

Discussion of readings- chart
Discussion of projects- chart
List of projects for review

Discussion of readings:

Write your name next to the date when you want to lead the readings' discussion. There are more days than registered students, so there will be one or two days without a designated leader.

Date	Name of presenter
Feb. 9	Arancha (I'll model the first presentation)
Feb. 16	Yesenny
Feb. 23	Kevin
March 2	Kyle
March 9	Marisa
March 23	Anthony
March 30	Anthony (continuation)
April 6	Art
April 13	Benjamin
April 27	Brian M
May 4	Hampton D
May 11	Allison E

Guidelines:

1. Present the main points of the readings. This should be a 5-minute summary.
2. Present your evaluation of the texts: Are they any good? Have you learned anything from them? Are they clear or convoluted? What questions did they leave you with?
3. Present some salient points of your peers' discussion in Hypothesis.
4. Ask your peers questions about the texts (be inquisitive).

Discussion of projects:

Write your name next to the date when you want to lead the project review discussion.

Date	Name of presenter
Feb. 9	
Feb. 16	Kevin
Feb. 23	
March 2	Art
March 9	Allison
March 23	Yesenny
March 30	Benjamin
April 6	Anthony & Benjamin
April 13	Hampton
April 27	Marisa
May 4	Kyle
May 11	Brian

Guidelines:

1. What is this digital project about?
2. Can you connect this project (or any part of it) to any of the readings we have done so far?
3. What do you think of this project? (Strengths and improvable aspects, technical and otherwise).
4. Would you change anything in the project review you read in Digital Memory Project Reviews? Etc.

List of digital memory projects:

Select a total of three projects to review during the semester. Write your name under your selections. The ideal group size is 3 members, but this is not a strict rule. You may also review projects alone.

If there is a memory-related project that you would like to review and it's not in this list, by all means add it! Just make sure that it has not been reviewed already at [Digital Memory Project Reviews](#).

Projects	Reviewers
