## ***METLIFE STADIUM***

On August 23, 2011, the home of the New York Jets became MetLife Stadium. The insurance company was the first of the four cornerstone partners in the new stadium, which opened in the spring of 2010. MetLife Stadium is one of the highest-profile stadiums in the country with more than 2 million fans attending events every year and it will host Super Bowl XLVIII in February 2014.

From the lighting and LED signage to the massive video boards to the plaza and tailgating options, the stadium bleeds green on Jets gamedays. Travelling to the home of the Jets is quick and easy with three times the number of roadways and a rail stop just outside the stadium.

Once at MetLife Stadium, fans have many options for entertainment and tailgating before the game. The ESPN New York - 98.7FM pregame radio show broadcasts live from the west plaza area. Fans can enjoy activities for kids and a vast array of food and beverage. Also, fans can find the latest gear at the team's 10,000 square foot flagship plaza store. MetLife and the cornerstone partners – Bud Light, Pepsi, EMC/SAP and Verizon – are integrated into the game experience with ample space to engage and entertain fans.

Inside there is more food variety and concessions stands all adding up to a “Home Food Advantage” for fans. The intimate seating bowl, uncompromised sightlines, cutting-edge video boards, LED signage and state-of-the-art sound system all enhance the game-watching experience.

One of the biggest upgrades in MetLife Stadium is the availability of club seats. There are four clubs – Toyota Coaches, MetLife 50, Chase and Lexus – that offer access to VIP reserved parking, a private club entrance as well as a host of other amenities and benefits.

# ***ATLANTIC HEALTH JETS TRAINING CENTER***

The Atlantic Health Jets Training Center in Florham Park, N.J. is the headquarters of the New York Jets. The team moved into the facility with a formal ribbon-cutting ceremony on September 2, 2008. Located at One Jets Drive, this 224,000 square-foot complex is surrounded by nearly 100 acres of open space and provides players, coaches and staff of the Jets with a state-of-the-art learning, practice and working environment. The facility is a short drive to MetLife Stadium, Newark Liberty International Airport and Morristown Medical Center.

Woody Johnson hired world-renowned architecture firm, Skidmore Owings + Merrill and outlined three key objectives in the design of the training facility. First, as the first true corporate headquarters for the team, the new training center needed to represent the beginning of a new era for the Jets. Previously, the Jets business and football operations were located in separate multi-tenant buildings more than 30 miles apart. The Atlantic Health Jets Training Center is a modern, glass and steel building that seamlessly combines the operations of football and business departments. Serving as the home base for the entire Jets organization, it is equipped with open-concept workstations and state-of-the-art technology to create an efficient and friendly work environment. The training center was a major contributing factor in the team being named one of Inc. Magazine's Top Small Company Workplaces in 2010. An outdoor terrace, which overlooks the practice fields, provides a business entertainment area for both the team and its corporate partners.

Second, the training and medical facilities had to be state-of-the-art, combining the latest advances in rehabilitation pools, high-performance equipment and nutrition. The complex has five full-size football fields; three natural grass, one Sportex synthetic turf field outdoors, and another in the Field House, each with a permanent scoreboard. The goalposts on two of the natural grass fields can be repositioned 90 degrees in order to minimize wear on the grass. Inside the complex, the first floor is dedicated to one-hundred yards of football along the "Players Gallery", consisting of a life-size super-panoramic photo of cheering Jets fans that serves as a daily reminder

# ***ATLANTIC HEALTH JETS TRAINING CENTER***

## **ATLANTIC HEALTH JETS TRAINING CENTER HIGHLIGHTS**

- 224,000 square-foot facility on a 27-acre campus
- Five full-length fields
- Permanent scoreboards for each field
- More than 75 miles of data cabling
- 5,500 square-foot locker room
- 11,00 square-foot weight room
- 10 state-of-the-art classrooms
- 60 large-screen TV monitors
- The Players Gallery, consisting of a life-size photo of cheering Jets fans, spans the building's main corridor

of the tremendous support the Jets receive from our faithful fans. In addition, the first level features a 5,500-square-foot locker room, an 11,000-square-foot weight room, and a 10,000 square foot cafeteria.

Third, the training center needed to be a “graduate school for football.” Players and coaches actually spend more time in the classrooms than on the football fields themselves. To that end, there is more than 25,000 square feet of space dedicated to classrooms and instruction space – including 10 classrooms and two individual study rooms for video study. The classroom atrium is located at just steps from the practice fields, with direct access to either the indoor or outdoor fields.

