MARK CHIPMAN CHAIRMAN & GOVERNOR

Mark Chipman serves as the Governor of the Winnipeg Jets on the National Hockey League's Board of Governors, as well as Chairman of the Board for True North Sports & Entertainment Limited which operates the MTS Centre, the Winnipeg Jets, and the MTS Iceplex.

In the spring of 2011, Chipman, along with business partner David Thomson, purchased the Atlanta Thrashers and relocated the team to Winnipeg, Manitoba.

From 1996-2011, Chipman owned and operated the Manitoba Moose, which transitioned from the International Hockey League to the American Hockey League upon completion of the 2000-2001 season.

Chipman brought the Manitoba Moose to Winnipeg in the spring of 1996, when the International Hockey League (IHL) announced that a group headed by Chipman had earned the right to bring the Minnesota Moose to Manitoba. Chipman was named the new franchise's President and Alternate Governor as the Manitoba Moose began playing in the 1996-97 IHL season.

He was a member of the AHL's executive committee and served as the chairman of the league's strategic planning committee during the crucial time surrounding the uncertain NHL labour situation.

At the conclusion of the 2004-05 season, Chipman was honoured with the AHL's James C. Hendy award as the league's top executive as he spearheaded the private sector group which oversaw the successful completion and opening in November 2004 of the new state-of-the-art MTS Centre entertainment complex in Winnipeg.

Born and raised in Winnipeg, Chipman attended the University of North Dakota where he lettered in varsity football while earning an Honours B.A. in Economics and a Juris Doctorate Degree in Law. He also holds the position of President of the Winnipeg-based Megill-Stephenson Company.

Order of Selection for 2012 Entry Draft

The NHL's annual Draft Drawing is a weighted lottery system to determine the order of selection for the first 14 picks of the 2012 Entry Draft. The 14 teams that did not qualify for the Stanley Cup Playoffs, or clubs that acquired those clubs' 2012 first-round draft picks, participate in the Drawing. The Club selected in the drawing may not move up more than four positions in the draft order, thus only the five Clubs with the fewest regular-season points have the opportunity to receive the first overall selection. No Club can move down more than one position as a result of the Draft Drawing.

In the first round of the 2012 Entry Draft, the order of selection is as follows:

- a) The first 14 selections, as determined by the Draft Drawing (see above);
- b) Clubs eliminated in the first two rounds of the 2012 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;
- c) Regular-season division winning clubs eliminated in the first two rounds of the 2012 Stanley Cup Playoffs, in inverse order of points;
- d) Clubs eliminated in the 2012 Conference Finals, in inverse order of points;
- e) Stanley Cup finalist
- f) Stanley Cup champion

In the second and subsequent rounds the order of selection is as follows:

- a) Non-playoff clubs in inverse order of points;
- b) Clubs eliminated in the first two rounds of the 2012 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;
- c) Regular-season division winning clubs eliminated in the first two rounds of the 2012 Stanley Cup Playoffs, in inverse order of points;
- d) Clubs eliminated in the 2012 Conference Finals, in inverse order of points;
- e) Stanley Cup finalist
- f) Stanley Cup champion

1. Players 18 through 21 years of age when signing their first contract must remain in the entry-level system for a period of three years; players age 22 and 23 when signing their first contract are in the entry level system for two years; while those age 24 when signing their first contract are in the entry level system for one year. Age is defined as the player's age on September 15 of the calendar year in which he signs the contract, regardless of his actual age on the date he signs such contract.
2. In the event that a signed 18 or 19-year-old player does not play a minimum of 10 NHL games (regular season and/or playoffs) in his first season under contract, the term of his player contract and his number of years in the entry level system will be extended for a period of one year. The exception to this is a 19-year-old player who turns 20 years of age between September 16 and December 31 in his first contract year.
3. In the event that a player signs his first contract at age 18 and has had his Player Contract extended for one season already, and such player does not play at least 10 NHL games (regular season and/or playoffs) in the second season under that player's Player Contract, then the term of his Player Contract and his number of years in the Entry Level System shall be extended for one additional year.

23-Man Roster

There may be a maximum of 23 players on each Club's playing roster at any one time from the commencement of the NHL regular season through the trade deadline. Prior to the start of the season, each Club must submit to the NHL its "Opening Day Playing Roster" which shall be comprised of not more than 23 players. Each Club must have a roster of at least 20 players, composed of 18 skaters and two goaltenders. Players on Injured Reserve do not count in the 23-Man Roster limit.

Injured Reserve List

In the event that a player is injured and a Club wishes to place him on the Injured Reserve List, the Club must follow these procedures.

2. A player who has an injury that renders him physically unable to play for a minimum of seven days after that date of the injury can be placed on the Club's Injured Reserve List. Once a player is placed on the injured reserve, the Club may replace said player on its NHL roster with another player. All determinations that a player has suffered an injury warranting injured reserve status must be made by the Club's medical staff and in accordance with the Club's medical standards.
3. A player placed on Injured Reserve is ineligible to compete in NHL games for a period of not less than seven days from the date of injury.
4. Players on Injured Reserve may attend Club meetings and meals, travel with the Club and participate in practice sessions.
5. Players on Injured Reserve are prohibited from appearing in games, participating in pre-game warm-ups with their Clubs, or dressing in game uniforms on game days.

