THE CLUB

CLUB OVERVIEW

ABOUT

Founded in 2004, Los Angeles-based Club Deportivo Chivas USA has achieved remarkable success in nine full seasons in Major League Soccer. From 2006-2009, the Red-and-White qualified for the Major League Soccer's Playoffs in four consecutive campaigns winning their first trophy when the club clinched the Western Conference Title in 2008. In addition to the First Team's achievements, Chivas USA is the standard for player development in Southern California, being recognized by U.S. Soccer Federation as one of the top 10 youth development academy programs in the country. On Feb. 20, 2014, the club was purchased by MLS from the Vergara-Fuentes family and began to operate under the League's administration while in search of a new ownership group.

2005

Chivas USA played their first game on April 2, 2005, losing 2-0 to D.C. United. The Red-and-White earned their first victory on May 7, defeating Real Salt Lake 1-0. Hans Westerhof was named Chivas USA's second head coach. Forward Matt Taylor became the first Goat to be named MLS Player of the Week. Following the season, Bob Bradley was named the team's third head coach.

2006

In the 2006 MLS SuperDraft, the Red-And-White selected midfielder Sacha Kljestan and defender Jonathan Bornstein. The Goats also acquired veterans Jesse Marsch, Ante Razov, and Claudio Suárez. The Red-and-White clinched the first playoff berth in team history, and won their first playoff game defeating the eventual MLS Cup Champion Houston Dynamo 2-1. Bornstein made an immediate impact, and was named MLS Player of the Week, MLS Player of the Month, and MLS Rookie of the Year. Ante Razov was named to the 2006 MLS All-Star team. Bob Bradley was named the MLS Coach of the Year. The team hosted the "100-hour game," the longest on record in the United States.

2007

Predrag Radosavljevic—a.k.a. Preki—was named the club's fourth head coach. Ramón Ramírez, the Goats' first captain, announced his retirement. Jonathan Bornstein became the first Chivas USA player to start in an MLS All-Star Game. The Red-and-White finished with their best record (15-7-8, 53 pts), and won the Western Conference Title. In the playoffs, the team fell to Kansas City. Brad Guzan was named the MLS Panasonic Goalkeeper of the Year, and Preki was named the MLS Coach of the Year.

CLUB OVERVIEW

2008

Chivas USA competed in their first official international tournament, playing Pachuca in the 2008 SuperLiga. Jonathan Bornstein and Sacha Kljestan were named to the MLS All-Star team. Goalie Brad Guzan became the first Goat to transfer to a European first division club. The Red-and-White clinched a playoff berth for the third consecutive season, losing to Real Salt Lake in the first round. Kljestan scored the U.S. Soccer Goal of the Year while playing in the Beijing Olympics. He was also named to the MLS Best XI, and was selected as U.S. Soccer's Young Male Athlete of the Year.

2009

Jonathan Bornstein and Sacha Kljestan competed with the U.S. National Team in the FIFA Confederations Cup in South Africa. Chivas USA goalkeeper Zach Thornton was named to the -2009 MLS All-Star Team. The Red-And-White made the MLS Cup Playoffs for the fourth consecutive season, playing the Los Angeles Galaxy in the first round. Chivas USA announced the Team Award Winners, naming Thornton the team's Most Valuable Player. Thornton was also named the MLS Goalkeeper of the Year and MLS Comeback Player of the Year, and he was nominated to the MLS Best 11. Martín Vásquez was named the team's head coach after serving as an assistant coach from 2005-'07.

2010

Kljestan and Bornstein were named co-captains for the 2010 season. During the FIFA World Cup break Kljestan signed a deal with Belgian club Anderlecht, leaving Chivas USA after parts of five seasons. Bornstein played in the World Cup, starting in two matches for the United States as they made it to the Round of 16.

2011

Chivas USA announced that Robin Fraser was named the club's new head coach along with Greg Vanney as Assistant Coach. On July 9, Nick LaBrocca scored the 10,000th goal in MLS history in the Red-and-White's match vs. Sporting Kansas City, earning him his first MLS All-Star Team participation. During the summer, Alejandro Moreno joined the Venezuelan National Team for the squad's run in CONMEBOL's Copa America, helping the 'Vinotinto' to the team's best 4th place finish. On August 17, Chivas USA announced the acquisition of Colombian striker Juan Pablo Angel from LA Galaxy. Angel went on to score seven goals in nine games with the Goats.

