TAKING THE NEXT STEP

Two-hundred and fifty-six days. A league-high 49 games played. Nearly 60,000 miles traveled. And Sounders FC enjoyed every moment of the arduous journey that was the 2012 season.

The excitement kicked off with the club's first-ever knockout match in the CONCACAF Champions League quarter-finals as Sounders FC faced Mexico's Santos Laguna in early March. Seattle jumped out to a 2-1 lead in the two-game, aggregate-goal series, but a disappointing second-half in the away leg in Torreon, Mexico, saw Los Guerreros advance, 7-3 on aggregate.

The letdown of elimination did not last long for the resilient Seattle side as the Rave Green returned to the Pacific Northwest to trounce Toronto FC in the MLS season opener, led by the hat trick of third-year forward David Estrada.

With the first regular season victory in

the bag, Sounders FC went on a tear over the next eight games, establishing the best start in club history at 7-1-1 to lead the league through the first 10 weeks. The dream start was fueled by Estrada's productivity up top, while newcomer Michael Gspurning and the Rave Green defense were quietly becoming one of the league's elite, allowing just three goals in the first nine matches. However, the Austrian netminder would suffer a setback in early May when a hip injury sidelined him for the next 13 regular season matches.

Gspurning's injury was no obstacle for Sounders FC, who used the unfortunate circumstance as an opportunity for 23-year-old Bryan Meredith, who did not allow a goal in the first 274 minutes of his career, marking the third-longest shutout streak to start a career in MLS history.

The best start in franchise history was counter-balanced by a club record nine-

July and August (5-1-2). Goal scorers Eddie Johnson and Fredy Montero began to find their form with Johnson scoring in four straight games and Montero capturing his first career hat trick in a 6-2 victory at Chivas USA.

Gspurning also helped the cause, returning to Seattle's nets to ultimately finish the regular season as the league's top

game winless stretch from May through June that saw Seattle uncharacteristically drop four matches while drawing five, yet the team never lost back-to-back games.

Needing a spark to return to winning form, Sounders FC again used the U.S. Open Cup as a catalyst, smashing the Atlanta Silverbacks of the North American Soccer League, 5-1, and Cal FC of the U.S. Adult Soccer Association, 5-0, in the opening rounds.

Seattle then tackled perhaps its toughest turnaround of the season. After falling 2-1 in Portland on a Sunday afternoon, Sounders FC traveled to San Francisco just 48 hours later to eliminate the league-leading San Jose Earthquakes from the U.S. Open Cup. The win sparked a change in momentum as the club lost just three games across all competitions over the final four months of the season.

Sounders FC snapped its nine-match league winless stretch in emotional fashion in early July. Nearly 16 months after suffering a broken leg in Commerce City, Colorado, Steve Zakuani made his return to Major League Soccer with a substitute appearance against the Rapids, culminating in a postgame jersey swap with Brian Mullan.

Riding a wave of momentum, Sounders FC continued to heat up over the summer months with just one loss in

goalkeeper. His 0.73 goals against average was the third-best in league history as he became the first keeper from outside of the CONCACAF region to lead MLS in goals against average.

Not all went as planned in the summer for Sounders FC. Despite becoming just the second team in the 99-year history of

the tournament to reach the Open Cup final for the fourth consecutive year, Seattle was unable to make history. Sounders FC fell to Sporting Kansas City in a penalty shootout following a dramatic 1-1 draw, which was forced by Zach Scott's late equalizer.

There would be no hangover from the U.S. Open Cup Final as Seattle refocused its efforts on the three remaining competitions: MLS, CONCACAF Champions League and the Cascadia Cup.

First came a string of Cascadia Cup fixtures where Johnson and Montero continued to terrorize their rivals. The duo accounted for five of the six goals scored over the final four Cascadia matches of the season as the Rave Green finished 2-1-3 versus their Northwest rivals, despite

playing four of the six matches away from CenturyLink Field.

The balancing act continued as the club attempted to reach the Champions League quarterfinals for the second straight year. After consecutive 3-1 victories over Trinidad's Caledonia AIA, Sounders FC clinched its spot in the Knockout Round with a road win in Honduras, and finished the Group Stage perfect with a home win against Marathon.

Seattle's performance in the Group Stage further cemented itself among the region's top soccer clubs, finishing the Group Stage as one of three perfect teams, becoming just one of four CONCACAF teams to reach the quarterfinals the past two years. Champions League play resumes in March 2013 when third-

seeded Sounders FC will take on sixth-seeded Tigres of the Mexican Primera Division.

One of the most unforgettable matches in league history came on October 7 at CenturyLink Field as Sounders FC hosted the Portland Timbers in the club's final Cascadia Cup match of the season. The Rave Green downed the Timbers, 3-0, in front of a record crowd of 66,452 – the second-largest attendance for a stand-alone match in MLS history.

Sounders FC entered the MLS Cup Playoffs as the third seed in the Western Conference and met Real Salt Lake for the second straight year. One-hundred

and seventy-one minutes into the two-game series, Mario Martinez sent a sensational strike into the RSL nets, helping Seattle advance to the Western Conference Championship for the first time in club history.

In a matchup with defending MLS Cup champions LA Galaxy, Sounders FC fell behind 3-0 in the first leg. An inspired 2-1 win in the return leg at CenturyLink Field was not enough to overcome the deficit as Seattle was eliminated, 4-2 on aggregate. The win marked an MLS-best 26th win of the season across all competitions, finishing off arguably the most successful season in the franchise's young history.

ADRIAN HANAUER

OWNER & GENERAL MANAGER

Adrian Hanauer first kept the flame of professional soccer alive in Seattle before helping to reignite the community's passion for the game with the arrival of a Major League Soccer expansion franchise in 2009.

Under Hanauer's leadership and direction, Sounders FC achieved remarkable success during the first four seasons. Seattle is just the second MLS expansion team to reach the playoffs in its first four years, and the first since the league began expanding in 2005. Hanauer architected a team that advanced to the Western Conference Championship for the first time in club history in 2012. Sounders FC also became just third team in the 99-year history of the tournament to win three consecutive Lamar Hunt U.S. Open Cup championships (2009, 2010, 2011), and just the second to qualify for four consecutive finals (2009, 2010, 2011, 2012). Seattle has also had success on the international level, becoming the first team to qualify for the CONCACAF Champions League in each of its first three years, including two-straight quarterfinal appearances (2011-12, 2012-13).

In 2012, Hanauer was retained as the team's general manager in the first-ever fan vote in American professional sports history. A total of 13,755 votes were submitted during the two-month window and he received 96.3-percent of the votes for retention. Hanauer was also honored as the 2012 Executive of the Year at the 78th MTR Western Sports Star of the Year Awards, given to an individual for contributions to the success of the regional sports industry.

Hanauer has not only guided Seattle to success on the field, but he is largely responsible for the club's off the field achievements as well. Sounders FC has set the league attendance record each sea-

son since 2009, averaging 43,144 in 2012, over 20,000 more than the next-closest team. Seattle hosted the second-largest crowd for a standalone MLS match when 66,452 packed CenturyLink Field for a Cascadia Cup match against the rival Portland Timbers.

Since 2001, Hanauer has been associated with the highest level of soccer played in Seattle. He first joined the ownership group of the Sounders franchise in the United Soccer League's First Division, and later became majority shareholder and general manager. His first season in that role, 2002, was rewarded with Seattle going 23-4-1—the second-best record in league history. From 2004-07, the Sounders played in the USL-1 championship game three times, winning twice (2005, 2007) and also taking a Commissioner's Cup (best record) in 2007.

Hanauer has more than 20 years of business experience in a variety of other industries. On numerous occasions he has made early stage investments in technology companies with interests in advertising, infrastructure, and wireless communications. Hanauer co-founded Curious Office Partners, which invests in and incubates early stage technology companies. He was a seed stage investor in aQuantive Inc., the largest interactive advertising company which was later acquired by Microsoft for \$6 billion US, and he was also an early investor in Amazon.com.

Hanauer also brings a great deal of "brick and mortar" business experience. The Hanauer family owns Pacific Coast Feather Co., the nation's largest manufacturer of pillows, comforters, and bedding products. He also owns one of the largest chains of picture framing companies in the United States, as well as a small chain of pizza restaurants.

Involved in many organizations in Seattle, Hanauer sits on the Board of Trustees for the Museum of History and Industry. He has also sat on the advisory board of The University of Washington Intercollegiate Sports Master's Degree Program.

Hanauer's interest in soccer began at the age of three, and he saw his first NASL Sounders game at the age of eight. He went on to play for Mercer Island High School and remains active in the Greater Seattle Soccer League.

In addition to his interest in Sounders FC, Hanauer is one of the largest shareholders of England's Cambridge United Football Club, currently of the English Conference (fifth tier). While with the USL Sounders, Hanauer promoted international matches, most notably an exhibition between Real Madrid and D.C. United which attracted a then-record Seattle crowd of 66,612 to CenturyLink Field in 2006. The Sounders also arranged friendlies featuring Mexico's Club America and Britain's Sunderland, Cardiff City FC and Preston North End.

Hanauer attended the University of Washington.

PAUL G. ALLEN

OWNER

Paul G. Allen helped bring Major League Soccer to the Northwest when his Vulcan Sports and Entertainment joined the ownership group behind the Sounders FC. The announcement in 2007 was the result of years of work and enthusiasm on behalf of soccer fans.

