Jaaack...
Do you
hear me?

Yes, I hear you. Jess,
is that you???

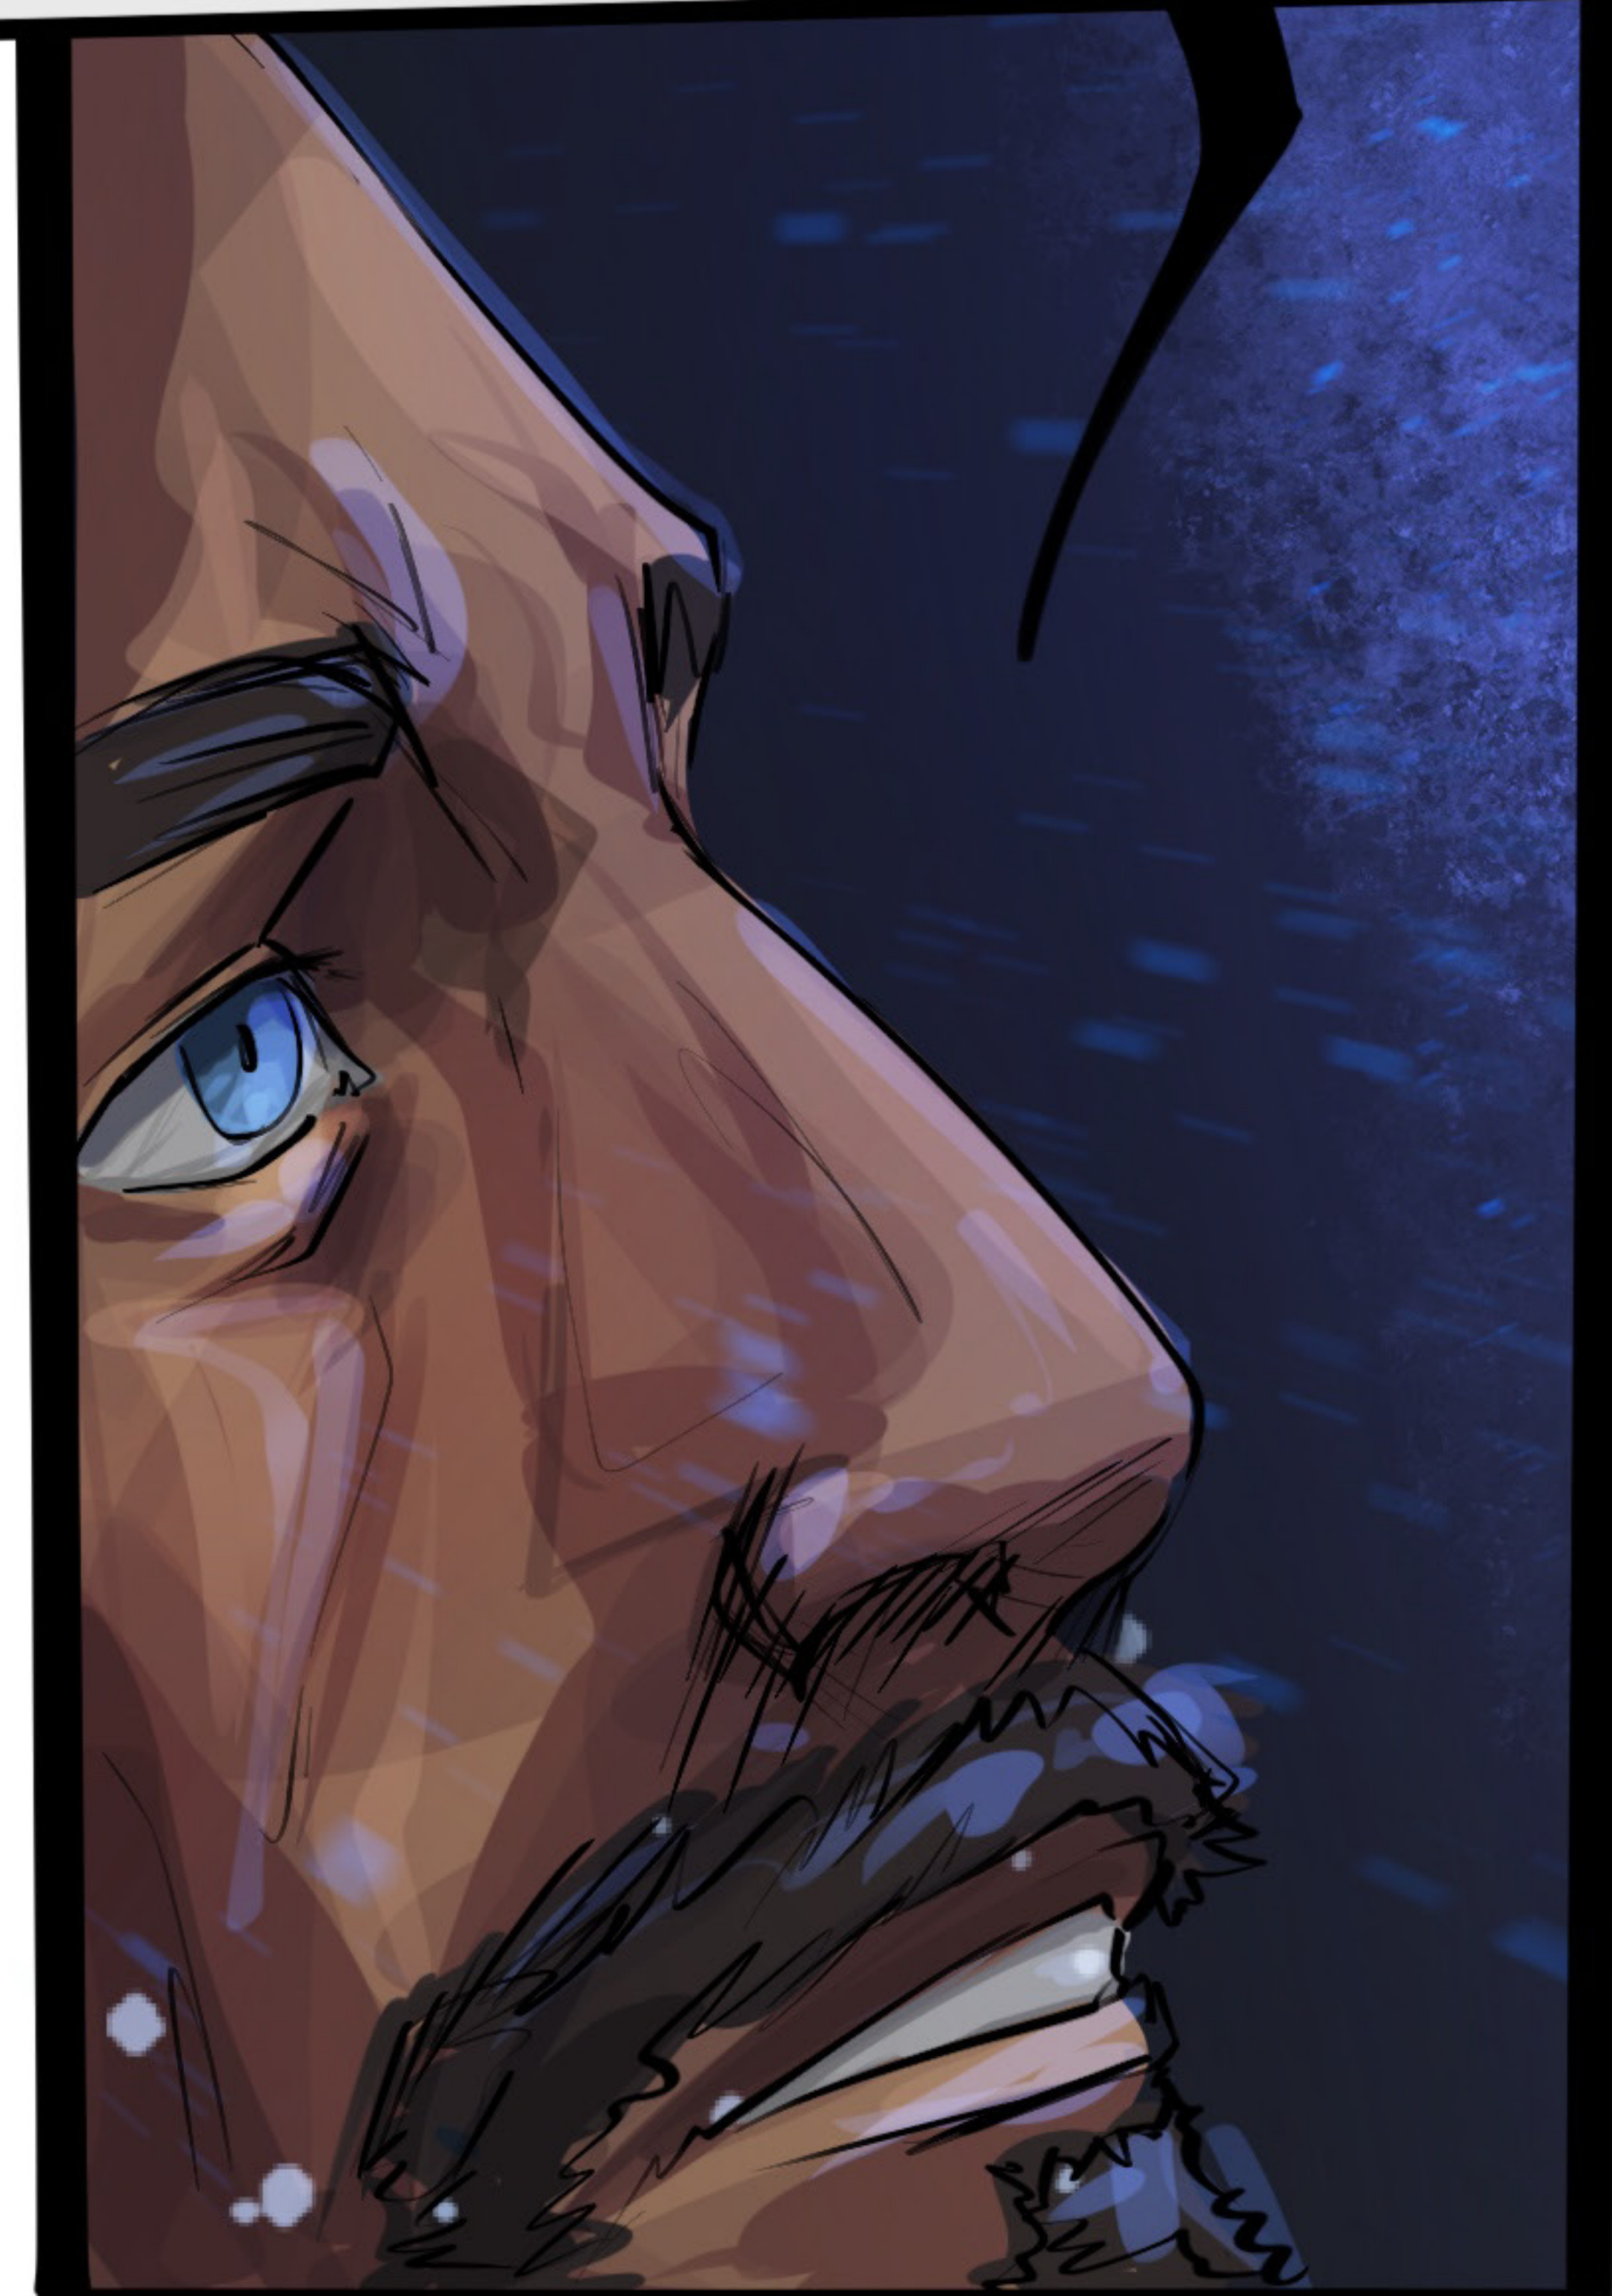

(Whispering) - Yes, it's me. Please, don't
speak too loud. They will hear us...

Am I dreaming ?

(Whispering) - Yes, you are dreaming. I found the way to talk to you in your dream.

(Whispering) - What happened? You just disappeared four years ago and you even didn't tell me anything. Where are you? Why we are talking with you in my dream and why I shouldn't talk too loud? Who will hear us?

(Whispering) - I don't have much time honey. I stuck in the World of Wishes. I am insanely tired of this place. I need your help to get me out of here...

How can I help you? What do I have to do?

Jess wait!!!

They heard us... They heard us!!! I need to run away now...