2012

The Red-and-White made a deep run in the Lamar Hunt U.S. Open Cup, reaching the Semi-finals of the 99-year old tournament for the second time. Goalkeeper Dan Kennedy was named team MVP, finished second in MLS in saves, and was named to his first All-Star Game. On August 29th, Jorge Vergara and Angelica Fuentes became complete owners of Chivas USA, acquiring the remaining 50% from former partners.

2013

Led by Head Coach Jose Luis Real, who replaced Jose Luis Sanchez Sola at the helm of the Goats in June 2013, former U.S. Men's National Team captain Carlos Bocanegra and Mexican raising striker Erick "Cubo" Torres had an immediate impact with Chivas USA. Arriving in July through the Summer Transfer Window, Torres became an instant threat to the club's MLS opponents. His seven tallies in 15 games earned the young attacker the club's Golden Boot Award while Bocanegra assisted Dan Kennedy in anchoring the backline. Additionally, Chivas USA U-23 Academy Team conquered the State Championship Title in August with a 12-game undefeated run leading into it.

Chivas USA acquired defender Carlos Bocanegra on July 1, 2013 from Spanish side Real Racing de Santander, where he was on loan from Scottish club Rangers FC since August 2012. After acquiring the first allocation ranking slot in a trade, the Red-and-White acquired the former U.S. Men's National Team captain and Southern California product after spending nearly a decade in European soccer.

Bocanegra made his Chivas USA debut on July 17 in a home win against Eastern Conference side Toronto FC at the StubHub Center. The Upland, Calif. native would go on to start in 12 games and become a crucial element on the Red-and-White's back line with his play and experience. Prior to joining the Rojiblancos, Bocanegra started in 23 games for Racing de Santander.

Bocanegra began his professional career with the Chicago Fire after he was drafted fourth overall out of UCLA in the 2000 MLS SuperDraft. He established himself as a starter with the Fire soon after and was named MLS Rookie of the Year. Bocanegra helped lead Chicago to the 2000 MLS Cup final as well as the Lamar Hunt U.S. Open Cup finals in 2000 and 2003. He added to his list of accolades as one of the league's premier players by earning back-to-back MLS Defender of the Year honors in 2002 and 2003.

In January of 2004, Bocanegra took his talents to the English Premier League with Fulham FC. In his four years with the London side, Bocanegra appeared in 133 games, scoring eight goals while becoming one of the few USMNT captains to wear both his club and National Team armbands simultaneously. After his time in the Premier League, the defender moved on to the French Ligue 1 where he played for Stade Rennes Football Club (2008-10) and later AS Saint Étienne (2010-12) before signing with Rangers FC.

A critical leader both on and off the field, he led the Stars and Stripes' back line in two FIFA World Cups (Germany 2006; South Africa 2010), a Confederations Cup (South Africa 2009) and four to four Gold Cup Finals (2002; '07; '09; '11), where they twice came away champions (2002; '07).

Bocanegra was a member of the U-20 USMNT that participated in the 1999 World Youth Championship in Nigeria and won bronze with the U-23 team in the 1999 Pan-American games. After starting the 2013 season primarily with the Red-and-White Reserve Team, Delgado earned his spot with the First Team and made his first pro start on June 29 against the New England Revolution at home. In his first full season with Chivas USA, Delgado became a vital part of the Red-and-White by displaying his versatility, as he started on the back line and also logged minutes at his natural midfield position. The young Goat played in 16 games (13 starts) and recorded his first career assist. His season, however, was cut short due to a meniscus tear late in the season.

In an effort to get back into top shape ahead of the 2014 preseason, Delgado joined Chivas USA's U-17/18 team for U.S. Soccer's Development Academy Winter Showcase in Florida. Delgado played in all three tournament matches and tallied four goals for the squad.

Internationally, Delgado has represented the U.S. as a member of several youth national teams. In 2013, the Red-and-White midfielder saw action with the U.S. U-17 National Team before being promoted to the U-20 squad in late 2013. As a member of the U20s, Delgado served as team captain in two international friendlies held in Verona, Italy in November.