Allen had visions of world-class soccer in his hometown soon after purchasing the Seattle Seahawks of the National Football League. Allen bought the club to save pro football in Seattle after the former owners threatened to move the team to southern California. On June 17, 1997, the voters of Washington state approved "Referendum 48" to authorize a public/private partnership to construct a stadium, exhibition center, and parking facilities. One of the keys to the success of the vote was statewide support from the soccer community and its hope to one day see professional soccer, played at the highest level, return to the Northwest.

Growing up in the Seattle, Allen's passion for sports began when he attended University of Washington football games with his father; he later became a basketball fan watching the Seattle Superonics win the 1979 NBA Championship.

Allen bought the Seahawks in 1996 after community leaders asked him to save the team from being moved to Los Angeles.

"From the beginning of this process, my goals have been to work with the community to create a lasting asset for our future; and to ensure the long-term success of the Seahawks," said Allen at the time of purchasing the franchise. He also wanted to "create a world-class facility for the state of Washington."

That became a reality in 2002 with the opening of the Seahawks Stadium and Exhibition Center, renamed CenturyLink Field and CenturyLink Field Event Center in 2011. An open-air facility which many critics argue is the best venue in the National Football League and Major League Soccer,

CenturyLink Field is home to over 165 events annually ranging from soccer, to Supercross, concerts, graduation ceremonies, and trade shows.

"It exceeds the vision we had originally," Allen said shortly after the opening of the stadium. "We had a bunch of goals about trying to create a really intimate stadium that would be great for the fans, to have elegant architecture, and I think we've ended up with a fantastic facility."

Allen is one of the nation's best-known and generous philanthropists. He co-founded Microsoft with Bill Gates in 1975 and continues to be an innovator in the world of business and technology. He is founder and chairman of Vulcan Inc., which oversees his philanthropy and business interests. He is also the owner of the NBA's Portland Trail Blazers.

Allen has been named one of the top philanthropists in America – with lifetime giving of more than \$1.5 billion – and is committed to leaving a majority of his estate to support communities throughout the Pacific Northwest and internationally. Allen gives back to the community through The Paul G. Allen Family Foundation, which works to transform lives and strengthen communities by supporting arts and culture, youth engagement, community development and social change and scientific and technological advancement. He also gives directly, including \$26 million in 2010 to Washington State University's School for Global Animal Health.

Allen created the Allen Institute for Brain Science in Seattle in 2003 to accelerate understanding of the human brain in health and disease. The Institute has generated groundbreaking online public resources that integrate extensive genomic and neuroanatomical data, including interactive atlases of the mouse and human brain, which have become staple research tools for scientists worldwide. In 2012, Allen pledged \$300 million to significantly expand the Institute's scientific programs.

In 2004, Allen funded SpaceShipOne, the first privately-backed effort to successfully put a civilian in suborbital space. In 2011, Allen got back into the space business with the formation of Stratolaunch Systems which is developing an innovative airborne launch system. It will utilize the largest aircraft ever manufactured and will provide orbital access to space with greater safety, cost-effectiveness and flexibility.

His independent film company, Vulcan Productions, has won numerous awards for feature films and documentaries, including the Emmy Award-winning Rx for Survival–A Global Health Challenge; the Peabody Award-winning Judgment Day: Intelligent Design; the PBS series This Emotional Life; and the PBS series The Blues.

Allen is also the founder of the EMP Museum, Seattle's critically acclaimed interactive museum of music, popular culture and science fiction; the Flying Heritage Collection, an assemblage of rare World War II aircraft restored to flying condition and shared with the public; and the Living Computer Museum, a collection of restored vintage timesharing computer equipment in Seattle's SoDo district.

DREW CAREY

OWNER

Drew Carey is a stand-up comic turned actor and producer and is now regarded as American soccer's most recognizable supporter. Carey is a owner of Seattle Sounders FC and serves as chairman of Sounders FC Alliance, the club's member association.

Carey had the distinction of having two hit shows simultaneously: the long-running comedy "The Drew Carey Show," which ran from 1995-2004, and the improv/sketch show "Whose Line Is It Anyway?" on which he was host and a producer. The success of that show led to the creation of "Drew Carey's Improv All-Stars," an improv group

that performs in showrooms across the country. In July 2007, Carey was named the host of "The Price Is Right," America's longest running game show.

While in the Marine Reserves, his military buzz cut and black wide-rim glasses became part of his trademark look. He began his successful career as a comedian in April of 1986 at the Cleveland Comedy Club. One of his first big breaks was competing on Star Search '88. In 1991, Carey landed a spot on HBO's 14th Annual Young Comedians Special and appeared on The Tonight Show with Johnny Carson. Carey openly credits Carson with launching his career. He received a Star on the Hollywood Walk of Fame in 2003.

Carey's interest in soccer began while attending an L.A. Galaxy game in 2003. Shortly after, he started seeing every professional game he could find time for, including European league games and U.S. National Team qualifying games. He learned more about the game and, during a later visit to Spain, saw FC Barcelona in action. He also worked as a press photographer during the 2006 World Cup in Germany, his efforts chronicled on a Travel Channel show entitled Drew Carey's Sporting Adventures and his photos have appeared in numerous publications.

During his travels Carey became fascinated with the empowerment of supporters at such clubs as Barcelona and Real Madrid, where leadership positions are voted upon by the members. He brought that idea to Sounders FC, where members will vote on various matters, most notably the fate of the general manager every four years. Carey is also the driving force for Seattle's 53-piece marching band, Sound Wave.

Carey is a native of Cleveland, Ohio and currently resides in Los Angeles.

He set club records for career appearances and assists, and in 1997 earned a spot in the MLS All-Star Game and also helped Colorado reach the MLS Cup Final. Henderson achieved a career-high with 11 goals and again made the All-Star Game to begin his second stint for the Rapids in 2002. From 1999-2000 he played in Kansas City, helping the Wizards win the 2000 MLS Cup. That season, he played in a career-high 38 games, scoring 10 goals and adding nine assists. He spent the 2001 season with the Miami Fusion before returning to Colorado. He was traded during the 2005 season to Columbus and completed his career with New York in 2006. Henderson played two seasons at UCLA, helping the Bruins win an NCAA championship and earning All-America honors in 1990. He connected on penalty kicks during tiebreaker wins in both the semifinal and final. Earlier that year, Henderson began senior international play prior to the 1990 World Cup. At age 19, he was the youngest member of the United States roster. He was also a member of the 1992 U.S. Olympic Team and an alternate on the 1994 and 1998 World Cup squads. He set a team record with five assists in 1993 and has 10 career assists. Henderson was just the second player to have competed for the U.S. National Team on every level (U16, U20, Olympics, Youth World Cup, World Cup).

In 2004, the Chris Henderson Foundation was launched, giving grants to fight Leukemia and to underprivileged children. He was named the 2004 MLS W.O.R.K.S. Humanitarian of the Year and his club's Humanitarian of the Year for both Colorado and New York.

Born in Edmonds, Wash., Henderson, 42, attended Everett's Cascade High School where he earned the 1989 Gatorade National Player of the Year award and Washington State Player of the Year. He played for the FC Seattle Storm in 1989 and began his professional career with Germany's FSV Frankfurt (1994-95) and Norway's Staebak (1995). Henderson is engaged to Noree and has two children, Aidan and Annelise. His brother, Pat, played right back for the NASL Sounders for Alan Hinton. **SIGI
SCHMID**

Named the first head coach of Seattle Sounders FC on Dec. 16, 2008, Sigi Schmid is the winningest coach in MLS history. Since 1999, Schmid's teams have won nine major titles, including two MLS Cups.

A two-time MLS Coach of the Year, Schmid led Sounders FC to the postseason again in 2012, becoming just the second expansion side in MLS history to reach the playoffs four consecutive years while reaching the Western Conference Championship for the first time in club history.

After becoming the first team in 42 years to win three straight Lamar Hunt U.S. Open Cup Championships in 2011, Sounders FC reached its fourth consecutive final in 2012, falling on the road in penalty kicks. Seattle beat Chicago, 2-0, in front of a record crowd on the Xbox Pitch at CenturyLink Field in 2011, defeated Columbus at home, 2-1, to win the 2010 title and D.C. United on the road, 2-1, to win the 2009 title. In 2008, Schmid led his former club, the Columbus Crew, to its first MLS Cup and Supporters' Shield, earning MLS Coach of the Year honors.

From 1999 through 2004, Schmid's L.A. Galaxy teams won four major competitions: 2002 MLS Cup, 2002 MLS Supporters' Shield, 2001 U.S. Open Cup and the 2001 CONCACAF Champions Cup.

He was voted the MLS Coach of the Year in his first season, 1999. Altogether, his Galaxy teams were 79-53-32 and reached the MLS Cup final four times and won three division crowns.

Schmid ranks No. 1 in MLS career victories (172). Overall, Schmid's record in MLS is 172-118-94. His combined postseason win total (22) is the second-highest in MLS history. Schmid (384) has coached the most games in MLS history.

Schmid is one of two coaches in MLS history to guide two different teams to MLS Cup titles. He is one of three to coach in four MLS Cup finals.

Schmid has twice served as U.S. U20 National

Team head coach, most recently in 2005 at the FIFA World Championships. Schmid was an assistant to Bora Milutinovic on the Americans' 1994 World Cup team. He also was head coach for the 1991 World University Games and 1995 Pan American Games.