In 2011, the team hosted training camp at Atlantic Health Jets Training Center for the first time. The site, since 2009, has hosted mini-camps and organized team activities that were open to fans. The Atlantic Health Jets Training Center is evidence of the team’s commitment to excellence, providing the organization with a new competitive advantage and a new community to call home.

# THE NEW YORK JETS IN YOUR COMMUNITY

## MISSION

The New York Jets take great pride in a long-standing, year-round commitment to our community. Programs funded by the New York Jets Foundation touch the lives of countless young men and women in the tri-state area by promoting fitness, health, and education, particularly in disadvantaged communities. Over the past 13 years, the Jets and their charitable foundation have contributed more than \$13 million to a wide range of community-based causes.

From fighting childhood obesity, to launching a football team at an urban high school, to urging students to be active for at least 60 minutes every day the New York Jets invest in programs that make a difference in the lives of others. In addition to our focus on youth development, the Jets support the efforts of the Alliance for Lupus Research, numerous established charitable organizations and causes sponsored by the NFL.

## Alliance for Lupus Research

The New York Jets organization is deeply committed to supporting the Alliance for Lupus Research (ALR)—a national voluntary health organization based in New York City, founded in 1999 and chaired

**Alliance for Lupus Research**

PREVENT. TREAT. CURE.

by Robert Wood Johnson IV, a member of the founding family of Johnson & Johnson and owner of the New York Jets.

The ALR's mission is to find better treatments and ultimately prevent and cure systemic lupus erythematosus (SLE, or lupus), a debilitating autoimmune disease, by supporting the most promising and innovative lupus research. To date, the ALR has committed over \$81 million to lupus research projects at the most prestigious universities, medical schools and hospitals throughout the world.

Since 2001, the New York Jets have increased awareness of lupus and raised close to \$10 million for research through the ALR Walk with Us to Cure Lupus program, proceeds from the annual New York Jets Kickoff Luncheon and other events in the tri-state area. To find a walk near you, visit [walk.lupusresearch.org](http://walk.lupusresearch.org) or call toll free, (866) WALK-ALR. Together, we will find a cure!

## United Way

Since 1973, United Way, the NFL and the New York Jets have had the most visible and longest-running charitable collaboration of its kind. Every year, thanks to community service projects and public service announcements, millions of Americans learn about United Way's vital work and the volunteer spirit of the NFL.

Combining their rich histories of active community involvement, United Way of New York City, United Way of Morris County and the New York Jets have teamed up to drive home the importance of community involvement. Their community outreach efforts include the Hometown Huddle, an annual hands-on volunteer project with players, the Gridiron Gala, New York City's premier charity event, and Tix for Kids, a charitable ticket turn-back program.

## Play 60 Challenge

Designed to tackle childhood obesity, NFL PLAY 60 brings together the NFL's long-standing commitment to health and fitness with an impressive roster of partner organizations— Action for Healthy Kids, Ad Council, American Heart Association, National Dairy Council, Cartoon Network, United Way, The Cooper Institute, and the U.S. Department of Health and Human Services. NFL PLAY 60: The NFL Movement for an Active Generation focuses on the health and wellness

of young fans by encouraging them to be active for at least 60 minutes a day. In addition to national PSAs and online programs, PLAY 60 is also implemented locally, as part of the NFL's in-school, after-school and team-based programs, from youth football to the PLAY 60 Challenge. The PLAY 60 Challenge is an in-school curriculum created by the National Football League and the American Heart Association. Defensive back Kyle Wilson serves as the spokesperson. For more information on how to become involved with the PLAY 60 Challenge go to [www.americanheart.org/nflplay60challenge](http://www.americanheart.org/nflplay60challenge) or go to [www.nflrush.com/play60](http://www.nflrush.com/play60) for all things PLAY 60.

## Jets Play 60 Eat Right, Move More Program

Launched in 2006, the New Jersey Department of Agriculture's Jets Play 60 Eat Right, Move More Program encourages New Jersey school children to take advantage of healthy foods in their

school cafeterias and become more active. The campaign also challenges schools to get 60 minutes of activity every day for their students and submit their cafeteria meal menus to determine

the five schools with the most creative meal selections each year that go above and beyond state and federal guidelines. One of the five winning schools will be awarded the grand prize of a \$5,000 grant for a cafeteria makeover and physical education equipment along with being recognized on the field at a Jets home game.

