## ANDREW HAUPTMAN

OWNER, CHICAGO FIRE  
CHAIRMAN, ANDELL INC.

Andrew Hauptman is the owner of the Chicago Fire Soccer Club. Under his stewardship, the Fire has been a championship contender, making the MLS Cup playoffs in 2007, 2008 and 2009. In 2011, the Fire once again competed in the Lamar Hunt U.S. Open Cup and made it to the finals, for an MLS-record sixth time.

Since acquiring the team in 2007, Mr. Hauptman has worked to build the Fire into a world-class organization on-and-off the pitch and has invested the resources to do so. His deep understanding of the sport globally and commitment to the development of the Fire and MLS overall is evident in the club's infrastructure and strategic initiatives. Throughout his ownership tenure, Mr. Hauptman has been keenly focused on impacting the Chicagoland community and further strengthening the Fire's ties with the city. He has high expectations for the club and is passionate about winning, preserving Fire tradition, and fostering connectivity throughout Chicago.

During the 2012 offseason, Mr. Hauptman played an integral role in securing a new jersey partnership with the iconic, Chicago-based brand Quaker Oats. His desire to continually improve the fan experience provided the impetus and funding for the creation and construction of the Second Star Club, the Fire's new all-inclusive club at Toyota Park. Additionally, Mr. Hauptman has worked to improve the club's soccer operations, recruiting top management and soccer talent. He played a key role in bringing former Fire star and current Head Coach Frank Klopas back to the club as Fire Technical Director in 2009 and U.S. soccer star Brian McBride back to Chicago in 2008. Mr. Hauptman worked closely with Section 8 Chicago, the Independent Supporters' Association of the Chicago Fire, to create the Chicago Fire Soccer Club Supporters' Charter, a first-of-its-kind document in North American sports that details the mission and values of the Fire organization and its supporters. He has also inspired significant investment and groundbreaking expansion of the youth development program. His support of the Fire Academy has seen the program capture the 2010 U.S. Soccer Development Academy National Championship and has provided two Homegrown players to the Fire's first team. With his oversight, the club's youth development program has expanded from 400 youths to over 6,000 across five states in just four years.

Mr. Hauptman was instrumental in arranging the largest international club match at Soldier Field where the Fire took on Manchester United in front of a sold out crowd of 61,308 in July 2011. He has also continued to develop and foster key relationships with top clubs around the world, including "A Team for the World," the Fire's unique strategic alliance with Atletico de Madrid and nine other clubs around the globe. In 2009, the Fire established a partnership with Mexican side Club America. The partnership has yielded international matches at Toyota Park, the sharing of best practices and has helped facilitate the arrival of two-time Mexican World Cup veteran and Club America standout Pavel Pardo to the club in 2011.

Off the pitch, Mr. Hauptman has worked to expand the Fire's community efforts and recently formed the Chicago Fire Soccer Club Advisory Council to ensure the club is working closely and effectively with area businesses, community leaders and non-profit organizations. In 2011, Mr. Hauptman and the Fire partnered with the Pritzker Traubert Family Foundation and the Chicago Parks District for the 'Take the Field' initiative, building a new, open to the public soccer field on Chicago's Southside. The Chicago Fire Foundation, the club's charitable arm, has to-date provided over \$1.5 million in grants, contributions and in-kind support. In June 2011, the Fire Foundation partnered with Urban Initiatives, a nonprofit organization that runs a health and education soccer program. In 2011 alone, the "Kicks for Kids" program enabled over 8,000 children from nearly 40 local charitable organizations to attend a Chicago Fire game. In recognition of the club's overall community and charitable efforts, the Fire received the 2010 MLS W.O.R.K.S. Community Relations annual award.

Mr. Hauptman is the Chairman of Andell Inc., a private investment firm and family office which he controls along with his wife Ellen Bronfman Hauptman. Andell's current activities are divided between direct investments in public and private companies and partnerships with top-tier investment managers around the globe. Mr. Hauptman oversees the firm's investment, operating, sports and media businesses. He serves on Major League Soccer's Board of Governors in addition to various MLS Committees including, Competition, Media and Marketing, and Product & Player Development Strategy. He serves on the board of directors of BSN SPORTS, the largest manufacturer, marketer and distributor of sporting goods products directly to the institutional and team sports marketplace, and as Chairman of Storage Mobility, the nation's largest franchisee of Portable On Demand Storage (PODS).

Mr. Hauptman has also produced feature films through his production company, Andell Entertainment. His past films have included "State of Play," starring Russell Crowe, "Millions," directed by Danny Boyle and the Sundance feature, "Safe Men."

He is Chairman and Co-Founder of City Year Los Angeles, a national education-focused nonprofit that engages 17- to 24-year-olds for a year of full-time service in an effort to combat the drop out epidemic, and serves as a Trustee of City Year's National Board. His many philanthropic and civic activities include oversight of the Hauptman Family Foundation and Trustee of The Charles Bronfman Prize. He is also on the board of the Los Angeles Fund for Public Education, The Yale University Council and serves on the Advisory Board of Grassroot Soccer.

Mr. Hauptman holds a BA in History from Yale University and an MBA from Harvard University.

## DIRECTOR OF PLAYER PERSONNEL

### MIKE JEFFRIES

#### DIRECTOR OF PLAYER PERSONNEL

Mike Jeffries enters his second full season as the club's Director of Player Personnel in 2011. The former Fire assistance assistant coach re-joined the organization in October 2010 after spending much of that year scouting for U.S. Soccer ahead of, and during, the 2010 FIFA World Cup. A long-time player and coach with experience in all levels of soccer, Jeffries will help guide the club's personnel decisions while assisting head coach Frank Klopas and Andell Sports Managing Director Javier Leon with scouting and player recruitment.

Jeffries first joined the Fire in the club's inaugural year of 1998 as an assistant coach for Bob Bradley. The Bethesda, MD product helped coach the Fire to the "American Double" in 1998 and served three seasons on Bradley's staff before accepting the head coaching position for the Dallas Burn (now FC Dallas).

In his three seasons as head coach of the Burn, Jeffries led Dallas to a record of 28-39-17 with playoff appearances in 2001 and 2002. Jeffries returned to the Men in Red as an Assistant Coach in 2008 under then Head Coach Denis Hamlett and helped lead the club to back-to-back Eastern Conference Finals.

Jeffries began his soccer career at Duke as a player from 1980-83, earning the prestigious Hermann Award in 1983. He played for the NASL Minnesota Strikers in 1984 before becoming the first American player selected in the MISL draft by the Minnesota Strikers. He played for the Strikers from 1984-88, and the Dallas Sidekicks in 1988. Jeffries was a member of the U.S. Men's National team in 1984-1985 earning three career appearances.

Born on May 20, 1962, Jeffries and his wife, Terry, have three children: Kaitlin, A.J. and Nathan.

## HEAD COACH

### FRANK KLOPAS

#### HEAD COACH

Having served as the club's Technical Director since January 2008, Klopas replaced Carlos de los Cobos as interim head coach on May 30, 2011 following a 1-4-6 start to the MLS campaign. The Fire Original eventually helped the side navigate to a MLS-record sixth Lamar Hunt U.S. Open Cup final, en route to an impressive 7-2-1 league finish, the second best end of season record in the club's 14-year history.

A Chicago soccer icon, Klopas emigrated with his family from Prosimna, Greece to the Windy City at eight-years-old and would go on to lead Mather High School to the Chicago Public School league championship in 1982. Soon after,

"Kid Klopas" signed with the Chicago Sting straight out of high school and would go on to appear in 140 games, tallying 62 goals in Major Indoor Soccer League play from 1983-1988.

Having earned his first cap with the U.S. Men's National Team in 1987, Klopas represented the United States at the 1988 Summer Olympics in Seoul, South Korea before returning to his birth country to play for AEK Athens that fall. Klopas would go on to tally 46 appearances and six goals from 1988-92, as the club garnered two Greek Super League titles (1989, 1992) and the Greek League Cup in 1990.

In 1992, Klopas signed with the United States Soccer Federation, electing to play full-time with the U.S. Men's National Team as the country prepared to host the 1994 FIFA World Cup. Klopas would eventually be named to the U.S. roster for the tournament but did not see any playing time as the United States advanced to the knockout round for the first time since 1930.

Following the tournament, Klopas returned to Greece to sign with Apollon Athens, playing 10 matches for the club from 1994-96. He would also play for the U.S. Men's National Team in the 1995 Copa America in Uruguay, scoring in the side's famous 3-0 upset of Argentina en route to a fourth place finish in the tournament. Having signed with Major League Soccer ahead of the league's launch, Klopas was allocated to the Kansas City Wiz in 1996, appearing in 54 matches and scoring seven goals over two seasons with the club.

With the announcement of Chicago as an MLS expansion city to begin the 1998 season, Klopas would return to his hometown via trade to close out his playing career in the Windy City. The hometown hero would go on to lead the expansion Chicago Fire to the "American Double" helping the club to the 1998 MLS Cup in a 2-0 win over D.C. United before scoring the "Golden Goal" days later in a 2-1 extra time victory over the Columbus Crew in that year's U.S. Open Cup final. Playing one more year with the Fire, Klopas announced his retirement following the 1999 season, having tallied 50 appearances and eight goals for the club across all competitions.

