COACHING STAFF

MANAGER

Randy Knorr

Bats: Right **Height:** 6'2"
Throws: Right **Weight:** 215
Born: 11/12/68 in San Gabriel, CA
Opening Day Age: 42

Randy Knorr joins the Syracuse Chiefs after managing the Harrisburg Senators in 2010. The 2011 season will mark Knorr's debut as a Triple-A manager after five seasons as a skipper down the Nationals' chain. He guided the Double-A Harrisburg Senators to a 77-65 record and a trip to the Eastern League playoffs last season. Knorr spent three seasons (2006-08) as the manager of the Advanced-A Potomac Nationals. His other season of managerial experience came in 2005 with Single-A Savannah, then the Nationals' South Atlantic League affiliate. In 2009, Knorr was the bullpen coach for the big league club.

Knorr, a former catcher, was the Toronto Blue Jays' 10th-round choice in the 1986 draft. He spent parts of 11 seasons in the big leagues after making his major league debut in 1991 with the Jays. He played with five different big league teams (Toronto, Houston, Florida, Texas, and Montreal) hitting .226 in 676 at bats with 24 HR and 88 RBI. He earned World Series rings with the Toronto Blue Jays in 1992 and 1993. Knorr played in 182 games with Syracuse in 1991, 1992, 1995 and 1996. Half of those appearances came in 1991, his Triple-A debut season. During that year, Knorr hit .260 with five home runs and 44 RBI while splitting time behind the plate with Ed Sprague. The next season, Knorr hit 11 home runs in just 61 games with Syracuse.

NATIONALS PARK

Nationals Park is located in Southeast Washington, south of the Capitol, along the Capitol Riverfront adjacent to the Navy Yard. The new Nationals Park achieved its goal to become the first major stadium in the United States accredited as a Leadership in Energy and Environmental Design (LEED) Structure. The park will be equipped with state-of-the-art video and audio technology, including a 4,500 square foot high-definition scoreboard, as well as over 600 linear feet of LED ribbon board along the inner bowl fascia. As fans traverse the Ballpark's vertical circulation ramps throughout the various levels of the facility, they will witness panoramic views of the riverfront, Navy Yard, the surrounding city landmarks such as the Capitol and the Washington Monument.

THE GOVERNORS' CUP

After 55 years of service and many homes, the original Governors' Cup, given annually to the International League's playoff champion, was given a permanent home in Cooperstown at the Baseball Hall of Fame following the 1988 season. The original trophy which was the oldest rotating trophy at the time of its "retirement" consists primarily of solid silver and has been appraised at more than \$3,000.

Coupled with the new playoff format, due to the formation of the Triple-A Alliance and retirement of the original Governors' Cup, a new trophy carrying forth the Governors' Cup name and tradition was presented to the 1988 league champions.

The newest Governors' Cup is appropriately inscribed as follows:

The original Governors' Cup was created in 1933 and now resides proudly in the National Baseball Hall of Fame and Museum in Cooperstown, NY. The second rendition of the trophy was created by the directors of the International League to carry on the proud tradition of excellence.

INTERNATIONAL LEAGUE HISTORY

NOTE: In 1963, minor league baseball experienced a significant shift in operating procedures. Up until that time, most teams were independently run and responsible for acquiring players. In '63, the emphasis shifted to Player Development Contracts, the agreements under which Major League teams acquire players for their affiliated minor league teams.

ALLIANCE BANK STADIUM GROUND RULES

- Any ball that hits the railing in front of either dugout (including photo pits) and bounces back into play is a live ball..
- The top step of the dugout is live. The second step and below is dead.
- The screen behind home plate is in play. If the ball bounces off one of the steel rods that holds the screen up it is still a live ball.
- Any ball hit off of the batter's eye and comes back into play is a home run.
- Any ball that hits the outfield division signs above the out-of-town manual scoreboard (green scoreboard in right/center field) and bounces back into play is a home run.
- If there is a gap between the stands and the field tarp and the ball gets caught in between, it's a dead ball. If the ball hits the tarp and bounces back into play it's a live ball.

