The LA Galaxy-Columbus Crew SC commemorative match poster is here!

The LA Galaxy have unveiled the commemorative match poster for the team's match against Columbus Crew SC tonight at StubHub Center.

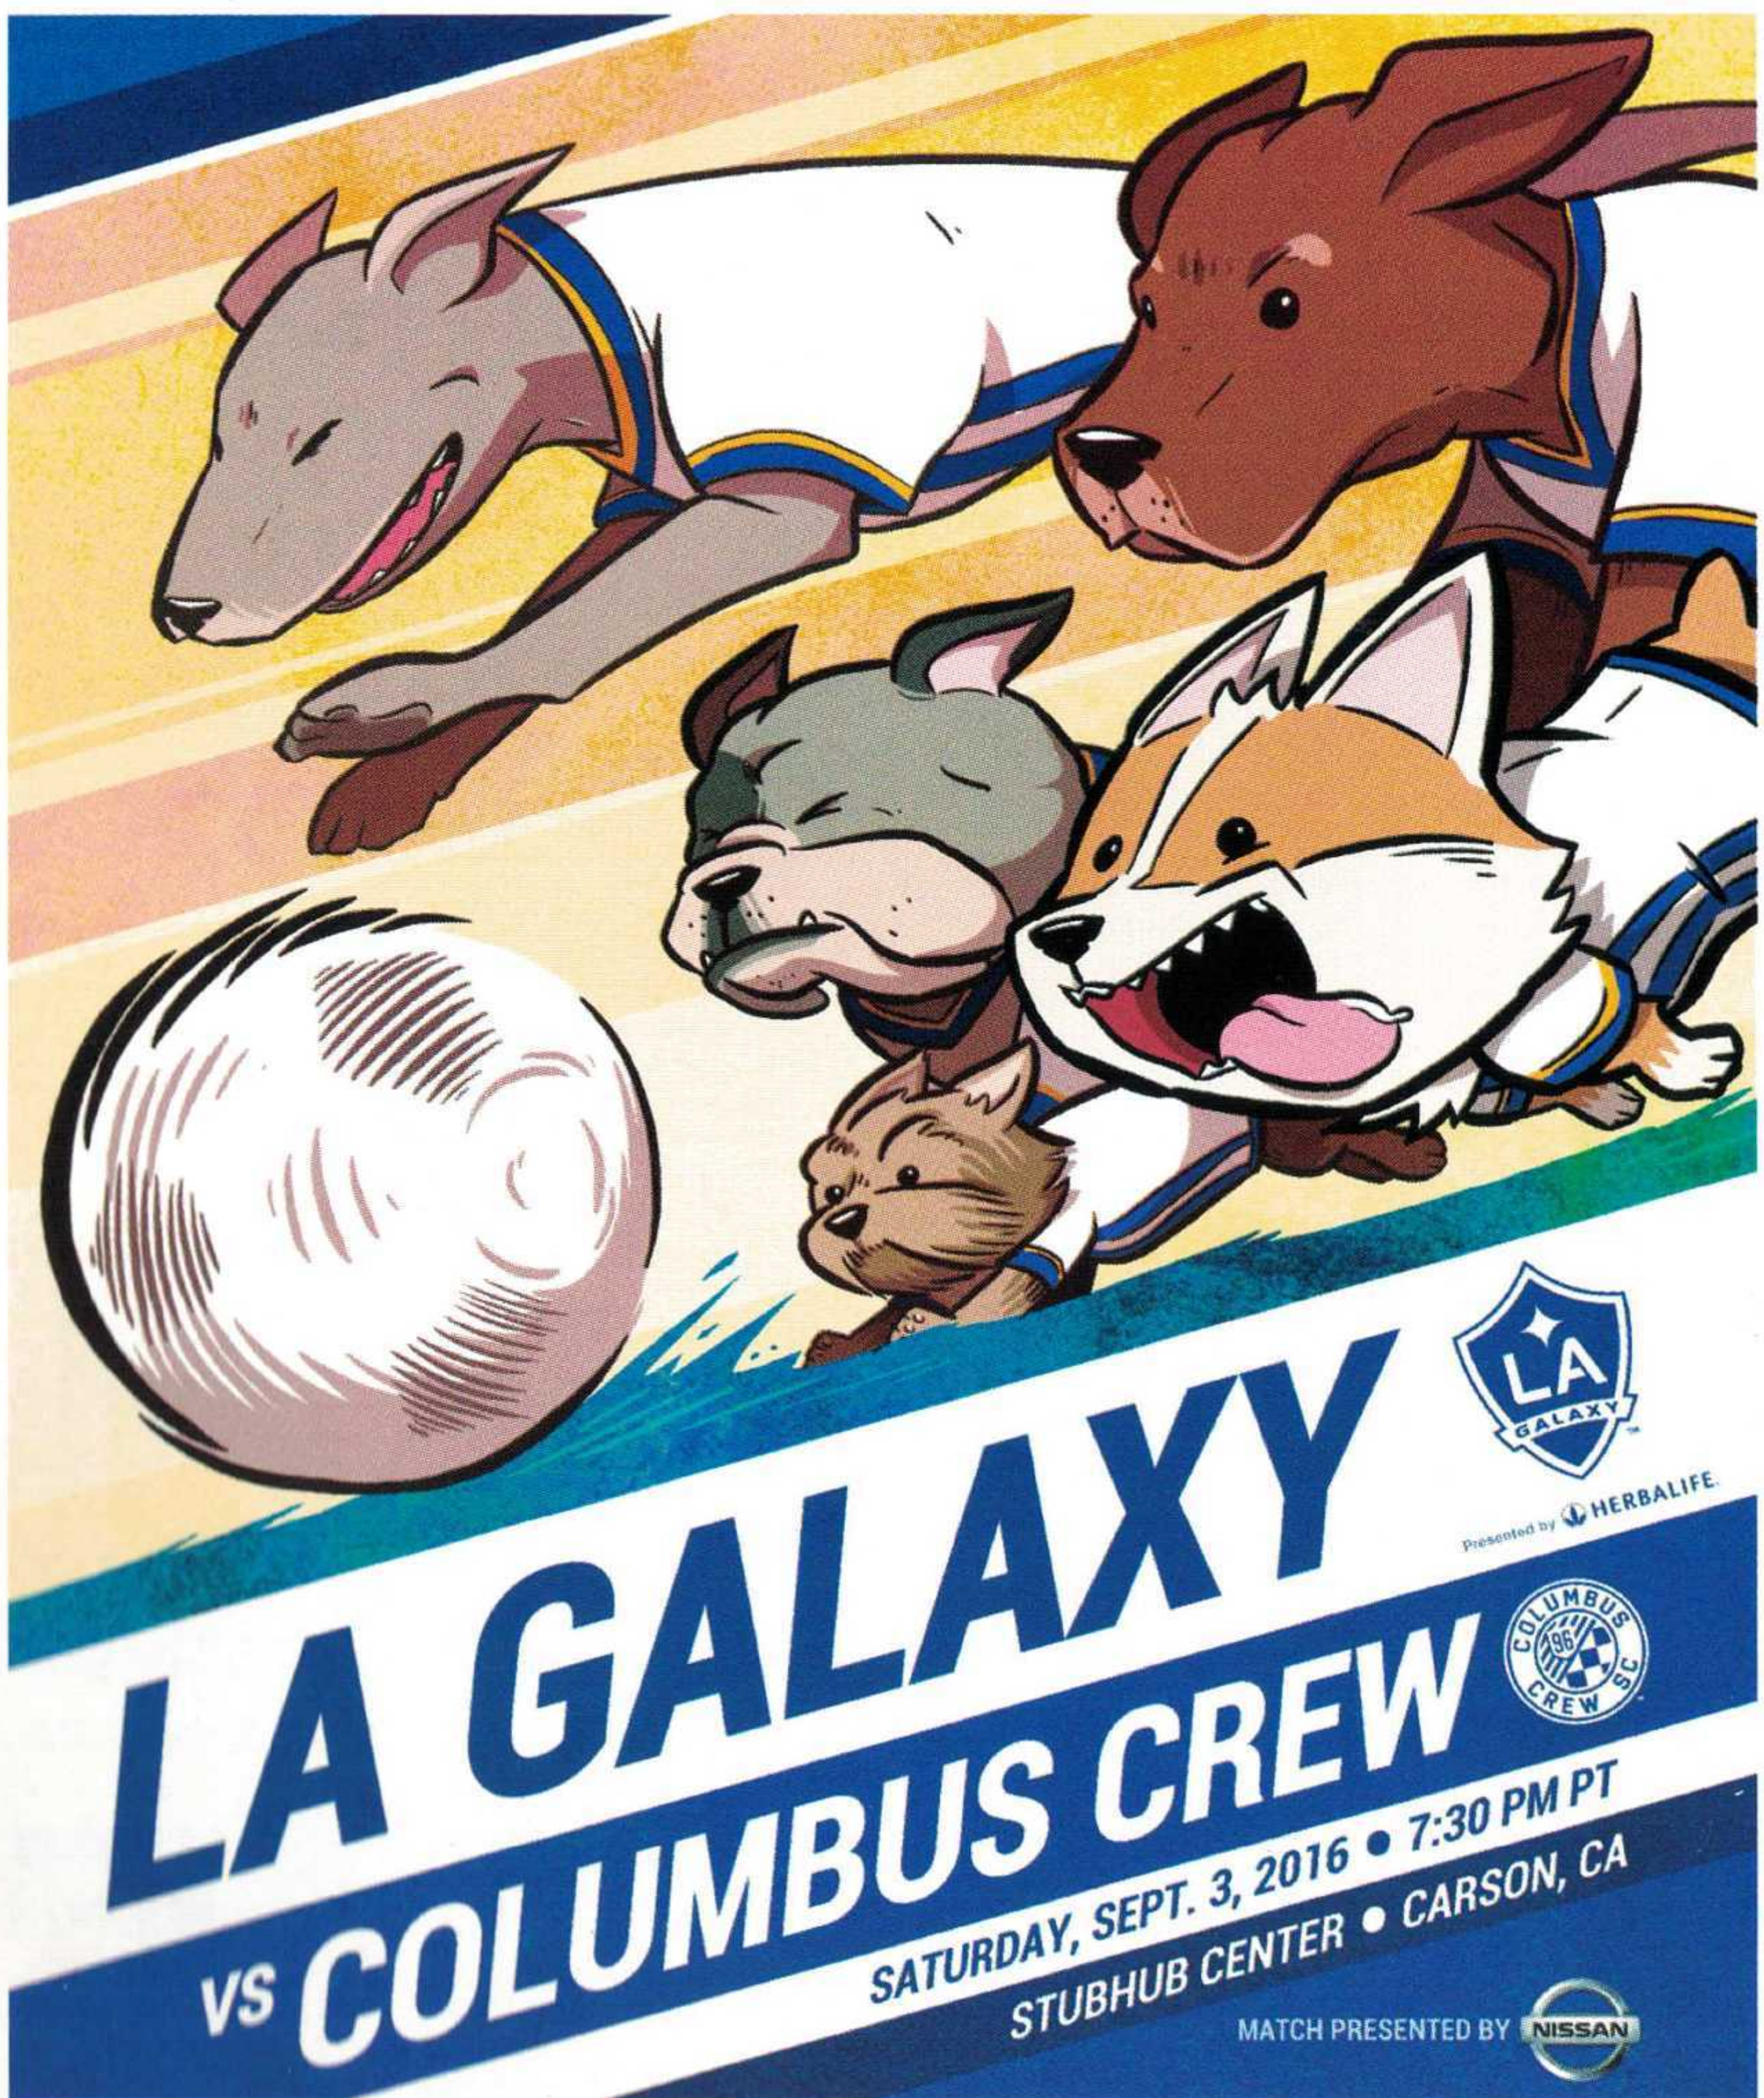

This is the third season of the Galaxy's commemorative match poster series, an initiative in which the Galaxy work with local, national and international artists to design unique posters for each home match, with a limited supply available to benefit the LA Galaxy Foundation.

The LA Galaxy vs. Columbus Crew SC match poster, designed by illustrator and comic book artist Sam Logan, showcases a group of soccer-loving puppies with incredible work rates.

