“NFL BROADCAST BOOT CAMP” AVAILABLE ON SATELLITE ON JUNE 19 & 21

Two satellite feeds of the inaugural “NFL Broadcast Boot Camp” in which players can prepare for a post-NFL career in broadcasting will be transmitted on June 19 and 21, the league announced today.

Twenty current and former NFL players including All-Stars **BERTRAND BERRY**, **SAMMY KNIGHT**, **TAKEO SPIKES** and **BOB WHITFIELD** will take part in the “boot camp” at NFL Films in Mt. Laurel, New Jersey from June 18-21.

The program is being directed by the NFL Broadcasting Department and will cover a wide range of sports topics with instructors from all of the NFL’s broadcasting partners – CBS, ESPN, FOX, NBC, NFL Network, Sirius Satellite Radio, Westwood One Radio, plus local radio and TV.

The sessions will include hands-on work in areas including tape study, editing, show preparation, radio production, control room operation, studio preparation, production meetings, field reporting and game preparation. Each player also will tape segments as a studio and game analyst and will take part in a networking session with television executives.

The “NFL Broadcast Boot Camp” Satellite News Service is available free-of-charge to TV sports directors for use during regularly scheduled newscasts.

All feeds are digital and “in the clear” (un-encrypted).