At the age of 13, as a member of the U.S. U-15 Boys National Team, Delgado participated in a tournament in Argentina. He also competed with the U17s in Mundial Minimes, an international tournament in France, where Delgado started and played in every minute of all four games against France, Japan, Portugal and Uruguay. Chivas USA's longest serving player, goalkeeper and team captain Dan Kennedy returns to the Red-and-White for his seventh season in Major League Soccer after signing an extension that will keep him with the Rebaño Angelino until 2016.

In 2013, Kennedy had yet another standout season. The netminder started in 31-straight matches, falling a game shy of tying his career-best when an injury cut his season short and forced him to miss the final two games. Kennedy ranked among the top 'keepers in the league throughout the season and finished second with 104 saves. Aside from the countless spectacular saves that have become synonymous with the Red-and-White veteran, Kennedy notched his first professional goal, a penalty kick in a 2-1 win in the Quarterfinal Round of the U.S. Open Cup over the LA Blues.

Kennedy was selected by Chivas USA in the fourth round of the MLS Supplemental Draft prior to the Red-and-White's inaugural season in 2005 after a stellar career at UC Santa Barbara. The goalkeeper opted to play professionally in Puerto Rico and Chile before joining the Rebaño Angelino for the 2008 season.

Kennedy has played in 111 regular-season games and registered 109 starts, which gives him the club lead among active players and places him third and second, respectively, for the franchise lead. Despite missing the entire 2009 season due to a knee injury, Kennedy bounced back in top form and since 2011 has taken over as the unquestioned starter in goal for the Rojiblancos. In 2012, Kennedy made 32 starts and recorded seven shutouts while finishing second for the league lead with 109 saves, which earned the Goats' captain his first MLS All-Star selection and Chivas USA MVP honors.

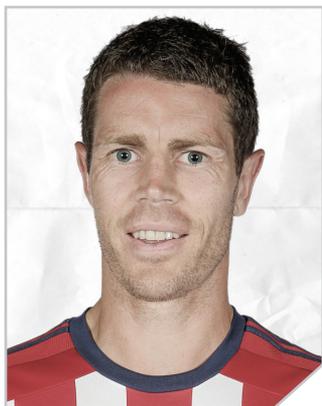

A native of Yorba Linda, Calif., Kennedy played at El Dorado High School before attending UCSB, where he started 84 games for one of the nation's top programs, leading the Gauchos to three postseason appearances (2002-2004) and to the 2004 NCAA final. After graduating, Kennedy joined the Puerto Rico Islanders of the USL First Division for the 2005 and 2006 seasons and was named Rookie of the Year. He eventually came to the Red-and-White from Chile's Municipal Iquique, where he spent the 2007 season and led the Chilean Second Division in lowest goals against average.

Chivas USA signed former English Premier League striker Luke Moore this off-season from Turkey's Super League side Sanica Baru Elazigspor. A product of the Aston Villa F.C. youth academy, the 28-year-old Englishman played alongside older brother and former Queens Park Rangers forward, Stefan. The younger Moore spent the bulk of his young professional career with Villa in the EPL and also enjoyed stays as a member of West Bromwich Albion and Swansea City A.F.C.

Moore made his pro debut with the Villans in 2005 in grand fashion, as the forward tallied his first career goal in a 2-0 win over Middleborough. Since then, the Birmingham native went on to record 27 goals while competing in England's top division.

In 2011, Moore took his talents to Wales to join Swansea City, and immediately became an instrumental part of the club by guiding it to a third-place finish and qualification to the playoffs. The Swans went on to beat Reading 4-2 in the finals at Wembley Stadium to earn the team a heralded promotion to the EPL, becoming the first Welsh club in 20 years to join the Premier League.

Two years later, Moore and the Swans' celebrated run continued, as they won their first major English trophy by defeating Bradford City, 5-0, for the Football League Cup and with it, a qualification to the 2013-14 UEFA Europa League tournament. After his memorable run with Swansea, Moore served a brief stint in Turkey prior to making the jump to MLS with Chivas USA.

GENERAL INFORMATION

I. MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

Salary & Budget:

Players occupying roster spots 1-20 count against the club's 2014 salary budget of \$3,100,000, and are referred to collectively as the club's Salary Budget Players. Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.

The maximum budget charge for a single player is \$387,500.*

* See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge.

** Age of player is determined by year (not date) of birth.

Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

All Generation adidas players are Off-Budget players.

