any building for which a valid and complete application for a building permit has been received prior to the effective date of the development impact fee resolution may proceed without payment of fees otherwise imposed by this Chapter, provided that:

   1. All fees and development exactions in effect prior to the effective date of the development impact fee resolution shall be or have been paid in full;

   2. Said construction shall be commenced, pursued and completed within the time established by the building permit, or within 180 days, whichever is later.

B. Notwithstanding any other provision of this chapter, that portion of a project for which a valid building permit or has been issued prior to the effective date of the development impact fee resolution shall not be subject to development impact fees so long as the permit remains valid and construction is commenced and is pursued according to the terms of the permit."

Section 3.100.090 is hereby amended to provide as follows:

3.100.090 Development Impact Fees Owed Based on Time of Submittal.

Any building for which a valid and complete application for a building permit has been received shall be subject to the development impact fees in effect at the time of submittal pursuant to Attachment A. Hall County Development Impact Fee Schedule contained within this chapter and further pursuant to the provisions of section 3.100.150 Inflation and fee certification.

4.

Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia, is hereby amended as follows:

Section 3.100.150 currently provides as follows:

"3.100.150. Fee certification.

Upon application to the Administrator, a developer may receive a certified schedule of development impact fees for categories of development or a certified fee for a particular project, as applicable. Such certified schedule or fee shall establish the development impact fee due for a

period of 180 days from the date of certification, even if new or revised rate schedules are adopted in the interim."

Section 3.100.150 is hereby amended to provide as follows:

3.100.150. Inflation and fee certification.

A. The development impact fees specified by this Chapter in Attachment A. Hall County Development Impact Fee Schedule are subject to change resulting from inflation and in accordance with the Consumer Price Index (CPI). Further, in the event of recession the County reserves the right to evaluate the fee structure to determine what adjustments might best serve the County and its citizenry.

B. Upon application to the Administrator, a developer may receive a certified schedule of development impact fees for categories of development or a certified fee for a particular project, as applicable. Such certified schedule or fee shall establish the development impact fee that would be due if a completed application for a building permit was submitted at the time of certification of the schedule or fee but shall not constitute a guarantee that the certified schedule or fee will remain applicable upon eventual submittal.

5.

Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia, is hereby amended as follows:

Attachment A. Fee Schedule-Hall County Outside of Gainesville and Attachement B. Fee Schedule-Inside City of Gainesville of Title 3, Chapter 3.100 of the Official Code of Hall County, Georgia are hereby repealed in full and shall be replaced by Exhibit "A" to this resolution (Attachment A. Hall County Development Impact Fee Schedule) which is attached hereto and incorporated by reference.

6.

The remaining provisions of Title 3, Chapter 3.100. of the Hall County Code of Ordinances shall remain as codified, unchanged by these amendments.

7.

Any and all provisions of the Official Code of Hall County which directly conflict with this Resolution are hereby repealed.

8.

The amendments to the Hall County Code of Ordinances provided for herein shall become effective as of January 1, 2027.

SO RESOLVED, this the _____ day of _____, 2026.

Impact Fee Basics

- **One-time payment for growth-related infrastructure**
- **Can't fund operations, maintenance, or replacement**
- **Not a tax, but a contractual arrangement to build infrastructure with three requirements:**
  - Need for infrastructure (system-level improvements, not project-level improvements)
  - Benefit to fee payer (service areas, accounting and expenditure controls)
  - Proportionate to demand
- **Georgia Development Fee Act**
  - Must have an adopted comprehensive plan containing a capital improvements element
  - Capital improvements must have a useful life of 10 years of more
  - County must spend impact fees within 6 years

TischlerBise
FISCAL | ECONOMIC | PLANNING

Fee Methodologies

- **Cost Recovery Approach (Past)**
  - Future development is "buying in" to the cost the community has already incurred to provide growth-related capacity
  - Common in communities approaching buildout

- **Incremental Expansion Approach (Present)**
  - Formula-based approach based on existing levels of service
  - Fee based on current cost to replicate existing levels of service (i.e., replacement cost)

- **Plan-Based Approach (Future)**
  - Usually reflects an adopted CIP or master plan
  - Growth-related costs are more refined

TischlerBise
FISCAL | ECONOMIC | PLANNING

Evaluate Need for Credits

- **Site Specific**
  - Developer constructs a capital facility included in fee calculations
- **Debt Service**
  - Avoid double payment due to existing or future bonds
- **Dedicated Revenues**
  - Property tax, local option sales tax, gas tax, construction sales tax, etc.

Impact Fee Exemptions

§ 36-71-4 (L) of the Georgia Development Impact Fee Act

Development impact fee exemption requirements:

- Project creates extraordinary economic development **and** employment growth or affordable housing
- Comprehensive Plan must include public policy which supports the exemption
- Must fund the exemption through a revenue source other than development impact fees (make development impact fee fund whole)

Fee Schedule Reductions

A reduction in fee revenue will necessitate an increase in other revenues, a decrease in planned capital expenditures, and/or a decrease in Hall County's level of service.

- ✓ **Fee reduction must be proportionate across all land uses**
  - x Can't adopt single-family fees at 75% and commercial fees at 100%
- ✓ **Fee categories can be adopted at different amounts**
  - Fire fee adopted at 50%
  - Sheriff fee adopted at 75%
  - Street fee adopted at 100%

County Commission Date ..... October 22, 2026

Staff Recommendation ..... **(A) Approval, with conditions,** as the proposed zoning is consistent with the "Business Nodes & Corridors" future land use classification within the Comprehensive Plan.
(B) Approval, with conditions, as the proposed use meets the standards of the UDC.
(C) Denial, as a hardship does not exist pursuant to the criteria of 11.1.1.D.11.

Record Number..... (A) HZON26-0032
(B) HZCU26-0035
(C) HVAR26-0042

(A) & (B) Staff recommends <u>APPROVAL</u> of the applicant's request with the following conditions:

1. The property shall be developed in accordance with the site plan dated June 30, 2026, and as described in the project narrative dated August 21, 2026, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.

2. No variances or development exceptions are granted as part of this request that are not explicitly granted by board approval.

3. All conditions of zoning shall be made a part of any plats or construction plans created for the property.

(C) Staff recommends DENIAL as no hardship exists pursuant to Section 11.1.1.D.11.

Summary Analysis

The applicant has submitted three concurrent requests:

(A) Rezone a 1.384± acre tract from Agricultural Residential 1 (AR-1) to Highway Business (H-B) to allow uses permitted in the H-B zoning district, specifically vehicle sales.

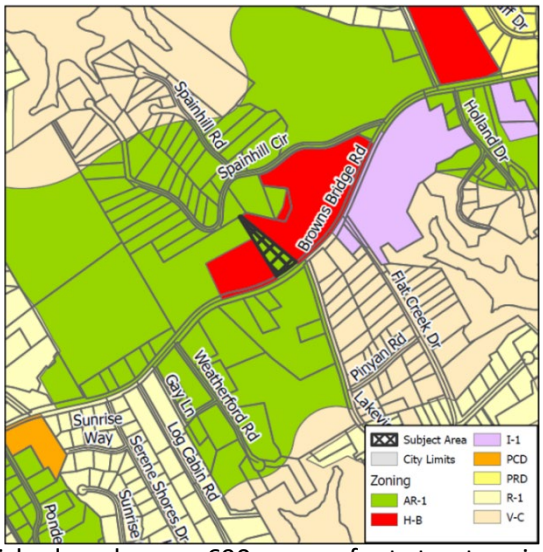
(B) Special Use to allow vehicles sales within the Gateway Corridor Overlay District (GCOD).

(C) Variance to Section 6.2, Gateway Corridor Overlay District (GCOD), specifically Section 6.2.5.B.2.a & b. which states, "a. The landscape strip must be planted with shade trees at least six feet tall and two inches caliper, DBH at time of planting, with a height of at least 35 feet tall at maturity. b. Trees must be planted no less than 40 feet on center."

According to the Tax Assessor records, the property is developed with a 1,177 square foot, single family residence built in 1959. Furthermore, historical images identify the building closest to the road as a former grocery store and gas station, which Building Inspections identifies as a "Storage Building" established in January 2008 per their submitted comments.

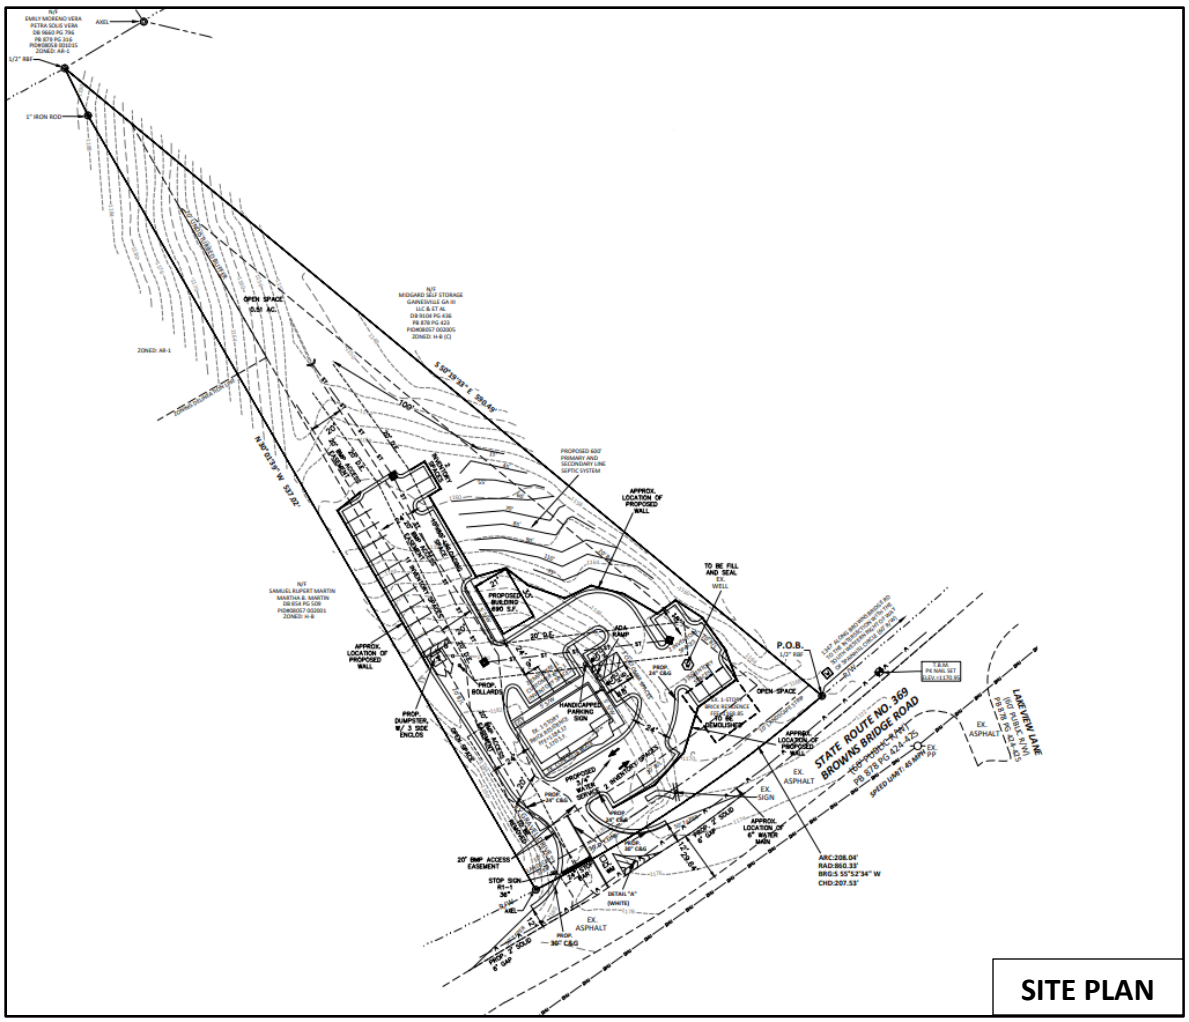
The surrounding properties are zoned and developed as outlined below:

North: Agricultural Residential 1 (AR-1): single-family residence; Highway Business (H-B): self-storage facility
East: Highway Business (H-B): self-storage facility
South: Agricultural Residential 1 (AR-1): single-family residences
West: Highway Business (H-B): cell tower & former auto repair shop



Per the submitted narrative and site plan, the applicant proposes to redevelop the property to allow vehicles sales. The existing residence would be converted for office use. The building at the front of the property will be demolished, and a new 690 square-foot structure is proposed behind the existing residence. One access drive is proposed along with four (4) customer parking spaces, two (2) employee parking spaces, and 22 inventory parking spaces. A 20-foot undisturbed buffer is proposed where the property abuts residentially zoned property, however, 25 feet is required and can be accommodated.

No changes are proposed to the existing façade materials or color of the existing residence/proposed office building, which will remain brick. A 10-foot-wide landscape strip will be provided along Browns Bridge Road, however, a variance is being requested from tree planting requirements. According to UDC Section 6.2.5.B Additional Landscape and Screening Standards, the landscape strip must be planted with shade trees planted no less than 40 feet on center.



Per the Statement of Hardship, the applicant states that due to the nature of the proposed vehicle sales business, this requirement cannot be met. The property owner is requesting consideration of an alternative landscape treatment consisting of shrubs in lieu of the required trees.

Water service will be provided by the City of Gainesville as confirmed in a letter from Nick Swafford, Permitting Services & GIS Manager, dated September 9, 2026, and sanitary sewer services will be provided by on-site septic.

Street View

2013 imagery of former grocery & gas

One (1) variance related to GCOD standards will be required if the site plan as presented is approved.

- **Sections 6.2.5.B.2.a and b** state "(a) The landscape strip must be planted with shade trees at least six feet tall and two inches caliper, DBH at time of planting, with a height of at least 35 feet tall at maturity. (b) Trees must be planted no less than 40 feet on center."
  - The applicant proposes shrubs in-lieu of the six (6) trees required along the 208-foot frontage.

GCOD Analysis

Standard	Proposed	Notes	Compliance
6.2.5.A.2.a – Transitional buffers	20-foot undisturbed buffer along the western boundary where the property abuts residential zoning.	Where a commercial zoning district abuts property zoned for residential or agricultural use, the transitional buffer width must be at least 25 feet.	Deficient

		strip at least 10 feet in width.	
6.2.5.B.3.a & b - Additional Landscape and Screening Standards	Shrubs in-lieu of trees	Shade trees planted 40 feet on center required.	Deficient
6.2.5.C.2.e – Parking Lot Design – Off-street parking	Paved parking and circulation	All parking areas must be paved with asphalt, concrete or pervious materials approved by the Director.	Complies
6.2.5.C.2 – Parking Lot Design	Not specified	Various landscaping requirements pertaining to parking areas.	Shall comply
6.2.6.B – Building Materials	Will comply with GCOD standards	Multiple standards	Shall comply
6.2.7 – Signs	Not specified	Signage shall comply with Section 8.6 - Signs.	Shall comply

Comprehensive Plan Analysis

Based on the future land use plan, staff finds the requested rezoning is consistent with the Hall County Comprehensive Plan and the future land use designation of "Business Nodes & Corridors" within the Gainesville character area." The intent of this future land use designation is for new development along major road corridors and intersections to consist of higher-intensity commercial uses, and low-intensity, consumer-facing industrial uses that house businesses that serve nearby communities. Site designs should use Quality Development Principals, particularly natural resource protections and high-quality landscape installations, to the fullest extent possible.

