TEAM MANAGEMENT

A founding investor-operator of Major League Soccer, FC Dallas Chairman and CEO Clark Hunt remains one of the most innovative and influential members of the MLS Board of Governors.

Hunt shares his late father Lamar Hunt's passion for soccer and the family's vision for the sport's success in the United States. At Lamar's request, Clark engaged in the formative discussions for MLS lending his proven business acumen to the league's financial and legal structure. Now in its 28th season, MLS has earned a stake in the landscape of professional sports and is well-positioned for future growth.

In 1999, Hunt worked closely with his father to construct the first "soccer-specific stadium" in the United States in Columbus, Ohio. Realizing the vision of Lamar Hunt, the debut of professional soccer at Columbus Crew Stadium on May 15, 1999, represented a pivotal moment in the history of MLS and solidified the long-term viability of soccer in the United States. Six years later, in 2005, Hunt Sports Group, now known as Hunt Sports LLC, unveiled what is now Toyota Stadium, a 145-acre soccer complex in Frisco, Texas, and the home of FC Dallas.

As stadium construction, new investment, player development and a broadening fan base continue to shape the soccer marketplace in North America, Hunt is intimately involved in the development and direction of MLS. Hunt currently serves as the Co-Chairman of the Product Strategy Committee and as a member of the league's Labor and Governance Committees.

In addition to his roles in MLS, Hunt serves as Chairman and CEO of the Kansas City Chiefs. In

FC DALLAS CEO HUNT SPORTS LLC CHAIRMAN

CLARK K. HUNT

2007, NFL Commissioner Roger Goodell appointed Hunt to the NFL's Digital Media and International Committees, as well as the Executive Committee of the NFL Management Council. In 2011, Hunt was named Chairman of the International Committee and joined the league's Finance Committee. Hunt also serves on the league's Personal Conduct Committee and Commissioner Roger Goodell's Chairmen's Committee. In February 2019, Hunt was named chairman of the Finance Committee and relinquished his role as chairman of the International Committee where he remains a member.

Hunt graduated first in his class at Southern Methodist University in 1987, earning a degree in business administration with a concentration in finance. He was a two-time recipient of the university's highest academic honor, the Provost Award for Outstanding Scholar. During his time at SMU, he was a four-year letterman on the Mustangs' nationally ranked soccer team, earning first-team Academic All-America honors as a junior and senior and serving as a tri-captain his final season. He was named one of the SMU Cox School of Business Outstanding Young Alumni in 2004, and in 2005, he was appointed to the Cox School Executive Board of Trustees. In 2018, he was honored as a Cox School of Business Distinguished Alumni recipient. Hunt also has served on the SMU Board of Trustees since 2009.

Hunt and his wife, Tavia, are involved in numerous philanthropic efforts focused on children's health and youth education including Crystal Charity Ball, "Just Say Yes," and the Special Olympics. Through the FC Dallas Foundation, the Hunts have helped provide well-lit mini-pitches in low socio-economic areas of the Dallas – Fort Worth community that provide safe playing environments and facilitate active lifestyles for local youth.

Clark Knobel Hunt was born on Feb. 19, 1965 and graduated from the St. Mark's School of Dallas in 1983. The Hunts have three children – Gracelyn, Knobel and Ava.

HUNT SPORTS LLC VICE PRESIDENT OF OPERA- TIONS

JOHN A. WAGNER

John is currently the Vice President of Operations for Unity Hunt, Inc and serves as a liaison between FC Dallas and the Hunt family office.

Wagner began working for Hunt Sports LLC in 1997, while living in Kansas City, Missouri. After overseeing the development and construction of Crew Stadium, the first MLS soccer-specific stadium in the U.S., John and his family moved to Southlake, Texas in 1999 to begin working at the Hunt family office in Dallas.

The Hunt family acquired FC Dallas (formerly the Dallas Burn) at the beginning of the 2002 MLS regular season. May 2002, HSG began discussions with the City of Frisco on the development of the first partially public funded MLS stadium and soccer complex in the U.S. Negotiations finished in April 2003 with unanimous consent from the public entities participating: City of Frisco, Frisco Independent School District and Collin County. FC Dallas Stadium opened on August 6, 2005 as the third MLS soccer-specific stadium.

