He provides leadership over the development of ocV!BE, while maintaining oversight of Honda Center and the company's newly formed Sports Division, consisting of the Anaheim Ducks Hockey Club, San Diego Gulls Hockey Club, The Rinks facilities, and affiliated business entities.

In addition to his duties with the Ducks and Honda Center, Ryan took on the additional responsibilities of the planning and development of ocV!BE over the past several years. He worked extensively with the city of Anaheim to bring the Platinum Triangle vision to life, including project management, entitlement and design, corporate partnership integration, government affairs, tenant negotiation and more.

Before being named to his current position, Ryan spent 15 seasons as Executive Vice President/Chief Operating Officer for the Anaheim Ducks and 28 years at Honda Center. He successfully led the Ducks' business efforts to record growth, while initiating numerous community, fan-friendly and youth hockey programs that have increased the popularity of the sport in the Southern California market.

Ryan has more than 42 years in arena management and event creation experience. In addition to his duties with the NHL club, he served as President and Chief Executive Officer of Anaheim Arena Management, LLC (AAM), the management company of Honda Center. In that role, Ryan directed all areas of one of the premier entertainment and sports venues in the world, and today still often takes a hands on approach to bringing world-class events to Anaheim. Over the years, Honda Center has repeatedly ranked among the top 10 arenas in the world for annual live entertainment.

Through strategic planning, creative business development, and event production, Ryan ensures Honda Center is consistently booked with the world's top names in live entertainment and world-class sporting events such as the Rolling Stones, Justin Timberlake, Ariana Grande, Elton John, Post Malone, Chris Stapleton, Twenty One Pilots, Garth Brooks and more. Since 1993, more than 41 million people have been entertained at Honda Center, enjoying over 4,000 events. Amid the COVID-19 pandemic, Ryan worked to utilize the arena in ways to serve the community during unprecedented times. By joining together with key partners, Honda Center hosted 15 drive-thru food banks, 7,000 civil marriage ceremonies, 10 blood drives, and the largest Vote Center in Orange County.

Ryan was named Executive Vice President/Chief Operating Officer for the on Ducks on June 20, 2005, when the team was purchased by Dr. Henry and Susan Samueli, also owners of AAM. Under his watch, the Ducks have twice recently (2018 & 2019) named a finalist for Sports Humanitarian Team of the Year by ESPN. The award "represents a sports club/team that demonstrates how teamwork can create a measurable impact on a community or cause." The club has also been continually recognized by ESPN The Magazine in its annual "Ultimate Standings" edition for successes both on and off the ice. The magazine has recognized the Ducks as a top franchise among 122 professional sports teams (NHL, NFL, MLB & NBA), ranking in the top eight three times.

In 1992, after a long career at the Long Beach Arena, Ryan joined the then-Arrowhead Pond of Anaheim (operated by Ogden Facility Management) as Assistant General Manager. He was promoted to General Manager in 1998 and was named Pollstar Magazine "Facility Executive of the Year" for 2001. During that time, Ryan was also charged with overseeing a number of other Ogden facilities and served as a consultant on various major entertainment projects. Near the end of 2003, the management contract for the arena was purchased by AAM, and Ryan was named President/CEO of both the company and the arena.

Ryan is active in both the entertainment industry and in the local community. He serves on the boards of several nonprofit groups, including Big Brothers Big Sisters of Orange County, Orange County Sports Council, Los Angeles Sports Council, Orangewood Foundation, and the Stars and Stripes Tournament.

BOB MURRAY Executive Vice President And General Manager

Anaheim Ducks Hockey Club, LLC

Bob Murray enters his 46th consecutive year in the National Hockey League, his 13th as Executive Vice President and General Manager of the Anaheim Ducks. He won the NHL General Manager of the Year award in 2013-14 and has been a finalist for the honor three times. He also served as an Assistant

General Manager for Team Canada during the 2016 World Cup of Hockey. Named to his position Nov. 12, 2008, Murray is the third-longest tenured General Manager in the NHL, behind only David Poile (1997) and Doug Wilson (2003).

On Jan. 6, 2019 vs. Edmonton, Murray became the fifth person in NHL history to both play and manage 1,000 career regular season NHL games. He joined Bobby Clarke, Bob Gainey, Bob Pulford and Doug Wilson in the 1,000/1,000 club. Murray has now managed 1,110 NHL games (922 with Anaheim, 188 with Chicago) and played in 1,008 NHL contests (all with Chicago).

Under Murray's guidance, the Ducks have posted 100+ standings points in five of the last seven seasons, won division titles in five of the last eight seasons and made playoff appearances in six of the last eight campaigns. The Ducks are one of the NHL's most successful team drafting players into the NHL since 2010, having done so without a top-five overall selection (Anaheim has not selected in the top five since 2005, qualifying for the playoffs in 11 of 15 seasons since then). Anaheim has selected 65 players from 2010-19, with 46.2% (30 players) making it to the NHL, second to only Boston (the league average is 36.4%).