Schmid first forged a winning tradition at his alma mater, UCLA. After serving as an assistant, he was elevated to head coach of the Bruins in 1980, beginning a 19-year run at the helm. His first NCAA championship was won in 1985 at Seattle's Kingdome. UCLA went on to claim two more national titles in 1990 and '97. Schmid was named national coach of the year following the 1997 championship. When he left to take over the Galaxy, his UCLA teams had accumulated a record of 322-63-33.

Scores of Schmid's UCLA players have played professionally and internationally, including Sounders FC technical director Chris Henderson (1989-90). Others include Brad Friedel, Cobi Jones, Paul Caligiuri, Eddie Lewis and Carlos Bocanegra.

Schmid is a member of both the National Soccer and UCLA halls of fame. He was presented with the Walt Chyzowych Lifetime Achievement Award following the 2010 season.

Born in Tuebingen, Germany, Schmid relocated with his family to the U.S. in 1956, and to Torrance, Calif., in 1962. He was a four-year starter at UCLA (1972-75). He graduated with a B.S. Degree in Economics in 1976 and later earned a M.A. in Business Administration from the University of Southern California. Schmid is a Certified Public Accountant.

He and his wife, Valerie, maintain a residence in Manhattan Beach. He has four children: Erik, Lacey, Kurt and Kyle. Kurt is a Sounders FC assistant coach and scout.

Brian Schmetzer was named the top assistant coach for Sigi Schmid's staff on December 22, 2008. He is one of the Puget Sound soccer community's most recognizable figures after playing and coaching for the region's top professional franchises since 1980.

Schmetzer served seven seasons as the head coach of the Sounders' United Soccer Leagues First Division club. He guided Seattle to USL-1 championships in 2005 and 2007, and U.S. Open Cup semifinal advancements in 2007 and 2008.

Schmetzer has 13 years of experience coaching and 15 years of playing at the professional level. He was a member of six championship teams during that span.

Schmetzer was head coach of the USL-1 Sounders from 2002-08. In addition to the two league championships, his teams also twice won the Commissioner's Cup for the best record and qualified for the playoffs six of seven years. He was chosen USL-1 Coach of the Year in 2002 after going 23-4-1. The Sounders were league runners-up in 2004. His overall regular season record was 100-57-41.

Previously, he was assistant to Fernando Clavijo with the Seattle SeaDogs from 1996-97. Seattle won

the Continental Indoor Soccer League title in 1997.

A Seattle native, Schmetzer signed with the Sounders' North American Soccer League franchise following his graduation from Nathan Hale High School in 1980. He played three seasons as a midfielder for Seattle before going to Tulsa for the final NASL season in 1984. Schmetzer was coached by his father as a youth and his team won seven out of 10 state youth championships.

Schmetzer signed with the San Diego Sockers in 1984 and played seven seasons in the Major Indoor Soccer League with San Diego (1984-88), Tacoma (1988-90) and St. Louis (1990-91). He was a member of San Diego's MISL championship teams in 1985, 1986 and 1988. He returned to Seattle for the Sounders' inaugural A-League season in 1994 before completing his playing career with the SeaDogs from 1995-96.

In 1985, Schmetzer played on loan to FC Seattle, scoring twice in a 2-1 friendly win over Brazil's Santos. While with Tacoma and FC Seattle, Schmetzer's teammates included younger brothers Andy and Walter. Schmetzer has three children, Daniela, Colin and Kian.

Tom Dutra was named the Sounders FC goalkeeper coach on December 29, 2008, and is recognized locally for his work in developing young keepers as well as training established professionals.

Dutra, 40, served two seasons as goalkeeper coach under Brian Schmetzer for the USL Sounders.

Last season, Dutra managed as many as five goalkeepers at once – four of which saw competitive action. He helped train new starting netminder Michael Gspurning to a league best 0.73 goals against average (GAA) and third-best in league history. Gspurning also became the first keeper from outside the CONCACAF region to lead the league in GAA.

Dutra worked with retired Sounders FC keeper Kasey Keller for a decade, conducting 1-on-1 training sessions to prepare Keller for his return to Europe each summer. Under Dutra's guidance, Chris Eylander twice led USL-1 in saves and finished second in shutouts, and was also named the U.S. Open Cup Player of the Tournament in 2008. Keller captured that same award in 2009.

At the amateur level, Dutra served two seasons

(2007-08) as assistant coach for Saint Martin's University and was an assistant for five seasons (2002-06) at Pacific Lutheran. He was director of goalkeeping for Washington ODP in 2008 and served on the state ODP staff from 2002-04. Dutra was the goalkeeping director for Washington Premier FC from 2001-06 and also at Blackhills FC from 2001-08.

During his time with Washington Premier, Dutra worked with more than a dozen keepers who have played at the Division I collegiate level. Among those was Tally Hall, the starting keeper for two-time MLS Cup runner-up Houston Dynamo.

Dutra played four seasons in the A-League on the Sounders' 1996 championship team. He later started for New Orleans and Lehigh Valley (Pa.).

Born and raised in Olympia, Dutra graduated from Timberline High School. He was a member of the youth national team program before sustaining a fractured leg. His career resumed in 1995 with the Oregon (Salem) Surge of the USISL Pro Division.

Tom is married to Molli and they have two children, Tanner and Maggie.

Ezra Hendrickson was announced as an assistant coach on January 20, 2009, after completing a 14-year professional career, including 12 seasons in Major League Soccer. He is also the head coach of the Sounders FC Reserve League team.

Hendrickson played parts of eight seasons for Sigi Schmid, including three in Columbus prior to his retirement. Hendrickson appeared in 266 regular season matches with 225 starts. Playing defense, he scored 23 goals and added 30 assists. He also played in 32 postseason games with five goals and three assists. Hendrickson was a member of three MLS Cup championship teams, winning two with Schmid. Together, they won the 2002 MLS Cup with the Los Angeles Galaxy and the 2008 MLS Cup in Columbus. Hendrickson was also with the champion D.C. United team in 2004.

A native of the island of St. Vincent in the Caribbean, Hendrickson began his career in 1997 with the New York MetroStars, before joining the Galaxy later that season. He totaled six seasons in Los

Angeles, where he won the 2000 CONCACAF Champions Cup, scoring two goals in a 3-2 victory, and the 2001 Lamar Hunt U.S. Open Cup, scoring one goal in a 2-1 victory. He was named Galaxy's Most Valuable Player for the 2001 season.

Hendrickson went to Dallas in 2003 and began the next season with the A-League's Charleston Battery before joining D.C. United for its run to the 2004 MLS Cup. After starting all 31 appearances in 2005 for expansion Chivas USA, Hendrickson was acquired by Columbus in early 2006.

An All-American and business administration major at Drake University, Hendrickson first played professionally with New Orleans of the USISL Select League (1995-96). After earning his first international cap in 1995, he served 12 years as captain of the St. Vincent and the Grenadines national team. Hendrickson earned his U.S. Soccer 'A' Coaching License in December of 2008. He is a resident of Layou, St. Vincent, and has two daughters, Xavia and McKenzie.

Prior to joining Sounders FC, Tenney served as both fitness and goalkeeper coach in Kansas City in 2007 and 2008, helping the Wizards reach the post-season both years. Kansas City reached the Conference Finals in 2007. He also holds an 'A' license from the Czech Republic F.A. and NSCAA 'Premier' Diploma.

Prior to MLS, Tenney held the same dual role with the George Mason University men's and women's teams for two seasons. In 2006, Mason advanced to the NCAA Tournament for the first time in 12 years. He earned his B.I.S. in coaching science from George Mason in 2005.

While at George Mason, Tenney also served as director of coaching for the Washington Freedom

youth teams from 2004-06 and as Maryland's girls director of ODP, winning two ODP National Championships (2005 and 2006). GETTING DEFENSIVE

Defense has become a staple in Seattle over the past four seasons, and the trend continued in 2012. The Rave Green defense posted the second-best goals against average (0.97) in 2012, allowing just 33 goals in 34 matches, joining Sporting Kansas City as the only teams to hold opponents under one goal per game. The 0.97 goals against average matched the best in club history, set in 2009, and the 12 team shutouts broke the 2010 record of 11 clean sheets in a single season.

Seattle's defense has ranked in the top four in three of the club's four seasons, with its best finish in 2009 (0.97 GAA; T-1st). Overall, Sounders FC has allowed just 134 goals in 128 regular-season matches for a 1.05 goals against average, which ranks third in that time span. The team defense also helped two Sounders FC goalkeepers post two of the top-10 longest shutout streaks this season.

Steve Zakuani recorded his first point of the season when he assisted a Mauro Rosales goal in the 20th minute, but Dallas was able to equalize and force the draw with a goal 12 minutes later. Starting at forward in a 4-3-3 formation, Zakuani took a ball from Christian Tiffert, used his blinding speed to blow by Dallas defender Zach Loyd to the end line and slid a cross to a wide-open Mauro Rosales for the Argentine's second goal of the season. It was the first start for Zakuani in 500 days, and his first point since April 16, 2011.

In a heated Cascadia matchup at JELD-WEN Field, Sounders FC got a 1-1 draw with heated rival Portland Timbers. After Timbers keeper Donovan Ricketts had to leave the game in the second half after a violent collision with Eddie Johnson, Fredy Montero scored on Ricketts' replacement Joe Bendik just seconds after resuming play. Michael Gspurning launched a ball from 18-to-18 that bounced to Montero, and the Colombian sent a strike into the top corner of the net. Portland would equalize when a Jack Jewsbury cross forced Gspurning and Leo Gonzalez into a collision in the six-yard box and the ball spilled into the corner of the net.