(A) & (B) Zoning Analysis – Rezone and Special Use

When considering a zoning amendment or a use subject to approval of the County Commission, the Commission must study the need and justification for the change based on a determination of the facts applicable to the particular case, and the following general lines of inquiry must be considered:

a) Whether the zoning proposal will permit a use that is suitable in view of the use, development and zoning of adjacent and nearby property; **While the properties to the north, west, and south are zoned Agricultural Residential 1 (AR-1) and developed with single family residences, the existence of commercially zoned properties to the east and west along with the Comprehensive Plan's designation of this area as Business Nodes & Corridors, supports the rezoning and proposed use.**

b) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **It is not anticipated that the proposed rezoning will adversely affect the existing use or usability of adjacent or nearby properties. The proposed development can be appropriately buffered from surrounding residential properties, supporting the continued usability of adjacent and nearby properties.**

c) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The property has reasonable economic use as currently zoned, however, the applicant cannot develop the property as proposed without approval from the Board of Commissioners.**

d) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public health facilities or emergency medical service; **If approved and in compliance with all Georgia Department of Transportation and Hall County standards, the use is not anticipated to cause an excessive or burdensome use of the existing streets, transportation facilities, utilities, schools, police protection, fire protection, public facilities, or emergency medical service.**

e) Whether the zoning proposal is in conformity with the policy and intent of the future land use plan for the physical development of the area; **The proposed use is consistent with the intent of the Business Nodes & Corridors future land use designation in the Comprehensive Plan. The intent of this future land use designation is for new development along major road corridors and intersections to consist of higher-intensity commercial uses, and low-intensity, consumer-facing industrial uses that house businesses that serve nearby communities. Site designs should use Quality Development Principals, particularly natural resource protections and high-quality landscape installations, to the fullest extent possible.**

f) The extent to which property values are diminished by the existing zoning restrictions; **Staff is unable to determine the extent to which property values are affected by the existing zoning restrictions.**

g) The extent to which the destruction of the subject property's value under the existing zoning promotes the health, safety, morals or general welfare of the public; **Staff is unable to comment on the impact of property values without a full market analysis. Multiple factors impact property values including construction types, proposed uses, and maintenance. Often, it is difficult to determine the effect of a development on adjacent properties until the development is completed.**

h) The relative gain to the public as compared to the hardship imposed upon the individual property owner; **Staff has not identified a hardship imposed on the property owner as the property is currently zoned.**

i) The length of time the property has been vacant as zoned considered in the context of land development in the area in the vicinity of the property; **The parcel is currently developed with a 1,177 square foot single family residence built in 1959 and a former grocery store and gas station.**

j) Whether there are other existing or changing conditions affecting the use or development of the property which give supporting grounds for either approval or disapproval of the zoning proposal; **Staff is not aware of any changing conditions affecting the use or development of the property.**

k) Whether the change would create an isolated district unrelated to the surrounding districts; **The proposed zoning is Highway Business (H-B), which is a compatible zoning district within the**

Business Nodes & Corridors future land use designation in the Gainesville character area. The change would not create an isolated district unrelated to the surrounding area as commercial zoning and uses abut the property to the east and west.

l) Whether the present zoning district boundaries are illogically drawn in relation to existing conditions in the area; **There is no evidence that the present zoning district boundaries are illogically drawn.**

m) Whether the change requested is out of scale with the needs of the county as a whole or the immediate neighborhood; **The request does not appear to be out of scale with the needs of the county.**

n) Whether it is impossible to find adequate sites for the proposed use in districts permitting such use and already appropriately zoned; **There are other properties within the County that support commercial uses based on the Future Land Use Map; however, the current development requires rezoning and Special Use approval by the Board of Commissioners.**

o) Whether the need for rezoning could be handled instead by a variance request to the Planning Commission; **The request for rezoning could not be handled alternatively as a variance.**

p) Whether there would be an ecological or pollution impact resulting from major modifications to the land if the request is granted; **Any land disturbance activities on the property shall be required to go through the land development permitting process, and as a result are subject to local, state, and federal regulations. As a result, there are no anticipated ecological or pollution impacts resulting from any modification to the land if the request is granted.**

q) Whether there is reasonable evidence based upon existing and anticipated land use that would indicate a mistake was made in the original zoning of the property; **There is no indication that a mistake was made in the original zoning.**

(C) <u>Zoning Analysis</u> – Variance to Section 6.2, Gateway Corridor Overlay District (GCOD)

The Commission may grant variances in individual cases of unnecessary hardship upon a finding of the board that:

1. There are extraordinary and exceptional conditions pertaining to the particular lot in question because of its size, shape, or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship); **There are no extraordinary or exceptional conditions related to the parcel's size, shape, or topography that would justify omitting the six (6) required trees within the 10-foot landscape strip. The site appears fully capable of being developed in compliance with GCOD landscape standards without the need for a variance.**

2. The application of the requirements of this UDC to this particular piece of property would create an unusual hardship; **The application of the UDC requirements does not create an unusual hardship for this property. An alternative tree-planting design could provide for sales lot visibility while still aligning with GCOD tree planting requirements. The proposed hardship**

stems from the applicant's preference not to block visibility of the sales lot, rather than stemming from physical characteristics of the lot.

3. Such conditions are peculiar to the property involved and are not common to other properties in the neighborhood; **The conditions are common to other properties. While the GCOD requires tree planting within the frontage landscape strip every 40 feet, it provides flexibility in the placement and configuration of those trees.**

4. Such conditions are not the result of any actions of the property owner**; The site layout as proposed appears to reflect preferred design choices rather than unavoidable physical constraints.**

5. Relief if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this UDC; provided, however, that no variance may be granted for a use of land or building or structure that is prohibited by this UDC or for a Conditional Use Permit which has been denied by the Planning Commission; **Relief, if granted, would impair the purpose and intent of the GCOD, which seeks to improve corridor appearance and promote consistent, high quality development patterns. Allowing elimination of trees would be inconsistent with these objectives and may create precedent contrary to GCOD standards.**

Development Support and Constraints

Hall County Environmental Health
In a memorandum dated September 17, 2026, the Hall County Environmental Health Department stated, "Must meet all Environmental Health commercial septic system permitting requirements. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation may be required after review of business plan. Any abandoned well shall be properly closed as per Water Well Standards Act. Any abandoned septic tank shall be pumped by a State certified pumper/hauler and crushed/filled."

Georgia Department of Transportation
In an email dated September 21, 2026, Christopher Hash, P.E. D1 Traffic Operations Supervisor, stated, "On-System, coordination required for consideration of commercial driveway access."

Hall County Public Works and Utilities
In a memorandum dated September 23, 2026, Jorge Gomez, Director of Public Works and Utilities, provided the following comments:

Engineering:
This site may require a stormwater management report should the site plan indicate the proposed development meets stormwater thresholds for impervious surfaces and/or disturbed acreage.

Traffic:
An approved G-DOT commercial driveway permit must be provided before Hall County traffic will sign off on LDP approval.

Utilities:
This location is within the Gainesville-Hall County sewer district, but sewer infrastructure is not nearby.

Hall County Fire Marshal
In a memorandum dated September 18, 2026, the Hall County Fire Marshal's Office stated, "The Hall County Fire Marshal's Office considers the plan conceptual and if approved it may require modifications during development review to meet Life Safety and International Fire Code requirements including any applicable state fire code modifications."

Hall County Business License
In a memorandum dated September 22, 2026, Brandi Smith, Business License Director, stated, "If the above items are approved, applicant must apply for a Hall County Business License before any business is conducted onsite."

Hall County Building Inspections
In a memorandum dated September 21, 2026, Barry Shaw, Interim Director of Development Services, provided the following comment:

- Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.

Re: Request for rezoning property located at 4510 Browns Bridge Rd, Gainesville, GA 30504 into H-B (Highway Business) zoning clasification

- Parcel: APN 08057 002002
- Lot Size: 1.285 acres (approximately 60,286 square feet)
- Current Zoning: AR-1 (Agricultural-Residential),
- Frontage: Located directly on Browns Bridge Road (GA Highway 369), a heavily traveled corridor.
- Primary Residence: Brick ranch home, 1170 SF
- Additional building/Storage Brick 690 SF
- One story
- Block foundation
- Utilities: Public water City of Gainesville
- Septic system

The developer is proposing a new car dealership by converting the existing **1,170-square-foot residential building** into a business office. The existing **690-square-foot building** will be demolished and reconstructed at the rear of the property to comply with the required setbacks.

The site will provide **four customer parking spaces, two employee parking spaces, and 22 inventory parking spaces**. No changes are proposed to the existing façade materials or color, which will remain brick.

A **10-foot-wide landscaped strip** will be provided along Browns Bridge Road. The property will continue to be served by an **on-site septic system**.

The applicant is willing to work closely with the Planning and Zoning Department to ensure compliance with applicable regulations and requirements.

Please feel free to contact the developer's representative, Maya Radovic, with any questions or if additional information is needed at [redacted] or [redacted]

Browns Bridge Rd Used Car Dealership Trip Generation Memo

Axis Infrastructure has conducted a trip generation memo for the proposed 1,860 square foot used car dealership at 4510 Browns Bridge Rd in Gainesville, GA. The trip generation estimates are based on the average rates and equations provided in the Institute of Transportation Engineers (ITE) Manual, 12th Edition.

Figure 1 shows an aerial view of the site in its existing conditions.

Figure 1: Aerial View of Site

The development consists of a 1,170-S.F. building and a 690-S.F. building, resulting in a total of 1,860 S.F. development buildings. The site also contains 4 customer parking spots, 2 employee parking spots, and 22 parking spaces provided for inventory.

Table 1 shows the results of the trip generation analysis of the 1,860 square foot used car dealership.

Table 1: ITE 12th Trip Generation

Land Use Code	Reduction %	Project Trips			Equation Used	In / Out Distribution
		Total	Inbound	Outbound		
841 · Automobile Sales (Used)					**1,860**	**Square Feet**

PM Peak Hour		7	3	4	T = 3.75(X)	47% / 53%
Net New External Vehicle Trips						
Daily		50	25	25		
AM Peak Hour		4	3	1		
PM Peak Hour		7	3	4		

T = Trips; X = Density by Variable

This site will generate a weekday daily total of 50 trips (25 entering, 25 exiting). The AM peak hour will generate 4 trips (3 entering, 1 exiting) and the PM peak hour will generate 7 trips (3 entering, 4 exiting). No pass-by trips occur for this land use.

This development is planned to access the external roadway network via one full access driveway along Browns Bridge Rd (SR 369).

Automobile Sales (Used)

Description

A used automobile sales dealership is typically located along a major arterial street characterized by abundant commercial development. The sale or leasing of used cars is the primary business at these facilities. Automobile service and parts sales may also be available. The dealerships may also provide truck sales and service.

Additional Data

The sites were surveyed in the 2010s in Texas.

Re: Water Availability
Proposed Auto Sales Development
4510 Browns Bridge Road
PIN: 08057 002002

Dear Lynn,

The purpose of this letter is to confirm the availability of water service to the above-referenced property.

The City of Gainesville owns and operates an existing 6-inch DIP water main in the right-of-way of Browns Bridge Road along the frontage of the subject property.

Currently, the City has adequate domestic water capacity to serve the proposed auto sales development.

Confirmation of water availability is good for one year from the date of this letter at which time, it will become null and void unless development plans have been submitted.

Please call me at (770) 538-2452 should you have any questions.

Sincerely,

Nick Swafford

Subject: October 22, 2026 Hall County Board of Commissioners Meeting – Planning Items

Environmental Health has reviewed the Planning items listed below for the above referenced meeting. Please be advised that Environmental Health comments are based upon information provided by the applicant and current regulations and policies. If the information, site conditions, regulations, and/or policies, etc. change after comments are provided, these recommendations/comments will be invalidated. The comments provided are not considered approval. Furthermore, Board of Commissioners approval does not constitute Environmental Health approval.

* 4031 Wiley Road, Pethel: No comment.

* 4138 Price Road, Norris: Must meet all residential permitting requirements. Original copy of Level 3 soil evaluation and copy of recorded plat will be required at time of septic permit application. Please note that BOC approval does not imply approval from other county departments.

* 4510 Browns Bridge Road (A-C), Radovic: Must meet all Environmental Health commercial septic system permitting requirements. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation may be required after review of business plan. Any abandoned well shall be properly closed as per Water Well Standards Act. Any abandoned septic tank shall be pumped by a State certified pumper/hauler and crushed/filled.

* 2109 Microwave Tower Road (A-C), Ajanel: Must meet all residential permitting requirements. Please note that BOC approval does not imply approval from other county departments.

* 6541 Henry Smith Road, Hall County: Environmental Health issued a septic permit (OSC 7294) for storage building/barn (sink/toilet) in May 2022. The septic system has not been installed as of this date and septic permit OSC-7294 has since expired.

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

PUBLIC NOTICE REQUIREMENTS

Zoning regulations require that public notice must be given prior to all zoning hearings as follows:

1. The Planning Department shall publish a legal advertisement no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing.

2. The Planning Department shall send notification by letter of all other property owners within a 500-foot radius of the applicant's property, which is standard administrative policy of the Planning Department.

3. The applicant/property owner shall place the public notice sign in a conspicuous location on the property not less than fifteen (15) days and not more than forty-five (45) days prior to the public hearing.

The Planning Department shall post the legal advertisement and notify property owners within a 500ft radius to the subject property.

The applicant is required to post the public notice sign not less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. A photo of the sign placed at the location is required and must be sent to the Planning Department.

Multiple sign postings on a site may be required as determined by the Planning Department. The sign must be in a location where it is clearly visible from the roadway. The sign cannot be obstructed in any manner, placed too far from the road, or placed in such manner as would cause it to blend into the landscape.

Should you find the sign missing or vandalized in any manner, contact the Planning Department for a replacement sign. When the proceeding is complete and final Board action has occurred, the sign shall then be removed from the property by the applicant.

THE ZONING SIGN MUST BE POSTED NO EARLIER THAN September 24, 2026 **AND NO LATER THAN** September 30, 2026.

THE ORGINAL SIGNED AFFIDAVIT MUST BE RETURNED TO THE PLANNING DEPARTMENT NO LATER THAN September 30, 2026 **ALONG WITH A MINIMUM OF ONE PHOTO SHOWING THE SIGN POSTED AT THE SUBJECT PROPERTY.**

Failure to comply will result in a delay of the application.

To Whom It May Concern,

I am writing to oppose the rezoning of 4510 Browns Bridge Road from Agricultural Residential 1 to Highway Business. I am concerned about traffic safety if a vehicle sales business is approved at this location. I have lived near this property almost all my life as a child and an adult. My name is Angie Stephens, and I live on Lakeview Lane which is across the street from the property in question. The blind curve in this area causes me and others anxiety whenever pulling on and off Browns Bridge Road. The property in question has even more hazards because of the sharp curve and steep hill adjacent to the proposed business. In addition, approaching east bond traffic has no warning of cars entering Browns Bridge Road from the property. The curve is more severe than is indicated on the map sent out. I am attaching a video (taken from the front passenger's seat) heading east with the proposed business on the left as well as pictures from the easternmost point that demonstrates the sight limitations from the 4510 property.
Also, there are three other car lots within a mile of this area. Car haulers are unloaded right on the edge or partially in Browns Bridge Road at these businesses. The need to unload vehicles at 4510 will be even more dangerous because of the curve.
I also have concerns about what will happen when Browns Bridge Road is widened. Will the county take right of way land from the elderly lady that has lived in her home across the road over taking land from a new business that has opened? I know she has lived there longer than I've been alive, which is 62 years.
It saddens me every time I hear about another accident on Browns Bridge Road. The number of accidents continue to increase each year along with the number of casualties. The road is often shut down for hours due to accidents. I ask you, please, do not approve this rezoning because of the high probability it will contribute to even more accidents and casualties on Browns Bridge Road.

Sincerely,
Angie Stephens

Please email me or call me to let me know if two attached files came through correctly. One attachment is a word document with three pictures and the other is a video. I would also like to know if the property at 4510 Browns Bridge Road is still on the agenda for Thursday, October 22nd. I heard from a neighbor it will not be on the agenda due to a lawsuit filed against the property owner of 4510 Browns Bridge Road by an adjoining property owner. My email address is [redacted] and my cell number is [redacted]. Thank you for your time.

Subject: Public Comment for 4510 Browns Bridge Rd

Good morning,

The only attachment included with the comment was the video. Please provide the additional attachment when you are able.

This application is scheduled for the October 22 meeting; however, we will be requesting that it be tabled to the November 12 meeting, as the property currently has an active code enforcement complaint. The property owner is working with the Public Works Department to resolve the issue.

If there is a lawsuit, that would be a civil matter in which the County is not involved.

Please let me know if I can assist further.

Thank you,

Your Comments*

I am Amelia Wolfer and I am writing to oppose a rezoning of 4510 Browns Bridge Road. I have lived at 4511 Browns Bridge Road, Gainesville on the south side of Browns Bridge and east of Lakeview Lane for 40 years. I am diagonally across from the proposed rezoning for 4510 Browns Bridge Road. The proposed use for this property is vehicle sales. I have major concerns about the increased hazard risk this development would cause.
1. The intersection of Lakeview Lane and Browns Bridge is already a dangerous area due to extreme limited site distance both when entering and exiting Browns Bridge Road. (I am attaching a photo for illustration purposes.) As dangerous as this is, the situation of the proposed property is even worse. It is impossible to see around the sharp curve from the proposing property and the danger of pulling out is tremendously increased.
2. Due to the heavy volume of traffic on Browns Bridge Road, there is already a history of traffic accidents which cause significant delays on a regular basis.
3. There are a number of car sales already on Browns Bridge within two miles of this property. Multiple times, I have witnessed car haulers stopping to unload cars in the road which adds to the increased hazards.
Therefore, I am in complete opposition to the rezoning of the proposal for 4510 Browns Bridge Road, vehicle sales.

Record Number..... (A) HZON26-0023
(B) HVAR26-0043
(C) HVAR26-0044

(A) (B) & (C) Staff recommends <u>DENIAL</u> of the applicant's requests. However, if the Commission chooses to approve this request, staff recommends the following conditions:

1. The property shall be developed in accordance with the site plan dated August 21, 2025, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.