SYRACUSE CHIEFS MEDIA INFORMATION

CREDENTIALS - To obtain credentials for a Syracuse Chiefs home game, please make the request in writing on official letterhead to Jason Benetti, Alliance Bank Stadium, One Tex Simone Dr., Syracuse, NY 13208. Requests should be made at least 24 hours in advance. Credentials can be picked up at the Chiefs Receptionist Window through the main glass doors to the left of Home Plate Entry. Please note that credentials may be used by only the individual that requested their use and can be refused or revoked at any time by any member of the Syracuse Chiefs staff without warning. Only those individuals with current Chiefs press credentials will be allowed in the Press Box. Media credentials are not transferable.

PHOTOGRAPHERS - Photographers must work out of stationary photo pit locations designated by club, adjacent to both dugouts; or from seating bowl area of the stadium. All photographers must have credentials.

PRESS BOX - The press box is located on the Press Level (4th level) of Alliance Bank Stadium directly behind home plate and is for the **working press only**.

CLUBHOUSES - The Chiefs clubhouse is located on the stadium Service Level (1st level); entrance is at the third base stair tower. The visitors Clubhouse is located on the first base side of the stadium. Access to the Chiefs clubhouse is open to all media with credentials except 40 minutes prior to game time. The Chiefs clubhouse is open 20 minutes following the game to working press, unless a meeting is in progress at which time members must remain outside until the meeting has concluded or is closed at the manager's request. There will be no admission to the clubhouse during rain delays. The visitors clubhouse is governed by the visiting club's manager. Visitors in the clubhouse, including accredited media members, should conduct themselves in a professional manner.

TRAINING ROOM - This area is strictly off limits to everyone except Chiefs players and staff. If there is a problem reaching someone, please contact Jason Benetti in the Chiefs office.

FIELD - Those holding credentials will be admitted onto the field for pre-game interviews - however interviews must not interrupt pre-game routine (stretching, hitting, running, infield, etc.). Field and dugouts must be cleared of all media 40 minutes prior to game time.

MEDIA INFORMATION - Game notes, statistics and rosters are available in the press box, at least two hours prior to game time. Anyone needing notes, stats, or rosters earlier should contact Jason Benetti at the Chiefs office at 474-7833 or jasonbenetti@gmail.com.

RULES OF INTEREST

PLAYER LIMITS: The maximum number of players on the Active Roster of a Class AAA Club shall be 24 from Opening Day through the end of the championship season.

QUALIFYING MARKS: To qualify for a league batting title, a player must have a minimum of 383 plate appearances. To qualify for an earned run average championship, a pitcher must have at least 114 innings pitched.

DETERMINING

BATTING AVERAGE: Divide the number of hits by the number of at bats.

EARNED RUN AVERAGE: Multiply the number of earned runs by nine; divide that total by the number of innings pitched.

SAVE: A pitcher is credited with a save when he meets all three of the following conditions:

1. He is the last pitcher in a game won by his club
2. He is not the winning pitcher
3. He qualifies under one of the following conditions:
 - (a) he enters the game with a lead of no more than three runs and pitches at least one IP; or
 - (b) he enters the game with the potential tying run either on base, or on deck; or
 - (c) he pitches effectively for at least three innings

BLOWN SAVE: When a relief pitcher enters a game in a save situation and departs or the game ends with the save situation no longer in effect because he has given up the lead, he is charged with a "blown save."

SLUGGING PERCENTAGE: Divide the total bases of all hits by the total number of official at bats.

ON-BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at bats, walks, hit by pitches and sacrifice flies.

FIELDING PERCENTAGE: Divide the total sum of putouts and assists by the total of putouts, assists and errors.

WINNING PERCENTAGE: Divide the number of games won by the total number of games played.

CONSECUTIVE GAME HITTING STREAKS: A consecutive game hitting streak shall not be terminated if all of the players' plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall be terminated if the player has a sacrifice fly and no hits.

CONSECUTIVE GAME PLAYING STREAK: A playing streak shall be extended if the player plays one half inning on defense, or if he completes a time at bat by reaching base or by being put out. A pinch running appearance shall not extend the streak. If a player is ejected from a game before he can comply with the requirements of this rule, his streak shall continue.

MAGIC NUMBER: Determine the number of games yet to be played, add one, and then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DAY OR NIGHT GAME: Any game scheduled to start after 6 PM will be considered a night game. If a game is scheduled to start at 6 PM and is delayed, it will be considered a night game. Both games of a two-night doubleheader will be considered night games. When a day-night doubleheader is scheduled and separate admissions are charged, they will be counted as one day game and one night game and will not be considered a doubleheader.