**HOW ACQUIRED:** Traded from Vancouver in exchange for a first round pick in the 2012 MLS Supplemental Draft December 2, 2011  
**PRONUNCIATION:** NAW-lee  
**TWITTER:** @JayNolly

Acquired via trade with Vancouver in December 2011, goalkeeper Jay Nolly returns to the Midwest with the Chicago Fire having won two collegiate championships with Indiana University in 2003-04. Having previously played with Real Salt Lake and D.C. United, Nolly joined Vancouver at the start of 2008, leading the side to that year's USL First Division Title, back to the Final in 2009, before earning the 2010 USSF Division Two Goalkeeper of the Year Award. Nolly's veteran experience will serve him well as he provides cover for Sean Johnson during the 2012 campaign.

**Major League Soccer:** 2011: Nolly started in goal during Whitecaps FC's MLS debut on Mar. 19, as Vancouver defeated Canadian rivals Toronto FC 4-2 at Empire Field. He then recorded Whitecaps FC's first-ever clean sheet in MLS following a 0-0 home draw with Chivas USA on Apr. 16. 2007: On Dec. 11, 2006, Nolly was traded to D.C. United in a deal that saw American soccer star Freddy Adu and goalkeeper Nick Rimando head in the other direction to RSL. After trials with Scottish Premier League giants Celtic and Romanian club Dinamo Bucharest, Nolly signed on with United for the 2007 MLS campaign on Feb. 16. His lone first-team appearance for D.C. was against his former club RSL on June 23. Despite making seven saves, Nolly and United lost 2-1 in Utah. His other start that year was also a losing effort, as United crashed out of the Lamar Hunt US Open Cup following a 1-0 away defeat to United Soccer Leagues Second Division club Harrisburg City Islanders on July 11. 2006: As an understudy to Real Salt Lake (RSL) number one Scott Garlick, Nolly saw limited first-team action in his second MLS season. In a June 9 defeat away to Colorado Rapids, Nolly earned a clean sheet in the second half of the game after replacing Garlick at halftime. His only start of the campaign came in a 6-0 away defeat to New York Red Bulls on Aug. 26, where he made seven saves for the club. The goalkeeper also started RSL's two matches in the Lamar Hunt US Open Cup, as he faced former United Soccer Leagues First Division club Virginia Beach Mariners in the third round on July 11 and MLS rivals Colorado in fourth round on Aug. 2. 2005: Nolly was selected by expansion club Real Salt Lake (RSL) in the second round (22nd overall) of the 2005 MLS SuperDraft on Jan. 14. In his first start for RSL on May 14, Nolly recorded nine saves to earn the Utah-based club a 2-1 home victory over Los Angeles

Galaxy. The keeper made a total of five first-team appearances in his rookie campaign, which included a career-high 11 saves during a 5-1 away defeat to future club D.C. United on Aug. 31. Nolly also made five saves in a 2-2 draw at San Jose Earthquakes on Oct. 8. The keeper also started RSL's Lamar Hunt US Open Cup third-round extra-time defeat at former USL-1 club Minnesota Thunder on July 13.

**United States Soccer Federation Division-2 Professional League:** 2010: Named USSF D-2 Pro League Goalkeeper of the Year and to the league's Best XI, Nolly was also named Whitecaps FC Most Valuable Player for a second straight season after starting all 38 of the club's USSF D-2 and Nutrilite Canadian Championship matches and registering an impressive goals-against average of 0.71. By starting the playoff semifinal, second leg, match at home Puerto Rico Islanders on Oct. 17, Nolly broke the Whitecaps FC ironman record of 78 consecutive matches that was previously held by former 'Caps striker Joey Gjertsen. With 18 clean sheets, Nolly helped set a new Whitecaps FC record for shutouts in a single season. He also moved into second place in the Whitecaps FC career shutout list after claiming his 27th clean sheet with Vancouver during a goalless home draw versus Crystal Palace Baltimore on May 8. The shutout moved Nolly ahead of the legendary Phil Parkes in the club's all-time shutout list. Nolly then became only the second goalkeeper in Whitecaps FC history to pass the 100-appearance mark when he played in a 2-2 home draw versus Austin Aztex on Aug. 29. He then brought a remarkable extended run in the 'Caps goal to an end on Sept. 11, as youngster Simon Thomas replaced him in the late stages of a 3-0 victory at Crystal Palace Baltimore. Spanning three seasons, Nolly's run saw him play 6,472 consecutive minutes in the Whitecaps FC goal.

**United Soccer Leagues First Division:** 2009: Nolly was named the Whitecaps Most Valuable Player after playing in every minute (3,600) of the club's 40 USL-1 and Nutrilite Canadian Championship matches that year. He was the first Whitecaps goalkeeper to play every minute in a single season since fellow American Arnie Mausser achieved the feat during the 1977 North American Soccer League campaign. Nolly posted three clean

sheets and a goals-against average of 0.25 during the club's Nutrilite Canadian Championship campaign before captaining the Whitecaps in their final USL-1 regular season match, as they defeated Cleveland City Stars 2-1 at home on Sept. 18. Nolly then helped the club to the USL-1 playoff semifinals after making an important penalty save from Daniel Paladini in the second leg of Vancouver's first round playoff series versus Carolina RailHawks on Sept. 27. The penalty save allowed the Whitecaps to earn a 0-0 away draw and win the series 1-0 on aggregate. 2008: Nolly was named Whitecaps Defender of the Year after recording 11 clean sheets in all competitions during his first season with the club. After not conceding a goal in the second half of Vancouver's 2-1 international friendly win over MLS side Los Angeles Galaxy in Edmonton, Alberta, on May 13, Nolly made his league debut in a 1-0 away win over Portland Timbers on May 24. He replaced Srdjan Djekanovic, who had started the club's first six USL-1 matches in goal that year. The result was also the first of three straight shutouts that Nolly recorded in May, as he kept both Charleston Battery and Minnesota Thunder off the scoresheet on May 28 and 31 respectively. Nolly, who earned USL-1 Team of the Week honours in Weeks Seven and 19, played a key role in the club's run to the USL-1 championship title, having earned a clean sheet in the playoff quarterfinal, first leg win over Minnesota on Sept. 26. Despite his controversial red card in the semifinal, first leg defeat at Canadian rivals Montreal Impact on Oct. 3, Nolly started in Vancouver's win over Puerto Rico Islanders in the USL-1 Championship Final on Oct. 12. The keeper also played in all four Nutrilite Canadian Championship matches that season, with Nolly performing heroically to earn the shoutout in a 1-0 victory at MLS side Toronto FC on July 1.

## AN INTRODUCTION TO CHICAGO FIRE SOCCER PLAYER DEVELOPMENT

Since the launch of the Chicago Fire Soccer Club on October 8, 1997, the franchise has worked diligently to establish itself as the first professional soccer club in the United States to adopt a true "pyramid" of player development that gives young local talent the opportunity to advance from junior-level through to the 1st team. Today, the Fire has over 9,000 male and female players participating in regular soccer programs and a renewed commitment from the Fire owner Andrew Hauptman and head coach Frank Klopas signal great things for the future growth of the fully-integrated and progressive Chicago Fire player development program.

The Chicago Fire Premier (ZONE 3-Elite Level) consists of PDL and Super-20 programs and is a summer program which targets college aged players. Both teams currently participate in the United Soccer League (USL). In 2007, the Chicago Fire announced the creation of the Chicago Fire Academy (ZONE 2-Growth Level) as an initiative for the advancement of professional development for U16 and U18 boys within the Chicago market. The Fire extended Zone 2 in Fall of 2011 with the introduction of the Chicago Fire Youth Academy for U13 to U18 boys based at Toyota Park.

In 2003 the Chicago Fire Juniors (ZONE 1-Base Level) program was formed to train youth soccer players in a professionally run environment and has since expanded to include branches in Illinois, Indiana, Mississippi, Louisiana and Florida. Completing the pyramid of player development, Chicago Fire Camps and Training, operated by Youth Elite Soccer from the entry level to Fire Player Development and programs include Summer Camps, Seasonal Training schemes and an Emerging Talent Program which offers year round supplementary training for players aged 8 to 18.

The Chicago Fire was the first MLS club with a fully-integrated player development pyramid, from the recreation youth level all the way up to the first team MLS side.

## CHICAGO FIRE PREMIER OVERVIEW (ZONE 3-ELITE LEVEL)

### CHICAGO FIRE PDL

---

The Chicago Fire PDL side has been one of the most successful franchises in the United Soccer Leagues Premier Development League since joining the league in 2001 as the Chicago Fire Reserves. Over ten years of play, the team has had an evolution of name changes going from going to the Chicago Fire Premier in 2004, before becoming just the Chicago Fire in 2008. While the names have changed the constants for the Chicago Fire PDL has stamped its dominance on the league, compiling a 115-19-20 regular season record while helping to send 72 players into the professional ranks. In May 2010, former Fire PDL players Jay DeMerit, Ricardo Clark, Jonathan Spector and Brad Guzan joined former Fire First Teamers Carlos Bocanegra and DaMarcus Beasley on the U.S. Men's National Team roster for the 2010 FIFA World Cup in South Africa. DeMerit and Clark both played in the tournament, helping the U.S. to its first group championship since 1930 and the team's fourth advancement to the knockout stage of the tournament.