Murray's 2016-17 Ducks were the seventh different team in NHL history to win five consecutive division titles and the only team to win the Pacific Division five consecutive years since its creation in 1993-94. Anaheim defeated Calgary and Edmonton in the first two rounds of the Stanley Cup Playoffs before falling to Nashville in the Conference Final. It was Anaheim's fourth trip to the Conference Final since Murray joined the team in 2006.

In 2014-15, Anaheim finished with the best record in the Western Conference (51-24-7, 109 points), becoming the first team since 2011-12 (Vancouver) to post consecutive 50+ win seasons. Anaheim defeated Winnipeg and Calgary in

the first two rounds of the postseason before falling in the Conference Final to Chicago (seven games). The 2013-14 team finished with a record of 54-20-8, the best mark in franchise history. Anaheim posted the top record in the Western Conference for the first time in club history that season, setting season records for standings points (116), wins (54) and win/points percentage (.707), while also leading the league in goals (263). The 2012-13 club finished the regular season with the third-best record in the NHL (30-12-6, second in the West).

Murray was named to his current position on Nov. 12, 2008 after spending the previous three-plus seasons as the club's Senior Vice President of Hockey Operations. In that role, much of Murray's work behind the scenes led directly to many successful trades and other player transactions by Anaheim. During that three-year period, the Ducks won a Stanley Cup (2007), a Pacific Division title (2007), and qualified for the playoffs each season. Murray was the General Manager of the Portland Pirates (Anaheim's AHL affiliate) from 2005-06 through 2007-08. The Pirates went to the Conference Finals twice (2006 & 2008), appearing in six playoff rounds. Between 2005 and 2008 (three seasons), Anaheim and Portland combined to win 10 and appear in 14 playoff rounds, both the most of any organization in hockey.

Prior to joining the Ducks in July 2005, Murray worked as a professional scout with the Vancouver Canucks from 1999-05. Murray's scouting expertise helped to build teams that recorded 100+ point seasons two years in a row (2002-03 and 2003-04) and advanced to the Stanley Cup Playoffs four seasons in a row (2001-04). Before his stint in Vancouver, he served as a Scouting Consultant for Anaheim during the 1998-99 season.

Murray was a member of the Chicago Blackhawks organization for 25 years, serving as General Manager from 1997-99. He was named the sixth General Manager in team history on July 3, 1997. He was promoted to the post after serving as Assistant General Manager under Bob Pulford for two seasons. Before joining upper-management, Murray was named the Director of Player Personnel in 1991 and was largely responsible for the club's NHL Entry Draft selections over eight seasons.

Drafted by the Blackhawks in 1974, Murray spent his entire 1,008-game, 15-year career in a Chicago uniform. He became just the fourth player in Blackhawks history to reach the 1,000-game plateau in 1989-90. In addition, he became the first defenseman in club history to appear in 100 postseason contests, reaching the mark during the 1990 Stanley Cup Playoffs. In all, Murray scored 132-382–514 points and currently ranks third in all-time points among Blackhawks defensemen (17th overall in club history). He was named to both the 1981 and 1983 NHL All-Star Games. Murray retired at the conclusion of the 1989-90 season. Known for his work ethic, intelligence and determination as a player, Murray remained with the organization as a Professional Scout following his retirement in 1990.

Bob and his wife, Betsy, have four children: Kevin, Amanda, Andrew and Katie; and four grandchildren: Mikayla, Aisley, Lily and Kaden.

SEPA

Looking for ways to save money on gas and help the environment? The EPA wants to share some smart driving tips that could give you more miles per gallon of gas and reduce air pollution. Tips like making sure your tires are properly inflated and replacing your air filter regularly. And where possible, accelerate and brake slowly. Be aware of your speed...did you know that for every 5 miles you go over 65 mph, you're spending about 20 cents more per gallon of gas? If you're shopping for a new car, choose the cleanest, most efficient vehicle that meets your needs. If we each adopt just one of these tips, we'd get more miles for our money and it would be a little easier to smell the flowers. Our National Parks

The National Mall we<mark>lco</mark>mes millions every year, but what they see <mark>is h</mark>ardly welcoming.

More than two miles of open space, monuments, and memorials welcome and inspire 25 million visitors to our nation's capital each year. But like many national parks, the National Mall in Washington, D.C., desperately needs our help. Although Congress has proposed some additional investment, "America's front yard" still needs \$350 million in federal funding for maintenance, repairs, and preservation. Now is the time to act if we're going to preserve our national parks in time for their upcoming centennial, and ensure they can be enjoyed by our children and our grandchildren.

You can help with a simple letter. Visit NPCA.org/mall. Or call 1-800-NAT PARK.

Since 2013, close to 20,000 children and adults have laced up their skates and hit the ice. In addition, Getzlaf and the Anaheim Ducks Foundation generously sponsor a program in which all children who graduate from Learn to Play and sign-up for a RINKS in-house league will receive a complimentary first set of gear to start their hockey careers, with more than 7,000 sets being provided to date.

TOP FLIGHT

The Top Flight Hockey Program is dedicated to participants with special needs and open to players of all ages and abilities.
