OWNERSHIP

Ottawa Fury FC is owned and operated by the Ottawa Sports and Entertainment Group (OSEG), which includes business partners John Ruddy, Jeff Hunt, Bill Shenkman, John Pugh and Roger Greenberg. On June 20, 2011, OSEG was awarded a North American Soccer League (NASL) franchise and after three seasons in the NASL, OSEG was awarded a USL franchise joining one of the fastest growing leagues in the world.

ABOUT OSEG

The Ottawa Sports and Entertainment Group (OSEG), in partnership with the City of Ottawa, has transformed Lansdowne Park into Ottawa's newest and most exciting sport and entertainment destination. This 'Jewel by the Rideau Canal' is a 'go-to' downtown destination for all residents and visitors to the city, offering live sports and entertainment, a shopping and entertainment district, condominium living and a new urban park.

OSEG partners include Roger Greenberg, John Ruddy, Bill Shenkman, Jeff Hunt and John Pugh.

Initially founded to re-establish CFL football in Ottawa, OSEG produced a comprehensive plan for the revitalization of the entire 48-acre site of Lansdowne Park. That plan became a reality and today, Lansdowne features a modern 24,000 seat stadium (The Stadium at TD Place) for football, soccer, concerts and other major events; a refurbished 9,862 seat arena (The Arena at TD Place) for the Ottawa 67's (OHL) and community hockey, other arena sports, mid-size concerts and other events; two condominium towers and townhomes with a combined 280 units, a 360,000 Sq. Ft. shopping/entertainment district, an office tower, 1,300 underground parking spaces and an 18-acre urban park.

OSEG owns and operates the Ottawa REDBLACKS, Ottawa Fury FC and Ottawa 67's. OSEG also manages TD Place and the mixed-use areas and facilities on the site—Lansdowne Live.

COACHING STAFF

PAUL DALGLISH

HEAD COACH | GENERAL MANAGER

Paul Dalglish was hired as the second head coach in Fury FC history on November 20, 2015. Born in Glasgow, Scotland, Dalglish came to Ottawa boasting both an impressive background in the sport with successes as a player that have continued in coaching.

In his first year with the club (2016), Dalglish led Fury FC to their first-ever semifinal berth in the Canadian Championship bringing an MLS team to TD Place for the first time. In the club's first-ever match against MLS opposition, Dalglish's side defeated the Vancouver Whitecaps 2-0 in the first leg at TD Place on June 1st with over 9,000 fans sharing in the historic night.

The son of Scottish legend Kenny Dalglish, Paul Dalglish came across the pond to begin his managerial career in 2008, following a playing career that spanned more than a decade in both Europe and North America.

Dalglish's first stop was as coach of the Houston Dynamo Academy in 2008, before being named head coach of FC Tampa Bay. After Tampa Bay, Dalglish accepted a job manager of the Austin Aztex for the club's expansion season in the USL's Premier Development League (PDL). Out of 73 teams, the Dalglish-led Aztex finished in the top eight with a record of 10-6-2 and moved on to the conference finals.

The following year, Dalglish led Austin to the league's best record at 15-1-2 en route to a league championship in a season where the Aztex scored the most goals in the league and conceded the fewest. The performance earned Dalglish USL PDL Coach of the Year Honours and see several of his players move on to MLS.

The following season, Dalglish became an assistant coach to Jeff Cassar with MLS side Real Salt Lake before returning to the Aztex when they moved up the competitive ladder to compete in the USL.

COACHING STAFF

JULIAN DE GUZMAN

ASSISTANT COACH | ASSISTANT GENERAL MANAGER

On January 30 2016, Julian de Guzman announced his retirement following a remarkable 17-year professional career but remains with Fury FC accepting the roles of Assistant Coach and Assistant GM.

A former Canadian Player of the Year, de Guzman retired as his country's all-time appearance leader earning 89 caps in his 15-year international career. He was named captain of the Canada's Men's National Team in 2013 and wore the captain's armband in 25 matches. He took part in four cycles of FIFA World Cup Qualifiers and a Canadian record six CONCACAF Gold Cups, earning tournament MVP honours in 2007 when Canada reached the semi-final phase. He was a tournament all-star in 2007, 2009, and 2013.

