### A GOLDEN ERA ON THE ATP WORLD TOUR

**T'S BEEN SAID** the ATP World Tour is enjoying a "golden era" and it was never more evident than in 2012 when the Big 4 accounted for 14 of the 15 biggest titles in men's tennis.

The Big 4 of Novak Djokovic, Roger Federer, Andy Murray and Rafael Nadal finished in the Top 4 together for a record fifth consecutive season. Each of the foursome won a Grand Slam title, marking the first time in nine years that there were four different champions.

Leading the way was Djokovic, who finished as the ATP World Tour No. 1 player for the second straight season. The Serb won six titles, opening the year with his fifth Grand Slam crown at the Australian Open and closing the season by capturing the Barclays ATP World Tour Finals. He also won three ATP World Tour Masters 1000 titles and was runner-up at Roland Garros and the US Open.

Federer turned in another memorable campaign by winning his 17th Grand Slam title with a record-tying seventh Wimbledon crown. Afterwards he regained the No. 1 ranking to break the record of Pete Sampras (286 weeks) for the most weeks atop the Emirates ATP Rankings. He held No. 1 for 17 weeks in 2012, bringing his career total to 302 weeks.

Murray became the first British player to finish No. 3 in the history of the Emirates ATP Rankings (since 1973). The Brit captured the two biggest titles of his career by winning the gold medal at the Olympic Games in London and his long-awaited maiden Grand Slam crown - in his fifth Slam final - at the US Open. He was the first British man to capture a Grand Slam singles title since Fred Perry at the 1936 US Championships. Murray also reached his first Wimbledon final.

Nadal dominated the clay court season, capturing four titles including a remarkable eighth consecutive title in Monte-Carlo and a record seventh title at Roland Garros, before being sidelined with a knee injury for the second half of the season.

Another Spaniard, No. 5 David Ferrer, put together a career-best season with seven titles and 76 match wins, both of which were ATP World Tour-best marks on the season. He was the only non-Big 4 winner of an ATP World Tour Masters 1000 title, breaking through in Paris to win his first.

Overall 19 of the year-end Top 20 players captured at least one ATP World Tour title during the season. Canadian Milos Raonic continued his rise up the rankings, finishing at No.13. Raonic hit a career-high 1,002 aces, just three behind American John Isner, who led the ATP World Tour with 1,005 aces. It is the first time that two players topped 1000 aces in the same season.

In doubles, Americans Bob and Mike Bryan finished as the ATP World Tour No. 1 doubles team for the eighth time in 10 years, as well as capturing an all-time recordtying 12th Grand Slam crown. They also won the gold medal at the Olympic Games in London. They have won 82 career doubles titles, the most in the Open Era.

At the Barclays ATP World Tour Finals in London, Djokovic defeated Federer in the final to become the first No. 1 to win the year-end title since Federer in '07. Spaniards Marcel Granollers and Marc Lopez took home the doubles title, becoming the first Spanish duo to win the season finale since 1975.

The 2012 season saw the retirement of former No. 1 players Andy Roddick and Juan Carlos Ferrero, both deciding the time was right to put an end to their illustrious careers. In addition, former Top 10 players Ivan Ljubicic, Fernando Gonzalez, Rainer Schuettler and Arnaud Clement chose 2012 as the year to hang up their racquets.

At the beginning of the year Australian Brad Drewett began his tenure as ATP Executive Chairman and President. Key partners like Ricoh and HEAD signed new multi-year sponsorship extensions with the ATP, with Barclays also extending its title sponsorship of the ATP's season-ending event, which will now remain at The O2 in London through 2015 following a two-year extension announced in November.

On-site attendance at ATP World Tour events matched record numbers with close to 4.4 million spectators. The Barclays ATP World Tour Finals, in its fourth year at The O2, welcomed its 1 millionth fan and set a new record attendance of 263,229. Audiences on television and online continued to grow, with total broadcast hours of ATP events growing 30% and more than 4 million fans a month visiting ATPWorldTour.com, as well as more than 40 million people following the ATP, its players and tournaments through social media.