October 7, 2012 - CenturyLink Field (Seattle)

Att: 66,452

In the lone home match against their rivals to the south, the Rave Green shutout the Timbers 3-0 in front of a record crowd of 66,452. Eddie Johnson and Fredy Montero continued their Cascadia dominance by each scoring a goal to go along with a Portland own goal that put Seattle up 1-0. Johnson would make it 2-0 minutes later when he took a Brad Evans cross and one-timed it off a bounce for his 14th goal of the season. Montero would add to the tally in the second half when, after his initial attempt was saved by the keeper, he lunged forward and beat the Portland defense to the ball for a tap in. Gspurning matched his season-high with five saves en route to his seventh shutout of the season.

The second and third place teams in the Western Conference played to their second consecutive scoreless draw. The two clubs concluded their three games and 270 minutes with just one goal scored. Seattle was forced to play a man down for the final hour after Zach Scott was issued a red card, but they made due—moving Brad Evans (making his first start at right back) over to the center and bringing Michael Seamon on to play right back in his 2012 debut. Michael Gspurning recorded his third straight clean sheet and extended his shutout streak to 330-minutes.

After Dallas equalized before the half, Evans again put Seattle up when he tapped in a cross from Christian Tiffert. It marked the second career multi-goal game for Evans, who was named MLS Player of the Week for his performances against RSL and Dallas. 2009 LAMAR HUNT U.S. OPEN CUP

Seattle became the third first-year franchise in the modern era to win the Lamar Hunt U.S. Open Cup. Seattle's achievement of claiming the Open Cup in its first season equaled that of D.C. United in 1996 and Chicago, an expansion MLS team in 1998.

The Sounders FC cup run contributors featured a distinctive USL-1 flavor. All six former members of Seattle's forerunner pro-franchise saw action in games in the play-in phase or tournament proper. In fact, they figured in nine of the 12 goals scored. Sebastien Le Toux scored two goals and two assists in the play-in rounds, scored the game-winner in a quarterfinal win over Colorado, and had the game-winning assist to Roger Levesque in the Cup Final.

In addition to his game-winner in the Cup Final Levesque also scored the opening goal at Portland in the third round and assisted on Nate Jaqua's equalizer versus Houston. Stephen King scored three goals in cup play, including the overtime winner against the Dynamo. With the win, Sounders FC earned one of the four U.S. slots in the 2010-11 CONCACAF Champions League.

2010 LAMAR HUNT U.S. OPEN CUP

Playing before a record crowd in the tournament's 97-year history, Sounders FC repeated as Lamar Hunt U.S. Open Cup champions in 2010.

Sanna Nyassi scored twice as Seattle came from behind at home to defeat the Columbus Crew, 2-1, and became the first team in 27 years to successfully retain the Cup. Sounders FC had defeated D.C. United in the 2009 final. The New York Pancyprian Freedoms won back-to-back titles in 1982-83.

The crowd of 31,311 shattered the attendance record for the Cup Final. The largest previous attendance in the 97 years of the tournament was 21,583 for the 1929 game in Brooklyn.

After tying the game in the 38th minute, Nyassi scored the game-winner in the 66th minute. Steve Zakuani's header from a Fredy Montero cross caromed off the crossbar and Nyassi crashed home the rebound from 8 yards.

Sounders FC used a total of 22 players during its Cup run, with striker Nate Jaqua leading the Rave Green into the Final. Jaqua scored in each of the first three matches, including a brace against both the L.A. Galaxy in the quarterfinal round and Chivas USA in the semifinal. He finished as the tournament's co-leader with five goals and was named the competition's outstanding player.

By virtue of the victory Seattle once again earned a berth in the 2011-12 CONCACAF Champions League.

2011 LAMAR HUNT U.S. OPEN CUP

In 2011, Sounders FC became the first team in 42 years and fourth altogether to win the Lamar Hunt U.S. Open Cup three consecutive years.

35,615 fans packed CenturyLink Field—breaking the 98-year-old tournament's attendance record for the second straight year—and watched Seattle defeat the Chicago Fire 2-0 in the final. Fredy Montero broke a scoreless tie in the 78th minute when he rebounded a Jeff Parke header after it was saved by Chicago keeper Sean Johnson, then hammered it into the back of the net. Osvaldo Alonso sent the Sounders faithful into a frenzy when he added the finishing touch—a goal in the 96th minute after weaving his way through multiple defenders. Kasey Keller's shutout was highlighted by four saves.

Montero was named Player of the Tournament after scoring three goals, including the game-winning scores in the semifinal and final. Mike Fucito added two goals and Nate Jaqua recorded a goal and two assists. In addition to his performance in the final, Keller also shut out FC Dallas in the semifinal game.

The last team to win three consecutive US Open Cup championships was Greek American out of New York from 1967-1969. Before that, only Stix, Baer and Fuller from St. Louis had won three straight from 1933-1935 and the Fall River Marksmen from 1930-1932. The tournament win clinches Sounders FC a birth into the 2012-13 CONCACAF Champions League.

2012 LAMAR HUNT U.S. OPEN CUP

Three-time defending U.S. Open Cup champions Sounders FC looked to make a historic run at a fourth straight Open Cup championship, a feat never accomplished in the tournament's 99-year history. Seattle got off to a fast start, defeating NASL side Atlanta Silverbacks, 5-1, and amateur side Cal FC, 5-0, in the tournament's opening two rounds at Starfire Sports Complex. They then traveled to San Francisco and knocked off the league-leading San Jose Earthquakes at Kezar Stadium, then downed Chivas USA, 4-1, to advance to the finals against Sporting Kansas City.

Zach Scott's header tied the game 1-1 in the 86th minute, but the Rave Green ultimately fell in penalty kicks, 3-2, ending their historic run at a fourth straight Open Cup Championship.

Sounders FC outscored their opponents 16-3 over the five games and improved their record to 17-0-2 all-time in Open Cup play. Osvaldo Alonso's four goals and two assists earned him Player of the Tournament.

Seattle won its two-match aggregate preliminary series, 2-1, over AD Isidro Metapan of El Salvador. It went on to finish fourth in Group C. CF Monterrey of Mexico and Costa Rica's CD Saprissa advanced out of Group C to the quarterfinal series, to be conducted in late February and early March 2011. Having won the 2010 U.S. Open Cup, the Rave Green will return to the Champions League again in 2011-12.

2011-12 CONCACAF CHAMPIONS LEAGUE

In their second bout in the CONCACAF Champions League, Sounders FC advanced to the CCL quarterfinals after finishing second in Group C with 10 points, second only to CF Monterrey's 12 points. After winning its two-match aggregate preliminary series, 2-1, over San Francisco FC of Panama, Seattle got off to a big start in the Group stage, winning its first three matches. The Rave Green made big news on August 8th when they beat reigning CCL champions Monterrey, 1-0, in Mexico. The win was only the second win by an American squad on Mexican soil.

Fredy Montero led the way with three goals and two assists in the Group stage, and Alvaro Fernandez had two goals and three assists. Mike Fucito and Osvaldo Alonso also had two goals throughout group play.

In the two-game aggregate series, Sounders FC got off to a good start by capturing a 2-1 win at CenturyLink Field on March 7. However, a week later, Seattle saw their Champions League run end in the second leg after Santos exploded for six goals in a convincing 6-1 win in Torreon, Mexico.

2012-13 CONCACAF CHAMPIONS LEAGUE

The Rave Green built off their success in the 2011-12 CONCACAF Champions League by once again advancing to the knockout round of the 2012-13 tournament. In the tournament's new eight-group format, Seattle needed to win their group to advance to the knockout round. Matched up with Caledonia of Trinidad and Marathon of Honduras, Sounders FC cruised to the group win, going 4-0-0 and outscoring opponents 12-5. The Rave Green scored three goals in each game and allowed just one goal from the run of play. Sammy Ochoa led the way with four goals and Andy Rose added one goal and three assists.

Seattle was one of only three clubs to go undefeated in the group stage and has the third seed in the knockout round next March. Sounders FC will face Tigres of the Mexican Primera Division in the tournament's quarterfinals as the Rave Green continues its quest to be the region's top club.

Western Conference – 24 in-conference + 10 out-of-conference games:

- Western Conference clubs will play each West opponent 3 times (**24 games**):
 - West clubs will play 4 conference opponents twice at home and once away.
 - They will play the other 4 conference opponents once at home and twice away.
 - The home and away games are reversed from 2012.
- Western Conference clubs will play each East opponent once each (**10 games**):
 - 5 of these will be at home and 5 will be away.
 - The East opponents that each team faces at home and away are reversed from 2012.

Eastern Conference – 25 in-conference + 9 out-of-conference games:

- Eastern Conference clubs will play **25 games** against other East clubs:
 - East teams will play 7 conference opponents three times each (**21 games**) and
 - 2 conference opponents twice each (**4 games**); these will not be the same conference opponents they faced twice in 2012.
- Eastern Conference clubs will play each West opponent once each (**9 games**):
 - Some will play 4 at home and 5 away while others will play 5 at home and 4 away.
 - The West opponents that each team faces at home and away are reversed from 2012.

POINT SYSTEM: Teams will receive three points for a win, one point for a tie and zero points for a loss.

REFEREES: All referees in MLS are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. Referees for all MLS games will be trained, assigned and evaluated by PRO (Professional Referee Organization).

GAME CLOCK: The official game time for all Major League Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. “stoppage time”) at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a “+” sign and the extra minutes. For example, a goal scored

three minutes into first half stoppage time will be officially identified as happening at “48+”.