Wagner assisted in the coordination of building the National Soccer Hall of Fame and Toyota Stadium improvements which was a three-year process completed in October 2018. Since 2011, he has served as the Local Organizing Committee Chair for Team Frisco (City of Frisco, Southland Conference and Toyota Stadium), which hosts at Toyota Stadium the FCS Championship Game on behalf of the NCAA. He also assists with the hosting of the annual Tropical Smoothie Café Frisco Bowl since 2017.

Prior to joining HSG, John has 13 years of CPA experience in public accounting through 1996, including nine years with Price Waterhouse Coopers (formerly Coopers and Lybrand) in Kansas City. He specialized in entrepreneurial business and family-owned business consulting, with an emphasis on federal and state tax issues, budgeting and financial controls. John graduated with a Bachelors of Science Degree in Business Management at the University of South Dakota, and completed his MBA at the University of Missouri in Kansas City in 1986.

Dan Hunt has served as the President of FC Dallas since 2014. He also serves as a member of MLS’ Board of Governors and the league’s Business Ventures Committee.

Hunt spent years working on the design and construction of Toyota Stadium and Toyota Soccer Center with his late father and American sports icon, Lamar Hunt. Since the venue’s opening in 2005, Hunt has used the venue to help establish FC Dallas as the leader in youth development in North America. Toyota Soccer Complex, a 145-acre facility complete with 17 professional-grade soccer fields, has quickly become one the most rewarding stadium designs in professional sports. Rated as one of only two five-star facilities by the 2011 U.S. Soccer Development Academy Rankings, Toyota Soccer Center has helped FC Dallas sign an MLS-record 35 Homegrown players since 2009.

Hunt also oversaw the \$58 million construction of the National Soccer Hall of Fame in the south end of Toyota Stadium. The project included more than 70-thousand square feet of renovated space, new locker rooms, premium seats, a private club and the National Soccer Hall of Fame Experience.

In May 2017, Hunt, along with his brother Clark, ESPN and the City of Frisco officially announced that the newly-relocated Frisco Bowl (previously known as Miami Beach Bowl) would call Toyota Stadium home starting on December 20, 2017 at Toyota Stadium. Louisiana Tech became the first Frisco Bowl Champions after beating SMU 51-10.

Outside of his responsibilities with FC Dallas, Hunt is involved in the Hunt family’s long-standing

interest in the NFL’s Kansas City Chiefs. During the 2010 season, Hunt assisted in the renovation of Arrowhead Stadium.

In 2016, Hunt and Robert Casterline loaned their multi-million dollar football card collection to the Pro Football Hall of Fame in Canton, OH. Considered by many the most valued collection of football trading cards in the world, the collection includes rare complete sets, important rookie cards as well as informational displays which tell the story of American football and the hobby of card collecting.

Hunt began his business career as Vice President of New Business Development for Gemini Voice Solutions in New York City, a provider of voice-over internet protocol for home-to-home calling in the United States.

Hunt is a graduate of Southern Methodist University and St. Mark’s School of Texas. Hunt and his wife, Toni, have two daughters, Darlington and Tennyson. The Hunts are involved in the Texas Women’s Foundation as well as a variety of other philanthropic organizations throughout Dallas/Fort Worth.

FC DALLAS HISTORY

FC DALLAS

A member of Major League Soccer since its inception in 1996, FC Dallas is owned and operated by Hunt Sports LLC

The professional team plays from April to November at Toyota Stadium in Frisco, Texas. One of the first soccer-specific stadiums built in the United States, the venue plays host to Major League Soccer matches, concerts, international soccer matches and high school football. Toyota Stadium is also now the home of the National Soccer Hall of Fame, located on the south end of the stadium. The 145-acre Toyota Soccer Center includes 17 regulation-sized, tournament-grade soccer fields and is also home to the organization's nationally-renowned youth development system and USSDA National Championship Academy program, boasting 32 Homegrown signings to the professional team.

FC Dallas became a charter member of Major League Soccer on June 6, 1995. Known originally as the Dallas Burn, the team's colors (green and red) and logo (fire-breathing horse) were unveiled at a gala in New York City on October 17, 1995. That same day, MLS announced that Mexican-icon Hugo Sanchez was allocated to the team as its first player in team history. Six months later, Dallas

played its first MLS game, defeating the San Jose Clash (now Houston Dynamo) in front of 27,779 fans at the Cotton Bowl in Dallas on April 14, 1996. In its second year, Dallas claimed its first major championship, winning the 1997 U.S. Open Cup title by defeating D.C. United 5-3 on penalty kicks after a scoreless game.

