## ANDREW HAUPTMAN

**OWNER & CHAIRMAN, CHICAGO FIRE SOCCER CLUB  
CHAIRMAN, ANDELL, INC.**

Andrew Hauptman is the owner and chairman of the Chicago Fire Soccer Club since 2007. Each year, his vision for the club remains the same - for the Fire to become the premier soccer club in Major League Soccer, embodying the spirit and diversity of the city of Chicago and the sport of soccer. Over the past five years he has invested significant resources to build the Fire into a world-class organization, both on and off the pitch. He sets high expectations for the club every year and is passionate about winning, preserving Fire tradition, and fostering connectivity throughout Chicago.

As the League continues to grow and competition increases, the Fire has risen to the challenge and the club's winning tradition continues; the Fire has made the playoffs in 2007, 2008, 2009 and 2012. In 2012, the club posted its best home record at Toyota Park (13-3-3) and its best regular season record in 12 years.

Mr. Hauptman's commitment to the development of the Fire and MLS overall and his global sports experience are evident in the club's strategic initiatives, partnerships and philanthropic efforts. Under his leadership the Fire became one of the first MLS teams to change its structural paradigm, separating soccer operations from the business side of the organization in order to realize greater success in both areas. Mr. Hauptman played an integral role in securing the Fire's first jersey partnership in 2008, and its current jersey partner, the iconic, Chicago-based brand, Quaker Oats. In 2012, the Fire achieved record growth in season ticket holders, corporate partnerships, and further enhanced the matchday experience with the creation of the Second Star Club, the Fire's premier, all-inclusive club at Toyota Park. In recognition of these accomplishments, the Fire was awarded the MLS Corporate Partnership Team of the Year for 2012.

Mr. Hauptman has worked to improve the club's soccer operations, recruiting top management and soccer talent. He played a key role in bringing former Fire star and current Head Coach Frank Klopas back to the club as Fire Technical Director in 2008, bringing U.S. soccer star Brian McBride back to Chicago in 2008, and returning fan favorite Chris Rolfe to the roster in 2012. Under Mr. Hauptman's tenure, the Fire has also inducted two of its legendary players, Chris Armas and C.J. Brown, into the Ring of Fire.

Mr. Hauptman was instrumental in arranging the largest international club match at Soldier Field where the Fire took on Manchester United in front of a sold out crowd of 61,308 in July 2011. He has also established a global scouting network and continues to develop key strategic partnerships with top clubs outside of MLS, including "A Team for the World," the Fire's unique strategic alliance with Atletico de Madrid and nine other clubs around the globe. As a part of this relationship, several Fire players including, 2012 MLS Rookie of the Year, Austin Berry were welcomed by Atletico de Madrid to train with their team in the off-season. In 2009, Mr. Hauptman also led the Fire to form a partnership with Mexican side Club America. The partnership has yielded international matches at Toyota Park, the sharing of best practices and helped facilitate the arrival of two-time Mexican World Cup veteran and Club America standout Pavel Pardo to the club in 2011.

He has also invested significantly in the groundbreaking expansion of the Fire's youth development program. Mr. Hauptman's support of the Fire Academy has seen the program capture championships, as the club's U16 Academy became the first MLS Academy side to win a USSF National Championship. The Academy system has also cultivated players, including the first two homegrown players to the Fire's first team and a record 11 players from the club's PDL program were selected in the 2012 MLS SuperDraft. With his oversight, the club's youth development program has expanded from 400 youths to over 10,000 across seven states in just five years. In 2012 the Fire Academy was ranked in the top five in the nation.

Off the pitch, Mr. Hauptman has worked closely with Section 8 Chicago, the Independent Supporters' Association of the Chicago Fire. In 2010, this collaboration led to the creation of the Chicago Fire Soccer Club Supporters' Charter, a

first-of-its-kind document in North American sports that details the mission and values of the Fire organization and its supporters. This document, now embraced by Fire supporters and staff alike, establishes a covenant of respect, an understanding of expectations, and a mutual commitment to open and honest communications.

Mr. Hauptman has worked to expand the Fire's community efforts and formed the Chicago Fire Soccer Club Advisory Council to ensure the club is working closely and effectively with area businesses, community leaders and non-profit organizations. The Chicago Fire Foundation, the club's charitable arm, has to-date provided over \$1.5 million in grants, contributions and in-kind support. In 2012, the Foundation's two marquee events – the Season Kickoff Luncheon and White Party, sold out, and raised over \$120,000. In 2013, the Chicago Tribune listed the Fire's White Party as one of the top Chicago parties of the year. In 2011, Mr. Hauptman and the Fire partnered with the Pritzker Traubert Family Foundation and the Chicago Parks District for the 'Take the Field' initiative, building a new, open to the public soccer field on Chicago's Southside. During this period, the Fire Foundation also partnered with Urban Initiatives, a nonprofit organization that runs a health and education soccer program in the Chicago public school system. In 2012, the "Kicks for Kids" program enabled over 7,000 disadvantaged youths to attend a Chicago Fire game at Toyota Park. For many of these children it was their first opportunity to see a professional soccer game live. In recognition of the club's overall community and charitable efforts, the Fire received the 2010 MLS W.O.R.K.S. Community Relations annual award.

Mr. Hauptman is the chairman of Andell Inc., a private investment firm and family office that he controls with his wife Ellen Bronfman Hauptman. Andell's current activities are divided between direct investments in public and private companies and partnerships with top-tier investment managers around the globe. Mr. Hauptman oversees the firm's investment, operating, sports, real estate and media businesses. He serves on Major League Soccer's Board of Governors in addition to various MLS Committees including the Competition committee, Media & Marketing committee, and Product & Player Development Strategy committee. He serves on the board of directors of BSN SPORTS, the largest manufacturer, marketer and distributor of sporting goods products directly to the institutional and team sports marketplace, and as chairman of Storage Mobility, the nation's largest franchisee of Portable On Demand Storage (PODS). He has served as a director of numerous public and private companies including Dick Clark Productions, Koor Industries, Loews Cineplex and Canyon Ranch Holdings.

Earlier in his career, Mr. Hauptman worked as an executive with Universal Pictures in London and played a key role in the oversight of its international operations, focusing primarily on the music and filmed entertainment groups. He has also previously worked in restructuring and mergers and acquisitions with Alex. Brown & Sons in New York.

Mr. Hauptman has also produced feature films through his production company, Andell Entertainment. His past films have included "State of Play," starring Russell Crowe and "Millions," directed by Danny Boyle.

Mr. Hauptman is involved in several philanthropic and civic organizations. He is chairman and co-founder of City Year Los Angeles, an education-focused nonprofit that combats the dropout epidemic, and serves as a trustee of City Year's national board. With Mr. Hauptman's oversight, City Year Los Angeles has increased its impact each year since its founding in 2007, and has become the fastest growing City Year site in the nation. Mr. Hauptman also serves as director of The Hauptman Family Foundation, trustee of The Charles Bronfman Prize and honorary chairman of the Chicago Fire Foundation. He is on the board of the Los Angeles Fund for Public Education, Yale University Council and on the Advisory Board of Grassroot Soccer. In addition, Mr. Hauptman participates in several business organizations. He is on the Board of Directors of the Los Angeles World Affairs Council and is a member of the Bel Air and Aspen chapters of Young Presidents' Organization (YPO).

The 57 points the team earned is tied with the 2000 season for the highest point total in club history. The 17-win season was the club's best finish since 2000.

Having served as the club's Technical Director since January 2008, Klopas was appointed interim head coach on May 30, 2011 and led the Fire to a MLS-record sixth Lamar Hunt U.S. Open Cup final, en route to an impressive 7-2-1 league finish, the second best end of season record in the club's 14-year history.

