Balancing event costs can be difficult without knowing the delegate number.

William: should look into that in the future. Will amend his report.

Don't forget about Timaru MUN!

Next year give a review of relationships with high schools. Branch out on tertiary events.

MWHA went well, a lot of various majors involved. Welfare has had a lot of reform with focus on bigger events: would be good to adjust this to smaller regional events.

Wants general member position to have more weight/purpose.
