# DICK'S SPORTING GOODS PARK

One of the jewels of Denver's sports landscape is the 18,086-seat Dick's Sporting Goods Park, home of the Colorado Rapids. Surrounded by a 24-field, fully lit professional soccer complex, the stadium is located nine miles northeast of downtown Denver and only fifteen miles from Denver International Airport near the intersection of Interstate 70 and Quebec Street.

Dick's Sporting Goods Park anchors the 917-acre Prairie Gateway site that is a public-private partnership between Kroenke Sports & Entertainment and Commerce City. The site also hosts the new Commerce City municipal hall, retail facilities, offices for the U.S. Fish and Wildlife Service, and a visitors' center for the Rocky Mountain Arsenal Wildlife Refuge, among other entities.

Constructed and operated by Kroenke Sports & Entertainment, Dick's Sporting Goods Park cost \$131 million to build, which included construction of the stadium, the 24-field complex, and infrastructure improvements leading to the complex, including road widening.

Stadium amenities include a total of 18 loge-style luxury suites, a unique open concourse design that allows for 360-degree sightlines to the field, and a

world-class grass field with an underground heating and draining system. The stadium also features cutting edge technology, highlighted by its large video scoreboard, LED boards, as well as its fully-integrated digital signboard system.

The stadium opened its doors for the first time to the public on April 7, 2007 when it hosted Major League Soccer's season opener as the Colorado Rapids defeated D.C. United 2-1.

Dick's Sporting Goods Park also hosts other youth and adult sporting events year-round on the fields complex, as well as soccer, lacrosse, rugby, American football, hurling, kickball and dodge ball programs, practices, events and tournaments.

Since the stadium's opening, it has played host to many high-profile concerts and public events, including the inaugural musical performance by Kenny Chesney, the Academy of Country Music's two-time Entertainer of the Year. The concert was attended by over 19,000 fans, with some seated on the stadium field. Other events have included the Mile High Music Festival, a two-day festival which has featured roughly 50 bands on specially constructed stages around the 24 fields surrounding the stadium.

# MEDIA INFORMATION GUIDELINES

The Colorado Rapids Media Relations Department would like to welcome media to the club's 17th season in Major League Soccer. It is our goal to assist all working media in their coverage of the team, and the club has established the following guidelines to maintain an efficient and professional environment for all members of the press.

## Parking

All parking at Dick's Sporting Goods Park is free, and there is no designated media lot. Media members are welcome to take the closest parking spot available upon arrival.

## Media Areas

Credentialed media should enter the stadium at the Media Entrance at Dick's Sporting Goods Park, located on the west side of the stadium between gates G and H. The Media Entrance opens two hours prior to the game and two-and-a-half hours prior to international games or doubleheaders.

The Press Box at Dick's Sporting Goods Park is located on the third level of the stadium, and can be accessed by the stairs or the elevator at the Media Entrance.

Photographers can reach field level via the stairs between Sections 131 and 132. These stairs are on the west side of the stadium, near the Media Entrance.

Access to the locker rooms requires walking to the north building on the concourse level, taking the stairs or elevator to the bottom level and walking to the northeast corner of the building where the visitor and home locker rooms are located.

## Press Box Guidelines

The Press Box at Dick's Sporting Goods Park is on the stadium's third level, and opens two hours prior to kickoff at Rapids matches. Admittance is limited to working media members with credentials only, and the Press Box is a working environment for writers, reporters, broadcasters, and game personnel. Cheering is not permitted in the Press Box. Family members and guests will not be allowed in any working media areas. Abuse of the Press Box and media privileges will result in forfeiture of credentials.

The Press Box includes outdoor seating for all media members, so please dress appropriately for the weather. Food will be provided to working media when available.

## Photographer Guidelines

All media photographers attending Colorado Rapids matches at Dick's Sporting Goods Park are expected to

maintain professional behavior and follow guidelines set forth by Major League Soccer.

Photographers may only shoot game action from field level; no photographs may be taken from the Press Box or seating areas. Prior to the game, photographers may move to midfield to shoot starting lineups, but immediately afterward are required to move behind one of the end lines (either the north or south end of the field) and stay on that side for the entire half. Credentialed photographers may not switch ends of the field during the run of play, nor cross behind the benches.

No photographers are permitted on the field of play at any time, including pre- or post-game.

All credentialed photographers with video cameras are only permitted to film the first 15 minutes of each half of play.

Media members shooting or filming the game will be asked to wear a media bib for the duration of the match; photo bibs can be picked up on the press level in Radio Booth #4.

## Locker Rooms and Pre- or Post-Game Interviews

The Rapids and visitor locker rooms are located in the north building at Dick's Sporting Goods Park. In accordance with MLS policy, media have access to players at the locker rooms until 60 minutes before the game starts and again 15 minutes after the final whistle. Only working media members with prominently displayed credentials will gain admittance to the locker rooms. Your cooperation and professional courtesy is asked in maintaining a proper working atmosphere for postgame interviews. Absolutely no autographs are allowed during media access periods.

Interviews that need advance preparations or special accommodations should be made by calling or emailing the Rapids Media Relations Department. This includes all live television interviews for pre- and post-game.

## Credentialing

All Rapids and Major League Soccer 2012 regular season media credentials will be honored for Rapids home games at Dick's Sporting Goods Park and may also be used at other exhibition matches in the Denver area.

Media organizations may request day-of-game credentials by having an editor submit a request to the Rapids Media Relations Department (David Lindholm, [dlindholm@dsgpark.com](mailto:dlindholm@dsgpark.com), 303.727.3503, or Rachel Sweeney, [rsweeney@dsgpark.com](mailto:rsweeney@dsgpark.com), 303.727.3508) a minimum of 24 hours prior to the game. Credentials will be issued on an availability basis only.

# MEDIA INFORMATION GUIDELINES

Day-of-game credentials can be picked up at media will call, located inside the Media Entrance on the west side of the stadium. All credentials are non-transferable, and any unauthorized or improper use will subject the bearer to ejection from the stadium and confiscation of the credential.

# 2012 COLORADO RAPIDS CLUB

# OWNER & GOVERNOR

## E. STANLEY KROENKE

OWNER & GOVERNOR,  
KROENKE SPORTS & ENTERTAINMENT, LLC

Mr. E. Stanley Kroenke was officially introduced as the owner of the Colorado Rapids on September 23, 2003 and has been a top proponent of soccer in the state of Colorado and the United States ever since.

Kroenke Sports & Entertainment, Mr. Kroenke's Denver-based company, also owns the National Basketball Association's Denver Nuggets, the National Hockey League's Colorado Avalanche, and the National Lacrosse League's Colorado Mammoth. His teams have hosted the 2001 NHL All-Star Game, the 2004 and 2009 NLL All-Star Games, the 2005 NBA All-Star Game and the 2007 MLS All-Star Game, bringing some of the world's most famous athletes to Denver.

KSE's dedication to success has been evidenced by the consistent playoff runs of its teams. The Rapids continued to build excitement for the world's game in the Rocky Mountain region by the club's 2010 MLS Cup championship. The Avalanche has made the playoffs in 12 of its 15 seasons in Denver and defeated the New Jersey Devils in June 2001 to win the Stanley Cup, the second in franchise history (1996). The Nuggets have returned to prominence with a remarkable turnaround under Mr. Kroenke's leadership. They are one of only three NBA teams to make the playoffs in each of the past eight seasons, including a remarkable run to the 2009 Western Conference Finals. The Mammoth has been a playoff participant in seven of its eight seasons and won the NLL championship in 2006.