Klopas was officially named the Fire's head coach in November 2011 and transformed the squad into a team that qualified for the MLS Cup Playoffs for the 12th time in the club's 15-year history.

A Chicago soccer icon, Klopas emigrated with his family from Prosimna, Greece to the Windy City at eight-years-old and would go on to lead Mather High School to the Chicago Public School league championship in 1982. Soon after, "Kid Klopas" signed with the Chicago Sting straight out of high school and would go on to appear in 140 games, tallying 62 goals in Major Indoor Soccer League play from 1983-1988.

Having earned his first cap with the U.S. Men's National Team in 1987, Klopas represented the United States at the 1988 Summer Olympics in Seoul, South Korea before returning to his birth country to play for AEK Athens that fall. Klopas would go on to tally 46 appearances and six goals from 1988-92, as the club garnered two Greek Super League titles (1989, 1992) and the Greek League Cup in 1990.

In 1992, Klopas signed with the United States Soccer Federation, electing to play full-time with the U.S. Men's National Team as the country prepared to host the 1994 FIFA World Cup. Klopas would eventually be named to the U.S. roster for the tournament but did not see any playing time as the United States advanced to the knockout round for the first time since 1930.

Following the tournament, Klopas returned to Greece to sign with Apollon Athens, playing 10 matches for the club from 1994-96. He would also play for the U.S. Men's National Team in the 1995 Copa America in Uruguay, scoring in the side's famous 3-0 upset of Argentina en route to a fourth place finish in the tournament. Having signed with Major League Soccer ahead of the league's launch, Klopas was allocated to the Kansas City Wiz in 1996, appearing in 54 matches and scoring seven goals over two seasons with the club.

With the announcement of Chicago as an MLS expansion city to begin the 1998 season, Klopas would return to his hometown via trade to close out his playing career in the Windy City. The hometown hero would go on to lead the expansion Chicago Fire to the "American Double" helping the club to the 1998 MLS Cup in a 2-0 win over D.C. United before scoring the "Golden Goal" days later in a 2-1 extra time victory over the Columbus Crew in that year's U.S. Open Cup final. Playing one more year with the Fire, Klopas announced his retirement following the 1999 season, having tallied 50 appearances and eight goals for the club across all competitions.

The striker would join Bob Bradley's coaching staff the following year, working as the club's Strength and Conditioning Coach during the 2000 season. Klopas spent two seasons as head coach of the MISL's Chicago Storm from 2004-06 before eventually returning to the Fire as the club's Technical Director in January 2008.

2013 MEDIA GUIDE

# CHICAGO FIRE SOCCER CLUB

## AN INTRODUCTION TO CHICAGO FIRE SOCCER PLAYER DEVELOPMENT

Since the launch of the Chicago Fire Soccer Club on October 8, 1997, the franchise has worked diligently to establish itself as the first professional soccer club in the United States to adopt a true "pyramid" of player development that gives young local talent the opportunity to advance from junior-level through to the first team. Today, the Fire has more than 10,000 male and female players participating in regular soccer programs and a renewed commitment from the Fire owner Andrew Hauptman and head coach Frank Klopas signal great things for the future growth of the fully-integrated and progressive Chicago Fire player development program.

The Chicago Fire Premier (ZONE 3-Elite Level) consists of PDL and Super-20 programs that run during the summer, targeting college-aged players. Both teams currently participate in the United Soccer League (USL). In 2007, the Chicago Fire announced the creation of the Chicago Fire Academy (ZONE 2-Growth Level) as an initiative for the advancement of professional development for U16 and U18 boys within the Chicago market. The Fire extended Zone 2 in fall of 2011 with the introduction of the Chicago Fire Youth Academy for U13 to U18 boys based at Toyota Park. In 2012, the Chicago Fire continued to build the Zone 2 platform by becoming the first of its kind in the U.S. to introduce a full funded Academy program from U-10 to U-18. Today eight Zone 2 Academy teams operate out of Toyota Park.

In 2003 the Chicago Fire Juniors (ZONE 1-Base Level) program was formed to train youth soccer players in a professionally run environment and has since expanded to include branches in Illinois, Indiana, Kentucky, Michigan, Mississippi, Louisiana and Florida. Completing the pyramid of player development, Chicago Fire Camps and Training, operated by Youth Elite Soccer (YES), form the entry level to Fire Player Development and programs include Summer Camps, Seasonal Training schemes and an Emerging Talent Program which offers year round supplementary training for players aged 8 to 18.

The Chicago Fire was the first MLS club with a fully-integrated player development pyramid, from the recreation youth level all the way up to the first team MLS side.

## CHICAGO FIRE PREMIER OVERVIEW (ZONE 3-ELITE LEVEL)

Zone 3 consists of the Chicago Fire PDL and Super 20 programs.

### CHICAGO FIRE PDL

---

The Chicago Fire PDL side has been one of the most successful franchises in the United Soccer Leagues Premier Development League since joining the league in 2001 as the Chicago Fire Reserves. Over ten years of play, the team has had an evolution of name changes going to the Chicago Fire Premier in 2004, before becoming just the Chicago Fire in 2008. While the names have changed the Chicago Fire PDL has stamped its dominance on the league, compiling a 121-26-23 regular season record while helping to send 94 players into the professional ranks. In May 2010, former Fire PDL players Jay DeMerit, Ricardo Clark, Jonathan Spector and Brad Guzan joined former Fire first team players Carlos Bocanegra and DaMarcus Beasley on the U.S. Men's National Team roster for the 2010 FIFA World Cup in South Africa. DeMerit and Clark both played in the tournament, helping the U.S. to its first group championship since 1930 and the team's fourth advancement to the knockout stage of the tournament. Some of the team's accomplishments in the past nine seasons include:

- USL record 10-straight playoff appearances (2001-11)
- 7 Division titles (2001-06 & 2008)
- 14 All-USL players
- Highest winning percentage (.712) of all North American teams since 2001
- 2 PDL North American Championship matches (2003, 2009)
- 2 PDL Central Conference Championships (2003, 2009)
- 5 appearances in the Lamar Hunt U.S. Open Cup (2004, 2005, 2009, 2011 and 2012)
- Became just the third PDL team to go undefeated during the regular season, recording a 17-0-1 record in 2004
- 7 former players with US National Team caps (Ricardo Clark, Jay DeMerit, Brad Guzan, Drew Moor, Chris Rolfe, Jonathan Spector, Tim Ream)
- 4 former players with foreign international caps (Gavin Grinton - Turks & Caicos, Vedad Ibišević - Bosnia & Herzegovina, Omar Jarun - Palestine, Pascal Millien - Haiti)
- 94 former players moving to the professional ranks both in the USA and Europe including Chicago Fire first team members Austin Berry and Brendan King.
- 62 players drafted by the MLS, including 11 players in 2012 MLS Superdraft
- PDL alum Austin Berry was named 2012 MLS Rookie of the Year

### CHICAGO FIRE SUPER-20

---

The Chicago Fire Super-20 team was formed in 2007 and plays in the USL's Super-20 League. The Super-20 team provides the opportunity for the top 17-20 year old players in North America with high level competition in the summer months, in conjunction with Premier Development League teams. With the creation of the Super-20 side, Chicago's youth development program has a bridge for players looking to make the progression from Academy teams to the higher PDL level. The Super-20 team had many accomplishments:

- Hosted the 2009 and 2010 Super-20 League Championship in Rockford, IL
- Midwest Division Champions for four consecutive years.
- Qualification for the Super-20 League Championship for three consecutive years.
- Striker Teal Bunbury (Akron University) and defender Aaron Maund (Notre Dame) selected to All-League Team
- 10-0-0 Regular Season record in 2010
- North American Champions (2008, 2012)
- North American Finalists (2007, 2009, 2010)

## CHICAGO FIRE ACADEMY OVERVIEW (ZONE 2 –GROWTH LEVEL)

Zone 2 consists of the Chicago Fire Academy teams from U-10 to U-18 that operate out of Toyota Park.