The franchise was a league-owned entity from its inception until the fall of 2003, when Lamar Hunt and his family took over the operating rights. The team changed its name to FC Dallas after the conclusion of the 2004 season. As part of the club's rebranding, new uniforms and a new logo (designed by Lamar Hunt) were also unveiled.

The logo features the name FC Dallas and the number 96, signifying the year the club played its inaugural game, above a drawing of a bull, signifying the kind of Texas cattle that were driven along North Texas trails throughout the 19th century. The logo features the club's new colors red, white and blue. After playing all of the team's home games at either the Cotton Bowl in Dallas or Dragon Stadium in Southlake, Texas for the first nine-and-a-half seasons of its existence, FC Dallas moved to its new home, Toyota Stadium, the third soccer-specific stadium in MLS, on August 6, 2005.

Since 1996, FC Dallas has compiled a regular season record of 348-317-189. The club has qualified for the postseason in 19 of its 27 seasons. Under longtime SMU head coach Schellas Hyndman, the team won its first Western Conference Championship and reached its first MLS Cup Final in 2010, but fell, 2-1, to the Colorado Rapids in overtime of a match hosted by Toronto FC in Toronto, Canada. A former player, Oscar Pareja became head coach of FC Dallas in 2014 and established a new identity for the franchise based around the FC Dallas youth academy. Since establishing the club as the leader in youth development in MLS, Pareja compiled franchise-record, 60-point seasons in 2015 and 2016, claimed the franchise's first Supporters' Shield (regular season championship) in 2016 and second Lamar Hunt U.S. Open Cup title (2016).

In Nov. 2018, FC Dallas and USL League One announced that an FC Dallas-owned team would be a founding member and begin play during the league's inaugural season in 2019. The FC Dallas-operated franchise was the League One's 10th and final founding member for the 2019 season. On Dec. 6, 2018, North Texas Soccer Club, FC Dallas' USL League One club, announced its team name, logo and colors. FC Dallas President Dan Hunt along with newly-named North Texas SC General Manager Matt Denny also announced the team's first player signing, 15-year-old forward Ricardo Pepi. North Texas SC plays a majority of its home games at Globe Life Park in Arlington, the former home of the Texas Rangers. North Texas SC is led by head coach Eric Quill, a former Dallas Burn player. On Oct. 19, 2019, North Texas SC won the league's inaugural title with a 1-0 victory over Greenville Triumph SC.

COMPETITIONS

The main goal for every team throughout the MLS regular season is to put itself in position to win the MLS Cup in November. Along the way, there are several other competitions that FC Dallas will participate in. These competitions are played during the regular season, which is why on some occasions, FCD will play against another MLS team but the results won't have an impact on the regular season standings.

SUPPORTERS' SHIELD

The Supporters' Shield is given to the team that finishes the MLS regular season with the best record in the league (most points).

CONCACAF CHAMPIONS LEAGUE

U.S.-based MLS teams qualify for the annual tournament by 1) Winning MLS Cup 2) Winning the Supporters' Shield 3) Having the best regular-season record in the conference opposite the Supporters' Shield winner or 4) Winning the U.S. Open Cup. Each year, the four qualified teams from the previous season, represent the U.S. in the CONCACAF region (North America/Central America/ Caribbean).

FC DALLAS IN CONCACAF CHAMPIONS' LEAGUE

FCD first qualified for the CCL tournament in 2011 by advancing to MLS Cup in 2010. It was eliminated in the final match of the Group Stage by Toronto FC in 2011. FC Dallas grabbed its second CCL berth by finishing first in the Western Conference during the 2015 MLS regular season. FCD advanced out of the Group Stage, defeated Arabe Unido (Panama), 5-2, in the Quarterfinals but fell, 4-3, to Pachuca in the 2017 Semifinals. FC Dallas qualified for the 2018 tournament by winning the 2016 Supporters' Shield/U.S. Open Cup.

LAMAR HUNT U.S. OPEN CUP

The Lamar Hunt U.S. Open Cup is an annual competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. The tournament crowned a champion for 106 consecutive years dating back to 1914. The 2020 and 2021 Lamar Hunt U.S. Open Cup tournaments were cancelled due to the COVID-19 pandemic, ending the 106 years of consecutive play. Within the U.S. Open Cup framework, teams compete in one of three categories: professional outdoor Division I (MLS), Division II (USL/NASL) or Amateur Division (USL Premier Development League & U.S. Adult Soccer Association). FC Dallas won the Open Cup in 1997 as the Dallas Burn and has reached the final on two other occasions (2005 vs. LA Galaxy, 2007 vs. New England Revolution). FC Dallas hoisted the 2017 Open Cup after defeating the New England Revolution, 4-2, in front of a capacity crowd at Toyota Stadium on Sept. 13.

