Programs

Autocross Report: Gary reports that there is not much to report. We are hopeful for a June event, but we are dependent on NHMS opening. We need to go through the trailer as well before the season starts. Brittini talked to K&K and they have essentially recommended not running events as we may not be covered for any pandemic related claims. We may need written approval from local government to run. Discussion was had about event safety when we start having events. SCCA will be a good guide for us to follow.

Hillclimb Report: Nick relayed that Mike does not have anything new to report at this time. Mike does need a check for Vermont for fall Ascutey.

Old Business:

Inventory of Autocross Trailer: Nick reached out to Alex at NHMS but we did not hear back about getting in. Gary will follow up.

TSD Rally: There is a tentative date of July 26. Information will be posted online and through the mailing list when we have details from Drew.

New Business

General Discussion: Larry asked about the Virtual Autocross. The current races are on iRacing, coordinated by Ian and we will try to socialize it to a more general audience.

Rob talked about facilitating screening participants at events and Scott has volunteered to assist us with setting that up as he has experience with this in his profession.

Alex Bellone, SCCV and SCCNH member: Alex was involved in a serious car crash a few weeks ago and has been in the hospital since. He's pulling through but there is a long road to recovery. The club would like to send a card if the hospital will allow it. Charlie and Nick will coordinate.

The meeting was adjourned at 7:45 pm. (Howard/John)

Respectfully Submitted
