## ROBERTSON STADIUM

Home to the University of Houston Cougars, Robertson Stadium was originally constructed in 1941 as a joint project of the Houston Independent School District (HISD) and the federal Works Progress Administration (WPA). In 1940, the HISD purchased the land now bound by Holman, Cullen, Scott and Wheeler and passed a resolution in March 1941 to provide \$650,000 to build the stadium.

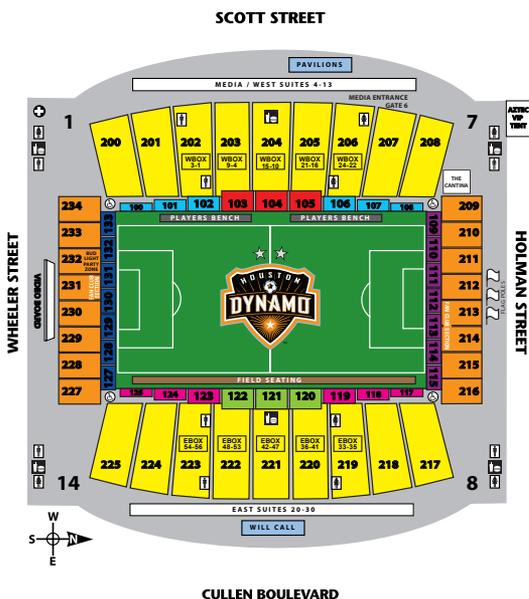

A massive renovation of Robertson Stadium took place in 1998, thanks to a \$6 million gift to the University of Houston from the John and Julie O'Quinn Foundation. In addition to the 20 luxury suites added, Phase I entailed replacement of the track with a ring of tiered seating, bringing the stadium's capacity to 32,000. In recognition of John and Julie O'Quinn's generosity and loyal support, the field at Robertson Stadium was named John O'Quinn Field.

Wilhelmina Robertson, president of the Cullen Foundation for 50 years, personally contributed \$500,000 to update the stadium, named after her first husband. Wilhelmina's second husband, Ed Smith, also chipped in a substantial amount to ensure that the University of Houston made Robertson Stadium viable for soccer.

The Dynamo have played home games at Robertson Stadium since their inception in 2006, quickly becoming known for their loud, passionate crowds. In the history of MLS playoff games, excluding MLS Cup finals, three of the top seven crowds in league history have come at Robertson Stadium.

## DYNAMO STADIUM – COMING 2012

After five years of negotiations, the Houston Dynamo's downtown stadium finally celebrated a groundbreaking on February 5, 2011. When the 22,000-seat venue opens in mid-2012, the players, coaches, employees, and fans will finally have a home to call their own.

The stadium has been designed by Populous, the firm that designed the new Yankee Stadium in New York, as an iconic piece of architecture that echoes both the rich industrial heritage of the urban East Downtown site and the Dynamo's aspirations to be an elite brand in North American soccer.

The stadium will be located closer to downtown than any other American stadium built for soccer, while its clear sightlines and intimate setting will make it unique among Houston stadiums. Combine those factors with the passion of Houston soccer fans and the team's vibrant orange, and a gameday at the Dynamo's new stadium will be like no other.

Situated on a six-block urban site near other Houston landmarks such as Minute Maid Park, the George R. Brown Convention Center, and the Toyota Center, the new stadium will be easily accessible for patrons from the entire Houston metropolitan area. The stadium will be recognizable thanks in part to its distinctive facade. The stadium skin will consist of tessellated aluminum mesh, enclosing the stadium while also allowing air to circulate throughout the facility.

Inside the stadium, fans will utilize one wide concourse to access both the lower and upper bowls. Fans throughout the stadium, from field-side seats to luxury suites to upper-bowl sections, will feel like part of the game action thanks to their proximity to the playing surface.

In 2012, when orange-clad fans erupt after a Dynamo goal, soccer in Houston will finally have its new home.

# Dominic Kinnear

## HEAD COACH

Former U.S. international Dominic Kinnear is in his eighth season as a head coach in 2011, having guided the Dynamo to MLS Cup championships in 2006 and 2007, to the SuperLiga championship game in 2008, and the Western Conference championship game in 2009.

In five years as Dynamo head coach, Kinnear has led the team to two MLS Cup titles (2006, 2007), two semifinal appearances in the CONCACAF Champions' Cup (2007, 2008), the quarterfinal stage of the inaugural CONCACAF Champions League (2008-09), one appearance in the final (2008) and two appearances in the semifinals (2007, 2010) of SuperLiga, two first-place regular-season finishes in the Western Conference (2008, 2009-

09), and the Lamar Hunt U.S. Open Cup semifinals twice (2006, 2009). He has been nominated for MLS Coach of the Year three times (2006, 2007, 2008).

With the San Jose Earthquakes, Kinnear spent three seasons as the club's top assistant coach, winning MLS Cup titles in 2001 and 2003, and then took over as head coach in 2004. He was named MLS Coach of the Year in 2005, when San Jose won the Supporters' Shield with a record of 18-4-10, still a league record for most points in a season.

A native of Glasgow, Scotland, Kinnear moved to California at age three and grew up in Fremont, Calif.

Kinnear played professionally in the American Professional Soccer League (APSL) and Mexico. He spent five seasons with the San Francisco Bay Blackhawks, helping them win a championship in 1991. In 1995, Kinnear signed with Necaxa of the Mexican First Division and helped lead the team to the Mexican Cup that year. He then signed with the APSL's Seattle Sounders, where he again was part of a championship team.

Kinnear earned 54 caps for the U.S. national team, with nine goals and two assists. His best year in a national team jersey was 1993, when he led the team in scoring with seven goals and one assist. He was captain of the national team for its match against his native Scotland on May 17, 1992, in Denver, Colo.