EL CAPITÁN—THE CANNON

The San Jose Clash relocated to Houston ahead of the 2006 season, an instant rivalry was born between the two Texas-based MLS teams. Prior to the first-ever meeting, the teams agreed to play, each season, for the right to keep a 18th century Mountain Howitzer cannon named El Capitán.

FC DALLAS IN THE BATTLE FOR EL CAPITÁN

Houston claimed the cannon in 2006 (2-1-1) and 2007 (3-0-1). FC Dallas earned its first taste of victory (on away goals tiebreaker) in the competition in 2008 (1-1-1). Houston (2-1-0) reclaimed the cannon in 2009. FC Dallas took it back in 2010 (1-0-1). Houston (1-0-1) won in 2011 and 2012 (1-0-0). FC Dallas claimed the trophy in 2013 (1-0-0), 2014 (1-0-0) and 2015 (3-0-0). Houston took the 2016 series based on goal differential and retained the cannon after the teams tied three times during the 2017 season. FC Dallas took the 2018 series (1-0-2) after defeating Houston 4-2 on September 1, 2018 following two draws earlier in the season. FC Dallas retained the cannon in 2019 on goal differential after the series ended in a 1-1 tie. FC Dallas won the 2020 series based on a 2-1-1 record. Houston (1-0-2) reclaimed El Capitán in 2021. FC Dallas won the 2022 series based on a 1-0-1 record. FC Dallas leads the series 9-8 through the 2022 season and holds a 18-15-17 winning record against Houston across all competitions (MLS Regular Season, MLS Playoffs and Lamar Hunt U.S. Open Cup).

BRIMSTONE CUP

In 2001, a series of intense matches between FC Dallas and Chicago spurred fans of both clubs to create the Brimstone Cup - awarded annually to fans of the team that wins the season series.

FC DALLAS IN THE BRIMSTONE CUP

Chicago won first-ever Brimstone Cup in 2001 but did not hold the trophy again until the 2013 season (12 years). The 2013 season was also the first year FCD and Chicago began playing only once per season. Chicago kept the cup from 2013 to 2015. FC Dallas took it in 2016 and Chicago won it in 2017, and FC Dallas reclaimed it back in 2018. Chicago won it back in 2019.

LAMAR'S LEGACY

No other professional sports team in Dallas has the pioneering legacy of FC Dallas and its patriarch, Lamar Hunt. The story of FC Dallas is tied to Dallas' soccer history, which began in 1966 when Hunt attended a World Cup match in England and was inspired to bring professional soccer to the U.S.

Born on August 2, 1932 in El Dorado, Arkansas, Hunt is recognized as one of the greatest sports visionaries in American history and a pioneer professional soccer in the United States. Hunt helped make pro football history in 1960 by founding and organizing the American Football League. Long known for his role in the development of

football as founder of the Kansas City Chiefs, Hunt's contributions to pro soccer have also had a major impact on sports in the U.S.

Uncle Lamar formed the Dallas Tornado, one of the first professional soccer clubs in the U.S., and the NASL (North American Soccer League) in 1967. The team carried a roster of professional players transported from Europe. When their playing days were over many of these players, such as Bobby Moffat and Kenny Cooper Sr., began second careers in coaching/ conducting clinics, further spreading interest and developing talent in North Texas.

Professional soccer continued in

Dallas through the 1980's with the rise of the indoor Dallas Sidekicks. Former Tornado players Billy Phillips and Neil Cohen played significant roles in the success of the Sidekicks.

The United States was awarded the 1994 World Cup. Not only was Lamar Hunt key to the bid to bring the World Cup to the U.S., but his leadership also influenced the creation of MLS.

The Hunt family stepped to the forefront of U.S. soccer in 1996 by becoming a charter investor in Major League Soccer, which was created with a unique single-entity operating structure, in which investors own an interest in the

league in addition to individual teams. The Hunts were the original investor-operators of the charter teams from Columbus (Ohio) and Kansas City.