NHL & MISCELLANEOUS INFORMATION

HOW TO FIGURE

Assist	An assist is awarded to the player or players (maximum of two) who touched the puck prior to the goal, provided no defender plays or possesses the puck in between.
Game Played	A player receives credit for playing in a game if: i) he steps on the ice during time played or; ii) serves any penalty.
Game-Winning Goal	After the final score has been determined, the goal which leaves the winning Club one goal ahead of its opponent is the game-winning goal (example: if Team A beats Team B 8-3, the player scoring the fourth goal for Team A receives credit for the game-winning goal).
Goal	A goal is awarded to the last player on the scoring Club to touch the puck prior to the puck entering the net.
Goals-Against Average	Multiply goals allowed (GA) by 60 and divide by minutes played (MINS).
Goaltender	A goaltender receives a "W" for a win in regulation, overtime or shootout; an "L" for a loss in regulation; or an "OT" for a loss in overtime or shootout.
Penalty-Killing Pct.	Subtract total number of power-play goals allowed from total number of shorthanded situations to get total number of power-plays killed. Divide the total number of power-plays killed by the total number of shorthanded situations.
Plus-Minus	A player receives a "plus" if he is on the ice when his Club scores an even-strength or shorthand goal. He receives a "minus" if he is on the ice for an even-strength or shorthand goal scored by the opposing Club. The difference in these numbers is considered the player's plus-minus statistic.
Power-Play Goal	A goal scored by a Club while it has a manpower advantage due to an opponent's penalty. Following are some examples of what is and is not considered a power-play goal: <ul style="list-style-type: none">• if a Club has an advantage on a minor penalty starting at 2:02 of the period and it scores at 4:02, the goal is not a power-play goal.• if a Club scores on a delayed penalty, the goal is not a power-play goal.• if a Club has an advantage due to a five-minute major or match penalty, that Club is always credited with having one more advantage than the number of power-play goals it scores during that advantage, because the penalty does not expire. A new advantage begins after each power-play goal. For example, if Team A scores three goals during a major penalty, it is credited with four advantages.• if a Club is on a power-play for any length of time, it is considered to have had an advantage.• if a minor penalty is incurred by a Club on a power-play due to a major penalty, a new advantage is given to that Club when its minor penalty expires, provided the opponent's major penalty is still in effect.
Power-Play Percentage	Total number of power-play goals divided by total number of power-play opportunities.
Save Percentage	Subtract goals allowed (GA) from shots against (SA) to determine saves. Then divide saves by shots-against.
Shooting Percentage	Divide the number of goals scored by the number of shots taken.
Shorthanded Goal	A goal scored by a Club while it is at a manpower disadvantage. The same cases apply for shorthand as for power-play goals, but in the opposite manner.
Shot on Goal	If a player shoots the puck with the intention of scoring and if that shot would have gone in the net had the goaltender not stopped it, the shot is recorded as a "shot on goal".
Shutdown	If two goaltenders combine for a shutdown, neither receives credit for the shutdown. Instead it is recorded as a Club shutdown.
Tenths of a Second	If a penalty or goal occurs in the last minute, the time is rounded off to the previous second (ex: if a penalty is called with 12.4 seconds left in a period, the time is indicated as 19:47 and not 19:48.)
Coaches Record	A coach receives a "W" for a win in regulation, overtime or shootout; an "L" for a loss in regulation; or an "OT" for a loss in overtime or shootout.

** NOTE: No individual skater/goaltender statistics apply for the shootout

The Stanley Cup, the oldest trophy competed for by professional athletes in North America, was donated by Frederick Arthur, Lord Stanley of Preston and son of the Earl of Derby, in 1893. The Winnipeg Jets True North Foundation will proudly carry on the community presence first established by the Manitoba Moose Yearling Foundation in October of 1996. The Foundation has long since operated as the charitable arm of True North's hockey club, now the Winnipeg Jets, as a non-profit organization which raises funds to support a variety of registered children's charities in Manitoba. Since inception as the Manitoba Moose Yearling Foundation, True North's charitable efforts have raised and disbursed over 2.5 million dollars.

Last season alone, the Foundation donated over \$232,000 to 18 different children's charities, organizations, and scholarships.

One of the highlights of last season was the continuation of the "Little Moose Youth Hockey Program" in partnership with Winnipeg Aboriginal Sport Achievement Centre (WASAC), E.H. Price and the River East, St. James and Winnipeg 1 School Divisions. Started in 2008/09, this program is funded by the Winnipeg Jets True North Foundation and introduces hockey basics to children across the city that otherwise are not able to participate in the game hockey.

The Winnipeg Jets True North Foundation operates under the direction of Executive Director, Dwayne Green, in partnership with a volunteer Board of Directors chaired by Mark Chipman.