Prize money on the ATP World Tour is set to increase 20% from 2012-2014, exceeding USD \$95 million for the 1st time by 2014, whilst prize money at the Barclays ATP World Tour Finals continues to increase significantly with the 2012 purse up 10% to USD \$5.5 million and increasing to \$6.5 million by 2014. At Grand Slam level, ongoing discussions initiated by the ATP with each of the Slams brought about prize money increases for players in 2012 and, in particular, significant increases for the 2013 Australian Open.

As eyes now turn towards the 2013 season, there will be no shortage of drama as the current golden generation of players continues to captivate fans worldwide as they battle for the biggest titles on a thriving global platform of tournaments that the ATP World Tour offers. Much interest will surround the burgeoning rivalry between Djokovic and Murray, but few will count out the ever-present Federer, nor a fully fit Nadal, whilst the likes of Ferrer, Tomas Berdych and Juan Martin del Potro will continue to strive to break into the Big 4.

A season of the highest calibre awaits as players chase the ultimate accolade of finishing the season as the 2013 ATP World Tour No.1.

# ATP WORLD TOUR TIMELINE

HE ATP is in its fifth decade as a leading governing body in professional tennis. The organisation was formed in 1972 when a handful of the game's top players met in a secluded stairwell at the US Open to discuss the need for a players' association. Under the leadership of newly elected executive director Jack Kramer and president Cliff Drysdale, the Association of Tennis Professionals (ATP) came to life with a goal of changing the game for the better.

#### FOLLOWING IS A LOOK BACK AT ATP HIGHLIGHTS OVER THE PAST FOUR DECADES:

**1973:** The ATP establishes the computer ranking system, providing a fair analysis of a player's performance and creating an objective way to determine entries into tournaments. The ATP Rankings are introduced on August 23 with like Nastase debuting at No. 1. Other actions include placing tournament representatives on the road and standardizing prize money distribution and the conduct and discipline code. The ATP shows its strength and sends message of player unity after players boycott Wimbledon to defend Niki Pliic's position against a Yugoslavian Federation suspension for missing a Davis Cup match.

1974: The Men's International Professional Tennis Council (MIPTC), made up of ATP, ILTF and tournament directors, is formed to govern the sport as an "independent, democratic, international body for the administration of professional tennis."

**1976:** The ATP Doubles computer rankings begin on March 1.

**1978:** The Nations Cup, featuring eight competing nations, becomes the World Team Cup in Düsseldorf – the first ATP Championship.

**1979:** Full-time MIPTC supervisors are employed on the men's tour, and Penn becomes the official ball of the ATP. In a groundbreaking move, four young Chinese players compete in U.S. tournaments for the first time in over 21 years after being sponsored by the ATP.

1980: The ATP sets up a player pension fund.

1983: ATP membership approaches 500.

**1985:** At the request of the ATP, MIPTC passes a Drug Testing Rule, making tennis the first professional sport to institute a workable and well-designed drug testing program.

**1986:** In an effort to make the calendar more coherent, the MIPTC moves the Australian Open a month back to January ('87) and the Masters a month earlier to December ('86).

**1988:** The players, under ATP CEO Hamilton Jordan, hold a press conference in the US Open parking lot to announce that they will assume more control of the game. "Tennis at the Crossroads" outlines a plan for players to form a new tour in which they would play a major role and bear greater responsibility for the future of the sport. The idea is quickly embraced by the membership. Eighty-five of the Top 100 ranked players sign a letter of support for a new tour within weeks of the news conference. Tournament directors representing many of the world's leading events voice their support for the players and join them in what was to become a partnership unique in professional sports – players and tournament each with an equal voice in how the circuit is run.

**1989:** All Top 50 players contractually agree to play the new ATP Tour in 1990. A new calendar is structured allowing for an eight-week off-season and tournaments are realigned.

**1990:** Sponsored by IBM, the ATP Tour era begins with an equal partnership between players and tournaments. The circuit features 76 tournaments in 28 countries on six continents, with prize money averaging a 50% increase at the events. Indianapolis tournament director Mark Miles is named ATP CEO.

**1991:** The first television package for men's tennis broadcasts 19 tournaments to a worldwide audience.

**1993:** The ATP Tour extends its global reach, adding Arabian Gulf tournaments in Doha and Dubai. Prize money continues to rise, increasing by 23%.

**1995:** The ATP Tour launches its first ATP Web site, ATP Online, and further broadens its reach by enlisting the song "Bring It On" from pop star Seal, which he sings at the ATP Tour Awards Gala and Night of the Stars at the ATP World Championships in Hannover.