## Jets Play 60 Sports Equipment Drive benefiting Up2Us

Throughout the pre-season and regular season, fans will have the opportunity to support our new Jets Play 60 Sports Equipment Drive benefiting Up2Us by donating new and gently used athletic equipment every game at the Pepsi Gate. Share your passion for sports and provide a great opportunity for a child to get exercise and Play 60! Up2Us is a nonprofit organization using

sports to solve the critical challenges facing America's children today. For accepted items visit [newyorkjets.com/community](http://newyorkjets.com/community).

## Atlantic Health Jets Women's Organization

In 2008, the Jets Women's Organization and Atlantic Health partnered to form the Atlantic Health Jets Women's Organization (AHJWO). Through this partnership the AHJWO can accomplish its mission of working together to build goodwill in the tri-state community through active volunteer participation. The AHJWO is an organization comprising the wives, fiancées and significant others of New York Jets players, coaches and football support employees along with Jets female staff. The Jets Community Relations Department oversees this organization with the assistance of Dana Glat, wife of the Jets team president, Carol Idzik, wife of the Jets general manager and Michelle Ryan, wife of the Jets head coach. The AHJWO seeks to team-up with select charities to assist in maximizing the impact of their events. The AHJWO serves as a unique and positive outlet in the community on behalf of the New York Jets. All members of the organization are encouraged to get involved and maximize their roles to benefit others. The work of the AHJWO would not be possible without the partnership with Atlantic Health.

## High School Coach of the Week

The Jets participate in the NFL Youth Football Fund's High School Coach of the Week program. During the season, the Jets award is given weekly to a coach in the tri-state area who serves the best interests of the game through the teaching of sound football fundamentals, the motivation of young players to achieve, and the promotion of youth football by way of dedication to his community, his school and his student-athletes. High school football reporter Mike Quick of the television show "A Quick 60" and the New York Jets Community Relations department select the winner. Each winner is recognized on Tuesday night and awarded \$1,000 for his high school's football program from the NFL Youth Football Fund. At the end of the high school football season, a Coach of the Year is selected. The winner of the Coach of the Year is awarded \$2,000 for his high school's football program.

## Hometown Huddle

The NFL/United Way "Hometown Huddle" is an NFL-wide day of service that provides NFL players, coaches, wives and staff from each team the opportunity to participate in a variety of community-service activities. "Hometown Huddle" includes projects such as building playgrounds, serving food to the homeless, visiting local military bases and funding after-school programs for underserved children. Started in 1999 by the NFL and United Way, Hometown Huddle continues to help make a difference in local NFL communities.

## Heads Up!

In 2001, the New York Jets formed a community partnership with the Public Schools Athletic League (PSAL) to provide support to New York City public school football programs. The Jets and the PSAL expanded this partnership in 2005 and titled it Heads Up!.

Through an annual matching grant from the NFL's Youth Football Fund, the New York Jets now donate \$150,000 to the PSAL's football programs. This grant has helped to create 11 new and developmental football teams. It also assisted in the funding of a female Varsity Flag Football League, the reconditioning of every student-athletes' helmet, two "Play Like a Jet" \$5,000 college scholarships and the expansion of C.H.A.M.P.S. Middle School Flag Football League to more than 200 programs throughout the New York City public school system.

Beyond these grants, the Jets continue to support the PSAL in a variety of other ways including honoring the PSAL football champions at a home game during the NFL season.

## C.H.A.M.P.S. Middle School Flag Football League

The New York Jets have teamed up with the New York City Department of Education (NYC DOE) to support their C.H.A.M.P.S. (Cooperative, Healthy, Active, Motivated, Positive Students) Middle School Flag Football League. The partnership helps provide more than 6,500 students at close to 200 middle schools with after school opportunities to learn the skills and techniques of football from qualified coaches.

Each participant receives a T-shirt uniform provided by the Jets. The Jets commitment to the C.H.A.M.P.S. Middle School Flag Football League falls under the Heads Up! umbrella.

Through the NYC DOE's C.H.A.M.P.S. Middle School Sport and Fitness League, students are empowered to become Cooperative, Healthy, Active, Motivated, Positive Students—for life. Regardless of athletic ability, student participants in C.H.A.M.P.S. are provided with opportunities to engage in a wide variety of physical activities before and after school, including traditional sports, non-traditional sports and fitness activities.

The C.H.A.M.P.S. program promotes health-related fitness and sports skills that can be maintained long after school days are over.

## Marty Lyons Award

Marty Lyons, a former All-American defensive tackle from the University of Alabama, played his entire 12-year NFL career with the New York Jets as a member of the feared "Sack Exchange." Early in his career, Lyons befriended and became a surrogate father to a 3-year-old boy suffering from an advanced illness. Three years later in the spring of 1982, the youngster's death coincided with the sudden death of Lyons' father and the birth of his first child, a healthy son. These experiences profoundly affected Lyons' outlook on life, fame and his fellow human-being. With the encouragement and the assistance of his family and friends, he established a foundation dedicated to granting wishes of seriously ill children.