MAJOR FUNDRAISERS OF THE WINNIPEG JETS TRUE NORTH FOUNDATION

GALA DINNER

The Winnipeg Jets True North Foundation hosts the Gala Dinner each and every year to entertain, encourage support, and reward those who donate to the Foundation. The Gala Dinner features a major entertainer every year to highlight the evening. Past performers have included country music singer Paul Brandt, the artistic and acrobatic show Cirque Le Masque, and Jim Cuddy, lead singer of Blue Rodeo. In 2011, the Gala Dinner raised over \$100,000 that supported all of the Foundation's affiliated local charities.

The next Gala Dinner is scheduled for Monday, March 12th, 2012, with further details about the event to be released at a later date.

50/50 DRAWS

Certain aspects of the live hockey experience stand out for fans, whether it's the crowd noise, concourse traffic, or an intermission hot dog. One of those highlights, a staple at MTS Centre hockey games, is the 50/50 Draw, which rewards one lucky ticket holder with half of the Draw's earnings at any given home game.

At just five dollars per ticket, fans get a chance to win a large cash prize while supporting the Winnipeg Jets True North Foundation. During the 2010/11 hockey season, True North was able to donate over \$80,000 to Hockey Manitoba for use in minor hockey programs across the province.

LITTLE MOOSE HOCKEY PROGRAM

The Little Moose Hockey Program is creating waves of change and achievement for innercity children. The Winnipeg Jets True North Foundation recognizes that challenges exist for many families to participate in the great game of hockey. As a response, the Little Moose Hockey Program was created to provide children with the chance to play hockey while surrounded by their peers and positive role models. In addition, Little Moose helps encourage academic achievement and increase children's sense of belonging within their school community.

Over 120 children currently participate in the program; an increase from 24 children in its initial year. The success of the Little Moose Hockey Program is due in large part to the support and encouragement that True North, E.H. Price and the Winnipeg Aboriginal Sport Achievement Centre (WASAC).

The Little Moose Hockey Program is currently entering its fourth hockey season and is preparing for a change in name accompanying the first season of the Winnipeg Jets Hockey Club.

AFTER SCHOOL MATTERS

The Winnipeg Jets True North Foundation is excited to enter into a partnership with the After School Matters program set to begin in 2012. After School Matters is a program that will provide apprenticeship and mentorship opportunities for high school students during after school hours.

Businesses, community organizations, and skilled professionals will provide intensive instruction to students in five areas: sports, science, technology, performing arts and communications. The program is to be launched in Winnipeg's core area and will expand to high needs areas throughout the province of Manitoba. As the first community partner of the After School Matters program, the Winnipeg Jets and True North Sports & Entertainment will provide kids with hands-on experience with sports, facility management, and marketing.

COMMITMENT TO THE COMMUNITY

The Winnipeg Jets Hockey Club is excited about the opportunity to put forward the continued emphasis on community initiatives that True North Sports & Entertainment has been able to sustain in Winnipeg formerly with the Manitoba Moose. The Jets will be present in the community by visiting schools, local hospitals & health centres, through numerous player and team mascot appearances, and by maintaining an open and interactive relationship with the team's supportive and passionate fanbase.

MTS CENTRE

As one of the modern jewels of downtown Winnipeg, MTS Centre stands as a testament to the perseverance and vision of a handful of men and women who wanted to bring Winnipeg to the forefront of the sports and entertainment industry. That handful of people began in 1996 with a concept in their heads and a drive in their hearts which developed that concept into the dynamic and successful True North Sports & Entertainment Limited.

True North's mandate was to develop, finance, and operate a new 15,000-seat multi-purpose sports and entertainment facility. The original mandate involved the Manitoba Moose as the primary tenant of the facility, but MTS Centre has since evolved into the current home of the Winnipeg Jets. Despite a variety of challenges during the developing stages of MTS Centre, all of which are typical with a project of this magnitude, the building was completed on time and on budget in the fall of 2004. Since opening its doors nearly seven years ago, MTS Centre has acted as a major catalyst in the redevelopment of downtown Winnipeg.

As True North's marquee entertainment facility, MTS Centre boasts excellent sightlines from every seat, superb acoustics for concerts, and the best ambience and amenities for sports of all kinds, including hockey, basketball, curling, lacrosse, and indoor soccer. Along with professional hockey and concerts, MTS Centre has hosted such events as an NBA exhibition game, professional bull-riding, Monster Jam, professional wrestling, and professional indoor soccer exhibitions, among others. Winnipeg's busiest entertainment venue can accommodate up to 17,000 concert-goers and can just as easily be curtained down to create an intimate concert setting for audiences as small as 2,500.

MTS ICEPLEX

MTS ICEPLEX

The vision of True North expanded beyond MTS Centre with the development of MTS Iceplex. That vision was realized in September of 2010 when the 172,000 square-foot multiplex opened its doors. MTS Iceplex is an advanced hockey facility equipped with four regulation sized ice sheets, training centre, and a licensed restaurant and lounge among other features. The four ice sheets provide over 23,000 of hours of icetime to the Winnipeg and rural hockey community. A crowning achievement for MTS Iceplex occurred early on in the facility's operations as True North Sports & Entertainment hosted the Under-17 World Hockey Challenge at MTS Iceplex in 2011 and set attendance records for the Hockey Canada event.