Some of the team's accomplishments in the past nine seasons include:

- USL record 10-straight playoff appearances (2001-11)
- 7 Division titles (2001-06 & 2008)
- 14 All-USL players
- Highest winning percentage (.746) of all North American teams since 2001
- 2 PDL North American Championship matches (2003, 2009)
- 2 PDL Central Conference Championships (2003, 2009)
- 4 appearances in the Lamar Hunt U.S. Open Cup (2004-05, 2009 & 2011)
- Became just the third PDL team to go undefeated during the regular season, recording a 17-0-1 record in 2004
- 7 former players with US National Team caps  
(Ricardo Clark, Jay DeMerit, Brad Guzan, Drew Moor, Chris Rolfe, Jonathan Spector, Tim Ream)
- 4 former players with foreign international caps  
(Gavin Glinton - Turks & Caicos, Vedad Ibišević - Bosnia & Herzegovina, Omar Jarun - Palestine, Pascal Millien - Haiti)
- 83 former players moving to the professional ranks both in the USA and Europe  
including Chicago Fire first team member Dasan Robinson
- 51 players drafted by the MLS, including 17 players in 2011 MLS season

### CHICAGO FIRE SUPER-20

---

The Chicago Fire Super-20 team was formed in 2007 and plays in the USL's Super-20 League. The Super-20 team provides the opportunity for the top 17-20 year old players in North America to play high level competition in the summer months, in conjunction with Premier Development League teams. With the creation of the Super-20 side, Chicago's youth development program has a bridge for players looking to make the progression from Academy teams to the higher PDL level. The Super-20 team had many accomplishments:

- Hosted the 2009 and 2010 Super-20 League Championship in Rockford, IL
- Midwest Division Champions for four consecutive years.
- Qualification for the Super-20 League Championship for three consecutive years.
- Striker Teal Bunbury (Akron University) and defender Aaron Maund (Notre Dame) selected to All-League Team
- 10-0-0 Regular Season record
- North American Champions (2008)
- North American Finalists (2007, 2009, 2010)

### CHICAGO FIRE ACADEMY OVERVIEW (ZONE 2 -GROWTH LEVEL)

Zone 2 consists of the Chicago Fire Academy and Youth Academy programs.

#### CHICAGO FIRE ACADEMY

---

In July of 2007, the Chicago Fire announced the introduction of the Chicago Fire Academy (CFA) as its flag ship Player Development program. The Academy was created to allow the Fire to develop local Chicagoland talent into potential MLS players. The Fire Academy technical staff scout the surrounding area each year to identify the most talented players ranging in age from 15 to 18. The pool of 48 players are assigned to a U-15/16 or U-17/18 team.

The Academy emphasizes the development of these players through professional-level training. Academy technical staff maintains an exclusive focus on the talented players that have aspirations to play at the highest level. The players are groomed in a professional manner receiving the same treatment and amenities as the first team. The CFA players have access to all of the facilities at TOYOTA PARK, an environment conducive to their growth and improvement. Players are able to use the same weight room, training room, practice fields, and locker room as the first team. Their training includes strength and conditioning, nutritional management, mental preparation, match and video analysis, and more. The players train year-round, usually 4-5 days per week, and play against other high-level talent from across the country in the US Soccer Developmental Academy League (USDA). 2010 was a benchmark year for the program with the CFA becoming the first MLS academy to travel and train, in-full, with a MLS club during a preseason tour. By integrating its U-16 and U-18 clubs into MLS preseason, the Fire took the first real steps towards an all-encompassing program that incorporates the youth development game with the professional game.

The 2009/2010 also saw the CFA become the first MLS Academy to be crowned National Champions when the U16 Academy team beat Cal Odyssey in Los Angeles to be clinch the United States Development Academy U16 National title. To finalize a phenomenal 2010 season, 17-year-old Victor Pineda of Bolingbrook, IL became the first Academy product to sign a Homegrown contract and become a part of the Fire first team. In 2011, Chicago Fire Juniors-Mississippi product Kellen Gulley joined Pineda as the first two players to benefit from the club's integrated Pyramid of Player Development, advancing all the way from the Chicago Fire Juniors to the Fire first team.

Players in the CFA participate in a training program that makes each individual eligible for the Major League Soccer Home Grown Talent Initiative. The Home Grown Talent Initiative is designed to allow teams to sign local players to MLS contracts without entering the MLS SuperDraft, strengthening the relationship between the Fire and the community. The Chicago Fire Academy allows players to participate at no cost to the player and the Academy does not jeopardize a player's NCAA eligibility. The Academy recruits players solely on their playing ability and potential and their desire to play professionally, regardless of their socio-economic background.

#### INDIANA FIRE ACADEMY

---

In September 2011 the Chicago Fire a new partnership with Indiana United of the U.S. Soccer Development Academy to become the club's first academy affiliate as the Indiana Fire Academy.

With the arrangement, the Chicago Fire player development program casts its net wider by adding a highly successful academy partner with a proven resume in player development. The partnership brings together the highest ranked MLS youth program (No. 7 in Soccer America's 2010 rankings) and winner of a U.S.S.D.A. national championship in 2010 with Indiana United Soccer Club, operated by Carmel United Soccer Club (ranked No. 6 by Soccer America) and winners of U.S.S.D.A. national championships in 2008 and 2009.

Similar to the Fire's relationships with its Juniors affiliates outside Chicagoland, Indiana Fire players will receive the opportunity to play for the Fire in the U17 Generation adidas Cup, Chicago Fire Premier Development League and MLS reserve matches and have a direct path to a career in Major League Soccer as potential future Home Grown players.

Along with the tremendous opportunity that will be provided to Indiana Fire players, Fire Academy technical staff will conduct regular exchanges with Indiana Fire Academy technical staff in developing, observing and identifying players as well as a collaborative coaching curriculum.

## CHICAGO FIRE YOUTH ACADEMY CLUB

---

The Chicago Fire Youth Academy (CFYA) is an extension of the club's existing academy program and targets elite boys aged 12 to 18 years. In the Fall of 2011, the Fire made the move to bring all Pre-Academy and Developmental Academy teams to Toyota Park in order to provide a true developmental pathway and to adequately prepare players for the club's full academy program at U16 and U18 levels.

The 6 teams currently participate in U.S. Club Soccer's National Premier League and play in regular Major League Soccer youth events and signature national tournaments such as the Disney Showcase and Dallas Cup. Larry Sunderland and Tony Kees oversee the technical development of the program and staff coaches include Paul Cadwell, Victor Fernandez, Marc McElligott, John Dolinsky, Mark Spooner and Brian Roberts.

"When athletes are in a situation where all the training elements come together, players make incredible strides," says Fire Academy Director Larry Sunderland. These training elements are referred to as the four pillars of the CFYA, and include:

- 1) The most comprehensive youth soccer facilities available including grass and turf fields, weight and locker rooms as well as professional training and medical staff available at Toyota Park
- 2) The right ratio of practices to games combined with proper scheduling to maximize performance, which includes 3 to 4 contacts per week and a yearly rhythm of training that prepares players to peak at key stages of the season.
- 3) A quality coaching environment with exposure to some of the most knowledgeable soccer minds in the sport.
- 4) A varied level of league and tournament competition that challenges players.

## CHICAGO FIRE YOUTH DEVELOPMENT OVERVIEW (ENTRY LEVEL)

The entry level of the Chicago Fire Pyramid of Player Development, Camps and Training, is operated by Youth Elite Soccer (YES):

Youth Elite Soccer (YES) is a full-service soccer development company, offering innovative camps, training and coaches for players, coaches and club. In January of 2011, YES took a handful of the brightest people in the soccer development industry - people that truly wanted to work together - and gave them the chance to create a company based on their relationships and their ideas about how soccer development should be done.

YES established some basic values that simply reflected how they do business: relationships based on servant hood: a work-ethic marked by mucking (this refers to the grinding style of blue-collar hockey and soccer players, working the boards and the corners); and an approach to coaching kids that sparks the imagination. YES has a three tiered approach to working within the soccer community:

### **Developing the SOCCER PLAYER....Chicago Fire Camps and Training offer:**

- Camps Programs for every age and skill level.
- Year round Talent Schools for the individual player.
- Specialty Player Clinics in all technical & tactical aspects of the beautiful game

### **Educating the SOCCER COACH....Chicago Fire Camps and Training offer:**

- Soccer Certification for the aspiring recreation, competitive & advanced coach
- Online Educations Materials to the support the soccer coach on the field
- Specialty Coaches Clinics in all technical & tactical aspects of the beautiful game

### **Enhancing the SOCCER CLUB....Chicago Fire Camps & Training offer:**

- Soccer Trainer Programs for recreational, competitive and advanced teams
- Directors of Coaching to manage the soccer club on and off the field of play
- Player Evaluation to assess the player, the unit and the team using the four pillars of the game

The Chicago Fire Soccer Club partner with YES to launch the Emerging Talent Program in 2012. This initiative will bring together some of the brightest young soccer players in Chicagoland and expose them to a new, innovative and revolutionary approach to individual player training. The Emerging Talent Program has 2 distinct features: Philosophy (what to coach?) and Pathway (how to coach?)