At the professional level, his remarkable career took him to France, Germany, Spain, USA, Greece and of course his native Canada, where he fittingly concluded his career. He was most notably the first Canadian to star in Spain's La Liga, starring as a midfielder for Deportivo La Coruña. It was during that stint that de Guzman won Canadian Player of the Year honours (2008) for his play at both the club and international levels. That same year he was also named Player of the Year for Deportivo La Coruña.

In his first foray playing in Canada, de Guzman became the first-ever Canadian Designated Player in MLS history and helped Toronto FC come within a win of reaching the 2009 playoffs. He then helped the club win three consecutive Canadian Championships

from 2010 to 2012. The midfielder from Scarborough concluded his professional career in Ottawa where he helped Fury FC claim the NASL Fall Season Championship in 2015 and was named the second captain in club history for the 2016 season.

He retired from active play having played 513 games and 38,221 minutes for club and country in a 17-year career that in addition to representing his country saw de Guzman feature in Germany (FC Saarbrücken II, FC Saarbrücken, Hannover 96, Jahn Regensburg), Spain (Deportivo La Coruña), Greece (Skoda Xanthi), United States (FC Dallas) and Canada (Toronto FC and Ottawa Fury FC). His international career spanned 15 years from 2002 to 2016. Initially a youth player with Wexford SC in Scarborough, he was 18 years old when he joined the national youth program in 1999. Before making his international "A" debut in 2002 at age 20, he represented Canada at the FIFA U-20 World Cup in Argentina, in 2001.

Though born in Scotland, Dalglish grew up in Liverpool, where his dad managed Liverpool FC. Paul himself would join Liverpool after developing as a youth player with Celtic and would make stops at Newcastle United, Norwich City, Blackpool, Houston Dynamo and Kilmarnock during his playing days. In a 3-1 win over the Colorado Rapids while with Houston, Dalglish scored twice and was named Man of the Match for the performance that helped his side earn a spot in the MLS Cup—a trophy they would go on to win.

COACHING STAFF

BRUCE GROBBELAAR **ASSISTANT COACH**

Bruce Grobbelaar has been part of every season in club history since signing on as the Goalkeeper Coach in August 2014. The legendary Liverpool goalkeeper has brought a wealth of experience to the club making his presence known through the success and development of all goalkeepers since the club's inception.

Under Grobbelaar's tutelage, Fury FC proved to be the best defensive side in the 2015 NASL season setting several league records that included the longest consecutive shutout streak and most shutouts in a season by his goalkeeper Romuald Peiser.

The most decorated goalkeeper in the history of English Football, Grobbelaar made 816 professional appearances that also included 24 appearances with the Vancouver Whitecaps during the 1979-80 season.

Best known for his unflappable confidence and unconventional style of play, it is the unique flare that Grobbelaar brought to the game that many credit for Liverpool's European Cup victory over Roma on penalty kicks. Grobbelaar's 13 seasons with Liverpool saw the South African born keeper make 440 appearances winning six League titles, three FA Cups, three League Cups and the 1984 European Cup.

Born in Durban, South Africa, Grobbelaar, 59, was raised in neighboring Zimbabwe (then Rhodesia) and would go on to be capped 36 times from 1980-1998. He would turn to coaching in 1999 upon his return to South Africa starting with the Seven Stars. He was also twice briefly player-manager of Zimbabwe's National Team.

COACHING STAFF

JED DAVIES

ASSISTANT COACH

Jed Davies returns for a second consecutive season on Ottawa's bench. Prior to joining Fury FC, the 28-year-old Welshman worked at Oxford University alongside Mickey Lewis and Jon Collins from 2013 to 2014 before going on to work with Magnus Pehrsson, Manager of the Estonia National team in 2015 during their European group qualification matches. Davies also worked for the Iranian National Team in preparation for their 2015 Asian Cup fixture against UAE.

Davies is one of the company founders of Inspire Football Coach Education UK, a coach education company that has featured the likes of Dick Bate, Raymond Verheijen, FC Barcelona's Albert Capellas, England rugby's Brian Ashton and many other reputable presenters.

He has also published two books. His first in 2013: Coaching the Tiki-Taka Style of Play followed by his second in 2016: The Philosophy of Football: In Shadows of Marcelo Bielsa.

