THE CLUB

KC BABY!

HISTORY

On December 7, 2020 the National Women's Soccer League announced the return of professional women's soccer to Kansas City as founders Angie Long, Chris Long and Brittany Mahomes were awarded an expansion team to begin play in the 2021 season.

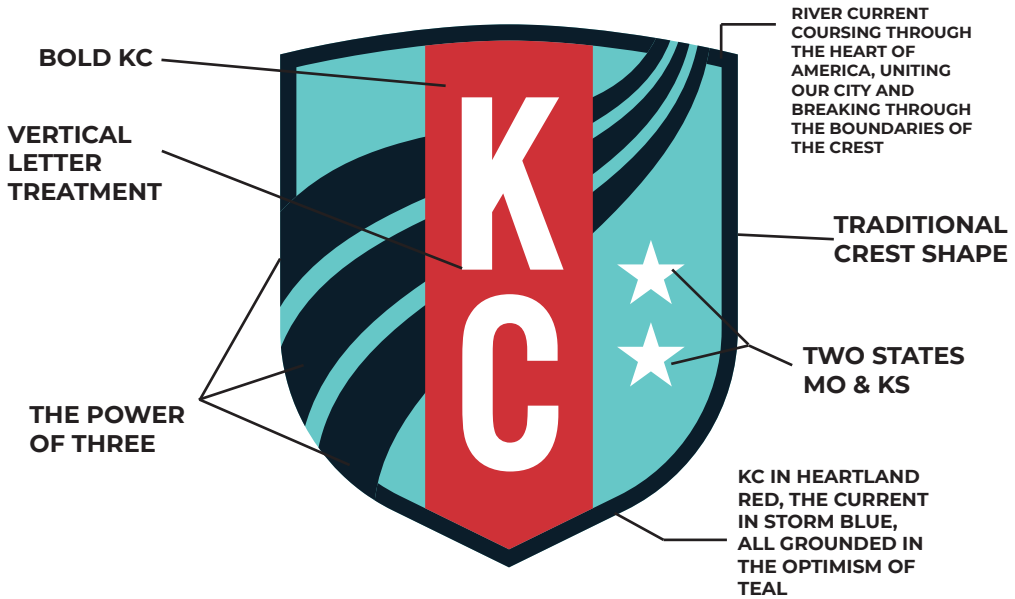

With only 37 days from inception to the club's first draft, the ownership group began to assemble their new organization. In the inaugural season, the NWSL expansion team announced they would play with the KC crest, while the club developed a permanent name and brand for future seasons. In October 2021, that new brand, the Kansas City Current, was revealed to the world.

Furthering the team's ambitions, 2022 saw the team open a new \$18 million dedicated training facility in Riverside, Missouri. Alongside that opening, the team on the field continued to set records and turn heads, rattling off a nearly unprecedented 13-game unbeaten streak on the way to being 2022 NWSL Finalists.

In October 2022, the team broke ground on a new \$120 million stadium, the first stadium purpose-built for a professional women's soccer team. As part of a 50-year lease agreement with Port KC, the stadium will be built on a 7.08-acre site on the east end of Berkley Riverfront Park in downtown Kansas City, Mo. in partnership with primary design and construction partners Generator Studio, JE Dunn and Monarch Build. The downtown stadium will seat 11,500 fans, with no seat being more than 100 feet from the field.

The Kansas City Current brings the women's game back to the Soccer Capital of America. Drawing on the success of KC's championship history, with an eye towards future accomplishments, this team seeks to always live up to the promise that We Play For Kansas City.

THE BRAND

Revealed to fans in a packed stadium on October 30, 2021, the Kansas City Current brand and crest are an evolution of the Inaugural Season colors with Teal and Heartland Red carrying over to the permanent crest. Teal, a fan favorite from day one, signifies optimism, hope and inclusion, and Heartland Red represents the team's location in the heart of the country. Storm, an intense deep blue, is a grounding color symbolic of strength, determination and power.

FACILITIES

TRAINING FACILITY

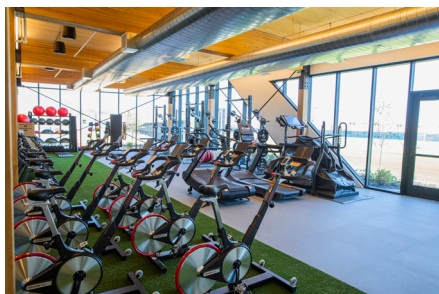

The first purpose-built training complex for a women's professional sports team in the United States.

Our training facility is our players' new home. The home they deserve - a space with world-class amenities and facilities, intentionally designed for their demanding, daily use. Built exclusively for them, used exclusively by them. A place they can show up to every single day to stay at the top of their game.

On June 22, 2022, KC Current unveiled its new \$18 million training complex in Riverside, MO. The training complex, privately-funded by team owners, is located just off I-635 and Horizons Parkway and is part of the team's aspiration to set the standard for the future of women's sport.