Players occupying roster spots 1-24 will earn at least \$48,500 in 2014.

Players occupying roster spots 25-30 will earn at least \$36,500 in 2014.

Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

Age Designations:

Any player making \$36,500 must be under the age 25 (does not turn 25 or older in 2014).

Domestic/International:

In 2014, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.

The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).

The three MLS clubs based in Canada — Montreal Impact, Toronto FC and Vancouver Whitecaps FC — began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.

MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.

Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

NOTE: The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.

GENERAL INFORMATION

II. PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

(A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee.* The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2013 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is the other club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

*Designated Players of a certain threshold — as determined by the League — are not subject to allocation ranking.

Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) Failure to qualify for the MLS Cup Playoffs;
- (2) The transfer of a player to a club outside of MLS for value;
- (3) Expansion status;
- (4) Qualification for the CONCACAF Champions League;
- (6) Funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

To sign players new to MLS (that is, a player who did not play in MLS during the previous season).

To re-sign an existing MLS player, subject to League approval.

To "buy-down" a player's salary budget charge below the League maximum of \$387,500.

In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.

2014 MLS PLAYER RULES

I. MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

Salary & Budget:

Players occupying roster spots 1-20 count against the club's 2014 salary budget of \$3,100,000, and are referred to collectively as the club's Salary Budget Players. Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.

NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.

2014 MLS PLAYER RULES

(B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2014, a Designated Player over the age of 23** will carry a salary budget charge of \$387,500, unless the player joins his club in the middle of the season, in which case his budget charge will be \$193,750.

A Designated Player 20 years old or younger** counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$150,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradable.

** Age of player is determined by year (not date) of birth.

(C) SUPERDRAFT

The 2014 MLS SuperDraft consisted of four rounds of 19 picks for a total of 76 player selections. The first two rounds took place on Jan. 16 in Philadelphia and the final two rounds took place on Jan. 21 via conference call.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

Draft Order: The first nine selections went to the clubs that did not qualify for the 2013 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

2014 MLS PLAYER RULES

(D) TRADES

Players, SuperDraft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2014 at 5 p.m. ET.

(E) DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2014 — coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

Special Discovery Players: Each team may have only one Special Discovery signing per year. Special Discovery signings will occupy one of a team's six Discovery Player slots. Teams may amortize the total amount of acquisition costs over the term of the player's contract as long as the amortized amount and the player's salary do not exceed the Maximum Salary Budget Charge.

Note: To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

(F) HOMEGROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has trained 80 days with the academy during that year. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

(G) RE-ENTRY PROCESS

The Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2014, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2015).

Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2014 salary).

2014 MLS PLAYER RULES

Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2014 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

(H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

A player waived by an MLS team in the current season;

A player who completed his college eligibility within the past season, who was not made available in the SuperDraft;

A player who has remaining college eligibility (and was not made available in the SuperDraft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;

A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.

A player who was drafted in the SuperDraft, and who after a trial with the club is not offered a contract by the first Monday of June.

(I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

Generation adidas players signed after the MLS SuperDraft;

Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

2014 MLS PLAYER RULES

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent postseason. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

(J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

(K) SEASON-ENDING INJURY REPLACEMENTS (Season Ending Injury List)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

(L) SHORT-TERM INJURY REPLACEMENTS (Disabled List)

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget. Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster.

International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2014 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.

(III.) METHODS OF RELEASING PLAYERS

(A) WAIVERS

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

(B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

2014 MLS PLAYER RULES

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

February 18 – May 12 (Primary Window)

July 8 – August 6 (Secondary Window)

INTRALEAGUE LOANS: Teams may loan a player to another MLS team subject to the following:

- (i) The player must be 24 years old or younger at the time of the loan.
- (ii) Each MLS team may only loan one player per season.
- (iii) The loan must be initiated during the Primary Transfer Window.
- (iv) The player must remain with his new team for the entire MLS Season.
- (v) Players may not compete against their former Team during the MLS Season while on loan (includes MLS games and all other competitions).
- (vi) Intraleague loans may include an option to make permanent.

(C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

(D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.

A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

(IV.) RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP: Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

DRAFTED BUT NOT SIGNED: A player who was drafted by a particular team through the SuperDraft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

PLAYER TRANSFERRED OUTSIDE MLS: If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.