2. Retroactive building permits shall be obtained for all structures built without permits.

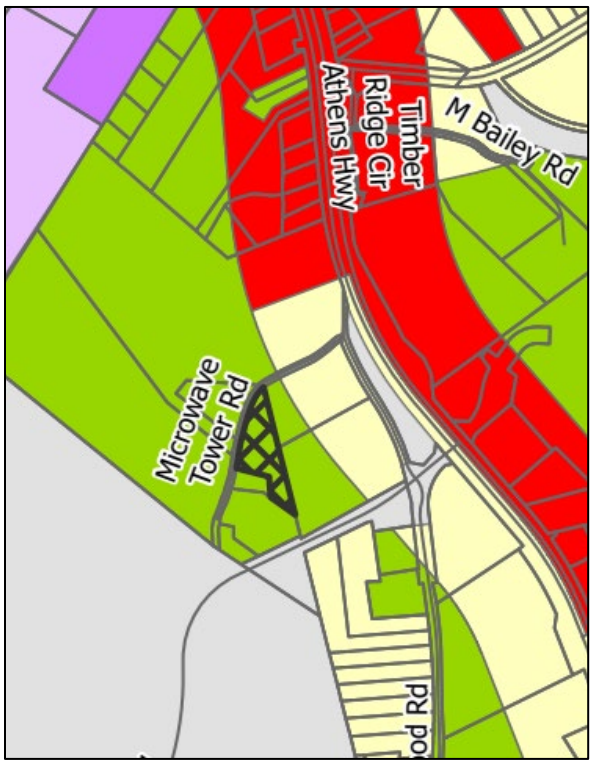
3. All conditions of zoning shall be made a part of any plats or construction plans created for the property.

Summary Analysis

The applicant has submitted three concurrent requests: (A) to rezone a 1.68± acre tract from Agricultural Residential 1 (AR-1) to Residential Two-Family (R-TF) for a second single-family dwelling; (B) a variance to reduce the minimum yards for the original single-family dwelling; and (C) a variance to reduce the minimum yards for the keeping of livestock and poultry.

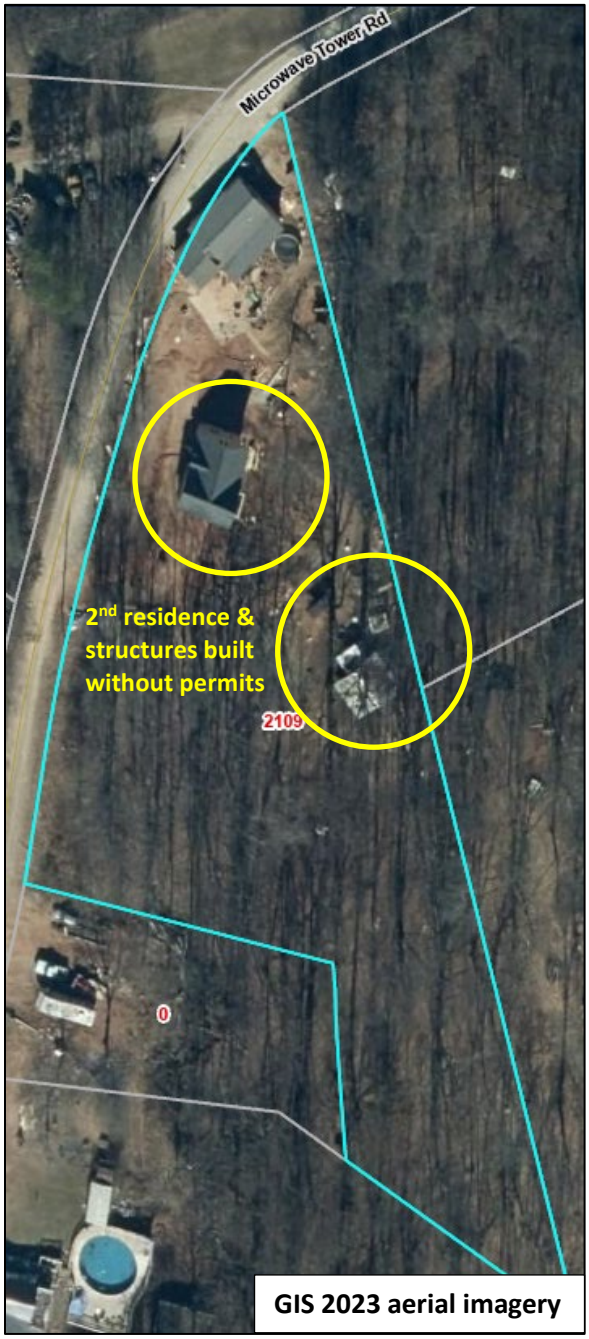
The surrounding properties are zoned and developed as outlined below:

North: Agricultural Residential (AR-1) & Residential 1 (R-1): single-family residence & cell tower
East: Agricultural Residential (AR-1) & Residential 1 (R-1): single-family residence
South: Agricultural Residential 1 (AR-1): single-family residence
West: Agricultural Residential 1 (AR-1): single-family residence & junk yard



The property is currently developed with two residences. Historic aerial imagery indicates that a residence was present on the property as far back as the early 1960's, and subsequent Geographical Information Systems (GIS) imagery shows that this structure was expanded more than once between 2018 and 2025. This structure is currently recognized as built in 2019 according to the Hall County Tax Assessor records. A retroactive building permit to allow an existing deck to be converted into a screened porch was approved in 2019; however, the permit expired (RES2019-00854). It was noted in this permit that the structure encroached into the right-of-way.

The second residence first appears in aerial imagery in 2023 and is identified in the Hall County Tax Assessors' records as a 2025 residence. There is no record of a building permit for this structure, nor are there permits on file for the three animal structures located on the property. Below are GIS aerial images that further illustrate and support the information described above.



The property additionally has a record of two code enforcement cases, including a 2019 violation involving storage of junk materials, trash, and building without permits (COD2019-00069) and a 2026 case pertaining to two residential structures on one parcel (HENF26-0483).

Collectively, these records reflect ongoing development activity on the property, along with several instances where construction occurred without required approvals and in conflict with established setback requirements.

Water service is currently provided by the City of Gainesville, and sanitary sewer services are provided by on-site septic.

Rezoning:

The applicant has submitted a request to rezone a 1.68±-acre tract from Agricultural Residential-1 (AR-1) to Residential Two-Family (R-TF) to allow a second single-family dwelling. The R-TF district requires a minimum lot size of 35,000 square feet and permits a maximum density of two dwellings per lot.

Per the submitted narrative, the applicant is requesting rezoning of the property to the Residential Two-Family (R-TF) district to allow a second residence. The applicant states three options were considered to bring the property into compliance: acquiring additional adjoining land, subdividing the existing property, or rezoning to R-TF. The first two options were determined to be infeasible as the purchase of additional property was not possible and the property is not large enough to subdivide under AR-1 standards. Rezoning to R-TF is identified by the applicant as the only option.

The submitted site plan shown below identifies two residential structures (shown in orange and yellow), multiple accessory structures including a gazebo, shed, turkey coop (shown in green), chicken coop (shown in blue), barn, and fencing. The site plan documents all structure locations in relation to property boundaries, noting several setback encroachments.

The site plan notes that the shed adjacent to the original single-family dwelling that crosses the property line will be removed.

The elevations submitted by the applicant reflect the current appearance of the two residences on the property.

Variance - Setbacks

Three (3) variances related to setback standards will be required if the site plan, as presented, is approved.

- Front yard setback requirement of 40 feet as found in Section 4.4 for the Residential Two-Family (R-TF) zoning district.
    - A front yard setback of 0 feet with an additional encroachment of 7 feet into the right-of-way for the original single-family residence.
- Side yard setback requirement of 10 feet as found in Section 4.4 for the Residential Two-Family (R-TF) zoning district.
    - A side yard setback of 6 feet along the east property line to allow for the unpermitted expansion of the original single-family residence.
- Side yard setback requirement of 10 feet as found in Section 4.4 for the Residential Two-Family (R-TF) zoning district.
    - A side yard setback of 9 feet along the east property line to allow a new shed.

Variance – Keeping of Livestock and Poultry

Three (3) variances related to Keeping of Livestock and Poultry standards will be required if the site plan as presented is approved.

- Section 7.8.11.B.3 – Structures or buildings for the keeping of animals must be at least 100 feet from any property line.
    - A side yard setback of 2 feet along the east property line to allow for turkey coop.
    - A side yard setback of 4 feet along the east property line to allow for chicken coop.

- A side yard setback of 16 feet along the east property line to allow for chicken coop.

Comprehensive Plan Analysis

Based on the future land use plan, staff finds the rezoning request *is not consistent* with the Hall County Comprehensive Plan and the future land use designation of Employment Nodes and Corridors within the Gainesville character area. The intent of this future land use designation is for development to consist of industrial and/or office uses housed in either formalized campuses or along major road corridors that have existing or future access to water and sewer.

(A) Zoning Analysis – Rezone

When considering a zoning amendment to the zoning maps, the Commission must study the need and justification for the change based on a determination of the facts applicable to the particular case, and the following general lines of inquiry must be considered:

a) Whether the zoning proposal will permit a use that is suitable in view of the use, development and zoning of adjacent and nearby property; **While the proposed rezoning is not supported by the Comprehensive Plan, the residential nature of the proposed use could be considered appropriate for the physical development pattern of the surrounding area.**

b) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **No, it is not anticipated that the proposed rezoning will adversely affect the existing use or usability of adjacent or nearby properties.**

c) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The property has reasonable economic use as currently zoned, however, the second single family dwelling cannot be permitted without approval of the rezoning by the Board of Commissioners.**

d) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public health facilities or emergency medical service; **If approved and in compliance with all Hall County standards, the use is not anticipated to cause an excessive or burdensome use of the existing streets, transportation facilities, utilities, schools, police protection, fire protection, public facilities, or emergency medical service.**

e) Whether the zoning proposal is in conformity with the policy and intent of the future land use plan for the physical development of the area; **While the proposed rezoning is not supported by the Comprehensive Plan, the residential nature of the proposed use could be considered appropriate for the physical development of the area.**

f) The extent to which property values are diminished by the existing zoning restrictions; **Staff is unable to determine the extent to which property values are affected by the existing zoning restrictions.**

g) The extent to which the destruction of the subject property's value under the existing zoning promotes the health, safety, morals or general welfare of the public; **Staff is unable to comment**

on the impact of property values without a full market analysis. Multiple factors impact property values including construction types, proposed uses, and maintenance.

h) The relative gain to the public as compared to the hardship imposed upon the individual property owner; **Staff have not identified a hardship imposed on the property owner as the property is currently zoned.**

i) The length of time the property has been vacant as zoned considered in the context of land development in the area in the vicinity of the property. **The property is developed with two residences, the first established in the 1960's with expansions between 2018 and 2025. The second residence was built around 2023 without a building permit.**

j) Whether there are other existing or changing conditions affecting the use or development of the property which give supporting grounds for either approval or disapproval of the zoning proposal; **Staff are not aware of any changing conditions affecting the use or development of the property.**

k) Whether the change would create an isolated district unrelated to the surrounding districts; **The proposed zoning would create an isolated district unrelated to the surrounding developments and districts.**

l) Whether the present zoning district boundaries are illogically drawn in relation to existing conditions in the area; **There is no evidence that the present zoning district boundaries are illogically drawn.**

m) Whether the change requested is out of scale with the needs of the county as a whole or the immediate neighborhood; **The request does not appear to be out of scale with the needs of the county as a whole or the immediate neighborhood.**

n) Whether it is impossible to find adequate sites for the proposed use in districts permitting such use and already appropriately zoned; **There are other properties within the County that support Residential Two-Family zoning based on the Future Land Use Map; however, the current development for two residential dwellings on one lot requires rezoning approval by the Board of Commissioners.**

o) Whether the need for rezoning could be handled instead by a variance request to the Planning Commission; **The request could not be handled alternatively as a variance.**

p) Whether there would be an ecological or pollution impact resulting from major modifications to the land if the request is granted; **Any land disturbance activities on the property shall be required to go through the land development permitting process, and as a result are subject to local, state, and federal regulations. As a result, there are no anticipated ecological or pollution impacts resulting from any modification to the land if the request is granted.**

q) Whether there is reasonable evidence based upon existing and anticipated land use that would indicate a mistake was made in the original zoning of the property; **There is no indication that a mistake was made in the original zoning.**

(B) Zoning Analysis – Variance to Section 4.4, R-TF Dimensional Standards

The Commission may grant variances in individual cases of unnecessary hardship upon a finding of the board that:

1. There are extraordinary and exceptional conditions pertaining to the particular lot in question because of its size, shape, or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship); **The applicant has repeatedly expanded the original single-family dwelling without permits. As this original home appears to have been constructed within the road right-of-way, recognizing the front yard setback of zero is reasonable. While the applicant states that there are topographical issues related to the property, expansion of the dwelling could have been accommodated in a manner that respects the side yard setback. In addition, the proposed new shed can be modified in size and location to comply with setbacks.**

2. The application of the requirements of this UDC to this particular piece of property would create an unusual hardship; **Strict application of the setback standards with respect to the single-family dwelling would require demolition of a portion of the structure. However, strict application of the setback standards to the proposed new shed would not create unusual hardship as the structure can be modified in size and location to meet setbacks. The applicant has not demonstrated that compliance with the setback requirement for the shed would prevent reasonable use of the property.**

3. Such conditions are peculiar to the property involved and are not common to other properties in the neighborhood; **While the property does have challenging terrain, the applicant has not demonstrated that these conditions are not common to other properties in the neighborhood. While the original residence was constructed within the right-of-way, the need for the side yard setback is a result of an unpermitted expansion rather than a condition peculiar to the lot. The need for a side yard setback variance for a proposed shed is a preference of the property owner and not a condition peculiar to the lot. Therefore, strict application of the UDC does not deprive the property of rights commonly enjoyed by other similarly zoned properties.**

4. Such conditions are not the result of any actions of the property owner**; While the front setback variance request is not the result of an action of the property owner, the request for a side yard setback variance is self-imposed.**

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this UDC; provided, however, that no variance may be granted for a use of land or building or structure that is prohibited by this UDC or for a Conditional Use Permit which has been denied by the Planning Commission; **Relief, if granted, is not expected to result in substantial detriment to the public good. However, the requested side yard setback requests are not property-specific hardships and approval would effectively grant a special privilege and would be inconsistent with the intent of the UDC.**

(C) <u>Zoning Analysis</u> – Variance to Section 7.8.11, Keeping of Livestock and Poultry

The Commission may grant variances in individual cases of unnecessary hardship upon a finding of the board that:

1. There are extraordinary and exceptional conditions pertaining to the particular lot in question because of its size, shape, or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship); **While the property does contain areas of steep topography, the properties dimensions cannot accommodate the 100-foot setback requirement from all property lines for structures used for the keeping of livestock and poultry.**

2. The application of the requirements of this UDC to this particular piece of property would create an unusual hardship; **The strict application of the requirements of this UDC prevents the placement of livestock and poultry structures on this property because its dimensions cannot accommodate the required 100-foot setback. However, the inability to keep livestock or poultry does not constitute an unusual hardship, as it does not prevent the property from being used reasonably for residential purposes.**

3. Such conditions are peculiar to the property involved and are not common to other properties in the neighborhood; **The conditions peculiar to this property are its dimensions, however, this does not justify structures for the keeping of livestock and poultry from meeting the required setback.**

4. Such conditions are not the result of any actions of the property owner**; The placement of the unpermitted structures for the keeping of livestock and poultry are the direct result of the actions of the property owner.**

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this UDC; provided, however, that no variance may be granted for a use of land or building or structure that is prohibited by this UDC or for a Conditional Use Permit which has been denied by the Planning Commission; **Relief, if granted, is not expected to result in substantial detriment to the public good. However, the requested setback reductions conflict with the purpose and intent of the UDC, which is to maintain consistent separation standards for livestock and poultry structures.**

Re: Request for Consideration of Rezoning – 2109 Microwave Tower Road, Gainesville, GA 30504

Dear Members of the Board and Planning & Zoning Department,

I respectfully submit this letter in support of my request for the rezoning of my property located at **2109 Microwave Tower Road, Gainesville, Georgia 30504**.

After meeting with and receiving guidance from the Hall County Planning & Zoning Department, I have taken the time to better understand the current zoning classification of my property, which is designated as **AR-1**, as well as the available options for bringing the property into compliance with county regulations.

During these discussions, three potential paths were presented:

1. **Acquiring additional adjoining property** to satisfy the acreage requirements for two dwelling units. While I appreciate this option, it is unfortunately not feasible due to the financial burden and the practical challenges associated with acquiring neighboring land.
2. **Subdividing the existing property into two separate lots.** However, because of the unique geotechnical characteristics and layout of the land, it would be extremely difficult, if not impossible, to create two appropriately sized lots with practical and compliant property boundaries.
3. **Rezoning the property to an R-TF classification.** After carefully considering all available alternatives, I sincerely believe that this option is the most reasonable and appropriate solution. I understand that an R-TF zoning designation carries its own requirements and responsibilities, and I am fully committed to complying with all applicable ordinances, standards, and regulations associated with that classification.

I would also like to respectfully acknowledge the circumstances that brought us to this point. My family and I genuinely believed that because we owned the property, we had the ability to make certain improvements and decisions regarding its use. We now understand that property ownership carries with it the responsibility to comply with local zoning ordinances and development regulations. Our misunderstanding was never intended to disregard the law or the authority of the County, but rather stemmed from a lack of knowledge and experience with the zoning process.

I humbly ask for your understanding and compassion as you consider this request. This matter is deeply important to my family, and we are not seeking special treatment, but rather the opportunity to correct our mistake and move forward in a way that is consistent with the County's regulations and planning goals. We are committed to being responsible property owners and good members of the community.

