## CHARLES B. WANG

OWNER & GOVERNOR

Charles B. Wang (pronounced WONG) is an entrepreneur, visionary, author and philanthropist. As founder of Computer Associates International, Inc. (now CA, Inc.), Mr. Wang became known as one of the most successful leaders in the technology field over the past three decades.

Technology has not only been the basis of Mr. Wang's business but also played an integral role in the success of his professional ventures. His two books, *Technovision* (1994) and *Technovision II* (1997), became leading guides for business leaders seeking to parallel their organizational and technology goals. He continued his commitment to technological advancement and has been instrumental in the development and growth of several technology companies in the United States and China, such as KyLinTV, Inc. and NeuLion, Inc. After NeuLion's merger with JumpTV, Inc. (TSX: JTV) in October 2008, Mr. Wang became the Chairman of the combined company, the leading provider of Internet Protocol Television solutions.

In 2000, Mr. Wang expanded his interests into the field of professional sports by purchasing the New York Islanders of the National Hockey League. His subsequent purchase of the Bridgeport Sound Tigers, the Islanders' minor league affiliate, allowed Wang to begin revitalizing the once legendary hockey organization. His effort to rejuvenate the Islanders brought to light the need for not only a transformation of their home arena but a destination for Long Island's commerce and development.

Mr. Wang founded and became a principal developer of the visionary Lighthouse at Long Island project in 2003. This next generation, mixed-use development will pioneer the forefront of new suburbia, with the use of green, smart growth initiatives. It is anchored by a state-of-the-art home arena for the Islanders and includes an athletic complex, as well as residential, office, Five-Star Hotel and retail space. Founded in 2005, Mr. Wang's real estate firm, Renaissance Property Associates, has become a pioneer in a regionally strategic approach to building developments.

His success in the business world has allowed Mr. Wang to support many important charitable foundations. Among those is the expansion of the Charles B. Wang Community Health Center in New York City, which offers primary care, women's health, pediatrics, dental, health education and mental health services to the Chinatown and Flushing communities. Mr. Wang made a contribution to the National Center for Missing and Exploited Children (NCMEC) to establish the Charles B. Wang International Children's Building, which serves as the organization's headquarters in Alexandria, Virginia. Mr. Wang's gift of more than \$50 million to Stony Brook University to construct the Charles B. Wang Center was the largest private gift in the history of the State University of New York. The Center celebrates Asian and American cultures. In addition, Mr. Wang's donation to Soochow University in Suzhou, China, established a new building to house the University's law school. In 2000, the University's law school was renamed The Kenneth Wang School of Law in honor of Mr. Wang's late father, who was a graduate of the University and law school.

Of all his philanthropic ventures, the one project that is most rewarding to Mr. Wang is the Smile Train. The Smile Train provides free surgery to children in underdeveloped countries around the world who suffer from cleft lip and palate. Mr. Wang is a founding member, Chairman of the Board and a leading force behind the Smile Train. Through his efforts, Smile Train has become the leader in the eradication of cleft lip and palate in third world countries where over 4.7 million children are affected and has provided free surgeries for more than 500,000 children in the last 10 years. The Smile Train's efforts are documented in the film, *Smile Pinki* which was the 2008 Academy Award Winner in the category of Best Documentary Short.

Charles B. Wang was born in Shanghai, China and moved to the United States with his family in 1952 at the age of eight. He earned a Bachelor of Science degree in Mathematics from Queens College. He resides on Long Island with his family.

### BILLY JAFFE - ANALYST

Billy Jaffe enters his fourth season with MSG-Plus as the Islanders analyst and won the 2008 New York Sports Emmy for On-Camera Sports Analyst. Jaffe also covers hockey games for Versus and NHL Radio. Prior to his move to New York, Jaffe spent six years as the analyst for the Atlanta Thrashers on both television and radio.

Jaffe began his broadcasting career in 1998 providing analysis on Chicago Blackhawks radio broadcasts for the pre and post-game shows. Prior to his tenure in Atlanta, Jaffe spent the 1999-2000 season as the radio and television analyst for the Chicago Wolves of the AHL and was the lead analyst for FSN Detroit's "CCHA Game of the Week."

Jaffe has been a part of several award winning broadcasts including two Southern Regional Emmys winners with Atlanta's television telecast along with being a part of Fox Sports Net's Emmy Award broadcast of the Cold War game between the University of Michigan and Michigan State.

As a player, Jaffe served as Team USA's captain on the silver medal-winning squad at the 1997 World Maccabiah Games in Israel. He played collegiate hockey for the University of Michigan from 1987-89 and then worked as an on-ice official for the CCHA from 1989-1993.

A Chicago native, Jaffe resides on Long Island with his wife Victoria and their daughter Julia.

**GAME-WINNING GOAL:** After the final score has been determined, the goal which leaves the winning Club one goal ahead of its opponent is the game-winning goal.