He played five years in MLS, including the 1997 season with the San Jose Clash, the forerunner of the Earthquakes. That season he played in a career-high 28 games and registered eight points. Kinnear also played with the Colorado Rapids and the Tampa Bay Mutiny in his 117-game MLS career, scoring six goals and recording 26 assists. Kinnear served as the Mutiny's captain in 1999 and led them to the playoffs that season.

Kinnear has a USSF "A" coaching license. He is married to Colleen, and they have three children: David (12), Sophia (10), and Grace (7). In his spare time, Kinnear enjoys watching his children play soccer and listening to music. His favorite bands include Robert Cray, U2, and Alice in Chains.

He twice lifted the MLS Cup championship trophy for Houston, in 2006 and 2007, and was also part of the San Jose Earthquakes' 2001 MLS Cup championship and 2005 Supporters' Shield-winning teams.

The Virginia Beach, Va., native attended the College of William & Mary and completed a B.A. in economics via correspondence in his early days as a professional with the San Jose Clash. FC DYNAMIS

## 2010 IN REVIEW

### GAME BY GAME

#### **MARCH 27: HOUSTON 1, FC DALLAS 1**

**Pizza Hut Park, Frisco, TX**

The Dynamo opened the season on the road against rival FC Dallas and got an opening goal from left back Mike Chabala – with his right foot. Dallas tied the game, however, on a long shot from Atiba Harris, and Dynamo defender Eddie Robinson left the match due to injury.

#### **APRIL 1: DYNAMO 2, REAL SALT LAKE 1**

**Robertson Stadium**

In the 2010 home opener, the Dynamo fell behind in the first half and lost Brian Ching to a hamstring injury before recovering in the second half on two penalty kicks from Brad Davis for their first come-from-behind win in league play since August 31, 2008.

#### **APRIL 10: DYNAMO 0, LA GALAXY 2**

**Robertson Stadium**

Looking for revenge from the 2009 Western Conference championship game, the Dynamo were denied by the Galaxy on two goals from Edson Buddle, with Luis Angel Landin getting sent off and Richard Mulrooney leaving the game injured, both in the first half.

#### **APRIL 17: DYNAMO 3, CHIVAS USA 0**

**Robertson Stadium**

The Dynamo roared to life with a three-goal effort as Houston routed Chivas USA on a Saturday afternoon. Geoff Cameron opened the scoring with a one-time shot from the top of the penalty area, and Lovel Palmer – making his first Dynamo start – followed it up with a 40-yard blast that earned Goal of the Week honors. Houston wrapped up the game when Brad Davis set up Dominic Oduro for a tap-in. Academy product Francisco Navas Cobo made his professional debut in stoppage time, the first Houston home-grown player to appear in an MLS match.

#### **APRIL 24: DYNAMO 0, CHICAGO FIRE 2**

**Toyota Park, Bridgeview, IL**

The Dynamo season took a turn for the worse when Geoff Cameron, finally getting comfortable in the attacking midfield

position, went down with a ruptured PCL that would keep him out of action for almost four months. Baggio Husidic and Peter Lowry scored for Chicago as Houston lost at Toyota Park for the first time ever.

#### **MAY 1: DYNAMO 3, KANSAS CITY WIZARDS 0**

**Robertson Stadium**

Houston produced its second dominating performance in two weeks, going ahead on an early Luis Angel Landin goal and then taking advantage of a red card to Kansas City's Davy Arnaud with second-half strikes from Brian Mullan, off a Landin assist, and Sammy Appiah, in his professional debut.

#### **MAY 5: DYNAMO 0, FC DALLAS 1**

**Robertson Stadium**

Hoping for back-to-back wins, the Dynamo fell to a disappointing home loss to rival FC Dallas, losing the season series with their Texas rivals for the first time. Dallas, which played the final 18 minutes with 10 men, won on a late goal from Ugo Ihemelu from a free kick.

#### **MAY 8: DYNAMO 2, CHIVAS USA 0**

**The Home Depot Center, Carson, CA**

Playing just its third road game of the year, Houston earned its first road win with early goals from Brad Davis on a sliding, long-range lob and Adrian Serioux from a Davis corner kick. Goalkeeper Pat Onstad became the oldest player in MLS history at 42 years, 115 days, and posted a shutout.

#### **MAY 13: DYNAMO 1, REAL SALT LAKE 3**

**Rio Tinto Stadium, Sandy, UT**

The defending MLS Cup champions dominated the Dynamo on national TV, with Robbie Findley and Alvaro Saborio scoring in the first 25 minutes. Saborio scored again in the second half as Houston struggled defensively, with the Dynamo pulling back a late goal from Brian Mullan.

#### **MAY 22: DYNAMO 2, D.C. UNITED 0**

**Robertson Stadium**

Two players making their first career MLS starts – 20-year-old

midfielder Danny Cruz and 25-year-old goalkeeper Tally Hall – led the Dynamo to a shutout win and a record above .500 for the final time in 2010. Cruz scored in just the 10th minute, blasting a shot off the inside of the left post, and helped set up Dominic Oduro for the MLS Goal of the Week in the second half. Hall made two saves for the shutout.

#### **MAY 29: DYNAMO 2, PHILADELPHIA UNION 3**

##### **Robertson Stadium**

Facing a struggling expansion team at home, Houston got a lift from Brian Ching's return from national team duty. Ching and Eddie Robinson scored on second-half headers from Brad Davis free kicks, but Philadelphia rallied for its first ever road win on goals from Sebastien Le Toux and Danny Mwanga in stoppage time. The loss sent the Dynamo into a stretch of three months without a league win.

