## ANDREW HAUPTMAN

### OWNER, CHICAGO FIRE SOCCER CLUB

Andrew Hauptman became the second owner of the Chicago Fire Soccer Club after receiving approval from Major League Soccer in September 2007. Under his stewardship, the Fire has been a championship contender, making the MLS playoffs in 2007, 2008 and 2009 and was a major contender in SuperLiga 2009. Last year, the club hired Carlos de los Cobos as Head Coach with the intent of playing a more offensive-minded game. Disappointed with season results, the club went through an extensive review process during the off season with an eye toward rebuilding a winning team for the 2011 season.

Throughout his ownership tenure, Mr. Hauptman has worked to ensure the Fire is a world class organization on- and off- the pitch and has invested the resources to do so. He is focused on the growth of MLS domestically and abroad and the Fire organization in particular, invoking his philosophy of optimism, confidence and energy. He has high expectations for the club and is passionate about winning, preserving Fire tradition, and embracing the Chicago community. To grow the Fire brand and the club's revenues, Mr. Hauptman has improved the club's infrastructure and operations, and recruited top management and soccer talent. He played a key role in appointing former Fire star Frank Klopas as Fire Technical Director and bringing U.S. soccer star Brian McBride back to Chicago in 2008. His pioneering spirit is also evident in the significant investment and groundbreaking expansion of the youth development program.

The Fire is rebooting the club's first team this season by reconfiguring the coaching staff, technical team and processes. New hires include Mike Jeffries as Director of Player Personnel, Leo Percovich as assistant coach, and Tony Jouaux as the club's physical trainer. During the off-season, the technical staff traveled to more countries than all other seasons combined, visiting four continents to scout talent and build relationships.

Mr. Hauptman has also worked to invigorate the Fire's community efforts and recently formed the Chicago Fire Soccer Club Advisory Council to ensure the club is working closely and effectively with area businesses and non-profit organizations. The Chicago Fire Foundation has remained true to its mission of enriching the lives of the community's under-served youth. The Foundation has to-date provided over \$1.4 million in grants, contributions and in-kind support. In 2010, the "Kicks for Kids" program enabled over 8,000 children from nearly 70 local charitable organizations to attend a Chicago Fire game. In recognition of the club's overall community and charitable efforts, the Fire received the 2010 MLS W.O.R.K.S. Community Relations annual award.

Mr. Hauptman is the Chairman of Andell Holdings, a private investment firm and family office which he controls along with his wife Ellen Bronfman Hauptman. Founded in 1998, Andell's current activities are divided between direct investments in public and private companies and partnerships with top-tier investment managers around the globe. Mr. Hauptman oversees the firm's investment, operating and sports and entertainment businesses. Mr. Hauptman serves on Major League Soccer's Board of Governors, as well as the Competition and Media Committees. He serves on the board of directors of Sports Supply Group, the largest manufacturer, marketer and distributor of sporting goods products directly to the institutional and team sports marketplace, and serves as Chairman of Storage Mobility, the nation's largest franchisee of Portable On Demand Storage (PODS).

Mr. Hauptman has produced feature films through his production company, Andell Entertainment. His past films have included State of Play, starring Russell Crowe, Millions, directed by Danny Boyle and the Sundance feature, Safe Men.

He is Chairman and Co-Founder of City Year Los Angeles, a national program that engages 17- to 24-year-olds for a year of full-time service in an effort to combat the drop out epidemic, and serves as a Trustee of City Year's National Board. His many philanthropic and civic activities include oversight of the Hauptman Family Foundation; service on the Board of Trustees of The Charles Bronfman Prize and on the Advisory Board of Grassroot Soccer.

Mr. Hauptman holds a BA in History from Yale University and an MBA from Harvard University.

He lives with his wife Ellen and their two children in Los Angeles.

He is involved in strategic planning, marketing, as well as the development of Hispanic, community and public relations strategies and programs. Prior to joining Andell, Mr. Leon spent three years as the Chief Executive Officer for Chivas USA Enterprises in Los Angeles.

Before his work within the MLS, Mr. Leon spent 12 years in the investment banking world as a managing director for Merrill Lynch, Deutsche Bank, and ING-Barings. ## TECHNICAL DIRECTOR

## FRANK KLOPAS

## TECHNICAL DIRECTOR

Frank Klopas returns to the Chicago Fire Soccer Club for his fourth season as the club's first Technical Director, overseeing roster development and scouting for the Chicago Fire first team. Klopas, a Chicago soccer legend, will build off his wealth of experience as a player in leagues both domestic and abroad and his coaching background to help direct the Chicago Fire toward the MLS Cup Playoffs.

Born September 1, 1966 in Prosimna, Greece, Klopas came to Chicago as a young boy and began his professional playing career when he signed with the Chicago Sting in 1984 at the age of 18. As a member of the Sting from 1984 until 1988, Klopas tallied 68 goals and 42 assists in 140 games and witnessed the Chicago club take home the 1984 NASL championship. His play with the Sting earned him a spot with the U. S. National Team from 1987 through 1996, recording 13 goals in 45 appearances over his nine years with the team.

After strong performances for the U.S. Men's National Team in the 1988 Summer Olympics in Seoul, South Korea, Klopas joined AEK Athens of Greece. He played for AEK four seasons, helping the team make two appearances in the European Cup and the UEFA Cup.

Klopas' play in Greece convinced head coach Bora Milutinovic to select him for the U.S. 1994 World Cup team. In late 1994, Klopas joined Apollon in Athens on loan for a half-season before returning to the U.S. in June of 1995 with the intent on joining Major League Soccer for its inaugural season. Klopas was allocated by MLS to the Kansas City Wizards in 1996, where he played two seasons before being traded to the Fire in 1998.

A member of the original Fire squad, Klopas helped the club capture the American double -- winning the MLS Cup and U.S. Open Cup in 1998. Klopas instantly went into the record books by notching the Fire's first two-goal effort in the team's first game at Soldier Field on April 4, 1998. Klopas was influential in helping the Fire take home the 1998 Open Cup title by scoring the 99th-minute golden goal game-winner.

On January 25, 2000, Klopas announced his retirement from playing professional soccer. Following his retirement he joined the Fire staff as assistant coach for the 2000 season. In 2004, Klopas was named Head Coach and general Manager of the MISL Chicago Storm, leading them to their first playoff appearance in 2005. Klopas is also founder and a coach for the F.C. Drive youth soccer club in Chicago.