2016 SEASON REVIEW

The third season in club history proved to be a year of transition for Fury FC, with many positives from their last NASL season, as their 2016 campaign was filled with dramatic and entertaining moments, highlighted by their first-ever semifinal berth in the Canadian Championship.

On the International level, Carl Haworth (first selection to the Canadian Men's National Team in November 2016), Maxim Tissot (first call in over a year; three in total in 2016), Jamar Dixon (first-ever call in February; three in total in 2016) and Julian de Guzman (four calls in 2016; 89th appearance for the senior team—all-time leader in international appearances) all helped shape and develop the Canadian National Team pool. And speaking of Canadian content, Fury FC led all five Canadian professional clubs in minutes played by Canadians in 2016—11,112—over 4,000 minutes more than the next Canadian club, Toronto FC.

In the community, over the years, players, staff and even the mascot Sparky have contributed hundreds of hours supporting youth soccer, local charities/fund-raisers, community groups and schools. Last year was no exception, as Fury FC set a new milestone, by contributing over 1000 hours of community work.

On the attendance front, the club was one of the only two NASL teams to register an increase in attendance for 2016. With more than a 100,000 fans coming through the gates of TD Place in 2016, including the Canadian Championship matches, Fury FC recorded growth in attendance for a second straight year as more and more fans came to cheer for the nation's capital team.

In 2016 Fury FC qualified for the Canadian Championship semifinal for the first time in club's history. As a result, Paul Dalglish's squad not only brought an MLS team to TD Place, but they also went on to defeat the Vancouver Whitecaps 2-0 on June 1, with more than 9000 on hand to be part of that historic night.

2017 promises to be an even more successful year for the club and Dalglish believes that fans will have plenty of reasons to be excited when the club makes its USL debut.

CLUB HISTORY

In their first three years in the professional ranks, Ottawa Fury FC has firmly placed itself in the North American soccer landscape. Playing and training in a first-class facility, winning silverware in just their second season, playing in the Championship Final and pushing the MLS Vancouver Whitecaps to edge in the Canadian Championship, leading all professional clubs in games and minutes played by Canadians and seeing increased attendance each and every season are just a few of the elements that have made Fury FC successful in their early history.

HOW THEY CAME TOGETHER

The City of Ottawa was awarded an expansion NASL franchise, granted to the Ottawa Sports and Entertainment Group (OSEG), on June 20, 2011. Eighteen months later, on February 26, 2013 Ottawa Fury FC was born. The symbol of Fury FC was unveiled months later—a traditional soccer shield design that houses the name Ottawa Fury FC as well as a flame that serves as a symbol of the club and Canada's capital.

HOW THEY WERE BUILT

Marc Dos Santos was hired as the club's first head coach in May 2013 as the architect of Ottawa's first professional team. Dos Santos, a former head coach of current MLS club Montreal Impact, brought with him a wealth of experience and significant contacts in the soccer community to build the first year squad. Under his leadership, a technical staff was brought together that included younger brother Phillip Dos Santos (Technical Director), former Canadian International Martin Nash (Assistant Coach) and Liverpool legend Bruce Grobbelaar (Goalkeeper Coach).

THE BEGINNING

Ottawa Fury FC opened their inaugural season in Fort Lauderdale, falling 2-0 to the Strikers, but not before solidifying their ability to contend at the NASL ranks. Ottawa impressed in their home debut before a sellout crowd at Carleton University. Vini Dantas netted the first-ever goal in club history, but a stoppage time goal would see visiting Minnesota United steal all three points in the opener. A week later, Fury FC earned their first-ever victory in convincing fashion posting a 4-0 win over the visiting Carolina RailHawks. Following the Ottawa REDBLACKS opening of TD Place on July 18, Fury FC christened the stadium two days later on July 20 setting an NASL modern era attendance record with a crowd of 14,593.

YEAR TWO

Fury's second season in the league saw the club quickly turn into a championship contender, setting league records for clean sheets and a lengthy unbeaten run on the road, among others. While Fury's Fall Championship win didn't translate into a league title—the Cosmos defeated Ottawa 3-2 in the finals to claim the Soccer Bowl—Fury gave notice to the rest of the league that it was here to stay, compete and win.