#### **JUNE 2: DYNAMO 1, NEW YORK RED BULLS 2**

##### **Red Bull Arena, Harrison, NJ**

Playing in the sparkling new Red Bull Arena for the first time ever, the Dynamo came from behind to tie the match in the second half on another Brian Ching goal. But New York scored a winner in the fourth minute of stoppage time on a Juan Pablo Angel free kick that caromed off the post and Pat Onstad's back before going in.

#### **JUNE 5: DYNAMO 1, LOS ANGELES GALAXY 4**

##### **The Home Depot Center, Carson, CA**

Houston suffered its third straight loss with its worst defensive performance ever in league play, falling 4-1 on the road to the first-place Galaxy. As if to symbolize the Dynamo's struggles, Cam Weaver scored his first goal of the season in the first half but was briefly knocked unconscious on the play.

#### **JUNE 26: DYNAMO 2, COLORADO RAPIDS 2**

##### **Robertson Stadium**

After a pair of friendly wins during the break for the group stage of the World Cup, the Dynamo returned to league play and dominated the match against Colorado. Houston scored two terrific goals, with Danny Cruz firing in a long left-footed shot early, and Joseph Ngwenya hitting the top right corner late, but Colorado twice capitalized on Dynamo mistakes, including a Lovel Palmer own goal, to force a 2-2 tie.

#### **JUNE 29: DYNAMO 1, MIAMI FC 0**

##### **Robertson Stadium**

##### **Lamar Hunt U.S. Open Cup Round 3**

Playing their first home Open Cup game in four years, the Dynamo had to sweat before pulling out a 1-0 victory over Miami. Luis Angel Landin left the game injured in the first half, and Richard Mulrooney saw his penalty kick saved in the second half before Lovel Palmer struck in the 80th minute from a Dominic Oduro through ball to send Houston to the quarterfinals.

#### **JULY 1: DYNAMO 1, TORONTO FC 1**

##### **BMO Field, Toronto, ON**

In another encouraging yet ultimately frustrating

performance, the Dynamo played with passion and took a 1-0 lead when Brian Ching headed in a Danny Cruz corner kick in the 73rd minute. Toronto responded, however, when Dan Gargan headed in a corner kick in the 84th minute to tie the match. Houston finished with 10 players to Toronto's nine.

#### **JULY 6: DYNAMO 1, CHIVAS USA 3**

##### **Robertson Stadium**

##### **Lamar Hunt U.S. Open Cup Quarterfinals**

Facing an MLS team in a second straight Open Cup home game, the Dynamo could not rise to the occasion, allowing an early goal to Justin Braun and eventually falling 3-1, their first home loss ever to Chivas USA, despite a deflected late goal from Dominic Oduro.

#### **JULY 10: DYNAMO 0, COLUMBUS CREW 0**

##### **Robertson Stadium**

Houston played to its third consecutive draw in league play with a scoreless tie against the two-time defending Supporters' Shield champions. Brian Ching had the Dynamo's best chance to score, but his left-footed shot went wide of net. Pat Onstad made two saves to record his 50th career shutout for the Dynamo, while it was the final match in Houston for assistant coach John Spencer, eventually destined to be head coach in Portland.

#### **JULY 15: DYNAMO 2, PACHUCA 1**

##### **Robertson Stadium**

##### **SuperLiga Group A**

As they had done multiple times in the past, the Dynamo rose to the SuperLiga occasion with an emotional 2-1 win over Mexican rival Pachuca. Joseph Ngwenya opened the scoring with a volleyed goal in the first half, and he and Brian Ching were dangerous all night. At the other end, Tally Hall made several big saves in his best performance of the year. Although Pachuca tied the game in the second half, Houston found a late winner when Ngwenya headed in a Corey Ashe free kick in the 85th minute.

#### **JULY 18: DYNAMO 1, CHIVAS USA 1**

##### **Robertson Stadium**

##### **SuperLiga Group A**

The Dynamo carried their momentum from the Pachuca game into the all-American match of group play, getting an early goal from Lovel Palmer and holding a 1-0 lead throughout most of the match. A defensive slip on a corner kick, however, allowed Jesus Padilla to tie the game in the 71st minute and leave Houston looking for more yet again.

#### **JULY 21: DYNAMO 1, PUEBLA 0**

##### **Robertson Stadium**

##### **SuperLiga Group A**

In a physical match to determine top spot in Group A, the Dynamo pulled out another win over a Mexican opponent to take the group title. Ghanaian midfielder Anthony Obodai made his first start for Houston and received a rude welcome in a match with eight yellow cards and four red cards. The decisive play came in the 64th minute, when Cam Weaver

knocked down a Corey Ashe free kick, and Dominic Oduro reacted first to net the game-winner. He was bizarrely sent off in stoppage time due to referee confusion, although his suspension was later lifted.

#### **JULY 24: DYNAMO 0, COLUMBUS CREW 3**

**Crew Stadium, Columbus, OH**

Hoping to carry SuperLiga momentum into the regular season, the Dynamo were hit with an early sucker punch when Tally Hall, starting due to a Pat Onstad abdominal strain, mishandled a long ball and allowed Emilio Renteria to tap into an empty net. Bobby Boswell was ejected in the 72nd minute, and Columbus added insult to injury with two late goals. The missed match by Onstad broke a streak of 72 consecutive MLS and playoff matches played when not on national team duty.

in an Andrew Hainault cross in the 90th minute to send the home crowd wild.

#### **AUGUST 5: DYNAMO 0, MONARCAS MORELIA 1**

**Robertson Stadium**

**SuperLiga Semifinals**

The Dynamo missed out on the SuperLiga championship game after a 1-0 home loss to Morelia. Cam Weaver hit the post in first half stoppage time for Houston's best chance, but Morelia seized momentum with a goal from Miguel Sabah shortly after halftime. The Dynamo pushed forward late, buoyed by the emotional return of Geoff Cameron less than four months after PCL surgery, but could not connect with a tying goal.