The complex includes two grass pitches and one artificial turf with more than 17,000 square feet. Meticulously designed, the layout is focused on all aspects of player health including training (elite weight, cardio and recovery assets) and nutritional (high performance chef, locally-sourced menus). In addition, the design is also focused on fostering player community and promoting physical and mental wellness. Beyond two world class pitches and a FIFA-approved turf pitch, the complex also includes nearby trails and an outdoor roof deck with views of downtown Kansas City.

KC Current had the complex designed by Generator Studio and built by Monarch Build, a female-owned construction firm.

Ten months into owning a professional women's soccer team, KC Current Co-Owners Angie Long, Chris Long and Brittany Mahomes would make one of the biggest announcements in the history of the sport.

On Oct. 26, 2021, they announced a privately-funded soccer-specific stadium at Berkley Riverfront Park, set to be the first stadium purpose-built for a women's professional soccer team..

“From the beginning, our vision has been to create a player-first experience, and facilities for our team that match not only the elite level of these incredible athletes, but also the passionate support of the Kansas City metro and our fans,” said KC Current Co-Founder and Co-Owner Chris Long.

As part of a 50-year lease agreement with Port KC, the stadium is being built on a 7.08-acre site on the east end of the park in Kansas City, Mo. in partnership with primary design and construction partners Generator Studio, JE Dunn and Monarch Build.

COMMISSIONER

Jessica Berman is the Commissioner of the National Women's Soccer League where she oversees all operations of the league with a focus on supporting players on and off the pitch, working with NWSL clubs to continue to build on the positive momentum of the league's growing audience, and collaborating with NWSL partners to create the most engaging and entertaining fan experience.

Berman joined the NWSL after two and a half years serving as deputy commissioner and executive vice president of business affairs at the National Lacrosse League. During her time with the NLL, Berman's responsibilities included overseeing team services, operations, marketing and communications, broadcast and content, community engagement, human resources, and league governance.

Prior to her time with the NLL, Berman spent 13 years with the National Hockey League, first serving as vice president and deputy general counsel for the organization before becoming vice president of community development, culture and growth and executive director of the NHL Foundation. In her role as Deputy General Counsel, she was involved in collective bargaining negotiations, and was a key contributor in creating and executing the NHL's labor strategy during the 2012 talks.

Berman's later roles with the league focused on bolstering the sports experience for NHL and hockey enthusiasts around the globe. This included implementing a positive, inclusive, community-friendly approach across the league and working to increase access to hockey at all levels of the game. In addition, Berman oversaw the design and execution of the NHL's corporate social responsibility goals and initiatives, an area she is particularly passionate about.

A graduate of the Fordham University School of Law, Berman also worked as an associate at Proskauer Rose LLP in the labor and employment sector where she represented several employers in collective bargaining negotiations, arbitrations, mediations and litigations, and worked on pro bono cases involving domestic violence, sexual assault and military matters.

Berman completed her undergraduate studies at the University of Michigan in Ann Arbor, Michigan, graduating with a degree in Sports Management and Communications. During her time at Michigan, Berman was involved with the men's hockey and football programs as an assistant in the sports information office. While completing law school, she served as editor-in-chief of the Fordham Sports Law Forum and was an associate editor of the Urban Law Journal.

Berman has earned several distinctions throughout her sports career. She was named to Sports Business Journal's 40 under 40 list in 2014. She currently sits on the Sports Lawyers Association Board of Directors, the University of Michigan Sport Management Advisory Board, the Fordham Sports Law Forum Board of Advisors, Sports Innovation Lab Women Executive Network, the Vice Chair of SIGA America Advisory Board and is a founding member of the Pro Sports Assembly, an organization dedicated to promoting diversity & inclusion in the professional sports industry.

A Brooklyn, New York native, Berman resides in Larchmont, New York, with her two sons and two rescue dogs.

MEDIA GUIDELINES

MEDIA CREDENTIALS

Media credentials and access will be granted only to individuals with a legitimate working function at a game, training session or event. The bearer must be on a specific assignment. Credentials are non-transferable. Any unauthorized use of a credential subjects the bearer to ejection from the event. Resale or attempted resale is grounds for seizure and cancellation.

The following actions may result in seizure of credential and/or ejection of its wearer from the stadium or training facility:

- Requesting autographs at any time.
- Taking photographs with players/coaches
- Using credential for family or friends of a working media member
- Conduction of unauthorized interviews
- Unprofessional behavior (Cheering in the press box, consumption of alcoholic beverages, failure to abide by posted rules, etc.)

Credential Applications

The Kansas City Current is accepting applications for Season-Long Credentials and Single-Game Credentials. Members of the media with season-long credentials will be given priority at all Kansas City Current home matches. Space is limited and media must RSVP to gain access. Media credentials do not guarantee entry into the venue without prior reservation.