CLUB HISTORY

THE NEXT CHAPTER

Ottawa Fury FC appointed Paul Dalglish as the second GM and Head Coach in club's history following Dos Santos' departure for Swope Park Rangers. Fury FC's third season didn't bring results they were hoping for on the field, but the club drew a lot of positives from their last NASL season, as their 2016 season was filled with dramatic and entertaining moments, highlighted by the first-ever semi-final berth in the Canadian Championship. As a result, Paul Dalglish's squad not only brought an MLS team to TD Place, but they also went on to defeat the Vancouver Whitecaps 2-0 on June 1st, in front of 9000+ fans.

A NEW ERA

On October 25 2016, Ottawa Fury FC announced that the team would join the United Soccer League (USL) for the 2017 season and on December 9, the club announced a partnership with Major League Soccer's Montreal Impact.

THEIR ORIGINS

Prior to being granted a professional franchise, the organization existed as the Ottawa Fury Soccer Club—one of the most recognizable names at the development level across North America. Fury FC President and OSEG Partner John Pugh purchased the Fury W-League franchise in 2002 and would spend the next decade building one of the most respected youth academies in North America, a successful PDL program that has seen players move on to the professional ranks and the W-League's most storied franchise that would capture a long sought after North American Championship in 2012. The Ottawa Fury Soccer Club also boasted several grassroots, skill development and community programs that continue under the Fury FC banner.

CANADIAN CHAMPIONSHIP

The 2017 Canadian Championship features Canada's five professional clubs taking part in a two-legged home-and-away, three-round competition. The winning club will lift the Voyageurs Cup and earn the right to represent Canada in the 2017-18 CONCACAF Champions League.

This tenth edition of the championship will see Ottawa Fury FC and FC Edmonton play a preliminary knock-out home and away round. The winner—the team that scores the greater aggregate of goals over the two matches—will secure the fourth semifinal place and join the three Canadian MLS clubs, Montreal Impact, Toronto FC and Vancouver Whitecaps FC in the next round.

Through the first nine editions of the Canadian Championship, the Montreal Impact were inaugural champions (2008) followed by Toronto FC who won the Voyageurs Cup in four successive seasons (2009

to 2012), before the Impact won back-to-back championships 2013 and 2014. The Whitecaps won it all in 2015, before losing to Toronto FC in finals in 2016, after the Whitecaps had defeated Fury FC in the semi-final stage of the competition. In CONCACAF Champions League, the Montreal Impact (2008-09; 2014-2015) reached the quarterfinal phase while Toronto FC (2011-12) has participated in the semi-final round of continental club championship.

USL RULES & REGULATIONS

NEW RULES STARTING IN 2017

THREE SUBSTITUTIONS

The USL is reducing the number of substitutions permitted in league contests to the international standard of three per match. The USL previously allowed for five substitutions.

That rule had been carried over from earlier versions of the league when—due to scheduling and travel—teams occasionally played two games in three nights or even on back-to-back days. With the 2017 season extended to 32 games over a 30-week regular season, league management determined the time had come to change the substitution rule to three.

GOOD BEHAVIOR INCENTIVE

The USL is implementing a Good Behavior Incentive that potentially could reduce a player's yellow card accumulation total based on a string of matches without receiving a caution.

A player will automatically reduce his yellow card accumulation total by one yellow card each time he appears in five consecutive games without a card or supplemental discipline.

For clarity, a player cannot have a negative yellow card accumulation total; the Good Behavior Incentive can only reset to a zero-card total. This incentive will be automatically applied a maximum of three times through the course of the USL season.

For example, a player on his third caution of the season appearing in five consecutive matches without receiving a card or supplemental discipline removes one (1) caution from his cumulative total, leaving the player with a total of two.

This player now has two remaining Good Behavior Incentive opportunities for the 2017 Season. If that player completes five more consecutive matches without receiving a card or supplemental discipline, one more caution is removed from his cumulative total leaving the player a total of one caution and one more Good Behavior Incentive opportunity.

DISCIPLINARY REGULATIONS

DISCIPLINARY POWERS

The USL shall have the authority to suspend, fine or disqualify players, team officials or competing clubs for violating league rules, or for any action or conduct not in the best interest of soccer or the USL. The USL hands down any final decision on a breach of rules.

three USL staff members, consisting of the League Director, Operations Director and Referee Services Coordinator, shall conduct the review of critical disciplinary issues. An alternate League Director may be utilized in the event any of the three members above are unable to participate.

