THORNS RETURN HOME FOR SHORT TURNAROUND

Portland return to Providence Park for a showdown against Gotham FC, looking to bounce back days after suffering a Cascadia Rivalry defeat at Seattle Reign FC.

Portland kickoff against Gotham on CBS Sports Network at 7:30 pm PT on Tuesday, April 22.

THORNS X WNBA PORTLAND FACILITY GROUNDBREAKING

On the morning of Tuesday, April 22, RAJ Sports, the Portland Thorns and WNBA Portland **broke ground on its historic \$150 million, 12-acre Women's Performance Center**, a first-of-its-kind dual sport women's facility that'll continue to cement Portland as a global epicenter of women's sports.

The 12-acre performance center will feature the following:

- 63,000-square-foot training facility
- 17,000-square-foot practice gym, featuring two full size basketball courts
- Two full-sized soccer pitches with an outdoor training zone
- A 5,000 square-foot, dynamic strength training facility featuring top of the line equipment, an outdoor turf zone and a yoga/pilates room
- Elite training core program, integrating strength and conditioning, sports science, and sports medicine
- Dedicated dressing rooms for the WNBA and NWSL teams with amenities designed for the female athlete in a spa like setting
- Dining room with a full-time chef and nutritionist, offering performance-focused meals and refueling stations throughout the facility
- Dedicated rooms for player's families
- Team meeting rooms and social media content rooms
- Private player parking and player entry for convenience and security

LOOKING TO SNAP A LOSING STREAK

The Thorns will enter Tuesday's contest **looking to break a four-match losing streak against Gotham**, with Portland's last win against Gotham coming in a 1-0 home victory back on October 7, 2023 (Hina Sugita scored the game winner off a Sam Coffey assist).

THORNS MARCH-APRIL HOME RECORD

The Thorns have opened the 2025 season **unbeaten in two home matches**, drawing with both Angel City FC (1-1) and North Carolina (0-0)

Per Opta, Portland has a record of **W12 D6 L1 in 19 regular-season home matches in March and April**, but that lone defeat came **against Gotham FC in March 2024**.

BITTER DEFEATS

The last time the Thorns played Gotham FC was in the first round of the 2024 NWSL Playoffs last November. Gotham (#3 seed) hosted Portland (#6) in the quarterfinals — **the second straight season for the clubs to meet in the post-season. And just like in 2023, Gotham got the win** — in the club's first-ever home playoff game.

In the 2024 meeting, Reilyn Turner, assisted by Olivia Moultrie, netted the equalizer eight minutes later — **Turner's first official Thorns goal and Moultrie became the youngest to record a playoff assist**.

HORNS-GOTHAM SERIES NOTABLES

As two of the original NWSL teams, the Thorns and Gotham will prepare for their **32nd meeting across all competitions** this Tuesday.

The Thorns currently lead the series against Gotham with a record of **12W-10L-9D**.

In matches played at Providence Park, that record is **7W-5L-5D**,

MATCH STORYLINES & FAST FACTS

with the Thorns shutting out Gotham in four of those matches. In fact, Portland's biggest win against Gotham was a shutout, a 5-0 victory back in 2022.

REPRESENTING NWSL ABROAD

Portland and Gotham serve as the last-standing NWSL teams in the 2024-25 Concacaf W Champions Cup.

Both sides will travel to Monterrey, Mexico next month (May 21-24) to take on Liga MX opposition, with Portland facing off against Tigres while Gotham square up against Club América.

Each side will look to become the first side ever to lift the W Champions Cup as well as secure a semifinal spot in the inaugural FIFA Women's Champions Cup, a new international tournament set to debut in 2026 in which the top women's clubs from each continental confederation face off to determine the world's premier women's club team.

To freshen up on Portland's journey to the Concacaf W semifinals, they clinched qualification to the tournament after they finished runners-up in the 2023 NWSL Shield standings.

Portland then made it to the knockout stage after a second-place finish in Group B (América finished first on a goals scored tiebreaker). The Thorns saw victories against América (3-1), Santa Fe (2-1) and Vancouver Whitecaps FC (6-0), suffering its only defeat against San Diego Wave FC (3-2).