In June 2011, Mr. Kroenke became controlling, majority shareholder of Arsenal FC, owning more than 66 percent of London's storied football club. The initial investment came months after KSE and the Colorado Rapids formed a landmark marketing and strategic partnership with the Barclays Premier League club. The relationship has been further strengthened by the completion of KSE's acquisition of 80 percent shareholding in Arsenal Broadband Limited. In September 2008, Mr. Kroenke was appointed to the Arsenal board as a non-executive director.

A native Missourian, Mr. Kroenke's full ownership of the St. Louis Rams was approved unanimously by NFL owners in August 2010. As co-owner of the Rams, they won Super Bowl XXXIV in 2000.

Under Mr. Kroenke's direction, KSE completed three of the company's most ambitious projects to date. On April 7, 2007 KSE opened Dick's Sporting Goods Park. The state-of-the-art sports facility on more than 160 acres in Commerce City, Colo., seats 18,086 fans for field sports and up to 26,000 for concerts. The award-winning field at Dick's Sporting Goods Park has been heralded as "one of the finest pitches in the world" by numerous international players and coaches who have played at the complex. In November 2008, the stadium hosted Colorado's first-ever FIFA World Cup qualifier between USA and Guatemala.

Dick's Sporting Goods Park also includes 24 surrounding playing fields for youth and adult recreational sports such as soccer, lacrosse and rugby. The complex anchors the 917-acre Prairie Gateway site that is a public-private partnership between KSE and Commerce City. The site is host to the Commerce City municipal hall, retail facilities, offices for the U.S. Fish and Wildlife Service, and a visitors' center for the Rocky Mountain Arsenal Wildlife Refuge. The project has created hundreds of jobs in the community and is expected to generate thousands more as the growth continues.

Altitude Sports & Entertainment, a 24-hour regional television network began operation in September 2004, becoming the new television home for the Nuggets, Avalanche and Rapids. Altitude also features other professional, collegiate and high school sporting events, as well as outdoors and lifestyle programming, entertainment and community interest coverage throughout the Rocky Mountain West. In the summer of 2011, Kroenke and Larry Tanenbaum announced that the World Fishing Network will be a joint partnership with each party holding a fifty-percent share in the network.

TicketHorse, created and founded by KSE in 2007, became the official and exclusive ticket provider for both primary and secondary ticket sales for all KSE properties in July 2009. TicketHorse is committed to the highest standards of service to buyers and sellers, ticketing millions of consumers throughout Colorado and neighboring states.

One of KSE's primary focuses has been the Colorado community and civic causes. More than \$15.5 million

in contributions have been made to Colorado charities through Kroenke Sports Charities and the Denver Nuggets and Colorado Avalanche Community Funds. Kroenke Sports Charities is committed to improving the lives of families and children in Colorado.

Kroenke Sports & Entertainment purchased the Paramount Theatre, a historic landmark in downtown Denver, in July 2002. The venerable theatre remains a vibrant, multi-event facility where Denver residents and visitors enjoy a wide variety of entertainment ranging from classic concerts to family shows, dance productions, comedic performances and charitable events each year. Pepsi Center and the Paramount Theatre are home to more than 250 events annually including world renowned concerts such as Madonna, Celine Dion, U2 and Lady Gaga.

Peak Entertainment, LLC, a joint venture of KSE and AEG Live Rocky Mountains, opened 1STBANK Center together in March 2010. The multi-use arena accommodates up to 6,500 people for a mixture of events located in Broomfield, Colo.

Mr. Kroenke's enthusiasm and vision ensure that Denver will continue to be the top entertainment destination in the Rocky Mountain region for generations to come. Local media outlets have consistently named Mr. Kroenke one of the most significant people in the Denver arts and entertainment community, saying "no other person entertains more people more often."

In August of 2008, Pepsi Center played host to the Democratic National Convention. Tens of thousands of delegates, journalists, volunteers and patrons descended on Denver and the Pepsi Center for the

Convention. The landmark event ranks as one of the most important in KSE and Colorado history. Millions of people around the world watched the Convention, which city officials estimated boosted the local economy by nearly \$270 million.

Mr. Kroenke is chairman and owner of The Kroenke Group, a private real estate investment and development company with properties located throughout the United States and Canada. Over the past two decades, he has built a reputation as one of the nation's leading real estate developers. One of the largest ranch property owners in North America, Mr. Kroenke's ownership stakes also includes the Screaming Eagle and Jonata vineyards.

Mr. Kroenke's current and former board and trustee memberships include Wal-Mart Stores, Inc., Central Bank Holding Company, Boone County National Bank, Community Investments Partnership of St. Louis, the College of the Ozarks, and the Missouri Basketball Hall of Fame. He is a member of St. Louis' Civic Progress, which provides support and leadership for various community improvements that promote economic development, education and quality of life. In February 2009, Mr. Kroenke was enshrined into the Missouri Sports Hall of Fame.

Mr. Kroenke holds undergraduate and graduate degrees from the University of Missouri. He and his wife, Ann, have a daughter, Whitney, an award winning documentary film producer; and a son, Josh, Governor of the Colorado Avalanche and Governor and President of the Denver Nuggets.

# ALTERNATE GOVERNOR

## JOSH KROENKE

### ALTERNATE GOVERNOR

Josh Kroenke is entering his first season as Alternate Governor on the MLS Board. He brings valuable experience and awareness since serving as Governor of the Colorado Avalanche and President and Governor of the Denver Nuggets. Kroenke also works closely with KSE Executives on multiple business operation issues, ranging from finance to ticket sales and marketing.

After graduating from the University of Missouri with a degree in financial management, he completed a six-month internship with the NBA's League Office working in their Player Development Department. Upon finishing his internship, Kroenke worked as an underwriter for Lehman Brothers in their Global Real Estate Group where he assisted with the debt underwriting and securitization of numerous commercial real estate transactions.

One lesser known fact about Kroenke is that soccer was his first love while growing up in Missouri. He played for one of the first traveling youth soccer teams

organized in his hometown of Columbia and toured all over the Midwest through the age of 15 playing in various tournaments against teams and players from across the US. He eventually chose to focus on basketball and by his senior season Kroenke was rated a top 50 player nationally in high school according to several scouting services and helped lead the Rock Bridge High School Boys' basketball team to a No. 1 ranking in the state of Missouri as a junior. Kroenke received a full basketball scholarship to the University of Missouri, where he was named Academic All-Big XII First Team and selected team captain as a junior and senior.

Currently an active supporter in Kroenke Sports Charities, Kroenke is also involved in other charitable entities including the Todd Pegglo Memorial Scholarship Fund at the University of Missouri and Playing for Change Foundation, which is operated by his sister, Whitney, and benefits children worldwide through the building of schools that specialize in the teaching of music and arts.

# PRESIDENT

## **TIM HINCHEY III**

### **PRESIDENT**

Tim Hinchey was named President of the Colorado Rapids on December 12, 2011, bringing more than 20 years of experience in professional sports in the United States and England to the role. Having originally joined the Rapids in November 2010 as the club's Chief Marketing Officer, Hinchey aided the club's most successful commercial season to date, as the club set new highs in attendance and sponsorship in 2011.