THE USL DISCIPLINARY PANEL

The USL Disciplinary Committee is charged with the responsibility to enforce the playing rules and allow for a competitive, but fair, environment for all teams to compete against each other. A panel of at least

DISCIPLINARY PROCESS

USL disciplinary issues (including all sendoffs) reported by the Referee shall be reviewed by the USL Disciplinary Panel (a panel of at least three USL staff members) via match videos, official reports, individual accounts and other pertinent information. Depending

on the timeliness of the reports and match videos, the Panel will make every effort to rule on all cases from the preceding week and issue these rulings by Wednesday of each week.

Every disciplinary incident (sendoffs) shall be reviewed to ensure that players are not over-penalized, either by the number of matches served or fines. The USL has the authority and reserves the right to levy additional suspensions or fines (above the minimum for that type of infraction) if a review of the incident warrants such action.

The USL Disciplinary Panel shall only act in contravention of a referee's ruling on the field when a play, or the consequences of a play, are of an egregious or exceptional nature

OR in circumstances where the referee did not see the play in question and the USL has sufficient and convincing evidence that a serious infraction occurred.

INDEPENDENT DISCIPLINARY PANEL

The Independent Disciplinary Panel is comprised of three outside members, consisting of a former professional coach, a former professional referee and a former professional player. This panel is charged with the responsibility of reviewing any disciplinary matters deemed worthy of increased disciplinary measures (i.e. escalating a yellow card to a red card). Any disciplinary decisions rendered by the Independent Disciplinary Panel will be final and cannot be appealed. A majority decision must be reached in order for any discipline to be escalated by the panel.

DISPARAGING COMMENTS

Players, coaches and team officials may not disparage referees, referee decisions, league disciplinary decisions or the league in team press releases or in quotes provided to the media. Fines will be levied accordingly based on the nature, severity and context of the comments made. Suspensions could also be levied for very serious comments.

SERVING SUSPENSIONS DURING THE REGULAR SEASON

Any player sent off or coach dismissed during a regular-season game will be fined (min. \$100) and will be suspended from the next league regular-season game. A person who serves as both player and coach may not return as a player or a coach until the suspension has been served. The USL Disciplinary Committee reserves the right to assess further penalties depending on the severity of the incident.

The penalties set forth shall apply to all cards awarded to a player in any USL match. For the purposes of determining accumulations and game suspensions, any games that count as part of a team's official league schedule shall be utilized.

EXHIBITION GAME SENDOFF

Any player sent off or coach dismissed during an exhibition game shall serve a suspension during the team's next exhibition game.

FINAL REGULAR SEASON GAME SENDOFF

Any player sent off in a final regular season match must serve the suspension in the first playoff match, unless the season is over, in which case the suspension will be served in the team's first league game the following season.

COACH/STAFF CAUTIONS AND EJECTIONS

Referees, at their discretion, may warn or dismiss coaches and team staff for unprofessional behavior. Any coach or other team staff member not acting in a professional manner in the opinion of the League, whether or not the incident is reported in the Referee Game Report, shall be subject to a fine and/or suspension. Referees are instructed not to physically show a red card to non-players, although they may require the removal of coaches and team staff in accordance with Rule 647 for unprofessional behavior at their own discretion.

SUSPENSION PARAMETERS & RESTRICTIONS

Any manager, coach, assistant coach, athletic trainer, player or other official bench personnel is prohibited from assuming any official duty at or near the team bench while serving a suspension. Any athletic trainer sent off during a match should remain in the locker room area through the end of the match and may only return to the pitch at the request of the Referee in the event of an emergency. Any infringement of this rule or the restrictions below may result in the forfeiture of the game and include a fine for each infraction. The following restrictions apply:

PRE-GAME

Suspended personnel are allowed to communicate pre-game information to the team in the locker room prior to the match. However, they are not allowed on the field during warm-ups and may not stand or in any way be in close proximity to the field of play.

IN-GAME, INCLUDING HALFTIME

Field Access: At no time during the game are suspended personnel allowed on or around the field of play.

Communication: There is to be no direct or indirect communication whether written, verbal, cellular or electronic to any other coach, player or staff member on the team bench.