On behalf of my family, I respectfully request that the Board and the Planning & Zoning Department give favorable consideration to the rezoning of our property to **R-TF**. We are sincerely grateful for the time, guidance, and consideration you have already provided, and we appreciate the opportunity to work with Hall County toward a compliant and appropriate resolution.

Thank you for your time, understanding, and thoughtful consideration of this request.

Respectfully submitted,

Hermelinda Ajanel Sica and Norma Ajanel

HALL COUNTY - STATEMENT OF HARDSHIP

Property: 2109 Microwave Tower Road, Gainesville, Georgia

Variance Request: Front and Side Yard Setback Variances - Existing Residence and Accessory Structures

1. Extraordinary and exceptional conditions pertaining to the particular property because of its size, shape, or topography.

The subject property has a unique physical layout and topography, including substantial slopes, changes in elevation, and natural runoff conditions. The existing primary dwelling and accessory structures were established within the limited portions of the property that can reasonably accommodate improvements while working with the land's natural grade. These physical conditions restrict the practical locations available for structures and contribute to the existing front and side yard setback conditions.

2. Application of the requirements to this particular property would create an unusual hardship.

Strict application of the front and side yard setback requirements to the existing improvements would require substantial relocation, alteration, or removal of established structures. Because of the property's sloped terrain and runoff conditions, relocating improvements could also require additional grading, drainage work, or retaining measures and would create greater disturbance to the property than allowing the existing conditions to remain.

3. The conditions are peculiar to this particular property and are not common to other properties in the neighborhood.

The requested relief is tied to the specific physical characteristics and existing configuration of this parcel. The property's steep terrain, elevation changes, runoff patterns, and limited manageable areas affect where improvements can reasonably be located. The variance is requested to address these existing conditions on this particular property rather than to create a broader development privilege.

4. The conditions are not the result of actions of the property owner.

The steep terrain, changes in elevation, and natural runoff conditions are existing physical characteristics of the land and were not created by the property owner. The applicant is working in good faith with Hall County to address the existing setback conditions and bring the property through the appropriate zoning, variance, permitting, and inspection processes.

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purpose and intent of the zoning regulations.

Granting the requested front and side yard setback relief would allow the existing residential use and accessory structures to remain without substantial additional disturbance to the sloped property. The request does not propose a commercial use or an increase in intensity and is not intended to negatively affect neighboring properties, public safety, or the character of the surrounding area. Approval would allow the applicant to continue working with Hall County toward compliance

HALL COUNTY - STATEMENT OF HARDSHIP

Property: 2109 Microwave Tower Road, Gainesville, Georgia

Variance Request: Reduction of 100-Foot Setback for Keeping of Livestock - Existing Chicken and Turkey Coops

1. Extraordinary and exceptional conditions pertaining to the particular property because of its size, shape, or topography.

The property has unusually steep and varied topography, with significant slopes and natural stormwater runoff. There are limited areas that provide reasonably level and stable ground suitable for safely keeping the chickens and turkeys. The existing coop area is within one of the manageable portions of the property where the natural grade could be minimally adjusted. Approximately 8 inches of soil is retained within the coop area to provide the animals with a reasonably flat and stable surface rather than placing them on sloping ground.

2. Application of the requirements to this particular property would create an unusual hardship.

Strict application of the 100-foot livestock setback would require relocating the coops to other portions of the property that are significantly sloped and affected by runoff. Establishing another safe, level location could require substantial grading, drainage improvements, or retaining measures, potentially involving additional permits and greater disturbance to the natural terrain. The existing location allows the coops to function on stable ground with comparatively minimal alteration of the property.

3. The conditions are peculiar to this particular property and are not common to other properties in the neighborhood.

The hardship is directly related to the unique topography of this parcel. Significant changes in elevation, sloped terrain, and runoff conditions limit the areas where a reasonably flat and stable animal enclosure can be maintained. The existing location utilizes one of the limited manageable areas of the property and avoids unnecessary grading or alteration of the surrounding slopes.

4. The conditions are not the result of actions of the property owner.

The steep terrain, changes in elevation, and natural runoff conditions are existing physical characteristics of the property and were not created by the property owner. The

current coop location was selected to work with those natural conditions and to minimize substantial grading, retaining walls, drainage alterations, and disturbance of the surrounding terrain.

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purpose and intent of the zoning regulations.

Granting the requested reduction of the 100-foot livestock setback would allow the existing small, personal-use chicken and turkey coops to remain in an established, reasonably level area without requiring substantial alteration of the surrounding terrain. The animals are kept for personal household use and not as a commercial operation. Maintaining the existing location would minimize additional grading and disturbance of runoff patterns and natural surroundings and would not change the residential character or intensity of use of the property

Small Spring Creek for one hundred (100) feet at rear and from Small Spring Creek line to road and along road for one hundred (100) feet, back to Desser Martin Estate.

hereinafter referred to as "the Property."

PURCHASE PRICE. The agreed upon sales price for the Property is $85,000.00 with interest from November 20, 2018, on the unpaid principal at the rate of 8% per annum. The Seller hereby acknowledges receipt of a down payment or earnest money totaling $20,000.00 which shall be deducted from the total purchase price indicated above. Closing costs of $2,000.00 will be added to balance.

TERMS OF PAYMENT. Payments under this contract should be submitted to Glenn Martin or Betty Martin at 7140 Freeman Rd, Cumming, Georgia 30028.

Unpaid principal after the Due Date shown below shall accrue interest at a rate of 8% annually until paid.

The unpaid principal and accrued interest shall be payable in monthly installments of $862.89, beginning on December 20, 2018, and continuing until November 20, 2028 (the "Due Date"), at which time the remaining unpaid principal and interest shall be due in full.

All payments on this Contract shall be applied first in payment of accrued interest, if applicable, and any remainder in payment of principal.

If any payment obligation under this Contract is not paid when due, the remaining unpaid principal balance and any accrued interest, if applicable, shall become due immediately at the option of the Seller.

LATE PAYMENT CHARGE. The Buyer promises to pay a late charge of $20.00 for each installment that remains unpaid more than 15 day(s) after its Due Date. This late charge shall be paid as liquidated damages in lieu of actual damages, and not as a penalty.

NON-SUFFICIENT FUNDS. The Buyer shall be charged the maximum amount allowable under applicable law for each check that is returned to Seller for lack of sufficient funds in addition to any late payment charges allowable under this Contract.

PREPAYMENT. The Buyer reserves the right to prepay this Contract (in whole or in part) prior to the Due Date with no prepayment penalty.

ENCUMBRANCES. The Seller guarantees the Property is not currently encumbered and further agrees to take no action causing the Property to become encumbered so long as this Contract is in effect.

MAINTENANCE AND IMPROVEMENTS. Seller and Buyer agrees that any and all buildings, permanent fixtures and improvements currently on or subsequently added to the land or Property may be removed, remodeled, rebuilt etc…at buyers discretion

POSSESSION. Buyer will maintain possession of the Property upon execution of this Contract.

CONDITION OF PREMISES. The Buyer recognizes the Property is being sold as is and the Seller is under no obligation to make any improvements or repairs during the time of this Contract.

INSURANCE. Buyer agrees to maintain adequate property insurance on the Property equal to the assessed value of the Property from the date of signing this agreement. The Buyer shall immediately notify the Seller of any lapse in coverage. The Buyer is responsible for maintaining insurance on any personal property or other items the Buyer places inside or on the Property.

TAXES AND ASSESSMENTS. Buyer agrees to pay all taxes including but not limited to federal, state, and municipal, that arise as a result of this sale, excluding income taxes.

Buyer shall pay all real estate taxes and assessments that may be levied against the Property. Buyer shall be responsible for all personal taxes or assessments that result from the Buyer's use of the Property.

REMEDIES ON DEFAULT. In addition to any and all other rights available according to law, if either party defaults by failing to substantially perform any material provision, term or condition of this Contract (including without limitation the failure to make a monetary payment when due), the other party may elect to cancel this Contract if the default is not cured within 15 days after providing written notice to the defaulting party. The notice shall describe with sufficient detail the nature of the default. The Seller maintains the right and authority to reclaim the Property or to foreclose on the property if the default is not cured within 15 days.

DEED. Upon receipt of all payments required under this Contract, the Seller will furnish the Buyer with a Warranty Deed wherein the Seller conveys all of their interest in the Property to the Buyer. The Seller shall be responsible for all closing costs of recording the deed.

ABSTRACT/TITLE POLICY. The Seller will provide the Buyer with an updated abstract evidencing clear title or other accepted title documents upon receipt of all payments under this Contract.

NOTICES. Any notice or communication required or permitted under this Contract shall be sufficiently given if delivered in person or by certified mail, return receipt requested, to the addresses listed above or to such other address as one party may have furnished to the other in writing. The notice shall be deemed received when delivered or signed for, or on the third day after mailing if not signed for.

ASSIGNMENT. Neither party may assign or transfer this Contract without prior written consent of the other party, which consent shall not be unreasonably withheld.

ATTORNEY FEES. If any payment obligation under this Contract is not paid when due, the Buyer promises to pay all costs of collection, including reasonable attorney fees, whether or not a lawsuit is commenced as part of the collection process.

ENTIRE CONTRACT/AMENDMENT. This Contract for Deed contains the entire agreement of the parties and there are no other promises, conditions, understandings or other agreements, whether oral or written, relating to the subject matter of this Contract for Deed. This Contract for Deed may be modified or amended in writing, so long as all parties obligated under this Contract sign the agreement.

SEVERABILITY. If any portion of this Contract for Deed shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Contract for Deed is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

INDEMNITY REGARDING USE OF PREMISES. To the extent permitted by law, Buyer agrees to indemnify, hold harmless, and defend Seller from and against any and all losses, claims, liabilities and expenses, including reasonable attorney fees, if any, which Buyer may suffer or incur in connection with Buyer's possession, use or misuse of the Property, except due to Seller's negligent acts or omissions.

GOVERNING LAW. This Contract for Deed shall be construed in accordance with the laws of the State of Georgia.

WAIVER. The failure of either party to enforce any provisions of this Contract shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Contract for Deed.

TAX EXEMPTION. Seller will be entitled to claim the property for the Federal Homestead Property Tax Exemption and any other exemption, should the property be eligible for such an exemption.

RECORDING. This Contract will be recorded by the Buyer immediately upon execution by all parties. The Seller shall be responsible for the recording fees associated with recording the Contract.

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

Formal Opposition to Rezoning Request – 2109 Microwave Tower Rd, Gainesville, GA 30507

Dear Members of the Hall County Planning and Zoning Commission,
I am writing to formally log my strong opposition to the proposed rezoning request for the properties located at **2109 Microwave Tower Rd, Gainesville, GA 30507**. As an immediate nearby resident and property owner, I have deep concerns regarding the severe negative impacts a high-density Residential Two-Family (RTF) designation will have on our neighborhood. Specifically, this proposal introduces critical liabilities regarding public safety, infrastructure capacity, environmental health, and code compliance.

Preliminary Request for Public Anonymity:
Due to the sensitive nature of this neighborhood dispute and concerns regarding potential retaliation, **I respectfully request to remain anonymous in the public record. I formally request that my name, specific parcel address, and personal contact information be completely redacted and hidden from any public-facing portals, meeting agendas, or open-record distributions associated with this rezoning application.** I trust that the Commission will honor this privacy request while still giving full legal consideration to the critical planning violations detailed below.

Our opposition is based on several critical issues:

• **Illegal Construction and Lack of Permitting:** The existing structures on these properties were built entirely outside of municipal compliance, lacking the required Hall County building permits, inspections, and formal approvals. Granting a high-density RTF designation would effectively reward and retroactively legitimize explicit, illegal development. This undermines the integrity of Hall County's land-use codes and sets a dangerous precedent for future development.

Unpermitted and Unverified Septic Systems: Because these units were constructed illegally, the installed septic systems have never been reviewed, permitted, or approved by the Environmental Health Department. Forcing higher-density multi-family use onto unverified, potentially subpar septic infrastructure poses a severe environmental hazard that threatens local groundwater quality and risks systemic septic failure.

Severe Setback and Roadway Obstructions: The houses in question were constructed extremely close to the main roadway, drastically violating standard county setback requirements. This improper

placement has reduced the road to a bottleneck that is only passable by one vehicle at a time. Consequently, line-of-sight for driving neighbors is severely limited, safe pedestrian walkways are eliminated, and essential delivery trucks and emergency response vehicles (such as fire engines) physically cannot fit through. Increasing density under these hazardous conditions introduces a life-threatening safety liability.

Severe Parking Shortage: The immediate area lacks the infrastructure to support standard residential parking. Approving this rezoning will inevitably increase vehicle density in a space that quite simply has no room for parking, forcing vehicles onto the streets and further exacerbating the hazardous bottlenecks for residents and municipal services alike.

Requested Action Items
Before the scheduled public hearing on **October 22, 2026**, we respectfully request that the Commission initiate the following steps:

1. Direct Hall County Code Enforcement and the Environmental Health Department to conduct a formal, joint investigation into the illegal building practices and unpermitted septic systems at this location.
2.Perform a comprehensive traffic and parking capacity assessment on our street to evaluate emergency vehicle access.
3.Deny the rezoning request to protect the safety, property values, groundwater health, and character of our community.

Thank you for your time, vigilance, and dedication to upholding Hall County's zoning standards while respecting the privacy and safety of its citizens.

PUBLIC NOTICE REQUIREMENTS

Zoning regulations require that public notice must be given prior to all zoning hearings as follows:

1. The Planning Department shall publish a legal advertisement no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing.

2. The Planning Department shall send notification by letter of all other property owners within a 500-foot radius of the applicant's property, which is standard administrative policy of the Planning Department.

3. The applicant/property owner shall place the public notice sign in a conspicuous location on the property not less than fifteen (15) days and not more than forty-five (45) days prior to the public hearing.

The Planning Department shall post the legal advertisement and notify property owners within a 500ft radius to the subject property.

The applicant is required to post the public notice sign not less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. A photo of the sign placed at the location is required and must be sent to the Planning Department.

Multiple sign postings on a site may be required as determined by the Planning Department. The sign must be in a location where it is clearly visible from the roadway. The sign cannot be obstructed in any manner, placed too far from the road, or placed in such manner as would cause it to blend into the landscape.

Should you find the sign missing or vandalized in any manner, contact the Planning Department for a replacement sign. When the proceeding is complete and final Board action has occurred, the sign shall then be removed from the property by the applicant.

THE ZONING SIGN MUST BE POSTED NO EARLIER THAN September 24, 2026 AND NO LATER THAN September 30, 2026.

THE ORGINAL SIGNED AFFIDAVIT MUST BE RETURNED TO THE PLANNING DEPARTMENT NO LATER THAN September 30, 2026 ALONG WITH A MINIMUM OF ONE PHOTO SHOWING THE SIGN POSTED AT THE SUBJECT PROPERTY.

Failure to comply will result in a delay of the application.

AFFIDAVIT

By my signature, I, Hermelinda Sica de Ajanel (Please Print Name) **, hereby acknowledge that I have read and understand the sign posting requirements. Subject:	2109 Microwave Tower - Questions from Work Session - October 19, 2026

For Information Purposes Only

Mr. Chairman and District Commissioners,

At the October 19 work session, several questions were raised regarding the unpermitted second home located at 2109 Microwave Tower Road, specifically concerning septic, power, and occupancy. The following provides an updated summary of the current status:

Septic System – Unpermitted Second Home

- The second home has its own separate septic system that was installed without application, permit, or inspection by Environmental Health.
- The applicant has submitted the required soil study and site plan to Environmental Health and has applied for a septic permit; however, issuance of the septic permit is pending re-zoning and Variance approval.
- Prior to approval, the owner must pay the fine associated with installing a septic system without a permit.
- If the proposed septic system is permitted, the existing septic tank must be properly abandoned through a pump-crush-fill process *unless*:
    - The septic tank meets all setback requirements,
    - It is a state approved septic tank and meets the required gallon capacity of the issued septic permit, and
    - The DPH certified installer of the new drain lines is willing to take responsibility for the installation of the existing septic tank following a satisfactory Environmental Health inspection.
- Regardless of the septic tank's status, the existing, unpermitted drain lines must be disconnected and replaced; they cannot remain in use.

Power to the Second Home

- The second home does not have a permitted power meter. A site visit conducted by Cody Edwards verified power was coming from a disconnect.
- The power was illegally run from the primary home at the front of the property.
- Staff has confirmed that only one water meter is issued to the site for the primary dwelling. No water meter has been issued to the second home.

Primary Existing Home (Front of Property)

- The original home dates to the 1960s, but in 2019 a permit was issued for a two-bedroom, one-story home on a crawlspace, with a deck later enclosed as a screen porch.
- In 2025, Environmental Health issued a septic repair permit, inspected, and approved a septic system sized for a two-bedroom home.
- A site visits confirmed that the existing home has grown from its original state. There are no records showing the work done was permitted
- Any unpermitted expansion must be brought into compliance with all applicable Departments.