#### **JULY 28: MLS ALL-STARS 2, MANCHESTER UNITED 5**

**Reliant Stadium**

**2010 AT&T MLS ALL-STAR GAME**

The soccer event of the year in the United States came to Houston, with Manchester United facing the MLS All-Stars. In front of a Reliant Stadium soccer record crowd of 70,728, Man U scored just seconds into the match through Federico Macheda and rolled to victory. The biggest cheers of the night came for Dynamo All-Star Brian Ching, who scored in the second half, and Mexican star Chicharito Hernandez, who scored Man U's fifth goal with a cool lob.

#### **AUGUST 8: DYNAMO 0, SEATTLE SOUNDERS 2**

**Qwest Field, Seattle, WA**

Playing a sound, physical game on the road, the Dynamo were done in by a counter-attack in the second half, as Kasey Keller's long punt isolated Fredy Montero against a Houston defender, and Montero turned his man before firing past goalkeeper Tally Hall to give Seattle the lead. Alvaro Fernandez added a late goal on a night that saw Hall make seven saves.

#### **AUGUST 14: DYNAMO 0, NEW ENGLAND REVOLUTION 1**

**Gillette Stadium, Foxborough MA**

In the 200th game in club history, the Dynamo were unlucky to lose on the road to long-time regular-season nemesis New England, allowing Ilija Stolica to score in the 62nd minute. Houston's winless streak in league play stretched to a club record 10 games.

#### **JULY 31: DYNAMO 2, NEW YORK RED BULLS**

**Robertson Stadium**

Houston produced one of the most dramatic finishes in team history to salvage a tie from a must-win match. With 24,750 fans on hand for French star Thierry Henry's MLS debut, Houston fell behind early but rallied to tie the game on a Brad Davis penalty kick. The Dynamo's fortunes seemed to turn near halftime, as Davis missed a penalty kick and Lovel Palmer was harshly sent off for a relatively benign tackle. New York took the lead and the Dynamo rarely threatened in the second half, but sparkplug Brian Mullan came off the bench to head

#### **AUGUST 21: DYNAMO 4, CHICAGO FIRE 3**

**Robertson Stadium**

Brian Ching almost single-handedly kept Houston's playoff hopes alive, netting a stirring hat trick – including a Goal of the Year bicycle kick and a dramatic winning header – to give the

Dynamo the win. Ching got a lucky goal early, and Lovel Palmer added a low strike from a free kick, but Houston's defense let down once again, and Ching headed in a Richard Mulrooney corner kick with five minutes left to earn the win.

**AUGUST 28: DYNAMO 0, COLORADO RAPIDS 3**  
Dick's Sporting Goods Park, Commerce City, CO

All the positive vibes from the previous Saturday were thrown out the window in the first 10 minutes, as Jamie Smith scored in the second minute and Lovel Palmer was ejected in the 10th minute to ruin the Dynamo's chances of a second straight win.

**SEPTEMBER 5: DYNAMO 1, SAN JOSE EARTHQUAKES 2**  
Robertson Stadium

Despite dominating the match and outshooting their Western Conference rivals 16-6, the Dynamo fell 2-1 at home to a San Jose squad that made its living on the counter attack. Designated Player Geovanni set up one goal and scored another to overcome a skilled header from Brad Davis.

**SEPTEMBER 18: DYNAMO 1, TORONTO FC 2**  
Robertson Stadium

Any Houston playoff hopes were virtually extinguished with a painful 2-1 loss to Toronto FC and old friend Dwayne De Rosario. Brian Ching scored in the first half from a Brad Davis free kick – the 50th Dynamo assist for Davis – but De Rosario struck twice on free kicks in the second half, including one four minutes into stoppage time, to give Toronto the win.

**SEPTEMBER 22: DYNAMO 3, KANSAS CITY WIZARDS 4**  
CommunityAmerica Ballpark, Kansas City, KS

The Dynamo hit rock bottom on the road, blowing a 3-1 halftime lead and suffering their fourth stoppage-time loss of the season, a new MLS record. The first 45 minutes saw strong attacking play from Houston and goals from Cam Weaver, Dominic Oduro, and Adrian Serioux, but Kansas City rallied with goals from Teal Bunbury, Ryan Smith, and Josh Wolff – the last in the sixth minute of stoppage time – for an emotional win.

**SEPTEMBER 25: DYNAMO 3, D.C. UNITED 1**  
RFK Stadium, Washington, DC

Three days after its collapse in Kansas City, Houston turned the tables with its own second-half comeback against the league's worst team. After Rookie of the Year Andy Najar gave D.C. the lead in the first half, Houston tied the game on an own goal and took the lead on a Geoff Cameron header. The Dynamo then survived a head injury scare to Pat Onstad and more than 10 minutes of stoppage time before Dominic Oduro sealed their first road win since May 8.

**OCTOBER 2: DYNAMO 1, PHILADELPHIA UNION 1**  
PPL Park, Chester, PA

Facing their third straight road game, the Dynamo turned in a credible performance in a 1-1 draw. After a week of injury worries for goalkeepers Pat Onstad and Tally Hall, Onstad recovered in time to make the start. Houston took the lead when Andrew Hainault fired in a rebound in the first half,

but the Union tied the game on a deft touch and finish from Sebastien Le Toux.