Stadium Seating: The suspended personnel must sit in the press box or in some location other than in the stands. The suspended person is not permitted to sit in the stands as a “spectator.” If it is not possible to sit in the press box, then they are prohibited from attending the match.

Locker Room Access: The coach/staff member is not allowed to be in the locker room at any time during halftime.

POST-GAME

The coach/staff member may join their team in the locker room, but not on the field of play or its surrounding areas.

EXTENDING A SUSPENSION

In any case, the USL reserves the right to impose suspensions beyond any of these parameters for offenses deemed to be particularly violent and against the spirit of the game.

This can be imposed regardless of whether a send-off occurred.

LEAGUE DISCIPLINARY POINT SYSTEM

The USL has the authority to discipline players, coaches, and/or team personnel based upon the USL disciplinary regulations in accordance with FIFA and the respective National Federation.

PENALTY POINTS

All cautions/yellow cards will account for one point and sendoffs/red cards will account for two points. Any player receiving two cautions in one match, which results in a sendoff, will receive one point for the first caution and one point for the resulting sendoff for a total of two points. Any player receiving one caution and one red card in a match, which results in a sendoff, will receive one point for the caution and two points for the sendoff for a total of three points. Sendoffs/red card suspensions must be served the following game in which the team participates. Cautionable offenses, both subjective and mandatory, will be listed in the USL Referee Manual for reference.

PLAYER CAUTION ACCUMULATION

Players exceeding the caution accumulation penalty point plateau(s) will begin serving their suspension in their next match. If a player receives two cautions in one match, these cautions will not count toward a player's caution accumulation total. The USL also reserves the right to reevaluate player accumulation plateaus

for player eligibility rulings, including playoffs, with the reserved power to postpone suspensions to the following season.

Players accumulating the following number of caution/yellow cards throughout the season will be sanctioned as follows:

- **Five cautions:**
one-game suspension and \$200 fine
- **Eight total cautions:**
one-game suspension and \$300 fine
- **11 total cautions:**
two-game suspension and \$400 fine
- **14 total cautions:**
three-game suspension and \$500 fine

Caution accumulation suspensions can only affect regular-season games. For those players who reach a caution accumulation suspension at the end of the season that suspension will not be implemented in any potential playoff games that season. Accumulations will be wiped clean at the end of the season.

COACH DISMISSAL ACCUMULATION

Any coach accumulating the following number of dismissals, will be suspended and fined as the following:

- **First dismissal:** coach will serve a one-game suspension and will be fined minimum of \$500
- **Second dismissal:** coach will serve a one-game suspension and will be fined minimum of \$1,000
- **Third dismissal:** coach will serve a two-game suspension and will be fined minimum of \$1,500

SUSPENSION DURING USL CUP PLAYOFFS

Any player and/or coach who is sent off during the playoffs will be suspended from the next playoff game, unless the season is over, in which case the suspension will be served in the team's first league game the following season.

MAJOR GAME MISCONDUCT

In addition to the penalties set forth above, major fines or suspensions, at the sole and absolute discretion of the USL Disciplinary Panel, shall be levied against players (whether or not they were awarded a card by the referee), coaches or other team staff for such game conduct as fighting, provoking a fight, criticizing game officials with words or gestures, entering the game officials' locker room, physical contact with game officials separate from referee assault, using excessive force, deliberate attempts to injure, spitting, provoking crowd disorders, profane language that can be heard by the crowd or broadcast audience, obscene gestures, improper conduct during the national anthem, taunting, abuse of spectators and others, failure to leave the field when instructed by the referee to do so, improper conduct following the award of a card, excessive delay tactics, excessive and obvious feigning of injuries, or other unsportsmanlike conduct detrimental to the USL and the sport of soccer in general. The league may levy fines and/or suspensions for such behavior whether or not it is reported in the Referee Game Report.

GAME OFFICIAL ASSAULT OR ABUSE

In addition to enforcing the mandatory sanctions from USSF Policy 531-9, the USL may impose additional fines and/or suspensions.

The USL's Discretionary Power on Suspensions

The USL may, at its discretion, rule a specific game shall not count toward the completion of a suspension, if satisfied the game has been purposely arranged by the club with a view toward enabling the player in question to complete his suspension at a specific time in order to qualify him to play in another specific game.

