ART SAVAGE

Art Savage was a plain-spoken doer who focused on building things up as opposed to tearing them down.

Numerous expressions of tribute have been offered for the Sacramento River Cats owner who died too soon at 58 last November. In truth, it's easy to exaggerate a human legacy.

But Savage is different, because his contributions won't be measured by words, but by concrete deeds accomplished against the fury of Sacramento-style politics.

Everyone loves Raley Field now. It's quickly become a Sacramento landmark, a place where top athletes play championship baseball and families celebrate life.

Savage was bringing professional baseball back to the region after a long absence, but he had to bulldoze through hurdles to do so. He had to beat a lawsuit, construct the stadium, complete its financing, move the team from Vancouver and rebuild it here – all in a matter of months.

"All anyone thinks of is the good stuff now," said Tina Thomas, the lead attorney working with Savage back then. "It was risky and gutsy, but he pulled it off."

By any measure, the River Cats are the best minor league baseball franchise in America. Savage didn't get it done by being a pushover.

"He was a fearsome negotiator," said Mark Friedman, a developer and friend.

When I think of Savage, I think of Little Leaguers in multicolored uniforms filling the lawn seats on a hot summer's day. Or the glorious sight of a late summer sunset against the Tower Bridge. Or a Delta breeze soothing the grandstands under a moonlit sky.

Just days before Savage's death, West Sacramento approved a massive construction project that someday will fill the vacant lots around Raley Field with homes and businesses. An amphitheater will go up, complementing baseball with music.

"Art completed his ballpark before we bought the property to build in West Sacramento," Friedman said. "I don't think we would have bought the property otherwise. (He) showed the way forward."

Though he's no longer with us, summer and children will return each year to the park that Savage built – a legacy beyond words.

MEDIA POLICIES & ACCESS

Media Credentials...will be issued only to legitimate news-gathering sources. No one under 18 years of age will be issued credentials, unless clearance has been given by the River Cats. Credentials are not transferable and should be visible at all times. Any violation of these policies may result in the termination of credentials. The Pacific Coast League office reserves the right to revoke inappropriately issued credentials. Your credential will also serve as your parking pass in the Red Lot.

Autographs...are strictly prohibited. Any credentialed media member who obtains an autograph or equipment from the playing field, clubhouse, or dugout will immediately have their credential terminated. Should the need arise for an autograph, please contact the Media Relations department.

Pregame Home Clubhouse Access...will be available to credentialed media members after home batting practice concludes until one hour prior to game time and by special request. If the River Cats take batting practice in the cage, interviews will be granted during batting practice until one hour prior to game time by request only.

Postgame Home Clubhouse Access...will be available after a 10-minute cooling off period and by request only.

Visitors Clubhouse Access...is available by request only. Please contact the River Cats media relations department for access to the visitors clubhouse.

Field Access...will be available only to properly credentialed media members from three hours before the game until the end of the visiting club's batting practice. At no time is the media permitted in fair territory, and the media must stay towards the home plate side of the first and third base bags.

Working Press Box...is open only to credentialed members of the working media. No cheering or distracting noise is permitted at any time. Live shots and still photography are prohibited from the press box.

Media Parking...media members can park in the Red Lot using their media credential as a parking pass.

Pregame Meal...will be provided in the press box prior to game. For credentialed media members only.

Photographers...must work out of the assigned locations adjacent to the dugouts. All photographers must have credentials, and photographs are to be used for news-gathering purposes or officially licensed products. No freelance photographers will be granted credentials. No photographs taken with a credential can be sold without written consent of the River Cats.

Radio & Television Reports...are defined as non-play-by-play reporting by non-rights holders of scored and game highlights, including scene setters, game in-progress updates, and postgame summaries. Reports must be limited to 60 seconds in length, and no more than one report per inning may be filed to each media outlet. Radio and television reporters/stringers must notify the River Cats of their plans to do live reports at the time credentials are requested. Television reporters may file live reports from the field up until game time. Live television reports by non-rights holders are prohibited while the rights holder is on the air or while the game is in progress. Live television reports to air during regularly scheduled news programming are permitted. These in-game reports may not show the game in progress.

PACE OF GAME REGULATIONS

The procedures described herein are designed to improve the “pace” at which games are played. On-field timers will be used to measure compliance with these Regulations. There shall be one timer in the outfield, and two timers behind home plate between the dugouts.