If you like puppies and the Galaxy, then check out LA Galaxy II's "Pups at the Park" Night coming to StubHub Center on Sept. 10.

All of the proceeds from poster sales will go to the LA Galaxy Foundation. All commemorative match posters for the 2016 season will be available for purchase at www.lagalaxy.com/posters.

LA Galaxy Support St. Baldrick's Foundation Fight Against Pediatric Cancer through "Bald is Beautiful"

Visit www.stbaldricks.org/events/LAGalaxy to register and donate to help reach goal of \$10,000

The LA Galaxy are aiding in the fight against pediatric cancer tonight as we participate in *Bald is Beautiful* and invite fans to shave their heads during the match at StubHub Center against the Columbus Crew. The LA Galaxy have set a goal to raise \$10,000 in support of St. Baldrick's Foundation and their mission to fund the most promising childhood cancer research.

Visit www.stbaldricks.org/events/LAGalaxy to donate to St. Baldrick's on behalf of the LA Galaxy. Last week, LA Galaxy President Chris Klein, LA Galaxy II head coach Curt Onalfo and various LA Galaxy II players participate in *Bald is Beautiful* by shaving their heads.

Fans can also register as a *Bald is Beautiful* Shavee at www.stbaldricks.org/events/LAGalaxy during the

Galaxy's match at StubHub Center against the Columbus Crew on Sept. 3. All registered Shavees will participate by shaving their heads during a special event throughout match day. The first 50 participants to register and personally raise \$50 will receive a complimentary ticket for the LA Galaxy-Columbus Crew match.

