## SCORING POINTS

**TRY (5 POINTS):** A player scores a try by grounding the ball in his opponents' in goal.

**CONVERSION KICK (2 POINTS):** After scoring a try, the scoring team attempts to kick the ball through the uprights from any point on an imaginary line that runs the length of the field through where the ball was touched down.

**PENALTY KICK (3 POINTS):** After a penalty, a team may attempt to score by kicking the ball through the goal posts.

**DROP GOAL (3 POINTS):** A drop goal can be scored at any time during a game by simply kicking the ball through the uprights after it has been drop kicked.

## MOVING THE BALL

**RUNNING:** One way to advance the ball is to run with it. However, the opposing team is free to tackle the player with the ball. If this happens, his team may lose possession. (See "RUCK")

**PASSING:** A team may pass the ball as many times as they like. However, they may not pass the ball forwards.

**KICKING:** A team may kick the ball to gain territory or a tactical advantage.