A. Inning Breaks and Pitching Changes. Following an inning break or pitching change, the batter must enter the batter’s box at a time certain, and the pitcher must throw a pitch at a time certain, described below:

(1) Time of Break. The timer will count down from 2:25, as follows:

<u>Time Remaining</u>	<u>Activity</u>
35 seconds	Last warm-up pitch shall be thrown
25 seconds	All stadium PA announcements shall end PA shall announce the batter Batter walk-up music shall stop
20 seconds	On-field entertainment complete on and off the field
20 seconds-5 seconds	Batter must be in the box alert to the pitcher Motion for first pitch may begin once batter is in the box and alert to the pitcher
20 seconds-0 seconds	Deadline for pitcher to begin motion for first pitch

In order to ensure the prompt resumption of play, it is important for Clubs to ensure that all entertainment has been completed, including all loudspeaker or microphone announcements or presentations, by the time the timer reaches 20 seconds. In addition, all on-field entertainment personnel must be completely off the field, and all field-entry gates closed and secured, by this time. Nothing contained herein is intended to interfere with the ability of the Club to play rally music or other sound effects that would otherwise be played during the course of a game.

As described above, the batter shall enter the box and become alert to the pitcher when the timer reaches 20 seconds. The pitcher shall begin his motion for the first pitch as soon as the batter steps into the box and is alert to the pitcher. If the batter is not in the box alert to the pitcher with 5 seconds remaining, it will be considered a violation by the batter. If the pitcher begins his motion for the 1st pitch after the timer reaches “0”, it will be considered a violation by the pitcher.

(2) Warm-Up Pitches. The pitcher may take as many or few warm-up pitches as he desires prior to the inning, but shall begin his motion to deliver his final warm-up pitch at least 35 seconds prior to the end of an inning break or pitching change. Pitchers will not be guaranteed eight warm-up pitches. The umpire shall stop the pitcher from throwing warm-up pitches at that time unless the umpire determines that an exception (as described below) applies. If the final warm-up pitch is not delivered prior to the timer reaching 45 seconds, umpires will inform the pitcher that one pitch is remaining.

(3) Between Inning Exceptions. The umpire may, at his discretion, determine that special circumstances warrant for the timer to be turned off with his signal. In such circumstances, the umpire may permit the pitcher to use extra time to throw warm-up pitches, the batter may not be required to enter the batter’s box at the stated time, and the pitcher may not be required to begin his motion prior to the timer reaching “0”. Circumstances under which the umpire may turn off the timer include (but are not limited to):

- (a) There is a delay in normal warm-up activities during the inning break due to no fault of the players (e.g., injury or other medical emergency, equipment issues, playing field or grounds crew issues, etc.);

PACE OF GAME REGULATIONS

(b) The umpire believes the pitcher or batter is at a legitimate risk of injury if he does not receive additional time to throw warm-up pitches or enter the batter's box;

(c) When a pitcher or catcher finishes an inning on base or at bat; and

(d) Any other special circumstances which allow the pitcher to throw after the deadline.

(4) Walk-up Music/In-Stadium Promotions. Walk-up music and in-stadium entertainment shall be coordinated as described in Paragraph A(1) above. The League Offices will monitor the playing of walk-up music and will discipline Clubs that play walk-up music after these times. The maximum amount of time the music can be played for at bats within an inning will be 15 seconds.

(5) Start of Timer. The timer shall start on the last out of an inning for an inning break. The pitching change timer shall begin as soon as the relief pitcher crosses the warning track (or foul line for on-field bullpens) to enter the game. The pitcher should stop throwing warm-up pitches and immediately leave the bullpen when signaled by the umpire. In the case of a pitching change that occurs during an inning break, the timer shall reset if previously started as soon as the relief pitcher crosses the warning track (or foul line for on-field bullpens). The umpire shall have the authority to signal a reset of the timer at his discretion. For inning breaks during which God Bless America or any patriotic song is played in which all action in the ballpark stops (similar to the National Anthem), the timer will begin at the conclusion of the song. The League President may approve an extension to the inning break for other events; provided, however, that the timer must start in accordance with these Regulations and the duration of such break shall not exceed 2:45.

(6) Delivery of Pitch. The pitcher shall be deemed to satisfy the timing requirement if the pitcher begins his windup or begins his motion to come set prior to the timer reaching "0".

(7) Enforcement. The following inning break, pitching change, and 20-second pitch time penalties shall apply:

(a) Batters are expected to enter the batter's box with 20 sec remaining. The batter should make every reasonable effort to enter the box with 20 sec. remaining, and should not delay entry to gain an advantage. If the batter does not enter the box and become alert to the pitcher with 5 or more sec. remaining, the batter will be adjudged to have violated the rule and an automatic "strike" shall be called by the umpire.