Christine Sinclair and Izzy D'Aquila led goalscoring for the Thorns in the competition with three a piece, but they are no longer on the roster (Sinclair retired while D'Aquila signed for Malmö FF in Sweden). On the active roster, forwards Reilyn Turner and Payton Linnehan lead the squad with two goals each in the tournament.

THORNS-REIGN RECAP

In the 42nd edition of the Cascadia Rivalry, an early goal would turn out be the difference as the Thorns fell short 1-0 against their Seattle rivals.

A difficult first half was turned around by a dominant second half performance, in which Portland led the offensive possession and outshot Seattle 11-5. The backline also stood strong, registering 12 tackles and 38 won duels while goalkeeper Bella Bixby posted a four-save match.

However, despite the reinvigorated effort, the Thorns were unable to convert its big chances and suffered its first Cascadia defeat since 2023.

OPPORTUNITIES GALORE

It's been said time and again by Head Coach Rob Gale that the 2025 Thorns squad is young and ambitious with a lot of talent that needs to developed.

The attacking potential has been evident across its matches to start the season, with Portland sitting second in the NWSL in shots (51) and expected goals (8.44). Additionally, forward Reilyn Turner is second in the league in expected goals (3.58) – behind KC Current's Temwa Chawinga – and midfielder Olivia Moultrie is third in penalty area entries (41).

The Thorns offense is putting themselves into dangerous positions to consistently threaten opponent backlines. Although the goals haven't been as plentiful as the opportunities, the fact that Portland is working to create those chances is a positive. The challenge, however, for Gale and staff is to harness that attacking talent and work with the players to help them finish off their chances.

MATCH PREVIEW

NOTABLE QUOTES

Head Coach Rob Gale

On the team's performance vs Seattle... (Post SEA)

"Didn't think we used the ball well enough first half with missed opportunities to switch and play and create overload. Second half, that's the level of performance is a proper performance. Did everything but score. The level of the second half performance is what we need to take forward and make sure to put that through 90 minutes."

On how to replicate that second half performance throughout 90 minutes... (Post SEA)

"It's sticking to our identity and smothering the opposition, not giving them time to play. Because [Seattle] were a goal up, I don't think they built out of the back after that. They didn't play through their midfield which is what they do usually... and gambled on second balls. The quality of chances they got were by us giving the ball away in open shape whereas in the second half, we took care of the ball. We moved it quicker, worked side to side, created overloads, used the right spaces and created a lot more... we did everything but score. We need to be more clinical and more assertive like we played in the second half. We can't be passive."

On player management ahead of the short turnaround at home vs Gotham FC... (Post SEA)

"A bit of injury concern with players tightening up. Some players have played and started 3-4 games and haven't really done that in a long time, so we just needed to freshen it up. We know we got two games to come but it's one game at a time, making sure we're not pushing players when they're getting into that red zone."

Midfielder Jessie Fleming

On the team's performance vs Seattle... (Post SEA)

"A disappointing result obviously. We knew that it was a game we could win, that it was going to be a tough game. It took us too long to get into the game, but I also think there were a lot of positives. A lot of our young players - like Caiya here - continued to show up and show that they can impact the game. I think [the loss was] disappointing but we can't get too down ourselves. We've been progressing as a team throughout the season. This is just a little blip, so we need to turnaround quickly for our game on Tuesday."

On the team's focus ahead of the short turnaround at home against Gotham FC... (Post SEA)

"First and foremost, taking care of our bodies, doing what we can to recover. It's good that we're close to home so we get to go back to Portland and be in our homes, train at home. [We'll need] to review this game, learn from it and move on quickly to our next opponent. In this league, you can't let yourself get down for spells so learning and moving on from the game quickly knowing that we're a good team and can win these games, it's just the little pieces and moments that we need to get right to win these games."

On slow starts to matches... (Post SEA)

"I don't think we're actively coming out of the locker room wanting to start slow, but it's definitely something we need to look at as individuals and as a team. I don't think it's down to just one thing, so that'll be a part of our learning process and something we need to focus on moving forwards."

On mentoring young players on the squad... (Post SEA)

"It's about bringing their individual talents... encouraging them to be themselves on the pitch and giving them that confidence. Just letting them play themselves and be themselves in our environment. We're getting more and more comfortable with each other, understanding each other better and that will continue to get better and better."