Hunt made his greatest contribution to soccer in this country in 1998-99, when he made pro soccer history by funding the construction of the first soccer-specific stadium in the United States as the Columbus Crew opened their revolutionary facility. The stadium broke ground on Aug. 14, 1998, and was finished in nine months and one day. Columbus Crew Stadium opened on May 15, 1999 and a sold-out, overflow crowd of 24,741 to watch the Crew defeat the New England Revolution 2-0.

The 1999 MLS season proved to be a historic one for Hunt, as he was awarded the National Soccer Hall of Fame Medal of Honor -- the second to receive the medal reserved for extraordinary individuals whose positive contributions to soccer at the national level affected the course of soccer history in the United States.

That year, he also saw the U.S. Open Cup Tournament renamed in his honor. The Lamar Hunt U.S. Open Cup, recognized as U.S. Soccer's National Championship, is an annual competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. Dating back to 1914, the single-elimination tournament is the oldest annual team tournament in U.S. sports history.

Having taken over the operations of Dallas in 2003, Hunt's youngest son Dan joined Hunt Sports LLC to help make Texas soccer history by

breaking ground on Toyota Stadium on Feb. 18, 2004. The 20,295 seat soccer-specific stadium in Frisco became the first soccer stadium built through a coordination of both private and public funds. Hunt Sports LLC, the City of Frisco, Collin County and the Frisco Independent School District partnered to build the facility that features 17 championship-quality soccer fields adjacent to the stadium.

In 2005, the team was relaunched as FC Dallas and opened up the brand-new Toyota Stadium on Aug. 6, 2005 with a 2-2 draw between FCD and the New York Red Bulls. Entering the 2006 season, Hunt-founded Crew Stadium and Toyota Stadium were two of the three operating stadiums in Major League Soccer built specifically for soccer. Through Hunt's visionary leadership, Toyota Stadium has become the model for soccer-specific stadiums in the United States, and 14 of the 20 current MLS franchises have soccer-specific stadiums. The 117-acre facility in Frisco has hosted millions of spectators and participants since.

As far back as 1982, Hunt was honored for his efforts to help establish pro soccer in America by being inducted into the U.S. Soccer Hall of Fame in Oneonta, N.Y. Hunt has also been inducted into both the Pro Football Hall of Fame and the International Tennis Hall of Fame, as well as the sports halls of fame of both Missouri and Texas. At the 2004 MLS Cup, Hunt was presented the Commissioner's Award by MLS Commissioner Don Garber for being one of the league's founding fathers as well as a man who has championed soccer in the United States for nearly 40 years. In

2005, the U.S. Soccer Foundation, the major charitable arm of soccer in the United States, presented Hunt with the Foundation's Lifetime Achievement Award.

The continued success and growth of youth soccer in Dallas and the surrounding areas is directly related to Uncle Lamar's four decades of supporting soccer at all levels. His vision is carried on today through his sons, Clark and Dan, and the fans of FC Dallas.

Since his passing in 2006, players of FC Dallas have worn a patch with the initials LH to honor the legacy of Lamar Hunt.

Thank you, Uncle Lamar.

IN MEMORY OF BOBBY RHINE

Bobby Rhine, former Dallas player and broadcaster, passed away suddenly on Sept. 5, 2011. Rhine is remembered as one of the most important figures in club history, leaving his mark through his achievements on the field (212 games played, 23 goals and 34 assists); his days coaching in the FC Dallas Youth system; and as the enduring voice of FC Dallas, serving as team broadcaster after retiring from the sport in 2008. Rhine carried the torch for our club and the sport of soccer in the same tradition as the late Lamar Hunt, and his impact will be felt forever by the people with whom he shared his love for the Beautiful Game.

FC Dallas memorialized the late Bobby Rhine in a tribute match with the New York Red Bulls on Sept. 17, 2011. All members of the current squad, as well as technical staff, wore black armbands with "BR19" emblazoned on them (a tribute carried on through the remainder of the 2011 season); the Toyota Stadium field was marked with "BR" in two locations; members of Rhine's family led the March to the Match; fans created tribute signs that hung throughout the stadium; and a moment of silence was observed in Rhine's memory. The "Forever Our Voice" permanent banner was also unveiled, and FC Dallas players and front office staff wore t-shirts remembering Rhine.