The Marty Lyons Foundation helps lift children's spirits and lets the magic of hope lead their thoughts and dreams for the future. More than 3,000 wishes

have been granted to children suffering from life threatening or terminal illnesses since the foundation was incorporated in 1982. Lyons was named the National Football League's Man of the Year in 1984 for his work with the foundation. His efforts also led the New York Jets to name the Outstanding Community Service Award the Marty Lyons Award, which is presented to the player who gives from the heart through charity and community involvement (as voted by Jets staff).

## CHAIRMAN & CEO

# Woody JOHNSON

Robert Wood Johnson IV, a fourth-generation member of the founding family of Johnson & Johnson, the worldwide health care company, has built upon his family's proud legacy of achievement as a successful businessman, civic leader and compassionate philanthropist. He currently serves as Chairman and CEO of The Johnson Company Inc., a private investment management company.

As an owner of the New York Jets, Johnson continues his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new home field. His improvements to the franchise include: building a competitive team each season, a world-class training complex, and a 21st-century sports stadium. Under his leadership, the Jets posted eight winning seasons, appeared in 12 postseason games, played in two AFC championship games, and captured an AFC East title.

Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in enriching the greater community. In this spirit, the New York Jets Foundation funds programs such as Eat Right Move More to help teach children the importance of good health habits, enhance educational experiences, and support the region's disabled and disadvantaged residents.

Johnson serves as a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and advancing healthcare. The Foundation aims to prompt new public policy, inspire action from the private sector, and improve the delivery of the best health care to the most people.

Johnson's healthcare initiatives also include support for lupus research. In 1999, Johnson founded the Alliance for Lupus Research (ALR), an organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. The ALR-funded International SLE Genetics Initiative recently uncovered several of the genes associated with lupus. ALR-funded research laid the foundation for development of 30% of all lupus drugs currently in the clinical-trial pipeline.

In Washington, D.C., Johnson has been a strong advocate for increased government spending for medical research. He helped initiate the campaign "The Only Remedy Is a Cure," transforming the Juvenile Diabetes Research Foundation (JDRF) from a small, non-profit group into the largest private medical entity focused on finding a cure for diabetes. Today he serves as Chairman of JDRF International.

Johnson is active in local philanthropy and civic affairs, serving as a director of Mayor Michael R. Bloomberg's Fund to Advance New York City and a board member of the National September 11 Memorial & Museum at the World Trade Center. He also lends his time and talents to the Council on Foreign Relations, and is an Honorary Trustee of the Wildlife Conservation Society.

## HEAD COACH

SW OKLAHOMA/ARDMORE, OK  
HIRED: JANUARY 21, 2009

## EXPERIENCE:

NFL: 17TH / JETS: 5TH

Rex **RYAN**

Now in his fifth season at the Jets helm, Ryan brings the same attitude and commitment he had when he was first hired, pairing it with experience gained from the past four seasons.

Success came early for Ryan as the Jets head coach. His first year, the Jets turned a 5-6 record into a 9-7 playoff berth, earning two postseason victories before finishing one-step shy of the Super Bowl. The following season, the Jets finished 11-5, again advancing to the AFC Championship Game before their season ended.

The past two seasons have not produced the same results, leading to change throughout the organization. An 8-8 season in 2011, coupled with a 6-10 finish in 2012 led to the hiring of new General Manager John Idzik.

"I look at Rex Ryan as a very accomplished coach," Idzik said at his introductory press conference. "He's very energetic. He's optimistic. He's engaging as we all know. He engages our players and he gets them to play hard. I can speak to that from the opponents' side.

"I look forward to our time together."

Change didn't end with Idzik. 2013 will feature three new coordinators. Former defensive backs coach Dennis Thurman moves into the defensive coordinator role, while the team's offense will now be headed by Marty Mornhinweg, who joins the club from Philadelphia. Finally, after spending the last four seasons working under the now-retired Mike Westhoff, Ben Kotwica takes over as special teams coordinator.

One thing that hasn't changed has been the success on defense. Under Ryan, the Jets have always fielded a stout defense, finishing in the top eight in total defense in all four seasons. In fact, from 2009-12, only the Jets have finished in the top five in all of the following categories: total defense (2nd overall in that time span, 294.8 yards per game), third-down defense (2nd, 34.6%), passing defense (1st, 186.3 yards per game), rushing average allowed (5th, 3.9 yards per carry), completion percentage allowed (1st, 52.6%) and opposing passer rating (1st, 71.0).

