Credential Applications

Kansas City Current is accepting applications for Season-Long Credentials and Single-Game Credentials. Members of the media with season-long credentials will be given priority at all Kansas City NWSL home matches. Due to COVID restrictions, space is limited and media must RSVP to gain access. Media credentials do not guarantee entry into the venue without prior reservation.

All single-game credential requests must be submitted in advance two (2) days prior to the scheduled match. Applications and reservations can be found throughout the season at kansascitycurrent.com/credential-applications

Upon arrival at the venue, your name will be confirmed on a list of approved attendees for that particular match. Once your name is confirmed, you will receive a credential that allows you to enter and exit the venue. Your credential access will determine the areas of the venue you will be able to visit.

No individuals other than League or Club representatives shall be allowed in Club locker rooms following a game.

Under no circumstances shall any club and/or its players discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.

Seating Access: Accredited media members will have access to the stadium, professional workrooms and stadium seating, if available. During the match, accredited media will have access to the press box which will be restricted to only those accredited media members.

All credentialed media shall be seated in media seating areas, consistent with treatment afforded comparable media. In addition, all members of the media are to be afforded equal treatment and access to facilities and personnel, regardless of sex.

Photographer Access to field: Photographers shall be permitted behind the field boards in designated areas in Legends Field. Photographers must not be blocking viewing of fans or spectators in any capacity.

Once situated, no movement shall be permitted until halftime. Changes in this policy will be allowed in cases where stadium facilities dictate alterations. No photographers shall be allowed near the team benches.

Game Day Photographer Identification: In addition to their regular credential photographers will be issued colored bibs. Photographers will pick up their bib when they check-in at the stadium and return as they leave.

Game Day Photography Work Area: A work area will be provided for photographers, near the field where appropriate, with high-speed internet access.

NON-RIGHTS HOLDER VIDEO GUIDELINES

Video Footage:

All rights to match footage including all applicable copyrights belong to the National Women's Soccer League and its rights holders who broadcast each specific match.

Television Broadcasters

Game Action: Television broadcasters can use footage of NWSL events obtained either via 1) their own recording or 2) action dubbed from a NWSL rights holder broadcast with credit only in connection with its regularly scheduled news programming within a week of the game. This footage should not exceed two (2) minutes. Highlights aired as part of a continuous news program should not be longer than one (1) minute per 30-minute segment. Credits: NWSL / Kansas City.

Filming – Game Action: FOR TELEVISED EVENTS, NON-RIGHTS HOLDERS / ENG CAMERAS MAY RECORD THE FIRST 5 MINUTES OF EACH HALF. For non-televised events, non-rights holders / ENG cameras may record the entire game but are still subject to the aforementioned limits. This includes events that are web streamed live online.

Filming – Interviews and Scene Sets: There is no limit to the gathering of footage pre-game, at halftime and post-game. All footage gathered is subject to the usage guidelines indicated in this document.

Filming – In Seating Area: Video cameras looking to shoot in the concourse or seating area must contact home team and NWSL in advance of the event for approval.

Previews or Advances: In advance of a NWSL event, television broadcasters can use two (2) minutes of archival game action to preview an upcoming event. In the local/regional markets, broadcasters should mention the time and location of the game along with their report. Outside of the local markets, broadcasters should mention the time and broadcast information.

Television Broadcasters' Web Sites: Video produced for air as part of regular programming that is simulcast or archived online must be accompanied by a link to NWSLSoccer.com. Content produced exclusively for the Internet is subject to the guidelines for Online Video.

Online Video

Game Action: Online organizations (including print publications that post video online) are not permitted to film or use game action video without prior written approval by NWSL. Game action includes any footage of the field, teams, etc., following the beginning of the television broadcast window. Only video of off-field activities (i.e. interviews, training sessions) may be recorded.

Non-Game Video: Any video posted online that is recorded as part of media access is limited to the use of eight (8) minutes per day/activity date. Online video may not incorporate integrated advertising and must be accompanied by links to NWSLSoccer.com.

Professional Presentation: Online video is expected to be recorded, edited and presented in a professional manner. Video must be presented/hosted on an organization's website, and not solely on a site provided by a third-party (i.e. YouTube, Vimeo, Facebook, etc.).

Online Video Sites: Organizations who regularly post video to online video sites (i.e. YouTube, Vimeo, etc.) may not include advertising with video gathered as a result of media access. Allowing users to embed these videos is not permitted, and the description of any video must include a link to NWSLSoccer.com.