MAJOR LEAGUE ROOKIE STATUS: Not more than 130 at bats or 50 innings pitched in the major leagues during a previous season or seasons; not more than 45 days on a major league roster during the 25-man player limit (excluding time in military service or on the disabled list).

A MAJOR LEAGUE YEAR: A full year of service in the major leagues consists of 172 days.

WAIVERS: A permission granted from all 30 Major League clubs to assign a Major League player's contract to another Major League team or a minor league affiliate. Such permission is granted only for a specific period of time. The actual request is filed through the Commissioner's Office and is not disclosed to the public until the contract is rewarded.

PROCEDURES FOR OBTAINING WAIVERS:

- May request 7 players on any given business day
- The waivers must be requested by 2 PM EST on any business day
- Waiver claiming period expires on the second business day after the initial request at 1 PM EST
- A Club desiring the assignment of a player on the waiver wire must submit a claim prior to 1 PM EST on the last day of the claiming period
- Priority for the waiver claim award is given to the Club with the lowest winning percentage in the player's league when there are multiple claims submitted for the same player
- If only one claim is entered, the claiming Club is eligible to be awarded the player contract
- There is no specific limit on the number of claims that may be submitted on a particular day. However, no Club is permitted to exceed the 40-man or the 25-man roster limit.
- If a Club is awarded a player on a waiver claim that causes it to exceed the 40-man or 25-man roster limit, it must designate a different player for assignment.

TYPES OF WAIVERS

OUTRIGHT WAIVERS – this type of irrevocable waiver needs to be secured in order to Outright a player. An outright is to assign a player to a club's minor league affiliate without the right of recall. In other words, to remove a player from the 40-man roster. Also a player who has exhausted his options must clear this type of waiver if the club wishes to assign him to a minor league affiliate. An outright waiver secured is good for the entire waiver period. These waivers are needed from the 31st day of the season through August 31.

SPECIAL WAIVERS – also irrevocable, the special waiver is used for the same purpose as an outright waiver. One difference is these waivers are used from September 1 to the 30th day of the following season. A secured special waiver is good for seven days, as opposed to being good for an entire period like the outright waiver.

UNCONDITIONAL RELEASE WAIVER – this irrevocable waiver is used for the purpose of an unconditional release of a player. At the time of the request, the player shall be removed from all player limits. A player may be informed of the club's intention to release him on a weekend, but the actual waiver process won't begin until the following business day. If the player has been claimed, he must be informed at the end of the two-day period that his contract has been claimed. The player has five days from the time he was notified of the claim to either accept the assignment or terminate his contract. If the player terminates his contract, he forfeits termination pay.

MAJOR LEAGUE WAIVER – this type of revocable waiver is common and it is used to either option a player to a club's minor league affiliate or assign a player outright to another Major League Club from August 1st to the end of the regular season. A player claimed on this type of waiver may be pulled back by the requesting Club (waiver withdrawal). A claimed player pulled back by the requesting Club may not be assigned and cannot be placed on waivers again (except for unconditional released waiver) for 30 days. When Major League Waivers are asked for a 2nd time in the same period the request shall state that it is irrevocable.

ASSIGNMENT OF PLAYER CONTRACTS

- When a player with five or more years of major league service is asked by his club to consent to an assignment to a Minor League Club, he has three choices:
 1. Accept the assignment
 2. Refuse the assignment
 3. Elect Free Agency
- Any player who has at least three years of MLS and whose contract is assigned outright to a Minor League Club may elect, in lieu of accepting such assignment, to become a free agent.
- Any player whose contract is assigned outright to a Minor League Club for second time or any subsequent time in his career may elect, in lieu of accepting such assignment, to become a free agent. Unlike a player with five or more years of MLS, this type of player does not have the option of refusing the assignment.

OPTIONAL ASSIGNMENT: To assign a player from the active 25-man roster to a Minor League Club with the right of recall. The player remains on the 40-man roster.

LIMITS ON OPTIONAL ASSIGNMENTS: An optional assignment of a player contract shall be permitted for not more than three seasons between Major League Clubs and Minor League Clubs; provided that if the player is optioned for less than a total of 20 days in one season, as determined by the date(s) of the optional assignment(s) and recall(s), respectively, the player shall not be charged with an optional transfer in connection with the foregoing limitation.

