

FISH MONGOLIA & MONGOLIA RIVER OUTFITTERS

The Guides for Genghis Khan's Home Waters

It's Official!

Mongolia is open for international visitors.

Almost two million Mongolians have already had their first vaccine.

Nearly 100% of the adult population will be fully vaccinated by mid-June.

Hotels, flights, and restaurants are coming online now.

We have two US-based travel agents fully briefed and ready to assist with flights.

The taimen camps go up next week.

Fish Mongolia and Mongolia River Outfitters will operate July through October.

Travel requirements are super easy.

Guests simply need proof of vaccination and a negative Covid-19 test before arrival.

USA and Canada are both "visa exempt".

Countries requiring visas will be processed for travel commencing July 1.

If you want to avoid this year's crowds, Mongolia has you covered!

No packed boat launches... No combat fishing...

Just hundreds of miles of amazing rivers and really, really big fish.

There's no better country in the world to visit right now.

We have some great trip dates still available.

Give us a shout and we'll get you on the calendar.