GAME DAY ROSTERS: Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

CAUTIONS AND SUSPENSIONS: A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction that resulted in his being awarded a yellow card. A second suspension of one game would result after the awarding of an additional three cards, as would a third suspension after the awarding of card number eleven. When one yellow card away from being suspended for caution accumulation, if a player appears in three consecutive games without receiving a yellow card or disciplinary sanction, the player will have one yellow card expunged. A player may take advantage of the “Good Behavior” incentive only once throughout the season.

MLS CUP PLAYOFFS: FORMAT

WHO QUALIFIES: Ten teams, the top five in points from each conference at the end of the regular season, qualify for the 2013 MLS Cup Playoffs.

The fourth and fifth place teams in each conference will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the first place team in the conference.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The two Conference Championships will be decided by a two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

MLS Cup will be a single championship match hosted by the finalist with the most regular season points. If the two finalists have the same number of regular season points,

the tiebreakers for playoff qualification will be applied to determine the host team.

If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by kicks from the penalty mark, if necessary.

TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

When two or more teams are tied in the standings on points (3 points for a win, 1 point for a draw, 0 points for a loss), the following tiebreakers will be used in the sequence below, until one team ranks ahead of the other(s):

1. Most Wins
2. Goals For (See column labeled GF on page)
3. Goal Differential (GD)
4. Fewest Disciplinary Points
5. Road Goals
6. Road Goal Differential
7. Home Goals
8. Home Goal Differential
9. Coin Toss (2 teams) or Drawing of Lots (3 or more)

MLS CUP PLAYOFFS:

- 10 clubs will qualify for the MLS Cup Playoffs – the top five in points from each conference at the end of the regular season.
 - The 4th- and 5th- place teams will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the 1st-place team in the conference.
 - The Conference Semifinals will be decided by a two-game, aggregate-goal format (same as 2011).
 - The Conference Championships will be decided by a two-game, aggregate-goal format (change from recent years).
 - MLS Cup will be hosted by the finalist that finished the regular season with the most points in the standings.

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

SALARY & BUDGET:

■ Players occupying roster spots 1-20 count against the club's 2013 salary budget of \$2,950,000, and are referred to collectively as the club's Salary Budget Players.

- Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players. A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
- The maximum budget charge for a single player is \$368,750.*

**See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge.*

**Age of player is determined by year (not date) of birth.*

■ Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).

- All Generation adidas players are Off-Budget players.
- Players occupying roster spots 1-24 will earn at least \$46,500 in 2013.
- Players occupying roster spots 25-30 will earn at least \$35,125 in 2013.
- Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

AGE DESIGNATIONS:

■ Any player making \$35,125 must be under the age 25 (does not turn 25 or older in 2013).

DOMESTIC/INTERNATIONAL:

■ In 2013, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which

are tradable. There is no limit on the number of international slots on each club's roster.

- The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).

■ The three MLS clubs based in Canada – Montreal Impact, Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.

- MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
- Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

NOTE: *The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.*

II. PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

(A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2012 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is the other club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) failure to qualify for the MLS Cup Playoffs;
- (2) the transfer of a player to a club outside of MLS for value;
- (3) expansion status;
- (4) qualification for the CONCACAF Champions League;
- (6) funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).
- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$368,750.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

NOTE: *To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.*

(B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used

to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2013, a Designated Player over the age of 23** will carry a salary budget charge of \$368,750, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.

A Designated Player 20 years old or younger** counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$150,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradable.

** *Age of player is determined by year (not date) of birth.*

(C) SUPERDRAFT

The 2013 MLS SuperDraft, held Jan. 17 in Indianapolis, IN, consisted of two rounds of 19 picks for a total of 38 player selections. A supplemental draft was held Jan. 21 via teleconference and consisted of four rounds of 19 picks.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a hand-

ful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

Draft Order: The first nine selections went to the clubs that did not qualify for the 2012 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

(D) TRADES

Players, SuperDraft and Supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 13, 2013 at 5 p.m. ET.

(E) DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 13, 2013 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the sea-

son, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

NOTE: *To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.*

(F) HOMEGROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met the League's Homegrown Player criteria. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

(G) RE-ENTRY PROCESS

The 2012 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2012, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

1. Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2014).
2. Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2013 salary).
3. Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club does not wish to re-sign them (available for at least 105% of their 2013 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

(H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

- (i) A player waived by an MLS team in the current season;
- (ii) A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or Supplemental Draft;
- (iii) A player who has remaining college eligibility (and was not made available in the SuperDraft or Supplemental Draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
- (iv) A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.
- (v) A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

(I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

- (i) *Generation adidas* players signed after the MLS SuperDraft;
- (ii) Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent post-season. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

(J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

(K) SEASON-ENDING INJURY REPLACEMENTS (Season Ending Injury List)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

(L) SHORT-TERM INJURY REPLACEMENTS (Disabled List)

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget. Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster.

International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: *No changes may be made to a team's active full roster during the period beginning on September 14, 2013 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.*

(III.) METHODS OF RELEASING PLAYERS**(A) WAIVERS**

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

(B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another

country – are as follows:

February 12 – May 6 (*Primary Window*)

July 9 – August 8 (*Secondary Window*)

(C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

(D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

- A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.
- A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

(IV.) RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP:

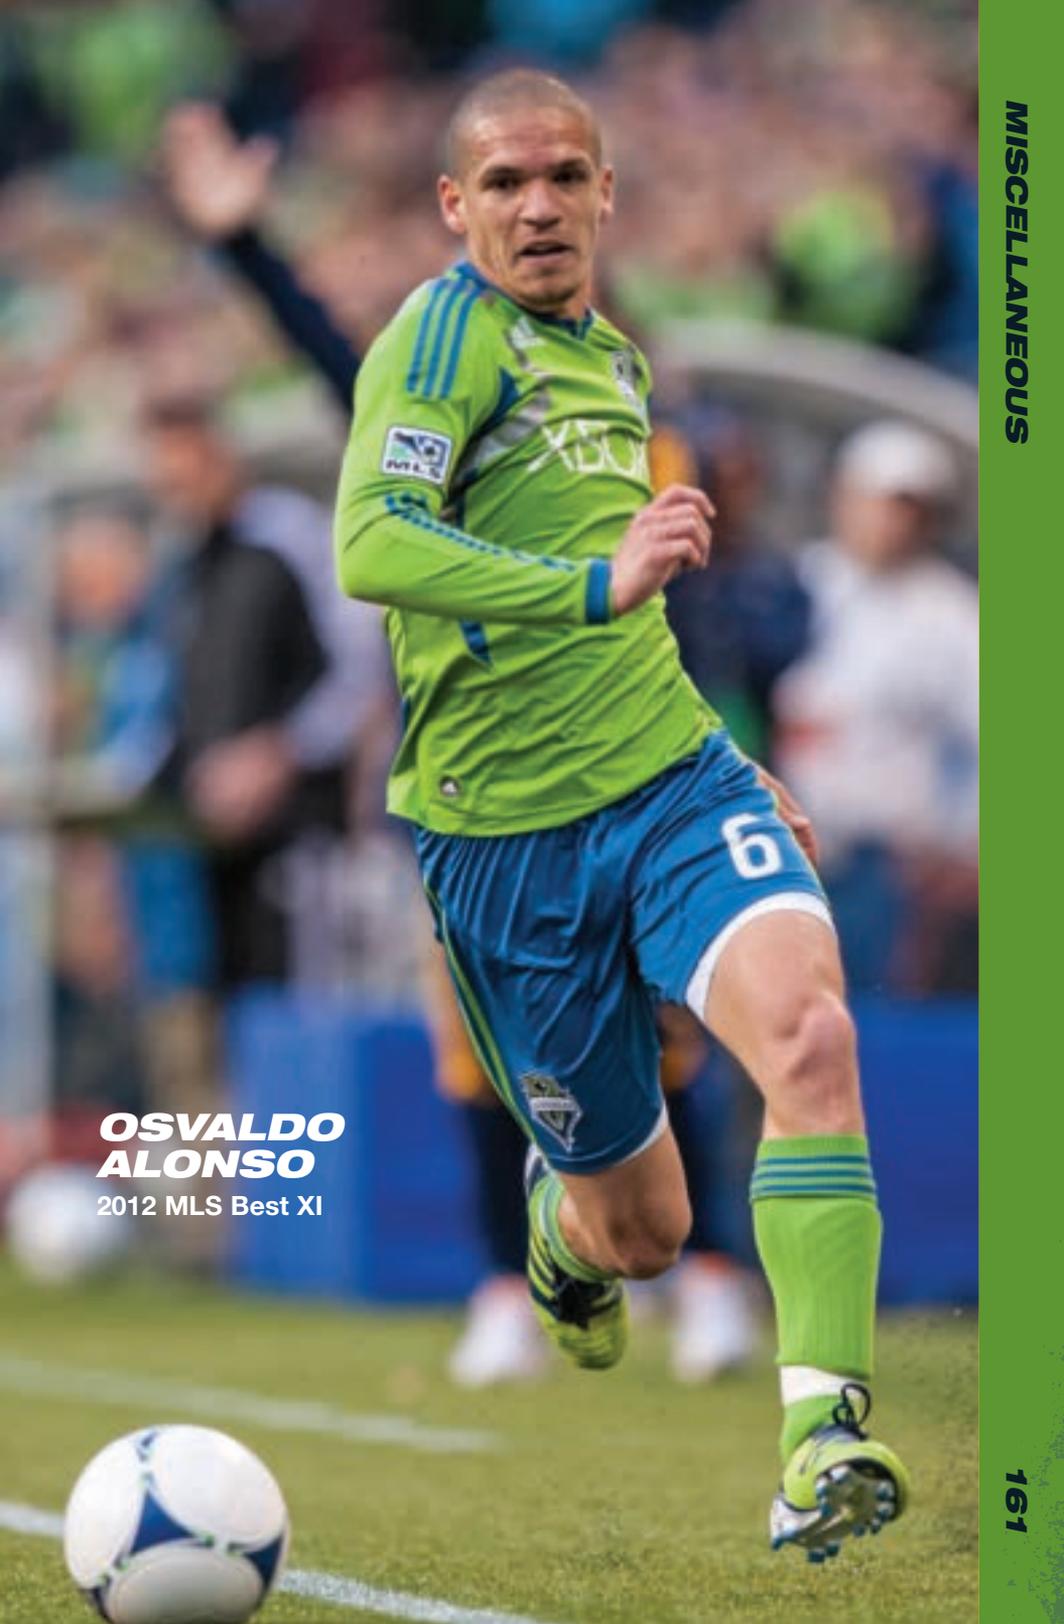

Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

DRAFTED BUT NOT SIGNED: A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

PLAYER TRANSFERRED OUTSIDE MLS: If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