In June 2004, Klopas was inducted into the Chicago Fire "Ring of Fire" Hall of Fame as well as the Illinois Soccer Hall of Fame in 2005. Klopas, 43, holds a United States Soccer Federation "A" license and lives in Chicago with his wife, Sophia.

## DIRECTOR OF PLAYER PERSONNEL

In his three seasons as head coach of the Burn, Jeffries led Dallas to a record of 28-39-17 with playoff appearances in 2001 and 2002. Jeffries returned to the Men in Red as an Assistant Coach in 2008 under then Head Coach Denis Hamlett and helped lead the club to back-to-back Eastern Conference Finals.

Jeffries began his soccer career at Duke as a player from 1980-83, earning the prestigious Hermann Award in 1983. He played for the NASL Minnesota Strikers in 1984 before becoming the first American player selected in the MISL draft by the Minnesota Strikers. He played for the Strikers from 1984-88, and the Dallas Sidekicks in 1988. Jeffries was a member of the U.S. Men's National team in 1984-1985 earning three career appearances.

In addition to his experience in MLS, Jeffries coached at his Alma Mater Duke University (2006-2008), Southern Methodist University (2004), The A League's New Orleans Riverboat Gamblers (1995) the University of the Incarnate Word (2005) and began the LaFreniere Select Soccer Program in New Orleans where he served as Director of Coaching from 1992-1996.

He has played on and coached in some of the World's largest competitions, including the World Cup and Olympic Games.

Prior to joining the Chicago Fire, de los Cobos spent four years as head coach of the El Salvador national team, where he helped them reach the final round of 2010 CONCACAF World Cup qualifying for the first time in 12 years. He's been credited with changing the international perception of El Salvador as it relates to football, along with reviving a national sentiment of pride within the country.

De los Cobos' coaching experiences also span Salvadoran powerhouse club CD FAS (2005-2006) and several of Mexico's top clubs, including: Querétaro FC in two stints (1993-1994 and 2004), Club Pachuca (1994), UANL Tigres (1994-1995), Club América (1996), CF Celaya (2001), Deportivo Irapuato (2003), and Lobos de UAP (2005).

He also shadowed Bora Milutinovic as the assistant coach of the Mexican national team to win the CONCACAF's 1996 Gold Cup, and served as Manuel Lapuente's right hand in winning the 1998 CONCACAF Gold Cup and participating in the 1998 World Cup in France.

A hardworking defender, de los Cobos began his playing career with Querétaro FC (1977-1978) before moving to giant Club América. During his 10-year stint with the Águilas (1979-1989), he anchored the defense to help lead the team to five league titles ('83/'84, '84/'85, '85 Prode - shortened league, '87/'88, and '88/'89) in what's called the club's "Golden Age".

With his performance at América, de los Cobos eventually received his call-up to represent the Mexican national team (1983-1986), where he accumulated 25 caps, appearing in the 1986 World Cup. He played an integral role in the team as it reached the quarter final stage (the farthest that Mexico has ever advanced in the country's history along with 1970) before being defeated by then West Germany in a penalty shootout, 4-1.

From 1989 to 1994, de los Cobos would spend time with two different clubs before retiring. He spent two stints with C.F. Monterrey (1989-1991 and 1992-1993) leading the team to a second-place finish during his second stay and two stints with Querétaro FC (1991-1992 and 1993-1994), where he ended his 17-year playing career.

Born on December 10, 1958 in Matamoros, Tamaulipas (Mexico), de los Cobos, along with colleague Martin Vasquez, will be the first Mexican full-time head coaches in MLS history. He and his wife, Mayte, have two children, Rafael and Paulina.

## PLAYER DEVELOPMENT

Since the launch of the Chicago Fire on October 8, 1997, the franchise has worked diligently to establish itself as the first professional soccer club in the United States to adopt a true "pyramid" of player development that gives young local talent the opportunity to advance from junior-level competitive training through to the first team. A renewed commitment from Fire owner Andrew Hauptman and head coach Carlos de los Cobos signal great things for the future growth of the fully-integrated Chicago Fire player development structure.

The Chicago Fire Premier (ZONE 3-Elite Level) PDL, Super-20, U19 and NPSL programs were added with teams competing in the United Soccer Leagues, National Premier Soccer League and IYSA competitions.

In 2007, the Chicago Fire announced the creation of the Chicago Fire Academy (ZONE 2-Growth Level) as an initiative for the advancement of professional development for U14, U16 and U18 boys within the Chicago market.

In 2003 the Chicago Fire Juniors (ZONE 1-Base Level) program was formed to train youth soccer players in a professionally run environment and has since expanded to include branches in Michigan, Mississippi, Indiana, Louisiana and Florida.

Completing the pyramid of player development, Chicago Fire Camps and Training, operated by Youth Elite Soccer (YES), form the entry level to Fire Player Development and programs include Summer Camps, Seasonal Training Programs and Regional Development Schools (RDS). The Chicago Fire is the only MLS club with a fully-integrated player development pyramid, from the recreation youth level all the way up to the first team MLS side.

The Chicago Fire Soccer Club 'Pyramid of Player Development'

## FIRE ACADEMY OVERVIEW (ZONE 2 GROWTH LEVEL)

In July of 2007, the Chicago Fire announced the introduction of the Chicago Fire Academy (CFA) as its flagship Player Development program. The Academy was created to allow the Fire to develop local Chicagoland talent into potential MLS players. The Fire Academy technical staff scout the surrounding area each year to identify the most talented players ranging in age from 14 to 18. The pool of 65 players is assigned to a U-14, U-16 or U-18 team.

The Academy emphasizes the development of these players through professional-level training. Academy technical staff maintains an exclusive focus on the talented players that have aspirations to play at the highest level. The players are groomed in a professional manner receiving the same treatment and amenities as the first team. The CFA players have access to all of the facilities at TOYOTA PARK, an environment conducive to their growth and improvement. Players are able to use the same weight room, training room, practice fields, and locker room as the first team. Their training includes strength and conditioning, nutritional management, mental preparation, match and video analysis, and more. The players train year-round, usually 4-5 days per week, and play against other high-level talent from across the country.

