Working Media Guidelines

Credentials are issued only to working media for the purpose of covering the Boise Hawks and are available to any media outlet on a seasonal or game-by-game basis. Please contact the Boise Hawks: attention Steve Granado. Include: name, media outlet, phone number, and reason for credential request. Once at Memorial Stadium, credentials must be worn and visible at all times.

The press box at Memorial Stadium is for working media only. Internet access, game notes, rosters, and daily statistical packets are available for media members.

Photographers will have access to the field as long as they do not interfere with the game. Players are typically available for interviews before workouts (around 1:30 p.m.), after batting practice, or after the game. Interview requests should be directed through the Media Relations department (Steve Granado)

The clubhouse will be closed one hour prior to all home games and will remain closed until 10 minutes following the conclusion of each game.

Each media member will sign a media disclosure form prior to receiving their credentials for the season and must abide by the rules set forth by the Boise Hawks and Major League Baseball.

Memorial Stadium Ground Rules

Memorial Stadium is a closed ballpark. All fairly hit and thrown balls are in play with the following exceptions:

- A player may catch or field a ball on the top step of the dugout. If he falls into the dugout prior to catching the ball, the ball is dead. If he catches the ball on top of the dugout step, falls into the dugout after securing the ball, he can throw from the dugout.
- A ball that caroms off the green facing of the dugout is alive unless it ricochets into the dugout. In such instance, the ball is dead. A ball that caroms off the blue facing or dugout post is dead.
-A ball that lands on top of the dugout is dead.
-A player may lean against the tarp to make a play. He may not climb on the tarp. A ball that lodges behind the tarp is out of play.
- A ball that goes into the bullpen is live and in play. Players in the bullpen shall not obstruct the field in retrieving the ball.
- Should a batted ball hit the wire extending over foul territory holding up the netting behind home plate, the ball is considered dead.
-In such cases as a live ball bouncing over, going through, or under a field or outfield fence, lodging in the fence, netting, or umpire's equipment, the book rule shall apply.

Hawks Facts

June 18, 1975
Professional baseball returned to Boise after an 11 year hiatus in the form of the Boise A's. In front of a crowd of 1,814, the A's dropped the game 8-3 to the Portland Mavericks. But the bigger story of the day was base umpire Christine Wren who became the first female umpire in the Northwest League and, at the time, the only active female umpire in pro ball. At the advisement of home plate umpire Gary Lieberman, security surrounded Wren throughout the two hour and 37 minute ball game.

Riley Pint

RHP - Saint Thomas Aquinas HS (FL)

Riley Pint's biggest strength is his fastball. It's not just about velocity though; even when he's throwing it in the upper 90's it has good movement. Pint has a good feel for a changeup that should continue to improve as he's forced to throw it more.

Robert Tyler

RHP - University of Georgia (GA)

Like Pint, Robert Tyler is known for his big fastball that has reached triple digits. Ranked as the 25th best prospect by MLB Pipeline, Tyler's fastball has been graded as a 75 on a 20 to 80 scale. His secondary pitches need development.

Ben Bowden

LHP - Vanderbilt University (TN)

Ben Bowden spent his first two years at Vanderbilt working out of the bullpen. A strong showing in the 2015 Cape Cod League helped him earn a spot in the Commodores rotation in 2016, but a lackluster string of starts sent him back to the bullpen as a closer.

Garrett Hampson

SS - California State University, Long Beach (CA)

Garrett Hampson profiles better as a second baseman according to scouting reports, or he could be used as a utility man. Hampson played short, second, and third in summer 2015 for the USA Collegiate National Team in the Americas Baseball Festival in Cary, North Carolina.

Colton Welker

3B - Stoneman Douglas HS (FL)

Colton Welker's impressive approach earned him a slash line of .562/.638/1.104 through his first 16 games of his senior year. His actions are still a bit choppy and indecisive, but his hands and feet work well enough to give comfort that he can stay on the infield.

Tom Kotchman

The Boise club operated as an independent team from 1987-89, before joining forces with the California (Anaheim) Angels in 1990 to begin an 11 year run. During that association, the team won four league titles (1991, 1993, 1994, and 1995); with manager Tom Kotchman leading the team to 501 wins in 835 games, by far the most in NWL history.

NWL PLAYOFF PROCEDURES

FIRST HALF: June 17 - July 25

All positional rankings are based on winning percentage

In the event of a first-half tie:

1. Head to head record
2. Winning percentage within the division
3. Head to head average run differential
4. Total run differential average based on half
5. Coin flip

SECOND HALF: July 26 - September 5

All positional rankings are based on winning percentage

In the event of a second-half tie:

1. Head to head record in second half
2. Head to head for full season
3. Division record for second half
4. Head to head average run differential for the second half
5. Division record for full year
6. Won/loss full season
7. Total run differential average based on the full year
8. Coin flip

FIRST-HALF WINNERS WILL HAVE 7 DAYS (MONDAY, AUG 1) TO DECIDE IF THEY WOULD LIKE TO HOST GAME 1 OR GAMES 2 AND 3

If one team wins both the first and second half of the season, then the team with the next best winning percentage for the entire season will get into the playoffs. If there is a tie for the next best winning percentage then the second-half tiebreakers come into play.

FIRST ROUND – IN NORTH AND SOUTH

Game 1: Wednesday, September 7

Game 2: Thursday, September 8

Game 3: Friday, September 9

Travel Day: Saturday, September 10

CHAMPIONSHIP ROUND – STARTING IN THE NORTH

(Depending on stadium availability this schedule may change – following the same procedure we have in the past.)

Game 1: North hosting on Sunday, September 11

Game 2: South hosting on Monday, September 12

Game 3: South hosting on Tuesday, September 13

Playoff procedures with regard to games affected by poor weather

1. During the Divisional Final Series: If Game 1 is rained out, then both teams will remain in the same city and play the next day. Games 2 and 3 will be pushed back one day and extend the series so that it lands on the travel day. If the Divisional Series is tied and there are no other days to play on prior the Championship Series, then the tiebreakers will be as follows:

- Best overall season record
- Head to head season record
- Winning percentage within division for the season
- Head to head average run differential for the season
- Total run differential average based on the season
- Coin flip

2. During the Championship- Series: If Game 1 is rained, then both teams will remain in the city and play the next day.
3. During the Championship Series: If Game 3 is rained out then the series would be extended by one extra day. In the event that Game 3 cannot be played due to weather and the series is tied 1-1, then both teams would be crowned co-champions.

Three or four team tiebreakers

Clarification: Scheduled first-half games that cannot be made up in the first half are to be played in the second half following normal NWL makeup game procedures. However, scheduled first-half games that are made up in the second half will be counted toward second-half results, not first-half results.

Three or four team tiebreakers in the first half (Refer to first-half 2-team tiebreaker procedures once the number of tied teams is reduced to 2)

1. The combined winning percentage of the tied teams when competing against each other in the first half. The combined winning percentage for each team is the combined total number of games won against the other tied teams divided by the total number of games played against those same teams.
2. The winning percentage against all teams within division for the first half
3. The average run differentials among the tied teams when competing against each other in the first half
4. If there are still teams tied, apply the 2 team first half tiebreaker procedures

Three or four team tiebreakers in the second half (Refer to second half 2 team tiebreaker procedures once the number of tied teams is reduced to 2)

1. The combined winning percentage of the tied teams when competing against each other in the second half
2. The winning percentage within division for the second half
3. The winning percentage within division for the entire season
4. The overall winning percentage for the entire season
5. If there are still teams tied, apply the 2 team second half tiebreaker procedures
