The Senior TOUR: History and Format

Brian Henning
Administrator
Senior TOUR

Interest expressed by senior players during 1979 led to the establishment, in 1980, of the Senior TOUR. Preliminary discussions held during the 1979 PGA Seniors Championship led to the formation of a Senior Advisory Council. The Council members for 1980 included Dan Sikes, Chairman; Sam Snead, Honorary Chairman, Julius Boros, Gardner Dickinson, Bob Goalby, Don January and Bob Rosburg.

This council met on January 16, 1980, at Ponte Vedra, FL, and established recommendations as to eligibility and tournament format which would assure the participation of leading players in Senior TOUR tournaments.

Recommendations of the Senior Advisory Council were accepted by the Tournament Policy Board of the TOUR, and the Senior TOUR made its debut with the \$125,000 Atlantic City Seniors International, at the Atlantic City Country Club in Atlantic City, NJ, June 19-22, 1980.

At the recommendation of the Senior Advisory Council, eligibility for Senior TOUR competition was established on two criteria: leadership in career earnings and leadership in career victories.

With players made eligible by these rules, the basic format for Senior TOUR competition was established to include a field of 50 players, with 40 players to be determined by the two eligibility criteria and 10 players selected by tournament sponsors and through qualifying competitions.

Administrator of the Senior TOUR is Brian Henning, who also serves as Director of Tournament Administration for the TOUR. Inquiries about the Senior TOUR may be addressed to Henning in care of the TOUR, Sawgrass, Ponte Vedra, FL 32082.

TOUR Media Regulations

General Regulations

The following regulations are to be followed by *all* members of the Media:

1. Remain close up against gallery ropes in such a way as to appear to be a part of the gallery at all times. An ARM BAND is necessary.
2. Players are not to be distracted during play. DO NOT interview players or ask them to pose for photographs during their round.
3. DO NOT interview players or ask them to pose for photographs during their practice sessions prior to their round except by prior arrangement with the player.
4. Do not disturb players at their 18th green and/or scoring tent until after they have checked, signed and returned their scorecards.

Working Press Regulations

To avoid embarrassment to you and distraction to the contestants:

1. Do not walk or stand in playing areas.
2. Follow directions of marshals and other officials.
3. Do not interview during play. The leading players each day — and other requested — will be interviewed following their rounds in the Press Room interview area.

Tape Recorder Regulations

1. All tape recorder work should be done in the proximity of the Press Room and/or Clubhouse.
2. Tape recorders are *NOT* permitted in the locker room.
3. Tape recorders are *NOT* permitted within the playing area of the golf course.
4. If an interview is to be taped in the practice areas, either the range or the putting green, it must be done by prior arrangement with the player and up against the ropes and *NOT* in the middle of the areas where it could be distracting to other players.

TOUR Photography Regulations

This Tournament is essentially for the players. Fair play requires that there be no noise or other distractions. The interests of all others must be subordinated to the players interests. The result of any one shot could decide the Tournament.

Only accredited photographers for RECOGNIZED NEWS MEDIA will be permitted to take pictures during the Tournament. Photography will be restricted to news use. Commercial and personal photography is prohibited (except that spectators may take pictures on practice days and during a Pro-Am).

The following regulations apply to accredited news and television photographers and motion picture cameramen as a condition of the privilege of taking pictures:

Photography Regulations (cont'd)

General — All Photographers

A photographer must not ask a player to pose during a round.

If a player or an official requests that no photographs be taken in a certain situation, the request must be honored immediately, without discussion.

A camera must not be pointed at a player about to make a stroke in any manner which might tend to disturb him or distract his attention.

At the 9th and the 18th greens, photographers must not approach, delay or distract a player until he has checked, signed and returned his scorecard to the proper official. Under the Rules of Golf, a player turning in an incorrect scorecard in stroke play may be disqualified.

Cameras are not permitted in the locker room.

Still Photographers

Only still photographers to whom arm bands have been issued will be permitted inside gallery lines. They must station themselves immediately inside such lines, and not more than an ARM'S LENGTH FROM THE LINES, so as to blend into the gallery and appear to be part of the gallery. They must not take conspicuous positions in the open.

Any photographer who violates this regulation will forfeit the right to enter gallery lines and possibly to work at the tournament.

Close-up action shots are prohibited.

All pictures must be taken at appreciable distances, as far from the players as possible and from angles which are not acute to the line of play.

Pictures, even from a distance, may not be made until the player has completed his stroke. The photographer must not release his camera shutter until the shot is made.

Motion Picture/Videotape Photographers

Motion or videotape pictures may be taken only from *outside gallery lines* or from areas designated by the TPA TOUR. Motion pictures or videotape may be taken from such locations during a stroke.

Only modern equipment which makes a minimum of noise can be used. Motion picture cameras must be equipped with noise-deadening blimps or hoods.

Use of golf carts by news or television photographers is not permitted during play.

A maximum of two working camera crew members will be permitted per camera.

* * *

Difficulties will be avoided if photographers are fair and will treat players as they themselves would wish to be treated in similar circumstances.

The cooperation of all photographers will be appreciated.