2010 was a benchmark year for the program with the CFA becoming the first MLS academy to travel and train, in full, with a MLS club during a preseason tour. By integrating its U-16 and U-18 clubs into MLS preseason, the Fire took the first real steps towards an all-encompassing program that incorporates the youth development game with the professional game. The year also saw the CFA become the first MLS Academy to be crowned National Champions when the U16 Academy team beat Cal Odyssey in Los Angeles to clinch the United States Development Academy U16 National title. To finalize a phenomenal 2010 season, Victor Pineda, a 17-year-old Bolingbrook native became the first Home Grown player in club history to be signed to a professional MLS contract. Also, he was the first player to benefit from the club's Pyramid of Player Development as Victor progressed from the Chicago Fire Juniors to the Academy and finally to the MLS roster.

Players in the Fire Academy participate in a training program that makes each individual eligible for the Major League Soccer Home Grown Talent Initiative. The Home Grown Talent Initiative is designed to allow teams to sign local players to MLS contracts without entering the MLS SuperDraft, strengthening the relationship between the Fire and the community. The Chicago Fire Academy allows players to participate at no cost to the player and the Academy does not jeopardize a player's NCAA eligibility. As members of the Academy, players are still allowed to compete for their respective high school programs, but not other club teams, as the player focuses on the Academy after their educational obligations. The Academy recruits players solely on their playing ability and potential and their desire to play professionally, regardless of their socio-economic background.

### CFA 'MISSION STATEMENT'

To cultivate professional soccer players.

**CFA 'Vision':** To identify promising young soccer players, introduce them into a professional soccer environment with the purpose to advance the most talented of the field to the professional ranks of the Chicago Fire Soccer Club.

**CFA 'Style of Play':** The Chicago Fire brand of soccer is built upon the principles of play, it emphasizes a passing based creative attacking game balanced with aggressive adaptable defending, integrated by explosive, intelligent transition.

## CHICAGO FIRE SOCCER CLUB

## The Chicago Fire Juniors (CFJ)

First established in 2004 as the official youth soccer club of Major League Soccer's Chicago Fire, the Chicago Fire Juniors are the only professionally based network of youth soccer clubs in the United States. The Chicago Fire Juniors are part of the Chicago Fire (MLS) Player Development Program and are an integral piece of the Player Development Pyramid. This "Pyramid" creates a progressive developmental structure providing players with an opportunity to move from introductory, competitive and elite youth play into professional academy formats (Fire Academy U14, U16, U18) and professional development programs (Super 20, NPSL, PDL) – finally, onto the Fire MLS team. The Chicago Fire Juniors, in association with the Chicago Red Eleven of the women's W-League, replicate the Player Development Pyramid for females by providing young ladies the opportunity to play at a high level.

In 2010, the Chicago Fire saw a number of junior clubs join the CFJ family. CFJ North and CFJ NW Indiana signed up from the Chicago land area to support our hub club in Naperville and Wheaton, whilst CFJ Florida joined Louisiana, Michigan and Mississippi in promoting the Fire further afield. ## 2010 IN REVIEW

After falling just short of the 2009 MLS Cup Final, the Chicago Fire Soccer Club entered a new era in 2010 following the hiring of Mexican head coach Carlos de los Cobos in early January. Coming off two consecutive appearances in the MLS Eastern Conference Finals, the club saw its fortunes reversed during the course of 2010 as injuries decimated the 24-man roster for much of the season, with the end result seeing the Fire miss out on the MLS Cup Playoffs for just the second time in the club's 13-year history.

A regular season of ups and downs saw the club start the campaign winless through its first three matches, including a 2-1 Opening Night home loss to San Jose on April 10. The "Men in Red" rebounded exactly a week later, earning the first win of the season in a 2-0 victory at DC United, eventually climbing back to an even 2-2-2 record by May 1. Ironically, there was much to take out of a drab 4-1 loss at Toronto on May 8 as C.J. Brown, the last remaining "Fire Original" recorded his 350th appearance across all competitions for the Fire – third most all-time among MLS players with one team. Veteran midfielder Logan Pause also tallied just the second goal of his career, hitting a 30-plus yard bomb that was eventually voted by Fire fans as the club's Goal of the Year.

Following the trip north of the border, the club welcomed four world renowned international clubs to TOYOTA PARK to end the month of May. The Fire first welcomed Paris Saint-Germain, Red Star Belgrade and Legia Warsaw as part of the inaugural Chicago Sister Cities International Cup. The Fire fell 1-0 to PSG on May 19 before dropping a 3-0 result to Legia three days later. Just a week after, the "Men in Red" welcomed Italian giants A.C. Milan to TOYOTA PARK, dropping a 1-0 result to the Rosoneri in front of a sell-out crowd on May 30.

Returning to the MLS schedule, the Fire went undefeated in June, riding the goal scoring wave of Guatemalan international midfielder Marco Pappa. The third-year midfielder tallied the winner in a 2-1 win over the Philadelphia Union on June 5 before bagging both goals in the 2-2 draw with the Colorado Rapids on June 9 at TOYOTA PARK. With the league taking an 18-day break during the FIFA World Cup, the Fire returned to their league calendar with a visit to New England on June 27, with Pappa striking the game's only goal, his fourth of five Fire goals during the month. Though a long World Cup break gave players a needed rest, a two-day turnaround was difficult for the side as they hosted USL-2's Charleston Battery in the third round of the Lamar Hunt U.S. Open Cup. Only able to dress 16 players, the Fire had a number of chances but played 120 minutes of scoreless soccer before eventually falling to the historic South Carolina-based side 3-0 on penalty kicks.

As June turned to July, the Fire dropped two narrow league results, first a 2-1 decision in Columbus on July 3 before dominating but coming up empty in a 1-0 loss to defending MLS Cup champions Real Salt Lake at TOYOTA PARK. Sitting with a disappointing 4-5-5 record, the club began looking for reinforcements as the team shifted attention to the club's second-straight SuperLiga campaign.

The tournament didn't start off well for the Fire as they fell 5-1 to Monarcas Morelia on July 14, with the lone bright spot being rookie defender Steven Kinney's first career professional goal in the 48th minute. The Fire followed up that performance with a 1-0 loss to the New England Revolution three days later. After the game, the Fire introduced Mexican international Nery Castillo as the second Designated Player in club history. Already eliminated, from the tournament, the Fire took on Pumas UNAM in the final group game, earning a 1-0 victory via a headed effort from defender Wilman Conde in the 35th minute.

Marco Pappa was selected as a starter for the first time in the 2010 MLS All-Star game vs. Manchester United on July 28 at Reliant Stadium in Houston, while Conde earned his second straight selection. The MLS All-Stars dropped a 5-2 result to the Red Devils.

