

613 MULTI-SLICER

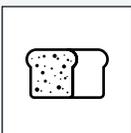

VERSATILE, HIGH-QUALITY OFFLINE SLICING

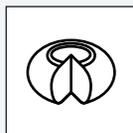

The 613 Multi-Slicer helps foodservice and food processing plants automate. It bulk slices, stacks, and shingles portions of a variety of food products quickly and consistently. Its user-friendly operation and sanitation allow for fast set-up, function selection, and thorough cleaning.

- Up to 90 strokes per minute per lane
- Slice multiple products on the same machine with multiple lanes and simple changeouts
- Continuous product loading and gravity feed provide consistent slicing with no downtime
- Modular, mobile design makes it easy to move around your facility or kitchen
- Sanitary design with easily removable parts
- Disposable AccuBand® band blades eliminate resharpening, simplify clean-up, and provide optimal slice quality, consistency, and yield