### CHICAGO FIRE ACADEMY

---

In July of 2007, the Chicago Fire announced the introduction of the Chicago Fire Academy (CFA) as its flag ship Player Development program. The Academy was created to allow the Fire to develop local Chicagoland talent into potential MLS players. The Fire Academy technical staff scouts the surrounding area each year to identify the most talented players ranging in age from 9 to 18. The pool of over 160 players are assigned to a team U-10 through U-18.

The Academy emphasizes the development of these players through professional-level training. Academy technical staff maintains an exclusive focus on the talented players that have aspirations to play at the highest level. The players are groomed in a professional manner receiving the same treatment and amenities as the first team. The CFA players have access to all of the facilities at TOYOTA PARK, an environment conducive to their growth and improvement. Players are able to use the same weight room, training room, practice fields, and locker room as the first team. Their training includes strength and conditioning, nutritional management, mental preparation, match and video analysis, and more. The players train year-round, usually 4-5 days per week, and play against other high-level talent from across the country in the US Soccer Developmental Academy League (USDA), U.S. Club Soccer's National Premier League (NPL), U.S. Youth Soccer Midwest Regional League (MRL) and other local leagues. 2010 was a benchmark year for the program with the CFA becoming the first MLS academy to travel and train, in-full, with a MLS club during a preseason tour. By integrating its U-16 and U-18 clubs into MLS preseason, the Fire took the first real steps towards an all-encompassing program that incorporates the youth development game with the professional game. 2010 also saw the CFA become the first MLS Academy to be crowned National Champions when the U16 Academy team beat Cal Odyssey in Los Angeles to be clinch the United States Development Academy U16 National title. To finalize a phenomenal 2010 season, Victor Pineda a 17 yr old Bolingbrook native became the first Homegrown player in Chicago Fire's history to be signed to a professional MLS contract. Also, he was the first player to benefit from the club's Pyramid of Player Development as Victor progressed from the Chicago Fire Juniors to the Academy and finally to the MLS roster. 2012 marked another banner year for the CFA. The U-17/18 Academy finished with a 19-4-3 record good for second best in the USDA .The U-15/16 finished 20-4-6 and advanced to the U-15/16 USSDA Finals Week competition in Houston, TX.

Players in the CFA participate in a training program that makes each individual eligible for the Major League Soccer Home Grown Talent Initiative. The Home Grown Talent Initiative is designed to allow teams to sign local players to MLS contracts without entering the MLS SuperDraft, strengthening the relationship between the Fire and the community. The Chicago Fire Academy allows players to participate at no cost to the player and the Academy does not jeopardize a player's NCAA eligibility. As members of the Academy, players are not allowed to participate with, other club or ODP teams, as the player focuses on the Academy after their educational obligations. The Academy recruits players solely on their playing ability and potential and their desire to play professionally, regardless of their socio-economic background.

## CHICAGO FIRE YOUTH SOCCER CLUB

---

The Chicago Fire Youth Soccer (CFYSC) is an extension of the club existing academy program and targets elite boys aged 12 to 18 years. In the Fall of 2011, the Fire made the move to bring all Pre-Academy and Developmental Academy teams to Toyota Park in order to provide a true developmental pathway and to adequately prepare players for the club's full academy program at U13 through U18.

The 5 teams currently participate in U.S. Club Soccer's National Premier League and play in regular Major League Soccer youth events and signature national tournaments such as the Disney Showcase and Dallas Cup. Marc McElligott oversees the technical development of the program and staff coaches include Paul Cadwell, Victor Fernandez, Mike Skupen and Brian Roberts.

"When athletes are in a situation where all the training elements come together, players make incredible strides," says Fire Academy Director Larry Sunderland. These training elements are referred to as the four pillars of the CFYSC, and include:

- 1) The most comprehensive youth soccer facilities available including grass and turf fields, weight and locker rooms as well as professional training and medical staff available at Toyota Park
- 2) The right ratio of practices to games combined with proper scheduling to maximize performance, which includes 3 to 4 contacts per week and a yearly rhythm of training that prepares players to peak at key stages of the season.
- 3) A quality coaching environment with exposure to some of the most knowledgeable soccer minds in the sport.
- 4) A varied level of league and tournament competition that challenges players.

## CHICAGO FIRE EMERGING TALENT PROGRAM

---

The Chicago Fire Soccer Club partner with YES to launch the Emerging Talent Program. This initiative will bring together some of the brightest young soccer players in Chicagoland and expose them to a new, innovative and revolutionary approach to individual player training. The Emerging Talent Program has 2 distinct features: Philosophy (what to coach?) and Pathway (how to coach?)

1) The Emerging Talent Philosophy is a set of concepts that define the Chicago Fire Soccer Club's attitude to working with each individual soccer player and follows a long term player development (LTPD). The LTPD model develops players from an early years 'FUNdamental' stage to 'Training to Win' for older aged players. 'TRAIN LIKE A PRO TO PLAY LIKE A PRO' is an overarching principle all Fire technical staff follow when coaching young players.

2) The Emerging Talent Pathway: this is the practical application of the Chicago Fire Soccer Club's long term player development model and highlights the steps a PLAYER, a COACH and a soccer CLUB can take to receive high quality programming. The Emerging Talent Pathway has 3 levels:

**Club Talent Schools (CTS):** A Spring, Fall & Winter supplementary training program for competitive travel players (7-12 yrs)

**Regional Talent Schools (RTS):** A year round supplementary training program for advanced players (8-14 yrs)

**Elite Performance Centers (EPC):** A 7-week summer league program for elite travel players (U12-U17yrs)

**National Talent Center (NTC):** A 7-week summer league program for elite travel players (U12-U17yrs)

The entry level of the Chicago Fire Pyramid of Player Development, Camps and Training, is operated by Youth Elite Soccer (YES):

Youth Elite Soccer (YES) is a full-service soccer development company, offering innovative camps, training and coaches for players, coaches and club. YES established some basic values that simply reflected how they do business: relationships based on servanthood: a work-ethic marked by mucking (this refers to the grinding style of blue-collar hockey and soccer players, working the boards and the corners); and an approach to coaching kids that sparks the imagination. YES has a three tiered approach to working within the soccer community:

### Developing the SOCCER PLAYER...Chicago Fire Camps and Training offer:

- Camps Programs for every age and skill level.
- Year round Talent Schools for the individual player.
- Specialty Player Clinics in all technical & tactical aspects of the beautiful game

### Educating the SOCCER COACH...Chicago Fire Camps and Training offer:

- Soccer Certification for the aspiring recreation, competitive & advanced coach

## 2012 IN REVIEW

Fresh off a torrid end-of-season run that saw the team come up just short of hardware in the U.S. Open Cup final and miss out on the MLS postseason by only three points, the club removed the interim tag from Frank Klopas' title, making the Fire Original the sixth head coach in club history.

After missing the playoffs the previous two seasons, the Fire officially began the new Klopas era on March 17, using Dominic Oduro's 71st minute equalizer to earn a 1-1 draw in the expansion Montreal Impact's MLS home opener in front of nearly 60,000 fans at Olympic Stadium. In the home opener a week later, Oduro would head the Fire past Philadelphia 1-0 to end the month of March with four points.