Just before returning to the league schedule, the club acquired Swedish midfielder Freddie Ljungberg from Seattle on July 30, with the former Arsenal winger joining the club in Los Angeles the next day ahead of the clash with the table-topping LA Galaxy on August 1. At 21, Sean Johnson became the youngest player in club history to stand in net as he made his first MLS start in the match. Behind goals from Pappa, Collins John and Mike Banner, the Fire ran out to a 3-0 lead inside the first 19 minutes. Meanwhile, Ljungberg entered the match as a 58th minute sub while Johnson stood tall between the sticks, only surrendering two penalty kicks from Landon Donovan, making four saves in the 3-2 win.

MLS history was made a week later when the New York Red Bulls came to TOYOTA PARK with their three Designated Players: Juan Pablo Angel and the recently signed Thierry Henry and Rafael Marquez. All three started along with the Fire's Ljungberg and as Castillo made his club debut in the 56th minute, the night marked the first time five Designated Players graced the field during an MLS game. Though the stars made their presence known, it was again the young Fire goalkeeper who stole the show, making eight saves and earning his first MLS clean sheet in a 0-0 draw with Red Bull on August 8.

Nearly a month after falling 1-0 to New England in SuperLiga, the Fire welcomed the Revolution back to Toyota Park to close out the sides' season series. Falling behind early to a Marko Perovic strike, Fire midfielder Baggio Husidic equalized before the half. Returning from a six-month injury layoff, veteran striker Calen Carr scored the winner in the 85th minute to keep the side unbeaten in August.

While things looked up, the fate of the season likely came as the club dropped points late in the next three consecutive matches, falling 4-3 to Houston on August 21, 2-1 to Seattle on August 28 and conceding a stoppage time goal in a 1-1 draw with LA on September 4 at TOYOTA PARK. The day before the match with LA, veteran striker and U.S. Soccer legend Brian McBride announced his intention to retire at the end of the club's 2010 season.

Three losses and a draw in the middle of September put the Fire's playoff hopes on the brink before a 3-0 win at San Jose rescued them if only for a few days after dropping the reverse score line at Dallas on October 2.

Though not mathematically eliminated, the Fire returned to TOYOTA PARK to celebrate the club's 13th anniversary on October 8. The "Men in Red" gave the fans their birthday wish when they downed regional rival Columbus Crew 2-0 that night as midfielder Peter Lowry scored the club's 600th regular season goal. The next day, San Jose officially eliminated the Fire from playoff contention with a 2-0 win over DC United.

The Fire would go 1-1-1 in the remaining regular season matches, paying tribute to outgoing striker Brian McBride in his final home match at TOYOTA Park, a 0-0 draw with D.C. on October 16.

On October 22, a day before the final regular season match at Chivas USA, veteran defender CJ Brown announced that the match would be his last, bringing to end his 13 years of dedicated service to the club, in which the 1998 Supplemental Draft pick went on to play in 32,519 minutes across 371 matches.

In dedication to both Brown and McBride, the Fire closed out the 2010 campaign with one of the side's best performances, downing Chivas USA 4-1 at The Home Depot Center in Carson, CA. McBride got the scoring started with a beautiful back heel in the 40th minute, tallying his 80th MLS goal and the final one of his career.

Postseason honors were awarded the next month as veteran midfielder Logan Pause was named Team MVP, while retiring defender C.J. Brown took his second Defender of the Year honors as well as Section 8's Player of the Year award. With seven goals on the campaign Marco Pappa took the Budweiser Golden Boot and later won the 2010 MLS Goal of the Year for his strike against San Jose on April 10. Long-time Fire defender Dasan Robinson earned the 2010 Humanitarian of the Year award for his charitable work with Urban Initiatives.

## LAMAR HUNT U.S. OPEN CUP

Since its founding in 1998, the stated mission of the Chicago Fire on the field has been to capture two trophies every year – the MLS Cup and the Lamar Hunt U.S. Open Cup. This year is no different, and the Fire enter 2010 as the undisputed kings of the modern era of the tournament, having hoisted the coveted Dewar Trophy four times – 1998, 2000, 2003 & 2006 – in just thirteen years of play.

The U.S. Open Cup, which is recognized as U.S. Soccer's National Championship, is an annual competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. The tournament has crowned a champion for 95 consecutive years dating back to 1914.

The Fire have taken pride in competing in the U.S. Open Cup, and its results reflect that mindset. Since 1998, the "Men in Red" have racked up an impressive 25-8-2 record in the Open Cup, which has helped the squad reach the semifinal round on seven out of twelve occasions and the tournament's final five times. The 2006 title marked the ninth time a team from Chicago won the Open Cup and made the Fire one of five teams to capture the crown at least four times in the tournament's nearly century-long history.

Within the U.S. Open Cup framework, teams compete in one of the following four categories: professional outdoor Division I (Major League Soccer), Division II (USFS Division 2) or Division III (USL Second Division); or Amateur Division (USL Premier Development League & U.S. Adult Soccer Association).

The U.S. Open Cup is a single-elimination tournament, with games tied after regulation being decided in two 15-minute overtime halves. If neither team scores during the overtime period, the winner is decided on penalty kicks. The team that advances the furthest from each level except Division I earns a \$10,000 cash prize. The runner-up takes home \$50,000, while the champion collects \$100,000. The winner also will have the team's name engraved on the historic Dewar Challenge Trophy, the oldest trophy in American team sports.

## ALL-TIME INTERNATIONAL COMPETITION/FRIENDLY RESULTS

Through the Fire's 12 seasons, results and respect have earned the Chicago Fire opportunities to face a growing roster of international clubs. Success domestically has parlayed into three appearances in the CONCACAF Champions Cup, the North American region's premiere club event that now earns the victor a spot in the prestigious FIFA Club World Cup, as well as qualification in the prestigious SuperLiga Tournament. In 2009, the Fire finished as runner-up in the final of the 2009 SuperLiga tournament. In addition, the Fire have hosted friendly matches against top sides from Italy, Mexico, England, Germany and Poland – a list that will grow in 2010 with the Fire expecting to take part in more international exhibitions at their world-class home of TOYOTA PARK this summer.

2011 MLS PLAYER RULES AND REGULATIONS

MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

SALARY & BUDGET:

Players occupying roster spots 1-20 count against the club's 2011 salary budget of \$2,675,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$335,000.\*
- A Designated Player counts \$335,000 against the club's salary budget, unless the player joins his club in the middle of the season, in which case his budget charge will be \$167,500.