**OCTOBER 10: DYNAMO 1, NEW ENGLAND REVOLUTION 2**  
Robertson Stadium

In a game that was eerily similar to the San Jose game a month earlier, Houston controlled the match against New England but fell 2-1 on sloppily conceded goals from Shalrie Joseph and Kheli Dube. Dominic Oduro provided the bright spot for the Dynamo with a strong finish from a great team buildup, but Houston could not continue on for the win.

**OCTOBER 16: DYNAMO 1, SAN JOSE EARTHQUAKES 0**  
Buck Shaw Stadium, Santa Clara, CA

Home-grown goalkeeper Tyler Deric made his professional debut with a start and earned a shutout win as the Dynamo defense held firm for its first league shutout since July 10. Andrew Hainault netted the game's only goal with an athletic first-half header, and Deric made three saves on an emotional night for the Dynamo Academy.

**OCTOBER 23: DYNAMO 2, SEATTLE SOUNDERS 1**  
Robertson Stadium

The Dynamo closed the season in style, coming from behind in front of a large crowd for a 2-1 win over rival Seattle. Tyler Deric got his second straight start in goal and made five saves, while Geoff Cameron scored a terrific goal with his left foot and Cam Weaver connected on a header early in the second half. The win came against the league's hottest team; it was only Seattle's second loss in its final 15 games.

## OTHER COMPETITIONS

### CONCACAF CHAMPIONS LEAGUE

The CONCACAF Champions League crowned its first champion in April 2009 as the successor to the CONCACAF Champions' Cup, which crowned the regional club champion from 1962-2008.

The tournament includes 24 teams from 10 countries and the Caribbean, with eight qualifying directly to the group stage and the other 16 competing in a qualifying round. The group stage, contested in the fall, consists of four groups of four teams each, with the top two in each group advancing to the elimination round the following spring. The tournament champion advances to the FIFA Club World Cup, to be held in Abu Dhabi in December 2010.

The Dynamo qualified for the group stage of the 2008-09 Champions League as the 2007 MLS Cup champion. Houston then became the only United States club to advance to the quarterfinals. For 2009-10, the Dynamo qualified for the group stage again as the runners-up for the MLS Supporters' Shield, won by the MLS Cup champion Columbus Crew.

In 2011-12, the United States representatives are: Colorado Rapids (MLS Cup champion); Los Angeles Galaxy (Supporters' Shield winner); FC Dallas (Western Conference champion); Seattle Sounders (Lamar Hunt U.S. Open Cup champion).

### LAMAR HUNT U.S. OPEN CUP

Dating back to 1914, the Lamar Hunt U.S. Open Cup is the oldest cup competition in United States soccer and is among the oldest in the world.

Open to all affiliated amateur and professional teams in the United States, the annual U.S. Open Cup is a single-elimination tournament.

The U.S. Open Cup is very similar to domestic cup competitions popular throughout Europe, South America and the rest of the world. Cup competitions, which usually run concurrent with a country's league season, are open in the early stages to any club that can qualify, giving local amateur teams a chance to compete against the best teams a country has to offer.

MLS teams have taken part in the competition and dominated it since 1996, making the tournament a true "national" championship. In fact, the only non-MLS team to win the title since 1996 were the Rochester Raging Rhinos in 1999, with current Dynamo goalkeeper Pat Onstad in net. The Chicago Fire have won four Open Cup titles in their 10 years of existence.

For the first time in 2011, the Dynamo will have to compete in Open Cup qualifying matches against other MLS teams to earn one of the two remaining MLS spots in the tournament.

## YOUTH DEVELOPMENT SYSTEM

Only four years old, the Houston Dynamo Youth Development System, presented by Statoil, is already molding and producing soccer talent, with a plan to increase the availability and success of its programs to ensure that young talent will train with Dynamo coaches from an early age.

Dynamo programs include players aged 5-18, with prospects hopefully progressing up the pyramid from seasonal camps to Centers of Excellence to Dynamo Elite Camps to the Junior Academy to the Academy U-16 and U-18 teams to the home-grown player list to the Dynamo first team.

Establishing these programs is a long process still in its infancy, but the Dynamo Youth Development System is well on its way to becoming one of the top talent-nurturing soccer organizations in the United States.

In only four years, the Dynamo Academy has produced four players for the Dynamo first team in goalkeeper Tyler Deric (2009) and midfielders Francisco Navas Cobo (2010), Josue Soto (2011), and Alex Dixon (2011). Deric and Navas Cobo made their MLS debuts in 2010, with Deric winning his first two starts and becoming the first home-grown goalkeeper in league history to record a shutout in his debut. The Dynamo have also sent players to the United States U-17 national team residency program, and multiple other players have been called up to respective national teams, including youth national teams from the United States, Mexico, El Salvador, Trinidad & Tobago, and Armenia.

### DYNAMO CAMPS

Dynamo Camps are aimed at all players looking for a challenging soccer experience or a fun introduction to the game.

In age and ability specific groups led by experienced and qualified Dynamo coaching staff, players will be motivated to achieve through appropriate soccer activities.

Through Dynamo Camps, players receive the individual attention to technique that is required to become more confident and expressive on the field.

Each player receives a Houston Dynamo Adidas ball and T-shirt and a free companion ticket to a Dynamo home game.

Dynamo Camps operate over 1 week periods and are split into two options based on age, 1.5 hour (5-6 years) or 3 hour (7-12) camp programs.

In 2011, Dynamo Camps will be held:  
June 13-17, June 27-July 1, July 18-22, and July 18-22.

### CENTER OF EXCELLENCE

Center of Excellence programs offer high level training to advanced players and provide a direct route into the Houston Dynamo Academy. Players are challenged to increase game intelligence through a variety of small-sided activities. Experienced and qualified Dynamo coaches expose and guide players to the level required for Academy and collegiate level play. Top performers from Center of Excellence Spring Training and Dynamo Camps will be invited to participate in Academy Identification Sessions in the fall season. Stand out performers may be invited to Academy squads directly.

