QUOTE SHEET

KRISTIYAN KAHLINA

On how the squad can move on from the disappointment of back-to-back MLS losses:

“Yeah, this is the most difficult things in football because you can say this and like, okay, we must move on we must forget this game but sometimes here inside, stays this feeling, this bad feeling even from Miami is still in my heart states but from another side, yes.

“We need to show our face and move on because in front of us are very important three games. If we keep in our mind with these games before, like what we lose or how we lose, then we will lose just more points in front of us and we don't want this.”

On the urgency needed to make a run to the playoff spots:

“Now, we don't have any time to make better results. Like maybe in the start of the season, you can lose three games in a row. And then you will say okay, we have time. Now, honestly, we don't have time. And that's it. All of us, we know this. We have our targets and we need to keep forward and to believe in this.”

CHRISTIAN LATTANZIO

On the urgency needed to make a run to the playoff spots:

“I still believe that we have got time and we have to focus on one game at a time, prepare the game, play that the strongest with the strongest 11 that we can for that team. And then we'll review the week and we go again, I can count on a number of players that are all good and that they can all bring something to the table.

“I understand the urgency, I think we still have got time, but because of that, we can't wait. We have to start from the next game and each game in that sense becomes very, very important.”

On how to approach the match against a surging Columbus Crew side:

“We are talking about a team of a certain caliber on top of that they have a striker that is a DP that scored goals in Premier League until a few weeks ago. So now we have to try to impose our game, defend transitions, and break down one of the most solid teams in MLS.

“Defending in transition against some of the best talents in MLS with [Lucas] Zelarayán and [Derrick] Etienne is a good runner, [Luis] Díaz is a good runner. So obviously preparing the game with the boys is a tough challenge. But we will, we will face it, we will embrace it.

“We embrace the challenge and that's why it's important to keep in mind the challenge and the progress that we are making on a daily basis as a football club. To give credit to our boys for going out and giving a game to everybody with a lot of courage. Because for me, our boys show it a lot of times, we play with the ball and play so high. They show courage. And that should be at least acknowledged.”
