INTRODUCTION

The James Madison University Athletics brand identity is comprised of a system of closely related marks including a primary logo, secondary logos, word marks and sport specific marks. This guide details the usage of all components within the identity system.

This guide is intended as a resource for both internal departments as well as external vendors who apply the athletics identity. It was created to help ensure consistent use of all logos across a wide variety of applications. The following pages should be considered official policy of James Madison University related to all use and reproduction of its athletics identity.

All logos included within this guide are property of James Madison University. Any use without consent is strictly prohibited. These marks are controlled by the Collegiate Licensing Company, and all vendor inquiries can be directed to CLC.

For naming purposes, first preference for all references to the athletics program is “James Madison” or “JMU.” The program’s sports teams are identified as the “Dukes” and should never be listed as the “Lady Dukes” or “Duke Dogs,” the latter being the institution’s mascot but not its teams’ nickname.
