SOCIAL RESPONSIBILITY

AREAS OF IMPACT

YOUTH DEVELOPMENT

The Y nurtures the potential of every child and teen by supporting their unique youth development journey through holistic programming. From cradle to career, the Y provides all youth with the tools and resources they need to succeed in life.

HEALTHY LIVING

The Y aims to improve the nation's health and well-being by providing programs and activities that promote wellness, reduce risk for disease and help others reclaim their health. These programs and everything else the Y does are in service of making us—our Y's and our communities—better. The result is a country that values health and communities that support healthy choices.

SOCIAL RESPONSIBILITY

We know that when we work together, we move individuals, families and communities forward. The Y responds to society's most pressing needs by developing innovative, community-based solutions to help those in need to reach their full potential. We are also committed to inspiring a spirit of service by uniting individuals from all walks of life to participate in and work for positive social change.

MILITARY OUTREACH

The Pav YMCA is visited by active duty military personnel every month. Use of the Pav YMCA is made available, free of charge, to anyone on active duty in the U.S. Armed Services. Facility admission is as simple as completing a membership form and providing proof of current service with valid identification. This is our way of supporting the health and well-being of our troops here at home. Thank you for your service!

WAYS TO GIVE

As a nonprofit, the Y is able to strengthen communities because of the dedicated youth, families, individuals and our community partners who share our passion and make the Y part of their lives. From participating to partnering, there are countless ways you can help us make a difference in our community. With your help, we can continue to expand programming and outreach where it is needed most.

> **VOLUNTEER:** Giving a little bit of your time makes a tremendous impact. We welcome volunteers of all ages and backgrounds.

> **DONATE:** We count on the generosity of our members and community to help people of all ages and from all walks of life be more healthy, confident, connected, and secure.

> **PARTICIPATE:** Showing up means showing you care. By attending our fundraisers, family events, and more, you are showing support for the communities we serve.

> **SPONSOR:** Sponsorships help us raise essential funds to benefit all who receive scholarships from our Annual Support Campaign. Sponsoring an event not only benefits our community members, it is a great opportunity to showcase your business or organization.

> **PARTNER:** We are always looking for ways to make a bigger impact in the communities we serve through partnerships with fellow nonprofits and community organizations. Through current and past partnerships, we were able to make vital goods and services available at no cost to those in need.

TEEN FITNESS ORIENTATIONS (AGES 13-15)

All teens ages 13-15 years old must complete a teen fitness orientation in order to use the Wellness Center on their own. Orientations are conducted by our trained Wellness Attendants! This 20-minute orientation is designed to get teens accustomed to our cardio and strength machines. Upon completion teens may use the indoor track, cardio equipment and all strength machines at their own convenience without the supervision of a parent or guardian.

Teen orientations do not allow them access to any free weights and the Weight Room in our facility. If they are already using free weights for sports at school, a letter from their coach must be given to the Pav YMCA granting them access to the free weights after completing the orientation. Youth under the age of 13 must have a written doctor's statement granting them access to use the cardio equipment and strength machines. Youth under the age of 13 must be accompanied by their parent or guardian at all times. The doctor statement must be signed by their primary care physician and given to the Pav YMCA Senior Program Director.

TEEN ORIENTATION OPEN HOURS: Mon-Fri 6:00 AM-8:30 AM & 6:00 PM-8:30 PM, and Sat-Sun: 8:00 AM-2:30 PM. No appointment necessary!

DIABETES PREVENTION PROGRAM (DPP)

LOURDES "LULU" LOPEZ
Restorative Health Coordinator
708.749.0606 ext. 336
llopez@pavymca.org

WHAT IS DIABETES?

Diabetes is a chronic disease that causes blood sugar levels to rise higher than normal. Diabetes affects more than 29 million people. A condition called prediabetes occurs when blood sugar levels are higher than normal but not high enough for a Type 2 diabetes diagnosis. More than 84 million Americans have prediabetes and are at risk of developing diabetes. Diabetes has no cure, but prediabetes can be reversed.

ABOUT THE PROGRAM

The YMCA'S Diabetes Prevention Program is a support group that helps those at risk of developing Type 2 diabetes adopt and maintain a healthy lifestyle. This is achieved by helping participants eat better, increase physical activity, and lose a modest amount of weight in order to reduce their chance of developing the disease. Based on research by the National Institutes of Health and the Centers for Disease Control and Prevention, this program can reduce the risk of developing Type 2 diabetes by nearly 60%. This program is driven by the Centers for Disease Control and Prevention, the National Diabetes Prevention Program, and the Diabetes Prevention and Control Alliance.

PROGRAM COST

The cost of the program is \$475 for the year. Some participants may qualify to participate in this program at either a discounted rate or cost free. For more information on how to qualify for a stipend, please contact our Restorative Health Coordinator.

PROGRAM OVERVIEW

You will be given access to a trained Lifestyle Coach and 12 months of group support. Please note, this program is not an exercise class. Participants receive guidance on eating healthier, managing stress, preparing healthy meals on a budget, and staying motivated after the program's completion. Useful tools like a program manual, food journals, fat gram counting resources, and a complimentary family membership (up to 6 people per household) to the YMCA is provided for the entire year of participation. A minimum of 6 participants is needed in order to start each cohort.