1996: The Mercedes-Benz/ATP partnership begins with a four-year agreement. As the "Official Car of the ATP," Mercedes-Benz provides official transportation at ATP tournaments, showcases prominent car displays at tournament sites and positions its Mercedes-Benz'star' signage on nets.

**1997:** The ATP Senior Tour of Champions is sanctioned.

# ATP WORLD TOUR TIMELINE

**1998:** Players form a new STARS program as the ATP Tour helps make players more accessible to media, sponsors and fans. ATP broadcasts extend their reach to more than 200 countries.

**2000:** The ATP Tour changes its name to ATP for 2001, introduces a new logo and rebrands its nine premier tournaments the Tennis Masters Series.

2001: A newly launched Web site, ATPtennis.com, highlights the new tournament structure. ATP Properties forms, instigating a more commercial focus and new marketing, licensing and broadcasting opportunities.

**2002:** ATP launches its own publication: DEUCE magazine. The ATP combines with the WTA Tour to create the "One Game" program, enacting initiatives to better serve professional tennis fans.

2005: Etienne de Villiers is named ATP Chairman in June. ATP stars unite behind ATP World No. 1 Roger Federer to raise funds for tsunami victims, donating prize money and organizing the "ATP AII-Star Rally for Relief." At the exhibition, the ATP and UNICEF launch a global partnership called ACE, Assisting Children Everywhere.

2006: De Villiers expands his role to become ATP Executive Chairman and President. The ATP signs several major new sponsorship agreements, including the naming of South African Airways as Official Airline. Doubles stars gain greater support and exposure through a promotional "ATP Doubles Revolution" campaign and new match format. The player challenge, utilizing video review for close line calls, debuts in Miami and is successfully implemented at 13 tournaments.

**2007:** The ATP introduces enhancements to fan, sponsor, media and player experience at tournaments, including elimination of best-of-5 set finals; reduced draw sizes at five ATP Masters Series events, making them 56-player fields to reduce the physical demands on top players and enhance TV scheduling. The ATP also increases prize money for the first time since 2000 and creates a new multi-million dollar marketing fund.

2008: The top three players, Rafael Nadal, Roger Federer and Novak Djokovic, take a leadership role by becoming ATP Player Council members with Federer as president. It's the first time in the organisation's history the top three players have joined the council in the same two-year period. All worldwide tennis organisations (WTA, ITF, ATP & Grand Slam Committee) formed an integrity unit. Sponsorship deals with South African Airways, Ricoh and Enel were renewed while a new agreement was struck with Barclays to become the sponsor of the Barclays ATP World Tour Finals in London.

2009: Adam Helfant takes over as ATP Executive Chairman and President in January. The organisation was rebranded ATP World Tour, the launch of which included a new logo. Three new tournament categories were introduced during the season with ATP World Tour Masters 1000, ATP World Tour 500 and ATP World Tour 250 level events. The points awarded to the tournament winner correspond with the category level. The year-end championship, the Barclays ATP World Tour Finals, was held in London for the first time. The ATP World Tour sets a record attendance with approximately 4.4 million spectators.

**2010:** During the season two major sponsors were announced with the signing of Corona Extra as a premier partner, and FedEx as a platinum partner, while the Tour's partnership with Ricoh also was expanded significantly. In November, ATP Executive Chairman and President Adam Helfant announced that beginning in 2012, the off-season would be expanded by an additional two weeks to seven weeks, in a bid to allow players more time for rest, recovery and training between seasons.

2011: The ATP's new advertising campaign – 'GAME ON' was unveiled and extensively rolled out across ATP World Tour tournaments throughout the season. In July, a multi-year prize money agreement was announced seeing levels on the Tour exceed \$95 million (not including Grand Slams) for the first time by 2014. Two major sponsorship deals were announced with the signing of Moët & Chandon as the 'Official Champagne' of the ATP World Tour, and the State of Rio de Janeiro as the official tourism destination of the ATP World Tour. The ATP ACES For Charity grant programme was launched, with twelve \$10,000 grants being awarded to charitable causes nominated by tournaments and players.