EXCEPTION: Contracts of Major League players who, prior to the commencement of the current season, have been credited with less than five seasons in professional baseball shall be eligible for a fourth optional assignment, without waivers, during that season. For purposes of this Rule 11(c), 90 days or more on the Active List during a championship season shall constitute a "season of service." While time spent on any Inactive List shall not be counted toward the 90 days required before a season's service is credited, if a player is placed on the Disabled List after the player has been credited with 60 or more days of service in any particular season, the DL time shall be counted to the player's credit.

No optional assignment shall be permitted for a player unless the player is under contract for service in the season for which the optional agreement is effective. If, prior to an optional assignment, a player had at least three months active service in a Minor League classification, the player may not be optionally assigned to a lower classification unless the player is paid at the salary rate for the higher classification from which the player entered the Major Leagues.

RECALL: To add a player from a ML Club's 40-man roster to the 25-man roster. This player must serve at least 10 days on option in order to be recalled unless he is replacing a player placed on the disabled list.

OUTRIGHT ASSIGNMENT: Major to Minor – to assign a player to the Club's minor league affiliate without the right of recall. The player is removed from the 40-man roster.

DESIGNATED FOR ASSIGNMENT: When a Club has reached its 40- and/or 25-man roster limit, and reinstates a player or acquires a new player, it must designate another player for assignment or release a player. If the Club is going to assign the player, it must do so within 10 days.

WAIVER PRICES: Major League, Special and Outright Waivers are \$20,000 or \$25,000, while Unconditional Waivers are \$1.00.

MAJOR LEAGUE SERVICE

- Is credited for each day the player appears on an active roster or major league disabled or suspended list.
- In the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.
- In the case of a player sent down to the minor leagues, is credited through the date of the assignment.
- In the case of a player who is unconditionally released, is credited through the date waivers were requested.
- In the case of a player designated for release or assignment, is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
- For a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.
- Is credited at the rate of 172 days per "year", though the season is actually 182 days long.
- Is not credited during any period or periods of optional assignment totaling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service and time on the disabled list).

DISABLED LIST: An injured Minor League Player may be placed on this list during the championship season only. A player on the Disabled List must remain there for a minimum period of seven days before the player can be reinstated to the Active List. A player on the Disabled List does not count against a Club's Active List limits, but does count against a Club's Reserve List limits.

SYRACUSE BASEBALL WALL OF FAME

The Syracuse Baseball Wall of Fame was established in 1998 in conjunction with the 140th Anniversary of the first organized baseball team in Syracuse. The criteria to be considered for induction are as follows:

1. – **First 75 Years of Professional Baseball (1858-1933)**
2. – **Former Chiefs/SkyChiefs (1934-present)**
3. – **CNY player or affiliated with professional baseball**
4. – **Contributor to the game of baseball**

On August 13, the Class of 2011 will be inducted to the Syracuse Baseball Wall of Fame prior to the Chiefs game vs. Scranton/Wilkes-Barre. This year's class of inductees includes:

Class of 2011

Jerry Brooks is a 1985 graduate of Fowler High School who earned All-Star recognition as a senior. He went on to a collegiate career at Clemson University before signing a professional contract with the Los Angeles Dodgers in 1988. Brooks twice earned All-Star recognition at the Triple-A level: 1991 with Albuquerque and 1996 with Charlotte, when he tallied career highs of 34 HR and 107 RBI. He reached the Major Leagues in 1993 with the Dodgers and also received a call-up to the Florida Marlins in 1996.

Lou Johnson was assigned to Syracuse in May 1963 after the Detroit Tigers acquired him in a trade with the Milwaukee Braves. He batted .296 with 15 HR and 71 RBI in his only season in a Chiefs uniform. Johnson played in 677 Major League games for the Braves, Chicago Cubs, Los Angeles Angels, Los Angeles Dodgers, and Cleveland Indians.

Joseph Kren, who passed away in 1953 at the age of 86, founded the Kren Bat Company on Beecher Street in Syracuse in 1913. The company produced and sold more than 8 million bats in its history, including more than 100,000 per year at its peak. "Kren's Special" bats were used in the Major Leagues by many Hall of Famers including Babe Ruth, Lou Gehrig, Mel Ott, Honus Wagner, and Rogers Hornsby among others. Kren was inducted into the Greater Syracuse Sports Hall of Fame in 2000.

