Mongolia: Open for Travel!

The Government of Mongolia announced that international travel will open on May 1, 2021.

This is huge news!

Mongolia has done a magnificent job of controlling Covid-19.

The country will now be one of the first to re-open.

Specific procedures and requirements have not yet been released.

However, we encourage anyone interested in visiting Mongolia to contact us right away to start planning.

We have very few open spots, mostly in September and October when we anticipate travel will be even easier.

The world's least densely populated country has always been a great place to social distance.

And we will have solid Covid-19 risk mitigation plans in place to help safeguard staff and guests.

So please contact us today.

It's time for a Mongolia adventure!