Occupancy and Enforcement Status

- A site visit has verified that both homes are occupied with new cars parked in front of each home with pets barking inside.
- Staff has issued a notice of violation and notifying them on the violations; however, no issue to vacate the house has been issued. Staff is working with the applicant to bring the property into compliance.

Staff is requesting that the Board table this item until correct ownership paperwork is provided for the application. The paperwork submitted was inaccurate due to the passing of the original owner and the estate not yet being settled. Until the documentation can be corrected, staff recommends that no action be taken.

If you have any further questions, please feel free to contact me directly.

Thank you,

Katie Ahmed

HALL COUNTY BOARD OF COMMISSIONERS
STAFF REPORT

Applicant ..... Brian Norris

Request ..... **Rezone** | from Agricultural Residential 1 (AR-1) to Agricultural (AG-1)

Proposed Use ..... Second single-family dwelling

Size ..... 8.67± acres

Zoning ..... **Current:** Agricultural Residential 1 (AR-1)
Proposed: Agricultural (AG-1)

Location ..... **4138 Price Road** | Tax Parcel 10079 001001

Commission District ..... Two

Board of Commission Date ..... October 22, 2026

Staff Recommendation ..... **Approval, with conditions,** as the proposed zoning is consistent with the residential nature of the surrounding properties.

Record Number..... HZON26-0031

Staff recommends <u>APPROVAL</u> of the applicant's request with the following conditions:

1. The property shall be developed in accordance with the site plan dated August 17, 2026, and as described in the project narrative received August 21, 2026, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.

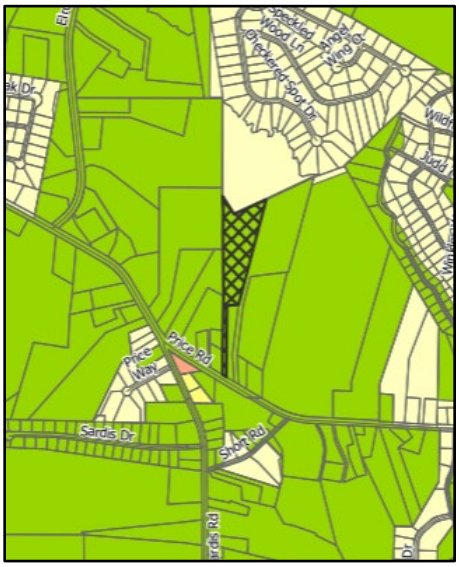
2. No variances or development exceptions are granted as part of this request that are not explicitly granted by board approval. The development shall be compliant with the Unified Development Code of Hall County, as well as any other agencies or reviewing departments.

3. All conditions of zoning shall be made a part of any plats or construction plans created for the property.

<u>Summary Analysis</u>

The applicant is requesting to rezone an 8.67± acre tract from Agricultural Residential 1 (AR-1) to Agricultural (AG-1) to allow for a second single-family dwelling.

Per Hall County records, the property is developed with a 2,112 square foot manufactured home (HRNEW22-0040), a 360 square foot carport (RES012-00602), 320 square foot shop built in 2000, and a 120 square foot storage building built in 2008.



The surrounding properties are zoned and developed as outlined below:

- North: Residential 1 (R-1): Creekside at Monarch Ridge subdivision: single-family dwellings
- East: Agricultural Residential (AR-1): single-family dwellings
- South: Agricultural Residential 1 (AR-1): Rock Hill Congregational Holiness Church
- West: Agricultural Residential 1 (AR-1): single-family dwellings & undeveloped

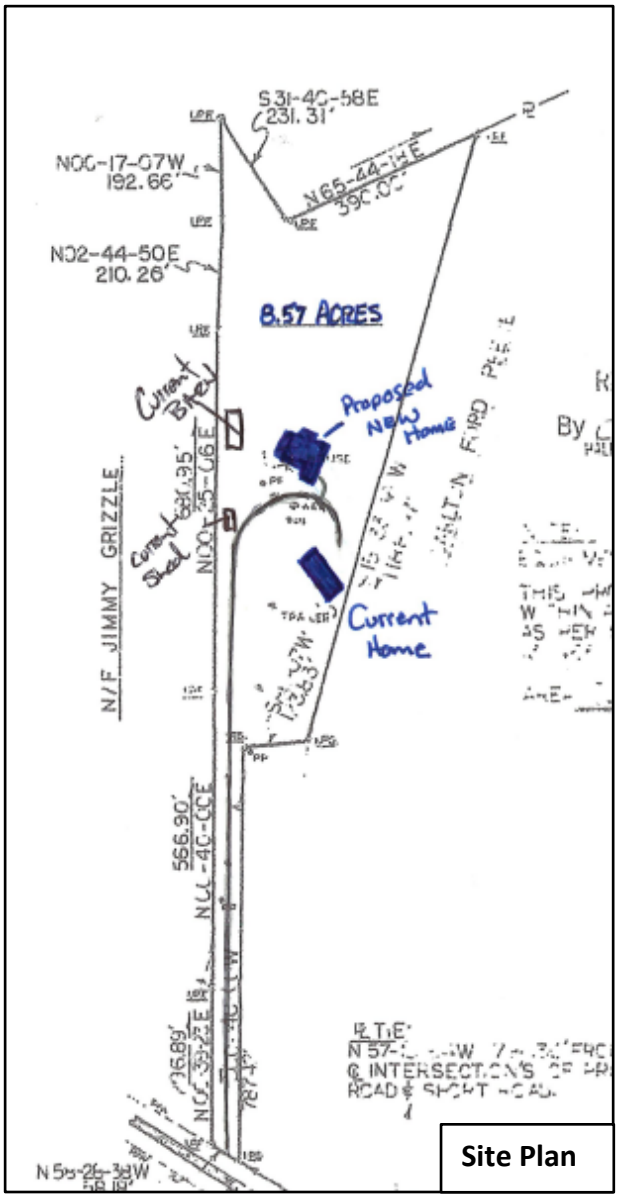
Per the submitted Narrative, the applicant proposes to build a second single-family dwelling for family members that will complement the character of the property and surrounding area.

Per the submitted Site Plan, the proposed second dwelling will be to the rear of the existing residence. The dwelling will be in approximately the same location as a residence that was destroyed in 2023.

Water service is provided by well. Sanitary sewer services will be provided by individual on-site septic systems.

Comprehensive Plan Analysis

Based on the future land use plan, staff finds the requested rezoning *is consistent* with the Hall County Comprehensive Plan and the future land use designation of Rural Neighborhood within the Murrayville/Sardis Character Area. These areas should consist of active farms and agricultural enterprises and low-density, large-lot single-family residential up to 0.75 dwellings per acre. These areas also consist of undeveloped lands likely to face development pressures for new residential or commercial development. Similar to Rural Agriculture, they should have deep setbacks and incorporate a high percentage of open space. Where it occurs, new development should preserve natural features, including tree canopy, waterways, and waterbodies.



Zoning Analysis - Rezoning

When considering a zoning amendment to the zoning maps, the Commission must study the need and justification for the change based on a determination of the facts applicable to the particular case, and the following general lines of inquiry must be considered:

a) Whether the zoning proposal will permit a use that is suitable in view of the use, development and zoning of adjacent and nearby property; **The proposed rezoning is suitable in view of the use, development, and zoning of adjacent and nearby properties.**

b) Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **It is not anticipated that the proposed rezoning will adversely affect the existing use or usability of adjacent or nearby properties**.

c) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The property has reasonable economic use as currently zoned.**

d) Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public health facilities or emergency medical service; **The proposed rezoning will not cause an excessive or burdensome use of existing streets, transportation facilities, utilities, schools, police protection, fire protection, public facilities, or emergency medical service.**

e) Whether the zoning proposal is in conformity with the policy and intent of the future land use plan for the physical development of the area; **The proposed zoning is consistent with the Comprehensive Plan's future land use designation of Rural Neighborhood, and the proposed use is consistent with the residential nature of the surrounding properties.**

f) The extent to which property values are diminished by the existing zoning restrictions; **Staff is unable to determine the extent to which property values are diminished by the existing zoning restrictions**.

g) The extent to which the destruction of the subject property's value under the existing zoning promotes the health, safety, morals or general welfare of the public; **Staff is unable to comment on the impact of property values without a full market analysis. Multiple factors impact property value including construction types, proposed uses, and maintenance.**

h) The relative gain to the public as compared to the hardship imposed upon the individual property owner; **Staff has not identified a hardship imposed on the property owner as the property is currently zoned.**

i) The length of time the property has been vacant as zoned considered in the context of land development in the area in the vicinity of the property; **The property is developed with a 2,112 square foot manufactured home (HRNEW22-0040), a 360 square foot carport (RES012-00602), 320 square foot shop built in 2000, and a 120 square foot storage building built in 2008 per Hall County records.**

j) Whether there are other existing or changing conditions affecting the use or development of the property which give supporting grounds for either approval or disapproval of the zoning proposal; **Staff is not aware of any changing conditions affecting the use or development of the property.**

k) Whether the change would create an isolated district unrelated to the surrounding districts; **The Hall County Comprehensive Plan and Unified Development Code adopted in 2024 established the Agricultural (AG-1) zoning district which is supported within the comprehensive plan under Rural Neighborhood. As such, the rezoning of this property to Agricultural (AG-1) would not be considered an isolated district.**

l) Whether the present zoning district boundaries are illogically drawn in relation to existing conditions in the area; **There is no evidence that the present zoning district boundaries are illogically drawn.**

m) Whether the change requested is out of scale with the needs of the county as a whole or the immediate neighborhood; **No, the request is not out of scale with the needs of the county as a whole or the immediate neighborhood.**

n) Whether it is impossible to find adequate sites for the proposed use in districts permitting such use and already appropriately zoned; **There are no other properties within the county that are permitted to have a second dwelling, excluding Accessory Dwelling Units (ADU), without approval from the Board of Commissioners.**

o) Whether the need for rezoning could be handled instead by a variance request to the Planning Commission; **The request for rezoning could not be handled alternatively as a variance.**

p) Whether there would be an ecological or pollution impact resulting from major modifications to the land if the request is granted; **Any land disturbance activities on the property shall be required to go through the land development permitting process, and as a result are subject to local, state, and federal regulations. As a result, there are no anticipated ecological or pollution impacts resulting from any modification to the land if the request is granted.**

q) Whether there is reasonable evidence based upon existing and anticipated land use that would indicate a mistake was made in the original zoning of the property; **There is no indication that a mistake was made in the original zoning.**

Development Support and Constraints

Hall County Environmental Health
In a memorandum dated September 17, 2026, the Hall County Environmental Health Department stated, "Must meet all residential permitting requirements. Original copy of Level 3 soil evaluation and copy of recorded plat will be required at time of septic permit application. Please note that BOC approval does not imply approval from other county departments."

Georgia Department of Transportation
In an email dated September 21, 2026, Christopher Hash, P.E. D1 Traffic Operations Supervisor, stated "On-system. Residential permit may be needed from Area 1 Office."

Hall County Public Works and Utilities
In a memorandum dated September 23, 2026, Jorge Gomez, Director of Public Works and Utilities, provided the following comments:

Engineering:
No comment.

Traffic:
There are no traffic concerns with the requested second single-family dwelling unit.

Utilities:
This location is within the Gainesville-Hall County sewer district, but sewer infrastructure is not nearby.

Hall County Fire Marshal
In a memorandum dated September 18, 2026, the Hall County Fire Marshal's Office stated, "The Hall County Fire Marshal's Office has no comments."

Hall County Building Inspections
In a memorandum dated September 21, 2026, Barry Shaw, Interim Director of Development Services, provided the following comment:

- Applicant obtained permit for New 2022 (32 x 66) CMH Norris Freedom Farmhouse. All inspections were completed and a CO was issued 05.24.2023. Previous permits were for a demolition of a home due to fire (MIS2006-00508) with a final successful completed demolition

on 02.06.2009. An additional permit was issued for the rebuild of 1 story single family home (RES2006-02518). This permit was never completed and the only inspection that was obtained and completed was for the issuance of a T-Pole at the property."

Project: Rezoning Request – Residential Use
Project Location: 4138 Price Rd. Gainesville Ga. 30506
Date: August 17, 2026
Current Zoning District: AR-1
Proposed Zoning District: AG-1

To whom it may concern:

I am submitting this application to rezone the property located at 4138 Price rd. in Hall County, Georgia. The property is approximately 8.67 acres and is currently zoned AR-1.

The property is currently used and zones as AR-1 as residential/personal property. The property is privately owned by myself and is intended to remain a family compound.

The purpose of this rezoning request is to build an additional primary residence on the property for my son and my daughter in law. The proposed use is AG-1 residential,

The proposed development will consist of a single additional primary home designed to complement the character of the property and surrounding community.

I respectfully request that Hall County Planning and Development consider this rezoning application favorably. The proposed residential use represents a reasonable and appropriate use of the property and is intended to be developed in accordance with Hall County's applicable zoning and development regulations.

My family and I are committed to maintaining the property in a manner that is compatible with the surrounding community and to addressing all applicable requirements during the development and permitting process.

Thank you for your consideration of this request.

Respectfully submitted,

Brian Norris

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

PUBLIC NOTICE REQUIREMENTS

Zoning regulations require that public notice must be given prior to all zoning hearings as follows:

1. The Planning Department shall publish a legal advertisement no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing.

2. The Planning Department shall send notification by letter of all other property owners within a 500-foot radius of the applicant's property, which is standard administrative policy of the Planning Department.

3. The applicant/property owner shall place the public notice sign in a conspicuous location on the property not less than fifteen (15) days and not more than forty-five (45) days prior to the public hearing.

The Planning Department shall post the legal advertisement and notify property owners within a 500ft radius to the subject property.

The applicant is required to post the public notice sign not less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. A photo of the sign placed at the location is required and must be sent to the Planning Department.

Multiple sign postings on a site may be required as determined by the Planning Department. The sign must be in a location where it is clearly visible from the roadway. The sign cannot be obstructed in any manner, placed too far from the road, or placed in such manner as would cause it to blend into the landscape.

Should you find the sign missing or vandalized in any manner, contact the Planning Department for a replacement sign. When the proceeding is complete and final Board action has occurred, the sign shall then be removed from the property by the applicant.

THE ZONING SIGN MUST BE POSTED NO EARLIER THAN September 24, 2026 AND NO LATER THAN September 30, 2026.

THE ORGINAL SIGNED AFFIDAVIT MUST BE RETURNED TO THE PLANNING DEPARTMENT NO LATER THAN September 30, 2026 ALONG WITH A MINIMUM OF ONE PHOTO SHOWING THE SIGN POSTED AT THE SUBJECT PROPERTY.

Failure to comply will result in a delay of the application.

AFFIDAVIT

By my signature, I, Brian Norris **, hereby acknowledge that I have read and understand the sign posting requirements. I further certify that the required public notice sign was posted on** September 30 2026 **for** Brian W Norris **.**

HALL COUNTY BOARD OF COMMISSIONERS
STAFF REPORT

Applicant ..... Kevin Pethel

Request ..... **Variance to Section 4.3**| to maximum site coverage

Proposed Use ..... Impervious surface

Size ..... 0.98± acres

Zoning ..... Residential 1 (R-1)

Location ..... **4031 Wiley Road**| Tax Parcel 10154 000027

Commission District ..... Three

Commission Date ..... October 22, 2026

Staff Recommendation ..... **Denial,** as no hardship exists pursuant to the criteria of 11.1.1.D.11

Record Number HVAR26-0041

Staff recommends <u>DENIAL</u> of the applicant's request.

<u>Summary Analysis</u>

The applicant is requesting a variance from Section 4.3, the maximum site coverage requirement applicable to the Residential 1 (R-1) zoning district on a tract measuring approximately 0.98± acres. The UDC permits a maximum site coverage of 35%, whereas the proposed site coverage is approximately 51%.

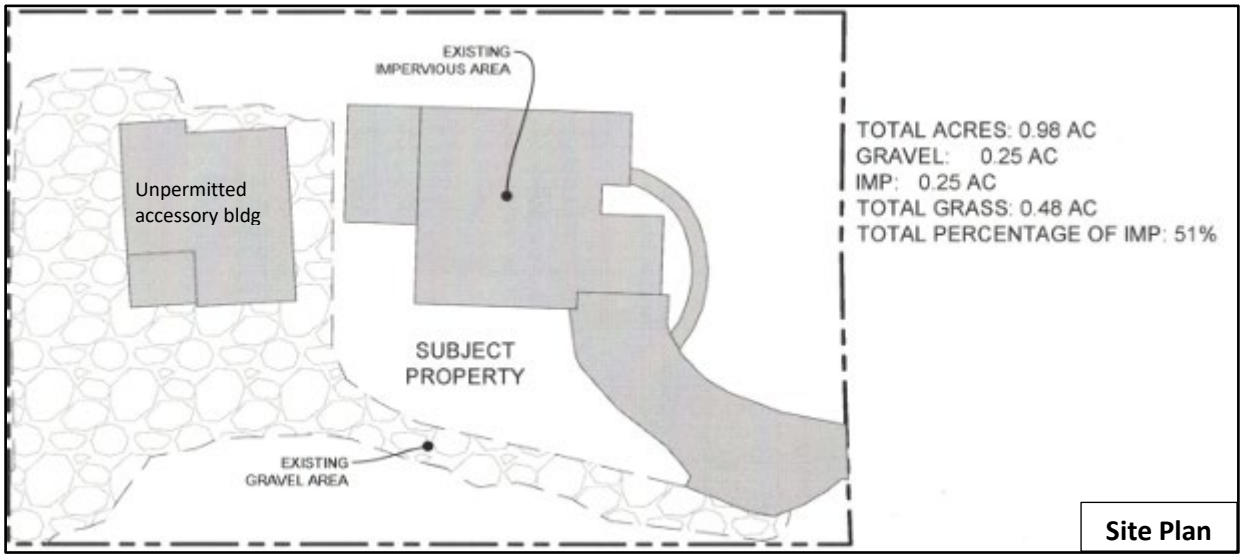
According to the Hall County records, the property is developed with a 2,409 square foot single-story residence over an unfinished basement constructed in 2001 (RES2001-00420)

The surrounding properties are all zoned Residential 1 (R-1) and developed with single-family residences.