The Fire were boosted by the early season signings of former German World Cup defender Arne Friedrich and the return of second all-time leading goal scorer Chris Rolfe from Denmark. Days after Rolfe came back to the Windy City though, an ankle injury in training would keep him from making his debut in a 3-2 win over Toronto FC on April 21.

Over much of the next two months, the Fire would earn points one week, then drop them the next. Come-from-behind wins away to Chivas USA and against Sporting KC surrounded a 0-0 draw vs. Real Salt Lake at home at the beginning of May. Towards the end of the month, the team would take its first Brimstone Cup in a 2-1 win over FC Dallas but the result would be sandwiched between a 2-1 losses away to Portland and rivals Columbus.

On May 29 the Fire suffered a shock 3-2 extra time defeat away to USL Premier Development League side Michigan Bucks in the third round of the Lamar Hunt U.S. Open Cup. A 2-0 defeat to New England on June 2 days later left the Fire on a three-game losing streak across all competitions.

The team would regroup over the short international break and received a boost with the return of forward Chris Rolfe, who scored the third goal in the team's 3-1 victory over Red Bull on June 17. A week later, the Fire would start their first winning streak of the season, downing Columbus 2-1 at Toyota Park. The next Friday they would begin to announce their intentions in the East by sustaining constant pressure away to Sporting KC before leaving LiveStrong Sporting Park with a 1-0 victory to end the month of June.

Though they went 1-2-2 through the month of July, the team received offensive reinforcements with the signing of Dutch forward Sherjill MacDonald and the addition of Uruguayan midfielder Alvaro Fernandez from Seattle. The team ended the month with some fire in their bellies after eight minutes of stoppage time in the July 28 match at San Jose allowed the Earthquakes to grab a late equalizer after Rolfe hit a stunning strike just before halftime.

Following the disappointing result, the team would again go on a three-game winning streak, downing Toronto FC (2-1), Philadelphia (3-1) and New England (2-1) before a 4-2 loss at D.C. United to end August. The defeat was a small blemish on the side's record through August and September as they rattled off four straight wins over Houston, Toronto, Montreal and Columbus to bring the team's record to seven wins in eight matches.

The run would put the Fire on the brink of their first postseason berth since 2009 and set up a top of the East clash on September 28 at Sporting KC. But in the highly anticipated match, Graham Zusi found the early goal and led SKC to the 2-0 victory and took sole possession of first place in the Eastern Conference.

Returning home for the team's 15th anniversary match on October 3, the Fire again failed to clinch a playoff berth, falling 3-1 at the hands of the Philadelphia Union. Days later Klopas' side faced a difficult match away to New York but a Sherjill MacDonald brace to a 2-0 win at Red Bull Arena, set up their playoff qualification the following day when Sporting KC drew 1-1 with the Columbus Crew.

A postseason ticket booked, the Fire would look to use the last two matches of the season to battle for positioning but a difficult 1-0 loss to New England on the turf at Gillette Stadium setup an all-important final day clash at home vs. D.C. United on October 27. Despite peppering the United frame throughout the affair, Patrick Nyarko's 16th minute strike from distance was all the side could muster in the 1-1 draw, forcing the team to a fourth-place finish and setting up a one-game Knockout Match vs. Houston days later at Toyota Park.

In that game, the Dynamo ran out to 2-0 lead through a Will Bruin brace before Alex found the back of the net in the 83rd minute. Though the Fire threw everything forward, Houston sustained the pressure and escaped 2-1 winners, knocking the Men in Red out of the postseason at the first hurdle.

While 2012 ended with some disappointment, the club did find many successes. Klopas' side tied the club record for most points (57) and wins (17) in a season in the post-shootout era as well as establishing a base core for the coming season.

## LAMAR HUNT U.S. OPEN CUP

Since its founding in 1998, the stated mission of the Chicago Fire on the field has been to capture two trophies every year – the MLS Cup and the Lamar Hunt U.S. Open Cup. This year is no different, and the Fire enter 2013 as the undisputed kings of the modern era of the tournament, having hoisted the coveted Dewar Trophy four times – 1998, 2000, 2003 & 2006 – in just fifteen years of play.

The U.S. Open Cup, which is recognized as U.S. Soccer's National Championship, is an annual competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. The tournament has crowned a champion for 98 consecutive years dating back to 1914.

The Fire have taken pride in competing in the U.S. Open Cup, and its results reflect that mindset. Since 1998, the "Men in Red" have racked up an impressive 30-10-4 record in the Open Cup, which has helped the squad reach the semifinals round on eight out of 15 occasions and the tournament's final six times. The 2006 title marked the ninth time a team from Chicago won the Open Cup and made the Fire one of five teams to capture the crown at least four times in the tournament's nearly century-long history.

### REGULAR SEASON:

---

Each of the 19 MLS clubs will play 34 games, 17 at home and 17 away.

#### WESTERN CONFERENCE (24 In-Conference + 10 Out-Of-Conference Games)

- Western Conference clubs will play each West opponent 3 times (24 games):
- West clubs will play 4 conference opponents twice at home and once away.
- They will play the other 4 conference opponents once at home and twice away.
- The home and away games are reversed from 2012.
- Western Conference clubs will play each East opponent once each (10 games):
- 5 of these will be at home and 5 will be away.
- The East opponents that each team faces at home and away are reversed from 2012.

#### EASTERN CONFERENCE (25 In-Conference + 9 Out-Of-Conference Games)

- Eastern Conference clubs will play 25 games against other East clubs:
- East teams will play 7 conference opponents three times each (21 games) and
- 2 conference opponents twice each (4 games); these will not be the same conference opponents they faced twice in 2012.
- Eastern Conference clubs will play each West opponent once each (9 games):
- Some will play 4 at home and 5 away while others will play 5 at home and 4 away.
- The West opponents that each team faces at home and away are reversed from 2012.

### POINT SYSTEM

---

Teams will receive three points for a win, one point for a tie and zero points for a loss.

### REFEREES

---

All referees in MLS are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. Referees for all MLS games will be trained, assigned and evaluated by PRO (Professional Referee Organization).

### GAME CLOCK

---

The official game time for all Major League Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. "stoppage time") at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a "+" sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at "48+."

## 2013 MAJOR LEAGUE SOCCER RULES OF COMPETITION

### GAME DAY ROSTERS

---

Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

### CAUTIONS AND SUSPENSIONS

---

A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction that resulted in his being awarded a yellow card. A second suspension of one game would result after the awarding of an additional three cards, as would a third suspension after the awarding of card number eleven. When one yellow card away from being suspended for caution accumulation, if a player appears in three consecutive games without receiving a yellow card or disciplinary sanction, the player will have one yellow card expunged. A player may take advantage of the "Good Behavior" incentive only once throughout the season.

### MLS CUP PLAYOFFS: FORMAT

---

#### WHO QUALIFIES

Ten teams, the top five in points from each conference at the end of the regular season, qualify for the 2013 MLS Cup Playoffs.

The fourth and fifth place teams in each conference will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the first place team in the conference.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The two Conference Championships will be decided by a two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

MLS Cup will be a single championship match hosted by the finalist with the most regular season points. If the two finalists have the same number of regular season points, the tiebreakers for playoff qualification will be applied to determine the host team.

If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by kicks from the penalty mark, if necessary.

#### TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

When two or more teams are tied in the standings on points (3 points for a win, 1 point for a draw, 0 points for a loss), the following tiebreakers will be used in the sequence below, until one team ranks ahead of the other(s):

1. Most Wins
2. Goals For (See column labeled GF on [www.MLSsoccer.com/standings](http://www.MLSsoccer.com/standings) page)
3. Goal Differential (GD)
4. Fewest Disciplinary Points
5. Road Goals
6. Road Goal Differential
7. Home Goals
8. Home Goal Differential
9. Coin Toss (2 teams) or Drawing of Lots (3 or more)

### MLS CUP PLAYOFFS:

---

- 10 clubs will qualify for the MLS Cup Playoffs – the top five in points from each conference at the end of the regular season.
- The 4th- and 5th- place teams will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the 1st-place team in the conference.
- The Conference Semifinals will be decided by a two-game, aggregate-goal format (same as 2011).
- The Conference Championships will be decided by a two-game, aggregate-goal format (change from recent years).
- MLS Cup will be hosted by the finalist that finished the regular season with the most points in the standings.

### CALENDARIO

---

Cada club juega 34 partidos de temporada regular; 17 partidos de local, 17 partidos de visita.

- Jugarán contra los otros cuatro rivales de la misma conferencia una vez en casa y dos veces de visita.
- Los partidos en casa y de visita se revertirán en 2013.

**Los clubs de la Conferencia Oeste jugarán una vez contra cada equipo del Este (10 partidos):**

- 5 de estos encuentros serán en casa y 5 de visita.
- Los equipos del Este a los que se enfrente cada equipo en casa y de visita se revertirán en 2013.

**CONFERENCIA ESTE** (25 partidos dentro de la conferencia + 9 partidos fuera de la conferencia)

**Los clubs de la Conferencia Este disputarán 25 partidos contra otros clubs del Este:**

- Los equipos del Este jugarán tres veces contra 7 rivales de la misma conferencia (21 partidos) y
- 2 veces contra dos equipos de la misma conferencia (4 partidos).

**Los clubs de la Conferencia Este jugarán una vez contra cada equipo de la Conferencia Oeste (9 partidos):**

- Algunos jugarán 4 partidos en casa y 5 de visita, mientras que otros jugarán 5 en casa y 4 de visita.
- Los rivales del Oeste a los que se enfrente cada equipo se revertirán en 2013.

### SISTEMA DE PUNTAJE

---

Equipos recibirán tres puntos por una victoria, un punto por empate y cero punto por una derrota.

**ÁRBITRAJE:** Todo árbitro en la MLS es árbitros nacionales asignados por la U.S. Soccer Federation (USSF) o la Canadian Soccer Association (CSA). Todo partido jugado en territorio estadounidense será asignado un árbitro de USSF, y todo partido jugado en territorio canadiense será asignado por CSA.

### TIEMPO DE JUEGO

---

El tiempo oficial de todo partido de la Major League Soccer será manejado por el árbitro central. Si es necesario, el árbitro puede designar tiempo de compensación al final de cada período (primer tiempo, segundo tiempo, y si es necesario un primer período de tiempo extra y un segundo período de tiempo extra) para complementar los minutos por razones de lesión, pérdida de tiempo u otros disturbios.

El reloj del estadio mostrará el tiempo de 0:00 a 45:00 y de 45:00 a 90:00 (además de tiempo de compensación donde sea aplicable). Por razones de estadísticas, minutos para goles, sustituciones, tarjetas amarillas, etc., serán colocados del primer minuto hasta el minuto 90. Un gol anotado a los 15 minutos y 10 segundos será anotado como el minuto 16. Eventos que ocurren durante el tiempo de compensación seguirá la norma internacional y será demarcada con la señal "+" y los minutos extra. Por ejemplo, un gol anotado tres minutos dentro del tiempo de compensación del primer tiempo será identificado oficialmente como el minuto "48+".

### NOMINAS DEL DIA DEL PARTIDO

---

Cada club puede nombrar 18 jugadores a la nómina del partido. Se le permite tres sustituciones a cada club por partido.

## REGLAS DE COMPETENCIA DE LA MAJOR LEAGUE SOCCER

### AMONESTACION Y SUSPENSION

Un jugador será suspendido por un partido después de sumar su quinta amonestación - sin importar la naturaleza de la infracción que resultó en la amonestación. Una segunda suspensión de partido resultará tras haber sumado tres tarjetas amarillas adicionales. Una tercera suspensión sería después de acumular 11 tarjetas. Con el aliciente de "Buena Conducta" es posible que un jugador obtenga la cancelación de su amonestación. Si un jugador lleva tres cotejos sin recibir una tarjeta amarilla, después de una advertencia inicial, dicho futbolista tendrá una tarjeta amarilla cancelada. Un jugador puede tomar ventaja del incentivo de la "Buena Conducta" solo una vez durante la temporada.

### FORMATO DE LA LIGUILLA MLS

#### QUIEN CLASIFICA

Diez clubes, los mejores cinco en puntos de cada conferencia al final de la temporada regular, clasifican a la Liguilla rumbo a la Copa MLS. El 4o y 5o clasificados jugarán un único partido de eliminación, el ganador del cual avanzará a las semifinales de conferencia para enfrentarse al equipo que acabó en primer lugar dentro de la conferencia.

Las cuatro semifinales de conferencia se definirán en formato de ida y vuelta con marcador global. El club clasificado con menos puntos (en la temporada regular) será local en el primer partido de la serie. El club con mayor puntaje será sede en el segundo partido (o partido de vuelta). Si el marcador global está empatado después de los 180 minutos de juego, dos periodos completos de 15 minutos se jugarán, seguidos por tiros del punto penal, si es necesario.

Las dos finales de conferencia se jugarán en formato de ida y vuelta con marcador global. El club clasificado con menos puntos (en la temporada regular) será local en el primer partido de la serie. El club con mayor puntaje será sede en el segundo partido (o partido de vuelta). Si el marcador global está empatado después de los 180 minutos de juego, dos periodos completos de 15 minutos se jugarán, seguidos por tiros del punto penal, si es necesario.

La Copa MLS se disputará en el estadio del finalista que haya terminado la temporada regular con más puntos en la clasificación. En caso de un empate después de los 90 minutos reglamentarios, dos periodos de 15 minutos se jugarán, seguido por los tiros del punto penal, si son necesarios.

#### PROCEDIMIENTOS DE DESEMPATES EN LA CLASIFICACIÓN

El club con la mejor posición en la clasificación de la MLS será el club con el mayor número de puntos (3 puntos por victoria, 1 punto por empate, 0 puntos por una derrota). En el evento que dos clubes terminen la temporada regular con un mismo número de puntos, se aplicará el siguiente sistema para el desempate:

- 1) La mejor clasificación será para el club con el mejor récord de victorias y derrotas en temporada regular contra todos los otros equipos que se encuentran empatados en puntos (cara a cara)
- 2) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club con la mayor diferencia de goles en comparación al resto de clubes durante la temporada regular (diferencia en goles)
- 3) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club que anotó el mayor número de goles contra todos los clubes durante la temporada regular (total de goles)
- 4) Si los clubes siguen empatados en la tabla, los reglamentos presentados en esta sección aplicarán solo a los partidos jugados de visitante por cada club contra el resto de equipos durante la temporada regular (de visita 1-3)
- 5) Si los clubes siguen empatados en la tabla, los reglamentos presentados en esta sección aplicarán solo a los partidos jugados en casa por cada club contra el resto de equipos durante la temporada regular (en casa 1-3)
- 6) Si los clubes siguen empatados en la tabla, la mejor clasificación será para el club con el menor número de puntos disciplinarios en la tabla de Fair Play (Juego Limpio) de la liga durante la temporada regular.
- 7) Si los clubes siguen empatados en la tabla, la mejor clasificación será determinada por un sorteo.
- 8) El primer desempate para un empate entre tres es también cara a cara, pero es determinado por los puntos-por-partido versus los otros dos equipos. Si los dos equipos están empatados en los puntos-por partido cara a cara, el siguiente desempate es la diferencia en goles.