**GOALS-AGAINST AVERAGE:** Multiply goals allowed (GA) by 60 and divide by minutes played (MINS).

**PENALTY-KILLING PERCENTAGE:** Subtract total number of power-play goals allowed from total number of shorthanded situations to get total number of powerplays killed. Divide the total number of powerplays killed by the total number of shorthanded situations.

**PLUS-MINUS RATING:** A player receives a "plus" if he is on the ice when his Club scores an even-strength or shorthand goal. He receives a "minus" if he is on the ice for an even-strength or shorthand goal scored by the opposing Club. The difference in these numbers is considered the player's plus-minus statistic.

**POWER PLAY GOAL:** A goal scored by a Club while it has a manpower advantage due to an opponent's penalty. Following are some examples of what is and is not considered a powerplay goal:

- If a Club has an advantage on a minor penalty starting at 2:02 of the period and it scores at 4:02, the goal is not a powerplay goal.
- If a Club scores on a delayed penalty, the goal is not a powerplay goal.
- If a Club has an advantage due to a five-minute major or match penalty, that Club is always credited with having one more advantage than the number of power play goals it scores during that advantage, because the penalty does not expire. A new advantage begins after each power play goal. For example, if Team A scores three goals during a major penalty, it is credited with four advantages.
- If a Club is on a power play for any length of time, it's considered to have an advantage.
- If a minor penalty is incurred by a Club on a power play due to a major penalty, a new advantage is given to that Club when its minor penalty expires, provided the opponent's major penalty is still in effect.

**POWER PLAY PERCENTAGE:** Total number of power play goals divided by total number of powerplay opportunities.

**SAVE PERCENTAGE:** Subtract goals allowed (GA) from shots against (SA) to determine saves. Then divide saves by shots-against.

**SHOOTING PERCENTAGE:** Divide the number of goals scored by the number of shots taken.

**SHORTHAND GOAL:** A goal scored by a Club while it is at a manpower disadvantage. The same cases apply for shorthand as for power play goals, but in the opposite manner.

**SHOT ON GOAL:** If a player shoots the puck with the intention of scoring and if that shot would have gone in the net had the goaltender not stopped it, the shot is recorded as a "shot on goal".

**SHUTOUT:** If two goaltenders combine for a shutout, neither receives credit for the shutout. Instead it is recorded as a Club shutout.

**\*\* NOTE:** No individual skater/goaltender statistics apply for the shootout. \*\*

## ORDER OF SELECTION FOR 2009 ENTRY DRAFT

The NHL's annual Draft Drawing is a weighted lottery system to determine the order of selection for the first 14 picks of the 2009 Entry Draft.

The 14 teams that did not qualify for the Stanley Cup Playoffs, or clubs that acquired those clubs' 2009 first-round draft picks, participate in the Drawing.

The Club selected in the drawing may not move up more than four positions in the draft order, thus only the five Clubs with the fewest regular-season points had the opportunity to receive the first overall selection.

No Club can move down more than one position as a result of the Draft Drawing.

In the first round of the 2009 Entry Draft, the order of selection is as follows:

- a) The first 14 selections, as determined by the Draft Drawing (see above);
- b) Clubs eliminated in the first two rounds of the '09 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;
- c) Regular-season division winning clubs eliminated in the first two rounds of the '09 Playoffs, in inverse order of points;
- d) Clubs eliminated in the '09 Conference Finals, in inverse order of points;
- e) Stanley Cup Finalist
- f) Stanley Cup champion

In the second and subsequent rounds the order of selection is as follows:

- a) Non-playoff clubs in inverse order of points;
- b) Clubs eliminated in the first two rounds of the '09 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;
- c) Regular-season division winning clubs eliminated in the first two rounds of the '09 Stanley Cup Playoffs, in inverse order of points;
- d) Clubs eliminated in the '09 Conference Finals, in inverse order of points;
- e) Stanley Cup Finalist
- f) Stanley Cup champion

## ELIGIBILITY FOR CLAIM

- a) All Players age 18 or older are eligible for claim in the Entry Draft, except:
  - i. a Player on the Reserve List of a Club, other than as a try-out;
  - ii. a Player who has been claimed in two prior Entry Drafts;
  - iii. a Player who previously played in the League and became a Free Agent pursuant to this Agreement;
  - iv. a Player age 21 or older who: (A) has not been selected in a previous Entry Draft and (B) played hockey for at least one season in North America when he was age 18, 19, or 20 and shall be eligible to enter the League as an Unrestricted Free Agent pursuant to Article 10.1(d); and
  - v. a Player age 22 or older who has not been selected in a previous Entry Draft and shall be eligible to enter the League as an Unrestricted Free Agent pursuant to Article 10.1(d).