Before coming to Colorado, Hinchey served as the Vice President of Commercial for English Football League Championship side Derby County for three years, where he oversaw a radical change in the club's commercial approach, introducing a number of innovative ideas and policies unique to English football that have brought great success and results off the field. The Rams broke new ground by becoming the first club to secure a 'Season Presenting Partner' when telecoms firm Buymobilephones.net signed up for the 2008/9 season, a relationship which has since grown to become Derby County's first shirt sponsor through 2013. Under his leadership, the Rams more than doubled their sponsorship revenue and saw record sales figures for corporate hospitality.

Before joining DCFC, Hinchey was with the NBA's Charlotte Bobcats as their Executive Vice President of Business Operations. During his time there, the Bobcats smashed their all-time season ticket record and introduced 22 new corporate partners, more than doubling corporate sales revenue in one year.

Hinchey previously served as senior vice president of corporate development and chief marketing officer for the New Orleans/Oklahoma City Hornets where he was responsible for the team's corporate partnerships,

partner services, luxury suite sales and service and the start-up of the team's relocation to Oklahoma City and its subsequent success in ticket sales and corporate development.

Prior to joining the Hornets, he worked for Runyon, Saltzman & Einhorn as alliance marketing director, creating a new division where he developed new business relationships and served the firm's sports and entertainment clients, including AAA minor league baseball franchises Sacramento River Cats and Portland Beavers. Hinchey also served as vice president of brand development for Krispy Kreme Doughnuts in Northern California.

His start in professional sports began with the Los Angeles Kings in 1991 and continued as vice president of marketing and corporate sales for the Utah Grizzlies and the E Center (ice hockey venue for the 2002 Olympic Games), senior vice president of business development for the Long Beach Ice Dogs and director of strategic alliances for Maloof Sports & Entertainment, where he developed strategic and innovative plans for all corporate partnerships integral to the NBA Sacramento Kings, WNBA Sacramento Monarchs, WISL Sacramento Knights, ARCO Arena and Senior PGA Tour Gold Rush Classic.

Hinchey's introduction into the world's game came in the summer of 1994 where he held the position of Assistant Press Officer for the World Cup during all competitions, including the Final at the Rose Bowl in Los Angeles.

A native of northern California, Hinchey and his wife Mia are the proud parents of six children.

# 2012 COLORADO RAPIDS TECHNICAL STAFF

# TECHNICAL DIRECTOR

## PAUL BRAVO

### TECHNICAL DIRECTOR

Paul Bravo, a Rapids Gallery of Honor inductee and one of the best players in club history, begins his fourth season as the Colorado Rapids Technical Director. In his role, Bravo oversees the club's domestic and international scouting, the Rapids Youth Academy and supports the Rapids coaching staff in first team operation.

After the 2011 season, Bravo spearheaded a coaching search that led Colorado to the hiring of Oscar Pareja, the club's current Head Coach.

Bravo joined the Rapids front office staff as Technical Director in 2009 having had one of the most successful playing careers in the team's history. As a forward for the Rapids from 1997-2001, he helped lead Colorado to the 1997 MLS Cup final and scored 39 career goals with the Rapids, which is second on the all-time leading scorer list. On July 4, 2003, the three-time MLS All-Star was one of two players to be the first-ever inductees into the Rapids Gallery of Honor.

Following his six-year MLS career that saw him play with the San Jose Clash in 1996 and the Rapids, Bravo moved directly into coaching, serving as an assistant coach with Colorado from 2002-2003.

After his time with the Rapids, Bravo served as an assistant coach at UCLA for the 2004 and 2005 seasons, working under Jorge Salcedo, and helping the Bruins to two Pac-10 Championships and a two-year record of 26-9-5. During his two years in Westwood, Bravo recruited a number of players who have gone on to successful careers in MLS and Europe, as well as with the U.S. National Team, including Jonathan Bornstein, Benny Feilhaber, Marvell Wynne, Sal Zizzo and more.

Bravo was hired as an assistant coach under Frank Yallop with the LA Galaxy in June 2006, and later was elevated to the title of Director of Soccer on August 24, 2007.

Bravo finished his MLS playing career with 52 goals and 27 assists. Prior to his MLS career, he played for the San Francisco Bay Blackhawks from 1991-94 and captured the 1991 APSL Championship with the club. In 1994, he also played with the San Francisco Greek-Americans, leading them to the U.S. Open Cup championship.

Bravo made four appearances for the U.S. National Team from 1994-1999, scoring one goal and registering an assist. Bravo made his National Team debut on December 11, 1994, replacing Mike Burns for the final eight minutes of a 1-1 draw with Honduras. Nearly five years later, Bravo earned his first career start for the U.S. on July 30, 1999 in a 2-0 win over Germany at the 1999 FIFA Confederations Cup in Mexico. Four days later, on August 3, Bravo scored his first goal for the U.S., scoring the game-winner in the 28th minute of a 2-0 win over Saudi Arabia in the 3rd place game of that same tournament.

While in college, Bravo led Santa Clara University to the 1989 NCAA Co-Championship, finishing his Broncos career with 26 goals and 13 assists. He earned a degree in Political Science from Santa Clara in 1993.

Bravo has also worked as a coach for the Under-18 Men's U.S. National Team and holds a USSF "A" Coaching License.

# HEAD COACH

## OSCAR PAREJA

### HEAD COACH

The Colorado Rapids named Oscar Pareja, a former MLS Best XI player and experienced assistant coach, as the club's Head Coach on January 5, 2012.

Pareja joined the Rapids from FC Dallas, where he served as the club's Reserves Coach and Academy Director. In nearly six years on the coaching staff at Dallas, Pareja helped develop one of the top youth academies in the country, which contributed six players to the FC Dallas first team.

The native of Medellín, Colombia first joined the FC Dallas staff as an assistant coach to Steve Morrow from 2005-07, before becoming an assistant with the United States Under-17 National Team in 2007-08. After nearly a year with U.S. Soccer, Pareja returned to Dallas to become the club's Director of Player Development.

Under Pareja, FC Dallas formed one of the top youth systems in the country, signing six veterans of the club's academy to the first team, more than any other MLS club. As head coach of Dallas' Under-18 Team,

Pareja was named Development Academy Coach of the Year in 2009, and the FC Dallas Academy was ranked first out of the top 78 youth clubs in the country in 2011.

Pareja enjoyed a distinguished 18-year professional playing career prior to joining the coaching ranks. With Dallas from 1998-2005, the playmaking midfielder made 176 regular season appearances, scoring 13 goals and adding 47 assists, earning MLS Best XI honors in 2002. He originally joined MLS with the New England Revolution in 1998, playing 13 matches before being traded to Dallas.

Starting his professional career in 1987 with Independiente Medellín in his hometown in Colombia, Pareja helped the club to a second place finish in 1993 and a quarterfinal appearance in the 1994 Copa Libertadores. He moved to Deportivo Cali in 1995, helping the club to the league championship in 1996, the club's first in 22 years. Pareja also made 11 appearances with the Colombian National Team, scoring three goals.

He worked alongside fellow Rapids assistant coach Paul Caffrey from 2007 to 2011, as well as a brief stint with Pareja at his side from 2007-08.

Cabrera is a veteran of two FIFA World Cups himself, being named to the Colombian roster in 1990 and playing in three matches in France in 1998, while missing out on the 1994 tournament with a knee injury. He

earned 48 caps as a defender during nine years with the national team.