\* See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge.

Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

- All Generation adidas players are Off-Budget players.
- Players occupying roster spots 1-24 will earn at least \$42,000 in 2011.
- Players occupying roster spots 25-30 will earn at least \$32,600 in 2011.

Clubs may elect to leave up to two of these roster spots (25-30) vacant and use \$35,000 for each empty spot as allocation money.

Clubs may sign up to two Home Grown Players to Generation adidas contracts.

AGE DESIGNATIONS:

Any player making \$32,600 must be under the age 25 (does not turn 25 or older in 2011).

DOMESTIC/INTERNATIONAL:

In 2011, a total of 144 international slots are divided among the 18 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.

- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).

The two MLS clubs based in Canada – Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.

- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

NOTE: The terms Home Grown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.

PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day. The allocations will be ranked in reverse order of finish for the 2010 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is another club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

## 2011 MLS PLAYER RULES AND REGULATIONS

### ALLOCATION MONEY

Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).
- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$335,000.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly. (Similarly, most clubs in other countries do not announce the amount of money they plan to spend during a given transfer window.)

### DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2011, a Designated Player's salary budget charge will be \$335,000, unless the player joins his club in the middle of the season, in which case his budget charge will be \$167,500.

Each club has two Designated Player slots, and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$250,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players.

Designated Player slots are not tradable.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

### SUPERDRAFT

The 2011 MLS SuperDraft, held Jan. 13 in Baltimore, Md., consisted of three rounds of 18 picks for a total of 54 player selections. A supplemental draft was held Jan. 18 via teleconference and consisted of three rounds.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

Draft Order: Through the Expansion Priority Draft, Vancouver Whitecaps FC earned the first selection in the 2011 MLS SuperDraft while the Portland Timbers selected second. The next six selections went to clubs that did not qualify for the 2010 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining eight positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

### TRADES

Players, SuperDraft and supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2011 at 5 p.m. ET.

## 2011 MLS PLAYER RULES AND REGULATIONS

### DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2011 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

Note: To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

### HOME GROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met League criteria. Players joining MLS through this mechanism are known as Home Grown Players.

There is no limit to the number of Home Grown Players a club may sign in a given year.

### RE-ENTRY PROCESS

The 2011 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2011, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

- (1) Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2012).
- (2) Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2011 salary).
- (3) Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2011 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

### WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- (1) A player waived by an MLS team in the current season;
- (2) A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or supplemental draft;
- (3) A player who has remaining college eligibility (and was not made available in the SuperDraft or supplemental draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- (4) A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- (5) A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

## 2011 MLS PLAYER RULES AND REGULATIONS

### LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- (1) Generation adidas players signed after the MLS SuperDraft;
- (2) Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 30 regular season games and the most recent postseason. The team with the worst record over its last 30 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

### EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

### SEASON-ENDING INJURY REPLACEMENTS

A team with a player lost to a season-ending injury can replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

### SHORT-TERM INJURY REPLACEMENTS

A team with a player who has a short-term injury can replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the short-term injured reserve list once another player has been signed as a replacement (provided the team has budget space). Note that the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster. International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2011 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.

## METHODS OF RELEASING PLAYERS

### WAIVERS

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

### TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

- January 21 – April 15 (Primary Window)
- July 15 – August 14 (Secondary Window)

### CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

## 2011 MLS PLAYER RULES AND REGULATIONS

### BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.
- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

## RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

### OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP

Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

### DRAFTED BUT NOT SIGNED

A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

### PLAYER TRANSFERRED OUTSIDE MLS

If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

### 2011 SCHEDULE VS VANCOUVER WHITECAPS

TOYOTA PARK:	5/7/11	Saturday, 8:30 pm CT	
EMPIRE FIELD:	8/7/11	Sunday, 7:00 pm CT	Galavisión

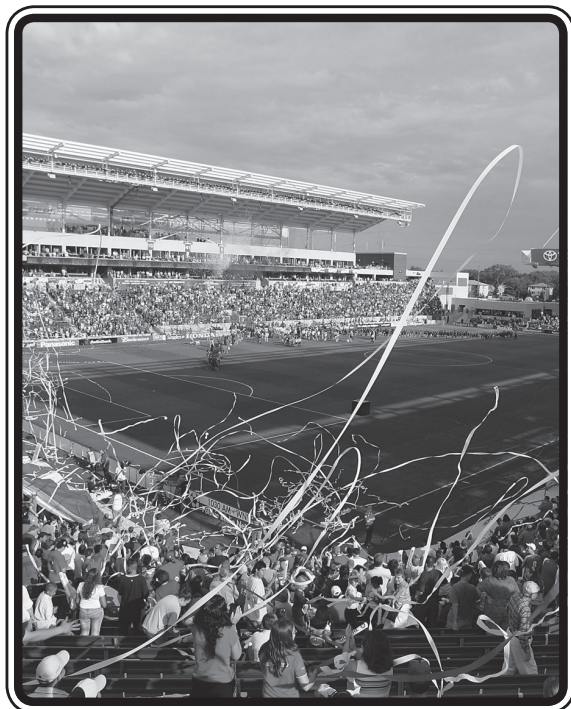

CHICAGO FIRE  
INFORMATION

**TOYOTA PARK**  
7000 S. Harlem Ave.  
Bridgeview, IL 60455  
Phone: 708-594-7200  
Fax: 708-496-6060  
[www.toyotapark.com](http://www.toyotapark.com)

For its first nine years, the Chicago Fire was the nomadic franchise of Chicago sports, having moved twice, once from the old Soldier Field to Naperville's Cardinal Stadium in 2002 and then back to the lakefront and the renovated version of Soldier Field in fall of 2003. But the team's third move would be its last, as the Fire proudly called the Village of Bridgeview and the brand-new **TOYOTA PARK** its home beginning in June of 2006.

**TOYOTA PARK**, the Midwest's preeminent outdoor live entertainment and sporting facility, is Chicagoland's best multipurpose sports and entertainment destination. Not only does it serve as the home of the "Men in Red", but **TOYOTA PARK** also hosts a variety of community events, special events and concerts by national and international artists.