- 1) The Emerging Talent Philosophy is a set of concepts that define the Chicago Fire Soccer Club's attitude to working with each individual soccer player and follows a long term player development (LTPD). The LTPD model develops players from an early years 'FUNdamental' stage to 'Training to Win' for older aged players. 'TRAIN LIKE A PRO TO PLAY LIKE A PRO' is an overarching principle all Fire technical staff follow when coaching young players.
- 2) The Emerging Talent Pathway: this is the practical application of the Chicago Fire Soccer Club's long term player development model and highlights the steps a PLAYER, a COACH and a soccer CLUB can take to receive high quality programming. The Emerging Talent Pathway has 3 levels: Club Talent Schools (CTS), Regional Talent Schools (RTS) and Elite Performance Centers (EPC).

# PREVIEW

OUR CITY. OUR CLUB.

## 2011 IN REVIEW

Coming off a year in which the club missed the playoffs for just the second time in 13 seasons, the Chicago Fire retooled for 2011, with their Opening Day roster of 29 players featuring only 15 that finished the 2010 season in Chicago. Head coach Carlos de los Cobos returned for his second year in the Windy City but as early season results didn't go the right way, the Mexican manager was dismissed on May 30, with Technical Director Frank Klopas taking over coaching duties on an interim basis.

With an expanded 34-match schedule to be played, things began well for the Fire at the start of the campaign, earning a valuable road point in a 1-1 draw at 2010 MLS Cup finalists FC Dallas on March 19, before returning home for a 3-2 victory over Sporting KC the following week. Because of the team's 2010 finish, the club was made to qualify for the Lamar Hunt U.S. Open Cup for just the second time, earning a 2-1 victory over the Colorado Rapids in a play-in match in Peoria, IL on March 30.

Though March proved a strong start, the team would go winless through April and May. Embarking on a two-match road trip of Cascadia that saw the Fire drop a 2-1 result at Seattle and a 4-2 result in the opening of Portland's JELD-WEN Field the team returned home three days later where they fell 2-1 to the LA Galaxy on April 17. The side drew their next four matches, vs. Houston (1-1), at Colorado (1-1), vs. Vancouver (0-0) and at Toronto (2-2) before falling 2-1 at Philadelphia on May 21.

The final week of May saw the Fire play a U.S. Open Cup qualifying and league double-dip with the San Jose Earthquakes. The Fire rallied from a 2-0 first half deficit to draw 2-2 before downing the Quakes 5-4 on penalty kicks on May 24. Returning to Toyota Park four days later, the hosts twice came back from deficits, eventually using Cory Gibbs 80th minute header to earn a point in another 2-2 draw with San Jose. With the Fire sitting 1-4-6 after 11 matches, the Fire parted ways with de los Cobos, naming Klopas interim head coach on May 30.

The former U.S. international took to the sidelines for the first time in a 0-0 draw with Seattle Sounders FC on June 4. The Chicago product took his side to another stadium opening, this time at LiveSTRONG Sporting Park, home of Sporting Kansas City where the two sides played to a second-straight scoreless deadlock.

In front of over 400 traveling Fire fans, the side snapped a club-record 11-match winless streak in a 1-0 victory at Columbus as midseason signing Cristian Nazaret finished a great individual effort from Orr Barouch in stoppage time. Klopas would go unbeaten in the league through June before taking the team on the road at month's end to begin play in the U.S. Open Cup proper Round of 16. Going on the road to USL-Pro side Rochester Rhinos, Diego Chaves 37th minute strike proved the difference in the 1-0 victory as the Fire advanced to the tournament's quarterfinals.

Two consecutive trips to Los Angeles the first two weeks of July saw Klopas extend his unbeaten run to seven matches with a 1-1 draw at Chivas USA on July 2 before a 2-1 loss to the LA Galaxy a week later handed the interim coach his first loss. As the team returned home for an Open Cup quarterfinal encounter with the New York Red Bulls on July 12, the club was forced to move kickoff of the match up by two-and-a-half hours after strong thunderstorms from the day before left Toyota Park, as well as over 800,000 Chicagoland residents without power the day of the match. The schedule change played little effect on the final result though as Dominic Oduro, Yamith Cuesta and a second half brace from Orr Barouch earned a 4-0 victory and a place in the tournament's semifinal.

Despite their cup success, the Fire dropped a 1-0 result to expansion Portland, closing out the first half of the league campaign with a 2-6-12 record. Taking two weeks away from MLS in the second part of July the team returned to Soldier Field for the first time since 2005 to host legendary English giants Manchester United in the World Football Challenge on July 23. The home side got out to a dream start as Marco Pappa's 40 yard free kick found Cory Gibbs who headed past United goalkeeper David de Gea to give the Fire a 1-0 lead in the 13th minute. The Men in Red would hold the advantage for 53 minutes before second half strikes from Wayne Rooney, Rafael and Nani saw the Fire eventually fall 3-1. Despite the loss, the hosts did themselves proud in front of a sellout crowd of 61,308, the highest attended international club match at the historic Chicago venue.

Following the game, the Fire welcomed former Mexican international midfielder Pavel Pardo before acquiring veteran MLS defender Dan Gargan from Toronto in exchange for Dasan Robinson. Pardo opened his Fire account in his club debut, scoring a 54th minute equalizer in a 1-1 draw with Philadelphia on August 3. A 4-2 loss at Vancouver four days later would leave a blemish but the Fire would begin to turn their league season around with a 2-2 draw at New York

on August 13, followed up by a dominant performance in a 1-1 tie vs. DC United on August 18. The two matches saw Oduro bag his team leading seventh goal of the season (vs. New York), while another midseason signing, Sebastian Grazzini snagged a goal in each of the draws.

Three days later the Men in Red would earn their third win of the season, downing Toronto 2-0 on August 21 behind another goal from Oduro and a late header from Gargan, in his first match against his former side. A home game on August 27 vs. defending MLS Cup champions Colorado saw a matching result as Oduro bagged his ninth goal of the year while former Rapids defender Cory Gibbs chipped in with an icing header in the 36th minute.

Two league victories in six days not only doubled the club's win total but gave the side confidence heading into their U.S. Open Cup semifinal vs. the USL's Richmond Kickers on August 30 at Toyota Park. Grazzini tallied a first half penalty kick before Oduro looped in a beautiful second half winner to push the Fire to a 2011 U.S. Open Cup final meeting at Seattle.

The Fire rode the streak into September with renewed playoff purpose but stumbled in a 2-0 loss at San Jose on September 10. The team rebounded with a dramatic 3-2 home victory over Chivas USA a week later, with Oduro's 85th minute winner making him the first Fire player since Damani Ralph in 2004 to record double-digit goals in MLS play. The side finished out a span of six home matches in seven games on September 25 vs. New England, taking a matching 3-2 result from the previous week.

Embarking on a three-match, eight-day road trip culminating in the 2011 Lamar Hunt U.S. Open Cup final in Seattle, the Fire used a Marco Pappa hat trick to run past Real Salt Lake 3-0 on September 28. Playing another league match three days later at Houston, Klopas balanced his lineup in anticipation of the Open Cup final, with Dominic Oduro's 43rd minute equalizer on his return to Robertson Stadium earning the side a valuable road point against the Dynamo. Taking part in the club's MLS-record sixth Lamar Hunt U.S. Open Cup final, the Fire would come against a Seattle side that had taken the Dewar Trophy in the two previous editions of the competition. In front of a partisan tournament-record crowd of 36,615, the Men in Red played under siege most of the match, holding things scoreless until the 78th minute when Fredy Montero buried a close-range rebound off a Sean Johnson save. Pushing forward in search of an equalizer, the visitors were caught out late as Osvaldo Alonso iced the match in the 96th minute.

Returning to league play, the Fire welcomed FC Dallas to Toyota Park on October 12, but took a devastating blow to their playoff hopes as they dropped a 2-1 result to their Brimstone Cup rivals. Things looked grim three days later against DC United at RFK Stadium as Gonzalo Segares conceded a 90th minute penalty kick which gave the hosts a 1-0 lead. The Costa Rican international spurred an unprecedented, late comeback, assisting on both Sebastian Grazzini and Diego Chaves' stoppage time goals, giving the Fire a 2-1 victory while keeping the team's playoff hopes alive heading into the final week of the season.

Needing a number of scenarios to go the team's way, the Fire were given hope at midweek as Portland drew D.C. 1-1 at RFK Stadium, but were handed a death blow the next night as New York defeated Philadelphia 1-0 at Red Bull Arena to sew up the 10th and final MLS Cup playoff spot. Still with pride to play for with a regional rival at home vs. Columbus, rookie defender Jalil Anibaba's first half brace put the hosts up 2-0 at the break. Having conceded two goals in six minutes in the second half, it was Chaves who provided the late game heroics for the second week in row, responding a minute later off an Oduro rebound to give the Fire a 3-2 season ending victory and push the team's 2011 record to 9-9-16.

Despite missing the playoffs for just the third time in 14 seasons, 2011 provided a base for success in 2012. Having taken over a team that was 1-4-6 and near bottom of the Eastern Conference at the end of May, Klopas finished with at 8-5-10, finishing 7-2-1 in the final 10 matches of 2011. On November 3, 2011, the club removed the "interim" tag from his title, naming Klopas the Fire's sixth head coach. With the move, the Chicago soccer icon became the first former Fire player to lead the side on a full-time basis.

# MAJOR LEAGUE SOCCER RULES OF COMPETITION

## STRUCTURE

---

The 19 MLS teams are divided into two conferences:

Eastern Conference – Chicago Fire, Columbus Crew, D.C. United, Houston Dynamo, Sporting Kansas City, Montreal Impact, New England Revolution, New York Red Bulls, Philadelphia Union, Toronto FC.