PARTICIPATION CONDITIONS

- 18 years or older with BMI of 25 or higher
- A1C between 5.7%–6.4%
- Fasting Plasma Glucose 100–125 MG/DL
- 2 Hour Glucose 140–199 MG/DL
- Qualified blood results in the prediabetes range are needed to confirm eligibility. Individuals who have already been diagnosed with either Type 1 or 2 diabetes do not qualify for this program.

If you or someone you know may be at risk for developing diabetes, the YMCA's Diabetes Prevention Program can help. For more information or to schedule an appointment, please contact our Restorative Health Coordinator, Lourdes "Lulu" Lopez at ext. 336 or llopez@pavymca.org.

NEXT COHORT DATES/TIMES TBD. PLEASE CONTACT OUR RESTORATIVE HEALTH COORDINATOR FOR MORE INFO.

LIVESTRONG®

FOUNDATION

THE PURPOSE

Cancer is a life-changing disease that takes a tremendous physical and emotional toll on those affected. The Y and LIVESTRONG® have joined together to create LIVESTRONG® at the YMCA, a research-based physical activity and well being program designed to help adult cancer survivors reclaim their total health. Cancer survivors are defined as anyone from diagnosis through remission.

LIVESTRONG® at the YMCA fulfills the important need of supporting the increasing number of cancer survivors who find themselves in the transitional period between completing their cancer treatment and the shift to feeling physically and emotionally strong enough to lead their lives to the fullest.

ABOUT THE PROGRAM

LIVESTRONG® at the YMCA is a research-based physical activity and well-being program designed to help adult cancer survivors reclaim their total health. Over the 12 week session, participants work with Pav YMCA staff trained in supportive cancer care in a comfortable workout environment. By focusing on the whole person, LIVESTRONG® at the YMCA is helping people move beyond cancer care in spirit, mind and body.

A final goal of the program is to assist participants in developing their own physical fitness program, so they can continue to practice a healthy lifestyle, not only as part of their recovery, but as a way of life.

THE BENEFITS

In addition to the physical benefits, the program provides participants a supportive environment and a feeling of community with their fellow survivors, Pav YMCA staff and members.

- Build muscle mass and strength
- Increase flexibility, balance and endurance
- Improve ability to do everyday activities
- Reduce the severity of therapy side effects
- Prevent unwanted weight changes
- Boost energy levels and self esteem
- Connect with other cancer survivors

PARTICIPATION CONDITIONS

This program is recommended for individuals who have recently finished cancer treatment or any survivor looking to regain their health and well-being. Enrollment will be handled on a case-by-case basis.

- Personally meet with the Senior Program Director
- Commits to attending 2 classes per week
- Inform your physician that you are joining
- Receives medical clearance if currently undergoing treatment

CLASS DAYS & TIMES

All classes will be held at the Pav YMCA on Tuesdays and Thursdays. Please contact our Restorative Health Coordinator, Lourdes "Lulu" Lopez for more information and to register for an upcoming cohort.

COST

The cost of the 12-week program is \$120. Some participants may qualify to participate in this program at either a discounted rate or cost free. For more information on how to qualify for a stipend, please contact our Restorative Health Coordinator, Lourdes "Lulu" Lopez at ext. 336 or llopez@pavymca.org. LIVESTRONG® at the YMCA alumni members can participate in the 12-week program at the rate of \$40. During the program, survivors and immediate family (or support) receive a three month complimentary Pav YMCA membership at no cost. At the conclusion of the 12 week program, the participants can continue their membership at a discounted monthly rate.

ABOUT OUR SWIM LESSONS

Swim lessons are 35 minutes in length. If they are enrolled in the wrong class, recommendations will be made to place them in the class that meets their skill level. Swimmers will remain in the class of their skill level until the instructor has successfully passed them on to the next level. All swim instructors are nationally certified through an accreditation approved by Y-USA standards. A parent or guardian over the age of 18 must be in the pool with all Swim Starters participants. Please inform the instructor of any current health conditions, mental health conditions, or behavioral concerns requiring medical attention, treatment, or special consideration while in the care of the Pav YMCA. This will allow the instructor to prepare in advance and ensure a safe environment for all participants.

SWIM LESSON POLICIES

- > Registration remains open for all time slots throughout the first week of the session. Classes will close the second week of the session. The front desk can assist you in finding an available class that fits your needs.
- > Classes are formed based on skill and age. We reserve the right to combine skill and age as needed. The Aquatic Director may move your child to another level as they see fit.
- > If the Pav YMCA cancels lessons due to pool contamination, weather, or other acts of God beyond staff control, we will provide options for the canceled class.
- > We cannot guarantee a specific instructor for a class. We recommend private lessons if your child would learn best with a specific instructor.
- > Please review all of our refund, credit and general class policies on page 5.

LESSON SELECTOR GUIDE

Need help figuring out which swim lessons are right for you and/or your child? Follow our lesson selector guide! SWIM STROKES (6-13YRS)

Having mastered the fundamentals, swimmers are introduced to the four competitive swimming strokes as well as rescue skills and healthy lifestyle habits. Students learn additional water safety skills and build stroke technique, as well as develop skills that prevent chronic disease, increase social-emotional and cognitive well-being, and foster a lifetime of physical activity.

Students develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

Students work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

Students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.