NOTA: Si dos equipos siguen empatados después que se determine un mejor clasificado (tras un empate entre tres), el sistema comienza de nuevo con el primer paso del procedimiento presentado arriba para un empate entre dos.

(El reglamento encontrado aquí es una versión traducida del Inglés, del cual cualquier caso de confusión, será la versión oficial.) (as of January 27, 2012)

### SYSTÈME DE POINTS

---

Les équipes se verront attribuer trois points pour une victoire, un point pour un match nul et zéro point pour une défaite.

### ARBITRES

---

Tous les arbitres de MLS sont des arbitres nationaux soit de la Fédération américaine de soccer (USSF) soit de l'Association canadienne de soccer (ACS). Toutes les désignations pour des matchs de MLS joués aux États-Unis seront effectuées par l'USSF et toutes les désignations pour des matchs joués au Canada seront effectuées par l'ACS.

### CHRONOMÈTRE

---

Le chronomètre officiel de tous les matchs de Major League Soccer sera géré sur le terrain par l'arbitre. Si nécessaire, l'arbitre peut également ajouter du temps additionnel (appelé aussi « arrêts de jeu ») à la fin de chaque période (première mi-temps, deuxième mi-temps et, le cas échéant, première période de prolongation et deuxième période de prolongation durant des matchs à élimination directe) pour compenser les blessures, les gains de temps et les autres perturbations.

L'horloge du stade affichera le temps de 0:00 à 45:00 et de 45:00 à 90:00 (plus les arrêts de jeu éventuels de chaque mi-temps). Pour des besoins statistiques, les minutes des buts, des changements, des cartons jaunes, etc. seront notées de la 1<sup>e</sup> à la 90<sup>e</sup> minute. Un but marqué après 15 minutes et 10 secondes sera noté comme étant marqué à la 16<sup>e</sup> minute. Les événements qui se produisent dans les arrêts de jeu seront soumis à la norme internationale en étant spécifiés par un signe « + » et les minutes additionnelles. Par exemple, un but inscrit à la troisième minute du temps additionnel de la première mi-temps sera officiellement identifié comme ayant eu lieu à « 48+ ».

# RÈGLEMENT DE LA COMPÉTITION EN MAJOR LEAGUE SOCCER

## EFFECTIFS POUR LE JOUR DE MATCH

Chaque équipe peut désigner 18 joueurs pour faire partie de son effectif le jour du match. Les équipes ont le droit d'effectuer trois changements par match.

## AVERTISSEMENTS ET SUSPENSIONS

Un joueur sera suspendu pour un match après avoir reçu son cinquième carton jaune – peu importe la nature de l'infraction lui valant un carton jaune. Une deuxième suspension d'un match sera infligée après trois cartons jaunes supplémentaires ; une troisième suspension sera infligée après le onzième carton jaune. Avec la mesure d'incitation au « bon comportement », un joueur peut voir un avertissement être effacé. Si un joueur dispute trois matchs sans recevoir de carton jaune, après avoir écopé d'un avertissement au préalable, le joueur verra un carton jaune être effacé. Un joueur ne peut tirer avantage de la mesure d'incitation au « bon comportement » qu'une seule fois au cours de la saison.

## SÉRIES ÉLIMINATOIRES (PHASE FINALE) DE LA COUPE MLS : FORMAT

### QUI SE QUALIFIE

Dix équipes, les cinq comptant le plus de points au sein de leur conférence respective à l'issue de la saison régulière, se qualifient pour les séries de la Coupe MLS 2012.

Les 4<sup>e</sup> et 5<sup>e</sup> du classement de chaque conférence s'affronteront lors d'un duel à élimination directe disputé sur un seul match dont le vainqueur sera qualifié pour les demi-finales de conférence, où il affrontera le 1<sup>er</sup> du classement de sa conférence.

Les quatre demi-finales de conférence se joueront en matchs aller-retour, l'équipe la moins bien classée jouant le match aller à domicile et l'équipe la mieux classée jouant le match retour à domicile. L'équipe qui marque le plus de buts sur l'ensemble des deux matchs se qualifie pour le tour suivant. Si après 180 minutes, les deux équipes ont marqué le même nombre de buts au total des deux matchs, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

Les deux finales de conférence se joueront en matchs aller-retour, l'équipe la moins bien classée jouant le match aller à domicile et l'équipe la mieux classée jouant le match retour à domicile. L'équipe qui marque le plus de buts sur l'ensemble des deux matchs se qualifie pour le tour suivant. Si après 180 minutes, les deux équipes ont marqué le même nombre de buts au total des deux matchs, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

La Coupe MLS sera jouée sur un seul match, disputé sur le terrain du finaliste le mieux classé. Si le résultat est nul après 90 minutes, deux périodes de 15 minutes de prolongation seront disputées dans leur intégralité, suivies si nécessaire par une séance de tirs au but.

### PROCÉDURES EN CAS D'ÉGALITÉ AU CLASSEMENT

L'équipe la mieux classée sera celle comptant le plus de points (3 points pour une victoire, 1 point pour un match nul, 0 point pour une défaite). Au cas où deux équipes compteraient le même nombre de points à l'issue de la saison régulière, le système suivant sera utilisé pour les départager :

- 1) L'équipe la mieux classée sera celle ayant obtenu les meilleurs résultats (victoires/défaites) lors des confrontations directes entre toutes les équipes à égalité. (confrontations directes)
- 2) Si l'égalité persiste, l'équipe la mieux classée sera celle comptant la meilleure différence de buts générale (contre toutes les autres équipes). (différence de buts générale)
- 3) Si l'égalité persiste, l'équipe la mieux classée sera celle ayant marqué le plus grand nombre de buts en saison régulière contre toutes les autres équipes. (buts marqués)
- 4) Si l'égalité persiste, les procédures décrites dans cette section seront appliquées seulement pour les matchs de saison régulière joués à l'extérieur par chacune des équipes à départager contre toutes les autres équipes. (extérieur 1-3)
- 5) Si l'égalité persiste, les procédures décrites dans cette section seront appliquées seulement pour les matchs de saison régulière joués à domicile par chacune des équipes à départager contre toutes les autres équipes. (domicile 1-3)
- 6) Si l'égalité persiste, l'équipe la mieux classée sera celle comptant le moins de points disciplinaires au classement de l'Esprit sportif de la ligue durant la saison régulière.
- 7) Si l'égalité persiste, le classement des deux équipes sera déterminé par un tirage au sort (pile ou face).
- 8) Le premier critère pour départager trois équipes à égalité est aussi celui des confrontations directes mais le calcul est fait en fonction du nombre de points par match contre les deux autres équipes. Si deux équipes sont à égalité au nombre de points par match lors des confrontations directes, la différence de buts est le critère de départage suivant.

NOTE : Si deux clubs restent à égalité après qu'un autre club ait obtenu un meilleur classement lors d'une quelconque étape, la procédure reprend à la première étape pour le format à deux clubs. ## 2013 MLS PLAYER RULES AND REGULATIONS

### MLS ROSTER COMPOSITION

---

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

#### SALARY & BUDGET

Players occupying roster spots 1-20 count against the club's 2013 salary budget of \$2,950,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$368,750.\*

\* See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge. \*\* Age of player is determined by year (not date) of birth.

Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

- All Generation adidas players are Off-Budget players.
- Players occupying roster spots 1-24 will earn at least \$46,500 in 2013.
- Players occupying roster spots 25-30 will earn at least \$35,125 in 2013.
- Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

#### AGE DESIGNATIONS:

Any player making \$35,125 must be under the age 25 (does not turn 25 or older in 2013).

#### DOMESTIC/INTERNATIONAL:

In 2013, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.

- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).
- The three MLS clubs based in Canada – Montreal Impact, Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.
- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

*NOTE: The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.*

### PLAYER ACQUISITION MECHANISMS

---

MLS teams may acquire players and add them to their rosters via the following mechanisms:

#### (A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2012 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is the other club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

## 2013 MLS PLAYER RULES AND REGULATIONS

### Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets. A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;
- (6) funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).
- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$368,750.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.

### (B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2013, a Designated Player over the age of 23\*\* will carry a salary budget charge of \$368,750, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.

A Designated Player 20 years old or younger\*\* counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$150,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradable.

\*\* Age of player is determined by year (not date) of birth.

### (C) SUPERDRAFT

The 2013 MLS SuperDraft, held Jan. 17 in Indianapolis, IN, consisted of two rounds of 19 picks for a total of 38 player selections. A supplemental draft was held Jan. 21 via teleconference and consisted of four rounds of 19 picks.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

Draft Order: The first nine selections went to the clubs that did not qualify for the 2012 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

## 2013 MLS PLAYER RULES AND REGULATIONS

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

### (D) TRADES

Players, SuperDraft and Supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 13, 2013 at 5 p.m. ET.

### (E) DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 13, 2013 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

Note: To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

### (F) HOMEGROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met the League's Homegrown Player criteria. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

### (G) RE-ENTRY PROCESS

The 2012 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2012, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

1. Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2014).
2. Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2013 salary).
3. Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2013 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

### (H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

## 2013 MLS PLAYER RULES AND REGULATIONS

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- (1) A player waived by an MLS team in the current season;
- (2) A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or Supplemental Draft;
- (3) A player who has remaining college eligibility (and was not made available in the SuperDraft or Supplemental Draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- (4) A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- (5) A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

### (I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- (1) Generation adidas players signed after the MLS SuperDraft;
- (2) Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent postseason. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

### (J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

### (K) SEASON-ENDING INJURY REPLACEMENTS (Season Ending Injury List)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

### (L) SHORT-TERM INJURY REPLACEMENTS (Disabled List)

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget.

Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster.

International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: No changes may be made to a team's active full roster during the period beginning on September 14, 2013 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.

## 2013 MLS PLAYER RULES AND REGULATIONS

### METHODS OF RELEASING PLAYERS

---

#### (A) WAIVERS

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

#### (B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

February 12 – May 6 (Primary Window)

July 9 – August 8 (Secondary Window)

#### (C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

#### (D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.
- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

### RIGHT OF FIRST REFUSAL

---

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

**OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP:** Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

**DRAFTED BUT NOT SIGNED:** A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

**PLAYER TRANSFERRED OUTSIDE MLS:** If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

# FIRE INFORMATION

2013 MEDIA GUIDE

# CHICAGO FIRE SOCCER CLUB

## TOYOTA PARK

7000 S. Harlem Ave.  
Bridgeview, IL 60455  
Phone: 708-594-7200  
Fax: 708-496-6060  
[www.toyotapark.com](http://www.toyotapark.com)

For its first nine years, the Chicago Fire was the nomadic franchise of Chicago sports, having moved twice, once from the old Soldier Field to Naperville's Cardinal Stadium in 2002 and then back to the lakefront and the renovated version of Soldier Field in fall of 2003. But the team's third move would be its last, as the Fire proudly called the Village of Bridgeview and the brand-new **TOYOTA PARK** its home beginning in June of 2006.

**TOYOTA PARK**, the Midwest's preeminent outdoor live entertainment and sporting facility, is Chicagoland's best multipurpose sports and entertainment destination. Not only does it serve as the home of the "Men in Red", but **TOYOTA PARK** also hosts a variety of community events, special events and concerts by national and international artists.

Nearly a quarter of a million people flocked to the \$98 million facility on the corner of 71st Street & Harlem Avenue for soccer events in the venue's first year in 2006, with **TOYOTA PARK's** Grand Opening Match, the highly-anticipated Sierra Mist MLS All-Star Game against English giants Chelsea FC, and the 2006 Lamar Hunt U.S. Open Cup Final highlighting a jam-packed calendar. **TOYOTA PARK** reached its highest soccer attendance ever on Aug. 8, 2010 as 21,868 fans packed into the soccer specific stadium to watch the Fire take on the New York Red Bulls. Those in attendance experienced an atmosphere unique to the Chicago professional sports landscape and witnessed one of the best soccer-specific stadiums in Major League Soccer.

The canopy roof, brick façade, stone arched entryway, and midfield player tunnel are all aspects that make **TOYOTA PARK** a unique soccer specific-stadium in the United States, incorporating both American and traditional European design styles. Beginning in 2007, **TOYOTA PARK** became the home of the Illinois State Soccer Association's Hall of Fame on the stadium's southeast corner, consisting of both the ISSA Wall of Fame and a History of Soccer in Illinois display.

While the Fire is the primary tenant of **TOYOTA PARK**, the facility will continue to host some of the biggest acts in music as one of Chicagoland's best places to enjoy live music, utilizing the permanent stage on the stadium's south end and an additional 8,000 field-level seats to convert itself into a state-of-the-art, 28,000-seat concert venue.

# CHICAGO FIRE SOCCER CLUB

## THE 'RING OF FIRE'

The "Ring of Fire" tribute began in 2003 in an effort to honor members of the Chicago Fire who have made the team a successful organization and who displayed the qualities the club embodies: leadership, dedication and integrity. The Fire's unique Hall of Fame – the first created by a Major League Soccer club – began in 2003, when then-General Manager Peter Wilt chose former Fire midfielder and captain Peter Nowak to become the inaugural member. The Chicago Fire, in consultation with the current "Ring of Fire" members, select the next honoree.

Nowak chose a hometown hero into the select group in 2004 by nominating Fire forward and Chicago native Frank Klopas. Former Fire defender Lubos Kubik was bestowed the honor in 2005, while in 2006 the award went full circle with the induction of Wilt into the "Ring of Fire." In 2007, former head coach Bob Bradley was selected to join former Fire alumni in recognition for being the club's winningest coach of all time. In 2009, the Fire inducted MLS Original, 1998 MLS Cup Winner and seven-time MLS All-Star Chris Armas into the "Ring of Fire". In 2012, CJ Brown, who wore the Fire badge for his entire MLS career that spanned 13 seasons, was selected to join this prestigious group. In honor of each inductee, a banner with each member's name is emblazoned upon a large, jersey-style banner displayed on the east side of TOYOTA PARK.

### 2003 INDUCTEE: PETER NOWAK

As the Fire's first-ever international player signing in December of 1997, big things were expected from Nowak, the fiery ex-captain of the Polish National Team and veteran of the German Bundesliga. Nowak exceeded all expectations in the club's inaugural season of 1998, leading by example with his intelligent and gritty play and natural leadership abilities. Nowak capped his incredible first season with the club by earning MVP honors in the Fire's 1998 MLS Cup victory and just days later capturing the "double" with a win over the Columbus Crew in the 1998 U.S. Open Cup. Nowak also led the Fire to another Open Cup title in 2000 before retiring in 2002.

