# EASTERN LEAGUE

**DOUBLEHEADERS:** Doubleheaders are usually the result of a rainout or postponement of a nine-inning game. Doubleheaders are rescheduled by the general manager, and will consist of two seven-inning games. There is a break of about 20 minutes between games. Generally, a doubleheader slated for a day when the nine-inning game was scheduled to begin at 7:00 will be scheduled to begin one hour earlier. If the doubleheader is scheduled on a day when the regularly scheduled game was to begin at 1:00 or earlier, there may not be a change in the start of the doubleheader scheduled for that day.

**SUSPENDED GAMES:** If a game is suspended before it is an official game, and rescheduled as part of a doubleheader, it will be completed as scheduled (usually as a nine inning game) and be followed by a seven-inning game. If a game is suspended after it becomes an official game (usually the score is tied) and then rescheduled as part of a doubleheader, it also will be completed as scheduled but the second game will be played as a full nine-inning game.

**RESCHEDULING GAMES:** Postponed or suspended games do not have to be made up the next day, and make up dates do not have to be determined that day. However, if it is the last time a team is visiting a city every effort shall be made to play the game. If it is the last scheduled meeting in that city, the game is made up at the home site of the visiting city (if they still have games left at the visiting team's home park). When games are suspended in one park and finished in the other team's park, the game is completed with the original home team remaining the home team (even in the other team's park).

**TIEBREAKERS:** If two teams finish tied for first place, then the team with the better head-to-head record is named regular season champion and is awarded home field advantage in the playoffs.

If two teams finish tied for second place, then a one-game playoff would be played to determine the playoff qualifier. The team with the best head-to-head record hosts the game. If two teams split the season series, the team that scored the most runs in the season series earns home field for the playoff game.

If more than two teams are tied for second place, the team with the best combined head-to-head record among the tied teams earns the playoff bid.

# 2006 SEASON SUMMARY

September 17, 2006 is a day that Portland Sea Dogs fans will long remember after the Dogs clinched their first **Eastern League Championship**. The Sea Dogs, qualifying for the playoffs for a second straight season, entered the 2006 post-season as the biggest underdogs. After losing Game One of the Northern Division Championship Series to the Trenton Thunder (Yankees), the Sea Dogs took the next three games, and won the final game on **Brandon Moss's** walk-off home run into the U.S. Cellular Pavilion. Portland went on to face the Akron Aeros (Indians) for the Eastern League Championship, a rematch of the 2005 match-up. Portland took the first two games in Akron and returned home one win away from a championship. Portland would lose the next two games in heartbreaking fashion. In the decisive Game Five on a glorious September afternoon at Hadlock Field, **Jon Searles** recorded the final out of the season when Trevor Crowe flied out to left fielder **Chris Durbin**, which led the Sea Dogs to an 8-5 victory and their first ever Eastern League Championship.

Moss was named the MVP of the Eastern League playoffs, hitting .361 with five home runs and 10 RBI. The Portland right fielder earned the honors of the Allied Home Mortgage Big Dog of the Year, hitting .285 with 12 home runs, 83 RBI and a franchise-record 36 doubles while appearing in a team-leading 133 games.

**Devern Hansack** notched his second win of the post-season in the clincher, and earned a promotion to Boston after the game. Hansack went on to fire five hitless innings in earning his first Major League win in the Red Sox regular season finale against the Baltimore Orioles.

Every minor league team goes through a series of changes during the season and the Sea Dogs were no exception. Key components of the pitching staff earned promotions to Pawtucket and Boston. At one point, Portland's pitching staff consisted of **Kason Gabbard**, **Craig Hansen**, **David Pauley**, **Phil Seibel**, and **Charlie Zink** - all of whom were promoted by season's end. Hansen set a new franchise record with 20.1 consecutive scoreless innings, only to have Seibel break the record two months later with a streak of 22.2 scoreless frames. Portland finished above .500 in three straight months, but dropped 38 of 63 heading into the playoffs.

**David Murphy** earned a promotion to Pawtucket in late May, paving the way for **Tyler Minges** (optioned from Pawtucket), who stepped in and batted over .300 for Portland. With the names Gabbard, Pauley, Minges, Murphy, and Seibel absent from the roster, new faces led the club to the promised land. Boston signed pitcher **Frank Brooks** as a free agent and he became an instant leader in the clubhouse. Top prospect **Jacoby Ellsbury** was as advertised, hitting .308, 3 HR, 19 RBI in 50 games with Portland. Ellsbury also became one of the top defensive center fielders in the Eastern League. Left-handed starters **Andrew Dobies** and **Tommy Hottovy** provided depth in the starting rotation when they were promoted from Single-A Wilmington during Portland's long and tough road trip at the end of July.