SEATTLE SOUNDERS FC ACADEMY

ACADEMY OVERVIEW

The Seattle Sounders FC Academy works to develop the top youth talent for the Sounders FC full team and top college soccer programs across the country. The Sounders FC Academy team plays in the US Soccer Development Association (USSDA), a national league for the top youth club programs in the United States, providing an environment to produce the next generation of National Team players. The emphasis for the Sounders FC Academy program is on the development of young men as well as soccer players. The Sounders FC Academy teams joined USSDA in February 2010 and held open tryouts before the U18s and U16s played their first matches in October 2010 at Starfire. The Sounders FC Academy program has already begun to translate to the first team as defender DeAndre Yedlin became the club's first Homegrown Player signing in January 2012.

THE FOUNDATION

"I would rather make a personal decision for a person that will have a long-term positive effect, than make a soccer decision to win something that will have a negative effect."
Darren Sawatzky quotes Clive Charles.

Darren Sawatzky has a good model for his system with the Sounders Academy. As a collegian, he played at the University of Portland for the legendary Clive Charles. There, he learned that the development of players goes far beyond the coaching on the field. When Sawatzky became Director of Youth Development for Sounders FC, he brought an emphasis on both player and personal development to the program, feeding directly into the notion that the Sounders are more interested in developing young men than winning trophies.

ESTABLISHING EARLY ROOTS

The Sounders have expanded their Youth Program in recent years, with the growth coming at the U14 and U15 levels where they started a pre-Academy program. The team found that they were addressing issues in players that should have been taken care of much earlier in their development. By getting the U14 and U15 players into training three or four nights a week with the Sounders Youth programs, they will be better prepared to meet the expectations placed on them when they reach the U16 and U18 levels and, in turn, the professional level.

OFF TO COLLEGE

One of the proudest moments for the Sounders FC Academy program is when their players sign National Letters of Intent to join the top college programs across the country and pursue higher education. In 2011, 10 U18 players committed to Division I colleges and, in 2012, that number increased to 14 players. The Sounders FC Academy program has sent players to 2010 national champions Akron and perennial powers Wake Forest and Duke as well as local stalwarts UW and Seattle University.

INDIVIDUAL SUCCESS

Beyond getting attention at the college level, the Sounders FC Academy players are also getting tabbed by the US National Team for matches at the U20 and U18 levels. Sean Okoli, DeAndre Yedlin, Jamael Cox, Ryan Herman, Aaron Kovar, Jalen Markey, and Paul Christensen have all been courted by the National Team.

The Sounders FC Academy program also boasts the previous three Gatorade Washington State Players of the Year in Nick Palodichuck (2010), Aaron Kovar (2011) and Jordan Morris (2012).

COACHING STAFF

DARREN SAWATZKY - Technical Director

Darren Sawatzky is the Director of Youth Development for Sounders FC and his primary role is Technical Director for the Academy program as well as Head Coach of the Sounders FC U23 team. Sawatzky enters his fifth year with Sounders FC after serving as Assistant Coach the previous two seasons with the USL-1 Seattle Sounders. He is responsible for developing programs, in cooperation with other local soccer clubs, college programs, professional and semi-professional organizations in Washington State and with Washington Youth Soccer.

DICK MCCORMICK - Academy Manager/Head Coach

Dick McCormick was named Academy Manager and Head Coach on February 11, 2010. A Seattle native who played over 500 professional games, McCormick coached some of the area's most successful youth teams before joining Sounders FC. In 13 seasons, McCormick was a playmaking midfielder for several indoor and outdoor clubs, including the Tacoma Stars, Seattle SeaDogs and USL Sounders. He won championships with the Sounders in 1995 and 1996, and with the SeaDogs in 1997.

A youth coach since 1999, McCormick has earned a USSF National 'A' License. Each of his teams have won several state championships and two Far West Regional championships. He most recently served as girls coaching director for Crossfire Premier since 2005. McCormick served as head coach of the W-League Sounders from 2002 to 2004, reaching the national semifinals in 2003. He was an assistant coach under Brian Schmetzer for the USL Sounders from 2002 to 2004.

BILL CROOK – U16 Assistant Coach

Bill Crook joined the Sounders FC Academy program in March 2010 as an assistant coach for the U16 team. He played 18 years in the professional ranks, beginning with the original NASL Sounders in 1983. Crook played the bulk of his indoor soccer career with the Tacoma Stars (1984-93) and was a member of the CISL champion Seattle SeaDogs in 1997. Most recently, Crook, a Kent, Wash., native, was coaching the Washington Premier Academy and Washington Premier U18 girls.

SEAN HENDERSON – U18 Assistant Coach

Sean Henderson joined the Sounders FC Academy program in March 2010 as an assistant coach for the U18 team. He was a two-time prep All-American at Everett's Cascade High School and later was an NCAA champion and All-American at UCLA under Sigi Schmid. Henderson represented the U.S. at the U16, U18 and U20 national team level.

Henderson played professionally in Germany and in the United States with Colorado (MLS) and Seattle (USL-1). Henderson began his youth coaching career in 1999 and most recently served as a coach for Crossfire Premier since 2005.

BEN DRAGAVON – Assistant Coach/Goalkeepers

Ben Dragavon joined the Academy program in August 2012 after playing career that included multiple stints in the Sounders organization. The Monroe, WA, native played collegiately at Western Washington, where he was an All-GNAC Selection from 2002-05. He joined the USL Seattle Sounders and helped them to a championship in 2007 and was a member of Sounders FC in 2009.

In addition to his position with the Academy, he is the currently the goalkeeper coach for the Sounders U23 and Western Washington University. He has held the same position with Seattle University and Whatcom Community College.

SEATTLE SOUNDERS FC U18

The Seattle Sounders FC U18 team participates in the USSDA Academy. The team belongs to the Northwest Division of the West Conference and posted the second-best record in the Northwest Division in the first half of the 2012/13 season at 6-3-4. Jordan Morris, the 2012 Gatorade Washington State Player of the Year, led the team with 12 goals and seven assists before the winter break.

SEATTLE SOUNDERS FC U15 & PRE-ACADEMY

The Seattle Sounders FC also has a U15 and Pre-Academy program. The U15 team participates locally while the U13/14 Pre-Academy team participated in the USSDA Academy.

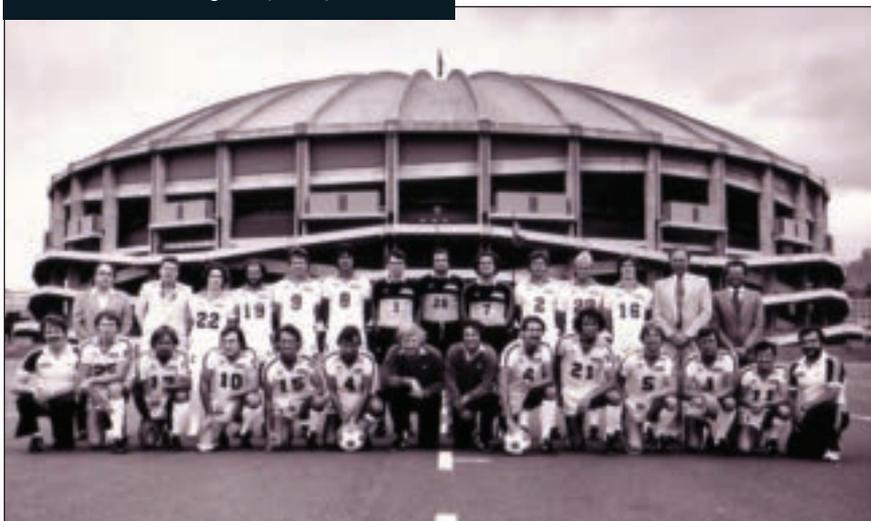

U18 forward JORDAN MORRIS was named the 2012 Gatorade Washington State Player of the Year.

HISTORY OF SOCCER IN SEATTLE

Capacity crowds at Seattle's Memorial Stadium (above) in the early 1970's helped pave the way to a move to the Kindgome (below).