### 2004 INDUCTEE: FRANK KLOPAS

Klopas was signed by the Fire in 1998 and given a chance to end his professional career where it began – in his hometown. "Kid" Klopas played 40 games and scored 17 points on six goals and five assists for the "Men in Red" during the 1998 and 1999 seasons. Klopas ended the Fire's inaugural season in dramatic fashion with what still ranks as one of the club's most memorable moments on October 30, 1998, as his "golden goal" in overtime gave Chicago a 2-1 victory over the Columbus Crew in front of a rabid hometown crowd at Soldier Field.

### 2005 INDUCTEE: LUBOS KUBIK

After success in some of Europe's top leagues and internationally for his native Czechoslovakia, Kubik brought his skills to the Fire when he was signed on February 19, 1998. The Czech's steady presence on the ball, lethal left foot and world-class marking ability made him an instant leader and one of the most skillful players to ever take the field in Major League Soccer. Kubik's remarkable 1998 season ended with the defender receiving several accolades, including the 1998 Fire Defender of the Year and 1998 BIC MLS Tough Defender of the Year awards and a spot on the 1998 MLS Best XI Team.

## THE 'RING OF FIRE'

### 2006 INDUCTEE: PETER WILT

Wilt was appointed as the Fire's first General Manager in June 1997 and had been the longest-tenured GM with the same MLS team prior to his departure in December 2005. In the club's inaugural season, he guided the Fire to a glorious year as the team captured both the MLS Cup and U.S. Open Cup in 1998. In a span of seven years, Wilt guided the club to seven domestic Cup Finals, capturing four championships (MLS Cup in 1998 and U.S. Open Cup in 1998, 2000 and 2003), three division titles (2000, 2001 and 2003) and the Supporters Shield in 2003. Wilt's acumen for talent was second to none, as he acquired some of the world's best talent such as Nowak, Kubik and Bulgarian legend Hristo Stoitchkov, while also focusing on domestic stars such as Chris Armas, DaMarcus Beasley, Carlos Bocanegra, Justin Mapp, and Chris Rolfe, just to name a few – players that helped the Fire reach the MLS postseason for his first six seasons in charge from 1998-2003.

### 2007 INDUCTEE: BOB BRADLEY

Bradley patrolled the Fire sideline from the team's inaugural season in 1998 until 2002, posting an impressive record of 82-54-15 during the club's first five years. The former Fire boss also led the "Men in Red" to three championship victories in that time: the 1998 MLS Cup and the 1998 and 2000 Lamar Hunt U.S. Open Cups. With Bradley at the helm, Chicago also finished atop the Central Division in the 2000 and 2001 campaigns. While with the Fire, Bradley's 82 victories made him the winningest coach in MLS history, a title he still holds today with 124 MLS career wins overall through nine seasons, including stints with the MetroStars (2003-2005) and Chivas USA (2006).

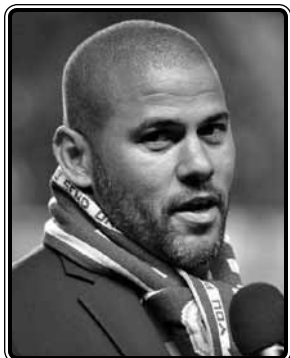

### 2009 INDUCTEE: CHRIS ARMAS

After playing two seasons with the Los Angeles Galaxy in 1996 and 1997, the Adelphi University alum was acquired by the Chicago Fire prior to the team's inaugural 1998 season. During his first season with the Fire, he helped the MLS expansion side win both the 1998 MLS Cup and the 1998 U.S. Open Cup to capture the coveted "Domestic Double". Through the next nine seasons as a player in Chicago, Armas led the Fire to three more U.S. Open Cup Championships (2000, 2003, 2006) and helped the Fire reach the MLS Cup Finals in 2000 and 2003. The seven-time MLS All-Star finished his decorated playing career in 2007 having tallied 12 goals and 48 assists through 214 games. Armas ranks in the top 5 on the Fire's all-time list with 42 assists (2nd), 13 game-winning assists (2nd), 19,018 minutes played (3rd), 214 games played (3rd), and 212 games started (2nd). In 2008, Armas joined the Chicago Fire coaching staff as an assistant coach under Denis Hamlett, helping the Fire reach the 2008 Eastern Conference Finals.

# CHICAGO FIRE SOCCER CLUB

## THE 'RING OF FIRE'

### 2012 INDUCTEE: CJ BROWN

The longest-serving member of the Chicago Fire, defender C.J. Brown won over the hearts of the club's supporters through his grit, hard work and dedication to always playing for the badge during his 13 seasons in the Windy City. The club's all-time leader in competitive (372), MLS regular season (296), MLS Cup playoff (35) and U.S. Open Cup (26) appearances, Brown retired in 2010 as the last remaining "Fire Original" from the inaugural 1998 double-winning side. Captain of the Fire from 2008-09, Brown joins fellow Ring member Chris Armas and goalkeeper Zach Thornton as the only three players to be part of all six of the club's domestic titles.

## SPARKY AND KIDS CLUB

### SPARKY

The Chicago Fire Soccer Club is proud to have Sparky, the spirited Dalmatian with soccer ball spots, as the team's official mascot for a 13th season. Sparky's flair for dribbling, passing and scoring made him a natural to join the Fire prior to its inaugural season in 1998, and he's served on behalf of the "Men in Red" at every home game and dozens of community events and special corporate gatherings each year since. Sparky is branching out even more in the Chicagoland area as an ambassador for the team's official fan club, the Chicago Fire Kids Club. ## CHICAGO FIRE SUPPORTER INFORMATION

Chicago Fire supporters' groups mostly occupy an area in Toyota Park known as "Section 8" stemming from its original location at pre-renovated Soldier Field. The name has stuck, despite changing stadiums and section numbers. At Toyota Park Section 8's physical section are 117/118. Fire supporters are well known domestically for their non-stop chanting, colorful tifo displays and undying support of the club - showing a spirit and devotion typically associated with fans of large clubs worldwide. The vision of the ISA is "...to unite all Chicago Fire fans, to create a dominant in-stadium force unseen in any American team sport and to establish a home field advantage whenever the Chicago Fire play." The ISA exists to supplement the efforts of independent fans, coordinate between the supporters groups and act as liaison between all fans and the Chicago Fire Soccer Club. As a non-profit organization, a board of directors is elected yearly at the Annual General Meeting in February by the assembled supporters.

##### BARN BURNERS 1871

The oldest and largest group, established in 1997 before the Chicago Fire club was founded. Original occupants of Section 8 at old Soldier Field. Only a portion of BB1871 remains in Section 8 at games.

##### BLITZER MOB

Blitzer Mob is the consummation of passion for the City of Chicago, industrial music and the beautiful game. In this industrial city we raise our voices in the day to celebrate soccer, and we raise them in the night to the pulsating sounds of industrial music. Blitzer Mob drowns in the perfect union between these harmonious worlds to create a fortress of game chanting, club dwelling, and concert dancing.

##### FIRE ULTRAS '98

The most notorious of Fire supporters' groups, they occupied Section 9 at Soldier Field when established in 1998 before permanently moving in with Section 8 at the beginning of the 2000 season. FU98 is a Polish group of Fire fans dedicated to supporting their club in the traditional 'Ultras' style common in continental Europe.

##### MIKE DITKA STREET CREW

First recognized as a supporter group in 2002, MDSC members are Fire fans with a decided skin/mod influence not unlike the fans of the St. Pauli club in Germany and an abiding love for their city; and count former Fire GM Peter Wilt as a member.

##### PARTISANS

The Partisans are a group of Chicago Fire supporters that also takes an active interest in leftist politics. Approximately 10 members currently, but would love any unaffiliated supporters who are interested in our group to contact either Ian or Will [preferably both, for the quickest response] for more information.