2012: Brad Drewett takes over as ATP Executive Chairman & President in January. The Barclays ATP World Tour Finals welcomed a record 263,229 fans in London, with the four year total since the tournament moved to The O2 exceeding the 1 million mark. It was announced that the season-ending tournament would remain in London a further two years, through 2015, with Barclays extending its title sponsorship of the event. Both HEAD and Ricoh signed multi-year partnership extensions, whilst the ATP approved the move of an ATP World Tour 500 tournament to Rio de Janeiro in 2014. ATP formed a competition committee to evaluate and recommend changes at ATP World Tour and ATP Challenger Tour levels.

### **ATP EXECUTIVE CHAIRMAN**

RAD DREWETT began serving as ATP Executive Chairman & President on 1 January 2012. Drewett had previously served as the ATP's Chief Executive Officer for the International Group since January 2006, overseeing the growth and success of ATP's operations in the Middle East, Asia and Pacific regions.

## HEAR THE AIR SCREAMING.

The HEAD ATP ball provides so much speed and spin - it splits the air on its way to your opponent. And since the ball is fully under your control, you define exactly where it will pierce the air. Thanks to the ball's unmatched durability, for hours and hours you will say, "Sorry air, resistance is futile."

#### JOHN ISNER VS. NICOLAS MAHUT

Over the course of 11 hours and five minutes on June 22-23-24, 2010, at the All England Club, Wimbledon became the focus of the sporting world as No. 23 seed John Isner of the United States, and World No. 148 Nicolas Mahut of France contested the longest-ever match in tennis history. An initial 782 spectators on Court 18, nestled beside the broadcast centre, were treated to a first-round serve-volley dual - overseen by Swedish chair umpire Mohamed Lahyani - that began at 6:08 p.m. on Tuesday and was suspended overnight at 9:03 p.m. at two-sets all. Play resumed at 2:07 p.m. on Wednesday at the start of the fifth set and was suspended again due to bad light at 59-all at 9:10 p.m., with the crowd chanting, "We want more!" The score board was stuck at 47-47 but later was fixed for third day of play. Isner had missed four match points in the fifth set - one at 10-9, two at 33-32 and one at 59-58. At 3:42 p.m. on Thursday, a crowd - six-deep around the court - witnessed the final phase of the record 183-game encounter, which was completed 66 minutes later when Isner hit a backhand pass down the line for a 6-4, 3-6, 6-7(7) 7-6(3) 70-68 record-breaking victory. Isner fired 113 aces to Mahut's 103 aces, the most ever hit in a match. There were 168 consecutive service holds, until the final game. The last break of serve had been in the second game of the second set when Isner was broken at 0-1. The final set alone lasted eight hours and 11 minutes. Before leaving the court, organisers of The Championships presented each player with a crystal bowl and six crystal champagne flutes to mark their historic match.

John Isner, Nicolas Mahut and chair umpire Mohamed Lahyani stand in front of the Court 18 scoreboard after the historic three-day battle.

From 1877 to 1921 the men's singles was decided on a challenge round system, the previous year's winner standing out until a winner of the so-called All Comers event qualified to challenge. The same system applied in the men's doubles from 1886 to 1921. It never applied in the women's or mixed doubles. In those years, the presence of the previous year's winner in the last match means that the title was decided in a challenge round. The Championships were staged at the All England Club, Worple Road, Wimbledon, from 1877 until 1921 when the club moved to Church Road, Wimbledon.

In 1924, after the completion of the West Side Tennis Club Stadium, the championship returned to Forest Hills and was held there through 1977 when it moved to the USTA's new tennis complex at Flushing Meadows, N.Y. National Championships of the United States Tennis Association were provided for when that body was organised, May 21, 1881. The first championship of the United States under uniform conditions, open to all comers and sanctioned by the National Association, was held at The Casino, Newport, R.I., in August 1881, and for 34 years thereafter without interruption.

Before 1890, the national doubles championship was played in conjunction with the singles tournament. From 1890 to 1906 tournaments were held in the East and West, and the sectional winners at these meets then played off for the privilege of meeting the standing-out champions in the challenge round. The 1918 championship was a playing-through tournament, the sectional and preliminary doubles and the challenge round having been done away with. In 1919 the plan of the qualifying sectional winners was restored, although an exception was made in the case of the Australian teams on a visit to the United States at that time, and the last challege round in national doubles was played that year. Since 1920 there have been few changes.
