## ATHLETICS BRAND GUIDELINES

Each part of our great University contributes powerfully to ECU's standing and reputation, and the ECU Athletics Brand carries a great responsibility to consistently present a high-quality image representing East Carolina University to local, regional and national audiences.

Brand standards ensure all athletics advertising and promotional materials share a symbolic commonality representing our entire University. These standards apply to displays, uniforms, team apparel, equipment, facilities – every representation of our Brand.

These branding standards are comprised of tightly consistent dimensions, style, symbols, design, character and colors. This disciplined consistency is imperative for high-level branding. Deviation from the official identity as shown in this Guide, or specified in the Athletics Branding - Trademark Licensing Guidelines is not permitted.

All athletics units are required to adhere to these branding and identity standards.

Additional information related to brand identifier uses with facilities, events, apparel, uniforms, equipment, awards/gifts, digital and social media, electronic email signatures, stationery, videography, writing style, athletic camps and clinics and other applications are contained in the Athletics Branding - Trademark Licensing Guidelines. Information related to university departments, student organizations and commercial use of ECU trademarks can be found at [www.ecu.edu/licensing](http://www.ecu.edu/licensing).

## ECU ATHLETICS MARKS

Our brand is ECU, and the umbrella of this brand embraces each of our “products”: colleges, divisions (including the athletics department and every one of its teams). All athletics marketing will take place within the approved brand parameters.

The ECU brand is distinguished by three important elements:

- 1) Purple and gold - ECU is one of only three FBS institutions using these colors.
- 2) Only “Pirates” in FBS.
- 3) Only “ECU” in FBS.

The ECU logotypes, word marks, the Pirate Club mark; and the athletics spirit marks are the only marks approved for use to represent the university and the athletics program by the athletics community. No other marks or logos may be used without prior written approval through the licensing office. The licensing office staff, working with designated athletics administrative staff, will review any special requests from athletics areas/sports related to the use of marks/graphics or other representation of athletics and the university.

Our branded pirate marks must be used as approved and displayed in this guide. Any other pirate representation (skulls, crossbones, skeleton, clip art pirates etc.) must not be used to represent or associate with the university and/or the athletics department.

The Athletics Style Guide is available for athletics staff to ensure brand consistency and discipline. This guide is located on line at [www.ecu.edu/licensing](http://www.ecu.edu/licensing), [www.ecupirates.com](http://www.ecupirates.com) or the printed version can be accessed through the ECU Trademark Licensing and Athletics Marketing offices.

## COLOR PALETTE

Color is the most fundamental, yet most powerful tool that can bring our brand to life, creating or associating a mood or feeling. Color is paramount in establishing the identity and strength of ECU. Purple and gold are the official colors of ECU and one of the strongest elements of East Carolina's identity and personality. It presents a strong visual impression that constantly reinforces our brand.

ECU's identity is greatly strengthened by using these official colors with absolute consistency.

Refer to the color formulas on page 11 for all printed and Web-related applications. The Pantone Matching System® can be used for color specification. Purple matches Pantone 268 for both coated and uncoated papers. Gold matches Pantone 109 (U) for uncoated papers and Pantone 123 (C) for coated papers. All apparel, equipment (non-paper) etc. uses should match 109U. Note that color will appear different when viewed on a screen versus printed and each screen is slightly different. Take these into consideration and match the ECU official colors.

Colors such as black, white or any others are considered accent colors and are not official colors of East Carolina University.

NOTE: At times, an expanded color palette or colors outside of the core palette is necessary. Examples would be the occasional use of a unique uniform, like those that support special initiatives such as breast cancer or honoring U.S. military service members. Although acceptable for special situations, utilizing colors outside of the primary color palette is not intended for long-term use. Retail branding has seasonal palette flexibility and when used correctly, will complement the primary color palette utilized by ECU Athletics.