Forward Caiya Hanks

On the team's performance vs Seattle... (Post SEA)

"From watching the game initially, I think we moved the ball well. It just comes down to that final third and coming out with that aggression we finished the game with. I think going into the next game, that's what we're going to work on. We finished strong, there's things to be proud of in coming back together and putting our feet into tackles and onto the ball. We finished the game well, just didn't put anything away."

On her intense entrances to matches... (Post SEA)

"Coaches were just telling me to go in and be a threat. Honestly, for my position, I know how to do that. I love to do my job as a winger. I love to run and make people nervous. For me, I just think 'how can I make this game exciting?' or 'how can I make my opponent/defender, nervous?' and that's just what I go out and do. It's exciting and I have

my teammates who are super supportive of it. They're all rallying behind it too. I hear Sam Coffey and even Jessie [Fleming] yelling 'keep going, keep going!' so it's just fuel that keeps going for me. I love that and the energy."

On her first month with the Thorns... (Post SEA)

"I still feel there's a lot for me to build on. There's still places where I can get more comfortable with myself and relax into the game a little bit, but I'm having a great time. Practices for me are my favourite part of the day. I wake up so excited ready to see everyone and just run around. It's been fun and I'm enjoying my time and everything, enjoying being a rookie and learning from people like Jessie, getting the advice I can from [veterans], so it's been good."

2025 TECHNICAL LEADERSHIP

JEFF AGOOS, PRESIDENT & GENERAL MANAGER OF SOCCER OPERATIONS

Jeff Agoos was named President and General Manager of Soccer Operations for Portland Thorns FC on January 7, 2025. A legendary figure in American soccer, Agoos brings unparalleled expertise and an extensive track record of success to his leadership role with the Thorns.

Agoos is one of the most accomplished players in Major League Soccer (MLS) history, with a career that spanned more than a decade at the highest levels of the game. As a standout defender for the U.S. Men's National Team, Agoos earned 134 caps and represented his country in three FIFA World Cups—1994, 1998, and 2002. His defensive prowess and leadership on the international stage were integral to the success of the U.S. during his tenure, and he remains a central figure in the country's soccer history.

A key contributor to the dominance of MLS in its early years, Agoos played for two of the league's most successful franchises—D.C. United and the San Jose Earthquakes. During his career, he amassed five MLS Cup championships, the most by any player in league history. His time with D.C. United saw him win MLS titles in 1996, 1997, and 1999, while his later years with San Jose were highlighted by additional titles in 2001 and 2003, cementing his place as one of the league's most decorated players. In recognition of his extraordinary career, Agoos was inducted into the National Soccer Hall of Fame in 2009.

Following his retirement from playing in 2005, Agoos transitioned to executive leadership, where he has continued to shape the landscape of American soccer. He served as Technical Director for the New York Red Bulls, a role in which he was responsible for overseeing player development, team operations, and strategic direction. Most recently, Agoos held the position of Senior Vice President of Competition, Operations, and Medical at Major League Soccer. In this capacity, he played a pivotal role in the league's growth, overseeing key areas such as competition integrity, operations, and player welfare, all while enhancing MLS's global standing.

MIKE NORRIS, TECHNICAL DIRECTOR

Mike Norris was named Technical Director of Portland Thorns FC after serving as the team's fifth head coach. In his new role, Norris will focus on scouting, talent acquisition, and player development. As head coach, he posted a record of 10-7-8 in 25 NWSL matches.

Before joining the Thorns, Norris spent eight years with Canada Soccer, where he served as the set play and goalkeeper coach for the Canada Women's National Team from 2019 to 2021. During that time, Canada won a gold medal at the Tokyo 2020 Olympics.

Born in Ashington and raised in Newcastle upon Tyne, Norris brings a wealth of experience in soccer both internationally and domestically to his role with the Thorns.

ROB GALE, HEAD COACH

Rob Gale was appointed Head Coach of Portland Thorns FC in July 2024.

Gale joined the Thorns in March 2023 as an assistant coach under Mike Norris. He became the first Zambian-born individual to coach an NWSL team and win a league match.

Before his time with Portland, Gale built a strong coaching background at both the youth and professional levels. He began as a youth coach in NYCFC's academy system before becoming head coach and general manager of Valour FC in the Canadian Premier League. Additionally, he worked as a youth coach for Canada's national team programs, contributing to the development of emerging players.