## UNSIGNED DRAFT CHOICES

a) A player aged 18 or 19 who was selected in the first three rounds of the Entry Draft and who was not signed by his NHL Club may not be retained by the Club and must be returned to his junior Club no later than the day prior to the opening of the NHL regular season.

b) A player aged 18 or 19 who was selected in the fourth or subsequent rounds who has not been signed by his NHL Club may not be retained by his Club and must be returned to his junior Club no later than the fourth day prior to the opening of the NHL regular season.

## ENTRY LEVEL PLAYERS

1. Players 18 through 21 years of age when signing their first contract must remain in the entry-level system for a period of three years; players age 22 and 23 when signing their first contract are in the entry level system for two years; while those age 24 when first under contract are in the entry level system for one year. Age is defined as the player's age on September 15 of the calendar year in which he signs the contract, regardless of his actual age on the date he signs such contract.

2. In the event that a signed 18 or 19-year-old player does not play a minimum of 10 NHL games (regular season and/or playoffs) in his first season under contract, the term of his player contract and his number of years in the entry level system will be extended for a period of one year. The exception to this is a 19-year-old player who turns 20 years of age between September 16 and December 31 in his first contract year.

3. In the event that a player signs his first contract at age 18 and has had his Player Contract extended for one season already, and such player does not play at least 10 NHL games (regular season and/or playoffs) in the second season under that player's Player Contract, then the term of his Player Contract and his number of years in the Entry Level System shall be extended for one additional year.

## 23-MAN ROSTER

There may be a maximum of 23 players on each Club's playing roster at any one time from the commencement of the NHL regular season through the trade deadline. Prior to the start of the season, each Club must submit to the NHL its "Opening Day Playing Roster" which shall be comprised of not more than 23 players. Each Club must have a roster of at least 20 players, composed of 18 skaters and two goaltenders. Players on Injured Reserve do not count in the 23-Man Roster limit.

## TIE-BREAKING PROCEDURES

At the conclusion of the regular season, the standing of the teams in each Conference shall be determined in accordance with the following priorities in the order listed:

- a) First place in each of the three (3) divisions seeded 1, 2, and 3.
- b) The higher number of points earned by the Club.
- c) The greater number of games won by the Club.
- d) The higher number of points earned in games against each other among two (2) or more Clubs having equal standing under priority (b) and (c) \*\*
- e) The greater differential between goals scored for and against by Clubs having equal standing under priority (d).

\*\* NOTE: For the purpose of determining standing under priority (d) for two or more tied Clubs that have not played an even number of games with one or more of the other tied Clubs, the first game played in the city that has the extra game (the "odd game") shall not be included. When more than two Clubs are tied, the percentage of available points earned in games among each other (and not including any "odd games") shall be used to determine standing.

## REGULAR SEASON WAIVERS

For purposes of Regular Waivers and Re-Entry Waivers, the five (5) year exemption for an 18 year old skater and the four (4) year exemption for a 19 year old skater shall both be reduced to three (3) years commencing the first season that the 18 or 19 year old skater plays in eleven (11) NHL Games or more. The next two (2) seasons, regardless of whether the skater plays any NHL Games in either season, shall count as the second and third years toward satisfying the exemption. For purposes of Regular Waivers and Re-Entry Waivers, the six (6) year exemption for an 18 year old goalie and the five (5) year exemption for a 19 year old goalie shall both be reduced to four (4) years commencing the first season that the 18 or 19 year old goalie plays in eleven (11) NHL Games or more. The next three (3) seasons, regardless of whether the goalie plays any NHL Games in any of those three (3) seasons, shall count as the next three (3) years toward satisfying the exemption.

The first season in which a Player who is age 20 or older plays in one (1) or more Professional Games shall constitute the first year for calculating the number of years he is exempt from Regular Waivers and Re-Entry Waivers.

A Player 25 years old or older who plays in one (1) or more Professional Games in any season shall be exempt from Regular Waivers and Re-Entry Waivers for the remainder of that season.

## INJURED RESERVE LIST

In the event that a player is injured and a Club wishes to place him on the Injured Reserve List, the Club must follow these procedures.

1. A Club may place a player on the injured reserve list if such player is injured, disabled or ill and unable to perform his duties as a hockey player after having passed the Club's initial physical examination in that season.
2. A player who has an injury that renders him physically unable to play for a minimum of seven days after that date of the injury can be placed on the Club's Injured Reserve List. Once a player is placed on the injured reserve, the Club may replace said player on its NHL roster with another player. All determinations that a player has suffered an injury warranting injured reserve status must be made by the Club's medical staff and in accordance with the Club's medical standards.
3. A player placed on Injured Reserve is ineligible to compete in NHL games for a period of not less than seven days from the date of injury.
4. Players on Injured Reserve may attend Club meetings and meals, travel with the Club and participate in practice sessions.
5. Players on Injured Reserve are prohibited from appearing in games, participating in pre-game warm-ups with their Clubs, or dressing in game uniforms on game days.