Third Baseman **Chad Spann** was denied the chance of providing playoff heroics as he did in 2005. Spann's season was cut short after a left ankle injury in early August. He was leading the team in hitting at .294 (5th overall in the Eastern League), blasting 10 homers and knocking in 50 runs. Boston had a solution for the vacant spot at third base by signing minor league veteran **Bryan Myrow**. Myrow appeared in 20 games with the Los Angeles Dodgers in 2005 and hit over .300 at Triple-A Las Vegas. He would not homer in limited action with the Sea Dogs during the regular season, but hit three in the post-season, including a two-run homer in Game 5 of the E.L.C.S.

A key element of Portland's magical season was a trade made by the Boston Red Sox in late July. The Red Sox sent pitcher David Wells to the San Diego Padres for minor league catcher **George Kottaras**. The left handed hitting catcher was ranked the #2 prospect in San Diego's system and made his Portland debut during the playoffs. In Game 2 of the Northern Division Championship Series against the Trenton Thunder, Kottaras blasted a home run in his second at-bat. He finished the post-season with a .276 average, two home runs and 8 RBI.

In his second season as the manager of the Sea Dogs, **Todd Claus** led Portland to a 72-67 regular season record, finishing two games ahead of the Binghamton Mets for the second playoff spot in the Northern Division. Claus earned the distinct honor of *Baseball America's* Minor League Manager of the Year.

The Portland Sea Dogs set another attendance record at Hadlock Field. In 63 openings in 2006, the Sea Dogs averaged a franchise record 6,358 fans per game, surpassing the previous mark of 6,290 fans in 2005. The Sea Dogs also welcomed their 5 millionth fan in franchise history on July 3rd, becoming one of the quickest Double-A teams to accomplish the feat.

During the 2006 season, the Red Sox roster featured 16 former Sea Dogs, including seven that played with Portland this year: **Lenny DiNardo**, **Kason Gabbard**, **Devern Hansack**, **Craig Hansen**, **Gabe Kapler**, **David Murphy**, and **David Pauley**. In addition, former Sea Dog **Hanley Ramirez** was named the 2006 National League Rookie of the Year. **Jonathan Papelbon**, who was teammates with Ramirez in 2005, finished second in the American League voting behind former Erie hurler Justin Verlander.

# BASEBALL IN PORTLAND & MAINE

Professional baseball in Maine dates back to the last century. Since 1901 and the advent of the National Association of Professional Baseball Leagues (Minor League Baseball's governing body), professional baseball has called nine different Maine cities home, stretching from Calais to Old Orchard Beach. The Sea Dogs are Portland's first entry since 1949, the last season of the Portland Pilots. Below is the summary of Portland's professional baseball life since 1901 and a listing of other Maine professional baseball sites.

**SEASON CREDENTIALS** – Season credentials will be issued only to those legitimate news gathering organizations who plan to cover the Sea Dogs on a daily basis. No spouses, guests or children of members of the press will be issued credentials. Press passes are not transferable. Credentialed members of the media are prohibited from requesting or accumulating autographs or equipment on the playing field or in the dugout or clubhouse. Any violation of these guidelines could result in immediate revocation of the credential and future access. Only credentials issued by the Sea Dogs, the Eastern League, the BBWAA or the Boston Red Sox will be honored. All credentials must be visible at all times.

**DAILY CREDENTIALS** – Daily credentials will be issued to those legitimate news gathering organizations that do not qualify for season credentials. Any organization that anticipates the need for daily credentials must have a letter on file with the Sea Dogs. Requests may be sent via fax, but those requests must be made at least 48 hours in advance. Daily credentials are subject to the same restrictions as season credentials and any violation could result in immediate revocation of the credential and any future access.

**PHOTO CREDENTIALS** – Credentials will be issued to those photographers on assignment for legitimate news gathering organizations and those representatives of companies licensed by Major League Baseball. Priority in all areas will be granted to news organizations on nightly deadlines. All photographs taken are to be used for news gathering purposes or officially licensed products. Any other use of photographs taken will be considered a violation of existing trademark and copyright restrictions.

**CLUBHOUSE ACCESS** – Access to the Sea Dogs clubhouse both before and after games will be limited to those organizations that are filing stories on a nightly deadline. Pre-game access to the clubhouse will be determined by the Sea Dogs field staff. The clubhouse will be open to the media no later than 15 minutes after the conclusion of games. Policies regarding access between games of doubleheaders and during rain delays will be determined by the Sea Dogs field manager. Access to the visiting clubhouse is subject to the visiting club's guidelines.