Nearly a quarter of a million people flocked to the \$98 million facility on the corner of 71st Street & Harlem Avenue for soccer events in the venue's first year in 2006, with **TOYOTA PARK**'s Grand Opening Match, the highly-anticipated Sierra Mist MLS All-Star Game against English giants Chelsea FC, and the 2006 Lamar Hunt U.S. Open Cup Final highlighting a jam-packed calendar. **TOYOTA PARK** reached its highest soccer attendance ever on Aug. 8, 2010 as 21,868 fans packed into the soccer specific stadium to watch the Fire take on the New York Red Bulls. Those in attendance experienced an atmosphere unique to the Chicago professional sports landscape and witnessed one of the best soccer-specific stadiums in Major League Soccer.

The canopy roof, brick façade, stone arched entryway, and midfield player tunnel are all aspects that make **TOYOTA PARK** a unique soccer specific stadium in the United States, incorporating both American and traditional European design styles. Beginning in 2007, **TOYOTA PARK** became the home of the Illinois State Soccer Association's Hall of Fame on the stadium's southeast corner, consisting of both the ISSA Wall of Fame and a History of Soccer in Illinois display.

While the Fire is the primary tenant of **TOYOTA PARK**, the facility will continue to host some of the biggest acts in music as one of Chicagoland's best places to enjoy live music, utilizing the permanent stage on the stadium's south end and an additional 8,000 field-level seats to convert itself into a state-of-the-art, 28,000-seat concert venue.

For more information on events at **TOYOTA PARK**, including an updated calendar, please visit [www.toyotapark.com](http://www.toyotapark.com).

## FIRE IN THE COMMUNITY

### COMMUNITY RELATIONS

Each year, the Chicago Fire Soccer Club along with its charitable arm, the Chicago Fire Foundation, continues to reinforce its leadership role in the community. The Fire is focused on its mission to remain a championship team with a social conscience. For the Fire, excellence on and off the field is a priority and the organization is dedicated not only to the success of the club, but also to the success of the surrounding community. The Chicago Fire is committed to providing the necessary leadership in developing programs that encourage young people to achieve their goals through education and lend a helping hand to the area's underprivileged individuals.

### ILLINOIS HIGH SCHOOL SOCCER ALL-STATE ACADEMIC TEAMS

The Chicago Fire Soccer Club, in conjunction with the Illinois High School Soccer Coaches Association, names the Boys' High School Soccer All-State Academic Team each season. High School coaches from across the state nominate boys that have earned a G.P.A. of 'B' or higher, have been involved in their high school soccer program for a minimum of three seasons, as well as have participated in at least one other school or community related extra-curricular activity.

Twenty-two boys are selected to the All-State Academic First Team each Fall. Those selected to the All-State Academic First Team are honored at the Illinois High School Soccer Coaches Association All-State Banquet, while the Fire also recognizes the First Team student-athletes during a halftime ceremony at a home contest each summer. The Chicago Fire also recognizes dozens of additional students on its Special Mention and Honorable Mention teams.

### "SCORING THROUGH EDUCATION"

'Scoring through Education' is a free, in-class incentive program designed to help motivate students to achieve educational success. The program, launched by the Fire in 2006 serves as a tool for K-8th grade teachers who seek unique tactics to help enhance their classroom activities.

Each participating teacher receives a Welcome Kit including fun classroom activities, tools to track their students' success and letters for parents. Over the course of the six-week program, teachers motivate their students to achieve the 3 goals they selected for their classroom. Once a student has achieved all three goals, he or she is rewarded with a ticket voucher to attend a 2011 Chicago Fire home game at TOYOTA PARK. To encourage family participation, the program also provides student's family members the opportunity to purchase additional tickets at a special value rate.

The program has grown tremendously since its inception and the 2010 "Scoring Through Education" program reached nearly 20,000 students from various Chicagoland area schools.

### COMMUNITY SOCCER SERIES

The Chicago Fire holds a series of free soccer clinics throughout the summer in various Chicagoland neighborhoods. These clinics are open to athletes from around the community, ages 7-14. The series is designed to instruct young athletes on the technical elements of soccer, while educating them on physical fitness, health and wellness. Participants are separated into groups by age with sessions tailored to the varying skills levels. The clinics are instructed by Chicago Fire player development coaches and Chicago Fire players make special appearances to help promote the overall goal of the clinic and sign autographs for participants. Each participant also receives a free goody-bag, including a ticket voucher to a Chicago Fire home game at TOYOTA PARK and a Community Soccer Series t-shirt.

### PASSBACK PROGRAM

The Chicago Fire Soccer Club's Passback Program helps collect new and gently used soccer equipment which is then redistributed to youth soccer programs in the community. Since its inception, the program has grown enormously and thousands of pieces of equipment have been collected and distributed to schools, clubs and youth organizations across the nation. From a soccer team in Haiti to an after-school program in inner-city Chicago, children's lives around the world have been impacted by this program.

## CHICAGO FIRE FOUNDATION

### CHICAGO FIRE FOUNDATION

The Chicago Fire Soccer Club's goal on the field is to play hard and win. Its goal off the field is to contribute to the quality of life in Chicago and its surrounding communities. Through the Chicago Fire Foundation, the Fire is able to give back to the community by developing programs that reach out to Chicagoland's community. Since 1998, the Chicago Fire Foundation, the charitable arm of the Chicago Fire, has made significant contributions to enhance the lives of disadvantaged youth throughout Chicagoland. Each year, we renew our commitment to improve the quality of life of our youth and communities by promoting health, wellness, education and the environment. The Foundation supports organizations that share this vision so as to further extend the investment needed to make a meaningful impact on the lives of our children.

Now entering its 13th year, the Chicago Fire Foundation is a non-profit organization that helps the Chicago Fire Soccer Club contribute to the community through programming and charitable giving. With great pride, the Foundation has donated more than \$1.4 million dollars in grants and contributions. With the generosity of the Fire organization and the surrounding Chicagoland community, the Chicago Fire Foundation looks forward to further opportunities to expand programming and outreach.

### KICKS FOR KIDS

The Chicago Fire Soccer Club and Chicago Fire Foundation's "Kicks for Kids" program enables donors to support underprivileged children by giving them the opportunity to experience a Chicago Fire game at TOYOTA PARK. Commitment to the program not only adds to community service efforts; it also provides networking opportunities and other recognition for corporate partners.

During the 2010 season, over 8,000 children from nearly 40 local youth-based organizations were provided the opportunity to experience the excitement of a Chicago Fire home game at TOYOTA PARK. Some of these groups included Chicago Urban League, Centro Romero, Boys & Girls Club, Urban Initiatives, YMCA and The Salvation Army.