USSF FINE FOR SERIOUS INCIDENTS

The U.S. Soccer Federation has the power to impose fines for any incident bringing the game into disrepute within the league.

RED CARD AND SECOND YELLOW CARD APPEAL

Within 24 hours after the completion of a match a team may request a review of a red card or the second yellow card if a player receives two yellow cards in a match to rectify a case of serious and obvious error. An independent panel of three people made up of one representative from the USSF, the CSA, and PRO will oversee the appeal. The must unanimously agree to overturn a red card or second yellow card for the appeal to be successful.

SUSPENSION AND FINE APPEAL

Within 24 hours after the USL distributes its Weekly Discipline Report, a team may appeal a suspension and/or fine that is greater than one game or \$100, unless the established minimum fine and suspension exceeds those amounts. The USL must receive the appeal in writing via email. The appeal must be state why the team feels the punishment is not appropriate, and it must provide supporting evidence to support its position.

Within 48 hours of receiving the appeal the USL shall hold a call to determine the appeal. The USL shall convene the Independent Disciplinary Panel to decide the appeal. The panel will review the video of the incident prior to the appeal. \$500 is due to the USL in order to conduct an appeal, but if the appeal is successful, then the \$500 will not be invoiced.

The USL's General or Associate Counsel will organize the appeal call. First the referee(s) will give their view of the incident. Next, the league will explain how it arrived at its decision. Last, the team and the player can explain his reasoning on why he feels the decision should be changed and his proposed outcome. During each of these, the panel may ask questions to any of these parties. After each party has spoken, they will all leave the call, including the league and the General Counsel, and the panel will render a decision. They will call the General Counsel and inform him or her of their decision, and they will communicate that decision to the league and the appealing team.

CROSS LEAGUE AND COMPETITION SUSPENSIONS

Players joining the USL (on loan or through transfer) may be subject to any suspension that has been levied by other competitions. The USL shall determine if it will permit a player who receives a red card or other supplemental discipline in another competition for an egregious act to play in USL matches. As per USSF policy, supplemental discipline issued for referee assault/abuse shall preclude the suspended individual from participating in any soccer competition until the suspension has expired.

Players who are suspended in any cup competition such as the Lamar U.S. Open Cup, Canadian Championship or CONCACAF Champions League are not automatically suspended in the USL. The USL will independently review the action and suspension and have the right to implement supplemental discipline in the USL if it determines the player's behavior was deemed to be egregious.

MASTER ROSTER

27-man Game Day Player Pool—All players must be rostered (i.e., registered with the league and Federation) prior to their inclusion in a team's 27-man Game Day Player Pool.

Should a player be successfully rostered (provided all registration paperwork was submitted before the applicable match registration deadline) and fall within the 24-48-hour window, they may be added to the 27-man Game Day Player Pool; however, the change will be subject to the opposing team's approval in accordance with Master Roster Guidelines.

The Master Roster consists of up to 30 Active Players and is the official player roster of the team as set by the USL. Inactive Players do not count toward a team's Master Roster.

A maximum of seven players on the Master Roster may be Foreign Players.

A professional team must carry 12 or more players signed to the USL Standard Professional Player Contract on its Master Roster.

At least 50 percent of the players on a Canadian-based team's roster must be Canadian citizens or possess landed immigrant status.

Active Players consist of properly registered players on USL contracts and players in on loan and Academy Players whose the team has indicated are to be active. Players who are signed to a USL Standard Professional Player Contract and are not in on loan can only be active on the roster.

Teams are required to submit their 27-man Game Day Player Pool of players that are available and active for a match 48 hours prior to each match. Between 24 and 48 hours prior to the match, any change to that Game Day Player Pool must be approved by the opposing team and the league. There will be no changes allowed to the Game Day Player

Pool less than 24 hours prior to a match. Failure to submit the Game Day Player Pool 48 hours prior to the match will result in a minimum fine of \$500. All appropriate parties must be included on the correspondence for the standard to be met. All aforementioned times are subject to change in accordance with the best interests of the game and in the spirit of the intent of this rule in the league's absolute discretion. The league reserves the right to override approvals or denials of the opposing team.

