HISTORY OF CIVIC STADIUM AND CIVIC PARK

In 1938 Civic Stadium came to life, hosting many events such as concerts, high school graduations, and baseball games as it was home to the Eugene Emeralds. Once the Emeralds moved out, Lane United FC, Eugene's first semi-professional soccer club was to take the vacant stadium over.

Before LUFC could move in, disaster struck as the wooden stadium caught fire and burnt to ash on June 29th, 2015. The Eugene Civic Alliance, a nonprofit organization founded in 2014 purchased the site after the fire with ambitious goals to bring back a place where the community can come together for sport, fitness and enjoyment.

By 2020 the ECA fundraised and completed the Market of Choice field in which Lane United FC would finally play their first match there in 2021.

On May 3rd, 2025, the first responders that fought the 2015 fire faced off in a police vs firefighters scrimmage, marking the official opening of the new stadium.

The stadium will hold sporting events for high school, college, pre-professional, and professional teams around the area. The stadium will be the home of Lane United FC for the foreseeable future.

By 2022 the ECA met their fundraising goal of 30 million dollars from generous donations of those among the community. The construction of the new 2,500 seat grandstand began, and in February 2025 the stadium was finally complete.