(b) Pitchers are expected to begin the motion to deliver the pitch as soon as the batter enters the box and becomes alert to the pitcher. If the pitcher does not begin his motion to deliver the pitch (or become set) prior to the timer reaching "0", the pitcher will be adjudged to have violated the rule and an automatic "ball" shall be called.

(c) All violations of these Regulations caused by accommodating a between-inning promotional activity shall be reported by the umpire crew chief to the League President, who shall determine whether the home Club should be disciplined.

(d) After each game the FTC shall report any violations of these Regulations to the League Office and Major and Minor League Baseball.

B. 20-Second Pitch Timer

(1) A pitcher shall be allowed 20 seconds to throw each pitch. The pitcher does not necessarily have to release the ball within 20 seconds. Instead, the pitcher must begin his windup motion or otherwise begin the motion to come set in order to comply with the 20-second rule.

PACE OF GAME REGULATIONS

(2) During each at bat, the batter shall comply with the Batter's Box Rule (Official Baseball Rule 5.04(b)). If the batter intentionally leaves the batter's box and delays play, and none of the exceptions listed in the Rule apply, the umpire shall issue a warning to the batter for the first violation of the Rule in a game. For a batter's subsequent violations of the Rule in a game, the umpire shall award a strike without the pitcher delivering the pitch. The ball is dead, and no runners may advance. The umpire shall award additional strikes, without the pitcher having to deliver the pitch, if the batter remains outside the batter's box and further delays play. The umpire shall give the batter a reasonable opportunity to take his proper position in the batter's box after the umpire has called a "strike" and before the umpire calls a successive strike.

(3) Start of Timer. The timer shall start under the following circumstances:

(a) For the first pitch of an at-bat the timer shall start when the pitcher has possession of the ball in the dirt circle surrounding the pitcher's rubber, the catcher is in the catcher's box and the batter is in the dirt circle surrounding home plate unless the ball has become dead following the previous at bat, in which case, the timer shall start after the following pitch. Please note that the timing of the first pitch of an at-bat immediately following an inning break or pitching change (Paragraph A above)

(b) After each pitch of an at-bat in which the ball remains alive and in play, the timer shall start when the pitcher has possession of the ball in the dirt circle surrounding the pitcher's rubber and the catcher is in the catcher's box. If the pitcher feints a pick off or steps off the rubber with runners on base, the timer shall reset, start immediately.

(c) Following any event (e.g., pick-off play, wild pitch or passed ball) in which the ball remains alive and the batter remains at bat, the timer shall start when the pitcher has possession of the ball in the dirt circle surrounding the pitcher's rubber and the catcher is in the catcher's box.

(d) Following an umpire's call of "time" or if the ball becomes dead, the timer shall stop (blank screen) and start again after the following pitch.

(4) Stop of Timer. The timer shall stop under the following circumstances:

(a) The pitcher begins his windup motion or begins the motion to come set;

(b) The pitcher makes a pickoff attempt at any base;

(c) The pitcher feints a pickoff attempt or steps off of the rubber with runners on base (in which case the timer shall reset and start again immediately);

(d) The catcher leaves the catcher's box to give defensive signals or to confer with the pitcher (in which case the timer shall stop (blank) and start again after the next pitch);

(e) The umpire calls "time". If the operator does not start the timer at the appropriate time, the umpire shall call "time" and signal to the operator to reset the timer and start again immediately.

C. 30-Second Mound Visit Timer

(1) The timer shall operate during mound visits initiated by a manager or coach. The timer will be set at 30 sec. and will begin counting down when the manager or coach crosses the foul line.

(2) Unless the manager or coach signals for a pitching change, he must leave the mound when (or before) the timer reaches "0" seconds.

