## COMMISSIONER BRETT FROOD

Brett Froid became Commissioner of the National Lacrosse League in September 2022. He is just the fifth Commissioner in NLL history since its relaunch in 1997. Froid joined the NLL from Stewart-Haas Racing, where he served as President of the NASCAR team since its inception in 2008, leading all business initiatives for the championship-winning organization co-owned by NASCAR Hall of Famer Tony Stewart and industrialist Gene Haas.

Froid joined Stewart, the championship-winning INDYCAR and NASCAR driver, after graduating from Harvard Business School to manage and expand all of Stewart's business interests, including, but not limited to, Eldora Speedway in Rossburg, Ohio, Tony Stewart Racing, The Tony Stewart Foundation, the introduction of Tony Stewart's Original food line, the All-Star Circuit of Champions, and the 2021 launch of Superstar Racing Experience, a primetime racing series airing on CBS.

As President of Stewart-Haas Racing, Froid managed all aspects of the racing and commercial operations of the \$100M+ enterprise that won two NASCAR Cup Series championships (2011 and 2014) and a NASCAR Xfinity Series title (2018) while totaling more than 90 victories. During his tenure at Stewart-Haas Racing, Froid led an organization with 350 employees and negotiated over \$600 million in corporate partnerships. He also represented Stewart-Haas Racing on the Race Team Alliance, an organization consisting of all NASCAR Cup Series teams with the goal of promoting, marketing and expanding commercial opportunities of the teams and drivers as well as working with NASCAR in the collective growth of the industry.

Prior to business school, Froid worked in equity capital markets on Wall Street and pursued entrepreneurial interests in Europe before enrolling at Harvard Business School. During his time at business school, he was the Co-President of the Business of Sports Club and a marketing intern for the New York City Olympic Organizing Committee, which attempted to bring the 2012 Summer Olympic Games to New York, in 2003.

A native of Elbridge, N.Y., Froid played lacrosse at his undergraduate alma mater, Brown University, where he was a multi-year starter, team captain, Final Four member, and two-time Ivy League Champion at Attack/Midfield for the Bears. He also led the team in scoring his senior season.

Brett has continued his involvement in lacrosse, where he has been a youth lacrosse coach since 2010, while also coaching the Cannon School Varsity team, the 2022 NCISAA Division I State Champion in North Carolina. He is also the Head Coach and College Recruiting Director for the Carolina Miner's 2024 Boys Elite Team.

Froid was a 2012 Forty Under 40 honoree by The Sports Business Journal, and currently lives in Davidson, N.C., with his wife Robin, and their children, Cole, Quinn and Charlotte.

# INTRODUCTION TO THE NLL

The National Lacrosse League Media Guide and Record Book profiles the league's history and sets the scene for the 2022-23 NLL season, marking the 36th year of professional box lacrosse. The league played its inaugural game in January 1987, in what was first known as the Eagle Pro Box Lacrosse League. In 1988, the name was changed to the Major Indoor Lacrosse League (MILL). The MILL became the National Lacrosse League (NLL) following the 1997 season. All of the statistics and records in this book encompass all 35 seasons of the league's existence. Therefore, a League Record is one that covers all three names and the league's entire 35 year history. A complete timeline of the major events in league history can be found in this book.

The National Lacrosse League plays box lacrosse. The game is played inside the confines of an ice hockey rink, with glass and rink boards intact. The playing surface is artificial turf, which is placed directly over the arena's ice surface. Each team plays with five runners and a goaltender. The combination of the confined playing area and the physical play leads many fans to describe box lacrosse as "like hockey, on foot, with more scoring."

A combined 23 goals are scored in the average NLL game. Box lacrosse is similar to basketball in terms of its frequent scoring, use of a shot clock (30 seconds), and use of the over-and-back rule. When teams are on offense, they often spread the floor and pass the ball around in a manner similar to that of basketball.

The NLL game is played in four quarters, each 15 minutes in length. Games that are tied at the end of regulation are decided in overtime, where the first team to score wins the game. There are no tie games and there are no points or credit awarded for an "overtime loss" in the NLL. The standings and team records are strictly Wins-Losses.