Western Conference – Chivas USA, Colorado Rapids, FC Dallas, LA Galaxy, Portland Timbers, Real Salt Lake, San Jose Earthquakes, Seattle Sounders FC, Vancouver Whitecaps FC.

## SCHEDULE

---

Each team plays a 34-game regular season schedule; 17 home games, 17 away games.

**WESTERN CONFERENCE** (24 In-Conference + 10 Out-Of-Conference Games)

**Western Conference teams will play each West opponent three times (24 games):**

- West teams will play four conference opponents twice at home and once away
- They will play the other four conference opponents once at home and twice away.
- The home and away games will be reversed in 2013.

**Western Conference teams will play each East opponent once each (10 games):**

- Five of these will be at home and five will be away.
- The East opponents each team faces at home and away will be reversed in 2013.

**EASTERN CONFERENCE** (25 In-Conference + 9 Out-Of-Conference Games)

**Eastern Conference teams will play 25 games against other East teams:**

- East teams will play seven conference opponents three times each (21 games) and
- Two conference opponents twice each (four games).

**Eastern Conference teams will play each West opponent once each (9 games):**

- Some will play four at home and five away while others will play five at home and four away.
- The West opponents each team faces at home and away will be reversed in 2013.

## POINT SYSTEM

---

Teams will receive three points for a win, one point for a tie and zero points for a loss.

## REFEREES

---

All referees in MLS are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. All MLS games played in the US will be assigned by USSF and all games played in Canada will be assigned by CSA.

## GAME CLOCK

---

The official game time for all Major League Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. "stoppage time") at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a "+" sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at "48+."

## GAME DAY ROSTERS

---

Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

## MAJOR LEAGUE SOCCER RULES OF COMPETITION

### CAUTIONS AND SUSPENSIONS

---

A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction that resulted in his being awarded a yellow card. A second suspension of one game would result after the awarding of an additional three cards, as would a third suspension after the awarding of card number eleven. With the “Good Behavior” incentive, it is possible for a player to have a caution expunged. If a player goes three games without receiving a yellow card, after an initial warning, the player will have one yellow card expunged. A player may take advantage of the “Good Behavior” incentive only once throughout the season.

### MLS CUP PLAYOFFS: FORMAT

---

#### WHO QUALIFIES

Ten teams, the top five in points from each conference at the end of the regular season, qualify for the 2012 MLS Cup Playoffs.

The fourth and fifth place teams in each conference will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the first place team in the conference.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The two Conference Championships will be decided by a two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

MLS Cup will be a single championship match hosted by the higher seed. If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

#### TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

- 1) The highest position shall be awarded to the team with the better win/loss record in current regular season games against all other teams equal in points. (head-to-head competition)
- 2) If the teams are still equal in the standings, the highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season. (goal differential)
- 3) If the teams are still equal in the standings, the highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season. (total goals)
- 4) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. (road 1-3)
- 5) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played at home by each team against all other teams during the regular season. (home 1-3)
- 6) If the teams are still equal in the standings, the highest position shall be awarded to the team with the fewest team disciplinary points in the League Fair Play table during the regular season.
- 7) If the teams are still equal in the standings, the highest position in the standings shall be determined by the toss of a coin.
- 8) The first tiebreaker in a three-way tie is also head-to-head, but it is determined via points-per-game versus the other two teams. If two teams are tied in points-per-game head-to-head, the next tie breaker is goal difference.

NOTE: If two teams remain tied after another teams with the same number of points advances during any step, the tie breaker reverts to step 1 of the two-team format.

El tiempo oficial de todo partido de la Major League Soccer será manejado por el árbitro central. Si es necesario, el árbitro puede designar tiempo de compensación al final de cada período (primer tiempo, segundo tiempo, y si es necesario un primer período de tiempo extra y un segundo período de tiempo extra) para complementar los minutos por razones de lesión, pérdida de tiempo u otros disturbios.

El reloj del estadio mostrará el tiempo de 0:00 a 45:00 y de 45:00 a 90:00 (además de tiempo de compensación donde sea aplicable). Por razones de estadísticas, minutos para goles, sustituciones, tarjetas amarillas, etc., serán colocados del primer minuto hasta el minuto 90. Un gol anotado a los 15 minutos y 10 segundos será anotado como el minuto 16. Eventos que ocurren durante el tiempo de compensación seguirá la norma internacional y será demarcada con la señal "+" y los minutos extra. Por ejemplo, un gol anotado tres minutos dentro del tiempo de compensación del primer tiempo será identificado oficialmente como el minuto "48+".

## NOMINAS DEL DÍA DEL PARTIDO

Cada club puede nombrar 18 jugadores a la nómina del partido. Se le permite tres sustituciones a cada club por partido.

## REGLAS DE COMPETENCIA 2012 DE LA MAJOR LEAGUE SOCCER

### AMONESTACION Y SUSPENSION

Un jugador será suspendido por un partido después de sumar su quinta amonestación - sin importar la naturaleza de la infracción que resultó en la amonestación. Una segunda suspensión de partido resultará tras haber sumado tres tarjetas amarillas adicionales. Una tercera suspensión sería después de acumular 11 tarjetas. Con el aliciente de "Buena Conducta" es posible que un jugador obtenga la cancelación de su amonestación. Si un jugador lleva tres cotejos sin recibir una tarjeta amarilla, después de una advertencia inicial, dicho futbolista tendrá una tarjeta amarilla cancelada. Un jugador puede tomar ventaja del incentivo de la "Buena Conducta" solo una vez durante la temporada.

### FORMATO DE LA LIGUILLA MLS

#### QUIEN CLASIFICA

Diez clubes, los mejores cinco en puntos de cada conferencia al final de la temporada regular, clasifican a la Liguilla rumbo a la Copa MLS. El 4o y 5o clasificados jugarán un único partido de eliminación, el ganador del cual avanzará a las semifinales de conferencia para enfrentarse al equipo que acabó en primer lugar dentro de la conferencia.

Las cuatro semifinales de conferencia se definirán en formato de ida y vuelta con marcador global. El club clasificado con menos puntos (en la temporada regular) será local en el primer partido de la serie. El club con mayor puntaje será sede en el segundo partido (o partido de vuelta). Si el marcador global está empatado después de los 180 minutos de juego, dos periodos completos de 15 minutos se jugarán, seguidos por tiros del punto penal, si es necesario.

Las dos finales de conferencia se jugarán en formato de ida y vuelta con marcador global. El club clasificado con menos puntos (en la temporada regular) será local en el primer partido de la serie. El club con mayor puntaje será sede en el segundo partido (o partido de vuelta). Si el marcador global está empatado después de los 180 minutos de juego, dos periodos completos de 15 minutos se jugarán, seguidos por tiros del punto penal, si es necesario.

La Copa MLS se disputará en el estadio del finalista que haya terminado la temporada regular con más puntos en la clasificación. En caso de un empate después de los 90 minutos reglamentarios, dos periodos de 15 minutos se jugarán, seguido por los tiros del punto penal, si son necesarios.

#### PROCEDIMIENTOS DE DESEMPATES EN LA CLASIFICACIÓN

El club con la mejor posición en la clasificación de la MLS será el club con el mayor número de puntos (3 puntos por victoria, 1 punto por empate, 0 puntos por una derrota). En el evento que dos clubes terminen la temporada regular con un mismo número de puntos, se aplicará el siguiente sistema para el desempate:

- 1) La mejor clasificación será para el club con el mejor récord de victorias y derrotas en temporada regular contra todos los otros equipos que se encuentran empatados en puntos (cara a cara)
- 2) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club con la mayor diferencia de goles en comparación al resto de clubes durante la temporada regular (diferencia en goles)
- 3) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club que anotó el mayor número de goles contra todos los clubes durante la temporada regular (total de goles)
- 4) Si los clubes siguen empatados en la tabla, los reglamentos presentados en esta sección aplicarán solo a los partidos jugados de visitante por cada club contra el resto de equipos durante la temporada regular (de visita 1-3)
- 5) Si los clubes siguen empatados en la tabla, los reglamentos presentados en esta sección aplicarán solo a los partidos jugados en casa por cada club contra el resto de equipos durante la temporada regular (en casa 1-3)
- 6) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club con el menor número de puntos disciplinarios en la tabla de Fair Play (Juego Limpio) de la liga durante la temporada regular.
- 7) Si los clubes siguen empatados en la tabla, la mejor clasificación será determinada por un sorteo.
- 8) El primer desempate para un empate entre tres es también cara a cara, pero es determinado por los puntos-por-partido versus los otros dos equipos. Si los dos equipos están empatados en los puntos-por partido cara a cara, el siguiente desempate es la diferencia en goles.

NOTA: Si dos equipos siguen empatados después que se determine un mejor clasificado (tras un empate entre tres), el sistema comienza de nuevo con el primer paso del procedimiento presentado arriba para un empate entre dos.

(El reglamento encontrado aquí es una versión traducida del Inglés, del cual cualquier caso de confusión, será la versión oficial.) (as of January 27, 2012)

## ARBITRES

Tous les arbitres de MLS sont des arbitres nationaux soit de la Fédération américaine de soccer (USSF) soit de l'Association canadienne de soccer (ACS). Toutes les désignations pour des matchs de MLS joués aux États-Unis seront effectuées par l'USSF et toutes les désignations pour des matchs joués au Canada seront effectuées par l'ACS.