Fans that aren't registered as an official Shavee can support friends, family or the LA Galaxy by donating to reach their goal. The top-earning Shavee will win a prize from the LA Galaxy Foundation.

Worldwide, a child is diagnosed with cancer every 2 minutes. One in five kids diagnosed in the U.S. will not survive, and of those who survive, two-thirds will suffer long-term effects from the very treatment that saved their life. By participating in this event, the Galaxy will help support the St. Baldrick's Foundation in funding the most promising childhood cancer research to give kids the happy childhoods they deserve.

About the LA Galaxy Foundation

The mission of the Galaxy Foundation is to promote health, wellness, and education for youth from underserved communities through soccer programs. To accomplish these goals, the LAGF installs safe places to play, promotes active lifestyles for healthy futures with community soccer clinics and creates volunteer opportunities for LA Galaxy Staff and players, by partnering with other local non-profit organizations, such as St. Baldrick's Foundation, in order to educate and empower youth within the Los Angeles communities.

About St. Baldrick's Foundation

As the largest private funder of childhood cancer research grants, the St. Baldrick's Foundation believes that kids are special and deserve to be treated that way. St. Baldrick's funds are granted to some of the most brilliant childhood cancer research experts who are working to find cures and better treatments for all childhood cancers. Kids need treatments as unique as they are – and that

starts with funding research just for them. Join us at www.StBaldricks.org to help support the best cancer treatments for kids.

LA Galaxy single game tickets for the 2016 MLS season are available for purchase now. Galaxy fans can go to www.lagalaxy.com/tickets or call 877.3GALAXY (342.5299) for information, purchasing, and special offers.

Heading Down the Stretch Run of the Team's Third Season, the LA Galaxy II Project Beginning to Bear Fruits

The LA Galaxy II project has flourished since its foundation nearly three years ago, and the future remains bright for Los Dos.

Since the establishment of the Galaxy's second team in 2014, head coach Curt Onalfo has led Galaxy II to a 42-25-18 record, a USL championship appearance, while also providing invaluable playing time for Galaxy Academy products, young talent, and returning first team players.

As Los Dos down the stretch run of the 2016 campaign, it's impossible not to be impressed with the project's development.

"It's very early in the process. We've had successes coming from Galaxy II. It's a testament to our environment and our staff, especially Curt Onalfo and his staff. Like most clubs around the world, the identity of your second team is always in question because it serves multiple pieces of your club," club Vice President of soccer operations Pete Vagenas said. "It's serving your first team and the Academy players within your system."

"In the three years, we've learned about ourselves and we continue to narrow the focus, but it's really revolutionized our club and the way we progress our players through the system."

To date, four Galaxy II players (Clement Diop, Daniel Steres, Dave Romney, and Jack McBean) have graduated from Los Dos to earn contracts with the first team. After successful tenures with Galaxy II, all four have made appearances under first team head coach Bruce Arena in 2016, with Steres becoming a fixture in the starting XI this season.

In addition to the four players to move to the first team, Galaxy II originals Alejandro Covarrubias and Lee Nishanian appeared on game day rosters for the first team during their 2016 U.S. Open Cup campaign.

For technical director Jovan Kirovski, who was one of the primary architects of the program, the ability of *Los Dos* graduates to succeed at the MLS level showcases the importance of having a second team.

"These guys are given a place to develop, and the success of Steres is a prime example. You can see the benefits in the first team already. You see players like Steres, Romney, and Diop in the mix with the full team," Kirovski told LAGalaxy.com. "In such a short space of time, these guys have come through and made an impact in our first team."

In addition to developing players for the first team, Galaxy II have shown an ability to remain competitive in the USL's Western Conference despite boasting one of the younger rosters in the league.

After reaching the USL title game last year, Onalfo's squad is once again putting together a strong campaign with a 9-6-9 record this season. Los Dos presently sit in sixth place in the Western Conference with 36 points, seven behind leaders Sacramento Republic, with two games in hand.

Leading the way for Los Dos this season are former Academy stalwarts like Jose Villarreal (active leader in goals scored), Jaime Villarreal (co-leader in assists), Ryo Fujii and Nathan Smith. However, the team hasn't exclusively relied on Academy graduates with players like 2015 MLS SuperDraft selection Josh Turnley currently tied for the team lead in assists.

With the team continuing to progress, Galaxy brass like Kirovski are eager to reap the rewards.

"Imagine down the road five years from now," Kirovski said. "How many more academy kids and how many players that we can develop can make an impact for our first team. It's fantastic."