Each team plays an 18-game regular season schedule. The NLL schedule is structured in a similar fashion to that of the National Football League. All games are played on the weekends. The weekends of the schedule are numbered. Opening weekend of the season is Week #1. As the League has grown, so has the schedule. Here is a look at schedule growth in recent League history.

## CONFERENCE & PLAYOFF FORMAT

The league's conferences consist of the East and West Conference with the NLL's recent expansion. The Albany FireWolves, Buffalo Bandits, Georgia Swarm, Halifax Thunderbirds, New York Riptide, Philadelphia Wings, Rochester Knighthawks, and Toronto Rock make up the East Conference. The West Conference is comprised of the Calgary Roughnecks, Colorado Mammoth, Las Vegas Desert Dogs, Panther City Lacrosse Club (Fort Worth, TX), San Diego Seals, Saskatchewan Rush, and Vancouver Warriors.

A total of eight NLL teams qualify for the playoffs. The top three teams from the West Conference and top four teams from the East Conference will qualify for the playoffs. The eighth seed will be determined by the better record between the fourth team in the West and fifth place finisher in the East, per NLL tiebreaker rules. For the single-game elimination in the first round, the first seed from each Conference will host the fourth seed from that conference, the second seed will host the third seed.

The four winning teams from the first round will play in an expanded best of three series in the second round within the same conference with the higher seed hosting Game 1 and Game 3 (if necessary).

The NLL Cup Finals is a best-of-three series, with the higher-seeded team hosting Game 1 and Game 3 (if necessary).

# BOX LAX 101

**Assist** - Awarded to the player or players (maximum of two) who touched the ball prior to the goal, provided no defender plays or possesses the ball in between.

**Body Check** - Slowing or stopping an opponent in possession of the ball. The check must be above the waist and below the shoulders.

**Breakaway** - One-on-one scoring opportunity with the offensive player and the goaltender.

**Cradling (the ball)** - The back and forward motion of the stick with the ball in the pocket. The cradling keeps the ball inside the pocket, making it difficult for the defender to dislodge or take it away.

**Crease** - Nine-foot diameter area which surrounds the goals at each end of the playing surface. A goal is disallowed if a player scores while standing inside this area or steps on the line that defines the crease.

**Cross Check** - Using the shaft of the stick between his hands, the defensive player tries to push on the opponent's arm forcing a poor pass or shot.

**Face-Off** - The action when the ball is placed in the center circle and two opposing players face each other in a scrum of possession. A Face-Off takes place to start the game, each quarter of play, and begin play after a goal is scored.

**Goal** - Awarded to the last player on the scoring club to touch the ball prior to the ball entering the net.

**Hidden Ball Play** - A player without the ball starts to cradle his stick drawing the attention of the defense while another teammate candidly passes the ball or shoots on net.

**Loose Ball** - There is no possession and the ball is bouncing, rolling or rebound on the boards or goaltender. Loose balls are also sometimes referred to as ground balls.

**Major Penalty** - Five minutes in length. Penalty time expires on the scoring of three goals, but penalized player must remain in penalty box for full five minutes.

**Man Down** - A team is considered this, or short-handed, when they must send out a four- or three-man unit as a result of having one or two of their players in the penalty box.

**Minor Penalty** - Two minutes in length. Penalty expires upon the scoring of a goal; penalized player returns to floor.

**Offensive Screen** - Legal action by an attacking player to impede the defensive coverage of a defender on an attacking player "without" possession of the ball.

**Outlet Pass** - The first pass from the goaltender that begins the transition from defense to offense.

**Penalty Box** - Off-field area, near midfield, where players serve penalty time.

**Pick** - Legal interference by an offensive player from a set position on a defensive player who is playing defense on the ball carrier. If two players execute the pick, it is referred to as a double pick.