**FIELD ACCESS** – All credentialed members of the media will be given access to the playing field prior to each game. No media will be allowed in fair territory or beyond first and third base. All non-uniformed personnel must clear the field at the conclusion of visitor's batting practice unless that individual has credentials expressly for in-game privileges (photo passes, pre-game ceremonies, etc.).

**LIVE TRANSMISSIONS** – Television and radio stations not holding broadcast rights for Sea Dogs' games will be allowed to transmit live reports prior to and after Sea Dogs games. All live television shots will be arranged by the Sea Dogs and the requesting media member. No live shots will be permitted from the clubhouses. No live transmissions inside the stadium by non-rights holders will be permitted while the rights holders are on the air or while the game is in progress. Radio stations will be permitted to provide "scene setters" and score updates between innings but these reports may not continue once an inning is underway. Any violation of these policies could result in revocation of credentials.

**ROVING CAMERAS** – Roving cameras are permitted at Hadlock Field for Sea Dogs games upon approval of the Sea Dogs. After permission is granted, cameras are permitted to roam public areas. # HOW DID YOU GET THAT?

**Qualifying Marks:** To qualify for a minor league batting title, a player must have a minimum of 383 plate appearances. To qualify for earned run average championship, a pitcher must have at least 114 innings pitched.

**Determining Batting Average:** Divide the number of hits by the number of at-bats (at-bats do not include walks, sacrifices, hit by pitches, or times awarded first base on interference or obstruction).

**Determining Earned Run Average:** Divide the number of earned runs by the number of innings pitched and multiply by nine.

**Determining a Save:** A pitcher is credited with a save when he meets the following conditions:

1. He is the last pitcher in a game won by his club.
2. He is not the winning pitcher.
3. He meets one of the following:
  - A. He enters the game with a lead of no more than three runs and pitches at least one inning, or
  - B. He enters the game with the potential tying run either on base, at-bat, on-deck, or
  - C. He pitches effectively for at least three innings in relief.

**Determining Slugging Percentage:** Divide the total bases of all hits by the total times at-bat.

**Determining Fielding Percentage:** Divide the total number of putouts and assists by the total number of putouts, assists, and errors.

**Determining On-Base Percentage:** Divide the number of times reached base by the number of plate appearances (which include at-bats, walks, hit by pitch, and times interfered by catcher).

**Determining Magic Number:** Take the total number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standing from the closest opponent.

**Major League Rookie Status:** Not more than 130 at-bats or 50 innings pitched in the Major Leagues during a previous season or seasons, nor more than 45 days on a Major League roster during the 25-player limit.

**Consecutive Game Playing Streak:** A player streak shall be extended if the player plays during a half inning on defense, or if he completes a time at-bat by reaching base or being put out. A pinch-running appearance shall not extend a streak. If a player is ejected from a game before he can comply with the requirements of this rule, his streak shall continue.

# HADLOCK FIELD GROUND RULES

## A-HOME RUNS

1-From the left field foul line to the vertical yellow line left of the message center, the ball must clear the fence to be a home run. A ball hit to the right of the vertical yellow line that is located to the left of the message center and above the billboards is a home run. If a ball strikes any signage and/or any netting above the left field fence, it is considered above the fence and therefore a home run. Any ball hitting the left field wall in fair territory and bouncing out of play is a ground rule double.

2-From the yellow line to the left of the message center to the U.S. Cellular Pavilion is a home run if it clears the bottom fence.

3-From the start of the U.S. Cellular Pavilion to the right field foul pole, a ball must clear all levels of signage to be a home run.

## B-SCOREBOARD

1-A ball that hits the net in front of the scoreboard is in play.

2-If a ball becomes lodged between the net and the scoreboard, it is a ground rule double.

## C-DUGOUTS

1-There is a white line around the area where the batboys and photographers sit. If the ball crosses those lines it is a dead ball.

2-If the ball bounces off the lip of the dugout back onto the field then the ball is alive. If it goes into the dugout it is a dead ball.

3-If the ball hits the straight vertical portion of the padding on the dugout it is in play, provided it remains on the field and doesn't cross the white lines (mentioned above in C-1).

4-If the ball hits the inclined portion of the padding it is a dead ball.

## D-TARP

1-Draw an imaginary line from the far end of the tarp to the fencing that juts out (section P1). If the ball goes over this line it is a dead ball.

2-A player may not elevate himself onto the tarp to catch a ball but he may lean over it.

## E-BACKSTOP

1-Once the ball touches the netting on a foul pop, it is a dead ball.