The existing single-family residence was constructed in 2001. Subsequent improvements to the property have been made since that time without building permits which include a 50' by 58' accessory structure, a 20' by 20' accessory structure, and extensive additional graveled impervious surface. The addition of these structures and the additional impervious surface were reported and investigated as part of a code enforcement case (HENF26-0332). In

May of 2026, the property owner submitted two separate retroactive building permit applications, for the accessory structures (HRNEW26-0800 & HRNEW26-0804). Both permits were denied due to the site coverage exceeding the 35% allowed in the Residential 1 (R-1) zoning district. Subsequently, a demolition permit was issued for the 20' by 20' structure on June 25, 2026, due to the structure being placed within the required setbacks (HRNEW26-0959).

On August 20, 2026, the property owner filed a variance request for an increase in maximum site coverage to 51% where 35% is allowed.



Per the Statement of Hardship, the applicant states that the cost of removing the existing gravel and restoring the area to grass would create an economic hardship, noting that the gravel was installed due to the property's terrain and in connection with the former unpermitted 20' by 20' structure. The applicant further states that portions of the property are hilly and difficult to maintain with grass, and that the property is otherwise similar to surrounding properties except for the terrain.

<u>Zoning Analysis</u> - Variance to Section 4.3, R-1 Dimensional Standards

The Commission may grant variances in individual cases of unnecessary hardship upon a finding of the board that:

1. There are extraordinary and exceptional conditions pertaining to the lot in question because of its size, shape, or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship); **There are no demonstrated extraordinary or exceptional conditions pertaining to the subject property due its size, shape, topography, or other physical characteristics that necessitate the requested variance. The property can be reasonably developed under the applicable Residential 1 (R-1) zoning requirements. The requested increase in site coverage is associated with unpermitted improvements made to the property after the permitted residence was constructed.**

2. The application of the requirements of this UDC to this particular piece of property would create an unusual hardship; **Strict application of the 35 percent maximum site coverage requirement would not create an usual hardship. The existing residence was constructed in 2001, and the additional site coverage resulted from unpermitted improvements made subsequent to construction of the residence, including the 50' by 58' accessory structure and gravel driveway and parking area. The applicant has not demonstrated that compliance with the site coverage requirement would prevent reasonable use of the property.**

3. Such conditions are peculiar to the particular piece of property involved and are not common to other properties in the neighborhood; The conditions are not unique to this property. **The applicant has not demonstrated that the subject property possesses unique physical characteristics that distinguish it from other properties in the neighborhood or Residential 1 (R-1) zoning district. The need for additional site coverage is related to the amount and configuration of unpermitted improvements placed on the property rather than a condition peculiar to the lot. Therefore, strict application of the UDC does not deprive the property of rights commonly enjoyed by other similarly zoned properties.**

4. Such conditions are not the result of any actions of the property owner**; The circumstances necessitating the variance request are self-imposed. The residence was constructed in 2001, and the subsequent unpermitted improvements increase the amount of the site coverage on the property, including the 50' by 58' structure and gravel driveway and parking area.**

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this UDC; provided, however, that no variance may be granted for a use of land or building or structure that is prohibited by this UDC or for a Conditional Use Permit which has been denied by the Planning Commission; **Granting the variance would increase site coverage to approximately 51% where 35% is permitted in the Residential 1 (R-1) district. Impervious site coverage standards are intended to manage stormwater runoff and protect water quality. Because no property-specific hardship has been demonstrated, approval would effectively grant a special privilege and would be inconsistent with the intent of the UDC.**

STATEMENT OF HARDSHIP

The Hall County Planning Commission has the authority, in specific cases, to grant variances from the terms of the Zoning Regulations when the variance will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the Zoning Regulations will, in specific cases, result in unnecessary hardship and so that the resolution shall be observed, public safety and welfare secured, and substantial justice done. The authority to grant such variances shall be limited to those instances where a hardship is clearly established as required by the Zoning Regulations.

In all cases involving requests for residential variances from the terms of the Zoning Regulations, a plat or survey of the property prepared by a registered surveyor, architect, or engineer shall be required. In all cases involving variances for commercial or industrial uses of land, a site plan of the property prepared by a registered surveyor, architect, or engineer shall be required. Variances may be granted only upon a finding by the board that:

Describe how each situation listed below relates to your application:

1. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship).

The Cost of Removing Gravel and installing Grass. I Put Gravel There for 20x20 carport which was too close to property line. Building has been removed.

2. The application of the requirements of this resolution to this particular property would create an unusual hardship.

Most of That Area will not Grow Grass and is Hilly and will make it hard to Cut Grass

3. Such conditions are peculiar to the particular piece of property involved and not common to other properties in the neighborhood. That is, the application of the regulation would deprive the applicant of the rights commonly enjoyed by others in the neighborhood.

This Property is Simar to other Properties Except the terrain is rough and will Take time To get grass to grow.

4. Such conditions are not the result of any actions of the property owner.

No I. Fastened gravel Many years ago Due to the Terrain, and Hardy to grow grass. Also installed to set 20x20 carport on.

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this resolution provided; however, that no variance may be granted for a use of land or building or structure that is prohibited by this resolution. For example, granting the variance would not confer any special privilege that is denied by this regulation to other property in the same zoning district.

NO its Been This way for 10+ years

I hereby certify that the above information and all attached information is true and correct.

Subject: October 22, 2026 Hall County Board of Commissioners Meeting – Planning Items

Environmental Health has reviewed the Planning items listed below for the above referenced meeting. Please be advised that Environmental Health comments are based upon information provided by the applicant and current regulations and policies. If the information, site conditions, regulations, and/or policies, etc. change after comments are provided, these recommendations/comments will be invalidated. The comments provided are not considered approval. Furthermore, Board of Commissioners approval does not constitute Environmental Health approval.

* 4031 Wiley Road, Pethel: No comment.

* 4138 Price Road, Norris: Must meet all residential permitting requirements. Original copy of Level 3 soil evaluation and copy of recorded plat will be required at time of septic permit application. Please note that BOC approval does not imply approval from other county departments.

* 4510 Browns Bridge Road (A-C), Radovic: Must meet all Environmental Health commercial septic system permitting requirements. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation may be required after review of business plan. Any abandoned well shall be properly closed as per Water Well Standards Act. Any abandoned septic tank shall be pumped by a State certified pumper/hauler and crushed/filled.

* 2109 Microwave Tower Road (A-C), Ajanel: Must meet all residential permitting requirements. Please note that BOC approval does not imply approval from other county departments.

* 6541 Henry Smith Road, Hall County: Environmental Health issued a septic permit (OSC 7294) for storage building/barn (sink/toilet) in May 2022. The septic system has not been installed as of this date and septic permit OSC-7294 has since expired.

* 5586 Ransom Free Road, Hall County: No comment.

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

PUBLIC NOTICE REQUIREMENTS

Zoning regulations require that public notice must be given prior to all zoning hearings as follows:

1. The Planning Department shall publish a legal advertisement no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing.

2. The Planning Department shall send notification by letter of all other property owners within a 500-foot radius of the applicant's property, which is standard administrative policy of the Planning Department.

3. The applicant/property owner shall place the public notice sign in a conspicuous location on the property not less than fifteen (15) days and not more than forty-five (45) days prior to the public hearing.

The Planning Department shall post the legal advertisement and notify property owners within a 500ft radius to the subject property.

The applicant is required to post the public notice sign not less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. A photo of the sign placed at the location is required and must be sent to the Planning Department.

Multiple sign postings on a site may be required as determined by the Planning Department. The sign must be in a location where it is clearly visible from the roadway. The sign cannot be obstructed in any manner, placed too far from the road, or placed in such manner as would cause it to blend into the landscape.

Should you find the sign missing or vandalized in any manner, contact the Planning Department for a replacement sign. When the proceeding is complete and final Board action has occurred, the sign shall then be removed from the property by the applicant.

THE ZONING SIGN MUST BE POSTED NO EARLIER THAN September 24, 2026 **AND NO LATER THAN** September 30, 2026.

THE ORGINAL SIGNED AFFIDAVIT MUST BE RETURNED TO THE PLANNING DEPARTMENT NO LATER THAN September 30, 2026 **ALONG WITH A MINIMUM OF ONE PHOTO SHOWING THE SIGN POSTED AT THE SUBJECT PROPERTY.**

Failure to comply will result in a delay of the application.

AFFIDAVIT

By my signature, I, Kevin D Pethel, **hereby acknowledge that I have read and understand the sign posting requirements. I further certify that the required public notice sign was posted on** 9-29-26 **for** Kevin D Pethel.

11. The agri-entertainment venue's doors shall not be propped open or opened while any music is being played. No outdoor music or amplification shall be allowed.

12. All outdoor lighting shall be non-spill.

Summary Analysis

The applicant, Hall County, is requesting approval of an amendment to conditions placed on an agri-entertainment event venue located at 5586 Ransom Free Road.

On August 22, 2019, the Hall County Board of Commissioners voted to approve a Use Subject to County Commission approval (ZON2019-00083) to Michelle Gibbs for an “agri-entertainment district,” now referred to as “Agri-entertainment Events”, subject to fourteen (14) conditions as follows:

1. The development shall occur as described in the application with regards to parking, access, and occupancy.
2. The 20 foot landscape buffer shall be planted on the eastern property line with evergreen trees in accordance with 17.260.020.C, which states that the buffer strip shall consist of evergreen trees or shrubs of a minimum height of five feet at the time of planting, spaced to provide a continuous screen. This buffer must be established prior to the issuance of a business license. It must be maintained.
3. No development related to the agri-entertainment district shall occur within 200 Ito feet of the eastern property lines, adjacent to tax parcels 12041 000071 and 12041 000072.
4. A 400 foot long privacy fence shall be installed where the property containing the barn (tax parcel 12032 000027) borders the property of Mr. Joseph French, tax parcel 12032 000004.
5. During the Hall County School System's School year, the Hours of Operation shall be Sunday through Thursday 9am-9pm, Friday and Saturday 9am-11pm. When a weeknight (Sunday through Thursday) precedes a school holiday, or when school is not in session, the Hours of Operation shall be 9a.-10pm.
6. The applicant shall work with Hall County Building Inspections, Engineering, Environmental Health, Fire Services, and Planning to make sure the barn meets commercial occupancy requirements.
7. Any future development of the parcel shall be subject to the Hall County Development Review process in regards to stormwater management and other applicable regulations.

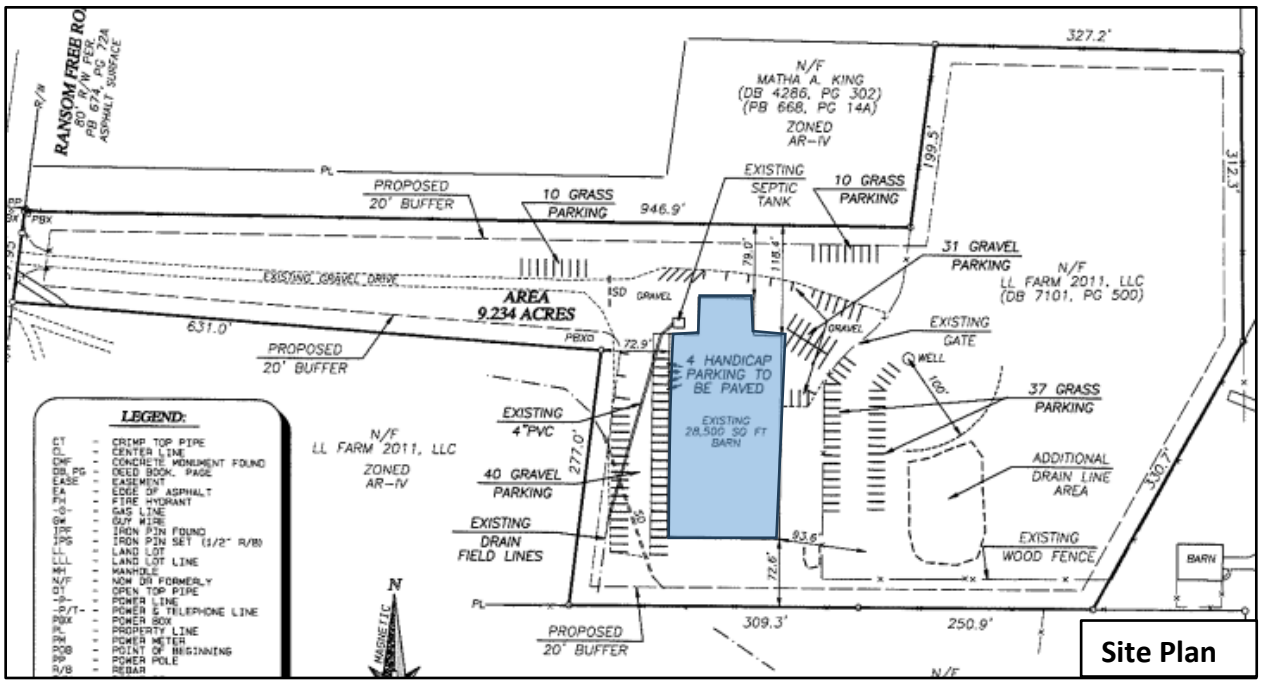
8. A plat combining parcels 12032 000027 and 12032 000032 shall be required prior to the issuance of any business licenses for the agri-entertainment district.
9. All conditions of zoning shall be made part of any plats created for the property.
10. The annual business license renewal for the agri-entertainment venue shall be subject to the Board of Commissioners' approval.
11. All activity pertaining to the agri-entertainment venue, including parking, shall be restricted to the subject property only.
12. The agri-entertainment venue's doors shall not be propped open or opened while any music is being played. No outdoor music or amplification shall be allowed.
13. All outdoor lighting shall be non-spill.
14. The agri-entertainment use is approved for the applicant only and is not transferrable.

This request seeks to remove Condition #10 which requires annual business license renewal approval by the Board of Commissioners, and Condition #14 which limits the use to the original applicant and prevents transferability.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes review and potential removal of conditions that mandate additional applications or Commission-level approval solely to ensure ongoing zoning compliance.

A certificate of occupancy for the venue was issued on December 3, 2019 (COM2019-00870). The business owner, LL Farm 2011, LLC (Michelle Gibbs), obtained a business license (BUS-0033143), effective December 13, 2019, and there have been no complaints received.

Below is the approved site plan, showing a 28,500 square foot barn (in blue) and associated parking.



Development Support and Constraints

Hall County Environmental Health
In a memorandum dated September 17, 2026, the Hall County Environmental Health Department stated, "No comment."

Georgia Department of Transportation
In an email dated September 21, 2026, Christopher Hash, D1 Traffic Operations Supervisor, stated, "Off-system. No impacts expected to the State Highway System."

Hall County Public Works and Utilities
In a memorandum dated September 23, 2026, Jorge Gomez, Director of Public Works and Utilities, provided the following comments:

Engineering:
The site may require a stormwater management report should the site plan indicate the proposed development meets stormwater thresholds for impervious surfaces and/or disturbed acreage.

Traffic:
There are no traffic concerns with the request to amend the previously approved zoning condition.

Utilities:
This location is within Hall County sewer district, but sewer infrastructure is not nearby.

Hall County Fire Marshal
In a memorandum dated September 18, 2026, the Hall County Fire Marshal's Office stated, "The Hall County Fire Marshal's Office has no comment regarding the applicants' request to have condition 10 removed."

Hall County Building Inspections
In a memorandum dated September 21, 2026, Barry Shaw, Interim Director of Development Services, stated, "No comment."

NARRATIVE
5586 Ransom Free Road, Clermont, GA

Amendment of Conditions of ZON2019-00083

The purpose of this application is to amend the conditions placed on an agri-entertainment venue located at 5586 Ransom Free Road.

