

MONGOLIA RIVER OUTFITTERS

"The Guides for Genghis Khan's Homewaters"

Mongolia Fishing & Travel Update

This has been a unique and challenging year for so many around the world.

Mongolia has set the gold standard for keeping Covid-19 out of the country and it remains one of the safest places in the world.

The country closed all borders in the early spring and those borders have remained closed. The only way into the country is through periodic repatriation flights for stranded citizens.

The result is that Mongolia has not had even one incidence of community spread. It also means that Mongolia River Outfitters / Fish Mongolia had to postpone our entire 2020 season.

Scheduled guests have all been incredibly understanding and supportive. We've still been able to send our local staff out to the rivers to engage in community development and conservation projects. But we must admit to being disappointed to miss out on what was looking like a stellar fishing season!

If you would like to learn more about Mongolia's Covid-19 response, please check out the blog article below. The author uses some "colorful" language, but it's a fun read and a good summary: <https://medium.com/@indica/covid-underdogs-mongolia-3b0c162427c2>.

If you haven't checked out our [Facebook](#) and [Instagram](#) pages lately, we encourage you to do so. We've been posting updates – and fun fish pictures – all summer long!

The next few years are filling fast.

So if you're interested in joining us, please give us a shout asap.

We are looking forward to a great 2021!