SEATTLE SOUNDERS (1974-1983)

The tradition of professional soccer and the Sounders brand began with the arrival of the North American Soccer League expansion franchise. For 10 seasons they were successful and entertaining on the field, attracting some of the league's largest crowds. Just as important, the original Sounders created a legacy of developing local players capable of reaching the highest levels of the game.

In some respects, the Sounders paved the way for Seattle securing an NFL expansion franchise a year later. The founding ownership group featured six of the same partners, including Lamont Bean, Howard S. Wright, Lynn Himmelman, David Skinner, Lloyd Nordstrom and Herman Sarkowsky.

The Sounders played their first two seasons outdoors and under the Space Needle. Located on the Seattle Center campus, Memorial Stadium provided a central location and an intimate setting, although the crowds soon outgrew the initial 13,000-seat capacity. In fact, Seattle was the first NASL team to draw a sellout and did so for nine of the final 16 games at Memorial.

With the completion of the Kingdome, the Sounders moved south in 1976, and a sold-out preseason game against Pele and the Cosmos set a North American attendance record of 58,128.

From the outset, the Sounders played an energetic, entertaining style while utilizing British veterans and young, mostly local, North American players. Although it won only two division titles, Seattle finished with winning records in seven of 10 seasons, twice reached the championship game, Soccer Bowl, and in 1980 the Sounders won 25 matches – the most in NASL history.

In each Soccer Bowl, Seattle met the star-studded New York Cosmos. The 1977 final marked the final competitive game for Pele. The Sounders only major trophy was the 1981 Trans-Atlantic Challenge Cup, a midseason tournament involving the Cosmos, England's Southampton and Scotland's Celtic.

The NASL and Sounders peaked in popularity by 1980, and over the following two seasons attendance declined while the number of teams dropped from 24 to 13. Seattle bowed out after the 1983 season, and a year later the league halted operations.

FC SEATTLE STORM (1984-90)

It can be argued that the rebirth of professional soccer in North America began with FC Seattle. In 1984, a year after the original Sounders folded, a new team surfaced with a new objective: to cultivate the best local talent and test it against the best in the business.

Funded by Eastside businessman Bud Greer and with former Sounders player and coach Jimmy Gabriel serving as coaching director, FC Seattle's approach was to create a pyramid system of youth teams feeding a senior men's program. That philosophy ran counter to the NASL era, when foreigners comprised the bulk of the roster and domestic players were in the minority.

Beginning with a summer series of friendlies against NASL teams and the U.S. National Team at Memorial Stadium, FC Seattle held its own and attracted an average of 6,669 fans. The first win came in Vancouver against the Whitecaps, 2-1.

In 1985, the stakes were raised and a league took root. With the NASL now disbanded, clubs from Europe, Mexico and South America were brought to Seattle. However, when British teams faced a worldwide travel ban, FC Seattle was forced to band together with other fledgling clubs to form the Western Soccer Alliance. That became the forerunner of the American Professional Soccer League or, as it was more widely known, the A-League.

Drawing on a mixture of former Sounders and stars from both Seattle Pacific Univ. and Washington collegiate programs, Seattle played a mixture of league and foreign exhibitions through 1988. That campaign culminated with Seattle winning the Western Soccer League championship and, later, making a five-match postseason tour of England. The Storm nickname was adopted prior to the 1989 season.

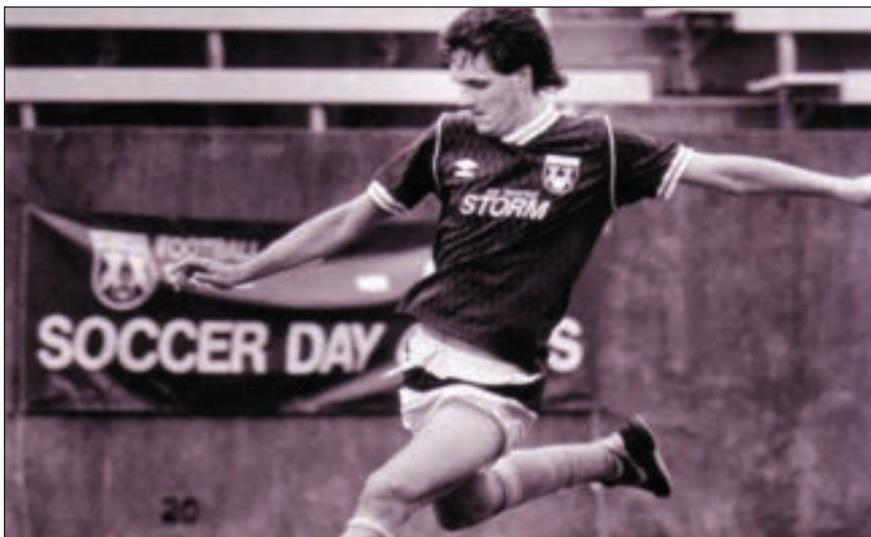

In 1990, the WSL merged with the East Coast's American Soccer League to form the APSL. In all there were 22 teams, but in 1991, with costs rising due to nationwide travel, membership fell to only nine clubs, and Seattle was not among them. After going dormant, it ceased operations altogether in 1992, although the brand was resurrected and used by an entry in the regional Pacific Coast League through 1995.

SEATTLE SOUNDERS (1994-2008)

In 1994, the World Cup was coming to America and, riding the resulting new wave of enthusiasm, professional soccer returned to Seattle after a three-year absence. The Sounders name was revived and the club, owned by Scott Oki and coached by Alan Hinton, joined the American Professional Soccer League.

From the outset, the Sounders nucleus was largely formed by homegrown talent. Hinton tapped into the college players being produced at both Seattle Pacific and Washington, and added experience in the form of past pros with local connections.

When Seattle won the 1995 A-League championship in its second season, eight of the 13 players who saw action originally came from the surrounding area's youth leagues. In 1996, when the Sounders repeated, nine starters were local products. Player/coach Neil Megson had been with both the original Sounders and Tacoma Stars for a total of nine seasons.

MLS opened play in 1996, and the A-League was thereafter classified as second division. Consequently, many of the top players were lured elsewhere. The Sounders remained competitive, qualifying for the playoffs in all but two of their 15 seasons and winning five divisional crowns.

In 2002 under the management of new majority investor Adrian Hanauer and the coaching of Brian Schmetzer, the club reached for new goals. Hanauer led the local effort to land a new MLS team and also moved the team from Memorial Stadium to the newly-completed CenturyLink Field. In fact, in the stadium's first event, the Sounders played to a USL record crowd of 25,515.

On the field, Seattle won a club-record 23 games in Schmetzer's first season. From 2004-07, it advanced to the USL championship game three times, winning twice. In U.S. Open Cup play, the Sounders eliminated four MLS teams in reaching back-to-back semifinals in 2007 and '08.

XBOX PITCH AT CENTURYLINK FIELD

In 1996, Paul G. Allen obtained an option to purchase the Seattle Seahawks and launched a campaign to win public support for a new world-class football/soccer stadium and exhibition center. Six years later, the dream became reality as the Seahawks opened the 2002 preseason against the Indianapolis Colts in new Seahawks Stadium. The stadium was renamed Qwest Field in 2004 and in 2011 became CenturyLink Field. The facility, built atop the site of the Kingdome, is not only home to the Seahawks and Sounders FC, but accommodates many levels of soccer competition, including Major League Soccer, amateur, international, World Cup and collegiate soccer.

CenturyLink Field is designed with a 67,000 seat capacity (38,300 for MLS regular season), with 5,000 additional seats available for special events, and 1,400 seats for fans with disabilities. With a roof covering 70 percent of the seating area, fans enjoy wide, comfortable seats with sideline seating. The facility also features a dozen elevators and expansive concourses with an ample provision of concessions stands and restrooms.

In 2009, CenturyLink Field was awarded the “Event Recycling Award” from the Washington State Recycling Association. As a host for over 300 events and more than 1.5 million visitors annually, The operations staff at the facility diverts 94% of the venue’s waste stream from landfills, promotes the sale of more sustainable food options and have installed a 2.5 acre solar array atop CenturyLink Field Event Center that generates more than 800,000 kilowatt hours of electricity annually.

CENTURYLINK FIELD FACTS & FIGURES

- The roof is 210,000 square feet – enough to cover 3.5 football fields
- 45 concession stands/55 beer concessions – twice as many per person as the Kingdome
- The FieldTurf production used more than 35,000 recycled ground-up tennis shoes and 30,000 recycled ground-up tires
- The roof contains 5,700 tons of steel – equal to 35 Statues of Liberty or 1,000 Orca whales
- 100% of the concrete from the Kingdome was processed and recycled (50% built into CenturyLink Field)
- Wide concourses offer outstanding views of the Seattle skyline, Safeco Field, the Cascades and Mt. Rainier, Puget Sound and the Olympic Mountains

CENTURYLINK FIELD FUNDING

The \$430 million facility is owned by the public and was funded by a private-public partnership. Private contributions totaled at least \$130 million, while the public contributed up to \$300 million through a lottery and a variety of taxes generated by events in the stadium/exhibition center.

A breakdown of the funding package:

- \$130 million private investment led by Paul Allen
- \$127 million from new, sports related games, similar to the Mariners' baseball-themed scratch games
- \$101 million in sales taxes collected in King County attributable to events in the stadium/exhibition center
- \$56 million from facility admission and parking taxes
- \$15 million from extending King County's share of the existing hotel-motel tax
- \$1 million per year of in-kind advertising for the new lottery games will be provided by Paul Allen
- All excess stadium revenues will fund youth athletic facilities throughout Washington State in addition to a \$10 million contribution from Paul Allen
- Paul Allen agreed to pay for any construction cost overruns
- As an added measure, the debt on the Kingdome was retired, freeing property taxes for other purposes

FIRST & GOAL INC.