## CHRONOMÈTRE

Le chronomètre officiel de tous les matchs de Major League Soccer sera géré sur le terrain par l'arbitre. Si nécessaire, l'arbitre peut également ajouter du temps additionnel (appelé aussi « arrêts de jeu ») à la fin de chaque période (première mi-temps, deuxième mi-temps et, le cas échéant, première période de prolongation et deuxième période de prolongation durant des matchs à élimination directe) pour compenser les blessures, les gains de temps et les autres perturbations.

L'horloge du stade affichera le temps de 0:00 à 45:00 et de 45:00 à 90:00 (plus les arrêts de jeu éventuels de chaque mi-temps). Pour des besoins statistiques, les minutes des buts, des changements, des cartons jaunes, etc. seront notées de la 1<sup>e</sup> à la 90<sup>e</sup> minute. Un but marqué après 15 minutes et 10 secondes sera noté comme étant marqué à la 16<sup>e</sup> minute. Les événements qui se produisent dans les arrêts de jeu seront soumis à la norme internationale en étant spécifiés par un signe « + » et les minutes additionnelles. Par exemple, un but inscrit à la troisième minute du temps additionnel de la première mi-temps sera officiellement identifié comme ayant eu lieu à « 48+ ».

## RÈGLEMENT DE LA COMPÉTITION EN MAJOR LEAGUE SOCCER

### EFFECTIFS POUR LE JOUR DE MATCH

Chaque équipe peut désigner 18 joueurs pour faire partie de son effectif le jour du match. Les équipes ont le droit d'effectuer trois changements par match.

### AVERTISSEMENTS ET SUSPENSIONS

Un joueur sera suspendu pour un match après avoir reçu son cinquième carton jaune – peu importe la nature de l'infraction lui valant un carton jaune. Une deuxième suspension d'un match sera infligée après trois cartons jaunes supplémentaires ; une troisième suspension sera infligée après le onzième carton jaune. Avec la mesure d'incitation au « bon comportement », un joueur peut voir un avertissement être effacé. Si un joueur dispute trois matchs sans recevoir de carton jaune, après avoir écopé d'un avertissement au préalable, le joueur verra un carton jaune être effacé. Un joueur ne peut tirer avantage de la mesure d'incitation au « bon comportement » qu'une seule fois au cours de la saison.

### SÉRIES ÉLIMINATOIRES (PHASE FINALE) DE LA COUPE MLS : FORMAT

#### QUI SE QUALIFIE

Dix équipes, les cinq comptant le plus de points au sein de leur conférence respective à l'issue de la saison régulière, se qualifient pour les séries de la Coupe MLS 2012.

Les 4<sup>e</sup> et 5<sup>e</sup> du classement de chaque conférence s'affronteront lors d'un duel à élimination directe disputé sur un seul match dont le vainqueur sera qualifié pour les demi-finales de conférence, où il affrontera le 1<sup>er</sup> du classement de sa conférence.

Les quatre demi-finales de conférence se joueront en matchs aller-retour, l'équipe la moins bien classée jouant le match aller à domicile et l'équipe la mieux classée jouant le match retour à domicile. L'équipe qui marque le plus de buts sur l'ensemble des deux matchs se qualifie pour le tour suivant. Si après 180 minutes, les deux équipes ont marqué le même nombre de buts au total des deux matchs, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

Les deux finales de conférence se joueront en matchs aller-retour, l'équipe la moins bien classée jouant le match aller à domicile et l'équipe la mieux classée jouant le match retour à domicile. L'équipe qui marque le plus de buts sur l'ensemble des deux matchs se qualifie pour le tour suivant. Si après 180 minutes, les deux équipes ont marqué le même nombre de buts au total des deux matchs, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

La Coupe MLS sera jouée sur un seul match, disputé sur le terrain du finaliste le mieux classé. Si le résultat est nul après 90 minutes, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

#### PROCÉDURES EN CAS D'ÉGALITÉ AU CLASSEMENT

L'équipe la mieux classée sera celle comptant le plus de points (3 points pour une victoire, 1 point pour un match nul, 0 point pour une défaite). Au cas où deux équipes compteraient le même nombre de points à l'issue de la saison régulière, le système suivant sera utilisé pour les départager :

- 1) L'équipe la mieux classée sera celle ayant obtenu les meilleurs résultats (victoires/défaites) lors des confrontations directes entre toutes les équipes à égalité. (confrontations directes)
- 2) Si l'égalité persiste, l'équipe la mieux classée sera celle comptant la meilleure différence de buts générale (contre toutes les autres équipes). (différence de buts générale)
- 3) Si l'égalité persiste, l'équipe la mieux classée sera celle ayant marqué le plus grand nombre de buts en saison régulière contre toutes les autres équipes. (buts marqués)
- 4) Si l'égalité persiste, les procédures décrites dans cette section seront appliquées seulement pour les matchs de saison régulière joués à l'extérieur par chacune des équipes à départager contre toutes les autres équipes. (extérieur 1-3)
- 5) Si l'égalité persiste, les procédures décrites dans cette section seront appliquées seulement pour les matchs de saison régulière joués à domicile par chacune des équipes à départager contre toutes les autres équipes. (domicile 1-3)
- 6) Si l'égalité persiste, l'équipe la mieux classée sera celle comptant le moins de points disciplinaires au classement de l'Esprit sportif de la ligue durant la saison régulière.
- 7) Si l'égalité persiste, le classement des deux équipes sera déterminé par un tirage au sort (pile ou face).
- 8) Le premier critère pour départager trois équipes à égalité est aussi celui des confrontations directes mais le calcul est fait en fonction du nombre de points par match contre les deux autres équipes. Si deux équipes sont à égalité au nombre de points par match lors des confrontations directes, la différence de buts est le critère de départage suivant.

NOTE : Si deux clubs restent à égalité après qu'un autre club ait obtenu un meilleur classement lors d'une quelconque étape, la procédure reprend à la première étape pour le format à deux clubs. ## 2012 MLS PLAYER RULES AND REGULATIONS

### MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

#### SALARY AND BUDGET

Players occupying roster spots 1-20 count against the club's 2012 salary budget of \$2,810,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$350,000.\*
- A Designated Player over the age of 23 counts as \$350,000 against the club's salary budget, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.
- A Designated Player 20 years old or younger\*\* (referred to as Young Designated Players or Young DPs) counts as \$150,000 against the club's salary budget
- A Designated Player 21-23 years old\*\* counts as \$200,000 against the club's salary budget.
- The budget charge for the midseason signing of a Young DP is \$150,000 and this amount cannot be lowered with allocation funds.
- Clubs will not have to buy the third DP roster slot to accommodate a Young Designated Player whereas clubs are normally required to buy that slot for a one-time fee of \$250,000.
- Clubs are responsible for all amounts above the budget charge for all Designated Players.

*\*See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge. \*\* Age of player is determined by year (not date) of birth.*

Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

- All Generation adidas players are Off-Budget players.
- Players occupying roster spots 1-24 will earn at least \$44,000 in 2012.
- Players occupying roster spots 25-30 will earn at least \$33,750 in 2012.
- Clubs may elect to leave up to two of these roster spots (25-30) vacant and use \$35,000 for each empty spot as allocation money.
- Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

#### AGE DESIGNATIONS

Any player making \$33,750 must be under the age 25 (does not turn 25 or older in 2012).

#### DOMESTIC / INTERNATIONAL

In 2012, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.

- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).

The three MLS clubs based in Canada – Montreal Impact, Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.

- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

*NOTE: The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.*

## 2012 MLS PLAYER RULES AND REGULATIONS

### PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

#### (A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2011 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is the other club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

#### Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets. A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;
- (5) trading in up to two Off-Budget roster spots;
- (6) funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).
- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$350,000.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

*NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.*

#### (B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2012, a Designated Player over the age of 23\*\* will carry a salary budget charge of \$350,000, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.

A Designated Player 20 years old or younger\*\* counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$250,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradable. \*\* Age of player is determined by year (not date) of birth.

### **(C) SUPERDRAFT**

The 2012 MLS SuperDraft, held Jan. 12 in Kansas City, Mo., consisted of two rounds of 19 picks for a total of 38 player selections. A supplemental draft was held Jan. 17 via teleconference and consisted of four rounds of 19 picks.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

**Draft Order:** The Montreal Impact held the first overall selection in the 2012 MLS SuperDraft as expansion clubs are always given the top spot in the SuperDraft and the Supplemental Draft. The next eight selections went to clubs that did not qualify for the 2011 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

### **(D) TRADES**

Players, SuperDraft and Supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2012 at 5 p.m. ET.

### **(E) DISCOVERY SIGNINGS**

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2012 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

**Note:** To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

### **(F) HOMEGROWN PLAYER SIGNINGS**

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met the League's Homegrown Player criteria. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

### **(G) RE-ENTRY PROCESS**

The 2012 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2012, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

1. Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2013).
2. Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2012 salary).

## 2012 MLS PLAYER RULES AND REGULATIONS

3. Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2012 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

### (H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- (1) A player waived by an MLS team in the current season;
- (2) A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or Supplemental Draft;
- (3) A player who has remaining college eligibility (and was not made available in the SuperDraft or Supplemental Draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- (4) A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- (5) A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

### (I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- (1) Generation adidas players signed after the MLS SuperDraft;
- (2) Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent postseason. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

### (J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

### (K) SEASON-ENDING INJURY REPLACEMENTS (SEASON ENDING INJURY LIST)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

## **(L) SHORT-TERM INJURY REPLACEMENTS (DISABLED LIST)**

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget. Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster.