On August 22, 2019, the Hall County Board of Commissioners voted to approve a Use Subject to County Commission approval for an "agri-entertainment district" with fourteen (14) conditions. This request seeks to remove Conditions #10 and #14 which state the following:

> *"10. The annual business license renewal for the agri-entertainment venue shall be subject to the Board of Commissioners approval.*
>
> *14. The agri-entertainment use is approved for the applicant only and is not transferrable."*

A Certificate of Occupancy for the venue was issued on December 3, 2019 (COM2019-00870). The business license (BUS-0033143) has been effective since December 13, 2019. No complaints have been received.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes the review and potential removal of conditions that mandate additional applications or Commission-level approval solely to ensure ongoing compliance. In this case, the agri-entertainment venue approved on August 22, 2019, was conditioned with annual Board approval of its business license (Condition #10) as well as a restriction limiting the use to the original applicant only and prohibiting transferability (Condition #14). Both conditions create ongoing procedural obligations and require continued Board involvement beyond the initial approval. As a result, staff is bringing forward this request to remove Conditions #10 and #14 in accordance with the Board's directive.

RE: Use Subject Application

Dear Ms. Gibbs:

Please be advised that in its Voting Meeting on August 22, 2019, the Hall County Board of Commissioners voted to approve the following item, with the listed conditions:

- Application of Michelle Gibbs for a Use Subject County Commission approval on a 9.25± acre tract located on the east side of Ransom Free Road, approximately 165± feet from its intersection with Divine Lane; a.k.a. 5586 and 0 Ransom Free Road; Zoned AR-IV; Tax Parcels 12032 000027 and 12032 000032. Proposed Use: Agri-entertainment district. Commission District 3.
  Conditions:
  1) The development shall occur as described in the application with regards to parking, access, and occupancy.
  2) The 20 foot landscape buffer shall be planted on the eastern property line with evergreen trees in accordance with 17.260.020.C, which states that the buffer strip shall consist of evergreen trees or shrubs of a minimum height of five feet at the time of planting, spaced to provide a continuous screen. This buffer must be established prior to the issuance of a business license. It must be maintained.
  3) No development related to the agri-entertainment district shall occur within 200 feet of the eastern property lines, adjacent to tax parcels 12041 000071 and 12041 000072.
  4) A 400 foot long privacy fence shall be installed where the property containing the barn (tax parcel 12032 000027) borders the property of Mr. Joseph French, tax parcel 12032 000004.
  5) During the Hall County School System's School year, the Hours of Operation shall be Sunday through Thursday 9am-9pm, Friday and Saturday 9am-11pm. When a weeknight (Sunday through Thursday) precedes a school holiday, or when school is not in session, the Hours of Operation shall be 9a.-10pm.
  6) The applicant shall work with Hall County Building Inspections, Engineering, Environmental Health, Fire Services, and Planning to make sure the barn meets commercial occupancy requirements.
  7) Any future development of the parcel shall be subject to the Hall County Development Review process in regards to stormwater management and other applicable regulations.
  8) A plat combining parcels 12032 000027 and 12032 000032 shall be required prior to the issuance of any business licenses for the agri-entertainment district.
  9) All conditions of zoning shall be made part of any plats created for the property.
  10) The annual business license renewal for the agri-entertainment venue shall be subject to the Board of Commissioners approval.
  11) All activity pertaining to the agri-entertainment venue, including parking, shall be restricted to the subject property only.

12) The agri-entertainment venue's doors shall not be propped open or opened while any music is being played. No outdoor music or amplification shall be allowed.
13) All outdoor lighting shall be non-spill.
14) The agri-entertainment use is approved for the applicant only and is not transferrable.

"Pursuant to section 17.380.13- of the Official Code of Hall County, the approval of any application for a use subject to approval of the County Commission shall be effective for a period of no longer than 12 months from the date of approval unless action is taken by the applicant to implement the use proposed in the application by obtaining the proper permit and/or license, and development plat approval, and proceeding with the building, occupancy or establishment of business."

Please contact me if you have questions or if you require any additional information concerning this action of the Board.

Sincerely,

Lisa A. Ritchie

- **Applicant applied for 2 retroactive permits. HRNEW26-0800 (50 x 58 Shop) and HRNEW26-0804 (Retroactive 20 x 20 Carport) Both were denied by P&Z due to encroachment of the carport into 20 feet rear setbacks. Applicant then applied for demolition of 20 x 20 carport which was inspected and closed on 06.29.2026 as being completed.**

- **Applicant obtained permit for New 2022 (32 x 66) CMH Norris Freedom Farmhouse. All inspections were completed and a CO was issued 05.24.2023. Previous permits were for a demolition of a home due to fire (MIS2006-00508) with a final successful completed demolition on 02.06.2009. An additional permit was issued for the rebuild of 1 story single family home (RES2006-02518). This permit was never completed and the only inspection that was obtained and completed was for the issuance of a T-Pole at the property.**

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

Summary Analysis

The applicant, Hall County, is requesting approval of an amendment to conditions of zoning placed on a rural business, specifically a metal fabrication shop located at 6541 Henry Smith Road.

On February 23, 2023, the Hall County Board of Commissioners voted to deny the appeal of a Planning Commission decision to approve a rural business. As a result, the Planning Commission's approval on December 5, 2022, for a rural business stands with eleven (11) conditions as follows:

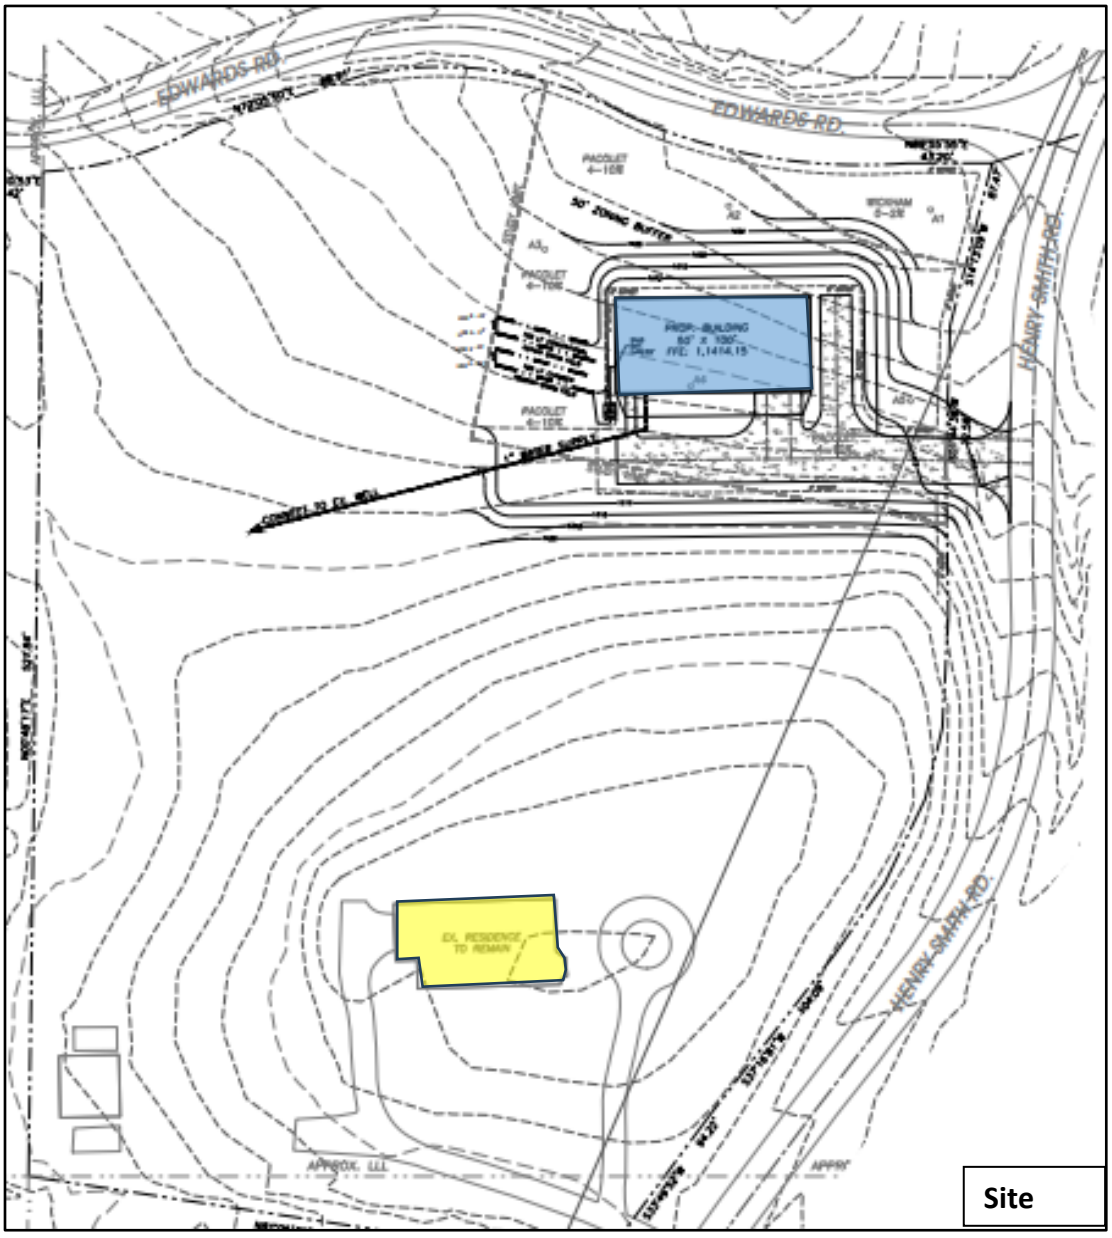
1. The interior shop area is limited to no more than 1,000 sq. ft. and a divider wall shall be installed between the 1,000 sq. ft. and the remaining 4,000 sq. ft. of the building, per Hall County Code requirements. No storage of materials, finished products and no signage for the business can be outside the 5,000 sq. ft. building (unless required by Code, e.g., ADA Handicap Parking Sign). All aspects related to the operation of the business must be contained within 1,000 sq. ft. of the interior of the building.
2. The applicant shall comply with requirements from the Hall County Fire Marshal.
3. All materials for said business must be stored inside, no materials shall be allowed to be stored outside.
4. The applicant must have the 1,000 sq. ft. shop area permitted and inspected by Hall County Building Inspection to ensure that applicable codes are met.
5. Only one (1) employee other than family members residing on the premises shall be permitted.
6. No signage shall be allowed on the property.
7. No more than two (2) parking spaces shall be allowed on the site.
8. The only entrance to the building shall be from Henry Smith Road and no traffic is allowed from the business onto Edwards Road.
9. No clients shall be allowed to pick up manufactured merchandise, only shipped.
10. This conditional use is approved for two (2) years only, starting from the day a final certificate of occupancy from Hall County is received. In two (2) years the applicant shall come back to Hall County and apply for an additional conditional use to assure zoning compliance.
11. The site shall adhere to all Hall County Engineering and stormwater management requirements.

This request seeks to remove Condition #10 which limits approval for two years from date of issued certificate of occupancy and requires the applicant to reapply for a Conditional Use Permit to assure zoning compliance.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes review and potential removal of conditions that mandate additional applications or Commission-level approval solely to ensure ongoing zoning compliance.

The certificate of occupancy for the shop portion of the previously permitted agricultural structure (MIS2022-00243) was issued on May 5, 2025 (HCADD25-0021). The business owner, Tyler Crawford, has obtained a business license (HBUS-001843), effective June 1, 2025, and there have been no complaints received.

Below is the approved site plan, showing an existing residence (in yellow) and a 5,000 square foot accessory structure (in blue), a portion of which is used for the rural business.



Development Support and Constraints

Hall County Environmental Health
In a memorandum dated September 17, 2026, the Hall County Environmental Health Department stated, "Environmental Health issued a septic permit (OSC7294) for storage building/barn (sink/toilet) in May 2022. The septic system has not been installed as of this date and septic permit OSC-7294 has since expired."

Georgia Department of Transportation
In an email dated September 21, 2026, Christopher Hash, D1 Traffic Operations Supervisor, stated, "Off-system. No impacts expected to the State Highway System."

Hall County Public Works and Utilities
In a memorandum dated September 23, 2026, Jorge Gomez, Director of Public Works and Utilities, provided the following comments:

Engineering:
The site may require a stormwater management report should the site plan indicate the proposed development meets stormwater thresholds for impervious surfaces and/or disturbed acreage.

Traffic:
There are no traffic concerns with the request to amend the previously approved zoning condition.

Utilities:
This location is within Hall County sewer district, but sewer infrastructure is not nearby.

Hall County Fire Marshal
In a memorandum dated September 18, 2026, the Hall County Fire Marshal's Office stated, "The Hall County Fire Marshal's Office has no comment regarding the applicants' request to have condition 10 removed."

Hall County Building Inspections
In a memorandum dated September 21, 2026, Barry Shaw, Interim Director of Development Services, provided the following comment:

- Applicant obtained permit HCADD25-0021 addressing Condition 1 and 4 of BOC letter dated 12.06.2022. The 1000 square foot divider wall was installed and inspected with the final inspection completed on 05.13.2025.

Amendment of Conditions of ZON2022-00090

The purpose of this application is to amend the conditions placed on a rural business, specifically a metal fabrication shop.

On February 23, 2023, the Hall County Board of Commissioners voted to deny the appeal of a Planning Commission decision to approve a Use Subject to Planning Commission approval. As a result, the Planning Commission's approval for a rural business, and the eleven (11) conditions attached to it, remain in effect. This request seeks to remove Condition #10 which states the following:

"10. This conditional use is approved for two (2) years only, starting from the day a final certificate of occupancy from Hall County is received. In two (2) years the applicant shall come back to Hall County and apply for an additional conditional use to assure zoning compliance."

The permit for the shop portion of the previously permitted agricultural structure (MIS2022-00243) was issued on May 5, 2025 (HCADD25-0021).

The business owner, Tyler Crawford, has obtained a business license (HBUS-001843), effective June 1, 2025, and there have been no complaints received.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes review and potential removal of conditions that mandate additional applications solely to ensure ongoing zoning compliance.

Murrayville, GA 30564

Dear Property Owner:

On December 5, 2022 the Hall County Planning Commission voted to recommend approval, with conditions of your application for **6541 Henry Smith Road | Appeal an Administrative Decision |** for a Use Subject to Planning Commission approval on a 5.65± acre tract located on the west side of Henry Smith Road at its intersection with Edwards Road | Zoned AR-IV; Tax Parcel 11023 000024 **|Proposed use: rural business |** Commission District 3 | **Tyler Crawford, applicant.**

Conditions:

1. *The interior shop area is limited to no more than 1,000 sq. ft. and a divider wall shall be installed between the 1,000 sq. ft. and the remaining 4,000 sq. ft. of the building, per Hall County Code requirements. No storage of materials, finished products and no signage for the business can be outside the 5,000 sq. ft. building (unless required by Code, e.g., ADA Handicap Parking Sign). All aspects related to the operation of the business must be contained within 1,000 sq. ft. of the interior of the building.*
2. *The applicant shall comply with requirements from the Hall County Fire Marshal.*
3. *All materials for set business must be stored inside, no materials shall be allowed to be stored outside.*
4. *The applicant must have the 1,000 sq. ft. shop area permitted and inspected by Hall County Building Inspection to assure that applicable codes are met.*
5. *Only one (1) employee other than family members residing on the premises shall be permitted.*
6. *No signage shall be allowed on the property.*
7. *No more than two (2) parking spaces shall be allowed on the site.*
8. *The only entrance to the building shall be from Henry Smith Road and no traffic is allowed from the business onto Edwards Road.*
9. *No clients shall be allowed to pick up manufactured merchandise, only shipped.*
10. *This conditional use is approved for two (2) years only, starting from the day a final certificate of occupancy from Hall County is received. In two (2) years the applicant shall come back to Hall County and apply for an additional conditional use to assure zoning compliance.*

11. *The site shall adhere to all Hall County Engineering and stormwater management requirements.*

The Planning Commission's decision on this item will be the final action taken **unless appealed.** The Planning Commission's decision regarding the above request **may be appealed** to the Hall County Board of Commissioners by filing an application and **appropriate appeal fee** with the Hall County Planning Department within five working days of the date of the Planning Commission's decision.

If appealed, the above-referenced request will be heard by the Hall County Board of Commissioners at a public hearing on **Thursday, January 12, 2023 at 6:00 p.m.** at the Hall County Government Center, 2nd Floor Meeting Room, 2875 Browns Bridge Road, Gainesville, Georgia.

Approval of your application by the Board is valid for one year. Failure to obtain the proper permits and/or licenses and proceed with the building, occupancy or establishment of business within that time will result in the Board's approval becoming null and void.

Please remember that removal of all Public Notice signs posted on the property is your responsibility and should be removed within five (5) working days following the Planning Commission's decision.

If you have any questions, please call this office.

Sincerely,

Subject: October 22, 2026 Hall County Board of Commissioners Meeting – Planning Items

Environmental Health has reviewed the Planning items listed below for the above referenced meeting. Please be advised that Environmental Health comments are based upon information provided by the applicant and current regulations and policies. If the information, site conditions, regulations, and/or policies, etc. change after comments are provided, these recommendations/comments will be invalidated. The comments provided are not considered approval. Furthermore, Board of Commissioners approval does not constitute Environmental Health approval.

* 4031 Wiley Road, Pethel: No comment.

* 4138 Price Road, Norris: Must meet all residential permitting requirements. Original copy of Level 3 soil evaluation and copy of recorded plat will be required at time of septic permit application. Please note that BOC approval does not imply approval from other county departments.