PERMANENT TRIBUTES

FC Dallas has already enacted several permanent tributes in memory of Bobby Rhine:

- 2011 Walk of Fame inductee Bobby Rhine Fall Invitational (youth soccer tournament)
- Bobby Rhine Memorial Scholarship (awarded annually to a player in the FC Dallas Youth system)
- "Forever Our Voice" banner hanging below broadcast booth
- Commemorative flag on the North Concourse

2011 BROADCASTS

Bobby Rhine's passing left a void in the broadcast booth difficult to fill. The following analysts, accompanied by FC Dallas color commentator and Rhine's close friend, Steve Jolley, were kind enough to step in during the remainder of the 2011 season. Each was someone he admired and respected during his career.

Sept. 17 vs. New York: Brad Feldman

Sept. 24 vs. Houston: Dave Johnson

Oct. 1 vs. Colorado: JP Dellacamera

Oct. 12 vs. Chicago: Steve Jolley

(Rhine was scheduled for color commentary with Chicago analyst Dan Kelly)

Oct. 15 vs. Vancouver: Brian Dunseth

Oct. 22 vs. San Jose: Glenn Davis

Fernando Clavijo, former FC Dallas Technical Director, passed away on Feb. 8, 2019, at his home in Fort Lauderdale, FL after a five-year battle with multiple myeloma. Clavijo is remembered as one of the most influential people within the organization, where he during his eight years as Technical Director proved an unprecedented soccer knowledge and passion that brought the club to new heights, but most importantly a warm and loving person that brightened the day for everyone around him.

Along with his achievements within the FC Dallas organization, where the club won the Supporters’ Shield and U.S. Open Cup in 2016, Clavijo had an extensive and successful

He was inducted into the National Soccer Hall of Fame in 2005 after earning 61 caps for the U.S. National Team and played for the nation during 1994’s World Cup.

Clavijo started off his years as a coach by being the assistant coach

for the Metro Stars in 1998, taking on the head coach job for the Colorado Rapids from 2005 to 2008, and two years as head coach for the New England Revolution from 2000 to 2002. At an international level, he was an assistant coach with the Nigerian national team in 1998 and head coach of the Haitian national team from 2003 to 2005.

Clavijo truly embodied the greatness and passion that lies within the beautiful game of soccer and carried it with him wherever he went during his career. His loving impact will forever be felt within the organization and by the people he loved.

ABOUT TOYOTA STADIUM

ABOUT TOYOTA STADIUM

Opened on August 6, 2005, Toyota Stadium is a 145-acre multipurpose sports and entertainment facility located at the intersection of Main Street and Dallas North Tollway in Frisco, Texas, and is the home stadium for FC Dallas.

The combination of a world-class stadium and a sports park make Toyota Stadium one of the best and most unique soccer facilities in the world. Included in the facility is the 19,096-capacity pro-soccer stadium which features a built-in stage on the north end and 29 suites. Located on the west side of the stadium, the suites are immediately above the lower bowl seating area and provide an outstanding view of both the playing field and the concert stage. By adding field seats above a state-of-the art Terraflor covering, the stadium can accommodate over 27,000 fans for concerts.

With its 17 tournament-grade fields, permanent event stage and first-class design, Toyota Stadium has become a model for soccer-specific stadiums in North America. By the beginning of the 2019 season, less than 20 years after the inaugural match in Crew Stadium, 20 MLS teams had a soccer-specific stadium to call home – a credit to the vision of Lamar Hunt and leadership of the Hunt Sports LLC.

The public-private complex is owned by the City of Frisco in partnership with Hunt Sports LLC, the Frisco Independent School District, and Collin County.

Along with U.S. Soccer, Toyota Stadium unveiled plans for a \$39 million project featuring more than 100,000 square feet of renovated space, new locker rooms, premium seats, a private club and the U.S. Soccer National

Hall of Fame Museum on October 14, 2015. On November 2, the National Soccer Hall of Fame Experience opened to the public.

The 24,000 square foot museum and event center houses U.S. Soccer’s hardware: the U.S. Womens’ World Cups, U.S. Men’s Gold Cups and the Lamar Hunt U.S. Open Cup trophies, as well as Olympic medals. Toyota Stadium will be the permanent site for the annual National Soccer Hall of Fame induction ceremony. Cindy Parlow, Brad Friedel, Tiffeny Milbrett, Bob Contiguglia and MLS Commissioner Don Garber, who deferred his induction from 2016, were part of the first class to be inducted to the Hall of Fame on October 20, 2018.

