# NEW YORK COSMOS vs MINNESOTA UNITED FC

DATE: 9/19/15 KICKOFF: 8PM VENUE: NSC STADIUM

## PREVIOUS MATCH REPORT

**HEMPSTEAD, N.Y.** – Raúl scored his sixth goal of the season to lift the New York Cosmos to a 1-0 win over 10-man Jacksonville Armada FC in a North American Soccer League Fall Season match at rain-soaked Shuart Stadium Saturday night.

The Spanish legend broke the stalemate in the 74th minute. He received a pass from Walter Restrepo with his left foot, went momentarily to his right before striking past Jacksonville Armada FC goalkeeper David Sierra from 12 yards out.

“I have to be honest: I felt we were going to find a way to win the game,” Cosmos head coach Giovanni Savarese said after the contest. “The important thing was for us to be calm, to be solid defensively, and at some point the game was going to give us something to be able to win. The special moment was given by Raul.”

“The assist was amazing,” Raúl said. “It was not an easy ball for Restrepo to pull back, and in this moment I tried to find the space to shoot. In the first moment I didn’t see any, and after a fake I could find the space to score this goal.”

“I think it’s very important and I’m very happy for me, but I’m more happy for the team. It’s the most important that we win the game.”

The Cosmos, who extended their home unbeaten streak to 18 matches, avenged a 1-0 loss to Jacksonville on July 18. The Armada FC became the first NASL team to beat the Cosmos this year.

New York (6-4-2) remains tied on points in second place with Minnesota United FC for the Fall, three behind first-place Ottawa Fury FC. The Cosmos extended their lead over Ottawa and Minnesota in the Combined Standings to six points.

“I think it was a good response by the team today after Tampa to come here, to show quality, to be very solid and get a very important win,” Savarese said.

Until Raul delivered the winner, it was all about close chances for the Cosmos. Restrepo nearly put the Cosmos in front, but his lob from distance was wide of the far post in the 41st minute. One minute later, Lucky Mkosana went streaking down the right, but couldn’t put his shot on frame.

Jacksonville (3-2-7) was reduced to 10 men in the 52nd minute when defender Lucas Trejo received a straight red card by referee Nima Saghafi for a high kick to Mkosana’s face.

In the 71st minute, Marcos Senna unloaded from distance, but Jacksonville goalkeeper David Sierra parried the attempt over the bar for the Cosmos second corner of the match.

“Today I think we threatened more than Jacksonville, but Jacksonville defended very well with their lines together. They made it difficult for us.”

A driving rain throughout most of the match made the field extremely quick, but the Cosmos persevered.

“Today the game was different because the ball was very fast, very bouncy and they did a good job to pressure us in the middle so it required a lot of effort from our part to fight and win every ball,” Savarese said. “Second balls were very important. The team stood up and was able to manage the conditions we had today.”

Argentine striker Gastón Cellerino made his Cosmos debut when he replaced Andrés Flores in the 72nd minute. He nearly scored in the 90th minute, but Sierra got a piece of his attempted lob.

“I thought it was very positive. When he came in, he gave us a lot,” Savarese said of Cellerino. “He was able to hold the ball, make good runs, support Lucky and then he created two chances.”

## WORTH A NOTE RAÚL KEEPS ROLLING

Saturday’s game-winner for Raúl marked his sixth goal of the season and 22nd consecutive appearance in NASL play. He’s the only Cosmos player to play in every league match this year.

## THE STRETCH RUN

Potential tactical changes from coach Manny Lagos will be something to look out for prior to kickoff. This will mark Minnesota United FC’s third match in eight days.

## OFFENSIVE POWER BATTLE

The Cosmos enter Saturday’s match continuing to lead the league in shots taken (192). This fixture will feature the league’s two top-scoring teams: Minnesota’s 42 goals against the Cosmos’ 36.

## DIVERSIFIED SCORING

Diversified scoring: Christian Ramirez (3 goals), Justin Davis and Daniel Mendes (2 goals apiece) have all been key factors in Minnesota’s last seven matches, and the Loons are unbeaten (5-2-0) in that timeframe.

## THE ROAD AHEAD

This matchup marks the beginning of the Cosmos’ final eight matches of the season. It looks to be a tough schedule ahead. The close of the Fall Season includes six matches against teams within four points of the Cosmos in the Fall Standings.

# NEW YORK COSMOS vs MINNESOTA UNITED FC

DATE: 9/19/15 KICKOFF: 8PM VENUE: NSC STADIUM

## ABOUT THE COSMOS

The New York Cosmos began play in 1971, spending 14 seasons in the North American Soccer League, winning five Soccer Bowl trophies and bringing some of the biggest names in world soccer to the USA. This included Pelé, Franz Beckenbauer, Giorgio Chinaglia and Carlos Alberto.

It had been nearly 30 years since the Cosmos, an iconic global soccer club, played in a professional league. Yet throughout their absence, the club maintained a loyal and dedicated fan following.

On Aug. 3, 2013, the New York Cosmos returned to the NASL with a sell-out win at Hofstra University's Shuart Stadium, before embarking on a season that would see the Cosmos win the 2013 North American Soccer League Fall Season. The club closed out its inaugural season by winning the 2013 Soccer Bowl with a 1-0 victory against the Atlanta Silverbacks on Nov. 9, 2013 at Atlanta Silverbacks Park, Atlanta, GA. The 2013 championship was the sixth NASL title in the club's history.

The Cosmos also submitted a privately-funded economic development proposal in 2013 to the State of New York to build a world-class 25,000-seat professional soccer stadium at Belmont Park. More information about the proposal and renderings can be found at [www.newcosmosstadium.com](http://www.newcosmosstadium.com).

In February 2011, the NASL received provisional recognition from the United States Soccer Federation as the exclusive second division men's professional league (D-2) and the inaugural season kicked off on the evening of April 9, 2011.
