## 2021 UMPIRE MEDIA ACCESS POLICY/POOL REPORTER SYSTEM

The following protocol must be practiced regarding postgame media access to the Major League Umpires to discuss a rule interpretation, an unusual play, an ejection or a controversial call:

### FOR PLAYS OF INTEREST NOT INVOLVING INSTANT REPLAY

1. A representative of the local chapter of the Baseball Writers' Association of America (BBWAA) should inform the home Club's Public Relations Director that the chapter wishes to have one designated pool reporter speak with the umpiring crew.
2. All members of the local chapter of the BBWAA should be informed who will serve as the chapter's official pool reporter. The establishment of a pool reporter may be announced in the press box.
3. The home Club's PR Director or a representative of his or her department should inform Major League Baseball Communications as soon as a pool reporter has been requested, as well as who will serve as the pool reporter.
4. There shall be a 15-minute cooling off period for the umpiring crew following the completion of the game.
5. The Crew Chief may speak with the pool reporter on behalf of the entire umpiring crew, and/or another umpire involved in a call of interest may speak with the pool reporter with the consent of, and in the presence of, the Crew Chief.
6. Either the home Club's PR representative or MLB Communications will organize a postgame phone call between the pool reporter and the Crew Chief and/or the other umpire involved.
7. Once the pool reporter's questions have been answered, the umpiring crews under no further obligation to speak with any other members of the media.
8. As a condition of arranging a pool reporter interview, either the home Club's PR representative or the pool reporter must submit either a transcript or audio of the interview to MLB Communications following the call's completion.

### FOR PLAYS OF INTEREST INVOLVING INSTANT REPLAY

- A replay official will only reverse a call based on "clear and convincing" evidence.
- Regardless of whether the Crew Chief or another umpire announces the details of a replay decision in-game, explanations of replay decisions will be emailed by MLB to Club Public Relations representatives of each competing team. Those explanations, which are distributed within minutes after the completion of each review, may be shared with members of the media upon request.
- Requests for further information may be directed to Mike Teevan (mike.teevan@mlb.com) of MLB's Communications Department, who will consult the MLB Baseball Operations Department.
- Video footage of replays can be viewed on Twitter @MLBReplays.
- Please note that:
  - » "Game Umpires" will not be expected to address the judgments of the Replay Officials.
  - » The schedules of "Replay Officials," who are active Major League Umpires, will be made available on a weekly basis. Replay Officials may rotate games throughout their assignment.

If you have any questions regarding Umpire Media Access, please feel free to contact Mike Teevan of MLB's Communications Department anytime at [mike.teevan@mlb.com](mailto:mike.teevan@mlb.com).  
Thank you.

## 2021 REGULAR SEASON CLUB/MEDIA REGULATIONS

These guidelines govern media access to ballparks for 2021 Spring Training and the 2021 Championship Season, subject to change:

- 1. MEDIA ENTRY:** All approved media members will be screened for entry to ballparks, subject to club discretion and standards and policies that will govern entry, which are described in MLB's 2021 Operations Manual. This will include credential, security, medical, and temperature screening. Failure to comply with this screening will result in entry to the ballpark being denied. Clubs may begin to allow media into the ballpark no more than four hours prior to first pitch. Media must leave the ballpark no later than 90 minutes following the conclusion of postgame interviews.
- 2. LIMITED NUMBER OF APPROVED MEDIA:** Because the total number of people allowed in a facility is subject to local laws and orders, the Clubs reserve the right to make approvals of media applications based on the applicable local guidance and the ability to safely physical distance all media, including by, if necessary, prohibiting media access on any given day (even those who hold otherwise valid credentials).
- 3. FOLLOWING HEALTH AND SAFETY RULES:** By receiving a media credential, a media member agrees to observe all MLB and Club rules; any applicable government orders in a local market; and other precautionary steps that are in place to preserve health and safety. Clubs may, in their discretion, require a negative COVID-19 test result prior to entry by media members. Media members must wear approved face coverings at all times, covering their nose and mouth, and practice physical distancing while present at a Club facility (whether indoors or outdoors). Media members should bring their own face coverings to the ballpark, but Clubs are permitted to provide face coverings to media upon request. Clubs are permitted to require a media member to use a Club-Provided face covering if the Club determines that the media member's personal face covering is inappropriate for any reason. Media members are required to wash or sanitize their hands frequently. Failure to comply with any health and safety initiatives will result in a loss of access to the ballpark.
- 4. RESTRICTED AREAS:** Approved media members will not be permitted in Restricted Areas or in close proximity to Tier 1 Individuals. Restricted Areas include areas of the ballparks frequented by on-field personnel, including personnel at off-site locations. The Restricted Areas include clubhouses, locker rooms, playing fields, dugouts, training rooms, weight rooms, interview rooms and any route inside the ballpark/facility utilized by Tier 1 personnel.
- 5. CREDENTIALING:** A limited number of media members (including photographers) may receive credentials and access to certain Non-Restricted Areas.
  - A) All media must apply for a daily credential with the home Club's Media Relations/Communications Department at least 24 hours before a game, using MLB's online credentialing system.
  - B) Media members who are not designated as Tier 2 and therefore part of a team's traveling party must be affiliated national baseball writers and must contact the home Club's Communications/Media Relations Department at least 24 hours in advance. **Advance notice is vital in order to plan for physically distanced seating.**
  - C) BBWAA Cards, including gold cards, will be honored during 2021 Spring Training and the 2021 regular season, provided that Clubs are notified 24 hours before the game.
  - D) Media members who plan to travel for road games of the primary team they cover must communicate their plans to the Club's Communications/Media Relations Department prior to each road trip.
- 6. WORKSPACE:** Media members are limited to the workspace provided for them and must not enter other areas of the facility. Physically distanced media workspace(s) within the ballpark, with a roof overhead, will be provided for credentialed media members. The media workspace may be outside of the press box, due to health and safety considerations. Clubs should also establish a physically distanced area outside of the ballpark to accommodate TV requests for live shots or news stories.
  - A) Members of the media will work only from their assigned working area.
  - B) The media workspace must be cleaned and disinfected after every use.
  - C) Elevators should only be used by media members who are unable to use stairs, and limits should be placed on the number of occupants permitted in a single elevator.
- 7. VIRTUAL INTERVIEWS:** All pregame and postgame interviews must take place by video conference or telephone call and shall be coordinated by Club Media Relations/Communications personnel.
  - A) No media will have direct access to players, the manager or other baseball operations personnel.
  - B) This policy is subject to ongoing review by Major League Baseball and its Clubs, based on the advice of medical experts and the applicable local guidance in the host city to determine when and if it would be feasible to introduce in-person, physically distanced interviews or press conferences.
  - C) Only Tier 1 and Tier 2 Individuals may assist interviewees with interview logistics (e.g., holding a microphone, using a video camera).
    - a) *The Commissioner's Office shall assign several MLB technical staff to perform Tier 2 support functions at all ballparks. These individuals should be cross-trained on how to support broadcaster equipment in the event of an equipment outage during the game. These individuals will also perform tasks such as supporting Dugout iPads, replay and video equipment in the Clubhouse, and robotic cameras including Ballpark Cam. In general, all equipment installation and service should occur while players are not in the ballpark. Equipment support during a game will only be permitted in an emergency. Additionally, the Commissioner's Office shall assign a Tier 2 MLB staffer to perform the duties of the replay headset technician and video room monitor.*
- 8. EXPECTED MEDIA AVAILABILITY:** Interviews via video conference or telephone shall include:
  - A) **Managers** should be available both pregame and postgame. Postgame interviews with managers should begin approximately 10 minutes after the final out of the game. The manager's pregame media availability will be expected to occur prior to the start of his Club's batting practice.
  - B) **At Least One Player Per Day** should be made available pregame, with an emphasis on position players.
  - C) **Players Most Relevant to a Game's Outcome** should be made available postgame, soon after the completion of the manager's media availability.
  - D) **Special Requests** should be accommodated when possible, especially for members of the Baseball Writers' Association of America. Clubs shall make all best efforts to provide access to players of interest, particularly when circumstances warrant (milestones, homecomings, injuries, etc.).
  - E) Video b-roll of workouts and batting practices and audio/video of media availability appearances should be made available by the Club Media Relations/Communications Department. Additionally, **all virtual interviews should be uploaded to each clubpressbox.com site on a daily basis** and in a timely fashion.
- 9. PHOTOGRAPHY:** Clubs may credential still photographers from outside media outlets. Still photographers will shoot the game from portions of the seating area, must avoid touching surfaces with their hands, and must maintain a safe, physically distanced space between them. The photographers may move around portions of the seating bowl during games; however, they must maintain a six-foot "buffer zone" between themselves and the playing field at all times. Photographers may work from the on-field camera wells with Club approval provided that there is plexiglass installed properly, which can be an acceptable replacement for a buffer zone. Photographers may only enter the camera wells through the seating bowl and are strictly prohibited from entering the playing field to gain access to the camera wells. Clubs will detail for photographers which portions of the seating bowl they may access. Photographers may also shoot from any of the off-field photo locations throughout the ballpark with Club approval. Photographers may set up remote cameras in areas proximate to the field, but these cameras must be installed and serviced when players are not inside the ballpark. At no point should a photographer enter the playing field, clubhouse, interview room or other Restricted Area. Photographers are not permitted into the ballpark until four hours prior to first pitch and must leave the ballpark no later than one hour after the conclusion of the game.
- 10. MEALS:** If Clubs provide food service to media, the food must be in individually packaged containers or bags, in takeout form. Media members are permitted to bring outside food into the ballpark, subject to Club approval and screening upon entry.

### GENERAL PRINCIPLES

11. Media credentials are not transferable.
12. The Commissioner's Office reserves the right to revoke inappropriately issued credentials.
13. Under no circumstances shall any club discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.
14. MLB's Code of Conduct must be posted prominently at each ballpark, including in clubhouses and media areas. Harassment, physical abuse or threats directed to members of the media (and/or official scorers) by baseball personnel will not be tolerated. Disciplinary action, including fines and suspensions, will be considered in any cases that arise.