Luxury seating on the South end is covered by a roof and include pregame dining inside a private club featuring views into the player hallway and out to the field. Club members are also able to watch postgame press conferences live through glass windows shared between the new press center and the private club.

New locker rooms with tunnels on each corner of the South end are home to FC Dallas, as well as teams from Frisco I.S.D., the NCAA FCS Championship teams and Friso Bowl. The locker rooms can be configured into four separate soccer dressing rooms or combined into two 100-person rooms for football.

ABOUT NATIONAL SOCCER HALL OF FAME

ABOUT NATIONAL SOCCER HALL OF FAME

Part of a \$55 million renovation at Toyota Stadium, the National Soccer Hall of Fame is a public-private partnership among FC Dallas, the City of Frisco, Frisco Independent School District and U.S. Soccer Federation. The Hall of Fame at Toyota Stadium in Frisco, Texas contains two components: The National Soccer Hall of Fame Experience and the Hall of Fame Club.

The National Soccer Hall of Fame Experience is a 19,350-square foot segment of the Hall of Fame that honors the past, while fully incorporating modern technology of the present and future including virtual reality, gesture technology and interactive digital video boards throughout to celebrate the players, veterans and builders of American soccer that have elevated the sport to where it is today. It features interactive exhibits, iconic soccer memorabilia and serves as the home for Hall of Fame induction ceremonies annually.

The National Soccer Hall of Fame is located in Toyota Stadium's south end, making it the first major league sports Hall of Fame to be built within a stadium.

NEC's state-of-the-art NeoFace® facial recognition software gives the Hall of Fame and its exhibits an unprecedented level of personalization and immersion for visitors—allowing them to customize their Hall of Fame experience based on their level of fandom and preferences. Visitors can imitate U.S. goalkeeping stalwarts Tim Howard or Briana Scurry with the help of the HTC Vive Pro Virtual Reality headset and attempt to match their game-saving heroics.

Using motion sensing camera technology created exclusively for the National Soccer Hall of Fame, guests are able to participate in a virtual skills challenge where they can practice their juggling, shooting and passing skills with expert instruction from U.S. soccer legends Alexi Lalas, Shannon Boxx and Cobi Jones. Visitors can use the Hall of Fame's green-screen interactive to re-write soccer history by editing themselves into some of U.S. soccer's most famous photos.

Hall of Fame visitors can also make their own personalized scarves with the Hall of Fame's interactive kiosks and purchase their creation from the new Soccer90 store. With the Hall of Fame's projection mapping, guests can create their own unique MLS jersey and see it digitally displayed on the mannequins in the hall.

Using 98-inch 4K touchscreens, guests can explore films and stories about every member of the National Soccer Hall of Fame and legendary U.S. Women's Nation Team players, as well as some of MLS' greatest moments.

Guests with a competitive edge can test their soccer knowledge with the Hall of Fame's live-action digital trivia game.

Visitors can interactively build their own All-Star team using U.S. Men and Women's national team players from any era and compare them with other guests' lineups.

The Hall of Fame Club includes 3,200 lower level seats and 250 upper level seats that are sold as season ticket memberships for all FC Dallas home matches. In addition, the National Soccer Hall of Fame Club contains several event spaces including the Hall of Fame Club (10,750 sq. ft.), the Heineken Red Star Club (3,800 sq. ft.) and the Press Conference Room (1,100 sq. ft.) These event spaces function as F&B hubs on matchdays for National Soccer Hall of Fame Season Ticket Members and are available for rent on dark days for private events.

The National Soccer Hall of Fame's new home in Frisco comes after not having a home for seven years, with the previous home located in Oneonta, NY from 1979-2010. It was founded in 1950 by a group of former players known as the Philadelphia Old Timers Association. In 1983, it was recognized by the U.S. Soccer Federation as the official National Soccer Hall of Fame. The previous facility closed in February 2010.

With over 80,000 artifacts, the Hall of Fame boasts one of the largest soccer collections in the world—including the oldest soccer ball made in the U.S., as well as the 1991, 1999, 2015 and 2019 FIFA Women's World Cup trophies. The NSHOF also features 400 prized artifacts which help tell the rich history of soccer in America—including the FIFA Women's World Cup trophies.

Former FC Dallas owner Lamar Hunt is one of just four recipients of the National Soccer Hall of Fame's Medal of Honor—its most prestigious award.