International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

*NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2012 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.*

## **METHODS OF RELEASING PLAYERS**

### **(A) WAIVERS**

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

### **(B) TRANSFERS AND LOANS**

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

- January 21 – April 15 (Primary Window)
- June 27 – July 27 (Secondary Window)

### **(C) CONTRACT EXPIRATION**

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

### **(D) BUYOUT OF GUARANTEED CONTRACT**

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.
- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

## **RIGHT OF FIRST REFUSAL**

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

### **OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP**

Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

### **DRAFTED BUT NOT SIGNED**

A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

### **PLAYER TRANSFERRED OUTSIDE MLS**

If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

# FIRE DEPARTMENT

OUR CITY. OUR CLUB.

### TOYOTA PARK

7000 S. Harlem Ave.  
Bridgeview, IL 60455  
Phone: 708-594-7200  
Fax: 708-496-6060  
[www.toyotapark.com](http://www.toyotapark.com)

For its first nine years, the Chicago Fire was the nomadic franchise of Chicago sports, having moved twice, once from the old Soldier Field to Naperville's Cardinal Stadium in 2002 and then back to the lakefront and the renovated version of Soldier Field in fall of 2003. But the team's third move would be its last, as the Fire proudly called the Village of Bridgeview and the brand-new **TOYOTA PARK** its home beginning in June of 2006.

**TOYOTA PARK**, the Midwest's preeminent outdoor live entertainment and sporting facility, is Chicagoland's best multipurpose sports and entertainment destination. Not only does it serve as the home of the "Men in Red", but **TOYOTA PARK** also hosts a variety of community events, special events and concerts by national and international artists.

Nearly a quarter of a million people flocked to the \$98 million facility on the corner of 71st Street & Harlem Avenue for soccer events in the venue's first year in 2006, with **TOYOTA PARK**'s Grand Opening Match, the highly-anticipated Sierra Mist MLS All-Star Game against English giants Chelsea FC, and the 2006 Lamar Hunt U.S. Open Cup Final highlighting a jam-packed calendar. **TOYOTA PARK** reached its highest soccer attendance ever on Aug. 8, 2010 as 21,868 fans packed into the soccer specific stadium to watch the Fire take on the New York Red Bulls. Those in attendance experienced an atmosphere unique to the Chicago professional sports landscape and witnessed one of the best soccer-specific stadiums in Major League Soccer.

The canopy roof, brick façade, stone arched entryway, and midfield player tunnel are all aspects that make **TOYOTA PARK** a unique soccer specific-stadium in the United States, incorporating both American and traditional European design styles. Beginning in 2007, **TOYOTA PARK** became the home of the Illinois State Soccer Association's Hall of Fame on the stadium's southeast corner, consisting of both the ISSA Wall of Fame and a History of Soccer in Illinois display.

While the Fire is the primary tenant of **TOYOTA PARK**, the facility will continue to host some of the biggest acts in music as one of Chicagoland's best places to enjoy live music, utilizing the permanent stage on the stadium's south end and an additional 8,000 field-level seats to convert itself into a state-of-the-art, 28,000-seat concert venue.

For more information on events at **TOYOTA PARK**, including an updated calendar, please visit [www.toyotapark.com](http://www.toyotapark.com).

## FIRE IN THE COMMUNITY

### IN THE COMMUNITY

Each year, the Chicago Fire Soccer Club along with its charitable arm, the Chicago Fire Foundation, continues to reinforce its leadership role in the community. The Fire is focused on its mission to remain a championship team with a social conscience. For the Fire, excellence on and off the field is a priority and the organization is dedicated not only to the success of the club, but also to the success of the surrounding community. The Chicago Fire is committed to providing the necessary leadership in developing programs that encourage young people to achieve their goals through education and lend a helping hand to the area's underprivileged individuals.

### ILLINOIS HIGH SCHOOL SOCCER ALL-STATE ACADEMIC TEAM

The Chicago Fire Soccer Club, in conjunction with the Illinois High School Soccer Coaches Association, names the Boys' High School Soccer All-State All-Academic Team each season. High School coaches from across the state nominate boys that have earned a G.P.A. of 'B' or higher, as well as have participated in at least two other school or community related extra-curricular activity.

Twenty-three boys are selected to the All-State All-Academic First Team each fall. Those selected to the All-State Academic First Team are honored at the Illinois High School Soccer Coaches Association All-State Banquet, while the Fire also recognizes the First Team student-athletes at a Chicago Fire match. The Fire also recognizes dozens of additional students on its 2nd team, Special Mention and Honorable Mention teams.

### CHICAGO FIRE KIDS CLUB

Since 2003, The Chicago Fire Kids Club has been the official Chicago Fire supporters group exclusively for Fire fans age 14 and under. Membership is free of charge and Kids Club members can enjoy benefits such as:

- Monthly Kids Club newsletters
- Special Chicago Fire giveaways
- Invitation to an exclusive "Kids Club Only" autograph session
- Access to the Kids Club section of the Chicago Fire website

Kids Club members who attend a minimum of three Chicago Fire regular season games at TOYOTA PARK and pick up their exclusive Fire giveaways at each game will gain admittance to a special autograph session with select Fire players. Fans age 14 and under can sign up to be a member of the Chicago Fire Kids Club online at [www.chicago-fire.com/kidsclub](http://www.chicago-fire.com/kidsclub) or at Kids Club Headquarters during Chicago Fire regular season home games.

### SPARKY PRESENTED BY MEIJER

The Chicago Fire Soccer Club, in conjunction with Meijer, is proud to have Sparky, the spirited Dalmatian with soccer ball spots, as the team's official mascot for a 14th season. Sparky's flair for dribbling, passing and scoring made him a natural to join the Fire prior to its inaugural season in 1998, and he's served on behalf of the "Men in Red" at every home game and dozens of community events and special corporate gatherings each year since. Sparky is branching out even more in the Chicagoland area as an ambassador for the team's official fan club, the Chicago Fire Kids Club. Sparky's contribution on the field and in the community has made him one of the most notable mascots in the Chicagoland area.

### FIRE GOES GREEN

The Chicago Fire Soccer Club and TOYOTA PARK are excited to provide a "greener" game-day experience for our fans! We are continuing to encourage fans to do their part to help protect their community and the Earth – take public transportation or carpool to our games, recycle in the bins located around the stadium, and use energy CFL light bulbs at home. Learn more at [www.chicago-fire.com/green](http://www.chicago-fire.com/green).

### CHICAGO FIRE FOUNDATION

The Chicago Fire Soccer Club's goal on the field is to play hard and win. Its goal off the field is to contribute to the quality of life in Chicago and its surrounding communities. Through the Chicago Fire Foundation, the Fire is able to give back to the community by developing programs that reach out to Chicagoland's community. Since 1998, the Chicago Fire Foundation, the charitable arm of the Chicago Fire Soccer Club, has made significant contributions to enhance the lives of disadvantaged youth throughout Chicagoland. Each year, we renew our commitment to improve the quality of life of our youth and communities by promoting health, wellness, education and the environment. The Foundation supports organizations that share this vision so as to further extend the investment needed to make a meaningful impact on the lives of our children.

Now entering its 15th year, the Chicago Fire Foundation is a non-profit organization that helps the Chicago Fire Soccer Club contribute to the community through programming and charitable giving. With great pride, the Foundation has donated more than \$1.5 million dollars in grants and contributions. With the generosity of the Fire organization and the surrounding Chicagoland community, the Chicago Fire Foundation looks forward to furthering opportunities to expand programming and outreach.

#### KICKS FOR KIDS

---

The Chicago Fire Soccer Club and Chicago Fire Foundation's "Kicks for Kids" program enables donors to support underprivileged children by giving them the opportunity to experience a Chicago Fire game at TOYOTA PARK. Commitment to the program not only adds to community service efforts; it also provides networking opportunities and other recognition for corporate partners.

During the 2011 season, children from nearly 40 local youth-based organizations were provided the opportunity to experience the excitement of a Chicago Fire home game at TOYOTA PARK. Some of these groups included Columbia Explorers Academy, America SCORES Chicago, Urban Initiatives, Do the Write Thing, Girls On The Run, Boys & Girls Club, YMCA and The Salvation Army.

As an extension of this program, the Chicago Fire Soccer Club teamed up with local contributors and business to celebrate "Kicks for Kids Night," on Wednesday, June 22, 2011 and Thursday, August 18, 2011. Organized by the Fire and Chicago Fire Foundation, these two nights brought a total of over 8,000 underprivileged children from the Chicagoland area to watch the Chicago Fire take on Real Salt Lake and D.C. United. For many of them, this was their first time experiencing a Major League Soccer game.

#### PASSBACK PROGRAM

---

The Chicago Fire Soccer Club's Passback Program helps collect new and gently used soccer equipment which is then redistributed to youth soccer programs in the community. Since its inception, the program has grown enormously and thousands of pieces of equipment have been collected and distributed to schools, clubs and youth organizations across the nation. From a soccer team in Haiti to an after-school program in inner-city Chicago, children's lives around the world have been impacted by this program.