* 4510 Browns Bridge Road (A-C), Radovic: Must meet all Environmental Health commercial septic system permitting requirements. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation may be required after review of business plan. Any abandoned well shall be properly closed as per Water Well Standards Act. Any abandoned septic tank shall be pumped by a State certified pumper/hauler and crushed/filled.

* 2109 Microwave Tower Road (A-C), Ajanel: Must meet all residential permitting requirements. Please note that BOC approval does not imply approval from other county departments.

* 6541 Henry Smith Road, Hall County: Environmental Health issued a septic permit (OSC 7294) for storage building/barn (sink/toilet) in May 2022. The septic system has not been installed as of this date and septic permit OSC-7294 has since expired.

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**

Recommendation:

Staff recommends APPROVAL of the applicant's request with the following conditions:

1. The development shall be generally consistent with the submitted site plan and narrative modified for compliance with Hall County regulations at time of development permit application.
2. Any business operating at the subject property shall obtain a business license from Hall County.
3. Proposed pond for hydro-excavating services shall be limited to only waste consisting of soil and water. No other materials shall be accepted for disposal on the property. These materials shall be considered recoverable and/or reusable as per the Georgia Environmental Protection Division (EPD) dated January 23, 2017.
4. Owner shall provide written documentation from Georgia Environmental Protection Division (EPD) regarding pond design and use prior to acceptance of disposal of waste materials on the property.
5. Hall County shall conduct monthly routine compliance inspections.
6. The owner shall maintain logs and manifests of all materials accepted for disposal on the property. These records shall be made available for review upon request by Hall County.
7. Any change in use shall be subject to Hall County Board of Commissioners' approval.
8. The access point to the pit area shall be closed and locked after hours.
9. The applicant shall contract with a third party environmental testing consultant who shall prepare a monitoring, inspection, and testing plan to include: on-site and downstream water quality testing and testing of on-site waste materials. Both the consultant and the plan shall be subject to the approval of Hall County Engineering for verification that waste materials contain no prohibited waste and only consist of water and soil as the applicant's proposal outlines.
10. In the event of any violation of the conditions, the Director of Planning and Development shall bring such violations before the Hall County Board of Commissioners, in accordance with the provisions of [§5.10.490], hearing on revocation of business license, of the Official Code of Hall County.
11. Erosion control measures and a double row of silt fence shall be installed and maintained.
12. The county engineer identified at least five drainage study points along the southern property line (adjoining tax parcels include: 15031 000143, 15031 000049, 15031 000050C, 15031 000050). The developer shall ensure that post-development flow rates from those five individual drainage study points shall not exceed the pre-development flow rates.

Dear Mr. Chairman and District Commissioners,

The purpose of this Memorandum is to clarify staff's recommended conditions for this request to Amend Conditions. Specifically, rather than removing Condition 10, staff recommends **modifying** Condition 10 as follows:

10. ~~The business license associated with this use shall go before the Board of Commissioners' approval on an annual basis for renewal.~~ As part of ~~this~~ the business license renewal, the owner shall provide the maintenance logs and manifests, as described in condition 6 and the inspection and testing results as described in condition 9.

The proposed final conditions are as follows:

1. The development shall be generally consistent with the submitted site plan and narrative modified for compliance with Hall County regulations at time of development permit application.
2. Any business operating at the subject property shall obtain a business license from Hall County.
3. Proposed pond for hydro-excavating services shall be limited to only waste consisting of soil and water. No other materials shall be accepted for disposal on the property. The developer shall ensure that post-development flow rates from those five individual drainage study points shall not exceed the pre-development flow rates.

Summary Analysis

The applicant, Hall County, is requesting approval of an amendment to conditions placed on an inert landfill/dumpsite for recoverable materials located at 1563 Calvary Church Road.

On April 13, 2023, the Hall County Board of Commissioners voted to approve a Use Subject to County Commission approval (HZCU23-0017) to Southern Utility Group for a dumpsite for recoverable materials subject to thirteen (13) conditions as follows:

1. The development shall be generally consistent with the submitted site plan and narrative modified for compliance with Hall County regulations at time of development permit application.
2. Any business operating at the subject property shall obtain a business license from Hall County.
3. Proposed pond for hydro-excavating services shall be limited to only waste consisting of soil and water. No other materials shall be accepted for disposal on the property. These materials shall be considered recoverable and/or reusable as per the Georgia Environmental Protection Division (EPD) dated January 23, 2017.
4. Owner shall provide written documentation from Georgia Environmental Protection Division (EPD) regarding pond design and use prior to acceptance of disposal of waste materials on the property.
5. Hall County shall conduct monthly routine compliance inspections.
6. The owner shall maintain logs and manifests of all materials accepted for disposal on the property. These records shall be made available for review upon request by Hall County.
7. Any change in use shall be subject to Hall County Board of Commissioners approval.
8. The access point to the pit area shall be closed and locked after hours.
9. The applicant shall contract with a third party environmental testing consultant who shall prepare a monitoring, inspection, and testing plan to include: on-site and downstream water quality testing and testing of on-site waste materials. Both the consultant and the plan shall be subject to the approval of Hall County Engineering for verification that waste materials contain no prohibited waste and only consist of water and soil as the applicant's proposal outlines.

10. The business license associated with this use shall go before the Board of Commissioners' approval on an annual basis for renewal. As part of this renewal the owner shall provide the maintenance logs and manifests, as described in condition 6 and the inspection and testing results as described in condition 9.
11. In the event of any violation of the conditions, the Director of Planning and Development shall bring such violations before the Hall County Board of Commissioners, in accordance with the provisions of [§5.10.490], hearing on revocation of business license, of the Official Code of Hall County.
12. Erosion control measures sand a double row of silt fence shall be installed and maintained.
13. The county engineer identified at least five drainage study points along the southern property line (adjoining tax parcels include: 15031 000143, 15031 000049, 15031 000050C, 15031 000050). The developer shall ensure that post-development flow rates from those five individual drainage study points shall not exceed the pre-development flow rates.

This request seeks to remove Condition #10 which requires annual business license renewal approval by the Board of Commissioners.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes review and potential removal of conditions that mandate additional applications or Commission-level approval solely to ensure ongoing zoning compliance.

History

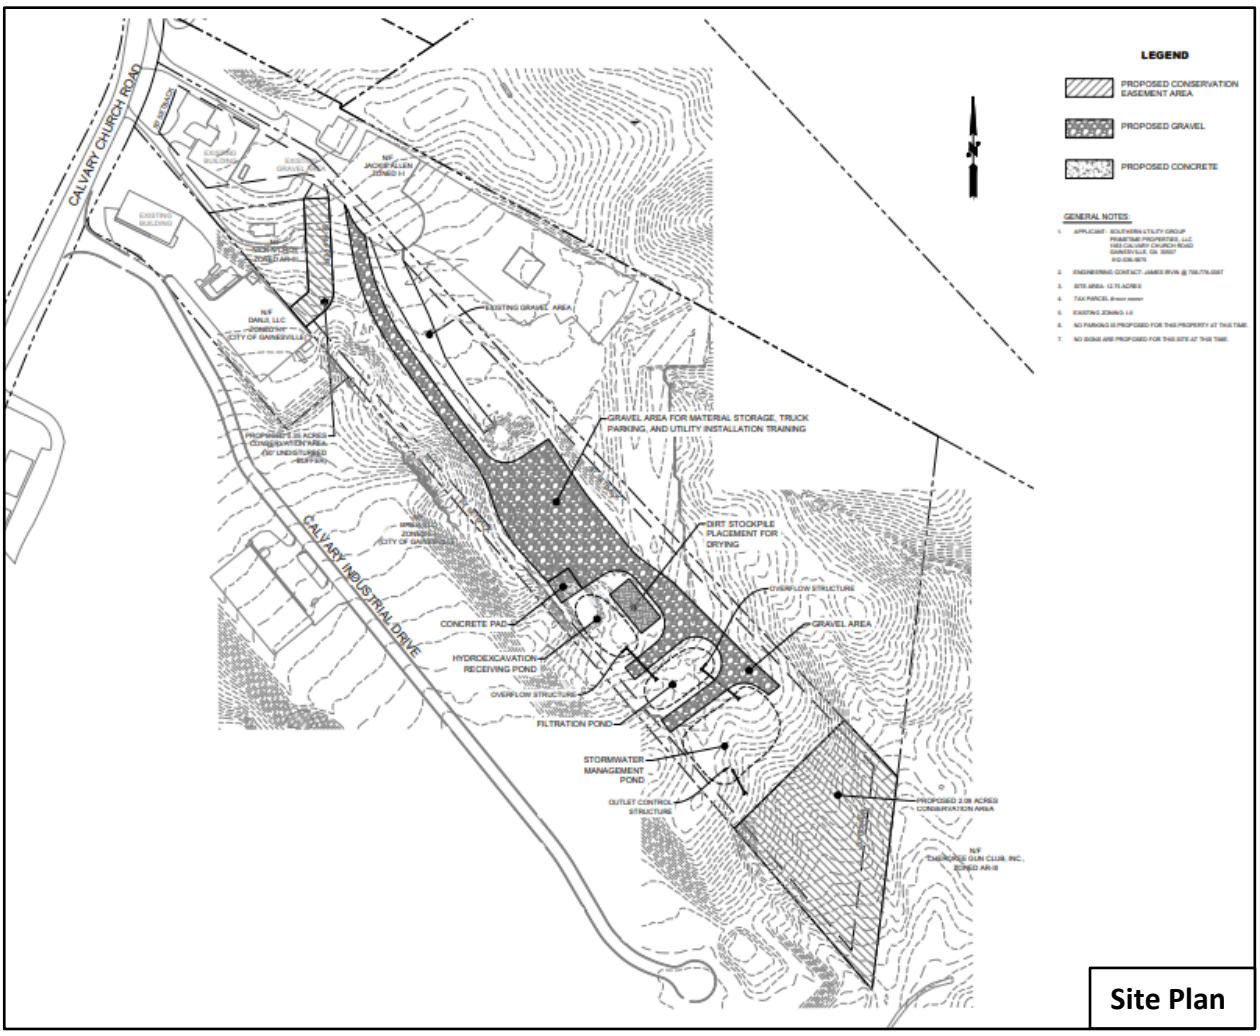
This parcel has had three previous approvals for this business. The first request included rezoning the property to Heavy Industrial (I-2) and a conditional use approval for the inert landfill which was approved by the Board of Commissioners on December 16, 2019. On December 10, 2021, the Board of Commissioners approved the conditional use of an inert landfill for a second time. The second application was the result of the applicant not taking action to implement the use within 12 months from the date of approval.

The 2021 approval restricted the use and business operations to the original applicant with the sale of the business requiring the new owner to seek Board of Commissioners approval. This condition resulted in Special Use approval HZCU23-0017 to remove the ownership restriction.

Compliance

The current business license for the operation was issued to Calvary Station, LLC on February 1, 2024, (BUS-000996). No complaints have been received and all conditions of the Special Use (HZCU23-0017) have been met.

Below is the approved site plan.



Development Support and Constraints

Hall County Environmental Health
In a memorandum dated September 17, 2026, the Hall County Environmental Health Department stated, "No comment."

Georgia Department of Transportation
In an email dated September 21, 2026, Christopher Hash, D1 Traffic Operations Supervisor, stated, "Off-system. No impacts expected to the State Highway System."

Hall County Public Works and Utilities
In a memorandum dated September 23, 2026, Jorge Gomez, Director of Public Works and Utilities, provided the following comments:

Engineering:
The site may require a stormwater management report should the site plan indicate the proposed development meets stormwater thresholds for impervious surfaces and/or disturbed acreage.

Traffic:
There are no traffic concerns with the request to amend the previously approved zoning condition.

Utilities:
This location is within the City of Gainesville sewer district.

Hall County Fire Marshal
In a memorandum dated September 18, 2026, the Hall County Fire Marshal's Office stated, "The Hall County Fire Marshal's Office has no comment regarding the applicants' request to have condition 11 removed."

Note: This comment references the incorrect condition number; however, it is in reference to condition #10 as outlined in this staff report.

Hall County Building Inspections
In a memorandum dated September 21, 2026, Barry Shaw, Interim Director of Development Services, stated, "No comment."

Updated NARRATIVE
1563 Calvary Church Road, Gainesville, GA
September 17, 2026

Amendment of Conditions of HZCU23-0017

The purpose of this application is to amend the conditions placed on a business, specifically an inert landfill/dumpsite for recoverable materials.

On April 13, 2023, the Hall County Board of Commissioners voted to approve a Use Subject to County Commission approval for an inert landfill/dumpsite for recoverable materials with thirteen (13) conditions. This request seeks to remove Condition #10 which states the following:

> "10. The business license associated with this use shall go before the Board of Commissioners' approval on an annual basis for renewal. As part of this renewal the owner shall provide the maintenance logs and manifests, as described in condition 6 and the inspection and testing results as described in condition 9."

A business license (HBUS-000996) was issued to Calvary Station, LLC on February 1, 2024. No complaints have been received.

Planning staff has been directed to bring businesses with conditions that require future Planning Commission or Board of Commissioners action in order to continue operating back before the Board for reconsideration. This includes review and potential removal of conditions that mandate additional applications solely to ensure ongoing zoning compliance.

BOARD OF COMMISSIONERS

April 14, 2023

Southern Utility Group
Attn: Andrew Bell
1563 Calvary Church Road
Gainesville, GA 30507

RE: **Use Subject Application**

Dear Andrew Bell,

Please be advised that in its Voting Meeting on April 13, 2023, the Hall County Board of Commissioners voted to approve the following application with conditions.

1563 Calvary Church Road | Use Subject to County Commission approval | on a 12.76± acre tract located on the east side of Calvary Church Road approximately 253 feet from its intersection with Calvary Industrial Drive | Zoned I-II; Tax Parcel 15031 000097 **| Proposed use: ~~inert landfill~~ dumpsite for recoverable materials |** Commission District 4 **| Southern Utility Group, applicant.**

Conditions:

1. The development shall be generally consistent with the submitted site plan and narrative modified for compliance with Hall County regulations at time of development permit application.
2. Any business operating at the subject property shall obtain a business license from Hall County.
3. Proposed pond for hydro-excavating services shall be limited to only waste consisting of soil and water. No other materials shall be accepted for disposal on the property. These materials shall be considered recoverable and/or reusable as per the Georgia Environmental Protection Division (EPD) dated January 23, 2017.
4. Owner shall provide written documentation from Georgia Environmental Protection Division (EPD) regarding pond design and use prior to acceptance of disposal of waste materials on the property.
5. Hall County shall conduct monthly routine compliance inspections.
6. The owner shall maintain logs and manifests of all materials accepted for disposal on the property. These records shall be made available for review upon request by Hall County.
7. Any change in use shall be subject to Hall County Board of Commissioners approval.
8. The access point to the pit area shall be closed and locked after hours.

9. The applicant shall contract with a third party environmental testing consultant who shall prepare a monitoring, inspection, and testing plan to include: on-site and downstream water quality testing and testing of on-site waste materials. Both the consultant and the plan shall be subject to the approval of Hall County Engineering for verification that waste materials contain no prohibited waste and only consist of water and soil as the applicant's proposal outlines.
10. The business license associated with this use shall go before the Board of Commissioners approval on an annual basis for renewal. As part of this renewal the owner shall provide the maintenance logs and manifests, as described in condition 6 and the inspection and testing results as described in condition 9.
11. In the event of any violation of the conditions, the Director of Planning and Development shall bring such violations before the Hall County Board of Commissioners, in accordance with the provisions of [§5.10.490], hearing on revocation of business license, of the Official Code of Hall County.
12. Erosion control measures sand a double row of silt fence shall be installed and maintained.
13. The county engineer identified at least five drainage study points along the southern property line (adjoining tax parcels include: 15031 000143, 15031 000049, 15031 000050C, 15031 000050). The developer shall ensure that post-development flow rates from those five individual drainage study points shall not exceed the pre-development flow rates.

"Pursuant to section 17.380.13 of the Official Code of Hall County, the approval of any application for a use subject to approval of the County Commission shall be effective for a period of no longer than 12 months from the date of approval unless action is taken by the applicant to implement the use proposed in the application by obtaining the proper permit and/or license, and development plat approval, and proceeding with the building, occupancy or establishment of business."

Please contact me if you have questions or if you require any additional information concerning this action of the Board.

Sincerely,

Jennifer Rivera

- **Current storage building does not appear to have been permitted but is showing as established on the property in January 2008. The existing building would need to be demolished. As age of building is indeterminable, asbestos documents may need to be obtained prior to demolition. Conversion of existing residential structure would require permitting for structure and all trades. Permits were obtained (RES2018-01907) for repair of roof of storage building due to damage by awning. Partial front wall repair due to water damage and relocation of door and window for the front of the building only. The storage building was also permitted for installation of a metal roof. There were no inspections and asbestos documents were not obtained at the time of permitting. The new proposed building would need to be permitted with Building Inspection before proceeding with new construction. The existing residential structure dated 1959 and would need to obtain permits before conversion of building into a business office. The age of the home dictates that asbestos documents must be required as part of the permitting process. All contractors must be state licensed, as the intent of the renovation would be for commercial purposes.**