Cabrera began his professional career at Santa Fe de Bogotá in Colombia in 1985 at age 17. He went on to play professionally for 18 years in Colombia, Argentina and Costa Rica, highlighted by eight years with Colombia's America de Cali where he scored 33 goals in 115 appearances for the club.

In 2003, Cabrera moved to the United States and played for two years with the United Soccer League's Long Island Rough Riders. He also worked as the Manager of Fan Development at Major League Soccer, contributing to the growth of the sport by serving as a spokesperson for MLS Futbolito and Verano MLS, two programs aimed at grassroots development of soccer in the United States. He also coached at the U-17/18 level at the prestigious B/W Gottschee in Ridgewood, N.Y. from 2005-2007.

# COACHING STAFF

## PAUL CAFFREY

### ASSISTANT COACH

Caffrey, who also worked with Rapids Head Coach Oscar Pareja at the U.S. U-17 National Team in 2007-08, helped the team twice qualify for the FIFA U-17 World Cup (2009 and 2011), advancing to the Round of 16 both times.

Prior to joining U.S. Soccer, Caffrey spent 2002 to 2007 as the head coach of the men's program at the Suffolk County Community College of the National Junior College Athletic Association. He helped the team to two consecutive national final four appearances (2003, 2004) and earned the National Soccer Coaches Association of America Northeast Region Coach of the Year in 2004 and the Region XV Coach of the Year in 2003 and 2006. He also served as the Assistant Director of Athletics and as an Assistant Professor of Education.

Caffrey was a four year starter and three year captain at Adelphi University where he earned his BA, MBA and MA. As a player at Adelphi, Caffrey was named the Adelphi University Male Athlete of the Year in 1991 and selected as an All-American in 1990. In 2008 he was inducted into the school's Hall of Fame, having also spent three years (1997-2000) as an assistant coach.

Born and raised in Dublin, Ireland, Caffrey played for the University College of Dublin F.C. in the League of Ireland and made an European Cup Winners Cup appearance in 1985, and also represented the Republic of Ireland on the U-17 squad from 1985-87. # 2011 RAPIDS SEASON SUMMARY

On the heels of the team's triumph in MLS Cup 2010, the Rapids faced their busiest schedule ever in 2011, as the club looked to defend its championship and make an impact in the CONCACAF Champions League.

Colorado started the campaign in fine form. As the team ran off three consecutive wins to begin the MLS season, Omar Cummings continued the strike rate that helped him to the club's 2010 Golden Boot, scoring twice and giving him 11 goals in his last 11 games played, dating back to the previous season.

However, three losses followed, and the team began having to deal with a string of injuries in what would become a recurring theme for the season. Most of the team's usual starters, and all four of the Rapids' top forwards, were sidelined in the first half of the season, and Colorado also felt the absence of another veteran when midfielder Brian Mullan was suspended for 10 games for a foul on Seattle's Steve Zakuani on April 22.

The Rapids had a reminder of their 2010 success with a trip to the White House to be honored by President Barack Obama on June 27, and following the Washington, D.C. trip, the team went on a 6-1-3 (W-L-T) tear in its next 10 games in all competitions. The biggest setback in that span, however, was the loss of Rapids all-time leading scorer Conor Casey, who tore his Achilles tendon at Seattle on July 16 and missed the remainder of the season.

The summer brought the Rapids their first game in the CONCACAF Champions League, opening the tournament against Isidro Metapán of El Salvador on August 17 in a 3-2 win. The game was the first start for MLS Cup hero Macoumba Kandji since his ACL injury suffered on the goal that won the championship, and the forward scored twice. The team played six Champions League games,

After winning MLS Cup in 2010, the Rapids took on a challenge almost as great in the 2011 season: defending the Cup.

earning a record of 2-3-1 and falling just short of qualification for the Quarterfinals of the tournament.

As the season wound down, the Rapids continued their strong play, ultimately qualifying for the MLS Cup Playoffs and earning a Wild Card home game against Columbus. While Colorado won 1-0 thanks to a Cummings goal, midfielder Jamie Smith suffered an ACL tear, putting him out up to nine months. In the next game, the first in a home-and-home series against Sporting Kansas City, the Rapids had three starters injured in the first half.

Ultimately, down so many regulars, the team bowed out of the Playoffs by a 4-0 aggregate score.

The team enjoyed many highlights throughout the season, including the return of Tyrone Marshall, who was originally drafted by the Rapids in the first round of the 1998 MLS College Draft. The defender played one match with the team in 1998 before a trade to Miami; he wore a Colorado uniform again on April 8, 2011, setting an MLS record by going 12 years and 272 days in between appearances for the same club. He later became the 13th player to play 300 career MLS regular season matches, and a little over a month later, captain Pablo Mastroeni hit the same mark in what was also his 200th game with the Rapids.

Defender Drew Moor also set an MLS record, ultimately playing 69 consecutive complete matches without missing any games to suspension, injury, or a coach's decision, before yellow card accumulation caused him to miss a September 9 game at the LA Galaxy. The Rapids finished with a 12-9-13 record in the league, but the veteran-led team headed into the offseason looking to a healthier 2012, with another MLS Cup run as the goal.

# 2010 RAPIDS SEASON SUMMARY

The Colorado Rapids had a season to remember on their way to winning their first-ever MLS championship.

From the opening game, the Rapids proved this was going to be unlike any season in the team's 15 year history when they defeated Chivas USA 1-0 at The Home Depot Center to earn their club's first-ever season opening victory on the road.

The team returned home to Dick's Sporting Goods Park a week later to draw with Chicago, but the real attention was drawn by the debut of the Supporters Terrace, which saw nearly 1,000 fans create a fantastic atmosphere in the north end of the stadium.

Two midfielders made news in the summer months, as Jeff Larentowicz represented the Rapids in the MLS All-Star Game in Houston and Davy Armstrong, a product of the Rapids Youth Academy, signed with the first team to become the club's first-ever homegrown player.

The 2010 season also saw longtime captain Pablo Mastroeni and Conor Casey etch their names atop the team's record book. Mastroeni now stands as the club's all-time leader in games played, games started and minutes played, while Casey became the club's all-time leading scorer.

Colorado clinched their first playoff berth since 2006 against LA on October 16 and in the process did something else they had not done in four years – they came back to win a regular season game after surrendering the first goal to defeat the Galaxy 3-1, ending a streak of 0-51-17 when giving up the first goal of the match. The last come-from-behind-win had been on May 6, 2006.

Following a late draw with Real Salt Lake in the season finale, the Rapids were placed in the Eastern

Conference bracket for the playoffs.

The Rapids ended the regular season with a record of 12-8-10, good for 46 points, the second highest in team history. Colorado was the second highest scoring team in MLS with 44 goals, paced by the league's highest scoring duo of Omar Cummings (14 goals) and Casey (13 goals).

Dick's Sporting Goods Park hosted its first-ever postseason game on October 28, as Mastroeni scored the only goal needed to defeat Columbus in the first game of a home and home series.

The next week, in Columbus, after the Crew scored twice to take the lead in the series, Casey saved the season with a goal with only six minutes left in regulation to tie the series at 2-2. After 30 minutes of extra time, the Rapids won 5-4 on penalty kicks after Crew midfielder Brian Carroll sailed the fifth shot over the crossbar.