**Power Play** - When a team has a(n extra) man advantage because of a penalty situation against the opposing team. Power plays can take the form of five-on-four, five-on-three, or four-on-three. Following are some examples of what is and is not considered a power-play goal:

- If a club has an advantage on a minor penalty starting at 2:02 of a quarter and it scores at 4:02, the goal is not a power-play goal.
- If a club scores on a delayed penalty, the goal is not a power-play goal.
- If a club has an advantage due to five-minute major penalty, that club is always credited with having one more advantage than the number of power-play goals it scores during that advantage; because the penalty does not expire, a new advantage begins after such a power-play goal. For example, if Team A scores one goal during a major penalty, it is credited with two advantages.
- If a club is on a power play for any length of time, it is considered to have had an advantage.
- A double minor constitutes two opportunities.

**Screen Shot** - A shot on goal that is difficult for the goaltender to see because of the high amount of player traffic in front of the crease area.

**Short-Handed Goal** - Scored by a club while it is at a manpower disadvantage due to a penalty.

**Shot On Goal** - If a player shoots the ball with the intention of scoring and the goaltender stopped it, the shot is recorded as a shot "on goal". Shots which hit either of the goal posts or the crossbar are also credited as a shot on goal.

**Technical Penalty** - Result in loss of possession of the ball. Minor violation; no time penalty.

**Tenths Of A Second** - If a penalty or goal occurs in the last minute of a quarter, the time is rounded out to the previous second (i.e. - if a penalty is called with 14.6 seconds left in the quarter, the time is indicated as 14:45, and not 14:46).

# PLAYOFF TIEBREAKERS

The National Lacrosse League has announced tiebreaker scenarios to be used to determine order of finish in the standings and seedings, including the wildcard seed, coinciding with the playoff format for the 2022-23 NLL season.

## CONFERENCE TIEBREAKERS

1. Head-to-head winning percentage between tied teams
2. Conference winning percentage
3. Head-to-head goal differential
4. Conference goal differential
5. Winning percentage against common opponents played an equal number of times
6. Strength of victory (Combined Win% of all teams defeated; teams defeated multiple times will count the number of times defeated)
7. Strength of schedule (Combined Win% of all teams competed against; teams competed against multiple times will count the number of times competed against)
8. League wide goal differential
9. Goals For
10. Goals Against
11. Coin toss.

*The above order will determine 4th place in the West Conference and 5th place in the East Conference.*

Once it is determined who is properly slotted in each conference, the league uses the overall tiebreakers to determine who earns the wildcard spot:

## OVERALL TIEBREAKERS

1. Head-to-head winning percentage between tied teams
2. If the fifth place team in the East Conference and the fourth place team in the West Conference are tied in record and have the same head-to-head winning percentage against each other, the fourth place team in the West
3. Conference shall prevail in the tiebreaker between the two teams.
4. Winning percentage against common opponents played an equal number of times
5. Head to head goal differential (NOTE: in case of three or more teams being tied, all teams must have played each other in order to apply this tiebreaker)
6. Strength of victory (Combined Win% of all teams defeated; teams defeated multiple times will count the number of times defeated)
7. Strength of schedule (Combined Win% of all teams competed against; teams competed against multiple times will count the number of times competed against)
8. Leaguwide goal differential
9. Goals For
10. Goals Against
11. Coin toss.

**Note: Strength of victory and Strength of schedule factors into the team's final record, not the record at the time the teams played.**

# ESPN & TSN BROADCASTING

In 2021, the National Lacrosse League reached a 3-year deal with ESPN and TSN to nationally televise NLL games in Canada and the United States. Through the partnership with each country's leader in sports coverage, the NLL aims to provide fans with the most extensive distribution of games in league history. The deal currently runs through the 2023-24 season.

The deal with TSN includes a featured Game of the Week package on the network's linear platforms. Twenty games can be seen on TSN1 through TSN4 as part of the featured package. The deal with ESPN includes at least 10 linear telecasts on select ESPN linear channels, including ESPN2, ESPNU, and ESPNNews.

Every regular season and postseason game is available to fans via TSN+ and ESPN+. Viewers must subscribe to either platform. For the most up-to-date schedule, visit [NLL.com](http://NLL.com)