In June of 1997, Washington State voters approved a funding package to build a new football/soccer stadium and exhibition center. With that, Paul G. Allen and Football Northwest created First & Goal Inc., an entity that represented the interests of CenturyLink Field in the construction of the new stadium and now manage the stadium and event center on a daily basis.

BADGE & COLORS

BADGE:

- The badge represents the organization's personality, image, core competencies and characteristics. This design is loosely based on a heraldic shield, which helped identify combatants who were otherwise hidden by their armor.
- The Seattle Sounders FC badge was developed with two distinct layers to represent the partnership between the ownership, the community, the players and the fans.
- The partners are all united under one banner which carries the team name.
- The Space Needle is a universally recognized icon and symbol of Seattle.
- The overall design is an updated, contemporary treatment of traditional shapes. The effect is clean, bold, aggressive and uniquely Northwest.

COLORS:

Sounder Blue (Pantone 647C)

- A reference to Puget Sound and the water that surrounds Seattle, which helps define its citizens.
- Blue signifies stability, strength and loyalty.

Rave Green (Pantone 370C)

- Definition: rave (adj): c: to talk with extreme enthusiasm <raved about its beauty>
- Green is a reference to the forests of the Pacific Northwest. It also represents the passionate, optimistic spirit of the community.

Cascade Shale (Pantone 433C)

- Cascade is a reference to the spectacular range of mountains on Seattle's eastern horizon.
- Shale is a sedimentary rock formed under intense pressure. As the dark gray in the Sounders FC palette, it signifies an iron resolve.

Typography: Modified versions of Verlag ("Sounders FC") and Eurostyle ("Seattle")

SOUNDERS FC BROADCASTING

ROSS FLETCHER PLAY-BY-PLAY

Ross Fletcher returns for his second season with the Sounders FC broadcasting team as the club's play-by-play announcer. The "Voice of the Sounders FC" can be heard on all television and radio broadcasts.

Fletcher spent five and a half years as a football commentator and reporter for the national stations BBC Radio 5 Live and BBC Radio 5 Live Sports Extra, covering the English Premier League and the Championship. He has also been a regular voice across the station's schedule as a sports bulletin presenter.

For seven years Fletcher was the voice of Derby County for BBC Radio Derby, commenting on the English Premier League and Championship. His most memorable call was the 2007 Championship playoff final in which Derby beat West Bromwich Albion in front of 75,000 fans at Wembley Stadium. During his time at the station, he was part of the highly successful team which won the coveted Sony Radio Academy 'Station of the Year' title three times in five years.

KASEY KELLER ANALYST

Along with Fletcher, Kasey Keller returns for his second campaign as the Sounders FC analyst after spending the previous three seasons in Seattle's net.

Keller completed his 20-year professional career in 2011 by earning MLS Goalkeeper of the Year and Best XI honors. He served as the Sounders FC captain and was an All-Star selection each of his three seasons. From 1991 to 2008 the Olympia, Washington native played in Europe while accumulating U.S. National Team goalkeeping career records for most caps (102), wins (53) and shutouts (47). Keller played in three of the world's top leagues: England's Premiership, Spain's La Liga and Germany's Bundesliga.

A graduate of the University of Portland, Keller and his wife, Kristin, have twins, Chloe and Cameron.

MEDIA POLICY

CREDENTIALS

Season media credentials will be issued to recognized newspapers, magazines, television and established radio stations making reasonable requests. The club does not grant freelance photographers access unless assigned to shoot for a specific story or project.

ROAD CREDENTIALS

Members of the Sounders FC's media traveling to road games should submit requests for credentials to the Communications Department no later than five (5) business days prior to the road game.

MEDIA WILL CALL

Members of the media needing to pick up passes at the game will find the Media Will Call booth located at the Southwest corner of CenturyLink Field. Each person must pick up his or her own credential and present corresponding photo identification. Media Will Call opens two hours prior to the scheduled kickoff. All media must enter through the press gate entrance located at the Southwest Entrance. Media credentials will not be honored at any other entrance. All credentials are non-transferable, and any unauthorized use will subject the bearer to ejection from CenturyLink Field and confiscation of the credentials.

BROADCAST

In making requests for broadcast credentials, please specify requirements for spotters and/or statisticians. These services must be arranged in advance, and once they are made the statisticians must be compensated whether used or not. Broadcast booth locations are located in the CenturyLink Field press box.

PARKING

A limited number of parking passes are available for working media. Members of the media seeking parking passes are advised to make their requests as early as possible. Please note that Sounders FC will not be able to accommodate all requests.

A limited number of TV news trucks will be allowed to park on the CenturyLink Field east access road. TV trucks which provide satel-

lite, uplink or microwave functions will need to make prior arrangements with Mike Tremel, Director of Technical Services (MikeT@SeahawksSoundersFC.com or 206-381-7220).

PRESS BOX

The Gary Wright Press Box at CenturyLink Field is located on the suite level on the west side of the stadium. The press box will open two hours before kickoff. Admittance is limited to working media members with valid credentials. The press box is intended for the purpose of providing a work place for writers, reporters, broadcasters and game personnel. It is imperative that season pass holders notify the communications staff of their intention to cover a game in order to receive press box seating. Family members and guests will not be accommodated in the press box. Abuse of press box press privileges will result in forfeiture of a press pass.

TELEPHONE/WIRELESS ACCESS

Several pool phones are placed throughout the press box. Remember pool phones are to be shared. Courtesy hard lines are available in the photo room. CenturyLink Field offers wireless internet access in all areas of the press box and photographers' work room. The access is free of charge and works with all wi-fi enabled computer equipment. Media wishing to pay for dedicated LAN connections should contact the Communications Department.

GAME NOTES/STATISTICS

Game notes and statistics will be available in the press box. Statistics will be distributed to each seat throughout the game at halftime and 10 minutes following the game. Periodic announcements will also be made during the game.

LOCKER ROOM ACCESS

Following the conclusion of the game, a postgame news conference will be held in the NFL Visiting Media Room near both the Home and Visiting Locker Rooms in the south end of CenturyLink Field. At the end of the news conference the locker room will be open to media. Sounders FC and visitor locker rooms are located near the Southeast tunnel

on the field level. Your cooperation and professional courtesy is asked in maintaining a proper working atmosphere for postgame interviews. Absolutely no autographs are allowed during media access periods.

Media cell phones - No media may use a cell phone at any time inside the locker room. Media members may carry their cell phones into the locker room but may not use them to place or take calls, or to take photos.

FIELD ACCESS

Only working newspaper, magazine and network TV photographers and club/stadium officials are permitted on the field during the game. Press Box passes will not be honored for field admittance at any time, unless authorized by Seattle Sounders FC.

PHOTOGRAPHERS

ENG crew and still photographers holding proper credentials may position themselves along either endline at field level. Immediately prior to each match, photographers who wish to shoot the traditional pre-game team photo will be escorted on cue to the midfield sideline by photo marshals. Photographers will be instructed to walk only on the sidelines—never on the field of play—en route to these temporary sideline positions. Once team photos have been taken, photographers will be directed to quickly return to their endline photo positions. During the match, photographers are advised that they have restricted freedom of movement. At no time during the match can photographers shoot from directly behind the goal. Also, movement from one end of the field to the other is allowed only at halftime on the sideline opposite the team benches. Still photographers DO NOT have access to the locker rooms at any time.

PHOTOGRAPHER PHOTO BIBS

Each accredited photographer will be issued a specially designed photo bib/vest provided by Sounders FC for identification purposes as a mandatory supplement to the credential. The photo bib serves as a temporary access control device and must be returned to the photo marshals area at the end of each match. The photo bib must be worn at all times while present at any photo position. Photographers in unauthorized shooting positions or not wearing a bib risk suspension of their credential. All photographers are required to wear a vest that must be

obtained prior to the match in the Photographers' Workroom.

PHOTOGRAPHERS' WORKROOM

The Photographers' work area is located at the back of the press box.

MEALS

Food and beverages are available to working members of the media in the Press Box and Photographers' Workroom.

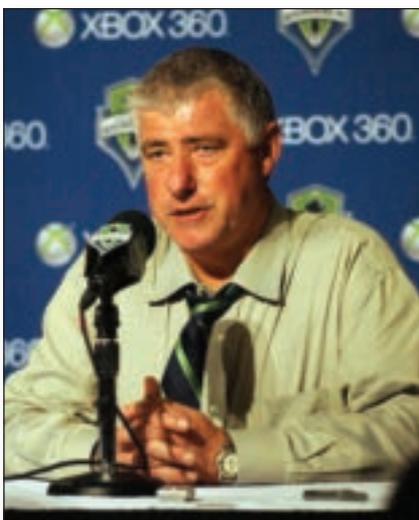

DURING THE WEEK

Training Access

During the regular season, training sessions typically run 75-90 minutes and usually begin at 10 a.m. Training times can and frequently do vary. Members of the media who intend to cover training sessions on a regular basis should call the Sounders FC Communications Department to obtain the latest training schedule information. Training sessions will, in general, be open to the media, but they may be closed at the discretion of the head coach. No media members are allowed into the locker room before, during or after training sessions.

Interviews

Interviews that require advance preparations or special accommodations by a Sounders FC player or staff member should be made by calling or e-mailing the Sounders FC Communications Department.