The Rapids hosted San Jose in the Eastern Conference Final on November 13 in front of close to 18,000 fans that braved the cold to watch the team win 1-0 on a Kosuke Kimura goal and advance to their first MLS Cup title game since 1997.

On November 21, Colorado faced FC Dallas in MLS Cup 2010 at BMO Field in Toronto. Dallas took the lead in the first half, but Casey once again evened the score with a gritty effort early in the second half. The score remained tied and, once more, the game went into overtime. Substitute Macoumba Kandji tore his ACL on an attempted cross that bounced off a Dallas defender and into the goal for the game-winner. The Rapids withstood a tense final 10 minutes playing a man down to preserve the club's first-ever MLS Cup title.

# 2009 RAPIDS SEASON SUMMARY

For a third consecutive season, the Rapids saw all their hard work throughout the entire 30-game season and all their postseason aspirations come down to the final weekend of play.

The Rapids showed significant improvement in Gary Smith's first full season as head coach. Colorado posted their best-ever record at Dick's Sporting Goods Park since the stadium's opening in 2007, going 8-2-5. The team also displayed a more competitive nature throughout the year, earning 10 draws, which was the second most in team history.

Forwards Conor Casey and Omar Cummings came through with career seasons that placed them among the league's elite offensive duos.

Casey tallied a new single season Rapids record of 16 goals scored, finishing second in the league's Golden Boot race. His scoring prowess led him to earn his first-ever selection to the MLS All-Star Starting XI and Best XI honors.

Strikers Conor Casey and Omar Cummings produced breakout seasons in 2009. Casey finished second in the league in goals, and Omar tied for first in assists.

Cummings' breakout season included an MLS-leading 12 assists and a career-best eight goals.

Colorado hit its stride in late April, as the club set a new franchise record by going unbeaten in eight matches.

For most of the year, the team stayed within striking distance of the conference leaders, but a late season slide saw the Rapids go winless over their last seven matches.

Due to the team's late form, the stage was once again set for Colorado to earn a playoff berth and reclaim the Rocky Mountain Cup with a win over rivals Real Salt Lake in the final regular season game. In a worst case scenario, the Rapids fell 3-0, and combined with other league

results, saw both the playoffs and the Rocky Mountain Cup slip away; as the team's postseason absence reached a record three straight years.

# 2008 RAPIDS SEASON SUMMARY

A coaching change roughly two-thirds into the 2008 season brought the Rapids within one minute of reaching the playoffs. Englishman Gary Smith took over the club's head coaching duties on an interim basis in August after Fernando Clavijo and the team agreed to go separate ways.

The season kicked off with the Rapids defeating the LA Galaxy 4-0 in front of a then record crowd of 18,713 at Dick's Sporting Goods Park. Terry Cooke was named the MLS Player of the Week for his one-goal, two-assist performance in that match.

The next 13 games were an up-and-down affair with the club failing to win two games in a row. During this stretch, Tom McManus scored a 40-yard bomb against Chivas USA that would later be among the Top-10 MLS Goals of the Year.

On the Fourth of July, Colorado once again set an attendance record (18,776) in another 4-0 victory, this time against the New York Red Bulls.

Conor Casey's 11 goals in 2008 were the most by a Rapids player since 2005.

missing the playoffs. The Rapids first traveled to take on Chivas USA and Casey converted a penalty kick to keep the Rapids postseason hopes alive. In the season finale, the Rapids carried a 1-0 lead over Real Salt Lake for 71 minutes before giving up a 90th minute equalizer to end their season.

Pablo Mastroeni and Christian Gomez represented the Rapids in the MLS All-Star Game. Gomez went on to score in the match leading to a 3-2 victory over West Ham United.

In his first match at the helm, Smith guided the Rapids to a 2-1 victory over Kansas City on August 16.

The Rapids went undefeated in September posting a 3-0-1 record in the month. One was a 5-4 win over New York at Giants Stadium. Conor Casey scored the fourth hat-trick in club history with the third goal coming in the 90th minute.

Entering the final two games of the season, Colorado would need to win both to avoid

# 2007 RAPIDS SEASON SUMMARY

After back-to-back appearances in the Western Conference Championship game, the Rapids expected big things in 2007. Unfortunately, a 10-game winless streak derailed Colorado's bid to reach the playoffs for a sixth straight year. Fernando Clavijo's squad made it close as they entered the final weekend of the season with the playoffs still within reach.

The season began with the opening of Dick's Sporting Goods Park and Herculez Gomez christened the new stadium with a goal 19 minutes into his debut as a member of the Rapids. Colorado went on to win the game 2-1 started the season 4-2-3, challenging for the lead in the Western Conference.

Starting with a three-game road trip, Colorado was unable to win a game in the months of June and July. The team picked up ties at Chicago and at Kansas City and battled to a draw with Columbus in front of a packed house on the Fourth of July.

August saw a turn around for the squad as they earned full points from a three-game home stand to close out the month. During this stretch they defeated both MLS Cup finalists, Houston (1-0) and New England (3-0), and

The 2007 season saw the opening of the Rapids' new home, Dick's Sporting Goods Park.

the David Beckham-less LA Galaxy in a game that saw Conor Casey, Colin Clark and Mike Petke score their first goals with the Rapids.

September produced another disappointing record of 0-2-3 and Colorado entered the final month of the season needing three wins in three games and some help from around the league. The Rapids avenged an early season loss at Toronto by beating the expansion franchise

1-0. The next weekend, Colorado traveled to take on the Western Conference leaders, Chivas USA. Ugo Ihemelu put the Rapids ahead, but Orlando Perez equalized in the 78th minute. Colorado wasn't done yet as Casey fought off defenders and took a Coundoul punt to the end line before slotting a perfect pass to Omar Cummings for the game winner.

The Rapids returned home for the final game of the regular season. A couple of missed chances in the first half had the team pressing for a goal and victory to keep them in the playoff hunt. The goal would not come and Real Salt Lake took advantage to win the game and the Rocky Mountain Cup, ending the Rapids season.

Captain Pablo Mastroeni was honored twice in the season. First, in May, Mastroeni was selected to join the United States National Team to represent the U.S. in the 2006 World Cup in Germany. He then was honored, along with teammate Joe Cannon, to compete in the 2006 Sierra Mist MLS All-Star Game against English Premier League champions Chelsea FC. # 2005 RAPIDS SEASON SUMMARY

In their 10th season, the 2005 Colorado Rapids exceeded expectations by steadily increasing their productivity on the field under first year Head Coach Fernando Clavijo. The team's season accelerated gradually and culminated with the Black & Blue advancing to host the Western Conference Championship match.

Clavijo was able to lead his first Rapids squad to the club's second-highest point total in team history. One of Clavijo's biggest acquisitions was forward Jeff Cunningham, who battled injuries early but overcame them to finish tied for third in the league in goal-scoring with 12 on the season.

Colorado posted a 4-1-1 combined record in July and August, with their only defeat coming to the Supporters Shield winners, San Jose, in the midst of the club's victories over three Eastern Conference playoff sides.

In October the Rapids won their first piece of hardware in franchise history when they defeated Real Salt Lake to claim the Rocky Mountain Cup trophy its inaugural year, while simultaneously solidifying their playoff position.