PACE OF GAME REGULATIONS

- (3) If the manager or coach has not left the mound or signaled for a pitching change by the time that the timer reaches "0" seconds, the home plate umpire shall break up the mound visit and direct the manager or coach to return to his dugout or signal for a pitching change.
- (4) The home plate umpire has discretion to grant a brief window of additional time to a manager or coach whose trip to the mound was slowed by a bona fide physical ailment or other special circumstance (e.g., medical condition, player requiring a translator). In addition, the timer shall not operate when a doctor or trainer joins the manager to evaluate a bonafide medical issue.
- (5) In the case where a manager or coach signals for a pitching change, the timer will stop, the procedures for measuring the pitching change break will begin, and the manager or coach may remain on the mound for the duration of the change.
- (6) The timer shall stop (blank screen) when the manager or coach leaves the dirt circle surrounding the pitcher's rubber concluding his visit to the mound. (See OBR 5.10(l))

D. Miscellaneous Pace of Game Procedures

- (1) Should the outfield timer or both home plate timers fail, all timers should be turned off and the base umpire should keep time with a stopwatch without applying any of the penalties described herein. Provided that the outfield timer and one of the home plate timers are functional, time shall be kept for the game. Should the timers be repaired during the game, the use of the timer will continue at the beginning of the next full inning.
- (2) Application of the timing rules contained herein may not be protested.
- (3) Public address announcers may not announce a pinch hitter until signaled, but umpires have been instructed to be alert for lead-off pinch hitters in the on-deck circle.
- (4) Umpires must arrive at home plate for the ground-rules discussion early enough to start the game at the appointed time.
- (5) Whenever possible, pinch hitters should warm up prior to going to the ondeck circle. If possible, the pinch hitter should be in the on-deck circle while the preceding hitter is at bat.
- (6) Each Club must have a backup catcher available between half-innings to warm up the pitcher if the game catcher has not finished putting on equipment when the pitcher is ready to warm-up.
- (7) Batboys must have a second bat readily available in the event a hitter breaks a bat, or has his bat go into the stands during play. The bat must be dressed and ready for game use.
- (8) Between-inning entertainment must conclude and participants must leave the field with no fewer than 20 seconds remaining in the inning break. Before the season begins, each Club should ensure that it has carefully timed all between-innings entertainment pieces, including any on-field races or contests, so that they end no later than 20 sec remaining in the inning break.
- (9) After an out is recorded with no one on base, the public address announcement introducing the next batter should be made not later than when the ball reaches an infielder as it is being thrown around to the pitcher. Any music clip used to introduce a batter should start immediately after the public address announcement and should stop when the batter reaches the dirt cut-out surrounding home plate. Music clips between pitches should be limited in order not to encourage the hitter to leave the batter's box.
- (10) The League President will ensure that these Regulations are distributed to each Club's scoreboard operators and public address announcers.

GENERAL INFORMATION

PCL Suspended Game Rule:

1. Any regular season game that is called off before it becomes a regulation game shall become a suspended game.
2. If a game is called off at any point with the score tied, it shall become a suspended game.
3. If a game is called off because of light failure, darkness or mechanical malfunction, it shall become a suspended game at any time after it starts.
4. If a game is called off because of a curfew or time limit, it shall become a suspended game at any time after it starts.
5. If a regulation game is called off because of weather during an incomplete inning, it shall become a suspended game if during the incomplete inning the visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.
6. In accordance with Official Rule 4.12 (c), such a suspended game must be resumed and completed from the exact point of suspension as follows:
 - a. Immediately preceding the next scheduled single game between the two clubs on the same grounds; or
 - b. Immediately preceding the next scheduled doubleheader between the two clubs on the same grounds if no single game remains on the schedule; or
 - c. If the game was suspended on the last scheduled date between the two clubs in that city, transferred and played on the grounds of the opposing club:
 - i. Immediately preceding the next scheduled single game, or
 - ii. Immediately preceding the next scheduled doubleheader between the two clubs if no single game remains on the schedule.
7. If the suspended game was called off before it had become a regulation game, the regular game following the completion of the suspended game shall be a seven-inning game.
8. If the suspended game was called off after it had become a regulation game, the regular game following the completion of the suspended game shall be a nine-inning game.
9. The optional suspended game rule does not apply to games that are rained out after they have become a regulation game [unless the score is tied when the game is called off or unless Official Rule 4.12(a)(5)(ii) applies]. For example, if a game is rained out during the sixth inning, it is an "official" game, and the final score would be the score at the time the game was called off unless:
 - a. The score was tied, in which case it would become a suspended game under Paragraph #2 above; or
 - b. The game falls under Official Rule 4.12(a)(5)(ii), in which case it would become a suspended game under Paragraph #5 above.
10. If a suspended game has not been completed prior to the last scheduled game between two clubs during the championship season, it shall become a called game.
11. The optional suspended game rule shall not be in effect:
 - a. During the last scheduled game between the two clubs during the championship season; or
 - b. During league playoffs.
12. Under these regulations as well as under the Official Rules, there is no provision whatsoever regarding "reverting back to the last completed inning" when a game is called off.