All single-game credential requests must be submitted in advance two (2) days prior to the scheduled match. Applications and reservations can be found throughout the season at kansascitycurrent.com/credential-applications

Upon arrival at the venue, your name will be confirmed on a list of approved attendees for that particular match. Once your name is confirmed, you will receive a credential that allows you to enter and exit the venue. Your credential access will determine the areas of the venue you will be able to visit.

Treatment of Credentialed Media

Postgame Media Access: Locker rooms will not be open to media at any point.

No individuals other than League or Club representatives shall be allowed in Club locker rooms following a game.

Under no circumstances shall any club and/or its players discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.

Seating Access: Accredited media members will have access to the stadium, professional workrooms and stadium seating, if available. During the match, accredited media will have access to the press box which will be restricted to only those accredited media members.

All credentialed media shall be seated in media seating areas, consistent with treatment afforded comparable media. In addition, all members of the media are to be afforded equal treatment and access to facilities and personnel, regardless of sex.

Traveling Media: Members of the working media who travel with a visiting team will not be treated in a discriminatory manner with regard to seating or any other privilege or facility accorded to the home media. Comparable seating and equipment should apply to home and road media (print and electronic).

NWSL

MEDIA GUIDELINES

Media Access to Practice: Kansas City Current will work to provide media access to practice whenever possible. If practices are closed, Kansas City Current will grant a 30-minute media access period at the start or end of practice at least once per week. In addition, Kansas City Current will make a member of the coaching staff and/or a player available for interviews at least once per week.

Game Day Guidelines for Photographers and Camera Operators: All photographers and television camera operators must stay behind the field boards at all times, unless released by the on-site photo marshal.

Each photographer will be permitted to use one monopod — but no tripods.

Stand-alone remote units on or around the goal posts will not be permitted without permission from the Home Team, the NWSL and the Referees.

Photographer Access to field: Photographers shall be permitted behind the field boards in designated areas at Children's Mercy Park. Photographers must not be blocking viewing of fans or spectators in any capacity.

Once situated, no movement shall be permitted until halftime. Changes in this policy will be allowed in cases where stadium facilities dictate alterations. No photographers shall be allowed near the team benches.

Game Day Photographer Identification: In addition to their regular credential photographers will be issued colored bibs. Photographers will pick up their bib when they check-in at the stadium and return as they leave.

Game Day Photography Work Area: A work area will be provided for photographers, near the field where appropriate, with high-speed internet access.

NON-RIGHTS HOLDER VIDEO GUIDELINES

Video Footage:

All rights to match footage including all applicable copyrights belong to the National Women's Soccer League and its rights holders who broadcast each specific match.

Television Broadcasters

Game Action: Television broadcasters can use footage of NWSL events obtained either via 1) their own recording or 2) action dubbed from a NWSL rights holder broadcast with credit only in connection with its regularly scheduled news programming within a week of the game. This footage should not exceed two (2) minutes. Highlights aired as part of a continuous news program should not be longer than one (1) minute per 30-minute segment. Credits: NWSL / Kansas City.

Filming - Game Action: FOR TELEVISED EVENTS, NON-RIGHTS HOLDERS / ENG CAMERAS MAY RECORD THE FIRST 5 MINUTES OF EACH HALF. For non-televised events, non-rights holders / ENG cameras may record the entire game but are still subject to the aforementioned limits. This includes events that are web streamed live online.

Filming - Interviews and Scene Sets: There is no limit to the gathering of footage pre-game, at halftime and post-game. All footage gathered is subject to the usage guidelines indicated in this document.

NWSL

MEDIA GUIDELINES

Filming – In Seating Area: Video cameras looking to shoot in the concourse or seating area must contact home team and NWSL in advance of the event for approval.

Previews or Advances: In advance of a NWSL event, television broadcasters can use two (2) minutes of archival game action to preview an upcoming event. In the local/regional markets, broadcasters should mention the time and location of the game along with their report. Outside of the local markets, broadcasters should mention the time and broadcast information.

Television Broadcasters' Web Sites: Video produced for air as part of regular programming that is simulcast or archived online must be accompanied by a link to NWSLSoccer.com. Content produced exclusively for the Internet is subject to the guidelines for Online Video.

Online Video

Game Action: Online organizations (including print publications that post video online) are not permitted to film or use game action video without prior written approval by NWSL. Game action includes any footage of the field, teams, etc., following the beginning of the television broadcast window. Only video of off-field activities (i.e. interviews, training sessions) may be recorded.

Non-Game Video: Any video posted online that is recorded as part of media access is limited to the use of eight (8) minutes per day/activity date. Online video may not incorporate integrated advertising and must be accompanied by links to NWSLSoccer.com.

Professional Presentation: Online video is expected to be recorded, edited and presented in a professional manner. Video must be presented/hosted on an organization's website, and not solely on a site provided by a third-party (i.e. YouTube, Vimeo, Facebook, etc.).

Online Video Sites: Organizations who regularly post video to online video sites (i.e. YouTube, Vimeo, etc.) may not include advertising with video gathered as a result of media access. Allowing users to embed these videos is not permitted, and the description of any video must include a link to NWSLSoccer.com.