Registration for Center of Excellence Programs is reserved for male and female advanced level players aged 8-18. Each player receives a Houston Dynamo Adidas ball and Center of Excellence T-shirt, in addition to a free companion ticket to a Dynamo home game. Spring Training operates for 8 consecutive weeks in various locations around Houston, beginning in April. Sessions are two hours in duration. Registration for Center of Excellence Spring Training is reserved for male and female advanced level players aged 8-18.

The Houston Dynamo also operate an open tryout once a year in May. The tryout will identify players for Academy rosters and the Center of Excellence Spring Training. Exceptional performance at the open tryout may result in an invitation directly to an Academy or Jr. Academy roster position. The Dynamo Academy is a male-only program. The open tryouts are free, however entry to the Center of Excellence and Academy Identification Sessions are subject to a registration fee.

#### OPEN TRYOUTS

The Houston Dynamo operates an open tryout once a year in March. The tryout will identify players for Academy rosters and the Center of Excellence Spring Training.

Players who successfully receive an invitation to the Center of Excellence Spring Training will be those who show Academy level potential. These individuals will benefit from 8 weeks of tuition under direction and supervision of Houston Dynamo Coaching Staff. A small amount of stand out players from the Center of Excellence will be invited to participate in Academy Identification Sessions in the fall season.

Exceptional performance at the Open Tryout may result in an invitation directly to an Academy or Junior Academy roster position.

The Academy is a male only program; however the Open Tryout and Center of Excellence is open to advanced level male and female players. The Open Tryout is free, however entry to the Center of Excellence and Academy Identification Sessions are subject to a registration fee.

#### SPRING TRAINING

#### DYNAMO SOUTH TEXAS ACADEMY

The Dynamo South Texas Academy, presented by Statoil, is the Dynamo's first satellite academy, founded in September 2007. The Dynamo and the McAllen Youth Soccer Association are partnering to develop young talent in the Rio Grande Valley region of South Texas with Dynamo South Texas teams at the U-18 and U-15 levels. The teams train and compete in several South Texas cities, including McAllen, Harlingen, and Brownsville.

The Houston Dynamo will be able to help develop soccer in South Texas and introduce professional soccer to the valley. The DSTA will also give South Texas youth the opportunity to play professional soccer in MLS.

The Academy curriculum will focus on the four corners of player development (technical, social, psychological and physical), using the latest coaching techniques and methodology. The players will be trained under the direction of University of Texas-Brownsville coaches Gary Hamilton and Dan Balaguero, overseen by Dynamo Director of Youth Development James Clarkson.

#### DYNAMO JUNIORS

Dynamo Juniors offers soccer players outside of the Houston region the chance to be part of the Houston Dynamo organization. The ever-expanding program already has established programs in Austin, Texas; El Paso, Texas; McAllen, Texas; Lafayette, Louisiana; Gulfport, Mississippi; Mobile, Alabama; and Gulf Breeze, Florida. The goal of Dynamo Juniors is to help grow soccer in those regions and give more players the opportunity to achieve their dream of playing professional soccer. Select players will be asked

to join the Dynamo Academy full time and will train under the direct supervision of Houston Dynamo Director of Youth Development James Clarkson. Select players in Dynamo Juniors programs will be offered the opportunity to train with the Dynamo Academy in Houston and participate with the club in various tournaments. Elite players can be signed to professional contracts by the Houston Dynamo.

#### DYNAMO JUNIOR ACADEMY

Now in its fourth season in 2011, the Dynamo Junior Academy, presented by Statoil, is for players aged 8-14 years old. They will receive free training one night per week while still playing and training with their club team. Successful players will have the opportunity to progress directly into the Dynamo Academy.

The Junior Academy will train January-May and September-December. New players will be added after being evaluated during the spring and fall Centers of Excellence.

The mission of the Junior Academy is to provide a professional training/learning environment that is age specific. The Junior Academy aims to have a positive impact on each player's development on and off the field. The Junior Academy curriculum focuses on skill and technique development, so the Dynamo will not be forming teams or playing in local competitions.

#### DYNAMO ACADEMY

Houston's elite youth players with ambitions of becoming professional players compete for the Dynamo Academy's U-16 and U-18 teams, presented by Statoil. Both teams train in a professional environment and compete at the highest levels. The teams compete in the United States Soccer Federation Developmental Academy leagues.

The Academy curriculum will focus on the four corners of player development (technical, social, psychological and physical), using the latest coaching techniques and methodology. The players will be trained under the direction of Dynamo Director of Youth Development James Clarkson and the Dynamo's youth development staff.

Academy teams train at locations throughout Houston while preparing to move to the Houston Sports Park in late 2010 or early 2011. Outstanding players have the opportunity to be invited to train with the Dynamo first team.

In addition to USSF Development Academy league play, the Dynamo's Major League Soccer affiliation has helped them play elite competition, such as the Copa Chivas in 2010 and 2011, the 2009 European tour that included wins over Rangers and Real Madrid, and U-15 participation in the Mundialito Tahuichi in Bolivia. Other opportunities include the College Combine and the SUM U-17 Cup, where the Dynamo finished third in 2010.

## HOME-GROWN PLAYER LIST

At the U-16 and U-18 levels, a maximum pool of 36 players will be selected for each age group (a total of 72 players). 18 players from each age group will have the opportunity to be designated as Dynamo Home Grown Players (a total of 36 players). Under MLS Rules, these prospects can be signed to a pro contract and be directly promoted to the Dynamo first team.

The Dynamo enter the 2011 MLS season with 10 players on their Home-Grown Player List, most competing for colleges and universities around the country. Several players have been invited to train with the Dynamo first team, including regular stints during the summer months.