Colorado entered the 2005 MLS Playoffs as the number three seed in the West and faced FC Dallas in the

opening round. The two sides battled to a scoreless draw at INVESCO Field at Mile High on October 22 in the first leg before traveling to Dallas.

In the second leg, Colorado took a first half lead behind a Cunningham goal but conceded an equalizer in the second half while playing a man down. In the overtime period, Dallas struck first but just a minute later Ritchie Kotschau equalized for Colorado. Goalkeeper Joe Cannon made the score line stand with multiple amazing saves and the game went to a penalty shootout. The first eight shooters scored but then Cannon saved a shot by Roberto Mina and Jean Philippe Peguero stepped up and knocked home

a goal to send the Rapids to the Western Conference Championship.

The Rapids hosted the Western Conference Championship match on November 5 and the club's first trip to a Conference Championship game since 1997. The Black & Blue battled valiantly against the eventual MLS Cup Champion Los Angeles Galaxy, but a brace by Landon Donovan ended the game 2-0.

# 2004 RAPIDS SEASON SUMMARY

The 2004 MLS Goalkeeper of the Year Joe Cannon and the Colorado Rapids' stingy defense rode an 8-1-7 home record to reach the playoffs for the third straight year.

During the season midfielder Chris Henderson passed Marcelo Balboa and Paul Bravo for first on the all-time appearances and points lists. He also won the 2004 US Soccer Foundation's MLS Humanitarian of the Year Award for his extensive work in the community. Jean Philippe Peguero led the team in scoring with seven goals and four assists despite missing 12 games throughout the year. But there is no mistaking that this was Cannon's year to shine. As well as being named goalkeeper of the year he was also named to the 2004 Radio Shack Best XI and won both the Honda Rapids MVP and Player of the year awards.

Colorado set a new MLS record for the lowest home goals against average over an entire season with 0.53 by only allowing eight goals in 15 matches at INVESCO

Goalkeeper Joe Cannon anchored a Rapids defense that set several team records.

the Rapids Defensive

Field and never more than one in a single game. After Kansas City broke the Rapids' MLS record 16-game home undefeated streak on June 9, the Black & Blue reeled off 11 more undefeated home games. On the year, Colorado was undefeated when scoring more than one goal, a credit to the play of Cannon and the suffocating defense.

After hanging around the bottom half of the Western Conference for the first four months of the season the Rapids rode a five game undefeated streak through parts of August and September to reach the top of the table. Unfortunately a 0-2-2 record over the final four games dropped the Rapids to third in the conference and a match up with the Los Angeles Galaxy in the first round of the playoffs.

Colorado hosted LA in the first leg of the playoff series and took a 1-0 victory behind a Peguero goal in the first half and five saves by Cannon. However on the return leg at The Home Depot Center, the Galaxy struck twice in the first half and held on for a 2-1 aggregate victory.

# 2003 RAPIDS SEASON SUMMARY

The Colorado Rapids' 2003 season was a roller coaster affair full of a series of highs and lows. Despite going undefeated in the preseason, the Rapids struggled in the first third of the season, rolling up a 1-6-2 record to open the season.

But a 4-1 win over New England on June 14, in which the Rapids equaled their goal output from the previous nine matches, served as a precursor for the club's hot summer to come. In a 13-game run between July 4 and October 1, the Rapids compiled a 9-1-3 record to move from last place in the Western Conference to second, and in turn become the second team in the league to qualify for the MLS Playoffs.

Keying that run was the play of midfielder Mark Chung and forward John Spencer. Spencer, the Rapids

John Spencer exemplified the fighting spirit of the Black and Blue throughout the 2003 season.

captain, set a new team record by scoring in six consecutive games and tied his own team record with 14 goals on the season. He finished the season third in MLS with 33 points, was a finalist for Honda MVP and was named to the MLS Pepsi Best XI. Joining him on the Best XI was Chung, who tied his career-high from the year prior with 11 goals. This was Chung's second consecutive appearance on the Best XI

and the first time in league history that two Rapids had been so honored in the same season.

However, the Rapids once again fell on hard times late in the regular season and into the playoffs. The club was unable to win any of its last six regular season matches and was knocked out in the opening round of the playoffs by Kansas City on a 3-1 aggregate score.

# 2002 RAPIDS SEASON SUMMARY

Following the tumultuous 2001 season, the Rapids looked to get back to their winning ways under Tim Hankinson with a new team in 2002. With the contraction of Tampa Bay and Florida, the Rapids were able to acquire former Rapids midfielder Chris Henderson as well as Kyle Beckerman and Pablo Mastroeni in the MLS Allocation and Dispersal Drafts. Colorado rounded out its midfield by trading for Mark Chung, one of the all-time leading scorers in MLS history.

Chung became the first player in team history to record double-digit goals and assists in the same season while Carlos Valderrama, who was playing in his final MLS season, tallied a team record 16 assists. Most of those assists went to either Chung, Henderson or Chris Carrieri, who all tied for the team lead in goals with 11.

While those four were playing well for the Rapids, Mastroeni shined on a larger stage as he was named

In his first year with the Rapids, Pablo Mastroeni became a fan favorite in Colorado because of his grit and determination.

to the United States squad for the 2002 World Cup in Japan/Korea. The first-year Rapids midfielder played in three of the Americans' five games at the tournament as they reached the quarterfinals for the first time since 1930.

Back in MLS, the Rapids used a strong opening and closing third of the season to get back into the playoffs after a one-year absence. Once there, Colorado upset Dallas in the opening round to win its first playoff series since 1997. With each side collecting four points in the three game series, the Rapids and Burn went to a golden goal series decider with Mark Chung scoring his first goal of the postseason to advance the Rapids to the MLS Semifinals against Los Angeles.

There would be no such upsets in the semifinals as the Galaxy eliminated Colorado with 4-0 and 1-0 wins.

# 2001 RAPIDS SEASON SUMMARY

After four straight years of reaching the postseason, and with a lineup that included the addition of former Scottish international John Spencer as well as a number of young, talented players, the Rapids looked to be on the verge of big things as they headed into the 2001 season.

However, Colorado came out of the gates slow and was never able to get back into the playoff picture. The Rapids won just two of their first 15 games, including a nine-game winless streak. Even the midseason acquisitions of players like Chris Carrieri, Raul Diaz Arce, Scott Garlick and Carlos Valderrama could not get Colorado out of its skid, and it finished with a 5-13-8 record for a team record low of 23 points.

One of MLS' all-time greats, Colombian midfielder Carlos Valderrama arrived in Colorado via trade during the summer of 2001.

But the 2001 season was not a complete loss as a number of individuals turned in a series of fine performances. The most notable of these was Spencer who, despite the team's poor record, finished third in the league in goals with 14. Spencer also became the first Rapids player ever to record a hat trick when he scored three times against Chicago in a 3-1 win on July 4.

The Rapids also said goodbye to Paul Bravo, the team's all-time leading scorer who retired at the end of the 2001 season. In 135 games with the club, Bravo scored 39 goals, then a team record.

# 2000 RAPIDS SEASON SUMMARY

Even before it began, it was obvious that the 2000 season was going to be the beginning of a youth movement in Colorado as the Rapids held three of the first ten picks in the MLS SuperDraft. Adin Brown, Wes Hart and Alan Woods were selected to give the Rapids a burst of youthful energy, and forward Junior Agogo was brought in to try and replace the departed Wolde Harris.