#### URBAN INITIATIVES

---

The Foundation partners with Urban Initiatives, a non-profit organization that runs a health and education soccer program in the Chicago Public Schools. By actively engaging participants in extracurricular activities at a young age, Urban Initiatives empowers youth to live a healthy lifestyle, value education, and enhance their personal and social development.

In 2011, the Chicago Fire Foundation awarded the largest grant in Foundation history with a grant of \$100,000 to Urban Initiatives. With these additional funds, Urban Initiatives was able to expand their program to four new schools, reaching an additional 140 students.

#### TAKE THE FIELD INITIATIVE

---

In November 2011, the Chicago Fire Soccer Club joined Mayor Rahm Emanuel, the Chicago Park District, the Pritzker Traubert Family Foundation, U.S. Soccer Foundation and hundreds of Chicago area children to celebrate the grand opening of the Chicago Fire Soccer Club Field at Pasteur Park. The Take the Field initiative joins public and private resources to build ten artificial turf athletic fields over the next three years throughout the City of Chicago.

Each athletic field will feature an all-weather surface and lighting that will allow the field to be used nine months out of the year. At least three of the fields will be lined for both soccer and football. Thanks to its partners, to date, \$7.9 million has been dedicated to the program.

## THE 'RING OF FIRE'

The "Ring of Fire" tribute began in 2003 in an effort to honor members of the Chicago Fire who have made the team a successful organization and who displayed the qualities the club embodies: leadership, dedication and integrity. The Fire's unique Hall of Fame – the first created by a Major League Soccer club – began in 2003, when then-General Manager Peter Wilt chose former Fire midfielder and captain Peter Nowak to become the inaugural member. The Chicago Fire, in consultation with the current "Ring of Fire" members, select the next honoree.

Nowak chose a hometown hero into the select group in 2004 by nominating Fire forward and Chicago native Frank Klopas. Former Fire defender Lubos Kubik was bestowed the honor in 2005, while in 2006 the award went full circle with the induction of Wilt into the "Ring of Fire." In 2007, former head coach Bob Bradley was selected to join former Fire alumni in recognition for being the club's winningest coach of all time. In 2009, the Fire inducted MLS Original, 1998 MLS Cup Winner and seven-time MLS All-Star Chris Armas into the "Ring of Fire". In honor of each inductee, a banner with each member's name is emblazoned upon a large, jersey-style banner displayed on the east side of TOYOTA PARK.

### 2003 INDUCTEE: PETER NOWAK

As the Fire's first-ever international player signing in December of 1997, big things were expected from Nowak, the fiery ex-captain of the Polish National Team and veteran of the German Bundesliga. Nowak exceeded all expectations in the club's inaugural season of 1998, leading by example with his intelligent and gritty play and natural leadership abilities. Nowak capped his incredible first season with the club by earning MVP honors in the Fire's 1998 MLS Cup victory and just days later capturing the "double" with a win over the Columbus Crew in the 1998 U.S. Open Cup. Nowak also led the Fire to another Open Cup title in 2000 before retiring in 2002.

### 2004 INDUCTEE: FRANK KLOPAS

Klopas was signed by the Fire in 1998 and given a chance to end his professional career where it began – in his hometown. "Kid" Klopas played 40 games and scored 17 points on six goals and five assists for the "Men in Red" during the 1998 and 1999 seasons. Klopas ended the Fire's inaugural season in dramatic fashion with what still ranks as one of the club's most memorable moments on October 30, 1998, as his "golden goal" in overtime gave Chicago a 2-1 victory over the Columbus Crew in front of a rabid hometown crowd at Soldier Field.

### 2005 INDUCTEE: LUBOS KUBIK

After success in some of Europe's top leagues and internationally for his native Czechoslovakia, Kubik brought his skills to the Fire when he was signed on February 19, 1998. The Czech's steady presence on the ball, lethal left foot and world-class marking ability made him an instant leader and one of the most skillful players to ever take the field in Major League Soccer. Kubik's remarkable 1998 season ended with the defender receiving several accolades, including the 1998 Fire Defender of the Year and 1998 BIC MLS Tough Defender of the Year awards and a spot on the 1998 MLS Best XI Team.

## THE 'RING OF FIRE'

### 2006 INDUCTEE: PETER WILT

Wilt was appointed as the Fire's first General Manager in June 1997 and had been the longest-tenured GM with the same MLS team prior to his departure in December 2005. In the club's inaugural season, he guided the Fire to a glorious year as the team captured both the MLS Cup and U.S. Open Cup in 1998. In a span of seven years, Wilt guided the club to seven domestic Cup Finals, capturing four championships (MLS Cup in 1998 and U.S. Open Cup in 1998, 2000 and 2003), three division titles (2000, 2001 and 2003) and the Supporters Shield in 2003. Wilt's acumen for talent was second to none, as he acquired some of the world's best talent such as Nowak, Kubik and Bulgarian legend Hristo Stoichkov, while also focusing on domestic stars such as Chris Armas, DaMarcus Beasley, Carlos Bocanegra, Justin Mapp, and Chris Rolfe, just to name a few – players that helped the Fire reach the MLS postseason for his first six seasons in charge from 1998–2003.

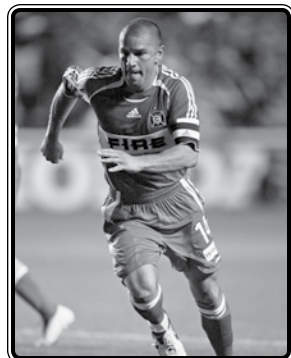

### 2007 INDUCTEE: BOB BRADLEY

Bradley patrolled the Fire sideline from the team's inaugural season in 1998 until 2002, posting an impressive record of 82–54–15 during the club's first five years. The former Fire boss also led the "Men in Red" to three championship victories in that time: the 1998 MLS Cup and the 1998 and 2000 Lamar Hunt U.S. Open Cups. With Bradley at the helm, Chicago also finished atop the Central Division in the 2000 and 2001 campaigns. While with the Fire, Bradley's 82 victories made him the winningest coach in MLS history, a title he still holds today with 124 MLS career wins overall through nine seasons, including stints with the MetroStars (2003–2005) and Chivas USA (2006).

### 2009 INDUCTEE: CHRIS ARMAS

After playing two seasons with the Los Angeles Galaxy in 1996 and 1997, the Adelphi University alum was acquired by the Chicago Fire prior to the team's inaugural 1998 season. During his first season with the Fire, he helped the MLS expansion side win both the 1998 MLS Cup and the 1998 U.S. Open Cup to capture the coveted "Domestic Double". Through the next nine seasons as a player in Chicago, Armas led the Fire to three more U.S. Open Cup Championships (2000, 2003, 2006) and helped the Fire reach the MLS Cup Finals in 2000 and 2003. The seven-time MLS All-Star finished his decorated playing career in 2007 having tallied 12 goals and 48 assists through 214 games. Armas ranks in the top 5 on the Fire's all-time list with 42 assists (2nd), 13 game-winning assists (2nd), 19,018 minutes played (3rd), 214 games played (3rd), and 212 games started (2nd). In 2008, Armas joined the Chicago Fire coaching staff as an assistant coach under Denis Hamlett, helping the Fire reach the 2008 Eastern Conference Finals.

### SPARKY AND KIDS CLUB

#### SPARKY

---

The Chicago Fire Soccer Club is proud to have Sparky, the spirited Dalmatian with soccer ball spots, as the team's official mascot for a 13th season. Sparky's flair for dribbling, passing and scoring made him a natural to join the Fire prior to its inaugural season in 1998, and he's served on behalf of the "Men in Red" at every home game and dozens of community events and special corporate gatherings each year since. Sparky is branching out even more in the Chicagoland area as an ambassador for the team's official fan club, the Chicago Fire Kids Club. Sparky's contribution on the field and in the community has made him one of the most notable mascots in the Chicagoland area.

#### CHICAGO FIRE KIDS CLUB

## CHICAGO FIRE SUPPORTER INFORMATION

Chicago Fire supporters' groups mostly occupy an area in Toyota Park known as "Section 8" stemming from its original location at pre-renovated Soldier Field. The name has stuck, despite changing stadiums and section numbers. At Toyota Park Section 8's physical section are 117/118. Fire supporters are well known domestically for their non-stop chanting, colorful tifo displays and undying support of the club - showing a spirit and devotion typically associated with fans of large clubs worldwide. Section 8 Chicago, the Independent Supporters' Association (ISA) for the Chicago Fire Soccer Club, works on behalf of all fans - affiliated supporters' groups and independent fans alike - to foster a true soccer community. The vision of the ISA is "...to unite all Chicago Fire fans, to create a dominant in-stadium force unseen in any American team sport and to establish a home field advantage whenever the Chicago Fire play." The ISA exists to supplement the efforts of independent fans, coordinate between the supporters groups and act as liaison between all fans and the Chicago Fire Soccer Club. As a non-profit organization, a board of directors is elected yearly at the Annual General Meeting in February by the assembled supporters.

### SECTION 8 CHICAGO.

#### INDEPENDENT SUPPORTERS' ASSOCIATION

The ISA oversees supporters' affairs and acts as liaison between supporters groups and the Chicago Fire club. A registered nonprofit organization, the ISA elects a representative Board of Directors annually. Media note: Delineation should be made between "Section 8 Chicago" (the ISA) and "Section 8" (the physical section supporters occupy on match days).