No player may be simultaneously active on the Master Roster of two separate teams in two different leagues. The only exception to this rule occurs if a player has been listed as active on a USL team's 27-man Game Day Player Pool, which is submitted to the League no later than 48 hours prior to the match. In such an instance, a player may remain active in both systems. Any player that does not meet this exception must be listed as inactive in the USL registration system to participate on a separate team in a different league. No player may be listed on the active roster for two separate teams in two different leagues on the same day. Failure to meet this standard will result in a minimum fine of \$500.

Inactive Players can only consist of players out on loan, in on-loan, or Amateur/Academy Players who the team has indicated are to be inactive. Inactive Players do not count against a team's Foreign Player limit.

ACADEMY PLAYERS

In addition to the 30 Active Players allowed on the Master Roster, a team may register up to five Academy Players who do not count against the 30 players on the Master Roster and are allowed to participate in all competitions. After the first five Academy Players rostered, Academy Players will count against the Master Roster. To be considered an

Academy Player, all of the following must be in place:

Player is under the age of 21 as of the official start date of the current season,

Player cannot compete (or have ever previously have competed) in any NCAA or NAIA university or college soccer program, and Player has never been signed or registered as a professional soccer player as recognized by FIFA.

The Academy Player must play for a club that conducts its activities (home games and/or training) within the team's franchise territory or play for a club which has a documented affiliation with the team. In the latter scenario, the affiliated club outside the territory of the team must not be in the territory of another USL team and the team must register all documented affiliate clubs with the League Office prior to the season or upon completion of the affiliation agreement. Additionally, teams with MLS affiliations they use the Academy Players of their MLS affiliate. Academy Players do count against a team's maximum of seven foreign players. Academy Players must be registered as an amateur (only) such with the USL team or its formally-recognized MLS affiliate. Teams may make Academy Players active or inactive on the Master Roster. Inactive Academy

Players do not count towards the roster maximum or the international player maximum. All changes making Academy Players active or inactive is subject to Rule 8. D. 3.

MASTER ROSTER CHANGES

Whenever a team makes a change to its master roster, notification must be sent in writing to the USL. Changes are not approved until the USL confirms in writing and makes the changes on the USL website. All roster changes for Monday through Thursday games must be made by 5:00 PM EST on the day of the match. All roster changes for Friday through Sunday games must be made by 5:00 PM EST on Friday. No changes will be accepted after this time.

MASTER ROSTER FREEZE

No team will be allowed to sign, receive a player on loan, change a player's active/inactive status, and/or replace players after the Roster Freeze date. All trades, transfers and/or loans between teams must be finalized and approved by the USL prior to this time. The USL will not allow "deals in progress" nor "extensions" to go beyond the deadline for any reason.

The date of the Roster Freeze is Sept. 15, 2017, at 5 p.m. ET.

Any MLS player legitimately on the final Master Roster of a USL team at the time of the Roster Freeze date will be permitted to compete for the USL team for the rest of the season, regardless of whether or not that player is subsequently traded or transferred to another MLS team. In this instance, it is possible that a newly executed loan agreement would be required by the USL. However, if a player is sold or released from his contract with MLS, this will terminate the player's loan with the USL team.

Any player on loan from another league must play a minimum of five games during the regular season to be eligible to play in the playoffs. One of these games must occur prior to the roster freeze date.

Any player who is sold to an MLS team after the Roster Freeze deadline may rejoin the USL team on loan for the remainder of the season, as long as he assumes the spot on the roster he vacated when he was sold by the USL club. As long as the player played in a minimum of five games during the season, either prior or after being sold, he is eligible to play in the playoffs.

SPECIAL EXEMPTION (GOALKEEPERS): In the unlikely event that a team is reduced to a single "available and healthy" goalkeeper due to National Team call-up or medically-verifiable injury, the team may petition the USL in writing to be permitted to add a backup goalkeeper to their Master Roster. This may only be done in the event that at least two eligible and healthy goalkeepers are under contract with the club, participating in regular team activities, not on loan with another team, and listed on the final Master

Roster submitted at the time of the Roster Freeze date. This backup goalkeeper will be permitted to remain on the team's roster until such time that one or more of the originally rostered goalkeepers becomes available and is able to compete. The USL will have the power to reject the addition of a goalkeeper in this situation if it feels its primary intent is to create a competitive advantage.