An extension of this program, which is targeted toward one specific game during the season, was held on Thursday, July 8, 2010. The Chicago Fire Soccer Club teamed up with local contributors and businesses to celebrate the 7th Annual "Kicks for Kids Night", a soccer evening organized by the Fire and Chicago Fire Foundation. The event brought together nearly 5,000 underprivileged children from the Chicagoland area to watch the Chicago Fire take on Real Salt Lake. For many of them, this was their first Major League Soccer game.

### PASSBACK PROGRAM

The Chicago Fire Soccer Club's Passback Program helps collect new and gently used soccer equipment which is then redistributed to youth soccer programs in the community. Since its inception, the program has grown enormously and thousands of pieces of equipment have been collected and distributed to schools, clubs and youth organizations across the nation. From a soccer team in Haiti to an after-school program in inner-city Chicago, children's lives around the world have been impacted by this program.

### SCORING BIG, ON THE FIELD AND IN THE COMMUNITY

In addition to direct grants and donations, the Chicago Fire Foundation has an active fundraising program to generate revenue. The Foundation will host the following fundraisers in 2011, which fans and friends of the Fire are encouraged to attend and enjoy:

#### 2011 CHICAGO FIRE SEASON KICKOFF LUNCHEON

The 13th Annual Season Kickoff Luncheon benefiting the Chicago Fire Foundation to be held on Monday, March 14 at the Hyatt Regency Chicago. This is an opportunity for fans to get a first glimpse at the 2011 Chicago Fire team and help kick off the 2011 Chicago Fire soccer season. The event will include a reception, lunch and silent auction, which includes Fire and other sports memorabilia, gift certificates and much more!

#### 2011 BANK OF AMERICA CHICAGO MARATHON

Fans have the unique opportunity to run the Bank of America Chicago Marathon on October 9, 2011 as a member of Team Chicago Fire Foundation. In addition to the satisfaction of training for and completing this prestigious 26.2 mile race, individuals will also make a tremendous impact by giving back to the Chicagoland community. Each team member will raise funds through this pledge based program to help support the Foundation's mission.

### COMMEMORATIVE JERSEY AUCTIONS

Each year the Chicago Fire Foundation hosts a commemorative jersey auction in which fans have the unique opportunity to bid on commemorative Chicago Fire jerseys from each member of the team. In 2011 the Foundation will look to host an auction around the club's "Going Green" efforts in April as well as another one in October to promote Breast Cancer Awareness. These exclusive jerseys included special, one-of-a-kind patches to help highlight the Fire's initiatives throughout the game. Plus, every winner was given the opportunity to have the Fire player whose jersey they won personally autograph the new piece of memorabilia after the game!

### 50/50 RAFFLE

2011 marks the eighth season the Chicago Fire Foundation is conducting a 50/50 raffle at each home game. From the time gates open through half time, fans have the opportunity to purchase raffle tickets, with the winner receiving half of the proceeds raised that game and the other half going to charity. Some of the past recipients include Illinois Youth Soccer Association, Girls on the Run-Chicago, Street Soccer Chicago, The Leukemia and Lymphoma Society and Special Olympics.

### STADIUM JERSEY AUCTIONS

At each Chicago Fire home game the Chicago Fire Foundation auctions off an autographed jersey from both a player from the Chicago Fire and a player from the visiting team. The auctions are held at the Chicago Fire Foundation tent located on the Northeast Concourse of the stadium. ## THE 'RING OF FIRE'

The "Ring of Fire" tribute began in 2003 in an effort to honor members of the Chicago Fire who have made the team a successful organization and who displayed the qualities the club embodies: leadership, dedication and integrity. The Fire's unique Hall of Fame – the first created by a Major League Soccer club – began in 2003, when then-General Manager Peter Wilt chose former Fire midfielder and captain Peter Nowak to become the inaugural member. The Chicago Fire, in consultation with the current "Ring of Fire" members, select the next honoree.

Nowak chose a hometown hero into the select group in 2004 by nominating Fire forward and Chicago native Frank Klopas. Former Fire defender Lubos Kubik was bestowed the honor in 2005, while in 2006 the award went full circle with the induction of Wilt into the "Ring of Fire." In 2007, former head coach Bob Bradley was selected to join former Fire alumni in recognition for being the club's winningest coach of all time. In 2009, the Fire inducted MLS Original, 1998 MLS Cup Winner and seven-time MLS All-Star Chris Armas into the "Ring of Fire." In honor of each inductee, a banner with each member's name is emblazoned upon a large, jersey-style banner displayed on the east side of TOYOTA PARK.

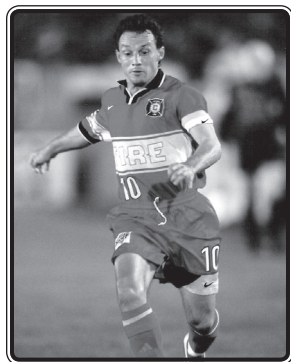

### 2003 INDUCTEE: PETER NOWAK

As the Fire's first-ever international player signing in December of 1997, big things were expected from Nowak, the fiery ex-captain of the Polish National Team and veteran of the German Bundesliga. Nowak exceeded all expectations in the club's inaugural season of 1998, leading by example with his intelligent and gritty play and natural leadership abilities. Nowak capped his incredible first season with the club by earning MVP honors in the Fire's 1998 MLS Cup victory and just days later capturing the "double" with a win over the Columbus Crew in the 1998 U.S. Open Cup. Nowak also led the Fire to another Open Cup title in 2000 before retiring in 2002.

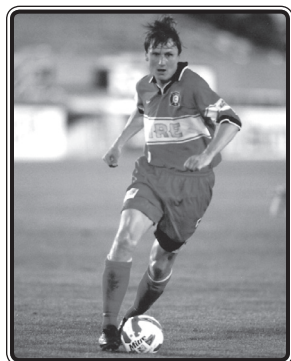

### 2004 INDUCTEE: FRANK KLOPAS

Klopas was signed by the Fire in 1998 and given a chance to end his professional career where it began – in his hometown. "Kid" Klopas played 40 games and scored 17 points on six goals and five assists for the "Men in Red" during the 1998 and 1999 seasons. Klopas ended the Fire's inaugural season in dramatic fashion with what still ranks as one of the club's most memorable moments on October 30, 1998, as his "golden goal" in overtime gave Chicago a 2-1 victory over the Columbus Crew in front of a rabid hometown crowd at Soldier Field.