Gene Locklear is the only player in Syracuse franchise history to hit four home runs in one game, having accomplished the feat on July 14, 1977 at Columbus. Those four homers were part of his team-high 20 during the season and he also paced the club with 84 RBI in his only full campaign in Syracuse (he appeared in 16 games at the end of the 1976 season). Locklear played in 292 career Major League games for the Cincinnati Reds, San Diego Padres, and New York Yankees.

Gus Mancuso, who passed away in 1984 at the age of 78, batted .372 as a catcher for the Syracuse Stars in 1927. He played 17 years in the Major Leagues for the St. Louis Cardinals and New York Giants and was considered one of the top catchers of the 1930s. Mancuso helped his teams reach the World Series five times and was a two-time National League All-Star.

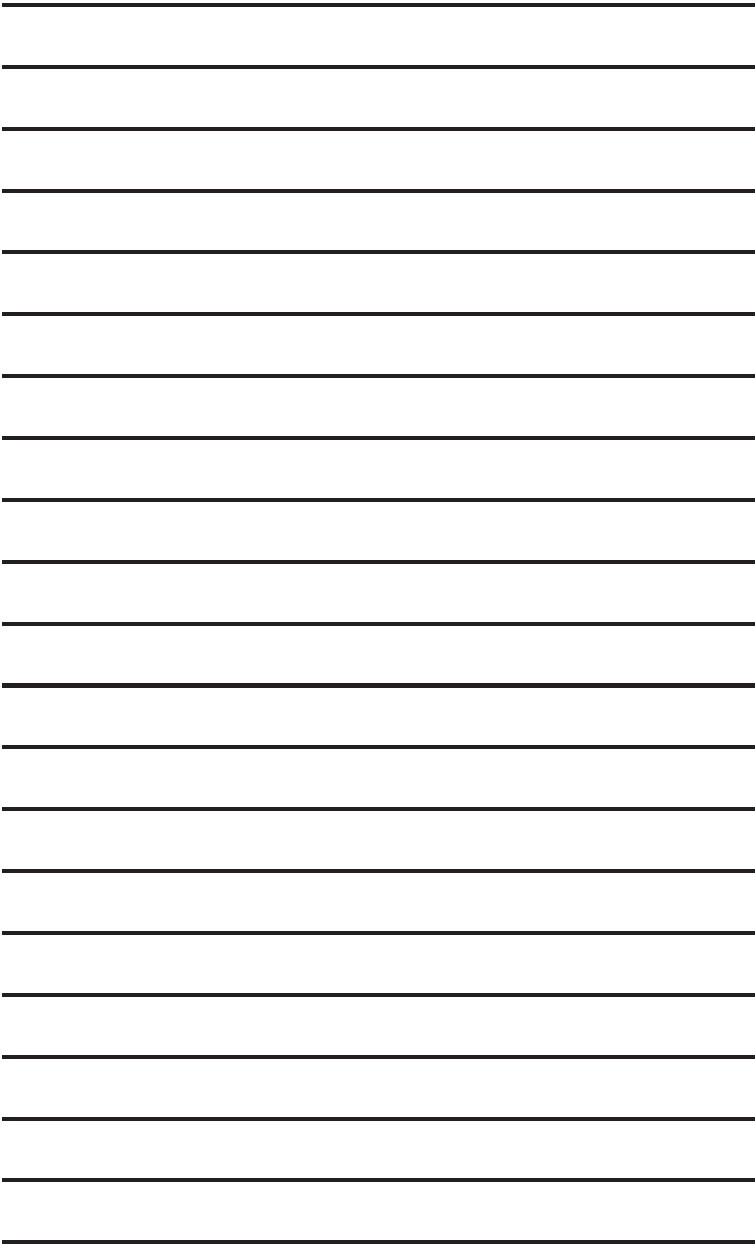

Jim Prendergast, who passed away in 1994 at the age of 78, ranks third in Syracuse franchise history with 50 career victories. The left-hander led the International League with 17 wins in 1946 and again paced the circuit with 20 the following year as the Chiefs captured the 1947 Governors' Cup. Prendergast reached the Major Leagues in 1948, pitching in 10 games for the Boston Braves.