Tasked with helping to uphold this streak is Thurman, who Ryan feels is the perfect coach for all the young defensive players.

"DT is a developer of talent," Ryan said. "He is a guy who can coach the tough player and he can do all those type of things. He is about as smart a guy as I've been around and he understands the game more from a former-player perspective and as a coach. He is a commanding figure in the meeting room. Everybody respects him."

Ryan looks to implement the same passion and energy and "attack mentality" and unpredictability on offense, that he has on defense. That search led him to Mornhinweg, who joins the Jets

after spending 10 seasons with Philadelphia where, after assuming the role of offensive coordinator in 2006, the Eagles ranked in the top 10 in rushing average (2nd overall in that time span 4.7 yards per carry), total offense (3rd, 370.1 yards per game), passing offense (6th, 247.2 yards per game), scoring offense (8th, 24.1 points per game) and third-down conversion percentage (10th, 40.1%).

For his special teams, Coach Ryan had the unenviable task of replacing Westhoff, who after 12 years with the Jets, retired. To take over, Kotwica was named to the post, after spending the previous four seasons working with Westhoff as the assistant special teams coach.

"Obviously, (those are) some huge shoes to fill," Coach Ryan said in announcing Kotwica. "Mike Westhoff was a legendary special teams coach and it was a privilege for me to coach with Mike for four seasons.

"He's basically trained Ben Kotwica for this opportunity."

Since 2009, the Jets special teams have tied for the most kickoff return touchdowns (5) and had the second-best kickoff return average (25.6), while ranking fifth in both punts inside the 20 and opponents' kickoff return average.

Before becoming the head coach of the Jets, Ryan spent 10 seasons (1999-2008) in Baltimore. During that time, the Ravens ranked first in the NFL in fewest points allowed (17.1 points per game), fewest rushing yards allowed (87.3 yards per game), most shutouts (9), most takeaways (337), most interceptions (212), most interceptions returned for touchdowns (29) and third-down conversion defense (33.9%). They also ranked second in total defense (280.7 yards per game) and fourth in sacks (416) in that span.

Ryan began his Baltimore career as the defensive line coach for Brian Billick in 1999, when the Ravens defense finished second in the NFL in total defense and second against the run. In 2000, the defense allowed the fewest points in a 16-game season in NFL history (165) en route to winning Super Bowl XXXV.

Ryan was promoted to defensive coordinator in 2005. During his four seasons in that role, the Ravens finished fifth (2005), first (2006), sixth (2007) and second (2008) in total defense. In 2006, the "D" allowed only 201 points and 264 yards per game and Ryan was named NFL Assistant Coach of the Year by *Pro Football Weekly* and the Pro Football Writers Association.

In 2008, new Baltimore head coach John Harbaugh named Ryan assistant head coach/defensive coordinator. That season the Ravens defense led the league with 34 takeaways, 26 interceptions, a 60.6 opponents' passer rating, and four rushing TDs allowed.

Prior to joining the Ravens, Ryan was a defensive coordinator in college at Oklahoma (1998) and Cincinnati (1996-97). His first NFL coaching stint was with Arizona under father Buddy Ryan, when he oversaw the Cardinals’ defensive line in 1994 and linebackers in 1995 (on the same staff with his twin brother, Rob, now the New Orleans Saints defensive coordinator). Rex also coached at Morehead State (1990-93), New Mexico Highlands (1989) and Eastern Kentucky (1987-88).

Before Ryan became a coach, he had a chance to see some great defense up close and personal. Buddy brought him along to practices when he became the Jets defensive line coach for the 1968 season — the Jets’ Super Bowl III season, of course. Rex then watched his dad coach the 1985 Chicago Bears. He was a ballboy for those Bears teams early in his father’s tenure as the defensive coordinator. He left for college during the 1985 season, but was on the sidelines during Super Bowl XX, when the Bears finished their 18-1 run with a 46-10 victory over New England and Buddy was carried off on his defenders’ shoulders.

Ryan, 51, graduated from Stevenson IL (HS) in Prairie View, IL, and played football at SW Oklahoma State, where he earned his bachelor’s degree in physical education in 1986. Ryan earned his master’s degree in physical education at Eastern Kentucky in 1988.

Ryan was born in Ardmore, OK. He and his wife, Michelle, have two sons, Payton, named for Walter Payton, and Seth.