### 2005 INDUCTEE: LUBOS KUBIK

After success in some of Europe's top leagues and internationally for his native Czechoslovakia, Kubik brought his skills to the Fire when he was signed on February 19, 1998. The Czech's steady presence on the ball, lethal left foot and world-class marking ability made him an instant leader and one of the most skillful players to ever take the field in Major League Soccer. Kubik's remarkable 1998 season ended with the defender receiving several accolades, including the 1998 Fire Defender of the Year and 1998 BIC MLS Tough Defender of the Year awards and a spot on the 1998 MLS Best XI Team.

## THE 'RING OF FIRE'

### 2006 INDUCTEE: PETER WILT

Wilt was appointed as the Fire's first General Manager in June 1997 and had been the longest-tenured GM with the same MLS team prior to his departure in December 2005. In the club's inaugural season, he guided the Fire to a glorious year as the team captured both the MLS Cup and U.S. Open Cup in 1998. In a span of seven years, Wilt guided the club to seven domestic Cup Finals, capturing four championships (MLS Cup in 1998 and U.S. Open Cup in 1998, 2000 and 2003), three division titles (2000, 2001 and 2003) and the Supporters Shield in 2003. Wilt's acumen for talent was second to none, as he acquired some of the world's best talent such as Nowak, Kubik and Bulgarian legend Hristo Stoichkov, while also focusing on domestic stars such as Chris Armas, DaMarcus Beasley, Carlos Bocanegra, Justin Mapp, and Chris Rolfe, just to name a few – players that helped the Fire reach the MLS postseason for his first six seasons in charge from 1998-2003.

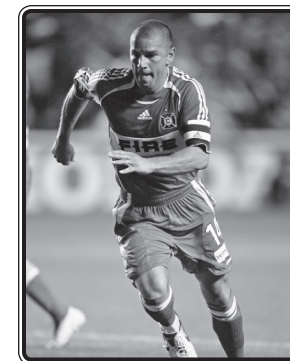

### 2007 INDUCTEE: BOB BRADLEY

Bradley patrolled the Fire sideline from the team's inaugural season in 1998 until 2002, posting an impressive record of 82-54-15 during the club's first five years. The former Fire boss also led the "Men in Red" to three championship victories in that time: the 1998 MLS Cup and the 1998 and 2000 Lamar Hunt U.S. Open Cups. With Bradley at the helm, Chicago also finished atop the Central Division in the 2000 and 2001 campaigns. While with the Fire, Bradley's 82 victories made him the winningest coach in MLS history, a title he still holds today with 124 MLS career wins overall through nine seasons, including stints with the MetroStars (2003-2005) and Chivas USA (2006).

### 2009 INDUCTEE: CHRIS ARMAS

After playing two seasons with the Los Angeles Galaxy in 1996 and 1997, the Adelphi University alum was acquired by the Chicago Fire prior to the team's inaugural 1998 season. During his first season with the Fire, he helped the MLS expansion side win both the 1998 MLS Cup and the 1998 U.S. Open Cup to capture the coveted "Domestic Double." Through the next nine seasons as a player in Chicago, Armas led the Fire to three more U.S. Open Cup Championships (2000, 2003, 2006) and helped the Fire reach the MLS Cup Finals in 2000 and 2003. The seven-time MLS All-Star finished his decorated playing career in 2007 having tallied 12 goals and 48 assists through 214 games. Armas ranks in the top 5 on the Fire's all-time list with 42 assists (2nd), 13 game-winning assists (2nd), 19,018 minutes played (3rd), 214 games played (3rd), and 212 games started (2nd). In 2008, Armas joined the Chicago Fire coaching staff as an assistant coach under Denis Hamlett, helping the Fire reach the 2008 Eastern Conference Finals.

## SPARKY AND KIDS CLUB

### SPARKY

The Chicago Fire Soccer Club is proud to have Sparky, the spirited Dalmatian with soccer ball spots, as the team's official mascot for a 13th season. Sparky's flair for dribbling, passing and scoring made him a natural to join the Fire prior to its inaugural season in 1998, and he's served on behalf of the "Men in Red" at every home game and dozens of community events and special corporate gatherings each year since. Sparky is branching out even more in the Chicagoland area as an ambassador for the team's official fan club, the Chicago Fire Kids Club. Sparky's contribution on the field and in the community has made him one of the most notable mascots in the Chicagoland area.

### CHICAGO FIRE KIDS CLUB

Since 2003, The Chicago Fire Kids Club has been the official Chicago Fire supporters group exclusively for Fire fans age 14 and under. Membership is free of charge and Kids Club members can enjoy benefits such as:

- Monthly Kids Club newsletters

Fans age 14 and under can sign up to be a member of the Chicago Fire Kids Club online at [www.chicago-fire.com](http://www.chicago-fire.com) or at Kids Club Headquarters during Chicago Fire regular season home games.

## CHICAGO FIRE SUPPORTER INFORMATION

Chicago Fire supporters' groups mostly occupy an area in Toyota Park known as "Section 8" stemming from its original location at pre-renovated Soldier Field. The name has stuck, despite changing stadiums and section numbers. At Toyota Park Section 8's physical section are 117/118. Fire supporters are well known domestically for their non-stop chanting, colorful tifo displays and undying support of the club - showing a spirit and devotion typically associated with fans of large clubs worldwide. Section 8 Chicago, the Independent Supporters' Association (ISA) for the Chicago Fire Soccer Club, works on behalf of all fans - affiliated supporters' groups and independent fans alike - to foster a true soccer community. The vision of the ISA is "...to unite all Chicago Fire fans, to create a dominant in-stadium force unseen in any American team sport and to establish a home field advantage whenever the Chicago Fire play." The ISA exists to supplement the efforts of independent fans, coordinate between the supporters groups and act as liaison between all fans and the Chicago Fire Soccer Club. As a non-profit organization, a board of directors is elected yearly at the Annual General Meeting in February by the assembled supporters.

## SECTION 8 CHICAGO.

### INDEPENDENT SUPPORTERS' ASSOCIATION

The ISA oversees supporters' affairs and acts as liaison between supporters groups and the Chicago Fire club. A registered nonprofit organization, the ISA elects a representative Board of Directors annually. Media note: Delineation should be made between "Section 8 Chicago" (the ISA) and "Section 8" (the physical section supporters occupy on match days).