# RULES OF COMPETITION

**STRUCTURE:** The 18 MLS teams are divided into two conferences:

Eastern Conference – Chicago Fire, Columbus Crew, D.C. United, Houston Dynamo, Sporting Kansas City, New England Revolution, New York Red Bulls, Philadelphia Union, Toronto FC.

Western Conference – Chivas USA, Colorado Rapids, FC Dallas, LA Galaxy, Portland Timbers, Real Salt Lake, San Jose Earthquakes, Seattle Sounders FC, Vancouver Whitecaps FC.

**SCHEDULE:** Each team plays a 34-game regular season schedule. Each MLS team will play two games against the other 17 teams (one home, one away) accounting for the 34 games of the season.

**POINT SYSTEM:** Teams will receive three points for a win, one point for a tie and zero points for a loss.

**REFEREES:** All referees in MLS are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. All MLS games played in the US will be assigned by USSF and all games played in Canada will be assigned by CSA.

**GAME CLOCK:** The official game time for all Major League

Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. “stoppage time”) at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a “+” sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at “48+”.

**GAME DAY ROSTERS:** Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

**CAUTIONS AND SUSPENSIONS:** A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction which resulted in his being awarded a yellow card. A second suspension of

one game would result after the awarding of an additional three cards as would a third suspension after the awarding of card number eleven. With the “Good Behavior” incentive it is possible for a player to have a caution expunged. If a player goes three games without receiving a yellow card, after an initial warning, the player will have one yellow card expunged. A player may take advantage of the “Good Behavior” incentive only once throughout the season.

#### MLS CUP PLAYOFFS: FORMAT

**WHO QUALIFIES:** Ten teams qualify for the 2011 MLS Cup Playoffs. Playoff berths will be determined by points in the standings upon the completion of the regular season. All 18 teams will have played 34 games.

The top three finishers in each conference, based on regular season points (six automatic berths)

The next best four clubs based on regular season points, irrespective of conference (four wild cards)

- The four wild cards will play single elimination games against each other, with higher seeds hosting (1 vs. 4; 2 vs. 3). These play-in games are part of the MLS Cup Playoffs.
- After the two play-in games conclude, the lowest remaining seed will face the Supporters’ Shield winner in the Conference Semifinals; the other will face the No. 1 seed in the opposite conference from the Supporters’ Shield winner.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary. The two Conference Championships will be single games hosted by the higher seed. MLS Cup will again be a single championship match hosted at a predetermined site to be announced at a later date.

#### TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (3 points for a win, 1 point for a tie, 0 points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

- 1) The highest position shall be awarded to the team with the better win/loss record in current regular season games against all other teams equal in points. (head-to-head competition)
- 2) If the teams are still equal in the standings, the highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season. (goal differential)
- 3) If the teams are still equal in the standings, the highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season. (total goals)
- 4) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. (road 1-3)
- 5) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played at home by each team against all other teams during the regular season. (home 1-3)
- 6) If the teams are still equal in the standings, the highest position shall be awarded to the team with the fewest team disciplinary points in the League Fair Play table during the regular season.
- 7) If the teams are still equal in the standings, the highest position in the standings shall be determined by the toss of a coin.
- 8) The first tiebreaker in a three-way tie is also head-to-head, but it is determined via points-per-game versus the other two teams. If two teams are tied in points-per-game head-to-head, the next tie breaker is goal difference.

**NOTE:** If two clubs remain tied after another club with the same number of points advances during any step, the tie breaker reverts to step 1 of the two-club format.

## 2011 MLS PLAYER RULES AND REGULATIONS SUMMARY

### I. MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

**SALARY & BUDGET:** Players occupying roster spots 1-20 count against the club's 2011 salary budget of \$2,675,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$335,000.\*
- A Designated Player counts \$335,000 against the club's salary budget, unless the player joins his club in the middle of the season, in which case his budget charge will be \$167,500.

\* See section entitled *Allocation Money* below, under *Player Acquisition Mechanisms*, for details on buying down a player's budget charge.

Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

- All Generation adidas players are Off-Budget players.

Players occupying roster spots 1-24 will earn at least \$42,000 in 2011.

Players occupying roster spots 25-30 will earn at least \$32,600 in 2011.

- Clubs may elect to leave up to two of these roster spots (25-30) vacant and use \$35,000 for each empty spot as allocation money.
- Clubs may sign up to two Home Grown Players to Generation adidas contracts.

**AGE DESIGNATIONS:** Any player making \$32,600 must be under the age 25 (does not turn 25 or older in 2011).

**DOMESTIC/INTERNATIONAL:** In 2011, a total of 144 international slots are divided among the 18 clubs. Each club began with eight international slots, which are tradable. There is no limit on the number of international slots on each club's roster.

- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).

The two MLS clubs based in Canada – Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.

- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

**NOTE:** *The terms Home Grown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.*

### II. PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

#### (A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day. The allocations will be ranked in reverse order of finish for the 2010 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is another club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

**ALLOCATION MONEY:** Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did

not play in MLS during the previous season).

- To re-sign an existing MLS player, subject to League approval.
- To “buy-down” a player’s salary budget charge below the League maximum of \$335,000.
- In connection with the exercise of an option to purchase a player’s rights or the extension of a player’s contract for the second year provided the player was new to MLS in the immediately prior year.

**NOTE:** *To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly. (Similarly, most clubs in other countries do not announce the amount of money they plan to spend during a given transfer window.)*

#### **(B) DESIGNATED PLAYER**

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player’s budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2011, a Designated Player’s salary budget charge will be \$335,000, unless the player joins his club in the middle of the season, in which case his budget charge will be \$167,500.