However, all the new faces took some time to get on the same page and the Rapids once again found themselves fighting for a playoff spot. Unable to put together a multiple-game winning streak and hovering right around the eighth and final playoff position all season long, Colorado's postseason aspirations came down to its final match of the season against Los Angeles.

Needing a win to ensure a playoff berth, the Rapids were unable to beat Kevin Hartman in regulation

The 2000 Rapids were led by Junior Agogo with 10 goals and Paul Bravo and Jorge Dely Valdes with seven goals apiece as they advanced to the postseason for the fourth consecutive year.

and the game went to overtime scoreless. But in the 97th minute, Paul Bravo took a pass from Jorge Dely Valdes to score his 7th and final goal of the regular season and send the Rapids to the postseason for the fourth consecutive season, setting off massive celebrations amongst the 18,570 fans at Mile High Stadium that night. But the good times would end there as the eventual MLS Cup Champion Kansas

City Wizards knocked the Rapids out of the opening round of the playoffs in three games. The game would also be the last for head coach Glenn "Mooch" Myernick who was relieved of his coaching duties during the offseason. In four years at the helm, Myernick guided the Rapids to a 63-61-4 record and four postseason appearances, including the club's only MLS Cup appearance in 1997.

# 1999 RAPIDS SEASON SUMMARY

With the addition of experienced internationals like Panamanian striker Jorge Dely Valdes and Swedish midfielder Anders Limpar, as well as goalkeeper Ian Feuer, Head Coach Glenn Myernick appeared to have the strongest squad in the Rapids' four-year history. Those assumptions proved to be true in the first half of the season as Colorado jumped out to a 12-4 record and was alone in first place in the Western Conference.

While the Rapids would not remain in first place, eventually falling to fourth, they did record the best regular season in team history with a 20-12 record for a team record 48 points. The triple-edged forward sword of Paul Bravo, Wolde Harris and Dely Valdes combined to score 25 of the Rapids' 38 goals and was a constant threat all season long, but the goals dried up over the final third of the season as the team managed to score just three in its final 13 games.

Ross Paule led the team with nine assists as the Rapids hit an early scoring drive but were knocked out of the postseason by the LA Galaxy.

That lack of firepower overshadowed the sensational play of Feuer, who became the Rapids' number one keeper when Marcus Hahnemann was sold to Fulham of the English First Division. Both keepers finished the season with 10 wins and Feuer was able to post a team record eight shutouts in his 19 games.

In the postseason, the Rapids' woes in front of goal continued and they were swept out of the postseason by the Los Angeles Galaxy without scoring a goal.

Despite missing out on a chance to win their first MLS Cup, the Rapids did have a shot at some hardware when they reached the Lamar Hunt U.S. Open Cup Final for the first time in team history. However, it was not to be and Colorado was upset by the

Rochester Raging Rhinos in the final 2-0 and thus keeping the Rapids trophy cabinet bare for yet another season.

# 1997 RAPIDS SEASON SUMMARY

Change was the tune for the Rapids in 1997 as a number of new faces arrived in Colorado. Gone were the Rapids' two leading scorers, Shaun Bartlett and Jean Harbor, as well as Chris Woods and Domenic Kinnear, and in their place came established stars like Adrian Paz and Peter Vermes, as well as up-and-coming players like Paul Bravo, Joey DiGiamarino, Marcus Hahnemann, Wolde Harris and Ross Paule.

But perhaps the biggest off-season move came with the hiring of new head coach Glenn "Mooch" Myernick to replace the departed Bobby Houghton.

Despite struggling in the early part of the season, Myernick was soon able to get the team to gel and the Rapids were able to qualify for the postseason for the first time in team history. Five of Colorado's top six scorers were in their first year with the club, including Bravo, who scored a team-leading eight goals.

A strong Rapids squad fought its way to the 1997 MLS Cup final.

strong play from Hahnemann, who allowed just one goal in the two games, to reach the MLS Cup.

In front of a capacity crowd of 57,431 at RFK Stadium, the Rapids looked to pull off one more historic upset and earn their first title against the defending champion D.C. United. However it was not to be as United scored once on either side of halftime to take a commanding 2-0 lead. In the 75th minute Paz cut the lead in half, but it would not be enough and D.C. held on for its second MLS Cup title. But despite falling one step short of their ultimate goal, 1997 was a successful season for the Rapids and set the bar for which all other seasons would be measured.

# 1996 RAPIDS SEASON SUMMARY

The state of Colorado welcomed a brand new franchise to its sporting landscape on October 17, 1995 when the Colorado Rapids were named as one of Major League Soccer's original 10 franchises. In the six months before their first game, the Rapids were able to completely build a franchise from scratch, bringing in a veteran coaching staff and a solid core group of players that included many well known international stars.

Under head coach Bobby Houghton, the age of the Rapids officially began on April 13, 1996 as they fell 3-0 on the road to the Kansas City Wizards in the first match in franchise history. Eight days later, in front of a crowd of 21,711, the Rapids earned their first ever win with a 3-1 triumph over Dallas. Marcelo Balboa scored a pair of goals on that day, including the first

one in team history, while Shaun Bartlett scored the game-winning goal on that day in the club's first-ever home game at Mile High Stadium.

But despite having established foreign stars like Bartlett and goalkeeper Chris Woods, as well as U.S. National Team players Chris Henderson, Dominic Kinnear,

Steve Tritschuh, Roy Wegerle and Balboa, Houghton was unable to take Colorado all the way to the Championship match.

The Rapids lost nine of their final 11 games and finished in last place in the Western Conference. Colorado ended its inaugural campaign with an 11-21 record for 29 points, 10 behind San Jose who grabbed the fourth and final playoff spot in the West.

# GALLERY OF HONOR

## MARCELO BALBOA #17

After joining the club three days before the home opener, Balboa scored the Rapids' first goal and netted two of the three goals for the franchise's first-ever win, on April 21, 1996. The five-time MLS All-Star started 146 of the 151 regular season games he played for the Rapids, as well as logging over 13,000 minutes in his six seasons with the club. On May 30, 2001, Balboa established a milestone in MLS history by becoming the first defender to record more than 20 goals and 20 assists in his career. The Rapids legend was elected as one of the three inductees to the National Soccer Hall of Fame by The National Soccer Hall of Fame (NSHF) on April 19, 2005 and was inducted on August 29 in Oneonta, NY. Balboa was inducted into the Rapids Gallery of Honor on July 4, 2003, and currently serves as the color commentator on all Altitude game broadcasts.

## PAUL BRAVO #9

Bravo had a highly successful career with the Rapids from 1997-2001. A three-time MLS All-Star pick (1996, 1998, 1999), he helped the Rapids to the 1997 MLS Cup Championship game in his first season with the club. With 39 career goals with the Rapids, he still sits in second for the most all-time goals scored in a Rapids jersey behind current forward Conor Casey. On July 4, 2003, Bravo, along with Marcelo Balboa, became the first players inducted into the Rapids Gallery of Honor. Bravo was made Technical Director of the Colorado Rapids in January of 2009.

## CHRIS HENDERSON #19

An original member of MLS, Henderson's career started in Colorado, where he played in the midfield for the Rapids from 1996-98 and also from 2002-05. When Henderson left the Rapids in 2005, he had set records for most games played (178), minutes played (14,784), and assists (53), and currently ranks in the top five all-time for Colorado in goals scored (31). He was also selected to the MLS All-Star team twice as a member of the Rapids in 1997 and 2002. On May 19, 2007, Henderson became the third player inducted into the Rapids Gallery of Honor.

## JOHN SPENCER #7

Rapids former team captain John Spencer became the fourth player inducted into the club's Gallery of Honor in a halftime ceremony on August 30, 2009. Spencer, who played with Colorado from 2001-2004, still remains among the top all-time leaders in several categories for the club, including third in goals scored with 37. He earned MLS "Best XI" honors in 2001 and 2003 and was selected to the MLS All-Star team in each of those seasons. Spencer is still remembered to this day by fans for his goal scoring prowess, fierce competitiveness and fiery enthusiasm on the pitch.

# 2011 RAPIDS RESERVES

BOX SCORES

After taking a two-year hiatus, the MLS Reserve League returned to action for the 2011 season. The Colorado Rapids struggled in the first half of the 10-game season, going winless in the first five matches. They were able to turn it around, finishing with a 3-6-1 record in the Central/Mountain Division, led by multi-goal games from Quincy Amarikwa, who scored six goals in total and led the Reserves with two assists as well. Andre Akpan and Steven Emory followed behind with two goals each. The return of the Reserves league allowed younger players and trialists to get competitive action in front of the Rapids head and assistant coaches, as well as Academy players like Dillon Serna and Shane O'Neill to gain more playing experience.

The official game time for all Major League Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. "stoppage time") at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a "+" sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at "48+".

## GAME DAY ROSTERS

Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

## CAUTIONS AND SUSPENSIONS

A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction that resulted in his being awarded a yellow card. A second suspension of one game would result after the awarding of an additional three cards, as would a third suspension after the awarding of card number eleven. With the "Good Behavior" incentive, it is possible for a player to have a caution expunged. If a player goes three games without receiving a yellow card, after an initial warning, the player will have one yellow card expunged. A player may take advantage of the "Good Behavior" incentive only once throughout the season.

## MLS CUP PLAYOFFS FORMAT

### WHO QUALIFIES

Ten teams, the top five in points from each conference at the end of the regular season, qualify for the 2012 MLS Cup Playoffs.

# 2012 MLS RULES OF COMPETITION

The fourth and fifth place teams in each conference will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the first place team in the conference.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The two Conference Championships will be decided by a two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

MLS Cup will be a single championship match hosted by the higher seed. If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

## TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

- 1) The highest position shall be awarded to the team with the better win/loss record in current regular season games against all other teams equal in points. (head-to-head competition)

2) If the teams are still equal in the standings, the highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season. (goal differential)

3) If the teams are still equal in the standings, the highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season. (total goals)

4) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. (road 1-3)

5) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played at home by each team against all other teams during the regular season. (home 1-3)

6) If the teams are still equal in the standings, the highest position shall be awarded to the team with the fewest team disciplinary points in the League Fair Play table during the regular season.

If the teams are still equal in the standings, the highest position in the standings shall be determined by the toss of a coin.

The first tiebreaker in a three-way tie is also head-to-head, but it is determined via points-per-game versus the other two teams. If two teams are tied in points-per-game head-to-head, the next tie breaker is goal difference.

NOTE: If two teams remain tied after another teams with the same number of points advances during any step, the tie breaker reverts to step 1 of the two-team format.

# 2012 MLS PLAYER RULES & REGULATIONS

## I. MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

### Salary & Budget:

- Players occupying roster spots 1-20 count against the club's 2012 salary budget of \$2,810,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$350,000.\*
- A Designated Player over the age of 23 counts as \$350,000 against the club's salary budget, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.
- A Designated Player 20 years old or younger\*\* (referred to as Young Designated Players or Young DPs) counts as \$150,000 against the club's salary budget.
- A Designated Player 21-23 years old\*\* counts as \$200,000 against the club's salary budget.
- The budget charge for the midseason signing of a Young DP is \$150,000 and this amount cannot be lowered with allocation funds.
- Clubs will not have to buy the third DP roster slot to accommodate a Young Designated Player whereas clubs are normally required to buy that slot for a one-time fee of \$250,000.
- Clubs are responsible for all amounts above the budget charge for all Designated Players.

\* See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge.

\*\* Age of player is determined by year (not date) of birth.

- Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).
  - All Generation adidas players are Off-Budget players.

- Players occupying roster spots 1-24 will earn at least \$44,000 in 2012.
- Players occupying roster spots 25-30 will earn at least \$33,750 in 2012.
- Clubs may elect to leave up to two of these roster spots (25-30) vacant and use \$35,000 for each empty spot as allocation money.
- Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

### Age Designations:

- Any player making \$33,750 must be under the age 25 (does not turn 25 or older in 2012).

### Domestic/International:

- In 2012, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.
- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).
- The three MLS clubs based in Canada – Montreal Impact, Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.
- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

NOTE: The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.

## II. PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

### (A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire

# 2012 MLS PLAYER RULES & REGULATIONS

a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2011 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is another club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

## Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;
- (5) trading in up to two Off-Budget roster spots;
- (6) funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).
- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$350,000.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

**NOTE:** To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.

## (B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget

charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2012, a Designated Player over the age of 23\*\* will carry a salary budget charge of \$350,000, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.

A Designated Player 20 years old or younger\*\* counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$250,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradable.

\*\* Age of player is determined by year (not date) of birth.

## (C) SUPERDRAFT

The 2012 MLS SuperDraft, held Jan. 12 in Kansas City, Mo., consisted of two rounds of 19 picks for a total of 38 player selections. A supplemental draft was held Jan. 17 via teleconference and consisted of four rounds of 19 picks.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

# 2012 MLS PLAYER RULES & REGULATIONS

**Draft Order:** The Montreal Impact held the first overall selection in the 2012 MLS SuperDraft as expansion clubs are always given the top spot in the SuperDraft and the Supplemental Draft. The next eight selections went to clubs that did not qualify for the 2011 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

## (D) TRADES

Players, SuperDraft and Supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2012 at 5 p.m. ET.

## (E) DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2012 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

**Note:** To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

## (F) HOME GROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met the League's Homegrown Player criteria. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

## (G) RE-ENTRY PROCESS

The 2012 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2012, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

- Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2013).
- Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2012 salary).
- Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2012 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

## (H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams

# 2012 MLS PLAYER RULES & REGULATIONS

eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- A player waived by an MLS team in the current season;
- A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or supplemental draft;
- A player who has remaining college eligibility (and was not made available in the SuperDraft or supplemental draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

## (I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- Generation adidas players signed after the MLS SuperDraft;
- Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent postseason. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

## (J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

## (K) SEASON-ENDING INJURY REPLACEMENTS (Season Ending Injury List)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

## (L) SHORT-TERM INJURY REPLACEMENTS (Disabled List)

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget. Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster.

International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2012 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.

## (III.) METHODS OF RELEASING PLAYERS

### (A) WAIVERS

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a

# 2012 MLS PLAYER RULES & REGULATIONS

semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

## (B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

January 21 – April 15 (Primary Window)

June 27 – July 27 (Secondary Window)

## (C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

## (D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.

- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

## (IV.) RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

**OUT OF CONTRACT PLAYERS/OPTIONS NOT PICKED UP:** Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

**DRAFTED BUT NOT SIGNED:** A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

**PLAYER TRANSFERRED OUTSIDE MLS:** If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.