Each club has two Designated Player slots, and clubs are allowed to “purchase” a third Designated Player slot for a one-time fee of \$250,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players.

Designated Player slots are not tradable.

Clubs have the option of “buying down” the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

#### **(C) SUPERDRAFT**

The 2011 MLS SuperDraft, held Jan. 13 in Baltimore, Md., consisted of three rounds of 18 picks for a total of 54 player selections. A supplemental draft was held Jan. 18 via teleconference and consisted of three rounds.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League’s draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful

of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

**DRAFT ORDER:** Through the Expansion Priority Draft, Vancouver Whitecaps FC earned the first selection in the 2011 MLS SuperDraft while the Portland Timbers selected second. The next six selections went to clubs that did not qualify for the 2010 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining eight positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team’s “College Protected List” until the second December 31 following the draft in question, after which the team loses the rights to the player.

#### **(D) TRADES**

Players, SuperDraft and supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2011 at 5 p.m. ET.

#### **(E) DISCOVERY SIGNINGS**

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2011 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

**NOTE:** *To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.*

### (F) HOME GROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met League criteria. Players joining MLS through this mechanism are known as Home Grown Players.

There is no limit to the number of Home Grown Players a club may sign in a given year.

### (G) RE-ENTRY PROCESS

The 2011 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2011, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

1. Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2012).
2. Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2011 salary).
3. Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2011 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

### (H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- (i) A player waived by an MLS team in the current season;
- (ii) A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or supplemental draft;
- (iii) A player who has remaining college eligibility (and was not made available in the SuperDraft or supplemental draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- (iv) A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- (v) A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

### (I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- (i) Generation adidas players signed after the MLS SuperDraft;
- (ii) Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 30 regular season games and the most recent postseason. The team with the worst record over its last 30 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

### (J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its

30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

#### (K) SEASON-ENDING INJURY REPLACEMENTS

A team with a player lost to a season-ending injury can replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

#### (L) SHORT-TERM INJURY REPLACEMENTS

A team with a player who has a short-term injury can replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the short-term injured reserve list once another player has been signed as a replacement (provided the team has budget space). Note that the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster. International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

*NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2011 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.*

### (III.) METHODS OF RELEASING PLAYERS

#### (A) WAIVERS

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

#### (B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

January 21 – April 15 (Primary Window)

July 15 – August 14 (Secondary Window)

#### (C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

#### (D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.
- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

#### (IV.) RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

#### **OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP:**

Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

**DRAFTED BUT NOT SIGNED:** A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

**PLAYER TRANSFERRED OUTSIDE MLS:** If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

## MLS ALL-STAR GAME

The MLS All-Star Game has honored the league's top players since 1996, when more than 78,000 fans packed Giants Stadium to see a doubleheader featuring MLS All-Stars and a Brazilian national team friendly.

Since then, the match has gone through several different formats, eventually evolving into its current format, in which the MLS All-Stars take on a prominent club team from around the world.

This uniquely competitive format was adopted for the first time in 2003, when a sold-out crowd saw the MLS All-Stars beat Chivas 3-1. The biggest win for MLS so far came in 2006, when Dynamo midfielder Dwayne De Rosario scored the only goal and Dynamo defender Eddie Robinson saved a goal in the MLS All-Stars' 1-0 win over Chelsea. MLS has also beaten Fulham, Celtic, and West Ham but lost on penalty kicks to Everton in 2009 after a 1-1 tie that included a goal from Dynamo midfielder Brad Davis.

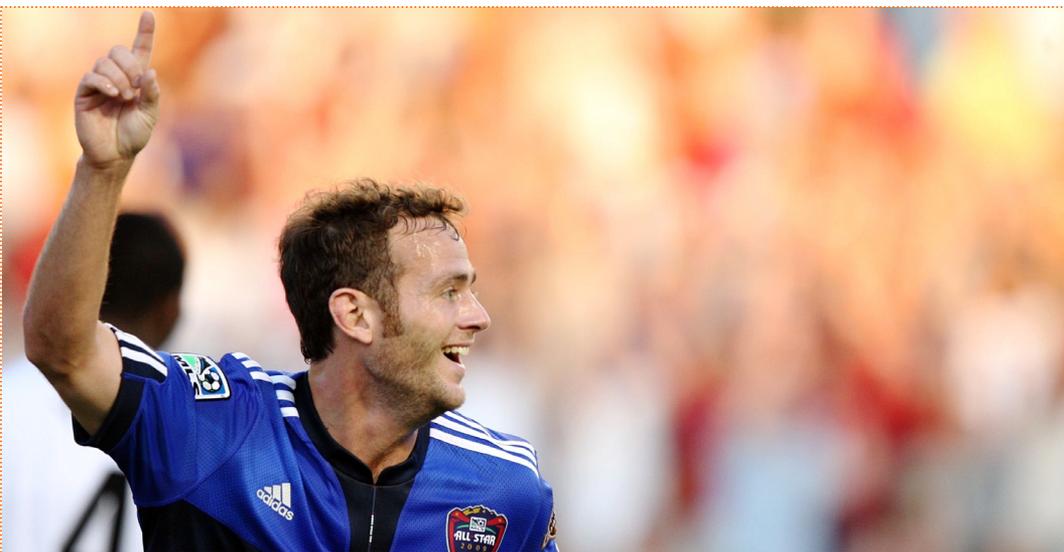

The MLS All-Star Game came to Houston in 2010, with the Dynamo helping to bring the biggest opponent in league history, Manchester United. A Reliant Stadium soccer record crowd of 70,728 watched Manchester United roll to a 5-2 win, with Dynamo forward Brian Ching scoring for MLS and Dynamo midfielder Brad Davis hitting the post.
